Last week the fruit growers of Canada held a convention at Ottawa and adopted a system of fruit marking, indicative of the quality of the goods as a guide to would-be purchasers of such goods. When the style so arranged is given statutory effect it will go a long way to prevent fraud which has been practiced to quite a large extent in Canada, and will serve to enhance the reputation of the Canadian goods, which have received a certain amount of odium because of dishonesty in packing by marking inferior goods as first-class. The present system of using X's as a marking symbol has unsatisfactory, and efforts that will protect the honest packer and expose and punish the dishonest one will be gladly received by the dealers. In future there shall be four grades: "Fancy," which will be perfect fruit; "No. 1," the highest commercial grade with not more than 5 per cent. blemished fruit; "No. 2," which may contain 20 per cent. blemished fruit, but not sufficient to cause serious loss, and "No. 3" grade, which will consist of culls not fit for export.

THE PRESS AND ITS DUTY.

The Globe has just passed through the judicial fires and come out purified. It was sued by a party at the Cobourg Assizes, because it had printed the substance of a report to the agricultural department respecting him. He, or his representatives, were complained of by the Government inspectors because he was shipping to England apples, the rating of which was higher than the quality of the goods deserved. He was guilty of violating the Fruit Marks' Act.

The shipper held that he was injured in character and business, and sought damages, through the court. It transpired that the facts were pretty much as they were presented by The Globe, the chief difference lying in the fact that the plaintiff in the suit was, in the packing and shipping, acting for his son and not for himself.

Incidentally, the place on rights of the press came in for review. The court, or rather the judge, ruled against the contention that the article was privileged because in substance it was the report of the case handed out by the Department of Agriculture. It dealt with a matter of public interest, it affected a trade whose success was injured by any untoward incident, and the press had a right to give the facts of it without malice.

The jury looked at the evidence carefully and judicially, and rendered a verdict for The Globe. Our contemporary does not accept this decision as a vindication so much as an interpretation of law in the public interest. It will have its educational value.—Kingston Whig.

SCHOOL BOARD EXTRAVAGANCE

Peterborough and Toronto are apparently not the only Canadian cities in which extravagance can be charged in the management of educational affairs. To all appearances, according to the Free Press, the Ottawa Public School Board is deserving of the same criticism which The Globe and The Examiner have directed against the Board of Education in the Queen City and in Peterborough.

"The Public School Board of Ottawa, says the Free Press, in 1905 applied to the corporation for the issue of debentures to the extent of $80,000. The estimate on which this sum was based provided $12,000 for the building of an addition to Creighton Street School. The debenture was issued, the money spent, and no addition made to Creighton Street School.

After this year the Public School Board request the issuance of a debenture for $20,000 for an addition to Creighton Street School.

In the inspector's report on attendance for February, 1906, the Creighton Street School is reported, as follows: Classrooms 6, pupils on roll 227, average attendance 211. As each class room is supposed to accommodate 53 pupils, there is room for 318 scholars in the building as at present. The attendance is 211, showing accommodation for 107 more pupils than are in attendance. And yet it is proposed to spend $20,000 to make more room.

It is about time a halt was called to this seeming extravagance."

The same remark applies to Peterborough, where the School Board has applied for and been granted $35,000 for a school building in an out-of-the-way corner of the city — a sum which the Board admits is not all needed at present. To add to the offence, this large sum is proposed to be expended without the consent of the ratepayers. We live under representative institutions yet, and the time has not come when an autocratic School Board and Council can with impunity stifle the voice of the people entirely. It seems there is a general tendency in school boards to over-ride the wishes of the people, and this tendency should be restrained and due respect paid to the ratepayers who pay.

EDITORIAL NOTES

There's a nominal distinction made between "hard" and "soft" coal dealers—but there's nothing in a name to the man who has to pay.

Mr. Whitney was quite justified in calling the [illegible] "colossal steal" if one has regard to the colossal steal [illegible].

A Brick At a Time

The prudent, far-seeing man lays the foundation of a fortune as a mason builds a brick wall—a brick at a time. The man who will not lay the first brick because it falls short of a complete wall, will not make much progress in acquiring a competency.

Work and save, and let our 3 per cent. compound interest do the rest.

Window And Team Had A Close Call

Dickson's Plate Glass Window Nearly Smashed by Waggon Pole.

The plate-glass window in Dickson's drygoods store, came very nearly being smashed at about a quarter to two this afternoon, by a frantic team that became frightened at a street car. The team was one that was engaged in drawing away the mud that has been scraped off George street and left on the side of the road. When the car passed the horses jumped on to the sidewalk, and so close did they come to the window that some dust from the end of the pole was left on the glass The driver managed to control them however, and after considerable trouble managed to get them on to the road again.

The incident caused considerable excitement, and it is very fortunate that the glass was not shattered and the horses badly cut.

THE REAL TEST

Of Herpicide Is In Giving It a Thorough Trial.

There is only one test by which to judge of the efficiency of any article, and that is by its ability to do that which it is intended to do. Many hair vigours may look nice and smell nice, but the point is—do they eradicate Dandruff and stop falling hair?

No, they do not, but Herpicide does, because it goes to the root of the evil and kills the germ that attacks the papilla from whence the hair gets its life.

Letters from prominent people everywhere are daily proving that Newbro's Herpicide stands the "test of use."

It is a delightful dressing, clear, pure, and free from oil or grease.

Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. Ormond & Walsh, special agents.

One person in five in Peterborough has his food cooked on a Happy Thought Range. It is the people's [illegible] at be[illegible] SC[illegible]

A Presentation Before Departing

Mr. and Mrs. Fowler Were Given a Pleasant Surprise.

Mr. and Mrs. J. E. Fowler, Wesley street, were very pleasantly surprised Thursday evening, when a number of friends gathered at their home, and presented an address and a kitchen shower, prior to Mr. and Mrs. Fowler's departure for Havelock, where Mr. Fowler is opening a jewelery store. Although taken completely by surprise, Mr. Fowler, on behalf of himself and wife thanked the friends for their thoughtful kindness and good wishes and expressing a desire that the friendship now existing would continue. In conclusion Mr. Fowler invited all to remove wraps and music and games made a pleasant evening's proceedings until midnight when dainty refreshments were served.

The party before dispersing wished the charming hostess and host success in their new home.

Mr. and Mrs. Fowler left on the noon train for Havelock to-day amid congratulations of their friends.—Com.

OBITUARY.

HANNAH TRENNUM.

At the ripe old age of 65 years, Hannah Trennum, relict of the late Alexander Roseborough, passed away this morning about 8.30 at her residence, on the 7th line of Smith. Mrs. Roseborough has been ailing for a number of years, but it was not expected that she would die soon. Her husband predeceased her about one year ago. She had been married over 40 years, and had always been a lifelong resident of Smith Township, where the family was a much-respected one. She leaves to mourn her loss five sons, William, Herbert, Fred, Ernest and Joseph, all residing in Smith.

The funeral will take place on Wednesday afternoon, and the remains will be buried in the Lakefield cemetery.

RICHARD BARRIE.

Richard Barrie, an old resident of Otonabee township, passed away last night at St. Joseph's Hospital, after an illness of about five days with pneumonia and heart disease. He was born on the 14th concession of Otonabee and passed his life there. He was sixty-nine years of age and was never married. His parents and all near relatives are dead and he may be said to have been the last of his family.

The funeral will take place at 8 o'clock to-morrow morning from his late residence Otonabee to St. Peter's Cathedral and thence to the Roman Catholic Cemetery.

MRS. JAMES KENNIE.

A well-known resident of Smith Township passed away on Saturday afternoon, at 1 o'clock, in the person of Mary Jane Lillico, wife of Mr. Jas. Kennie, of the 2nd line of Smith, near Best's Station. The deceased lady, who was 49 years of age, was ill only a short time with pneumonia, and her death was unexpected. She was widely known and respected throughout this section of the county, and her demise will be greatly regretted.

She is survived by a husband and six sons. Mrs. M. Mitchell, of Peterborough, is a sister.

The funeral will take place to-morrow morning at Cannington.

ALFRED CUPOLI.

The death occurred on Saturday of Alfred Cupoli, the infant son of John Cupoli, 71 Elm street. The little one was aged seven months and had been ill a short time with bronchitis. The funeral took place this morning to the Roman Catholic cemetery.

CONVERTS WILL REPORT PROGRESS

The revival services at Bethany Tabernacle will be continued every evening this week, excepting Saturday. The service this week will be conducted by a layman, and will be the form of a converts' meeting. As many as possible will be asked to briefly state exactly how and when they were converted, and how they have been getting along since. The public generally is cordially in-

New Organist Began His Duties

Mr. McCann Made a Very Favourable Impression.

Mr. McCann, the new organist at the George street church, began his duties yesterday and made a most favourable impression on those who heard him. His sympathetic following of the vocalists added greatly to the effect of the singing.

The work of the choir was done in a finished manner. In the morning the anthem was "Nearer My God to Thee," was sung, Mr. Jas. Browne taking the solo.

A Brief Sketch Of Rev. H. M. Manning

The Coming Pastor of Charlotte Street Methodist Church.

Rev. H. M. Manning, who comes next June to Peterborough as pastor of the Charlotte Street Methodist Church, is the eldest of three brothers in the active work of the Ministry. One of these is Rev. Thomas Manning, well known in Peterborough as a former pastor of this same church. The new pastor of the Charlotte Street Methodist Church was ordained to the Ministry in

REV. H. M. MANNING.

1878. He spent six years in work in the West, at Winnipeg, Edmonton and Fort McLeod, long before these places had reached the importance they now possess. At his time the overland journey from Winnipeg to Edmonton occupied six weeks. Rev. Mr. Manning was formerly in the Bay of Quinte conference as pastor of Wesley Church, Trenton. Subsequently he filled a four-years' pastorate at Uxbridge and later was [illegible] a similar length of time [illegible], Brampton and Clinton. The length of time he was retained in these several charges indicates the fact that his pastorate was successful and appreciated.

He was for about twenty years a member of the Toronto Conference and was honoured with the chairmanship of the Uxbridge, Brampton and Goderich district, and is at present chairman of the Clinton district. He is fifty-six years of age and therefore in the prime of his matured experience and usefulness. Effectiveness is added his usefulness in his pastoral relations by the able assistance of his wife. He has two daughters living at home and a son attending Toronto University.

LAID IN LAST RESTING PLACE

The funeral of the late Edward Lynch took place Sunday afternoon, and a large number of the friends of the deceased gathered to pay the last respects to his memory. The services were conducted by Rev. Father McColl. The pall-bearers were Messrs. Charles Murty, Ed. Hickey, T. Cronin, Hildos Archambault, Jas. Burns and Cy. White.

The floral offerings were numerous and beautiful, showing the esteem in which the late Mr. Lynch was held by the citizens of Peterborough.

Huyler's Highest Grade New York Confectionery, Pure and Delicious. Sold only in Peterborough by Ormond & Walsh, druggist.

THE WESTERN MEN HAVE WITHDRAWN

The Western Browers' Association, who have been selling ale and lager at reduced rates, have withdrawn their agent and delivery from this city. It is generally believed that this will not affect the prices as the trade here patronizes the local browery, notwithstanding the cut prices.

A Mistake as to Colour.

—A peculiar incident occurred the other day, which points to the necessity of carefulness in money matters. A young boy who resides in the west end of the city, started out for the theatre with two coins in his pocket, a cent and a quarter. He stopped at the grocery store of Mr. A. Warne, Charlotte street, and dropped what he thought was the cent in the gum slot, but accidentally parted with the quarter, and did not discover his mistake until he went to pay for his ticket at the box office. His embarrassment may be imagined, but he received his money again on application to the grocer.

BIRTHS.

SUCEE.—On Sunday, April 1st, 1906, at 21 Aylmer street, city, to Mr. and Mrs. M. Sucee, a son.

KEARNEY.—At 18 Crescent street, on Monday, April 2nd, 1906, the wife of Mr. F. M. Kearney, of a son.

CITY NEWS OF TO-DAY

Just Think of It.

—A $2.50 Fountain Pen for $1.50—enough said. Come and see, at Stratton's, Peterborough Bookstore.

Private Sale

—Of household furniture, commencing Monday, April 2nd, afternoons and evenings. 17 Union street. 3d77

Piano Tuning.

—Piano tuning promptly attended to. Satisfaction guaranteed. A. F. Hoover, 222 McDonel street. 'Phone 190.

Private Sale of Furniture.

Happy Thought Range, as good as new, and other furniture in first-class condition, for sale privately at 288 Park street.

Ministerial Association.

—Rev. William Major and Rev. E. A. Langfeldt have withdrawn their names from the membership list of the Ministerial Association.

Notice.

—A few hundred dollars to loan by private party at lowest rate for three or five years. Apply to Mr. Yokome, Examiner Office. 3d77

Y.M.C.A. Membership.

—The Long-Short membership contest is progressing favourably at the Y.M.C.A. Now is the time when the loyal help of every member is needed.

New Picture Framery.

—130 Hunter street, two doors west the post office. Mouldings, mattings, British plate mirrors sold; show cases manufactured. Fine work at reasonable prices.

New Mouldings.

—The new designs in mouldings have arrived at "The Framery," 326 George street. Orders for picture frames can be executed promptly. A full stock of artists' materials.

The Market.

—Mr. H. Snider assumed command of the market tolls to-day. A large amount of produce was weighed this morning and the initial day was a successful one for the new clerk.

City Quick Lunch Parlour.

—160 Charlotte street, conducted by T. Caradimo, late chef of National Hotel. Satisfaction given every customer. Quickness, quality and cleanliness guaranteed. 3,000 cigars to be given away to patrons. Open all hours, day or night.

Declined.

A correspondent writes respecting a case of domestic infelicity or infidelity, or something of that sort, in the south-eastern part of the city. It seems that no good purpose, except the gratification of prurient tastes for that class of readers, would be served by its publication.

Signs of Spring.

—Now that winter is apparently over, the annual spring street cleaning has commenced, and men and horses were at work in different parts of the city on Saturday. The roads are pretty muddy, but not particularly so, considering the season, and large mud piles are on the roadside all along George street. The advent of spring also makes an increased activity in the building trade which promises to be carried on to a great extent this season, and many houses are being erected in all parts of the city.

PERSONAL MENTION

Miss Alice Roger went to Toronto this morning.

Mr. H. L. Walker, Norwood, is in the city to-day.

Mr. L. F. Clarry, Hastings, is in the city to-day.

Mr. F. G. Parrin, Oakwood, is registered at the National.

Mr. Geo. Burnham, of Toronto, spent Sunday in the city.

Mr. C. A. Ghent, barrister, of Havelock, is in the city to-day.

Mr. Louis Meim, of the National, spent Sunday in Bobcaygeon.

Messrs. R. C. Harrison and E. Tovey spent Sunday in Cobourg.

Mr. T. Shaw and Miss Katie Shaw left this morning for New York city.

Mr. J. F. Pillsworth was in Peterborough yesterday. — Belleville Intelligencer.

Mr. Harvey Staunton returned to the city on Saturday night after a three months' visit to Toronto.

Mrs. Roeques Gordon, 180 Perry street, will receive on the first and last Thursdays of the month.

Mr. and Mrs. Jas. Kendry and Miss Gertrude Kendry have returned from a visit to New York and Toronto.

Mr. R. Dessutel, who will be employed by Mr. George Brown in his Toronto restaurant, left this morning for the Queen City.

The friends and acquaintances of James Grady, of Toronto, formerly of Peterborough, will be pleased to learn of the successful result of his examinations in engineering. He now occupies the position of engineer on the passenger steamer Toronto.

Mr. F. H. B. Pitcher, of Palmer's Green, London, England, has secured a position on the farm of Mr. Jos. Heaslip, Ida, with whom, if he finds farming lucrative, he will serve three years' apprenticeship in the agricultural line. It is Mr. Ritchie's intention to ultimately purchase a farm for himself in Canada.

Miss Helen Hay this morning, at 9.30, at the Nicholls Hospital, underwent an operation for appendicitis, and her many friends, and those of the family, will be delighted to learn that it was completely successful, and her physicians state that if every thing goes on as favourably as present circumstances indicate, she will within a fortnight be completely restored to health.

Mr. Charles Arnott, formerly teacher in the commercial department of the Peterborough Business College, was in the city on Saturday and Sunday, en route to Ottawa, where he assumes the position of head of the commercial department of the Willis Business College. He was recommended by Mr. Pringle, who knew of Mr. Arnott's work, and the latter's three years' training in the local college well qualifies him to do credit to Mr. Pringle's recommendations.

W. S. Maguire's New Position

Appointed Secretary of the New Y.M.C.A. at Revelstoke, B.C.

Mr. W. S. Maguire, who for some time has had charge of the physical work of the Y.M.C.A. at Port Hope, is in the city, and will remain a week or ten days at home before going to Revelstoke, B.C., where he goes to open and take charge of a Y.M.C.A.

This is an important position, and Mr. Maguire is being congratulated upon having been selected as the man to take up this work. There is no doubt in the minds of those who know Mr. Maguire's ability that he will fill the position with credit.

Revelstoke is one of the most important cities in the Rockies and a large railway centre, in which the work of the Y.M.C.A. will doubtless flourish under Mr. Maguire's leadership.

A Citizen Of Prominence

The prominent citizen pictured in Saturday's Examiner seems to have been somewhat of a puzzler, and only two persons guessed it correctly. The picture was that of Mr. D. H. Moore; the only two to rightly name the picture were Mr. F. J. R. Mitchell and Mr. A. J. Long, 704 Stewart street. Several people appeared to think that the picture resembled Mr. C. B. McAllister.

FIRST DAY OF THE WEEK

Before the Week End See the New Style of Slater Ladies' Shoes.

It is a misapprehension to think that the Slater shoe is made for men only. The ladies' Slater shoe has better style and finish than any imported shoe, and it is made in all the fashionable lasts. You are cordially invited to visit the Slater shoe store just to inspect them.

SMART SPRING STYLES

Edward Grier Granted Bail

Is Accused of Stealing a Gold Watch and Twenty Dollars.

Edward Grier, who has been in gaol for the past two weeks, on two remands, and who is charged with stealing a gold watch and the sum of $20 from a man by the name of Sheehan, was given his liberty this morning on promising to appear for trial on May 7th. His own recognizance of $200 was accepted. Sheehan is employed in a northern lumber camp, and has not turned up to prosecute the charge, it probably being impossible for him to get away from his work. His Worship was a little reluctant to grant Grier his liberty at first, but finally thought it would be advisable to do so.

Mr. E. F. McWilliams appeared for the defense.

If Sheehan comes to the city before May 7th, Grier will be [illegible] and the case proceeded with.

Clark's Vest [illegible]

TOLD PILGRIMS BY EARL GREY

Guest of Honor, Canada's Governor-General, Greeted by Many Prominent Men in New York—Explains Return of Franklin Portrait to the United States — International Aspect of Dinner in Evidence.

New York, April 2.—There was a distinguished gathering at the dinner in honor of His Excellency Earl Grey, Governor-General of Canada, by the Pilgrims of the United States, at the Waldorf-Astoria Saturday night. There were about 400 seated at the tables. The boxes were filled with women spectators. Among them were Countess Grey and her party.

Those at the guests' table were: Morris K. Jesup, Earl Grey, Governor Higgins, Archbishop Farley, Horace Porter, Elihu Root, Joseph H. Choate, Hon. Sir F. W. Borden, Count Gleichen, Robt. Bacon, Robert Shaw Oliver, Col. Hanbury Williams, Major-Gen. Grant, Lieutenant-Governor Bruce, Dr. S. Weir Mitchell, ex-Mayor Low, Sir Caspar Purden Clarke, Samuel Clemens, Rear Admiral Coghlan, J. G. Carlisle, George C. Holt, Major-Gen. James F. Wade, Rev. H. M. McCracken, Controller Metz, Police Commissioner Bingham, Capt. F. E. C. Ryan, T. F. Darrell, St. George's Society Provost Charles C. Harrison, Postmaster Willcox, Rev. J. Silverman, Dr. John H. Finley and Robert Fraser Munro, St. Andrew's Society.

Earl Grey arrived, in company with his host, Joseph H. Choate. Mr. Choate presided. An invocation was delivered by Archbishop Farley. To add to the international aspect of the dinner, stands of small British flags were entwined on each of the tables.

The toast, "The President and the King," was drunk standing, while the orchestra played "The Star-Spangled Banner" and "God Save the King."

Then came a toast to "The Right Honorable Earl Grey, Governor-General of Canada," to which the earl responded.

Incident of the War.

In introducing Earl Grey, Mr. Choate said:

"It was a remote ancestor of his—his great-grandfather, Major-General Charles Grey, who became the first earl—that I wish to speak of, because his experience in America furnishes us with an incident which ought to give satisfaction to all American people. Sir Charles was in possession of Franklin's home in Philadelphia, at one time during the revolutionary war. In the confusion of their departure, a fine portrait of Franklin disappeared. Franklin himself was in Paris, forming that conquering alliance with France. I suppose the British regarded the picture as a suitable capture, since they could not get him. How the picture got to England nobody can tell, but it came into the first Lord Grey's possession, and has hung for 130 years in the Grey ancestral hall as a precious heirloom. And now Lord Grey, in full recognition of the desire for harmony and friendship, has decided to restore to the United States as a free-will offering this portrait, and a month ago he wrote to President Roosevelt, making the formal presentation. It is hoped that the portrait will reach Philadelphia in time for the celebration there next month."

Earl Grey's Speech.

Earl Grey said in part:

"I am aware that this magnificent banquet is the elegant expression of your desire to emphasize and if possible promote the good relations already existing between the United Kingdom, the self-governing nations of the British Empire and the United States. That same desire also possesses and completely fills my heart."

After paying a graceful tribute to American ambassadors he had known in England, and expressing an appreciation of America and its people, Earl Grey continued:

"Mr. Choate has referred in a manner that I much appreciate, to my restoration to you of the picture which for 130 years has been the most honored and most interesting possession in my English home. Why do I restore the picture? Because I love the American people, because my sense of equity tells me that there are higher laws than the law of possession, and because I believe that neither England nor America can fulfill their high mission to themselves or to the world, unless we approach the consideration of every problem affecting our relation to each other, not from the narrow selfish and provincial standpoint of what America and England can each of them do for themselves alone, but from the higher standpoint of what we all can do for England, America and the world.

Canada's Development.

"Mr. Choate chaffed us the other day at Ottawa with that kindly humor in which he so pre-eminently excels, for the modesty which has caused every Canadian from the Prime Minister to the youngest enfranchised citizen of the Dominion, to believe that if the 19th century belonged to the United States, the 20th century belongs to Canada. Yes, gentlemen, this is the stimulating faith of the people whom I represent. Any idea of the possible annexation of Canada by the United States is scouted by us as an impossibility as great as you would regard the annexation of the United States by Canada."

The earl then spoke of the part Canada played in the upbuilding of the United States, saying there are 2,827,000 persons of Canadian birth or descent in the United States, and that French-Canadians were the founders of Chicago, St. Louis, Pittsburg, New Orleans, Detroit, St. Paul and Milwaukee.

Hope of the World.

Continuing, he said: "To those of us who believe that in the coming solidarity and unification of the Anglo-Saxon race lie the future peace and hope of the world, the signs of the times are most encouraging.

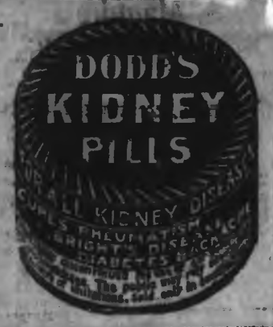
"The forces of the world are slowly but steadily drifting in this direction. Let it be our privilege in our generation to do nothing to prevent the flow of these currents, which, if uninterrupted, will one day course together in the mingled waters of one mighty and irresistible river.

"The peoples of the United Kingdom, of the self-governing nations of the British Empire and of the United States are joint trustees for the protection and expansion of that Anglo-Saxon civilization which carries in its development the hope of future peace and the realization of the highest ideals attainable on earth. Every year our joint responsibility to mankind and to future ages for the way in which we now administer our sacred trust grows in fulness and importance.

Desire Accord.

"There are several questions outstanding between the Dominion of Canada and the United States which have been left open too long, and which call for settlement. Both Governments desire to take advantage of the opportunity which the present feeling of amity between the two countries affords, and I am persuaded that the hearts of the two peoples on both sides of the frontier will be glad when their respective Governments have given effect to their desires.

"It is the proud mission of the Anglo-Saxon race to maintain in advance the cause of civilization throughout the world, England thankfully recognizes your desire to co-operate with her in this beneficial work, and the knowledge that the Stars and Stripes and the flag of England stand in the gateways of the world, as on these walls, their varying colors draped together fold within fold, as the joint emblems of freedom, righteousness and duty may make us all proud, first, that we have a big duty to perform to the world, and, secondly, that so long as we are true to each other and to ourselves we shall have the strength as well as the will to accomplish the noble purpose of our joint and splendid destiny."



Does Your FOOD Digest Well?

When the food is imperfectly digested the full benefit is not derived from it by the body and the purpose of eating is defeated; no matter how good the food or how carefully adapted to the wants of the body it may be. Then the dyspeptic often becomes thin, weak and debilitated, energy is lacking, brightness, snap and vim are lost, and in their place come dullness, lost appetite, depression and languor. It takes no great knowledge to know when one has indigestion, some of the following symptoms generally exist, viz.: constipation, sour stomach, variable appetite, headache, heartburn, gas in the stomach, etc.

The great point is to cure it, to get back bounding health and vigor.

BURDOCK BLOOD BITTERS

is constantly effecting cures of dyspepsia because it acts in a natural yet effective way upon all the organs involved in the various ill digestion, thereby all clogging impurities and making easy the work of digestion and assimilation.

Mr. R. G. Harvey, Amherstburg, Ont., writes: "I have been troubled with dyspepsia for several years and after using three bottles of Burdock Blood Bitters I was completely cured. I cannot praise B.B.B. enough for what it has done for me. I have not had a sign of dyspepsia since."

Do not accept a substitute for B.B.B. There is nothing "just as good."

Coal Strike Is Now Declared In Earnest

One of the Greatest Struggles Between Labor and Capital.

MINERS' INITIAL VICTORY

Many Operators Already Sign the 1903 Wage Scale and Miners Continue at Work, But Notwithstanding This Those Out Will Number Probably 400,000 — Tuesday Anthracite Matters Will Reach the Crisis.

Indianapolis, April 2.—With the dawn this morning America witnessed the beginning of the greatest industrial strike in its history. Official orders already have been issued, which in effect will close the coal mines of the country.

Of the 600,000 men employed in and around the coal mines in the United States approximately 400,000 will refuse to enter the shafts. About one-half of the remaining number will report for duty, only to perform such labor as will prevent a destruction of property. The actual production of coal practically will be stopped.

Minimized as the effects of the suspension have been by the decision of the United Mine Workers of America to work for any mine owner who is willing to pay the scale of wages in force in 1903, still the struggle is stupendous in its proportions.

The duration of the suspension in its entirety is problematical. Even more so is the effect it may have on the industrial prosperity of the country. It is certain that there is no immediate danger of a shortage of coal. That is improbable within sixty days.

Hard Coal Talk Tuesday.

Tuesday morning a meeting will be held in New York between the committee of anthracite operators headed by George F. Baer and a committee of miners headed by John Mitchell. It is impossible to predict what the result of that conference may be and on it depends the question of whether the suspension of mining in the anthracite fields will be temporary or whether the struggle shall be to a finish.

While present indications point to a protracted strike in the anthracite fields, it is believed that the suspension will be of short duration in the bituminous states. When the miners decided to permit work where the advanced scale was offered it virtually put Western Pennsylvania out of the strike column. The suspension there perhaps will not last three days, and will not take the form of a strike.

Operators to Stampede.

In private conversations, President Mitchell is reported as predicting a stampede of operators to sign the scale.

To Resume Tuesday.

Pittsburg, April 2.—The mines will be closed Monday, but all the works of the Pittsburg Coal Co. will resume operations on Tuesday. It is believed that a majority of the independent operators will eventually sign the 1903 scale.

Agree on Scale.

Louisville, Ky., April 2.—Coal miners and operators of Western Kentucky Saturday agreed on a wage scale, and there will be no strike in district No. 23. The agreement is for the 1903 scale, and the contract is to continue until March 31, 1903.

Will Pay Scale.

Altoona, Pa., April 2.—The Berwind-White Coal Mining Co., at Windber, has posted notices that it would pay the 1902 rate of wages.

5,000 Go Back.

Nelsonville, Ohio, April 2.—Eight thousand miners in the Hocking Valley suspended work Friday night, but about 5,000 resume work, as the operators can sign the 1903 scale.

Encouraging Signs.

Pittsburg, April 2.—Despatches from the soft coal fields last night indicate almost a general announcement from the operators of Western Pennsylvania to pay the miners the advance of 5.54 per ton called for in the restoration of the scale of 1903.

POLITICAL DONATIONS.

Mutual Life Intends to Ask Directors to Make Refunds.

New York, April 2.—The Treasdale committee's report on the Mutual Life was made public Saturday, and says it is advised that such of the company's funds as were donated for political or campaign purposes were unlawfully disbursed and recovery can be had in behalf of the company from the officers or trustees responsible therefor. The committee understands from the president that he has already consulted counsel with regard to what legal steps be taken to secure the recovery of these moneys and that he will act accordingly.

Actuary in Ottawa.

Ottawa, April 2.—Miles M. Dawson, the actuary who prepared the case for Mr. Hughes before the Armstrong committee in New York, was in Ottawa yesterday in connection with the life insurance investigation.

Grand Trunk Pacific Financed.

Montreal, April 2.—Charles M. Hays returned yesterday from London and announces that the Grand Trunk Pacific is financed as far west as the Rockies, and that their surveyors are in the passes preliminary to a definite selection and the energetic carrying on of the road to the Pacific.

Charged $2 to Cross.

Fort Frances, April 2.—Americans are enforcing the alien labor law strictly at International Falls power dam here, and Canadian workmen, who attempt to cross to assist in the work on the American side, are charged $2 per trip.

Prominent Woman's Suicide.

St. John, N. B., April 2.—Mrs. Michael White, a prominent lady of this city, committed suicide Saturday night by drinking carbolic acid.

ALL RUN DOWN

Weak---Nervous---Unstrung.

Thousands get run down and become invalids before they realize anything is wrong. By permitting low vitality to develop, the way is paved for fevers, pneumonia and diphtheria. To put off makes it all the harder to get well. The time to repair the system is right now, before the damage gets any worse. The remedy is Ferrozone; it revitalizes, renews, builds up vitality that outlasts old age.

FERROZONE is a genuine invigorator that banishes weakness, and instils surplus force and vigor into every organ of the body. Ferrozone sharpens the appetite, produces rich nutritious blood, and thereby contributes that sense of buoyancy that adds so enormously to one's pleasure and usefulness in life.

For all forms of debility, weakness, lack of blood or nerve force, sleeplessness, tiredness and exhaustion, there is no medicine so vitalizing and potent as Ferrozone. Even one trial demonstrates its rapid and certainty of action.

To restore the energy of youth, to get back your vital stamina and reserve force, there is positively no treatment so certain as Ferrozone. You have only to try Ferrozone to know the enormous benefit it invariably brings to all in poor health.

FERROZONE

It makes the weak strong, the sick well, and assures lasting good health.

WARNING—Beware of any substitute for Ferrozone; it alone can cure you. Sold by all druggists and dealers in medicine, only in 50c boxes containing 50 chocolate-coated tablets. By mail to any address if price is forwarded to N. C. Polson & Co., Kingston, Ont., or Hartford, Conn., U.S.A.

FERROZONE

Miss Dorothy E. Leduc of Chester gives the following convincing evidence of Ferrozone's power:—"My work compels me to rise early in the morning and work ten hours daily as a stenographer. Last Spring I was run down, lost my color, and fell off in weight. I seemed to lack ambition and the life was out of me. A friend recommended Ferrozone, and I took one tablet after meals with wonderful results. Ferrozone brought back my complexion, and has given me new strength and abundance of energy and spirits. I would advise all young ladies to use Ferrozone."

Mrs. H. G. Wilder of Dexter says:—"My daughter was not very well last Winter, and lost her strength completely when the Spring came. I gave her Ferrozone, and am glad to say it did wonders. After six boxes were used my daughter was strong, and looked the picture of health."

SYNOPSIS OF CANADIAN NORTH-WEST HOMESTEAD REGULATIONS.

Any even numbered section of Dominion Lands in Manitoba or the North-west Provinces, excepting 8 and 26, not reserved, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Entry may be made personally at the local land office for the district in which the land to be taken is situated, or if the homesteader desires he may, on application to the Minister of the Interior, Ottawa, the Commissioner of Dominion Lands, Winnipeg, or the local agent of the district in which the land to be taken, receive authority for some one to enter for him.

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

(2) If the father (or mother, if the father is deceased) of any person who is entitled to a homestead has obtained entry for himself, such person may perform the required residence upon the land entered for by the father (or mother).

(3) If the father (or mother) is residing upon a farm in the vicinity of the land entered for by such person, the requirements as to residence may be satisfied by such person residing with the father (or mother).

(4) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements as to residence may be performed by residence upon the said land.

Application for patent should be made at the end of three years, before the Local Agent, Sub-Agent or the Board of Local Inspectors.

Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands at Ottawa, of his intention to do so.

[illegible]

Deputy of the Minister of the Interior.

Department of Indian Affairs, Ottawa, 21st March, 1906.

TENDERS FOR ISLAND.

Sealed Tenders, addressed to the undersigned and marked on the envelope "Tender for Hickory Island" will be received until Wednesday, the twenty-fifth day of April next, at noon, for the purchase of Hickory or Hospital Island, situate in Rice Lake, County of Northumberland, containing an area of 11 1-2 acres.

Tenderers should state the amount they are willing to pay in cash for the Island, and an accepted cheque, or draft, for ten per cent. of the amount tendered should accompany each tender, which the successful tenderer, in the event of failure to complete the purchase within one month from the date of the award, shall forfeit to the Department.

The Island is offered for sale subject to a reserved price.

The highest or any tender will not necessarily be accepted and the unauthorized insertion of this advertisement in any Newspaper will not be paid for.

J. D. McLEAN,
Secretary.

Semi-Ready Co. A Thriving One

Former Residents of Peterboro' are Prominent Members.

One of the thriving industries of Montreal, perhaps the best known establishment in that city, is presided over by a former resident of Peterborough. On the directorate of the "Semi-ready" Clothing Company, there are three former residents of this city. A. S. Laing, the secretary-treasurer, is a native of Peterborough; Mr. Alfred Wood, who has just purchased a large interest in the company, was many years ago editor of one of the Peterborough papers.

In Toronto there are many residents from the banks of the Otonabee, who occupy prominent positions in the Queen City, and it would seem that the ex-townsmen are equally successful in other fields of commerce.

The Semi-ready Company occupies one of the largest buildings in Montreal, and their establishment is a marvel of modernity, in its equipment and arrangement. The 1000 employees have a dining room furnished in the quaint old Dutch style. Far away from the crowded centres of the business district, every possible sanitary and ventilating improvement has been installed.

Mr. J. E. Oke, manager of the Semi-ready Department for A. W. Cressman, says that the new spring styles in Semi-ready hats just arrived in Peterborough, and they excel the former excellencies of the Semi-ready.

TURNED FAINT AT THE SERVICE

Bishop Sweatman last night narrowly escaped a serious breakdown while officiating at a confirmation service in St. George's church. The bishop had made the usual address, and he had laid his hands on a number of applicants. While a hymn was being sung the bishop suddenly turned faint, and he retired into the vestry. Dr. A. A. Macdonald, who was in the congregation, waited upon him, and he was removed to the rectory of Rev. Canon Cayley. The bishop cancelled all his remaining part in the service, and after resting for some time, he went home in a cab.

His Lordship, who has not completely recovered from his illness of a year ago, has been suffering from a severe cold, from which he has not completely recovered. It is supposed that the heat of the church turned him faint, and that he will regain his strength after a short rest.

RAILWAY MOWED THEM DOWN.

Three Men Killed on Tracks at Varying Points.

Toronto, April 2.—The body of a young man, 36 years of age, was found dead on the C. P. R. tracks above the Don station on Saturday night. The head was crushed and the body also was badly bruised and broken. He was Wm. Harding, 218 Oak street, by trade a tanner.

W. J. McCoppen Killed.

Welland, April 2.—Last evening an eastbound M. C. R. freight struck W. J. McCoppen, proprietor of the M. C. R. Hotel here, who was walking on the track about two miles west of here, injuring him so badly that he died shortly after. He leaves a widow, one son and one daughter.

Section Foreman Killed.

Port Union, April 2.—Yesterday morning, Thomas Yates, for more than 30 years foreman of the section gang at this point, lost his life. Yates stepped from one track to another to avoid an eastbound train, which was being assisted up the grade by an auxiliary engine. Yates is thought to have stepped back on the track again, and was struck by the auxiliary engine backing down and his body terribly mangled. He was about 55 years of age and is survived by a wife and a large family of children.

THREE TRYING TIMES IN A WOMAN'S LIFE
There are three periods of a woman's life when she is in need of the heart strengthening, nerve toning, blood enriching action of
MILBURN'S HEART AND NERVE PILLS
The first of these is when the young girl is entering the portals of womanhood. At this time she is very often pale, weak and nervous, and unless her health is built up and her system strengthened she may fall a prey to consumption or be a weak woman for life.
The second period is motherhood. The drain on the system is great and the overtaxed nerve force and depleted blood require replenishing. Milburn's Heart and Nerve Pills supply the elements needed to do this.
The third period is "change of life" and this is the period when she is most liable to heart and nerve troubles.
A tremendous change is taking place in the system, and it is at this time many chronic diseases manifest themselves. Fortify the heart and nerve system by the use of Milburn's Heart and Nerve Pills and thus tide over this dangerous period. Mrs. James King, Cornwall, Ont., writes: "I have been troubled very much with heart trouble—the cause being to a great extent due to "change of life." I have been taking Milburn's Heart and Nerve Pills for some time, and mean to continue doing so, for I can truthfully say they are the best remedy I have ever used for building up the system. You are at liberty to use this statement for the benefit of other sufferers."
Price 50 cents per box, three boxes for $1.25, all dealers, or The T. Milburn Co., Limited, Toronto, Ont.

THE LATEST SPORTS

First Ball Team Of The Season Has Organized

Strathconas Will Have a Strong Nine in the Field This Season.

The Strathconas are the first baseball nine to organize this season. At a meeting recently held it was decided to form a club. P. Weatherston was elected President and Chas. Delaney, Treasurer. The Strathconas, formerly the Suicides, expect to be able to put a very strong team in the field this year and will enter a city league if one can be formed. They have a good bunch of players in line and should make things interesting for the other outfits with whom they may clash.

SHAMROCKS TO MEET TO-NIGHT

A meeting of the officers of the Shamrock Lacrosse Club will be held to-night at 8 o'clock in the T. A. S. rooms. As business of importance is to be discussed it is hoped that there will be a large attendance of those interested.

Bachelors Won From Benedicts

The Last Of the Curling Games This Morning.

The last of the curling games of the season was played this morning between the Benedicts and the Bachelors resulting in favour of the latter by 8 points. Two rinks took part in the games this morning and although the ice was somewhat sticky, interest and excitement reigned supreme until the final stone was curled. However, the Bachelors seemed to be the better curlers and easily won the game.

The Bachelors are naturally elated over their decisive victory as it was generally supposed that their elders in the game would emerge the victors. These games wind up curling after one the most successful season the club has ever witnessed.

The following were the rinks and scores:—

Benedicts.	Bachelors.
M. Tooley	H McBain
A Macintosh	Dr. McCullough
W. L. McK[illegible]	Ia Snowden
D. Hall	W G Morrow, sk 7
C James	E Best
A P McDonald	O Bradburn
A M Regan	R M Waddell
C E Frost, sk 11.	D Davidson, sk 16.
Total, 15.	Total 22.

THE TURF CLUB'S GENEROUS OFFER

Should a City Lacrosse League be organized this summer the Peterborough Turf Club have generously offered to donate a handsome silver cup worth one hundred dollars. The cup is now in the custody of Mr. J. M. Brooks at the Palace Hotel. This is a good opportunity for the lacrosse enthusiasts to consider the advisability of organizing a lacrosse league.

TURF.

Mr. Geo. Bissett's fast mare, Nellie, has foaled a horse colt to Muckle Elikes 2.11-4 on the 19th of this month. Both the sire and dam are of first-class stock and the foal, while very young, looks very likely.

• • • •

Mr. Graham, of Graham Bros., Claremont, the widely known firm of horse exporters, and Mr. Noble, of Toronto, are in the city on business. It is understood that Mr. Noble is negotiating for the sale of a fast pacing stallion to a syndicate of prominent Peterborough County horsemen.

FOOTBALL

The annual meeting of the Midland Football League, will be held in Peterborough on Saturday, April 7th, at one o'clock, in the Y.M.C.A. Hall, when the reports of the officers will be received, and new officers elected. It is desirable that all clubs which intend entering the League this year, should send a representative to this meeting. A number of important matters will come up for discussion.

Toronto Horse Show to be Opened By Prince Arthur

$8000 in Prizes and Cups Will Be Distributed.

The twelfth Canadian Horse Show will be held in Toronto on April 25, 26, 27, and 28. It will be opened by H.R.H. Prince Arthur of Connaught, whose presence for the first two days will add even greater eclat to the effect, which is in itself most brilliant. Breeders and owners from this vicinity will be represented in the entries, which close with the secretary, Henry Wade, Parliament Buildings, Toronto, on Wednesday, April 11th. The boxes will be sold by auction on Tuesday, April 17th, at the King Edward Hotel. Over $8000 will be distributed in prizes and cups.

Reduced rates are offered on all railways at single fare for the round trip, good going April 25th, and a fare and a third good going April 26th, 27th, or 28th; all tickets being good to return on or before Monday, April 30th.

GOOD SKIMMING WITH THE SIMPLEX

On Saturday quite a crowd of farmers visited the Peterborough Creamery on Aylmer street, and witnessed a splendid run of milk through the large Simplex Cream Separator, which was installed last fall. The record made evoked the admiration of all. The milk came in nearly all at once and gave a chance to test the capacity and skimming qualities of the machine, which proved so satisfactory. The milk was from a week's gathering and, of course, was not in the best condition for good separating. The temperature was from 80 to 90 degrees F. and the amount run through was 4,300 lbs. in 1 hour and 12 minutes, skim milk testing down to .02. The machine was not crowded and experts say could easily have finished in 65 minutes.

SOME NOTES ABOUT THE RAILROAD MEN

Mr. S. Sanderson, of Madoc, nephew of Mr. T. C. Elliott of the Port Hope Knitting Works, has moved with his wife and two children to this city. He has accepted the position of driver of the G. T. R. shunter. He is conceded to be one of the best air brake experts in the northern division. He will reside on Sherbrooke street. Mr. Robt. McMillan who formerly held the position, has gone to Lindsay to run engines on specials. Mr. Arthur Grills who has been in Lindsay for some months has been given the position of fireman on the shunter.

You Want An Absolutely Sure Investment
The investment that we have to offer you has passed beyond the experimental stage.
It is a copper refinery, refining copper equal in purity to the very best product on the market.
And the supervision of this refinery is looked after by our principals, Mr. L. Sapery and Mr. H. Sapery, owners of the Syracuse Smelting Works.
Men who have spent years in experimenting and perfecting new methods for refining metals.
And ours is the only copper refinery in Canada.
But you can participate in the profits from this refinery by buying shares in the Montreal Copper Co., Ltd.
They sell for $100 each and last year yielded over 17 2-3 per cent.
This proposition is open to investigation at any time.
If you are in the city, telephone Main 1813, and we will make an appointment to meet you.
Or, write for our booklet—it contains interesting facts about copper.

Cures Rheumatism Too.

Bu-Ju cures Rheumatism, because it cures the Kidneys. Every drop of blood in the body passes through the kidneys, to be filtered. If the kidneys are sick—tired—inflammed—they don't filter out the uric acid. It is this acid, deposited in the joints—on the nerves—that causes Rheumatism.

Bu-Ju

THE GENTLE KIDNEY CURE

cleans, heals, strengthens the kidneys—sets them to working properly—clears the blood—stops the ache — and takes away every trace of Rheumatism and Sciatics.

THE CLAFLIN CHEMICAL CO., LIMITED, WINDSOR, ONT. NEW YORK.

John L. Morris Dies In Montreal

Was Uncle of Mr. W. R. Morris of This City.

To-day's Mail and Empire gives an account of the death of John L. Morris, K.C., of Montreal, who is an uncle of W. R. Morris of this city. He had been ill for some time and had retired from his practice on account of ill-health. His late partner, C. M. Holt, K.C., has entered partnership with Mr. Brousseau, of Montreal, and the firm is now known as the Brousseau and Holt firm. Mr. W. R. Morris leaves this evening to attend his uncle's funeral.

The following is the Mail's account of Mr. Morris' death:

John L. Morris, K.C., one of the oldest members of the bar of Montreal, passed away at his home in this city to-day. Mr. Morris, who was in his 73rd year, was a son of Hon. Mr. Morris, formerly Receiver-General of Canada, and a brother of the late Hon. Alexander Morris, former Lieutenant-Governor of Manitoba.

EXHIBITION CAR TO TOUR ONTARIO

The Grand Trunk Railway Company have decided to run an exhibition car throughout Ontario and Quebec, exhibiting scenes of summer resorts in Ontario, scenes of fishing and hunting grounds, and also specimens of mounted game and fish. An itinerary covering 5,000 miles has been arranged, with visits to about 75 towns and cities. No doubt Kawarthadom as the hunting grounds in the north of Peterborough County will come in for a share of publicity in the decorations of the special car.

MR. SUTCLIFFE GOES TO NEW YORK

Mr. H. L. Sutcliffe left for his residence, New York city, this morning, after a ten days visit, which has been one of both pleasure and business, in Peterborough and vicinity. Mr. Sutcliffe is a former resident of Peterborough, and is well known in this vicinity. He has not been in New York for many weeks having just returned from an extended pleasure tour of England, Ireland and Scotland.

The Daylight Store

Spring Top Coats

Spring Overcoats are now looming up everywhere. Of course it's foolish to jump into Spring Clothes all at once, but a Spring Overcoat's always a safe start.

We'd Like to Show You

what we consider to be the best cut, best draped and handsomest Top Coats that have yet been turned out. One of the best if not the best designer in America is responsible for them.

We're Ready With all the Spring Lines

Men who are posted say that we've the best clothing in the city. Any particularly nice thing you want to wear you'll be apt to find here.

If it's a suit there'll be just the right number of buttons on the coat, just the right roll in the lapel, coat the right length, trousers the correct shape, etc.

The price of our Suits and Top Coats is very reasonable, too, considering quality workmanship and fit.

The Man Who Comes Here will be Satisfied

LANG & MAHER

Clothiers and Furnishers to Men Who Dress

409-411 GEORGE STREET, - - PETERBOROUGH

Yesterday In City's Churches

ST. LUKE'S.

Rev. E. A. Langfeldt preached at both services yesterday to large congregations.

The Girls' Auxiliary will meet to-night at 8 o'clock. On Wednesday night the regular Lenten service will be taken by the Rev. J. H. Teney, of Omemee, and on Friday evening the Lenten service will be an illustrated lecture on "Egypt," by Rev. E. A. Langfeldt.

On Thursday the Woman's Auxiliary meets at 2.30, and on Saturday the Mission Band at 2 o'clock.

MARK STREET.

Rev. J. G. Lewis conducted both services at the Mark street church at which large congregations were present.

The Trustee Board of Mark Street Church will meet on Tuesday evening at 8 o'clock. The League meeting will be held to-night at 8.00.

Regular Prayer Meeting on Wednesday evening at 8.00 o'clock.

Cottage Prayer Meeting on Friday evening at Mr. Richard Record's residence.

MURRAY STREET.

Rev. F. J. Scott conducted both services yesterday at the Murray street Baptist church. The subject for the evening address was "Power." Mrs. Templeman sang a solo in the morning.

At the close of the Sunday school yesterday afternoon two scholars of the school were baptized.

The young peoples' meeting will be held to-night at eight o'clock.

To-morrow afternoon at three o'clock the Ladies' Aid meets; at 3.45 the Women's Mission Circle; and at 8 o'clock the Willing Workers.

The regular weekly prayer meeting will be held on Wednesday evening.

GEORGE STREET.

At George Street and Grace Church Sunday Schools next Sunday special collections will be taken up in aid of the Japanese Famine Fund.

The special services will be continued all this week.

At the evening service the anthem was "Now the Day is Over", the solo being taken by Miss Chasty. A solo "My Father Knows" was sung by Miss Chasty. At the close of the service the choir sang the "Glow Song."

CHARLOTTE STREET.

Both services at Charlotte Street Church were conducted yesterday by the Rev. Mr. Clare, of Selwyn. At the morning service solos were sung by Mrs. Collier and Miss Belleghem. In the evening Miss Howell sang a solo "Under His Wing."

To-night the League meets at 8 o'clock. On Tuesday afternoon at 3.30 the Ladies Aid meets. A Rehearsal of the Temple of Fame will be held on Tuesday night at 7.30 sharp.

ST. JOHN'S.

Large congregations attended both services at St. John's yesterday. Rev. J. C. Davidson in the morning spoke on "Certain Aspects of the Lord's Supper" and in the evening on "A Life of Praise".

To-night is Biblical evening at the regular fortnightly meeting of St. John's Anglican Young People's Association, when several papers will be read by members of the society and a Question Drawer will be presided over by the rector. Considerable music will also form a part of the programme.

To-morrow night the Girls' Guild and Brotherhood of St. Andrew.

Rev. E. L. King, of St. Thomas Church, Toronto, will conduct the Lenten Service on Wednesday evening. The Mission Band will meet on Wednesday afternoon at 4.15.

ALL SAINT' CHURCH.

Rev. Mr. Major was the speaker at both services yesterday at All Saints. The morning's subject was "Anger," and in the evening he continued the series of sermons on the Creation. Large congregations were present at both services. Miss Pearl Lundy sang a solo in the evening.

Lenten services this week will be held on Monday, Wednesday and Friday at five o'clock.

The Girls' Guild meets to-night at 7.30, and also the Women's Guild at the same hour.

To-morrow afternoon the regular monthly meeting of the Woman's Auxiliary will be held at 3 o'clock.

An illustrated lecture on the Land of Egypt will be given to-morrow evening by the Rev. Mr. Major.

On Wednesday night at eight o'clock the Men's Guild meets and on Thursday at four o'clock the Junior Auxiliary. At 7.30 on Thursday, a service will be held.

ST. ANDREW'S.

Rev. J. G. Potter conducted both services yesterday at St. Andrews Church. In the evening the subject was "Bearing the Yoke in our Youth", referring chiefly to the necessity of fostering qualities of endurance in view of the coming years. The music yesterday was of a very interesting character. In the morning Miss Rush sang "The Choir Boy" and Mrs. Greenslade and Miss Rush sang "Teach us thy Way", the music of which was the composition of Mr. Forsythe, the organist of the church. The duet was a very pretty one and demonstrated the ability of the clever composer. In the evening a quartette "The Home Land" was sung by Mr. and Mrs. Greenslade, Miss Rush and Mr. Campbell. Mr. Campbell also sang a solo "The Pilot Song."

The Young People's Society will meet to-night at 8 o'clock; also a special meeting of the Board of Managers will be held to-night at 8.00. On Wednesday night at 7.30 the Teachers' Training Class will meet. Prayer meeting, the same evening at 8.00 o'clock. The Ladies' Aid Society meets on Friday afternoon at 3.30 o'clock.

The re-opening of the Church will be on Easter Sunday and special Easter services will celebrate the occasion. The Public re-opening will be held on Easter Monday at which the Rev. Dr. Milligan, of St. Andrew's Church, Toronto, will give an address.

PARK STREET.

At Park Street Baptist Church yesterday morning Rev. A. R. Bruce called attention to the rice shortage in Japan and the thousands on the borders of starvation and then preached a sermon on "The 10th is the Lord's for His poor and the extension of His Kingdom" from Mal. 3, 10, "Bring ye all the tithes into the storehouse, that there may be meat in Mine house and prove me now herewith, saith the Lord of Hosts, if I will not open you the windows of Heaven and pour you out a blessing, that there shall not be room enough to receive it."

A reception service and the Communion followed.

In the evening there was a platform meeting when three addresses were given, full of gospel and delivered with much fervour, by Miss Maud Everson, Messrs. Roy Jackson, and Charles Barrie.

A very enthusiastic after meeting was held when a number rose to confess faith in Jesus.

Large congregations turned out at both services.

B.Y.P.U. to-night at 8.00 o'clock. Two addresses.

Wednesday public service with Bible readings, addresses, testimonies, choruses, etc., etc. Pastor will preside.—Com.

GOOD WORK DONE BY MR. R. COPELAND

Mr. Robt. Copeland, organizer for the Canadian Order of Foresters, and who is at present assisting the court at Bridgenorth, was in the city today, and stated that he is meeting with good success, and through his efforts the Foresters of Bridgenorth will be considerably augmented. Tomorrow evening a banquet is to be held under the auspices of Court Bridgenorth, and a number will probably attend from Peterborough.

$100 REWARD, $100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Address F. J. CHENEY & CO., Toledo, Ohio.

Sold by all Druggists, 75c.

Take Hall's Family Pills for Constipation.

It is Something Wonderful

The way we are selling Postcards. We have secured a lot of new, views of churches, streets, private residences, park and lake scenes. Also a pretty little book of Peterborough views to sell at 25 cents. We have also a nice assortment of comic Postcards at 6 for 5 cents.

MUSIC AND DRAMA

Patrons of the Grand Opera House will be interested in The Toronto Sunday World's reference to Mr. A. J. Small, in whose circuit of playhouses Mr. Bradburn's house is included. Yesterday's World contains a half-tone cut of Mr. Small with the following reference:

Just at the present time, when almost daily reports are in circulation to the effect that Toronto is to have a couple of new theatres, and when the public attention is directed towards contemplated additions in the amusement line, it is timely to refer to the man who is recognized as the dean of the theatrical managers in this section of Canada—Ambrose J. Small. To Mr. Small is given the credit for placing Toronto and the Province of Ontario in a position whereby the best of the travelling combinations are indeed to visit us. Notwithstanding many competitions, which to those connected with the business appeared discouraging hardship, this dauntless young Canadian, after years of persistent effort, finally placed the business on such a basis that the managers of theatrical companies consider engagements here as the most desirable in their circuit. Our portrait of Mr. Small is from an exclusive photograph made in his office in the Grand Opera House here, where the routes are arranged and the business with an enormous amount of correspondence—of the circuit conducted. The Small circuit of theatres is as follows:

Toronto, Grand Opera House and Majestic Theatre; Hamilton, Grand Opera House; Ottawa, [illegible] Theatre; London, Grand Opera House; Kingston, Grand Opera House; Peterborough, Grand Opera House; St. Catharines, Grand Opera House; Galt, Scott's Opera House; Woodstock, Opera House; Belleville, Grand Opera House; Brockville, Grand Opera House; Guelph, Royal Opera House; Stratford, Theatre Albert; Brantford, Opera House; Lindsay, Academy of Music; Barrie, Grand Opera House; Orillia, Opera House; Brantford, Opera House. The popularity of the Toronto theatres managed by Mr. Small is attested by the invariably large audiences. The attractions booked for these houses are always a shade better than the standard set by popular price theatres, and the "business" is correspondingly satisfactory.

"When Knighthood Was in Flower" will be presented by Kane, Shipman and Colvin at the Grand on April 28.

The following are the attractions at the Grand Opera House during the month of April:

April 11—The great musical success, "The Office Boy."

April 13—America's leading actor, Mr. Louis James, matinee, "The Merchant of Venice"; night, "Virginius."

April 14—"Big Hearted Jim."

April 17—"Sweet Clover."

April 18—"The Yankee Consul," return of our opening attraction.

April 20—"Fabio Romani."

April 21—Albani.

April 24.—"The Convict's Daughter."

April 26—"The Tenderfoot."

April 28—Roselle Knott in "When Knighthood was in Flower."

LITTLE STARLIGHT.

On Saturday evening at the Grand Opera House, "Little Starlight," the Indian maid, was presented to a crowded house. The usual interest which is always manifested in Marks Bros.' production accompanied the play on Saturday night. May A. Bell Marks played the role of Little Starlight, and captivated the audience at every appearance on the stage. The rest of the company gave perfect assistance, and the presentation was enjoyed. The specialties were exceedingly fine and some very clever work was performed. Tonight "The Bowery Girl" will be the production.

Annexation Of Sugar Co.

PROPERTY DISCUSSED

At The Council Meeting

Ald. McWilliams Pointed Out the Two Ways by Which the Scheme Might be Carried Out—Property Owners Want Fixed Rate and Assessment if the Land is Annexed—A Resolution for North Monaghan Council.

The question of the annexation of the Sugar Company property was brought up by Ald. McWilliams, at last night's meeting of the council. He explained that to effect the annexation either one of two courses might be followed: A clause providing for the step might be inserted in the city's provate bill, or an order-in-council might be passed.

Ald. McWilliams discussed the two ways, pointing out that to get an order-in-council passed would be a tedious affair, involving the summoning of all interested parties. The City Solicitor had prepared a bylaw which would be submitted to the council at as early a date as possible, most probably at the special meeting to be held this week.

Ald. McWilliams said that his hope that the clauses referring to the annexation of the property to the city, would pass the Legislature, was based on the fact that the city of Hamilton has been granted a similar privilege.

As regards the people living between the Sugar Company's land and the corporation, they had agreed to consent to the annexation on certain condition: namely, that they were to have a fixed assessment for 20 years, and were to have the same township rate as at present. These conditions, he thought, were asking far too much, and he had no doubt but that the whole township would consent to be annexed on the same terms. The people in the annexed territory, if granted all the conditions asked for, would have all the privileges of the city while hardly paying even the school rate.

It was necessary also to obtain the consent of the North Monaghan council, and in this connection it was moved by Ald. McWilliams, seconded by Ald. Adams:

"That whereas the Toronto Savings and Loan Company has purchased the lands formerly owned by the Peterborough Sugar Company being part of lot 15, concession 11, in the township of North Monaghan, and is desirous of having the said property annexed to the city of Peterborough; and, whereas, it is desirable that the said annexation be effected;

"Be it resolved, that the council of the township of North Monaghan be requested to consent to the annexation by the city of the lands above mentioned, upon such terms as may be agreed upon by the city and the owners of the said property, and approved by the Legislature or the Lieut.-Governor-in-Council." — Carried.

Peterborough's bill will come up again next week.

Will Know Actual Cost

OF NEW SCHOOL BEFORE

Supplying The Money

By-law to Provide for Borrowing Money for the New South Ward Public School Discussed by Council Last Night—On Suggestion of the Mayor Matter Was Left in Abeyance Until Tenders are Received—By-law Received First Reading.

The by-law to borrow $35,000 to provide for the cost of the site and the erection of a public school in No. 1 ward, came up at last night's meeting of the city council, and after being given its first reading, was left over.

Mayor Best suggested that it would be better to wait until the tenders had been received, and the actual cost of the building determined. The council would then be in a position to know just how much money would be needed. This suggestion met with the approval of the council, and the matter was then left in abeyance.

Ald. McWilliams expressed himself as being in favour of the bylaw being passed. His arguments were, on the whole, those advocated by the School Board in making their request. In his opinion the school was an absolute necessity, and he contended that the site selected was was a good one, pointing out the fact that a large playground would be available.

Ald. McWilliams also agreed with the School Board that a 12-room school would be the more suitable, on the ground that it could be conducted better and more cheaply, than a smaller structure.

Ald. Ball vigorously supported the measure on the ground that the school was being built, principally for the children of the poor, while a Collegiate Institute was only for about five per cent. of the population.

Ald. Graham thought that $35,000 was far too much money to be expended on such a school; $15,000 in deeper the amount that should have been asked for.

Ald. Elliott, while in favour of the by-law, said that he had conversed with members of the school board and they had informed him that the cost would be kept down to $25,000.

"Why then ask for $35,000?" inquired Mayor Best. His Worship reiterated the suggestion that the matter should be left over until the tenders were received, and the cost of the work arrived at.

Ald. Adams expressed his approval of the suggestion, and on his motion, seconded by Ald. McWilliams, the bylaw was given its first reading.

Special Price Reductions in our Ready-to-wear Dept. Wednesday

Mr. Robt. Gibbs Proceeds To Take Action Against City

To Recover the Price of the Teams of Horses Killed by an Electric Current.

As a result of the killing of his horses on Tuesday night of last week by an electric current, at the corner of George and McDonel streets, Mr. Robert Gibbs has decided to take action against the city to recover the price of the animals.

At last night's meeting of the council, a communication was received from Mr. G. W. Hatton, who is looking after Mr. Gibbs' interests in the the matter, stating that his client had decided to take action, and maintaining that the city authorities were informed of the condition of the neighbourhood before the accident took place.

The matter was referred to the Board of Works, which body since the doing away of the Legal Committee, has charge of all legal difficulties arising in connection with the streets.

Fell Seventy Feet Killed Instantly

Tragic Fate of Peter Jarvis in Mine Near Bannockburn.

Madoc, April 2.—Peter Jarvis, of Kellar's Bridge, was killed this afternoon in the American Madoc Company's mine near Bannockburn. Five men were being brought up the shaft in the bucket, and when near the top the cable caught on something, tipping the bucket over sideways. Jarvis and John Prenaick, of Cardova, fell out. The latter fell about 25 feet, lighting on a piece of timber unhurt. Jarvis fell 70 feet to the bottom of the shaft. He lived about 10 minutes. The other three occupants caught hold of the cable till the bucket righted itself again. Jarvis was foreman of the mine. He leaves a widow and one child.

Teacher Given A Gold Locket

Mr. James Fife Honoured on Sunday by Members of His Class.

At the conclusion of the Sunday School service at St. Paul's last Sunday, Mr. Jas. A. Fife, who will shortly leave for the West, was presented with a gold locket and an address by the members of his class. Mr. Fife has always been a prominent and very active member of St. Paul's Sunday School and the loss sustained by his departure will not only be felt by his class, but the School as a whole. The following was the address read:—

Dear Mr. Fife,—We, the boys of your class wish to express our regret that you are about to leave us. Although we may not always have shown that we appreciate you as our Teacher, we can assure you that we have done so, and we hope that any seeming indifference on our part will be overlooked and that you will always have the same kindly feeling for us as a class, that we will have for you as our Teacher.

We would ask you to accept of this locket as a slight remembrance from us, and we trust that you may long be spared to wear it, and that it will remind you of the pleasant times spent with us in St. Paul's Sunday School.

Signed,—Oscar Davidson, Donald Shook, Stuart Andreason, Walter Baptie, Stanley Madill, David White, Maxwell Fife.

April 1, 1906.

Mr. Fife replied briefly, thanking the boys for not only the present, but also the past kindnesses shown him during his connection with the Church. He also expressed his regret at leaving the boys with whom he had spent many pleasant hours.

License Holders Met Yesterday

Committee Appointed to Arrange Schedule of Higher Rates.

A meeting of the Peterborough Licensed Holders was held yesterday afternoon in the Ontario Bank Chambers and several important points were considered. The discussion was principally concerning the getting into shape of matters for raising the hotel rates and charging for shed and yard room if the "Hanna Bill" is passed. A committee was appointed to arrange a schedule of prices for the proposed raising of rates.

POSITIVELY THE LAST NIGHT OPEN

Persons having skates or other property at the Rink street skating rink are notified that to-morrow night will positively be the last night that the rink will be open for the removal of such belongings. After that time the rink will be closed, and no property will be accessible till the rink opens in say, December next.

Are Celebrating Half a Century Of Married Life

Mr. and Mrs. Charles Miller, Stewart Street, Fifty Years Married To-day—A Long and Happy Life—Are Healthy and Strong In Their Old Age—A Large Number of Friends Present To-day—Sketch of Mr. Miller's Life.

MANY PRESENTS WERE PRESENTED

The conclusion of half a century of married life has been witnessed to-day, by Mr. and Mrs. Chas. Miller, 611 Stewart street, who are celebrating their golden wedding anniversary. Mr. and Mrs. Miller are still healthy and strong, and the years appear to have dealt kindly with them. Mr. Miller is over 72 years of age, and his wife has reached her 77th birthday.

To-day a large number of their friends, both from the city and from a distance are present, and congratulations on their long and happy life are being extended to them to-day. A large number of beautiful gifts appropriate to a golden wedding anniversary have been presented to them from their many friends, among whom the aged couple have been very highly respected.

Present at the celebration to-day are their two daughters, Mrs. T. M. Caldwell, of Peterborough, and Miss Sarah, as well as their grandchildren and other relatives and friends.

Mr. Miller's Life.

Mr. Miller was born in New York State 72 years ago. At the age of four years he moved over to Canada with his parents, settling in the township of Otonabee, and so is a thorough Canadian and loves his country. After farming for a number of years in the township to the south, he went to Emily, and at the age of 23 married Miss Sarah Miller, a namesake of his own. Sixteen years ago he came to Peterborough and has since resided on Stewart street. Mr. Miller was always successful in his duties, and is able to now enjoy his old age. He has nominally been a Conservative in politics, but nevertheless always used his own judgment in that matter. In religion Mr. Miller has always been a Methodist, and since in the city has been a prominent member of the George street Methodist church. He and Mrs. Miller were married by the Rev. Wm. Briden, of Emily.

He has two brothers living, Thos. of Richland, Mich., and John, of Oklamana, and one sister, Mrs. Ellen Smith, of Detroit.

The celebration this afternoon was a quiet one, partaking of a conversational and social nature, and many past memories were recalled again by old acquaintances.

SEASON'S FIRST DRILL TO-NIGHT

The 57th Battalion will hold its first drill to-night at the drill hall, and it is expected that the initial turnout will be a large one. There are many recruits this year, and the majority of the men of last year will also be on hand. Lt.-Col. Miller is determined to get down to hard work at once, as the battalion must be in good shape for the trip to Brantford on July 1. It is important that all members should turn out to-night and as often as possible during the spring, in order that the efficiency of the regiment may be increased.

ACCIDENT WAS DARELY AVERTED

One of Noble's delivery drivers was placed in a somewhat awkward predicament yesterday. He was driving down Water street, seated on a wire mattress in his waggon. The mattress slipped forward dropping the youth at the heels of the team. The horses were going at a rapid pace and the boy's position looked extremely dangerous. He managed to keep his feet, however, and a pedestrian stopped the team before any damage was done.

A PERFECT TAILOR'S CHART

What the Semi-ready System Do When They Want a Special Order.

A perfect measuring chart, which enables the Semi-ready tailors to make perfect-fitting clothes to order, places the Semi-ready system throughout Canada in the position of guaranteeing to fit a gentleman even though they may be just out of his particular size in a ready-to-wear pattern. The measurement is taken and is sent post-haste to the Semi-ready tailor shops, where the order goes through quickly on the system which has given the Semi-ready a sort of trade mark right to the expression. Remember, no two coats, vests and trousers are cut and shaped garments by hand to suit the Semi-ready.

LIVING TOO HASTILY
CANADIAN WOMEN BREAK DOWN

Irregularities and Female Derangements Result —Cured by Lydia E. Pinkham's Vegetable Compound.

Owing to our mode and manner of living, and the nervous haste of every woman to accomplish just so much each day, it is said that there is not one

woman in twenty-five but that suffers with some derangement of the female organism, and this is the secret of so many unhappy homes.

No woman can be amiable, light-hearted and happy, a joy to her husband and children, and perform the duties incumbent upon her, when she is suffering with backache, headache, nervousness, sleeplessness, bearing-down pains, displacements, spinal weakness or diseased organs.

Irritability and snappy retorts take the place of pleasantness, and all sunshine is driven out of the home, and lives are wrecked by woman's great enemy—female trouble.

Read this letter:

Dear Mrs. Pinkham:—

"I suffered for four years with what the doctors called inflammation of the fallopian tubes, which is a most distressing female disease, undermining the constitution and sapping the life forces. If you had seen me a year ago when I had begun taking Lydia E. Pinkham's Vegetable Compound, and had noticed the sunken eyes, sallow complexion and general emaciated condition, and compared that person with me as I am to-day, robust, hearty and well, you would not wonder that I feel thankful to you and your wonderful medicine which restored me to new life and health in five months. My friends all marvel at the change it has made in me, but none can appreciate it better than I can myself." Miss Irene Hapgood, 1022 Sandwich St., Windsor, Ont.

At the first indication of ill health, painful or irregular periods, pain in the side, headache, backache, bearing-down pains, nervousness, or the "blues," secure at once a bottle of Lydia E. Pinkham's Vegetable Compound and begin its use.

Seeking Homes In Northwest
Several People Left on the Settlers' Excursion To-day.

The Tuesday settlers' excursions to the Northwest are not being as well patronized as they were earlier in the season. The greater part of those going aim at reaching their new homes in time for the spring work in March. However, several left Peterborough for the West this morning. Among them were J. T. Shaugnessey, for Winnipeg; J. H. Ellis, for Brandon; J. Sharkey, for Edmonton; T. E. Cassan, for Edmonton; Miller Scott, for Oxbow, and Miss Lizzie O'Brien, for Oxbow.

Hand Mangled By Circular Saw
The First Finger Had to be Amputated as a Result.

Special to The Examiner.

Keene, April 2nd. — Mr. George Weir of Lang had the misfortune to have his left hand badly mangled at a sawing at Mr. Robt. Orde's.

In some manner he got his hand caught while he was working near the saw. Dr. Kindred dressed the wound but found it necessary to amputate the first finger. From latest reports Mr. Weir is doing nicely.

Rev. and Miss Minnie Wilson, returned home from a visit to friends in Belleville on Friday.

Miss Jennie Humphries, who has been visiting with friends in Peterborough, returned home on Monday.

A meeting of the ratepayers of school section No. 4 will be held in the school house for the purpose of considering the repairs necessary to put the school in good condition.

"How's Your Stomach"

is the way people in China say "Good Morning." The greeting of almost every nation is an inquiry after health. The Chinese have the root of the matter. A strong stomach is the foundation. Look after this organ and the general health cares for itself. Man is so constituted it cannot be otherwise. It is the mission of

BEECHAM'S PILLS

to keep the stomach well, the livers active and the bowels regular. They dispel sickness and create health. **Dyspepsia, Indigestion, Biliousness** or **Constipation** cannot exist when **Beecham's Pills** are used according to directions. For over 50 years they have cured disordered stomach, and are now a world-famous remedy. They merit your confidence.

Peterboro' Hardware Co's
OFFER OF $1.80 PER BARREL
For Cement Accepted

Much Business Done at Regular Meeting of Council Last Night—Riverside Park Boundary Question Again Discussed—Board of Works Empowered to Expropriate Lands for Extension of George St. to Lansdowne

A regular meeting of the City Council was held last night, when considerable business was transacted. There was comparatively no new legislation introduced, but the council dealt with a number of important matters; among other things the revised tender of the Peterborough Harware Company to supply cement to the city at $1.90 per barrel, including the cost of the inspection and storage, was accepted after considerable discussion, in the course of which much opposition was offered by His Worship the Mayor.

The bylaw providing for the borrowing of money for the new public school in the south end, as will be seen in another column, was laid over after receiving its first reading.

A number of important resolutions were passed, and a big batch of communications dealt with.

There were present His Worship Mayor Best, Ald. Adams, McWilliams, Wilson, Duncan, Ball, Graham, Elliott, Hicks, Tovey and Johnston.

City Clerk Armstrong before business was commenced, announced that Mr. Thos. J. Wilson had taken the oath of office, and was therefore a member of the council in the place of the late Thomas Kelly.

On motion of Ald. Johnston, seconded by Ald. Elliott, the minutes were taken as read.

Communications.

The following communications were received:

'At last night's Council meeting a communication was received from W. A. Littlejohn, city clerk of Toronto, stating that at a meeting of the council of the city of Toronto, held on the 19th inst., a resolution was adopted authorizing a petition to the Ontario Government strongly urging the necessity of the Government at once proceeding to establish a plant at Niagara Falls for the purpose of developing electric power for the distribution to Ontario municipalities, and stating he was directed to seek the co-operation of other municipalities through Ontario in the matter.

The petition was as follows:

To His Honour the Lieutenant-Governor of the Province of Ontario, in Council:

The petition of the Municipality of the city of Peterborough, in the Province of Ontario,

Humbly showeth that, whereas the power at Niagara Falls is a heritage of the people, and its benefits should be conserved with the people:

And whereas, there is no regulation sufficiently effective to enable the people to obtain power at reasonrates from the holders of any existing franchise.

Therefore, your petitioners beg to most humbly urge the necessity of the Government at once proceeding to establish a plant at Niagara Falls for the purpose of developing electric power for distribution to Ontario municipalities.

And in duty bound, your, petitioners will ever pray.

Ald. McWilliams expressed himself as being opposed to taking any action in the matter on the ground that it might injure any attempt made by Peterborough to secure privileges from the Legislature.

Ald. Adams and Ald. Ball spoke in favour of supporting Toronto in her request, and on motion of Ald. Adams, seconded by Ald. Ball, the sign the petition.

From J. H. Larmonth, manager of the Peterborough Light and Power Co., asking for permission to erect poles on the south side of Charlotte street, from Park street west. — Board of Works.

From Richard Shelton, A. E. Metherel and several property owners, asking that a granolithic sidewalk be constructed on the west side of Bethune street, from King street to Sherbrooke street. — Board of Works.

From Thomas Powers, D. Flynn and 17 other ratepayers, asking that an electric light be placed on Carlisle avenue, between Concession and Knox streets.—Fire, Water and Light Committee.

From John O'Brien, Mary Moore and other property owners, asking that a sewer be constructed on Dorante street, from Simcoe to Charlotte street.—Board of Works.

From J. C. Hughes, resigning from the position of caretaker of the small park at the corner of Charlotte and Park streets.

From David R. Jones and other ratepayers, calling attention to the dangerous condition of the sidewalk on Rink street, between George and Aylmer streets, and asking that it be attended to at once.—Board of Works.

From G. W. Allen, Chamberlen street, asking permission to build a boat-houses north of the C. P. R. bridge.—Board of Works.

From R. Hicks, G. W. Stockdale and other property owners, asking that a granolithic sidewalk be constructed on the north side of Homewood avenue, between Walton and Monaghan road.—Board of Works.

From T. E. Bradburn, M.P.P., advising the city clerk, at the request of Ald. McWilliams, that arrangements had been made with the chairman of the Peterborough Bill Committee that the city bill will be taken up on Wednesday, the 4th of April.

From His Lordship Bishop O'Connor, asking that the grade be lowered on Reid and Brock streets to a depth of 12 inches from present grade running north on Reid street, 75 feet from centre of Brock, and 100 feet east on Brock, from centre of Reid, running out to nothing at all three points. His Lordship claims the present grade shows a knoll of 12 inches at that point.—Board of Works.

From W. G. Morrow, Secretary School Board, enclosing resolution passed at a meeting of the Board of Education, held this inst., requesting that a bylaw be passed for borrowing a sum of $30,000 by the issue and sale of debentures for the purchase of a school site and the erection of a new public school house.—Received.

From the Peterborough Electric Railway Co., calling attention to the fact that the Peterborough Light and Power Co., at their gas works, are turning the exhaust into their premises, which is dangerous for the horses.—Board of Works.

From Richard Mitchell, Secretary-Treasurer of Guelph, enclosing a resolution adopted by the council of the city of Guelph opposing the bill now before the Ontario Legislature providing for the pensioning of police and police who have served 25 years, and asking for co-operation of the Peterborough council in the matter.—Received.

From Geo. F. Calvert, asking for the construction of a sidewalk opposite his premises on Aylmer street, to the sidewalk on the south side of the street. The walk on the south side of the street.—Board of Works.

From a number of ratepayers petitioning for two electric lights on Crescent street, one on Haggart street and Light Committee.

From Auditors Geo. H. Duncan and T. Q. Quartermaine, asking that the books of the city be kept, and opining that the books of the city of Peterborough are kept competent, and that they are kept in as good shape as in any municipality of its size. In conclusion, the auditors offer congratulations on the great prosperity and progress of the city as exemplified by the figures:

Assessment for 1905, $5,874,264; 1906, [illegible].

Net water profits for 1904, $25,947; [illegible].

The auditors' report to the Finance Committee was ordered to have the same printed in pamphlet form, 500 copies printed.

From Tax Collector W. J. [illegible] as follows:

Total amt. on roll, 1905 ..... $114,611 [illegible]

Total amt. deposited 107,672 90

Balance $6,938 97

Total amount deposited for months of March $895 52

The above was referred to Finance Committee.

From C. Spencer, superintendent of C. P. R., stating that the C. P. R. diverted Romaine street at their own expense, as suggested by the City Council, the city should deed that portion of the said street lying within 66 feet of their centre line. The total cost of said diversion would be $400.—Board of Works.

Finance Committee.

The Finance Committee reported as follows:

Gentlemen, — Your Finance Committee beg leave to report and recommend as follows:

That the following accounts be paid:

Waterous Engine Co., $4,000, on guarantee from City Solicitor, and balance of $480 on delivery of all appliances. The report was adopted.

Riverside Park Boundry.

The Board of Works report with the exception of the first clause was passed. The clause that was turned down was as follows:

1. That provided the owners of the Riverside Park agree, F. H. Wilkins, O.L.S., be employed to find the boundaries between the city property and the property of the Riverside Park, both parties to abide by his decision and each party to pay half the cost, the portion of the costs to be paid by the park owners not to exceed $15.

Ald. Mason objected to this clause on the ground that it would be creating a precedent that would be dangerous, and which the city might have to follow in other cases. He said that the property in question had been surveyed once and he could not see the necessity for another survey. If it were necessary the council might give the park syndicate a piece of land. Mr. Mason thought that the surveyor who had made the survey should have been consulted.

Ald. McWilliams said that no explanation had been asked from the surveyor who had drawn up the plans.

Ald. Graham explained that he thought the Board of Works had been acting under the advice of the City Solicitor.

Ald. Adams explained why an outsider had been called in to make the survey. He said that the Board of Works had been under the impression that Mr. Cameron had surveyed the property on behalf of the park syndicate. The circumstances of the case were that the park people claimed a portion of the land claimed by the city.

On motion of Ald. Mason, seconded by Ald. Elliott, the matter was referred to the committee of the whole council.

Sesson's Cement Supply.

A report was received from the chairman of the Board of Works to the effect that the Peterborough Hardware Co. had made another offer in regard to the season's supply of cement. The terms now offered were $1.90 per barrel, which included inspection on storage.

This matter had been before the Board of Works for some time. Three tenders had been received; the Lakefield Portland Cement Company tendering at $1.87 per barrel. The Peterborough Hardware Company, since that time, made a new offer, which was considered last night.

Much discussion took place over the matter. His Worship the Mayor thought that six cents a barrel was too much for inspection and storage, and was confident that the city could do it for five cents.

Mr. V. Eastwood was present at the meeting and was heard on motion of Ald. Johnston.

Mr. Eastwood explained the offer of the Peterborough Hardware

Croup Comes Suddenly

HENCE THE WISDOM OF KEEPING IN THE HOUSE THE MOST EFFECTIVE CURE.

DR. CHASE'S SYRUP LINSEED AND TURPENTINE

Slight hoarseness in the evening is the only warning of croup.

About midnight the child awakes coughing—that peculiar, metallic cough called croupy, and which strikes terror to the mother's heart.

Then begins the struggle for breath, and if relief is to be obtained treatment must be prompt and effective.

Anyone who has tested Dr. Chase's Syrup of Linseed and Turpentine as a cure for croup will not hesitate to pronounce it an unqualified success.

It is wonderfully prompt in loosening the cough, clearing the air passages of the head, and soothing the excited nerves.

People who realize the suddenness with which croup comes on, and the danger which accompanies it, usually keep some of Dr. Chase's Syrup of Linseed and Turpentine in the house for use in case of emergency.

For bronchitis, whooping cough, asthma, and every form of throat and bronchial trouble, this great family medicine is quick and certain cure. Mr. Wm. Chase, 49 Wright avenue, Toronto, Ont., writes: "There is no remedy in my opinion that can give more prompt relief than Dr. Chase's Syrup of Linseed and Turpentine. It cured my son of croup, absolutely, in one night. We gave him a dose when he was black in the face with choking. It gave him instant relief and cure."

There are imitations of Dr. Chase's Syrup of Linseed and Turpentine. Be sure you see the portrait and signature of Dr. A. W. Chase, the famous receipt book author, on the bottle you buy; 25 cents a bottle; family size, three times as much, 60 cts.; at all dealers, or Edmanson, Bates & Co., Toronto.

Stolen Pleasure

The children will show you the merits of Mooney's biscuits if you give them the chance.

Mooney's Perfection Cream Sodas

have made themselves famous all over Canada in a very short time. Crisp, inviting, tasty. Different from any other crackers you have ever eaten.

"Say "Mooney's" to your grocer.

On, saying it was the best that the company could make. He doubted if the City could pay for storage and inspection at 5c. per barrel. He stated that Kingston paid $1.86 1-2 for their cement and Toronto had paid $1.84 1-2. He explained the rate at $1.77 per barrel which the Lakefield Cement Company had given to Hamilton on the ground that the Lakefield Company were determined to keep American competition out of Hamilton and therefore had to lower their prices.

Ald. Ball expressed the opinion that contracts, when possible, should be given to local men.

Ald. Johnston could see no other way but to accept the offer. He inquired if the company would be willing to accept $1.84 for their cement, and let the city look after the storage and inspection.

Mr. Eastwood said that they would not accept anything but a straight rate of $1.90. He pointed out the advantages in the way of storage offered by his company.

His Worship referred to the conditions last season, when he said, the Hardware Company had, sometimes no cement on hand, and the work of the city was stopped on that account.

Mr. Eastwood said that that was the fault of the railway, not of the present people or his company.

Finally it was moved by Ald. Elliott, seconded by Ald. Graham, that the offer of the Peterborough Hardware Company, at $1.90 be accepted, the terms of the contract to be approved of by the Board of Works.—Carried.

The Electric Light Question.

In connection to a clause in the Board of Works' report referring to the decision arrived at by that body to engage an expert to go over the whole system of Peterborough, Ald. McWilliams questioned the wisdom of the course. He thought that the expense of engaging an expert was not needed. The committee knew where the danger was and they should be made to do everything possible to avoid it.

Ald. Ball said that the proper place for the wires was under ground. He referred to the large number of poles that crowd the streets of the city as a disgrace to Peterborough. No action was taken in the matter.

Wanted a Sewer.

Mr. T. J. Monroe waited on the council in reference to having a sewer constructed on Simcoe street from Rubidge to Reid streets. He stated that he had presented a petition to the council but the work had not been done, and it was absolutely necessary that it should be completed as soon as possible.

Ald. Adams, chairman of the Board of Works last year, explained that the petition as, at first presented by Mr. Moore, has not been properly signed and hence delay had been caused. On motion of Ald. Johnston, seconded by Ald. Adams, the Board of Works were instructed to take action at once in the matter.

His Worship announced that Mr. H. H. Hall, M.P., had informed him that the city would have to secure the gravel for the concrete sidewalks being made in the Otonabee from William Quinn. This is an important matter to the city as the material thus obtained is likely to be used for filling in the portion of water lying between the G.P.R. siding and the west bank of the river. On motion of Ald. Elliott, seconded by Ald. Graham, the question was referred to the Board of Works to take immediate action in the matter. The committee will find the cost and other details, and will report at a special meeting which will probably be held this week.

Resolutions Carried.

It was moved by Ald. Elliott, seconded by Ald. Graham: "That the Legislation Committee be instructed to endeavour to secure legislation at the present session of the Ontario Legislature, if possible, to have the following clauses inserted in the Peterborough Bill:—It shall be lawful for the council of the said corporation, without the assent of the ratepayers to pass a bylaw that all future payments, whether for interest or Sinking Fund of the debentures issued in connection with the Park street drain, be payable by the municipality at large by a general tax on the whole rateable property of the municipality instead of by a frontage tax as at present."

It was moved by Ald. Adams, seconded by Ald. McWilliams: "That the Peterborough Water Commissioners be requested to place a stand pipe on Water street at a point north of the Lakefield crossing—location to be made by the chairman of the Board of Works."—Carried.

Ald. Johnston moved, seconded by Ald. Tovey: "That the matter of constructing a sewer on Stewart street, between Dublin and Edinburgh streets; a sidewalk on Stewart street between Dublin and Edinburgh, raising the grade on Benson street be referred to the Board of Works."—Carried.

On motion of Ald. Adams, seconded by Ald. Johnston, Jas. Wilson was appointed a member of the Fire, Light and Board of Works Committee to fill the vacancies caused by the death of Mr. Thomas Kelly.

Ald. Elliott was added to the Board of Works Committee on motion of Ald. Graham, seconded by Ald. Wilson.

On motion of Ald. Elliott, seconded by Ald. Graham, a bylaw was passed, fixing the salary of County Judge Weller as Police Commissioner, at $100 per year.

Right of Way to the Lift Lock.

Ald. McWilliams brought up the question of extending Hunter street east to the lift lock. It was disgraceful that people should have to go around the hill to reach the lock, which, he said, brought more people to Peterborough than anything else in the city. No action will be taken in the matter until a consultation has been made with Messrs. Armour, the owners of the property through which the road would pass. Ald. McWilliams was of the opinion that the city should expropriate the land if a settlement could not be arrived at.

Extension of George Street.

Ald. Adams referred to the extension of George street south to Lansdowne street, and thought that something should be done at once. If the people owning land on the line of the extension would not come to terms, their property should be expropriated. Ald. Adams moved, seconded by Ald. Johnston, that the matter be left in the hands of the Board of Works with power to expropriate if the parties would not come to reasonable terms.

As there was no other business in sight the Council adjourned at 11.30.

Long Campaign In California

Mr. H. D. Kennedy Left Town for the South Where He Will Spend Five Months.

Mr. H. D. Kennedy, the well-known evangelist, left this morning for California, where he will conduct a five-months' evangelistic campaign. Mr. Kennedy has been forced to retire from work for the past few months owing to ill-health, and has been taking a well-earned rest at his home here. He expects to spend Sunday at the Moody Bible Institute in Chicago, of which he is a graduate.

Otonabee Farmer's Great Prosperity

Went to the West About Nine Years Ago.

From Carberry, Man., is is learned that Joseph Howson, a former Otonabee farmer, has sold his farm on Big Plain to William Fitzsimmons for $16,000, and is leaving this month for Quill Lake Plain, where he has secured a farm of 960 acres.

Mr. Howson is another of the many Peterborough County men who has attained success in the West. He left Otonabee about nine years ago, having sold his farm at Mather's Corners, and took up a section of land at Carberry at about $8 an acre, and his advance during the period of nine years has been very commendable.

For the first two or three years at Carberry his work was mostly uphill on account of failure of crops, but since then years of prosperity have followed each other and given him such success.

Mr. Howson is a brother of Christopher Howson, of Otonabee, William, of Dummer, and also of the late Geo. Howson, of Cavan. His many friends here will be pleased to learn of his prosperous condition in the West.

THE LAND OF EGYPT SUBJECT OF ADDRESS

An illustrated lecture will be given this evening at All Saints' church by the Rev. Wm. Major, on the "Land of Egypt." Mr. Major's address will treat of a trip up the River Nile, and his remarks will be confined to the territory between Alexandria and Nubia. About 60 stereopticon views will be thrown on the canvas, and no doubt will greatly supplement the interesting character of the address. The lecture will commence at 8 o'clock.

Red Rose Tea costs no more than other teas

EVERYONE agrees that the best in anything is always the most economical even if it costs more.

But when you can get the best in tea at the same price you pay for inferior teas,

—when you can get that "rich fruity flavor" of Red Rose Tea,

—when you can get all the good qualities of both Indian and Ceylon teas with none of their weaknesses,

—when, in short, you can get Red Rose Tea at the same price as other teas; why not have it?

Red Rose Tea is good Tea

CHEAP POWER.

The following, from the Kingston Whig, illustrates the feeling that is expressed by others in regard to the drawing power of cheap power:

"Peterborough offers a new manufacturing concern electrical energy for $20.00 per horse power. There it goes; cheap power is the moving consideration."

The possession of cheap power is the secret of successful industrial expansion and development. If Peterborough becomes a great manufacturing centre, it will be due, not so much to first class transportation facilities, and other advantages, as it will be to power for manufacturing purposes supplied at a low rate. It is none too soon to look ahead for additional sources of electrical power supply. Though the present supply may be adequate for present, and immediately future demands, it is none too soon to look out for obtaining an additional supply. If some large manufacturing concern should locate here and make a large demand for power, the supply might be easily exhausted, and then would be felt the necessity for an increase.

THE NEWS MAGAZINE.

The Examiner has received a somewhat belated copy of the News Magazine of the Toronto News, but it is too thouroughly good to lose its interest with the lapse of a few days. This magazine is intended to signalise the termination of the three years' existence of the News, since its reincarnation. This book—for it is really a splendid folio of some fifty pages—serves admirably a double purpose. It sets forth in graphic and admirably illustrated form the wonderful progess of Canada during the past three years, and also part passu the excellent success of the News in that time. It has had a very prosperous career as a newspaper, though at times, from our point of view it has experienced an occasional jolt, politically. In the main, however the News has shown itself to be a newspaper in the real sense of the term, and this magazine with its wealth of illustration and ample, admirably varied letter press is quite a triumph of printing, illustrating and good writing — creditable not only to Canada, but to the News itself. The Examiner cannot always lie down comfortably in the same political bed as the News, but it can heartily commend the striking evidence of enterprise and newspaper spirit reflected in its beautiful Magazine.

VANDALISM.

The Toronto Star prints a picture of the remains of a magnificent elm on College street, mangled to make room for telephone and other wires. This illustrates how cities and towns are under the evil thumb of telephone and other companies, who show as autocratic disregard of the people as the Peterborough School Board can do. Here we have a beautiful tree, the growth of a century, destroyed to satisfy the convenience of a corporation, or of corporations that abuse their privileges. The company should have been compelled to divert its line to save such a tree. Telephone and other companies represent a great and indispensable public convenience, but trees represent the beauty of a city—as important in their place as telephones. One is not contradictory of the other, for we can have both. The trees are wantonly destroyed by companies. In Peterborough we find the employees of companies hacking, mutilating and destroying the shape of trees, which are the property of the citizens, planted for their convenience. This could be remedied by compelling the companies to restrain their vandal hands, or, if that cannot be done, compel them to put their wires underground.

EDITORIAL NOTES.

The Ottawa Free Press says that "one of the things the people of Peterborough had not given up in Lent, is the hope for the completion of the Trent Canal." The Peterborough people are quite comfortable over the Trent Canal situation.

Re local option amendment—Why should it require five votes of those who do not want liquor sold in a municipality, to equal three votes of those who want to see its sale continued?

The central government of the Empire still thinks in the King George III. vein, in regard to the Colonies. It cannot yet bring itself to altogether recognise Mr. Kipling's hoe the real idea in regard to the Colonies — "daughter in her mother's house, mistress in her own." The Bannerman Government interfered in the matter of the execution of a judicial sentence in Natal, and a protest against such interference the Natal Government resigned. That brought the home government to book, and the interference was withdrawn. The Colonies are loyal to the mother country, but their loyalty must not be strained by interference with the exercise of their rights in the management of their domestic affairs.

"THE CLOCK" AND COL. NINETY-SIX.

Mr. H. F. Gadsby, the clever caretaker of "The Gallery Clock" in the Toronto Star, which ticks off—if one may mix metaphor—racy comments on Legislative Chamber doings in Queen's Park—with a caustic undercurrent — draws some impressionist pen pictures of prominent figures in the Chamber, which are a delight to regard. The following crayon picture of Provincial Treasurer Matheson is rich—considerably richer than Ontario will be after a few 96 loans:—

"To drift from floating mines to floating loans, nobody was surprised at Colonel Matheson's alleged revelations on Thursday night, and nobody saw anything in them. The Colonel has been baited and badgered so much about his foolish loan that he had to say something to divert attention. The Colonel is mad, too, just as mad as a dish of skimmed milk can be. As the proverb says, it's a long worm that has no turning. And Colonel Matheson turned, not sharply nor to much effect—but he turned. There's the point. Colonel Ninety Sixes is waking up. The day comes when he may do something sandier than slap the Opposition on the wrist.

Of course, it was a mare's nest the Colonel found—or made—and it's only a crockery egg he is sackling over, but the Clock is glad to see him show so much spirit. There are, then, depths in this meek nature which we had not suspected. Shake, old girl! At 'em again and scratch their faces!

There is nothing very heinous, one fancies, in making an arrangement with a reputable firm of brokers to keep an eye on the London money market and to tell us when and where our bonds could be floated to the best advantage. This is the dreadful thing that Mr. Harcourt did. On the whole, it strikes us as a much more reasonable plan than to send Simple Simon across the ocean to fish on dry land for a whale. Colonel Matheson seems to have thrown in his line and brought out a tomato can. It looks, too, as if the Colonel, when he came across the trail of a serpent in the Provincial Treasurer's Department, had to tweak its tail before it would do anything. The letter of Coates & Co.'s agent, making a claim of $15,000 for brokerage, is dated March 28. While no one cares to affirm that the agent was invited to put in a bill, it is freely suggested that fifteen thousand dollars is a small sum to pay if it switches criticism from the Colonel's fiasco."

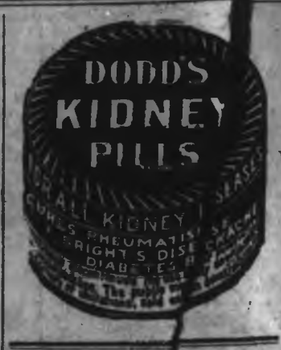
CRIME AND DRINK.

That drink does not drive men to crime, but crime drives men to drink, is a statement made by Dominion Parole Officer Archibald, who speaks from wide experience.

Undoubtedly crime leads to drink. It does so through evil association. The man who falls into crime betrays a weakness in that he lacks power of resitance. Associated with him in crime he comes in contact with men of evil tendencies, the great majority of whom are addicted to the excessive use of liquor. The craving is inevitable. Possessing insufficient moral stamina to withstand crime, the unfortunate victim is likewise unable to evade the vices pecullar to his companions. There is a complete prostration of moral courage. Yielding to one evil, he is readily enticed to another, which soon conquers him. That it is easily seen that crime may very often lead to drunkenness.

And there is some truth in the other statement on the part of the officer, that drink does not drive men to crime. It would be more correct, perhaps, to say that it does not necessarily do so. Excessive drinking, however, in many instances, is responsible for violence, due to loss of reason as a result of intoxicants. Some of the most heinous crimes have been traceable directly to liquor.

There is a distinction between cause and effect. Whether crime be the cause and drink the effect, or drink the cause and crime the effect, the public is well aware that the two are linked inseparably, and that any measures which will restrain the one will tend to remedy the other. Unfortunately, drinking and crime are on the increase, [illegible] is urgently needed [illegible] gress.—Brantford Expositor.



ONTARIO'S MINING BOOM

Ontario promises to be the Mecca of mining men during the coming summer. It is estimated one hundred thousand men will congregate during the summer months in the Cobalt district in search of gold and silver. Needless to say the great majority of this army of prospectors will turn away disappointed. All the mineral wealth of the province, however, is not centred around Cobalt, although it is the only locality as yet known where native silver can be taken from the crude rocks. There are, in the less accessible district of Thunder Bay on the North Shore of Lake Superior, hundreds of veins of rich silver-bearing ores. Unlike the veins at Cobalt these are wide and heavily mineralized throughout with native silver in various forms. Many mineral properties were worked years ago, but abandoned in the panic which occurred when the value of silver tumbled from the dollar mark to little more than half that price. The increase in the price of silver, together with improved machinery and cheaper methods of transportation of machinery and supplies, should be conducive to a revival in silver mining in the Thunder Bay and other other mineralised section of the province.

Regular Meeting of St. John's A.Y.P.A.

A Specially Enjoyable Programme Was Presented.

Last night at the regular meeting of St. John's A. Y. P. A. a most enjoyable and profitable evening was spent. During the business portion of the meeting a report was read from a special committee appointed to arrange an entertainment, and was to the effect that considerable work had been done towards the putting on of a series of moving tableaux, representing old familiar songs, military scenes, gypsy camps, etc., the tableaux to be accompanyied by fitting music and recitations. The date of the entertainment was fixed for Wednesday evening, April 25th. Nearly all the members of the society will be required to take part in this entertainment.

A report was also read from the special committee appointed to consider the advisability of organizing a tennis club under the auspices of the A.Y.P.A., and showed that the idea was a popular one. The committee reported that all those interviewed had signified their willingness to take up tennis, and a vote which was then taken proved to be almost unanimously in favour of a tennis club being formed.

After other matters of business were disposed of, Mr. A. E. Walker read a paper on "Hymns and Music in the Church", which was much enjoyed.

Mr. Jos. S. Bell then read an excellent paper on "Catholicity of the Church".

A question drawer was then opened and presided over by the rector. Many interesting and difficult questions were asked concerning the Bible and Church and were carefully explained in a clear and comprehensive manner by Rev. Canon Davidson.

The next regular meeting of the society will not be until April 23, owing to other church meetings being held on Easter Monday, which otherwise would be the next regular meeting night. The meeting on April 23rd will take the form of a social.

SMART SPRING STYLES

The way we are selling Postcards. We have secured a lot of new ones of churches, streets, private residences, park and lake scenes. Also a pretty little book of Peterborough views to sell at 25 cents. We have also a nice assortment of comic Postcards at 6 for 5 cents.

A. H. STRATTON & CO.

You have read the Sailor Boy's Plea —buy to-day for your dinner to-morrow. Sailor Boy Canned Goods. Tomatoes, Corn, Peas and Salmon. Your money does not buy better goods. Do you get Sailor Boy or Substitutes?

WAS A MEMBER OF TRENT DEPUTATION

Through some sinister fatality which often dogs the newspaper reporter, the name of Mr. James Stevenson, ex-M.P., was omitted from the list of members of the deputation that visited Ottawa last Thursday, to work the double "open sesame"—on the respective seats of the Trent Canal. Mr. Stevenson went with the deputation as a guest of the town and again filled his share of the role he has so often played of making the lives of a Minister wretched over the Trent Canal. Mr. Stevenson had an other mission. When he represented West Peterborough he undertook a "far-seeing" project and extracted a promise from a then Minister of the Cabinet. The Minister in the course of political warfare passed from the scene, but the promise did not pass from Mr. Stevenson's mind. When in Ottawa he bearded the promising Minister's successor, and acting upon the theory that a Minister never dies, held him to his predecessor's promise to do what was to be done—for Peterborough, and he was assisted by Mr. Hall the present representative.

It would be premature to mention the favour that Mr. Hall and Mr. Stevenson are trying to have done to Peterborough. If they succeed however, the people of Peterborough will not be slow to "see through it."

Endless Annoyance and Misery.

"As a man of seventy years I am grateful to God and to Dr. Chase's Ointment for a cure of piles which had caused me endless annoyance and much misery. The itching and the burning was almost beyond endurance but Dr. Chase's Ointment gave me quick relief, and I believe the cure is a permanent one." — Rev. William Thomas, Brownsville, Ont.

THE WEATHER.

Though many are of the opinion that the past month was a particularly fine and mild March, a comparison with the same month of other years does not bear out this opinion—at least as far as the average temperature was concerned. March of 1906, was a trifle colder than the average March of other years. The snowfall, however, was deficient to a marked extent. There was almost was an unusually large number of a complete absence of storms; these beautifully bright sunshine days. At the end of the month many robins were to be heard singing their cheerful carols. This is an early date for the appearance of these birds.

AN APRIL FOOL ON REVIEW SCRIBE

In yesterday's issue of the Review appeared an article in reference to one of many pranks of the small boy on All Fool's Day. This referred to a large and apparently a money-fat purse lying on the sidewalk on Bason avenue. The article stated that "with haste, which greed for the filthy lucre inspires, they bent down to grasp it, but alas, the world is full of disappointments." Of course the Review scribe did not mention names, but if had done so that of the man from the shore of the Ottawa would have been one of the "they" to which he refers. Disappointments to any but a Review scribe would have been easily imagined, and it is very doubtful if adequate words could be found to express his regrets.

BUSINESS MANAGER DENTAL MAGAZINE

In the March number of The Hya Yaka, the magazine published by the students of the Royal College of Dental Surgeons of Ontario, appears a group photo of the editorial staff. In it appears the picture of Mr. Joseph Middleton, the business manager of the staff, who has attained great prominence among his friends at the Dental College.

Co., Toronto, Ont.

PERSONAL MENTION

Mr. T. McQuillan went to Lindsay this morning.

Miss Kate Stanton left yesterday for Rochester, N.Y.

Miss Annie Crowley went to Toronto last night.

Mr. W. H. Stout, Dayton, O., is in the city to-day.

Mr. J. G. Eyres, Lindsay, is a guest at the National.

Mr. J. G. Leateb, Millbrook, was in the city last night.

Mr. R. Sisson commenced yesterday with the London Life.

Miss Helen Davies will sing in London this evening.

Mr. E. Culbert, Allandale, is registered at the National.

Mr. J. Maguire, Buffalo, N.Y., is registered at the Oriental.

Mr. J. E. Hottenhausen, of Peterborough, is a business visitor in the city.—Sault Ste. Marie News.

Mr. A. Rountree, secretary of the Peterborough License Holders' Association, went to Toronto to-day.

Mr. Jas. Lang, of the firm of Lang and Maher, is confined to his room with an attack of la grippe.

Mr. John Whitney, who has been spending the winter in Chicago, has returned to the city for a business visit of four or five weeks.

Mr. E. L. Stackhouse, returned last night from Brockville and Ottawa. While in Brockville he attended the banquet given by the London Life, to its agents.

Mr. R. S. Fell left on Saturday night for Halifax, where he sailed on the Allen Liner Parisian for Liverpool. He was booked through by Mr. W. Mellroy, C.P.R. agent.

Mr. Wm. Anderson, M.P.P., East Peterborough, was in the city this morning en route from Toronto. Mr. Anderson though in somewhat unsatisfactory health, is gaining slowly.

SHORT POEMS AT BROWNING CLASS

There was a fair attendance at the Browning Class last night, but what was lacking in attendance was made up in interest. The poems considered last night were "Wanting Is—What?" "My Star," "My Last Duchess," "The Glove," "Song," "A Serenade at the Villa," "Youth and Art," "The Lost Leader."

A number of short poems will be taken up next Monday night, and the following Monday night, "Pippa Passes," a short drama.

MISS ROSA McAHAN OF BUTTE

How After Two Years She Found a Remedy for Dandruff.

Miss Rosa McAhan, of 211 West Qartz street, Butte, Mont., says: "Herpicide has thoroughly cleansed my scalp of dandruff, with which it was entirely covered; and is has stopped my falling hair. I have tried many different preparations in the past two years, but none took effect except Newbro's Herpicide." Dandruff is a germ disease, and Herpicide is an infallible destroyer of the germ. "Destroy the cause, you remove the effect." Kill the dandruff germ. Ask your druggist for Herpicide. It is a delightful dressing; allays itching; makes the hair soft as silk. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co. Detroit, Mich. Gramm & Walsh, special agents.

Mr. J. Fife, B. A., Was Honoured At St. Paul's

Presented With Address and Bible Prior to His Departure for Edmonton—Heartfelt Acknowledgement by Mr. Fife on Behalf of Himself and His Wife—Appreciation of Mr. Fife's Fellow Sunday School Workers Shown.

MUCH REGRET AT MR. FIFE'S DEPARTURE

Last night at St. Paul's the officers and teachers of St. Paul's Sunday School assembled to present Mr. Jas. A. Fife, B. A., who has for years been an enthusiastic and useful worker in the Sunday School and a valued and respected member of the church, with a sincerely expressive and appreciative address, beautifully engrossed by Mr. Wm. Pringle, and a handsome copy of the Bible. As is generally known Mr. Fife, who for the past nineteen years has been science master of the Peterborough Collegiate Institute, leaves next Tuesday for Edmonton, having accepted a position as master of science and mathematics in the High School of that town.

A large number were present and Mr. Fife's connection with the Sunday School was spoken of in feeling terms by Rev. Dr. Torrance, Sheriff Hall, and Mr. Wm. Madill, who also read the address, Miss Martha Dickson making the presentation. Solos were sung by Mr. Green, Mr. Jas. Dawson and Miss Moore and a piano solo rendered by Miss Alice Roger. Mr. Fife thanked his donors for their kind words and generous gift and assured them he found it a hard thing to leave those with whom he had had such long and dear associations. He said that it was most agreeable to himself to know, by the kind words spoken with reference to him during the evening, that he was held in so high regard by those with whom he had come in contact in the church and Sunday School. In conclusion he thanked all for their sympathetic words and thoughts on behalf of both Mrs. Fife and himself. After Mr. Fife's grateful acknowledgment of the kindness of his associates an elaborate supper given in honour of him and Mrs. Fife was partaken of by those present. An enjoyable evening, marked by the greatest of good feeling and friendship, closed with the hearty singing of "Auld Lang Syne".

The address presented to Mr. Fife was as follows:—

To Mr. Jas. A. Fife, B.A.

Dear Mr. Fife,—We, the teachers and officers of St. Paul's Sunday School, having learned with regret that you are about to leave Peterborough, cannot allow you to do so without expressing our high appreciation of your valued services to our school.

During the many years you have been among us you have always taken a deep interest in every department of the work of the church, especially in connection with the Sabbath School. By your Christian zeal, sterling integrity and scholarly attainments you were peculiarly fitted for the responsible positions you have held, whether that of superintendent or teacher. Not only will you be missed from the school room on the Lord's Day, where you have attended so regularly, but also in connection with our re-unions, where you have so often provided us with intellectual treats, and in our library, which bears the stamp of your cultured judgment.

We would also express our regret at the loss of Mrs. Fife, who has closely identified herself with the church's work, and also your family, some of whom are now taking a leading part in the Sabbath School.

We would ask you to accept this volume of the Sacred Word, and trust you may long be spared to peruse the precious page, and to instil in the minds of the youth in the Golden West, as you have always done here, the true principles of Christian character.

Our earnest prayer is that God's richest blessings may be with you and your family in your future home, and that you may find as true friends there as you are leaving here.

WM. MADILL,
Superintendent.
WM. PRINGLE,
Secretary.

Peterborough, April 2, 1906.

MADE FOR YOU

Do you know what it means to put your foot into a shoe that feels as though it were made for you, and you alone? One that seems to become a part of you for the time being, so perfectly does it fit. If you would experience this pleasure, just try a pair of our new "Queen Quality" Shoes, of which we have a full assortment.

CORRESPONDENCE ON CURRENT TOPICS

To the Editor of the Examiner:

The prohibitionists and ultra-temperance people seem determined to get the country firmly in their grip. Without going into an argument on the merits or demerits of drinking whisky and other alcoholic beverages to excess, it must be plain that repressive measures imposed upon a large minority by a small majority can only lead to serious discontent. The system of making laws founded upon the rule of the majority is well enough in everyday life where the business interests of those who vote are identical. This, however, is quite a different thing from saying to a man "Thou shalt not drink, because I say so."

The Almighty himself has provided for infractions of the moral law and it is not for us to attempt to supplant him in this work by force at least. So long as the liberty of the temperance question is not trespassed upon by those who drink, the liberty of those who drink must not be trespassed upon by the temperance people. The miseries of life are manifold in every direction. Excess of drinking is no worse than excess in any other department of life. There is a rapidly growing feeling that the temperance people like all those who would embody a moral maxim in the straight jacket of the law are determined to rule this country at their own sweet will.

There will be a horrible reaction some of these days as has always happened in such cases in history and the fanatics will have gratification in saying that they have set back the clock of reform for many years.

REASON IN ALL THINGS.

April 3, 1906.

To the Editor of the Examiner:

I see by some hand bills that a holiness convention is to be held in the City Mission Hall, Water street, at Easter-time. Will you kindly allow me to ask a few questions publicly to those who are having this convention? I put these questions, not to provoke controversy, but to further the progress of real holiness in our midst.

1.—What is the simple real definition of the word holiness?

2.—What is the simple real meaning of the word sin?

3.—What is meant by being saved?

4.—What is it to be born again or born of God?

5.—Who are the children of God?

6.—Do the children of God live holy lives?

7.—What is meant by the statement "Whosoever is born of God cannot sin"?

8.—Can a man born of God ever commit sin?

9.—What is necessary to become a child of God?

10.—Can a child of God commit sin?

11.—What is meant by the statement "the blood of the Lord Jesus cleanseth us from all sin"?

12.—Is the word blood to be taken as to its meaning, or do we take the word door, when Jesus says "I am the door"?

13.—What is meant by the statement "the blood is the life"?

14.—What does Paul mean when he said "he that hath not the Son hath not life"?

15.—What is the "at hand"?

16.—What is meant "walking after the spirit"?

17.—What is meant by the statement "without holiness no man can see the Lord"?

18.—Can it be said live, without the blessing of holiness?

19.—Can a man on earth live a holy life free from sin?

Answers to the questions by the members of the convention will be appreciated, especially backed up by personal experience.

GET YOUR WHEELS Cleaned and Repaired Before The Rush at METHERELL CYCLE WORKS

A Daring Distribution

The undersigned Dealer at the earnest solicitation of the Ferrol Co., Limited, of Toronto, has made a thorough and searching investigation into the merits of **FERROL**, and of the methods of that Company, and he finds that: Every cure claimed by the Company is absolutely genuine; that **FERROL** is manufactured from the best quality of Munn's Celebrated Cod Liver Oil (the whole of the oil) and is richer in oil than any other emulsion, and while it contains just the right quantity of the best form of Iron and Phosphorous, it is so scientifically prepared, that not one in a thousand finds any trouble in taking it; that the medicine has accomplished the most amazing results in its own city; that its sales in the Home City have been phenomenal; that it is endorsed by all druggists without hesitation or qualification; that it is, in short, all the Company claims for **FERROL**, and more.

The more I investigated the more enthusiastic I became. It is no longer a question of my willingness to handle the preparation—**FERROL**—but how can I bring it to the immediate suffering of this city?

It is a heavy responsibility, but I have faith in the honesty and fairness of the Ferrol Company, Limited, Toronto, and the unequalled merits of their preparation, **FERROL**.

(Signed) W. B. WARNE

It is also that the druggists in other cities have taken upon themselves the solemn responsibility of ending behind this medicine; and that these druggists have made in each city a daring and remarkable distribution of full-sized bottles.

Impressed by the action of these druggists, and convinced that they would not have given this remedy such unqualified approval without positive knowledge of its merits, I have decided to follow their example and distribute as of charge

500 Large Bottles of FERROL Free to the Sick

Friday, April 6, from the Store of

W. B. Warne, 345 George Street

Being a first-class Store, the above named Dealer occupies a commanding position in the retail trade of this city, and almost every remedy that is offered to the people has an outlet through his store. But with an eye single to the interests of his many customers he is careful to handle the most reliable preparations. Consequently when a cure is recommended and endorsed by this Dealer, that medicine must have merit.

The Dealer, after a rigid investigation, described elsewhere in this announcement, decided to make, upon his own responsibility, the most remarkable distribution of medicine attempted in this city. Convinced by personal experience of the extraordinary merits of

FERROL

he has secured from the Ferrol Co., Limited, of Toronto, five hundred large sized bottles of remedy, for free distribution, and he hereby invites every person suffering from any form of blood trouble; any person who is run down, discouraged and in need of a powerful tonic; any person suffering from Coughs, Colds, Bronchitis, Croup and all Throat and Lung Trouble, Chronic Rheumatism, Neuralgia, Insomnia, Loss of Weight and Wasting diseases; any person who has sought relief in any other remedy or Cod Liver Oil preparation, and failed to find it, cut out the certificate printed herewith, fill out the blank spaces in it at the store on the dates given, and get a bottle of this wonderful preparation—**FERROL**, Free.

It is necessary for me to purchase a large quantity in order to have the privilege of making free distribution, and the responsibility assumed by me in this matter, I am positive will be appreciated by the public, and the immense sales that are sure to follow will more than compensate me for the expenditure involved.

There is absolutely no sentiment in this endorsement of **FERROL**. It is merely a business recognition of a preparation that possesses positive merit, and a keen desire on the part of a progressive concern to always supply the best goods at the lowest possible price.

THIS CERTIFICATE,

Properly filled out and signed, entitles the holder to one large sized bottle of **FERROL** (Cod Liver Oil, Iron and Phosphorus), if presented Friday, April 6, at the store of W. B. Warne, 345 George Street, from 9 a.m., until samples are exhausted.

Name of Patient,.....

Address,.....

Disease,.....

The bearer of this certificate hereby solemnly agrees to give this medicine a thorough and faithful trial and to report to the druggist named above, within three weeks, the improved condition of his health that is almost absolutely certain to follow.

Noher distribution will be made, and it will be necessary for you to come early in order to be sure of securing a large size bottle of FERROL ABSOLUTELY FREE

REMEMBER, only ONE bottle will be given to each family. Tell your friends of this Wonderful Offer for fear they will not see this advertisement.

FERROL WHAT IT IS AND WHY YOU SHOULD TAKE IT

THE FERCO., LIMITED

May 24th, 1905

GENTLEMEN,—The FERROL I secured from you, I have to do great good. My son used it had cold, and it cured him. It has been excellent remedy for a boy of his building a person up after sickness, and says that it was a prominent friend of mine in the city, whether his own, and spoke to me highly recommended it as a good thing for anybody to try.

Yours truly,

J. B. THORNE

P. P. AG'T.

WHAT FERROL DOES.—A careful perusal of the foregoing will readily suggest to the reader what FERROL does.

It builds up the run down constitution as no other preparation can.

It cures Anaemia, no matter how chronic, by supplying the blood with just what it requires in the only form in which Impoverished blood can be assimilated.

It prevents Consumption by fortifying the constitution against its attacks.

It restores Nervous Vitality in a manner little short of marvellous.

It cures Coughs, Colds, Bronchitis and kindred diseases by building up the constitution so that the system will throw off the disease by natural means—a very different thing from the usual method of treatment by administering cough mixtures and other drugs which only serve to impair digestion and are always debilitating in their effects. FERROL, on the other hand, while removing the disease, to the same time increases the weight, invigorates the nerves, and improves the patient in every respect.

It assists in the development of delicate infants and children, and it is particularly valuable for boys and girls at the period of transition into manhood and womanhood, when they are so likely to outgrow their strength and become anaemic or generally susceptible to the attacks of disease.

It strengthens the muscles, builds up the nerves, improves the vitality, strengthens the action of the heart, and builds up the whole system so that the ravages of disease can obtain no foothold.

It has a wonderful tonic-restorative effect on the brain, restoring to it in proper form Phosphorus, the brain's chief constituent; attacks of dizziness and nervousness, "brain fag," etc., are banished—the cure is lasting, constructive and complete.

WHAT IT IS NOT.—It is not a "Patent Medicine"—the ingredients are freely made known, so that the system will throw off the disease by natural means—a very different thing from the usual method of treatment by administering cough mixtures and other drugs which only serve to impair digestion and are always debilitating in their effects. FERROL, on the other hand, while removing the disease, to the same time increases the weight, invigorates the nerves, and improves the patient in every respect.

It assists in the development of delicate infants and children, and it is particularly valuable for boys and girls at the period of transition into manhood and womanhood, when they are so likely to outgrow their strength and become anaemic or generally susceptible to the attacks of disease.

It strengthens the muscles, builds up the nerves, improves the vitality, strengthens the action of the heart, and builds up the whole system so that the ravages of disease can obtain no foothold.

It has a wonderful tonic-restorative effect on the brain, restoring to it in proper form Phosphorus, the brain's chief constituent; attacks of dizziness and nervousness, "brain fag," etc., are banished—the cure is lasting, constructive and complete.

WHAT IT IS NOT.—It is not a "Patent Medicine"—the ingredients are freely made known, so that the system will throw off the disease by natural means—a very different thing from the usual method of treatment by administering cough mixtures and other drugs which only serve to impair digestion and are always debilitating in their effects. FERROL, on the other hand, while removing the disease, to the same time increases the weight, invigorates the nerves, and improves the patient in every respect.

REMEMBER.—There is only one Emulsion of Cod Liver Oil, Iron and Phosphorus, and that one is FERROL.

If you want the seed of a Restorative use that you get FERROL and do not be put off with something "just as good"—there is nothing half so good—nothing "just the same." Prove it yourself.

Cod Liver Oil, Iron and Phosphorus are not new remedial agents; for ages their merits have been known and recognized, and for many years physicians have indulged the hope that some day a satisfactory combination of these remedies would be produced and the full benefit of their life-giving properties made available.

In "FERROL" that hope has at last been fully realized, and the practical benefits resulting from its use have far exceeded the most sanguine expectations.

FERROL exerts a direct influence on the entire system, increasing the appetite, thus giving a craving for food, and the assimilative powers will dispose of it with less difficulty than they would experience in the digestion of the plainest food.

WHAT IT IS.—"FERROL" is an emulsion, in composition entirely of Oil and Hypophosphites added, and is positively the only preparation combining these ingredients.

The extravagant claims that is put forth in behalf of FERROL are based upon the following facts: Cod Liver Oil, [illegible] is admitted by the profession to be the most valuable [illegible] known to medical science, while Iron, the one and only agent which will supply [illegible] Blood with the red corpuscles which it [illegible] lacks in order to restore a healthy condition, and Phosphorus, which [illegible] Nerve Tonic.

POLICE VAN FOR PHILLIPS

Resumed Hearing of Conspiracy Charge Against Joseph Phillips—Air of Mystery About One "Joan McCann"—Probing Into Some Stock Transactions—Who Owns the Stock?—What Mr. Burt Knows.

Toronto, April 3.—Joseph Phillips suffered at least two mortifications yesterday. In the first place, he was driven after breakfast in the police van from the jail to the court, as the carriage he had engaged was late, owing to a misunderstanding on the part of the driver. Then when, just before the adjournment until to-morrow at noonday, he was preparing to sign a cheque to hand to his lawyer, J. E. Jones, Crown Attorney Curry intervened.

"I will not give my permission to his signing any cheques the way things are now," he said.

An air of mystery at the morning session was imparted by evidence concerning one "Joan McCann," whose name appears as a large holder of Toronto Life stock, and who is alleged to be in New York at the present time. But the books do not tend to point that the company received from her the face value of the stock.

Miss Georgiana Hudson said that Joan, who had some years ago been a clerk in the York County, but for a very short time, was of medium height, pretty stout and about 36 years of age. It appeared the widow, Joan McCann, also a nurse, had traveled quite a bit. Miss Hudson had no power of attorney for her.

"Did you ever sign as a witness to a signature you didn't see signed?"

"Yes."

"What? Without seeing it signed?"

"Yes, if I knew it was her own signature."

Who Owns the Stock?

"This stock here was transferred to Miss Daw. How was that? Did she get it?" went on Mr. Curry.

"No, but I thought I had got her to buy it. I paid for it with my own money. It was then transferred to me."

"Where did you get the money."

"I've always had money."

"Yes, but pardon me, you are dealing here in large transactions, and I doubt if they were all genuine. Why were 25 shares of stock also transfered to Miss Daw?"

"I thought she would like 25 shares."

"Did you see her sign this in the book on Oct. 13?"

"Yes."

"Whose name does the stock stand in now?"

"Miss Daw's."

"And she hasn't paid a dollar yet," said Mr. Curry.

The witness replied that something had been paid.

Miss Daw had held 75 shares in the Toronto Life in her own name. The names of the large number of shareholders read out showed that in most cases they were either agents or employes of the York Loan, nearly all their stock having been transferred to Miss McCann, a Mrs. Suton, Miss Daw and the witness and several others.

"Whoever actually owns this stock—and I have my own idea as to who is the real owner and who are the dummies—who possess business that has a cash value of over $150,000," said Crown Attorney Curry.

What Mr. Burt Knows.

Regarding the piano money, which, she said, was deposited in the Bank of Montreal, Miss L. Hudson, who bore traces of illness, declared that Mr. Burt knew what the cheques Phillips signed were for.

"Mr. Burt," said the crown attorney, "does not know anything about them. The $2,000 cheque was certified on July 1, 1905. What was that for?"

"$1,500 went for Toronto Life stock, and some for my salary. I was getting $16 a week from January, 1903."

Miss Hudson remarked that she had not received any money in respect to her services for the Lisst Piano Co. for 30 weeks, but she was receiving $25 a week salary from the York County Loan.

"Did you know that the cheque for $2,500 was used for the purchase of a house for Mr. Phillips?"

"No; I made out cheques. I don't ask questions." Witness added that she had worked also for The National Monthly at $5 a week, but not after they took over the Lisst Piano business. The books of the Piano company had been copied from slips.

Miss Lilian Hudson was unaware as to where The National Monthly got its money. She confessed equal ignorance concerning a cheque for $16,000 from The National Monthly to the York County Loan.

Endorsed But Never Received Money.

"Why, you have endorsed it on the back," said Crown Attorney Curry, showing her the cheque.

"Well, I may have done that, but I never received the money."

"Where did it go?" asked the court.

"About this time," said the Crown Attorney, "Phillips drew out a similar sum from the York County Loan. That National Monthly cheque I think went to purchase $2,000 worth of Canadian Northern bonds guaranteed by the Manitoba Government."

"But where are they?"

"I am not in a position to say at present, but I think I can prove that later," said Mr. Curry.

Will Be Shipped This Week.

London, April 3.—The portrait of Benjamin Franklin, which, as announced by Earl Grey, Governor-General of Canada, at the Pilgrims' dinner in New York, March 31, is being restored to the United States, will be shipped this week. It is already in the possession of Ambassador Whitelaw Reid.

Infernal Machine Exploded.

Ashabad, Turkestan, April 3.—A time infernal machine was exploded yesterday in the vestibule of the Governor-General's residence, shattering part of the wall and blowing a gun which was mounted on one side of the entrance across the street, but injuring no one.

You don't wash with the box!

Both box and wrapper of Baby's Own Soap are plain, business like and cheap. All the money is in the Soap itself, which is as "wholesomely" pure and fragrant as money can make it.

Baby's Own Soap

is much imitated as to appearances, but delicate skins soon show the difference. "Baby's Own" costs YOU no more than the imitations.

VARICOCELE NERVOUS DEBILITY CURED.

No Names Used Without Written Consent.

If you have transgressed against the laws of nature, you must suffer. Self abuse, later excesses and private diseases have wrecked thousands of promising lives. Treat with scientific physicians and be cured. Avoid quacks. E. A. Simpson of Toledo, says: "At the age of 16, I learned a bad habit and at 19 contracted a serious disease. I treated with a dozen doctors, who all promised to cure me. They got my money and I still had the disease. I had given up hope when a friend advised me to consult Drs. K. & K., who had cured him. Without any confidence I called on them, and Dr. Kennedy agreed to cure me or no pay. After taking the New Method Treatment for six weeks I felt like a new man. The drains ceased, wormy veins disappeared, nerves grew strong, hair stopped falling out, urine became clear and my sexual organs vitalized. I was entirely cured by Dr. Kennedy and recommend him from the bottom of my heart."

We Treat and Cure Syphilis, Gleet, Varicocele, Emissions, Stricture, Unnatural Discharges, Sexual Weakness, Kidney and Bladder Diseases.

CONSULTATION FREE. BOOKS FREE. Call or write for Question Blanks for Home Treatment. NO CURE, NO PAY.

Latest News Of Sports

Farmers Interested In Preservation Of Game

Tourists Spend Money Here and Should be Encouraged to Come—Reasons Why Citizens Generally Should Support Movement to Protect the Fish and Game.

The farmer of the Province of Ontario has, more or less, taken little interest in the question of Fish and Game Protection, and this want of interest has been brought about by his not realizing the value in dollars and cents to him of game fish especially. The attraction good fishing proves to visitors from the States especially, is undeniable. If, for instance, the magnificent angling enjoyed by sportsmen say twenty-five years ago in this district, existed at present, a very much larger number of sportsmen would come each year from the States.

It must be borne in mind that each individual who comes to the Kawartha Lakes from the States, cannot well get home without leaving in the Province, from the time the strikes the border-line, until the time he gets back, at least $75.00. This money is expended in railway fares, hotels, payment of guides and the purchase of supplies. As the farmer produces practically everything the man eats, the attraction to this district especially of a very large number of people, would mean the placing in circulation locally of a very large sum of money annually. It is along the line of this argument that the Ontario Fish and Game Protective Association bases its strongest appeal to the public generally.

The farmer may not be a sportsman from the narrow point of view, but he is a long-headed, practical, business man, and when he grasps the truth of this argument we believe he will take more interest in preventing nets being placed opposite his farm when his farm faces fishing waters, and that he will do his best to see that the laws of the Province are observed.

A meeting to form a branch of the Ontario Fish and Game Protective Association in this city, is arranged for April 6th, at 8 p.m., and it might be well for the citizens generally to attend. The meeting will be held in the City Council Chamber.

RIVERSIDE PARK TO BE PUT IN SHAPE IN GOOD TIME

With the present fine weather sporting organizations may have the opportunity of taking the field within a short time. The Riverside Park, which will, as last year, be the scene of all important games, will be put into shape as soon as possible. A meeting of the syndicate will be held this week to make arrangements for this work. The grounds were not flooded this year, and therefore it will be a comparatively easy matter to put them in shape.

It is therefore up to the different clubs to organize at once, as it is not likely that there will be any obstacle in the way of their commencing practising in a short time.

What About The City League?

Several Teams are Willing to Enter if One is Formed.

The junior lacrosse players of the city, are already suggesting the advisability of forming a City League, and the prospects that one will be organized look very bright. It would be a step in the right direction and would do much to help the boom that will take place in lacrosse circles in Peterborough this year.

The Examiner is informed that the young Peterborough Lacrosse Club, and that the Junior Shamrocks, are willing to enter a league if one can be formed.

It's up to the All Saints, Charlotte street and other teams to organize and get into line. A snug little league could be formed and the cup offered is one worth trying for.

LACROSSE

A private business meeting of the Shamrock Lacrosse Club was held in the T. A. S. rooms last night at 8 o'clock. There is nothing for publication in connection with the matter.

BASEBALL

A meeting of all those interested in baseball will be held at the Oriental parlours on Friday evening, April 6th, at eight o'clock for the purpose of organizing for the coming season. All interested will please make a note of the date and be present. The election of officers will take place at this meeting.

A re-organization meeting of the Peterborough Baseball Club will be held at the Oriental next Friday evening at 8 o'clock. A full attendance of those interested in the game is requested.

FIRST FOOTBALL PRACTICE HELD

Enthusiasm among the football sports bubbled over yesterday afternoon and a large number donned their suits for the first practice this season. Probably never before in the city's history has there been such interest taken in this old time sport and its resurrection again is meeting with a universal approval. With 50 or 60 players in the city, the Peterborough Quakers should have an excellent intermediate as well as Junior team this year. Other practises are billed for this week and as many as possible should turn out to chase the pigskin at once. Among those who were out yesterday afternoon were Percy Fitzgerald, Harry McIlmoyle, Norman Graham, Clarence Fitzgerald, Geo. Maybee, Ed. Purser, Roy Kidd, G. Adams, W. Morrow, Chas. Nicholls.

FOOTBALL

The Business College are the first athletes in the field this season. The football sports of that institution turned out this afternoon and a brisk practice was held.

NINTH ANNUAL Y. M. C. A. CLOSING

The ninth annual exhibition and closing exercise given by the Boys' Department of the Y.M.C.A. will be held on Friday, April 6th, in the gymnasium. The programme will consist of marching, class work, tumbling, games and a gymnastic contest for the older boys a prize being given to the one who shows best form. A basketball game will also be one of the features of the programme. All the boys will take part and a large turn out is expected. The price of admission will be 15c or two tickets for 25c. Those who come will enjoy an interesting exhibition. Tickets can be had from any of the boys or at the building.

ATHLETICS

New York, March 31.—C. M. Daniels, the New York Athletic Club swimmer, and Marquand Schwartz, of the Missouri Athletic Club, sail on the New York for Europe to-day in advance of the rest of the American team, en route for the Olympic games at Athens. The pair will go direct to Paris, where they will take several days' practice to recover from the effect of their long idleness on board ship. From Paris they will go on to Naples, and continue their practice there, awaiting the rest of the American team, accompanying the main body from here to Athens.

A RIGHT WAY and A WRONG WAY

Many people have many ways to bring about the same result. Most of them are mistaken ways, but this is not known until the test of time points plainly to the error. Practically there are but two ways, to accomplish anything; a right way and a wrong way. Take, for instance, a man with a bad back, there are lots of them, and of various kinds, some with stiches and twitches, others with aches and twinges; then there's the dull, heavy continuous kind that lasts all day and doesn't sleep at night. They're all bad enough, they're all hard enough to get rid of. Some people rub the back with liniment, others cover it with plasters, either or both means often bring relief, but the pain comes back—it's the wrong way to cure the trouble.

DOAN'S KIDNEY PILLS
have a way to cure backache, a way that's all their own—the right way. They're made for the kidneys only. When the kidneys fail in their work of filtering the blood the back aches because they are situated in the small of the back; backache is the kidney's warning of trouble, and every day you let the warning [illegible] it brings you nearer to urinary [illegible] Diabetes, Bright's Disease, &c.
Doan's Kidney Pills cure every form of kidney ills and that's why they bring such quick relief from backache. Mr. Fred Gray, Good Corner, N.B., writes: "I was greatly troubled with pain across my back. I procured a box of Doan's Kidney Pills, and received so much benefit from them that I consider them the best remedy for kidney trouble there is. I would not be without them in my home."
Price 50 cents per box, or three boxes for $1.25, all dealers or The Doan Kidney Pill Co., Toronto, Ont.

Royal Arch Given At Nassau L.O.L.

A Number of Visiting Brethren Were Present.

At the regular meeting of the L.O.L. of Nassau last night the Royal Arch Degree was conferred upon a of the brethren, Brothers Albert E. Elliot and Jas. S. Jackson, were the candidates and the lecturers who gave the degree were Brothers Chas. McBrine and Allen Parker. Bro. John F. Leeson, W. M., was in the chair. Last night's meeting was honoured by the presence of Bro. Rev. A. H. Grace, who addressed the members present. A large number of the members of L.O.L. No. 60 were also present and an interesting evening was spent. Votes of thanks were heartily extended, before the dispersal of the members, to Brothers Brace, Alex. Young, D. M., and also the visiting brethren.

POLICE COURT.

This was the young people's morning at the police court. Dennis F. Jones, a youth 16 years of age, was charged with stealing $2.50 from a Lakefield man and $1.50 from a Peterborough man. He pleaded guilty to both charges. A remand for a week was granted by the chief, explaining that he understood there were several offences of a similar nature committed by the prisoner. The lad is an English immigrant, and has resided in Cobourg and Toronto. His record in both of these places was not very savoury, and he was sent to Apsley to reside there with a clergyman in the hope of doing him good, but the plan seems to have failed.

A young man, 18 years of age, was accused of trespassing on the property of his grandfather, where he has been living after being ordered to leave the place and stay away. He entered a plea of not guilty. It appears that the defendant refused to work and would not pay any board. His grandfather stated that he had made arrangements with the boy to be paid $2 a week for board, but that the contract was not lived up to. The boy in defence produced a document from his grandmother, giving him permission to reside on the premises. His Worship reserved judgment for one week, warning the boy to stay away from the property, and advising him his judgment would be rendered according to defendant's actions.

SOME WELL KNOWN NAVIGATORS LEAVE

Mr. Joseph H. Loudon, of McDonel street, marine engineer, has returned to his usual occupation on the steamer Norseman, which plies on the Great Lakes.

Messrs. Wm. and Douglas Copperthwaite, sons of Captain Fred. Copperthwaite, have left for the shore of Lake Huron, where they embark on one of the Great Lake steamers.

Mr. Fred. Hickey, son of the well-known boat builder, has also gone to Lake Huron, and will commence work on one of the navigation steamers soon.

You Want An Absolutely Sure Investment

The investment that we have to offer you has passed beyond the experimental stage.

It is a copper refinery, refining copper equal in purity to the very best product on the market.

And the supervision of this refinery is looked after by our principals, Mr. L. Sapery and Mr. H. Sapery, owners of the Syracuse Smelting Works.

Men who have spent years in experimenting and perfecting new methods for refining metals.

And ours is the only copper refinery in Canada.

But you can participate in the profits from this refinery by buying shares in the Montreal Copper Co., Ltd.

They sell for $100 each and last year yielded over 17 2-3 per cent.

This proposition is open to investigation at any time.

If you are in the city, telephone Main 1813, and we will make an appointment to meet you.

Or, write for our booklet—it contains interesting facts about copper.

Cattle Starving Case Postponed

Judgment Is Again Reserved Until Monday Next, the 8th.

Owing to the indisposition of County Police Magistrate Edmison, decision was not given this afternoon in the case of Bernard Naven, of North Monaghan, charged with the ill-treatment of cattle. Judgment is further reserved till next Monday.

Telescope Hat Will Be Worn A Great Deal

A Line on the Leading Styles for Headwear This Summer.

Mr. Fred. A. Clarke has just returned from a business trip to Toronto, where he met a representative of a leading New York hat firm. Mr. Clarke is an authority for the statement that light coloured hats will be proper for this season, and that the telescope hat will be extensively, in fact, almost exclusively, worn by young gentlemen of good taste. It is all the rage on the other side of the border, and promises to have an almost unopposed run. Fedoras and other soft hats will not be in much demand during the coming summer. The black Christie will still be the proper hat for dress occasions. Of course, there is never much conventionality concerning the wearing of caps, and their use will be much a matter of taste, although there will, of course, be one or two predominating styles. Brown Christies will, from present indications, not be as popular as they have been in other summer seasons.

MUSIC AND DRAMA

THE BOWERY GIRL.

Again last night did the Marks Bros.' Company demonstrate their ability as dramatists in the superior presentation of "The Bowery Girl." The audience was a large one and showed its approval of every scene by frequent applause. May A. Bell Marks, in the role of Roxie, Stephen's daughter, who was stolen by Mary Drake, as on the preceding nights that she has been before a Peterborough audience, again made a wonderful hit. The other characters were portrayed excellently by the rest of the company, and "The Bowery Girl" is attracting much favourable comment. The scenery was of a very high order, and all the specialties were well received. To-night, "Ned, the Waif," will be presented at the Grand, and as this is one of the best on Marks Bros.' list it will no doubt be greeted by a large house. To-morrow afternoon at the matinee, "Kathleen Mavourneen" will be the production.

City Council Goes Slowly In Matter Of School Question

They Demand Details and Something Near the Exact Amount to be Expended.

The City Council has evidently not an unqualified confidence in the discretion of the School Board.

The Board demanded $35,000 of an appropriation, to be used at discretion — as much as the Board might feel inclined to spend—for the erection of a public school building in the South Ward,

The Examiner, and others, protested against this carte blanche, reasoning that if the money were appropriated, it would be spent—its possession might easily provoke as much extravagance in expenditure on the part of the Board, as that body had shown in its demand.

The City Council, at a former meeting, with a too ready compliance, passed a resolution, consenting to the demand of the School Board for $35,000, for a public school building in the south-west part of the city, on an out-of-the-way site, and of a size disproportionate to the requirements of the school population.

Since the resolution was passed, the City Fathers have, apparently, reflected. The agitation against the proposal has set them thinking, to the effect that the demand of $35,000—admitted to be largely in excess of the amount required for even the kind of school proposed—should not be lightly met, and that large amount turned over to the Board to spend what they pleased.

Last night the City Council wisely declined to pass more than the first, or formal, reading of the bylaw authorizing the raising of $35,000 — the School Board must get plans and estimates, and come a little nearer to the amount of money which may be required. The Aldermen very properly, want to see where the money of the ratepayers is going.

Having done this much to rebuke the "previousness" and extravagant demands of the Board, the Council might go a step further.

The people have to pay the shot; why not consult the people as to their opinion on the matter? Why should not the council urge that the people have a chance to vote on the proposition. At the outset the City Council very readily passed a resolution granting the demand of the School Board, without consulting the people, who have to pay.

The City Council has receded from that unjustifiable position, and demanded detailed particulars as to cost before they pass the bylaw authorizing the raising of the money.

The City Council would be acting logically, and consistently, by following out their incipient rebellion against the autocratic attitude of the Board, and proposing the submission of the question to the votes of the people.

That would, doubtless, cost a little money, but it might be the means of saving a good deal of money from being expended for an unnecessarily large building, and in a part of the city where the school population does not warrant as large a building — now, nor in the not near future.

It would also be a practical lesson to the Board, as to the impropriety of ignoring the people, who pay, and expending the people's money, without their consent, and even in the face of the known opposition, of a large proportion of the people who pay.

If the School Board wishes to retain, or, possibly, gain the confidence of the people, they must show a little confidence in the people — the people who pay.

A. Brown & Co's March List Of Real Estate Changes

An Average of One Sale Per Day for Every Business Day in March—Real Estate Active in Peterborough.

Below will be found a list of the real estate sales effected by Messrs. A. Brown & Co., for the month of March. It will be noted that the sales made average one for every working day in the month. In the following list the first name is that of the seller and the second of the purchaser:—

Mr. Jos. Cobb, two lots on Aylmer street, near Landen street, to Mr. Wm. Mollmoyle.

Mr. R. Sewart, double house on Stewart street, to Mrs. Wilson.

Mr. J. J. Lynch, lot on Gilmour street to Mr. Fred Pearson.

Mr. Geo. Quinn, lot on Sherbrooke street, to Mr. John Dwyer.

Mr. J. J. Lynch, lot on Gilmour street, to David Hummel.

Mr. Jos. Bennier, house on Wescott street, to Mr. Mann, Bridgenorth.

Mr. Hudson, lot on Rubidge street, to Mr. Elphic.

Mr. Giles, vacant property between Wescott and Crescent street, to Mr. Jas. Taylor.

Mr. Wm. Gera's house and lot, Perry street, to Mr. Jos. Bennier.

Mr. John Irwin, house on Wescott street, to Mr. J. J. Stewart.

Mr. George Pegus, house and lot on Chamberlen street, to Mr. J. J. Stewart.

Mr. H. Robinson, 5-acre lot and dwelling, (near Catholic Cemetery,) to Mrs. Cunningham.

Mr. J. T. C. Lang, house on Bethune street, to Mr. John Tetro.

Mr. John Tetro, house on Aberdeen, East City, to Mr. Wm. Closson.

Mr. Wm. Closson, house, corner of Bethune and Wolfe streets, to Mrs. John Doughty.

Mrs. John Doughty, above property to Mrs. Stenton, (Babb's Lane.)

Mrs. Cunningham, house and lot, Sherbrooke street, to Mr. Marry Robinson.

Mrs. Geo. Syer, house on John street, to Mr. Wm. Gare.

Mr. John Shaw, house in Omemee, to Mr. Courtney, of the same place.

Mr. Gerard's house on Gilmour street, to Mr. A. Brown.

Mr. Wm. Byers, house on Sherbrooke street, to Mrs. Geo. Syer.

Dr. Morrison, house and lot on Crescent street to Mr. Jos. Madill — removing to city from South Monaghan.

Mr. Ed. Manning, house and lot, on London street, to Mr. Frank Darling.

Mr. Robt. Ingram, house and lot on Sherbrooke street, to Mr. Clarke.

Mr. A. R. Kidd, lot on Crescent street, to Mr. Jos. Madill.

Mr. A. Brown, house on Gilmour street, to Mr. Reg. Turner.

Another sale was that of a $5,000 farm in Smith township.

Similar Conditions As REGARDS POWER WIRES Exist In Port Hope

Port Hope Guide, After Referring to Decision Reached by Local Council, Points Out the Danger of Accidents From Electric Currents—Branches of Shade Trees are Often Seen Burning.

The Port Hope Guide, after referring to the determination reached by the Peterborough Council to have the wire system examined by an expert, has the following to say in reference to the matter:

We do not wish to arouse public alarm if there is no danger, but would it not be wise to have the wiring in Port Hope thoroughly inspected, and at the same time see to what extent the town of Port Hope would be liable in case of accident to either human or animal life through electric currents.

That there is some leakage from the wires few will doubt, and on a wet night is is not at all safe to touch any pole, and a certain letter box is so charged with escaped electric current that many persons have been shocked when posting letters.

In case of fire the firemen are exposed to great danger, for should a stream of water come in contact with highly charged wires uncovered or the covering worn, the current would in all probability follow the stream to the man.

We understand there is a current of between one and two thousand volts on the main wires, which is transformed by passing through the transformers hence to about 100 volts.

It has been a common sight for the branches of shade trees to be seen burning on our streets.

If there is no danger from electric currents we have a right to a positive assurance as to the condition of things, and certainly the town of Port Hope should not permit a wire on the streets or grant a franchise for any purpose unless it is clearly understood who would be liable in case of accident. This matter should not be left to chance or to the opinion of anyone not thoroughly conversant with the subject. The network of wires on our streets should be carefully inspected and reported upon.

Let our town council act promptly before a fatal accident compels them.

Mechanics, Farmers, Sportsmen

ANTHRACITE MEN ALL OUT.

They Obeyed Mitchell's Order—Bituminous Strike Less Serious—Acceptance of 1902 Scale by Operators.

New York, April 3.—The eve of the second meeting of the committees representing the anthracite mine workers and their employers finds the situation, so far as the hard coal fields are concerned, unchanged from that disclosed in the communications that have passed between the contending forces, which have been made public.

Both sides are hopeful, however, and there is a feeling among those vitally interested in the struggle that some way out of the present difficulty will be found. This feeling is based on the fact that each side has only played its first card, and that the real negotiations have not yet begun.

Only One Colliery Working Full.

Rumors that thousands of men would not obey the suspension order have proved groundless. The district leaders report that the only colliery working full handed is the People's Coal Companies Oxford operation, in the northern field, which is run almost exclusively by non-union men.

President Mitchell, who arrived yesterday, said that more than 100,000 soft coal miners have already been granted the 1902 scale, and predicted that by the end of the week fully 50 per cent. of the bituminous workers will have been given the advance. He thought that within 45 days every soft coal mine, where the men are organized, will be working on a union basis.

Not Far Long.

Indianapolis, April 3.—Information received so far at the national headquarters of the United Mine Workers of America last night indicate that the strike of soft coal miners will not be extensive for any length of time, many operators already having expressed a willingness to grant the miners' demands.

WINNIPEG'S CAR STRIKE.

Firms Charged With Threatening Volunteers On Strike Duty.

Winnipeg, Man., April 3.—The feature of yesterday's strike situation was a charge brought by officers of the 90th Regiment against J. H. Ashdown Hardware Co., Hudson Bay Co. and Stovel Printing Co. with having threatened men in their employ and members of regiment who were on strike duty with expulsion from service if they should fail to report for work on Saturday morning.

A car was burned in St. Boniface yesterday afternoon at 5.30. The city council decided at a stormy session late last night to go to the company in a body to-day and ask for arbitration.

Street cars were running without disturbance until 6 p.m. yesterday, when the service was discontinued and a settlement has not been reached.

Our testimonials are not from people in the States, but from your own city. Dozens of cases that have been under their physician's care for weeks and even months, have been cured by one or two bottles of Dr. Roscoe's Rheumatic Remedy.

Keep Brushed Up.

License Holders Have Numerous Objections

Want Amendments Made to Ten Separate Clauses—Think There Should be Compensation When a Man Loses His License Through no Fault of His Own—Strong Feeling Against Government.

Special Wire to The Examiner.

Toronto, April 4.—The following were the sections of the "Hanna Bill" that the deputation of Provincial license holders who waited upon the Government to-day asked to have amendments made to:

Section 3—Disqualification for election to Municipal Council.

Section 6—Re bar-tenders' license—A clause to be added providing for extra help on special days.

Section 9—Population to be ascertained by Dominion census.

Section 10—Increase in license fees and fee for transfer.

Sub-section C, Section 55 — The closing of licensed premises situated within 300 yards of fair grounds whilst fair is being held.

Section 14, Penalties—In many cases much too severe.

Section 19—Prohibiting the canvassing for orders by shopkeepers.

Section 22—Cancellation of licenses for third offence.

Section 26 — Refilling of bottles.

Section 28—Increased license fee for clubs to half license fee for hotels.

Compensation—Where a man loses his license through no fault of his own.

As will be seen from the above list of sections objected to, if the license holders have their way the complexion of the bill will be greatly changed. The feeling of the local and Provincial license holders against the Whitney Government appears to be very strong, and according to the sentiments they express they regard the position of the Whitney Government as very objectionable.

A prominent local license holder remarked yesterday to an Examiner reporter: "The Whitney Government will never be elected again, and this session is the last time Bradburn will ever sit for Peterborough." A prominent member of the Young Conservative Club said: "Whitney is making a fool of the license measure."

The license men are apparently under the impression that a deep injustice has been done them in even proposing what they consider such a ridiculous measure, and will fight strenuously against the bill becoming law in its present form.

MAY CONSIDER MATTER OF FIRE ALARM SYSTEM

A meeting of the Fire, Water and Light Committee of the City Council, has been called for to-morrow night. At the meeting, in addition to the routine business, several important matters are likely to come up for consideration.

Among other things the question of changing the fire limits will be discussed. At a recent meeting of the Board of Works, this matter came up in reference to a request from J. J. Turner, jr., and Jas. Finnie to erect houses in the fire limits with brick walls nine inches in thickness instead of thirteen, as called for by the bylaw.

The question was left in the hands of the Fire, Water and Light Committee, and that body will likely go thoroughly into the whole matter tomorrow night.

Another question that may be dealt with is that of a new fire alarm system for Peterborough. A demonstration of an electrical alarm system was given here some time ago by a Montreal firm and the committee are now prepared to deal with the matter.

Best Cattle Come To Peterborough

Mr. H. P. Kennedy Has Secured a Choice Lot.

Mr. H. P. Kennedy, the local stock dealer, has just purchased a load, some herd of butcher's cattle at the Toronto market. This is another of the many instances of the enterprising trade carried on by Mr. Kennedy, and his endeavours to place before the public the choicest of meats are meeting with much favour. The following is The Toronto World's account of his recent purchase: The best load of straight butcher cattle on the market to day was sent in by John Hutchinson, of Tavistock, and was sold by Mayhee, Wilson and Hall to H. P. Kennedy, of Peterborough. They averaged 1,120 pounds in weight, and sold for $5.30 per cwt. They were a mixed load of steers and heifers, mostly 2 year-olds, and were "beef from the hoofs up." Mr. Kennedy intends them for his Easter trade in Peterborough. He has now the finest provision store in Ontario, and his trade requirements call for the best beef that Ontario can produce.

How He Beat The Street Cars

A Torontonian Keeps a Record of Fares He Never Paid.

A small account book was picked up in the street recently showing a systematic record of the number of times its owner got ahead of the street railway company. The blank pages of this book are ruled off in ledger form and each account headed with the name of a street car route in Toronto. For instance, there was "Church Street," with a debit on the left hand side and a credit on the right. "Bloor and McCaul" the same—and so on over the entire system. Evidently, when the owner of this book paid a fare he charged it up against the car line he patronized, and whenever he saved a fare he credited himself with five cents.

At first glance it might appear that the owner of this account book was in the habit of dodging the conductor's box, but this was not the case. The fact is, the fares were saved by riding a bicycle instead of paying the street car company for evenings and goings, and the fares were contributed on rainy days when the wheeling was unpleasant. On August 6, 1905, he made an entry against "Bloor and McCaul" as follows: "One fare—last of quarter's worth of tickets bought June 2nd." The total of fares unpaid amounted to nearly thirty dollars in seven months.

MID-WEEK LENTEN SERVICES TO-NIGHT

The address at the mid-week Lenten service at St. John's to-night will be given by Rev. E. L. King, M.A., of St. Thomas church, Toronto.

The service will be followed by a vestry meeting.

St. Luke's.

The special preacher at the Lenten service to-night at St. Luke's will be the Rev. J. H. Teney, rector of Omemee.

Choir practice will be held after the service.

Rev. E. A. Langfeldt has gone to Lakefield to preach to-night at St. John's church for the Venerable Archdeacon Warren.

Clark's Pork and Beans.
Always greatly enjoyed by children and there's nothing better for them. Get Clark's and you get the purest and best. 15c and 20c tins.

Splendid Address Given Last Night By Rev. Mr. Major

"A Trip Up the Nile" Was the Topic of Interesting Lecture—The Illustrations Were Clear and the Discourse Very Instructive—The Architectural Wonders of a Decayed Nation Strikingly Depicted.

A LECTURE OF GREAT INTEREST

Rev. Mr. Major gave a splendid illustrated lecture at All Saint's last night on a "Trip up the Nile." The ground covered was from Alexandria to Nubia, and the discourse was scholarly and instructive. A fine view of Alexandria illustrated very clearly the unique character the Oriental streets. The illustrations of Cairo showed the tombs of the Mameluke and the speaker gave a graphic description of their slaughter in 1811 by Mahomet Ali, the atrocious ruling Sultan. The Suez Canal was shown and its political importance to Great Britain referred to. The pictures of travelling on the Nile were very realistic, and the methods of travelling both by passenger and cargo boats were illustrated. Other views were given of different places along the Nile Thebes and Karnak being particularly dwelt upon. The plan of construction of the the Egyptian temples all of which were very similar, were clearly illustrated and the enormous columns and remarkable and well preserved colourings were particularly mentioned.

History from the Scriptures formed an important part of the address and the speaker told of Jacob's descent into Egypt and the defeat of Rheoboam by Shisac, ruler of Egypt. A colossal pyramid was illustrated, having a base 727 feet square and tapering to a height of over 400 feet. This wonderful structure consists of over 6,000,000 feet of solid masonry. The world famous Assouan Dam which "harnessed the Nile" and which was formally opened by H. R. H. The Duke of Connaught, on Wednesday, Dec. 9th, 1902, was one of the most interesting and appreciated views shown. Referring to this wonderful sample of human ingenuity an exchange says:—

A Revival of Wisdom.

In the time of the Pharaohs works of this kind were constructed, and one channel, dating from the rule of Joseph the Israelite, still survives. For thirty centuries Egypt has been declining, under misrule, incapacity and poverty. At different periods undertakings to increase the utility of the Nile were set on foot. But none were of much value.

Twenty years ago, when the overlordship of Egypt passed to Great Britain, the repair and extension of the Nile dams was at once begun. The restoration of the Cairo barrages was the first step. Engineers then declared that the Nile supply of water would have to be stored if additional results were to be achieved. Recognizing the ability and administrative success of Lord Cromer's rule in Egypt, London capitalists offered to construct two huge dams across the river at Assouan and Assiout, thus creating two huge reservoirs of water, which could be used as required for irrigation purposes. The cost is £25,000,000, not to be paid for until successfully completed. Sir Ernest Cassel, the financier, furnished the money.

Numerous other capital illustrations, the total number of which was 60, were given.

Rev. E. A. Langfeldt manipulated the lantern.

One point most emphatically proven was the downfall of Egypt as vowed by God. A country noted for its wonderful architecture, fine arts and clever people has literally been humbled to the dust.

Hands Crushed By Heavy Window

Painful Accident to Daughter of Mr. J. M. Brooks.

Miss Annie Brooks, daughter of Mr. J. M. Brooks, of the Palace Restaurant, was the victim of a rather painful accident yesterday afternoon. While attempting to close a heavy window the supporting stick fell out dropping the sash down on her hands which were very severely cut and bruised. Dr. Bradd dressed the wounds. An examination showed that no bones were broken.

THE WATER WAGGON WAS OUT TO-DAY

Street Commissioner Harry Evans, and his gang of twenty men, are nearly finished with their work of putting the principal streets in order, and for so early in the season, they are in remarkably good shape.

The central watering cart was out this morning and laid the dust, much to the satisfaction of the merchants and pedestrians alike. The dust evil continues unabated in other sections of the city and will remain so until the tender for street watering is let. The matter will probably be dealt with at the meeting of the Board of Works to-night.

Cressmans

Mr. W. R. Tiffin Passed Through The City To-day

On the Way to Foxboro to Superintend G. T. R. Work at That Town.

The private car of W. R. Tiffin, assistant G. T. R. superintendant, passed through the city on the way to Foxboro. The track at Foxboro, as noted in a former issue of The Examiner, was raised 10 or 12 feet last fall, and the sidings will have to be elevated to the same height. Work on the elevation of the sidings was to have commenced to-day, but it was found impossible to carry on operations owing to the amount of frost in the ground. It is expected that the work will be carried on in full swing in the course of a few days.

Meetings Held At Murray Street

Three Societies Held Sessions Yesterday Afternoon and Evening.

The regular meeting of the Ladies' Aid Society and Mission Circle of Murray street church was held yesterday afternoon. Mrs. Ellis presided at the meeting of the Ladies' Aid, and Mrs. (Dr.) Hunter, president, occupied the chair at the mission workers' session. At the latter meeting Miss Weir, of the Collegiate Institute, read an interesting and instructive paper on "Missions." In the evening the Willing Workers held an enthusiastic assembly, each member, in response to the roll call, giving some missionary information.

A THOUSAND YESTERDAYS

Cannot Combat the Success of the Ideas of To-day.

The success of the Semi-ready tailoring system is founded on an appeal to reason after the making of clothes on a system which surpasses the ordinary hand-made clothes for men. The founder of the Semi-ready Company, now a prosperous resident of New York, was a Canadian merchant. After a visit to the Semi-ready tailor shops in Montreal, one could as soon think of ordering a pair of shoes from a cobbler in preference to the Goodyear-sewn shoes, as to trust the manufacture of a suit of clothing to the average tailor. No custom-tailor can have the facilities for designing, shaping and making a suit such as these, as can be had under the Semi-ready system. There is only one Semi-ready system, and it is found in the Semi-ready shops. [illegible] owned by one of the three [illegible] two who have short [illegible] Semi-ready ideas.

VABUABLE PROPERTY

For Sale in Lakefield.

If not disposed of before the first of May, 1906, I will sell by Public Auction, before the 15th of May, my late residence and lot, "Salembower." This property is well built, lighted with electric light and has telephone connection. It is situated on the corner of Colborne and Chippewa streets, 10 room house, with kitchen and pantry, white brick, and is in thorough repair. A force pump supplies water for bath room, upstairs and there is a never-failing hard water well in the kitchen. I will accept $2,175, on easy terms of payment. Having purchased property in the West, I will sell above property at this low figure. It was erected as a home for myself. Any person desiring to purchase the property may confer with Mr. Wm. Harper, Lakefield. For further particulars write T. E. Ball, Superior Nebraska, R. R. D., Route No. 3.

FOR SALE.

The residence of Mr. J. A. Fife, corner of Wolseley and Benson streets, a large well-built, comfortable brick residence, with large grounds; will be sold very reasonable as the owner is leaving Peterborough. Terms on application to STABLER & SWITZER, Real Estate Agents, Market Block, George street.

FOR SALE

Near Downey's Corner, a 20 acre Lot. Part of the estate of the late Henry Bennett. Suitable for market garden. For terms of sale and further particulars, apply to

H. R. STEWART

South-west corner of London and Reid Streets, Peterborough.

Fruit Cures Constipation

"Fruit-a-tives" cure Constipation because they are made of fruit.

Constipation comes from just one cause—lack of bile. It is the bile—flowing into the intestines—that causes the bowels to move. More bile is the only thing that can cure Chronic Constipation.

Fruit acts directly on the liver. It stimulates and strengthens the millions of tiny liver cells—causes more bile to be made—and makes the liver give up more bile to the bowels.

MRS. KATE KURTZ, Dunnville, Ont., writes stating that for years constipation was her trouble, and says:—"I have used "Fruit-a-tives" with great benefit, and they are a grand medicine for constipation and other stomach trouble. I would not care to be without them in the house, they are so good."

Cathartics, pills, salts, aperient waters don't reach the liver. They merely irritate the bowels and make the bowels move by irritating the lining membrane. Constipation is made worst by such drugs.

Fruit-a-tives

or Fruit Liver Tablets.

contain no calomel, cascara, senna or other bowel irritants. They are concentrated fruit juices, combined and made more active medicinally by our process of uniting them. "Fruit-a-tives" are a liver tonic. They tone up and stimulate the liver—and cause the liver to secrete more bile. This means a healthy bowel action and a permanent cure for Constipation, Biliousness and kindred troubles.

All druggists should have them. Sent prepaid on receipt of price—50c. a box or 6 boxes for $2.50—by

Fruit-a-tives Limited,

Ottawa.

WEDDING BELLS

WILLIAMSON—HORNER.

A very pleasant event took place on Wednesday last, at the home of Mr. and Mrs. John Horner, Millbrook Station, when their only daughter, Gertrude, was united in marriage to Mr. Offa W. Williamson, of Bensfort. The interesting ceremony was performed by Rev. G. R. Clare, under a canopy of roses and evergreens, in the presence of the immediate friends and relatives of the contracting parties. The bride, who was given away by her father, was attired in ivory-oreps de Paris, with satin belera and Dover lace, carrying a shower bouquet of white roses. Miss Mabel Hutchinson, cousin of the bride, made a dainty little flower girl, and was dressed in cream silk, carrying a basket of pink carnations. The wedding march was skilfully played by Miss Martin, of Welcome. After the ceremony a sumptuous wedding dejeuner was served.

The large number of costly presents received by the bride was a token of the high esteem in which she is held. The groom's gift to the bride was a cheque; to the little flower girl a crescent pin; to the organist a pearl brooch. A pleasant evening was spent, after which the happy couple left for their future home at Bensfort, followed by the hearty good wishes of their many friends.

Among the out of tokwn guests present were Mr. T. H. Horner, G. T. R. roadmaster, Allandale; Mr. Harold Horner, of Lindsay; Mrs. Jas. McCardy, Peterborough; Mr. and Mrs. W. H. Hutchinson, South Monaghan; Miss Martin, of Welcome; Mr. Jos. Gordon, of Hope; Miss M. Horner, of Elisabethville, and Mr. G. E. Williamson, of Cavan.—Port Hope Guide.

A GUARANTEED CURE FOR PILES Itching, Blind, Bleeding, Protruding Piles. Druggists are authorized to refund money if PAZO OINTMENT fails to cure in 6 to 14 days. 50c.

BISHOP SWEATMAN WILL TAKE REST

The physician attending Bishop Sweatman insisting on complete rest and quiet for a few weeks, His Lordship will not take up the confirmation services through the diocese next week, as was hoped a few days ago.

Bishop Stringer, of Selkirk, and Bishop DuMoulin, of Niagara, will officiate at the confirmation to be held this week, and further arrangements will be made from time to time, so that all candidates throughout the diocese may be confirmed as near the dates first proposed as possible.—Mail and Empire.

Cures a Cold in One Day, Grip in 2 Days

Salvation Army And Immigration

General Booth Deals With Character of Immigrants.

In a paper on "Our Emigration Plans," which is published in The Journal of the Royal Canadian Institute, General Booth describes the character of the Salvation Army emigration project. In the first place he points out the extreme necessity for some such experiment since millions of people in Great Britain are constantly in danger of actual starvation. He says:—

There can be no question as to the reality and extent of the evil, for beyond question there is far more misery of this description than comes to the surface. Some of the greatest of these sufferers endure their agony out of sight. They pine and struggle and die in solitude. This terrible poverty is a great discredit to our boasted civilization, a reflection on our religion, and in the long run imposes a serious financial burden on the shoulders of the community.

He proposes not to establish emigration on a small scale, but "a bridge across the seas, as it were, to some land of plenty." Obviously these emigrants will be poor, but the Irish in the United States and the Cornish in New Zealand have not remained poor.

Good character is in essential. General Booth says:

I should not think any man was a suitable emigrant for Canada, Australia, Africa or elsewhere, whose character would unfit him for employment at home. Every selected candidate for emigration must, to come up to our standard, be honest, industrious and sober.

General Booth holds that the Salvation Army is well qualified to judge as to the fitness of the emigrants. He says: "We are among the people, of the people, and are, therefore, able to judge the people. Our officers and soldiers know what constitutes a decent, industrious, promising workingman, because they are decent industrious people themselves and will speak the truth that they do know."

General Booth gives an account of the company of women and children who sailed for Canada on the Kensington and arrived at Halifax about the middle of March, to be dispatched within twelve hours to different parts of the Dominion, one hundred and seventy to the Northwest, and seven hundred to Ontario, while the remainder found homes in every part of the country from the Maritime Provinces to the far West. Of these, General Booth says:—

Sixty-five per cent. were born and bred in the country, and have grown up more or less following the business of agriculture. Some of these have emigrated to the towns. Fifteen per cent. are mechanics. Ten per cent. are professionals, tradesmen and the like. Ten per cent. are domestic servants. Of the entire number eighty per cent. intend settling on the land.

The appearance of these emigrants on landing was of a nature entirely to dispel the impression that they are of the class of social outcasts. They are, as far as possible, outside the average conception of what social riff raff may be, and they should make good and useful citizens, active producing agents, in fact so many human additions to the wealth of the Dominion.

So far neither the Dominion nor the Ontario Government has done anything in the way of a definite plan to assist the Salvation Army emigrants by land and money. Such a plan at any rate should not be hastily dismissed. On the contrary it is worthy of grave consideration. General Booth describes it as a fair contract and concludes:

You colonial gentlemen have the millions of acres, I might say, the thousands of square miles, of fertile, life-preserving country, unoccupied or comparatively so. We over here have the thousands, the tens of thousands, of men, women and children, who are dying for want of that which the unoccupied country will readily produce. Your land means life and happiness, I might say heaven, to our people. Our people mean power and satisfaction, and I might say heaven to you.—Ottawa Journal.

THE WORST KIND

After Piles have existed for a long time and passed through different stages, the suffering is intense—pain, aching, throbbing, tumors form, filled to bursting with black blood.

Symptoms indicating other troubles may appear to a throughly Pile-sick person.

This is when Dr. Leonhardt's Hem Rold, the only absolute Pile cure, brings the results that has made its fame.

It will cure the most stubborn case in existence and a bonded guarantee to that effect goes with each package.

Hem-Roid is to be had for $1.00 at the drug store, or from The Wilson-Fyle Co., Limited, Niagara Falls, Ont. 3

TORONTO LIVE STOCK MARKET PRICES

The receipts of live stock at the Union Stock Yards to-day were 30 cars, consisting of 1,323 cattle, 7 sheep, 14 hogs, 44 calves and 10 horses. The quality of fat cattle was good. Trade was good. Export prices ranged from $4.75 to $5.25, the bulk selling at $4.90 to $5.10. Export bulls sold at $3.50 to $4.25. Butchers' prices for picked lots of choice ranged from $4.75 to $5.10; good from $4.60 to $4.90; medium $4.25 to $4.50; common $3.50 to $4.00; butcher cows $3.50 to $4.00; canners $3.25 to $3.75; feeders from $4.00 to $4.50; stockers from $3.00 to $3.75. Veal calves sold at $4.00 to $7.00 per 100 lbs.; milch cows and springers at $40.00 to $54.00. Sheep and lambs.—Export ewes from $5.00 to $5.50; bucks $4.00 to $4.50; yearling lambs $6.00 to $6.75; spring lambs at $5.00 to $8.00. Hogs.—Selects sold at $6.00; light $6.75; sows $4.00 to $5.00; stags $3.00 to $3.50 per 100 lbs.

SUGGESTS BURYING TELEPHONE WIRES

The Lindsay Post, in reference to a matter that should be of great interest here, says: There are, no doubt, some citizens who would have preferred that the town council had granted an exclusive franchise to the Bell Telephone Company recently and compelled them to lay all their wires on the main street underground. Sarnia has been one of the first of the smaller towns to insist upon the wires being placed underground, but before doing so the Bell Company secured an exclusive franchise for five years. With the fine main street which Lindsay is proud to boast of, would not our citizens rejoice if the poles that now disfigure the thoroughfares were done away with and the wires installed underground? Even an exclusive franchise for five years might be conceded if in return we would secure so desirable an improvement as the removal of the poles and wires—because the telegraph companies could use the same conduits.

A SPRING TONIC.

Weak, Tired and Depressed People Need a Tonic at This Season to Put the Blood Right.

Spring blood is bad blood. Indoor life during the winter months is responsible for weak, watery, impure blood. You need a tonic to build up the blood in the spring just as much as a tree needs new sap to give it vitality for the summer. In the spring the bad blood shows itself in many ways. In some it breeds pimples and eruptions. In others it may be through occasional headaches, a variable appetite, perhaps twinges of neuralgia, or rheumatism, or a lazy feeling in the morning and a desire to avoid exertion. For these spring ailments it is a tonic you need, and the greatest blood-making, health-giving tonic in all the world is Dr. Williams' Pink Pills. Every dose helps to make new, rich, red, health-giving blood, which reaches every nerve and every organ in the body, bringing health, strength and energy to weak, despondent, ailing men and women. Here is proof. Mrs. Chas. Blackburn, Aylesford Station, N. S., says:—"For the past ten years Dr. Williams' Pink Pills, the only medicine. I have taken when I found I needed a medicine. Last spring I was feeling poorly, was weak, easily tired and depressed. I got three boxes and they made me feel like a new person. These pills are the best medicine I know of when the blood is out of order."

Thousands of people not actually sick need a tonic in the spring, and to all these a box or two of Dr. Williams' Pink Pills will bring new energy and new strength. To those who may be more seriously ailing, who are suffering from any of the ailments due to bad blood—a fair treatment with these pills will bring new health and vitality. You can get these pills from any medicine dealer or by mail from the Dr. Williams' Medicine Co., Brockville, Ont., at 50 cents a box or six boxes for $2.50.

PERSONAL ITEMS FROM WESTWOOD

ADDRESSES TO MAGISTRATE IN CATTLE STARVATION CASE

Judgment was further reserved in the case of the Crown v. Naven, the accused cattle starver, which came up before Magistrate Edmison yesterday afternoon. Crown Attorney Wood and Mr. O'Connell, counsel for the defendant, addressed the magistrate, advancing their respective opinions. The magistrate was suffering from a distressing cold and was not able to express his reasons for his decision, and so reserved judgment.

Mr. O'Connell's Address.

Mr. O'Connell, in reference to the case, said that it was one of the weakest he ever witnessed, and that there was not the slightest grounds from the evidence to prove that the accused was guilty of the charge. There was not the slightest evidence, he said, that Naven's cattle died from starvation.

If the stomachs of the dead animals had been examined the mutton would have been easily decided, but from the evidence of Geo. Giles, he contended, there was nothing to prove that the animals were starved. He also referred to the 18-year enmity between this witness and the accused, which, no doubt, had led him to assume a spirit of vindictiveness in order to get even with Naven. Defendant had oats, barley, hay, peas and turnips in his barn, and unoubtedly there was ample fodder to feed the stock. From the fact that the cattle died within two or three days would indicate, he considered, that they did not die of starvation, but rather from some disease.

Mr. Wood's Address.

Mr. Wood, in addressing the magistrate, contended that it was not absolutely necessary that it should be proven that these cattle died from starvation, but from the fact that dead animals were left for almost a week beside their companions in the stable, was enough to warrant a severe punishment. He considered it proper for Giles to investigate the report of his younger brother. No man, he said, except the most callous, could have remained around that community with a true knowledge of the existing affairs without informing the authorities. From the evidence there wasn't a straw in the whole stable, either for fodder or bedding, which went to show that food was lacking. The attorney considered it as one of the most diabolical cases that could exist in any community, and asked for the highest penalty that the law allows.

The magistrate, for the reason stated above, reserved judgment until Monday, April 9, at 3 o'clock.

The Happenings From Havelock

What is Transpiring in the Live Eastern Town.

Special to The Examiner.

Havelock, April 3.—Miss Moffatt, of Marmora, is spending a few days in town.

Miss Cora Crowe, of Stony Lake, is the guest of Miss Huston.

Mr. Wm. Cuthbertson, of Norwood spent Saturday, of last week in Havelock.

Mrs. John Weir, of Norwood, spent Saturday, March 31, in town, the guest of Mrs. Williams.

Mr. Geo. Andrews, of Norwood, is spending a few days in Havelock, the guest of his brother, Mr. Will Andrews.

Mr. Sid Fisher, of Hastings spent Saturday in town on business.

Messrs. Thompson, Campney, Young Morrison, Joyce and Ghent, also Reeve Johnston, of Belmont, have returned from Ottawa. They accompanied the deputation to Ottawa to meet the Minister of Railways and Canals. The above gentlemen speak very highly of their reception at Ottawa.

Mrs. J. B. Pearse, of Norwood, is in town, visiting her son, Charlie.

Mrs. J. Barlow has been confined to the house for the past three weeks with a serious illness.

Mr. Garratt, of town, has been very ill for the past five weeks with inflamatory rheumatism.

A jolly load of our young people drove out to the McGill school to attend an oyster supper. Owing to the heavy load and bad roads some of the boys report lots of walking but they didn't say it was good.

Mr. and Mrs. H. T. Andrews and Mr. Will Andrews spent Sunday under the parental roof at Norwood.

Miss Ida G. Jerarum and Mr. Fred Buck, of Norwood, were guests at J. R. Craig's, on Sunday.

Miss Gertie McLaughlin, of Norwood and Mr. Percy Spence, of Lakefield, spent Sunday in Havelock the guests of Mrs. Ritchie.

Rev. J. H. Hector, the famous preacher and lecturer, commonly known as the "Black Knight," preached two very eloquent sermons in the Methodist church on Sunday. He lectured in the town hall on Monday evening to a very large and appreciative audience. The subject of his lecture was "Reminiscences of the American War."

One evening last week when the skaters were coming from the rink at a rather late hour, they were surprised to meet a crowd of Campbellford people coming for a skate. In explanation of their late arrival they said that one of their horses balked. This don't speak very well for their driver. However, they all went back up street again and after painting the town red they loaded up and started for Campbellford about 1.30. Reports say they were seen walking into town about 5.30 the next morning. Come again Campbellford and come early so as to avoid the rush.

Miss Eva Lancaster, of town, spent Sunday in Norwood, the guest of the Misses Smith.

Messrs. Rollie Graham, Arthur Gabriel and Clarence McKnown spent Sunday in Norwood.

Mr. Dennis Mahoney, of Norwood, spent Saturday in town on business.

Mrs. Matheson and her daughter, Annie, have returned home after a two months' trip, visiting friends in Toronto and other places.

Dr. McLean, of Bancroft, is in town the guest of Mrs. Matheson.

Rev. [illegible] Reid, of Campbellford, conducted the Lenten services in Christ's church on Thursday of last week.

To Rebuild The Body

WHEN IT IS WEAK AND WASTED BY OVERWORK OR DISEASE YOU CAN USE

DR. CHASE'S NERVE FOOD

"Our bodies," says Huxley, "may be likened to an eddy in the river, which retains its shape for a while, though every instant each particle of water is changing."

The tissues of the body, composed of millions of tiny cells, are being constantly broken down and wasted away by the process of life and especially by overwork and disease.

In order to reconstruct these wasted tissues there are necessary such elements as iron, sulphur, magnesia, potash, etc., and when these are not supplied in sufficient quantities in the food we eat it is necessary to aid Nature by the use of certain restorative preparations.

Especially during the winter season foods are unusually artificial and as a result the spring finds the body in a weak and run-down condition.

Dr. Chase's Nerve Food is particularly effective under such circumstances because it is composed of the very elements of nature which go to form new, rich blood, create new nerve cells and rebuild wasted tissues.

This great food cure as radically different to the medicines that are usually used for nervous diseases, for while they stimulate tired nerves to overexertion or by narcotic influence soothe and deaden them, Dr. Chase's Nerve Food revitalizes the wasted nerve cells and so accomplishes lastingly beneficial results.

While modern and scientific in composition and preparation, Dr. Chase's Nerve Food has been on the market sufficiently long to prove in thousands of cases its extraordinary restorative and reconstructive power.

For men who are suffering from headaches, indigestion and sleeplessness, for women who besides these symptoms suffer from weaknesses and irregularities of the delicate feminine organism, for children who are pale, weak and puny, there is, we believe, no preparation extant which will bring about such satisfactory results as the use of Dr. Chase's Nerve Food, 50 cents a box, 6 boxes $2.50, at all dealers, or Edmanson, Bates & Co., Toronto.

Had Better Take Seat at the Board

Port Hope Councillor's Advice to Mr. Culverwell.

In the Port Hope Guide appears the following, which should be of interest here:

Moved by Mr. Ralph, seconded by Mr. McMullen, that the offer of the 14th of March from the president of the Port Hope Electric Light and Power Co., to light the town for the space of three months under the terms of the last agreement between the said company and this corporation be, and the same is hereby accepted, and the clerk is hereby authorized to notify Dr. Corbett to that effect, the lights to be turned on by the order of the chairman of the Fire, Water and Light Committee.

Mr. Culverwell said that as a ratepayer he would like to know what this last agreement was. It was not so long ago that there was considerable trouble about this supposed last agreement, and he thought it would be better to give the date of the agreement referred to in Mr. McMullen's resolution.

Mr. McMullen said if Mr. Culverwell wished to run the council's business he had better take a seat at the board.

Mr. Culverwell remarked that he had no desire to run the business of the council, but he did wish to safeguard the interests of the public, and felt that the date of the agreement referred to should be given.

Mr. McMullen thought there was no necessity whatever for the date.

FOR HINDERING FLOW OF WATER

Judgment was reserved in the case of Hugh Mackay, of Douro, v. J. J. McBain, which came up yesterday afternoon before His Honour Judge Weller. The plaintiff charged McBain for the hindrance of the flow of water from his property. All the evidence, in connection with the case was taken, but the judge reserved his decision until a later date.

MAPLE SYRUP ON THE MARKET

Mr. Archie Carveth, of Hall's Glen, was on the market this morning with 50 gallons of the purest of maple syrup. Mr. Carveth says that the sugar season is not so bad as has been reported, and that several around Hall's Glen have began the industry with good success. Maple [illegible] this morning was selling for [illegible] per gallon.

Newsy Notes From Omemee

Interesting Personal Notes From That Village.

Special to The Examiner.

Omemee, April 2.—The weather is quite spring-like, and farmers are preparing for seeding.

On account of the sale of the sugar beet property, creditors herd will again willingly try the sugar beet crop, as everyone was well pleased with the

The service in the Presbyterian church begins next Sabbath at 3 p.m., after having evening service for the winter months.

There has not been much of a run of sap as yet this season, and not much is expected.

Harry Hayes, presently of Peterborough, leaves for Brandon tomorrow, and James Fee, son of Councillor Isaac Fee, goes to Carberry.

Fred Weir, of Emily, accompanied the Orr brothers of Peterborough about one month ago to the Canadian Northern Railway, Manitoba, and reports a severe tryingt ime.

The funeral of the late Mr. Dunlop, a former resident of North Monaghan, was largely attended here on Friday last. The remains came here, where the deceased won a respectable and trustworthy reputation, being civil and obliging with every one.

A STRONG HEART AND STEADY NERVES

Very important it is in this age of competition to have a clear cool head, a strong heart and steady nerves.

Too much rush and hustle, work and worry, fall to the lot of the average business man—his heart and nerve system will not stand it—he gives them too much work to do. Women also are doing the same thing attending to their household duties and looking after their social obligations. The constant strain under which they have to continue day in and day out, the irregularities of habits and loss of rest will soon shatter the strongest system. Before long you become nervous, starting at the least sudden sound, the heart flutters and palpitates, specks float before the eyes, the pulse becomes weak and irregular, you have faint and dizzy spells, lack of self-confidence, rush of blood to the head, irritability of temper, shortness of breath, starting in sleep, sensation of pins and needles, sleeplessness, restlessness and finally physical breakdown or nervous prostration.

MILBURN'S HEART AND NERVE PILLS

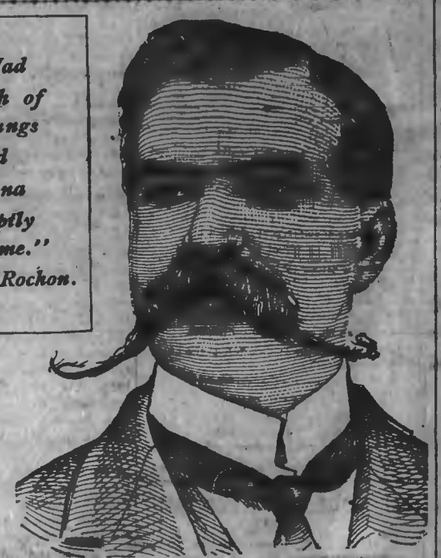
are the remedy you require to restore your strength and health. Their extraordinary curative power manifests itself immediately they are taken. Through the medium of the nervous system they impart a strengthening and restorative influence to every organ and tissue of the body. Many have been cured, among them being Mr. Ray V. Coomier, Wellington, P.E.I., Mrs. E. Kilner, Humberstone, Ont., Mrs. C. McDonald, Portage la Prairie, Man., Mr. Walter Cleveland, Haywater, N.S., Mrs. Owen Martin, Alma, N.B. and thousands of others.

The price of Milburn's Heart and Nerve Pills is 50 cts. per box or 3 boxes for $1.25. Can be procured at all drug and general stores, or will be sent on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

SEVERE CANADIAN WINTERS DEPRIVED OF THEIR DANGER.

Colds and Their After-Effects Conquered By the Use of Pe-ru-na.

"I Had Catarrh of the Lungs and Peruna Promptly Cured me."
--Alfred Rochon.



Hon. Alfred Rochon, President Canadian Foresters, 76 Fleurie street, Quebec, Canada, writes:

"I am pleased to add my testimonial to the many I see to the efficacy of Peruna. I suffered for some time with chronic catarrh of the lungs and really thought that I was not to get any relief, as I had used so many remedies and my condition remained about the same.

"Finally I decided on Peruna and that was a lucky day for me, for it proved to be the remedy which cured me. My lungs are perfectly sound now and I have not had the slightest trouble with them since, and at the slightest indication of a cold now I take a few doses and it will always ward off any bad effects."
---Alfred Rochon.

Catarrh of the lungs is, ordinarily, known as consumption. In these cases the catarrh has usually found its way into the lungs by the gradual extension of the disease from the throat through the bronchial tubes. Consumption is the natural termination of all cases of neglected chronic catarrh. Every one who is afflicted with chronic catarrh is liable to be attacked with consumption at any time. In the first stages of the disease Peruna is a sure cure.

A slight cough, which, without a vestige of doubt, would soon disappear with the use of Peruna, becomes chronic bronchitis, which requires a persistent use of Peruna for some time. There are a great many cases of consumption every year due directly to a cold.

Peruna is for sale by all first class drug stores at $1 per bottle.

Send to The Peruna Medicine Company, Columbus, O., for Dr. Hartman's free book, entitled, "Chronic Catarrh."

WEDNESDAY, APRIL 4, 1906.

PLENTY OF WATER FOR TRENT CANAL.

Yesterday the Globe, in the course of an article under the heading "Canals and Summit Lakes," apparently tries to give the Trent Canal a modest black eye. After referring to the possibility of there being an insufficient water supply to successfully operate the proposed Georgian Bay and Ottawa Canal, the Globe has the following remarks to pass upon a similar subject in relation to the Trent Canal. The Globe says:

In this connection it is interesting, as a matter of both physiography and navigation, to note that there is a somewhat similar problem to solve in the construction of the Trent Valley Canal between Balsam Lake and Lake Simcoe. West of Balsam Lake there is a summit to be overcome, and the water for the deep cut, and the lockage down some hundreds of feet to Lake Simcoe must be taken from the Trent River, which has no natural outlet westward. The Gull and Burnt Rivers, with their numerous streams and storage lakes, make one of the finest water-power and electric energy potentialities in Canada. Together with many considerable tributaries they make up the volume of the great stream known under various names, but chiefly as the Otonabee and Trent Rivers. By nature every gallon of water due to the rainfall over a wide expanse dotted with lakes, and covered for the most part with primeval forest, belongs to this system, and when the possibilities of transmissable electric energy, are fully revealed, the people of a new generation will learn with amazement, that among the most persistent advocates of the diversion of a large portion of this water down the Lake Simcoe slope, were the inhabitants of Trent Valley towns, which will be in a position to utilise all the power it could furnish at its unimpaired best. In dealing with such engineering problems there is always cost and often loss involved by fighting nature instead of co-operating with her.

We are very much obliged to the great journal for its solicitude for the welfare of our power production possibilities. But there does not seem to be any danger of lack of water supply. With the proper conservation of the waters of the immense region tributary to the Trent system, by the construction of proper reservoirs for holding back the waters at the time of spring flood, to be distributed, as needed, there will probably be a third to double the water at present available. The Dominion Government is now in charge of this work of providing reservoir conditions, and when it is completed there will be a very important addition to the volume of water which will be placed under control for canal, and, incidentally, for power purposes.

The Globe does not do credit to its usual accuracy in stating that the difference in level between Balsam Lake—the summit—and Lake Simcoe is "some hundreds of feet." The drop from the summit to Lake Simcoe is only 122 feet, and this is overcome largely by the Lift Lock at Kirkfield, which covers a descent of 48 feet 6 inches. This Lift Lock will use comparatively little water, just enough to fill the pontoons, and operate the hydraulic machinery—no amount of water worth mentioning — no wholesale waste, as in the ordinary lock. Besides, the stretch of canal below the Lift Lock to Lake Simcoe, is supplied by the Talbot River, which can furnish, or will furnish, with proper conservation, all the water necessary for canal use. Therefore the Trent Canal for its western terminus will make no demand on water resources worth taking into consideration, or that will to any appreciable degree affect the volume of water naturally flowing southward.

The people of Peterborough and the vicinity are not at all alarmed in regard to the sufficiency of water supply in case the canal is completed and in operation. There is not the least possibility of "a new generation learning with amazement" of the folly of demanding the completion of the Trent Canal, in view of the danger of the diversion of water, which, by the way, does not exist. The advocates of the Trent Canal are not "fighting nature," as the Globe hints, but co-operating with nature in taking conservation measures to maintain the equable flow of source waters, as nature provides for treating them in the forest depths.

It has been proven by investigation and observation that there is abundance of water to successfully operate the Trent Canal system, in the interests of national transportation, and, at the same time, incur no appreciable waste of water necessary to the development of the tremendous amount of electrical energy, such operation will help to bring about. Otherwise the construction of the canal, while serving its main purpose, incidentally creates possibilities of power development, which, under other circumstances, would have to be brought about at large expense.

OUR PROSPEROUS CONDITION.

Without gloating or boasting, but with a lively sense of gratitude it may be permitted to refer to the flourishing condition of Canada, as revealed in the customs returns which represent pretty accurately the purchasing power and practice of the people. Ten years ago the customs collections of Canada amounted to not quite twenty-two millions of dollars, last year these collections amounted to to more than double the customs collections of ten years ago, namely, to forty-four millions of dollars. If the goods upon which these collections were made had not been brought into the country, this revenue would not have been realized; if there had not been a demand for them they would not have been imported, and if the people had not had the means to purchase them neither would they have been imported. So that it comes to this, that the people of Canada have made tremendous advances in prosperity in the past ten years to have money to double their purchases. This is emphasized by the fact that the customs collections of 1896—half the amount of last year—were made upon a higher rate of duty than the forty-four millions of 1905-6, or in other language, with a lower rate of taxation the people have be able to make purchases double in amount of their purchasing ability ten years ago—in 1896. It might well be added that the total trade of Canada has more than doubled in the past ten years. In 1896 the total tade of Canada was $239,000,000. This year the trade of Canada reaches the grand total of $500,000,000—a rate of 80 cents per head for every man, woman and child in the Dominion.

Free Treatment for Sick Kidneys

WRITE FOR GIN PILLS

If you have suffered for years with kidney trouble—if you know your kidneys are sick, but have not been able to find anything that will help you—or if you suspect that you have kidney disease, write for a sample of GIN PILLS, the pills that cure. We don't ask you to spend a single penny, or promise to spend any. Simply take the box of pills which we send you free of charge. We leave it to you whether or not you will take any more after the sample box is gone.

RAT PORTAGE, October, 1905

I was troubled for about two years with kidney trouble, so common among railway men. I doctored in the regular way and took a great deal of medicine, but received no benefit. My fireman recommended Gin Pills, and I am pleased to state that after taking the first box I got relief, and while I am not taking them regularly, if I feel any indications of a return of the trouble, a few doses puts me all right again.

CHAS. SIMMONS, C.P.R. Engineer.

This letter is the experience of hundreds. They try doctors and drugs without relief, but they find the cure for their trouble in GIN PILLS. Take advantage of our generous offer. Mention in what paper you saw this, with your name and address, and we will send you, absolutely free of charge, a sample box of GIN PILLS. They are sold by all druggists at 50c a box, or 6 boxes for $2.50.

George and Hunter Streets

EDITORIAL NOTES.

The solid old Globe newspaper is flourishing in its green old age. It has purchased for $130,000, in the heart of the city, on Queen street, near Yonge street, a site for a new building. The Globe is a great newspaper and has well earned the prosperity it enjoys. It is not rash to say that there is no journal in the Dominion which has a more generally distributed and higher influence upon every phase of Canadian life than the Globe.

Why should Provincial Treasurer Matheson brilliantly succeed in selling a dollar's worth of Canadian securities to build a provincial railway, whose road bed or right of way covers, if the stories of mineral wealth are true, enough riches to equal the amount of the loan? Then the loan had behind it the whole grand province of Ontario without a debt, with farm property worth a thousand million and other resources, of, to speak without exaggeration, fabulous value Col. Ninety-Six shouldn't attempt to borrow money for Ontario again.

What Canada needs most to conduce to the evolution of national greatness is population and capital; and both are coming in good volume. While we need population so greatly, there is heard at times a demand that no Old Country mechanics be brought into Canada. What we need most is population to occupy our waste farming lands. But it seems that as our population increases the need for mechanics also grows. The advertising columns of the Globe newspaper on Monday, April 2nd, of last year contained 81 advertisements for "mechanics wanted," this year for the same day the same advertisements called for 89—no lessening of the demand in spite of the large influx of Old Country mechanics during the past year.

POWDERED MILK.

For some years a process has been employed for reducing milk to powder, the powder to be converted into good milk again simply by adding water to it. But the milk-powder has not gone into general consumption principally because of its being much more expensive than the original article. Now, however, a Cornell experimenter claims to have evolved a process by which the milk powder can be produced at a cost low enough to make it a commercial success. He says it can be sold profitably at a lower price than the same quantity of new milk.

It is hard to believe that this is true. The reduction of the milk to powder is done by extracting the water from it. The process must cost something. How the good new milk can be reduced to powder, and the powder put up in packages, placed on the market and sold at a price so low that a quart of milk from the powder will cost the purchaser less than a quart of new milk, is hard to understand.

But if it turns out to be true, what a boon the milk powder will be to humanity! No more horrible suspicions of embalming fluids in the household milk. No more difficulty about keeping milk sweet in hot weather. No more cause for dread on the score of typhoid and other germs. A man will be able to carry the ingredients of a milk punch in his vest pocket—a packet of milk-powder and a whisky tabloid.

But, come to think of it, what is to prevent adulteration of the new product at the place of manufacture? And who can tell under what conditions the original milk was obtained before it was made into powder—what sort of cows gave it, how the cows were kept? Could not typhoid germs be latent in the powder, only to be quickened into activity by water? Let imagination work, and a hundred and one terrible possibilities will present themselves. After all, perhaps it is better to bear the ills we have than fly to others that we know not of. Our local dairymen have little cause to fear that their business will be injured by this Cornell discovery.—Hamilton Herald.

ALDERMEN MUST DOWN THE DUST

In one of the city churches on Sunday night the clergyman preached a sermon from the text, "Man was made from the dust of the ground." Interpreting this literally, one can see lately that Peterborough has a very large floating population in the form of clouds of dust which roll through the April air in liberal volumes. Either the spring has been a trifle premature or the aldermen a trifle slow in advertising for tenders to put the water wagons in motion. Perhaps they thought there was no necessity for haste, since Peterborough is encircled by water-wagon townships, which, though mighty dry from a tippling point of taste, have the abundance of water, which local option makes the only legal liquid. However, the street sprinklers in Peterborough cannot be got out a moment too soon, for our merchants are in danger of having many dollars' worth of goods injured or destroyed if water is not speedily applied to the streets. "Down with the dust" is their cry—which they apply impartially, either to the street article or the coveted cash customer.

Since the foregoing was put into type the street sprinkler has been put into commission with excellent results, in the central portion of the city, but not enough rain has fallen to lay the dust in the outlying streets. The committee has only now advertised for tenders for street watering, and it will be some time before contracts are entered into and the contract sprinklers at work.

Keep Brushed Up.

Most housewives judge the purity of a flour by its whiteness. White somehow signifies purity. But while pure flours are always white, white flours are not always pure.

Royal Household Flour

is the whitest flour that is milled. It is also the purest. You may think the flour you are using is about as white as flour can be. Yet if you place it beside Royal Household Flour it will look yellow by comparison. Ask your grocer for Royal Household, and make sure that he understands that you mean it.

Many People Go To Toronto

It is Said Queen City's Population is Increased by Many Thousands.

Special to The Examiner.

Toronto, April 4.—People from all over the province have taken advantage of the cheap rates to Toronto, offered by the excursion of the License Holders. The population of Toronto has been swelled by many thousands, and people have poured off the incoming trains in great numbers.

Plans For The House of Refuge

Will be Soon Prepared by Mr. J. E. Belcher, C.E.

Preparations are being made for the construction of the House of Refuge on the Preston farm, Lakefield. Mr. J. E. Belcher, C.E., County Engineer, has been instructed to prepare the plans. The building operations will be commenced as soon as possible.

HEALTHY PLANTS

Requires the Most Careful Attention as Well as Good Soil.

Did you ever see a rosebush which—despite the most beneficient environment of soil—of sunshine—and of atmosphere,—seemed never to achieve a healthy growth.

A ton of manure will not help a plant that has a canker eating out its heart.

You must destroy the cause before you can remove the effect.

You cannot cure Dandruff and Baldness by rubbing on hair lotions, and rubbing in vaseline, etc.

You must look to the cause of the trouble—it's a germ at the roots of your hair which causes it to fall out.

Newbro's Herpicide destroys the germ, and healthy hair is the sure result.

Sold by leading druggists. Send 10c in stamps for sample to the Herpicide Co., Detroit, Mich. Ormond & Walsh, special agents.

TEMPLE OF FAME

The Choir and the Ladies' Aid Society of the Charlotte Street Church will present the "Temple Of Fame" in the School Room, two evenings, April 19th and 20th. Tickets 25 cents.

MR. W. J. FRANCIS HAS RESIGNED

The resignation of Mr. Walter J. Francis, C.E., of the Trent Canal engineering staff, has been accepted by the Dominion Government. It is understood that Mr. Francis will go to British Columbia to reside, where he has secured a position as engineer with a Pacific Coast firm.

Happy at Last

Her Husband no longer gets Intoxicated—Samaria Tasteless Remedy Cured Him.

This lady says: "For the first time since I have been married I can be happy and contented—for husband's mind of his bad habit of drinking. Several months ago you sent me a free sample of your remedy at my request, and without my husband's knowledge I gave it to him in his tea and food. I then got a full treatment and gave it regularly. It is wonderful, and I cannot sufficiently thank you for the blessed change it has brought to my home."

Free Package and pamphlet giving full particulars, testimonials and price sent in plain sealed envelope. Correspondence sacredly confidential. Address: THE SAMARIA REMEDY CO., 5 Jordan Chambers, Jordan St., Toronto, Canada.

BUSINESS MEN'S LUNCH ROOM

You are invited to try the appetizing bill-of-fare at the new City Quick Lunch Parlours, 160 Charlotte street. The late chef of the National Hotel is the caterer. Open all hours.

MADE FOR YOU

Do you know what it means to put your feet into a shoe that feels as though it were made for you, and you alone? One that seems to become a part of you for the time being, so perfectly does it fit. If you would experience this pleasure, just try a pair of our new "Queen Quality" Shoes, of which we have a full assortment.

OBITUARY.

EMMA F. SMITH.

An East City resident passed away yesterday afternoon in the person of Emma F. Smith, youngest daughter of the late John Smith. Miss Smith has been ill for the past two or three years with tuberculosis, but was only confined to her bed during the last ten days.

She had always been a prominent member of Mark street Methodist church and took an active part in all church work. She has one surviving sister, Miss Annie M. Smith, of Detroit, and two brothers, Arthur A. Smith, of Young's Point, and J. H. Smith, of East City.

The funeral takes place from the residence of her brother, 444 Rogers street, East City, at 2.30 o'clock, and the remains will be interred in the Little Lake Cemetery. Rev. J. G. Lewis will conduct the funeral services.

FRED BRUCE SUCEE.

The many friends of Mr. and Mrs. Moyles Succee, 22 Aylmer street, will sympathize with them in the death of their infant son, Fred. Bruce. The funeral will take place this afternoon to Little Lake Cemetery.

One person in five in Peterborough has his food cooked on a Happy Thought Range. It is the People's Favourite. We sell them every day but Sunday.

THE BEST STOVE CO

BIRTHS.

O'BRIEN.—At 338 Mark street, on Monday, April 3rd, 1906, to Mr. and Mrs. Michael J. O'Brien, a son.

DIED.

SMITH.—In East City, Tuesday, April 3rd, 1906, at the residence of her brother, 444 Rogers street, Emma F. Smith, daughter of the late John Smith. Funeral on Thursday at 2.30 to Little Lake Cemetery.

GRAND OPERA HOUSE
TO-NIGHT
R. W. Marks Company
presents
"THE DUKE'S DAUGHTER"
Prices: 10c, 20c and 30c.

MACHINERY FOR BRICK BUILDING HAS ARRIVED

Work on the new building of the Sand stone Brick Company is being pushed forward at a rapid rate. The machinery has already arrived and the installment in the new structure will proceed at once.

The C. P. R. are constructing a siding into the plant which will facilitate the installment of the machinery. It is expected that the building when completed will be of the most modern kind and it is very probable it will be completed by the first of May. The output will be in the neighbourhood of 22,000 bricks per day and the industry will no doubt be an aquisition of importance in Peterborough.

THREE HUNDRED MORE IMMIGRANTS ARRIVED

Two more vessels, the "Southwark" and the "Virginian," each containing about 175 immigrants brought out by the Salvation Army Immigration Organisation, arrived at Halifax on Sunday. The immigrants arrived in Toronto on Monday and Adjutant Jennings went to the city to secure a number for the local farmers. Among those whom the Adjutant has placed in positions are the following:—

Jas. Burgess at Robt. Jackson's, Smith.

John Walsh at Edward Mahood's, Smith.

Geo. Phillips at Edward Corkery's, Ennismore.

John Maskell at Jas. Northey's, Smith.

Chas. Ashley at Jas. Tyndall's, Smith at A. E. Sanderson's, Springville.

Fred. Jones at John Hatherly's, Cavanville.

D. Maskell at Sydney Rutherford's, Grayatock.

Chas. Saunders, at R. V. Jackson's, Otonabee.

Thos. Hatley at Richard Thompson's, Otonabee.

Three other ships left Liverpool on the 29th of March—Lake Champlain, Canada and Tunisian—with large numbers on board. The Kensington also left on the 29th, containing 1,600 passengers.

This good work of the Army organization is very much approved of and with such men as are sent out by the Army, Canada may be sure of industrious citizens.

PERSONAL MENTION

Mr. S. Clegg went to Toronto this morning.

Mrs. J. H. McLellan went to Toronto to-day.

Mr. Wm. Lynn leaves to-night for Sault Ste. Marie.

Mr. A. Wilson, Belleville, was in the city last night.

Mr. J. Hill, Midland, is registered at the White House.

Mr. Frank Freels, Marmora, was in the city last night.

Mr. W. S. Roseborough left this morning for Regina, Sask.

Mr. Jno. S. Baker, Kingston, is registered at the Oriental.

Mr. A. J. Hopkins, Auburn, N.Y., is registered at the National.

Mrs. Peter Glover is visiting in Toronto for the balance of the week.

Mrs. Orde and Mrs. Carnegie left yesterday afternoon for Minneapolis for a visit.

Mr. Wm. McCormick left for Toronto this morning, where he has secured a position.

Messrs. M. Tooley and Chas James, city, and Wm. Leahy Lakefield, went to Toronto to-day.

About 40 representatives of the Licensee Holders' Association went to Toronto this morning.

Mr. and Mrs. Thos. Sherin are visiting relatives in Peterborough.—Bowmanville Statesman.

Magistrate Edmison, who has been suffering from a cold during the last few days, is rapidly recovering.

Mr. Jas. Logan, East City, has accepted a position as second engineer on the steamer North King and will leave for Port Hope in a few days.

Mr. Macdonald, of the Ontario Lumber Co., who has been spending a few days with Mr. Theodore McWilliams, left for Ottawa last night.

Mr. Jos Ellis, formerly of Ford's staff, town, but recently of Peterborough, is in town for a week, visiting friends, prior to leaving for Saskatchewan, N. W. T., next Monday in company with Mr. Fred. Henley, who intends accepting a good position with a Winnipeg firm.—Lindsay Post.

WEDDING BELLS.

SUTTON—BAPTIE.

A very pretty wedding was solemnized at the residence of Mrs. Peter Baptie, Lakefield, yesterday, when her daughter, Miss Maud Baptie, was united in marriage to Mr. Hubert Sutton, of Lakefield. The ceremony was performed by Rev. Mr. Campbell, of the Presbyterian church, Lakefield in the presence of a number of friends. The maids of honour were Miss Clara Fuller, of Lindsay, and Miss Lola Baptie, nieces of the bride. Mr. and Mrs. Sutton are taking a wedding trip to Washington, D. C. Mrs. Sutton is a cousin of Mrs. J. J. Turner, Jr., city.

Gained 10 Pounds.

"I was all run down and could not do my own work. Everything I ate made me sick. In nursing others I had seen the good results of Dr. Chase's Nerve Food and resolved to try it. As a result of this treatment I have gained ten pounds, do my own work alone and feel like an entirely different person."—Mrs. H. A. Loynes, nurse, Philipsburg, Que.

Huyler's ***Highest Grade New York Confectionery, Pure and Delicious. Sold only in Peterborough by Ormond & Walsh, druggist.***

Eat More Fruit.

—Fresh vegetables, fish, etc., and other such choice lines as you can get at Oke's—such as juicy sweet seedless oranges, fresh tomatoes, clover honey in comb, lettuce, onions, radish, celery. E. A. OKE, 499 George street. Bell Telephone, 141; Mutual [illegible]

PREPARING FOR STONY LAKE SERVICE

Mr. Frank Young, of Young's Point, purser on the steamer Stony Lake, was in the city for several days this week. He was here negotiating for supplies, etc., and arranging other business in connection with his line of steamers. The ice is not yet moving out of Stony Lake, but navigation is open between Young's Point and Lakefield.

SPECIAL SERVICES AT THE BARRACKS

Special services are being arranged for at the Salvation Army Barracks which will commence on Saturday next and continue for ten days. Brigadier Howell, the immigration secretary for Canada, accompanied by Mrs. Howell and Major Morris, the staff band master of Toronto, will be here to assist in Saturday's and Sunday's services. Staff Captain Manton will commence his duties in connection with the revival services on Monday.

TO-DAY IN HISTORY.

April 4, 1513.—Ponce de Leon.
April 4, 1609.—Henry Hudson.
April 4, 1615.—Sir George Prevost resigned office as Governor of Canada.

"PERFECT" BICYCLES

A Daring Distribution

The undersigned Dealer at the earnest solicitation of the Ferrol Co., Limited, of Toronto, has made a thorough and searching investigation into the merits of **FERROL**, and of the methods of that Company, and he finds that: Every cure claimed by the Company is absolutely genuine; that **FERROL** is manufactured from the best quality of Munn's Celebrated Cod Liver Oil (the whole of the oil) and is richer in oil than any other emulsion, and while it contains just the right quantity of the best form of Iron and Phosphorous, it is so scientifically prepared, that not one in a thousand finds any trouble in taking it; that the medicine has accomplished the most amazing results in its own city; that its sales in the Home City have been phenomenal; that it is endorsed by all druggists without hesitation or qualification; that it is, in short, all the Company claims for **FERROL**, and more.

The more I investigated the more enthusiastic I became. It is no longer a question of my willingness to handle the preparation—**FERROL**—but how can I bring it to the immediate suffering of this city?

It is a heavy responsibility, but I have faith in the honesty and fairness of the Ferrol Company, Limited, of Toronto, and the unequalled merits of their preparation, **FERROL**.

(Signed) W. B. WARNE

I find also that the druggists in other cities have taken upon themselves the solemn responsibility of standing behind this medicine; and that these druggists have made in each city a daring and remarkable distribution of full-sized bottles.

Impressed by the action of these druggists, and convinced that they would not have given this remedy such unqualified approval without positive knowledge of its merits, I have decided to follow their example and distribute free of charge

500 Large Bottles of FERROL Free to the Sick

Friday, April 6, from the Store of

W. B. Warne, 345 George Street

Maintaining a first-class Store, the above named Dealer occupies a commanding position in the retail trade of this city, and almost every remedy that is offered to the public seeks an outlet through his store. But with an eye single to the interests of his many patrons he is careful to handle the most reliable preparations. Consequently when a medicine is recommended and endorsed by this Dealer, that medicine must have merit.

The above Dealer, after a rigid investigation, described elsewhere in this announcement, has decided to make, upon his own responsibility, the most remarkable distribution of medicine ever attempted in this city. Convinced by personal experience of the extraordinary merits of

FERROL

he has purchased from the Ferrol Co., Limited, of Toronto, five hundred large sized bottles of this remedy, for free distribution, and he hereby invites every person suffering from any form of blood trouble; any person who is run down, discouraged and in need of a powerful tonic; any person suffering from Coughs, Colds, Bronchitis, Croup and all Bronchial or Lung Trouble, Chronic Rheumatism, Neuralgia, Insomnia, Loss of Weight and all wasting diseases; any person who has sought relief in any other remedy or Cod Liver Oil preparation, and failed to find it, cut out the certificate printed herewith, fill out the blank lines, present it at the store on the dates given, and get a bottle of this wonderful preparation, **FERROL**, Free.

It was necessary for me to purchase a large quantity in order to have the privilege of making this free distribution, and the responsibility assumed by me in this matter, I am positive will be appreciated by the public, and the immense sales that are sure to follow will more than compensate me for the expenditure involved.

There is absolutely no sentiment in this endorsement of **FERROL**. It is merely a business recognition of a preparation that possesses positive merit, and a keen desire on the part of a progressive concern to always supply the best goods at the lowest possible price.

THIS CERTIFICATE,

Properly filled out and signed, entitles the holder to one large sized bottle of **FERROL** (Cod Liver Oil, Iron and Phosphorus), if presented Friday, April 6, at the store of W. B. Warne, 345 George Street, from 9 a.m., until samples are exhausted.

Name of Patient,.....

Address,.....

Disease,.....

The bearer of this certificate hereby solemnly agrees to give this medicine a thorough and faithful trial and to report to the druggist named above, within three weeks, the improved condition of his health that is almost absolutely certain to follow.

No other distribution will be made, and it will be necessary for you to come early in order to be sure of securing a large size bottle of FERROL ABSOLUTELY FREE

REMEMBER, only ONE bottle will be given to each family. Tell your friends of this Wonderful Offer for fear they will not see this advertisement.

Gillies Limit For The People Of Ontario

Government Will Mine It For Benefit of Province.

A NEW POLICY IS ADOPTED

Other Mineral Deposits to Be Disposed of by Tender—Premier Names Three Conditions as Lowest Which Government Will Consider In Receiving Tenders For Mineral Concessions on Right of Way.

Toronto, April 4.—Just before the Legislature rose at 6 o'clock yesterday, Premier Whitney made two announcements of Government policy with regard to the valuable mineral lands of the north. He said in brief:.

The Government proposes to hold the Gillies' timber limit for the benefit of the people of Ontario. This limit adjoins the rich Cobalt region and it is believed that a portion of it is loaded with silver ore.

The Government proposes to ask for tenders for three and a half miles of the right of way of the Temiskaming Railway, in the immediate neighborhood of the silver bearing mines.

Regarding the right of way Mr. Whitney said the Government proposed to invite tenders for the purchase of that portion described on the plans as between 101 and 105, a distance of three miles and a half. This right of way was believed to be rich in silver ore. Some time ago it had been turned over by the Government to the Temiskaming Railway Commission.

Three Conditions.

In a short time tenders would be advertised for and the mineral rights of this mileage sold to the highest bidder, on three conditions being complied with, namely:

1. A rental of $500 a year for the use of any land outside the 99 feet of right of way, the land to be used for buildings only.
2. The payment of $50,000 in cash to the Government, as a bonus.
3. A percentage to be paid to the Government, as follows: Ten per cent. of the ore to the value of $400 a ton or less; 25 per cent. of the value of $1,000 or less; 50 per cent. of the value of $1,000 or over.

These would be the conditions, observed Mr. Whitney, and the successful bidder would have to give at least $50,000 for the privilege. The Government did not say the bonus would be no more than that amount; but it would not be less.

For the Public Good.

Regarding the Gillies' limit, Mr. Whitney said he understood that the property consisted of valuable ore-producing land. It was well known that the limit had been withdrawn from sale and that the owners of the timber had disposed of the timber. There had been a great deal of curiosity as to whether the Government would dispose of the minerals on this property in the usual way. He desired to say that the Government, after much consideration, had come to the conclusion not to dispose of it.

"It being our property," said Mr. Whitney, "we will keep it and we will develop it and dispose of it for the benefit of the people of Ontario."

The Gillies' timber limit consists of about 100 square miles. It is in the form of a triangle and the apex runs into the organized Township of Coleman, to within a half mile of the Town of Cobalt. The mineralized portion of the limit consists of about three square miles.

The output of the 17 working mines in the Cobalt district last year was as follows:

Silver, 2,441,421 ounces, of the value of $1,355,306.

Cobalt, 118 tons, of the value of $100,000.

In addition to arsenic and nickle.

Will Encourage Smelters.

Although no mention was made of such an idea, it is reported that the decision to develop the Gillies' limit on the public ownership plan carries with it the decision to erect a Government-owned reduction plant, which would be used not only to treat the ores from the area mentioned, but at a reasonable price, the ores from private mines. This would settle the difficulties now experienced in the treatment of the Cobalt ores, which for the most part have been sent to New Jersey smelters, the miners' being thus practically at the mercy of the owners of the smelters.

Routine in the House.

A lively discussion on Mr. Hanna's liquor license bill, especially with reference to the dismissal of Toronto officials, took place.

Hon. Dr. Beaume introduced a bill respecting colonization roads, which provides that no grants shall be made towards constructing or improving roads by the province except under this act and by the act for the improvement of public highways.

Mr. Lennox brought in an amended auto regulating bill.

Major Craig introduced a bill for the inspection of school children's teeth.

Hon. Dr. Beaume's bill for the improvement of public highways was read a second time, as was Hon. Mr. Cochrane's Volunteer Veterans' Land Grants Act.

Hon. Adam Beck introduced a bill entitled "An Act Respecting Municipal Telephones," which provides that municipal councils may organize a telephone system if a group of citizens petition for such service.

Fatal Result of Freight Collision.

Welland, April 4.—In a collision at Port Robinson early yesterday, between G. T. R. and Wabash freight trains, Fireman Berry of the Wabash was killed and Engineer Edward Waycock has a leg off and was seriously injured. He is in St. Catharines hospital and his chances of recovery are none too bright. He is a brother of Chief Clerk Waycock of the Windsor office of the C. P. R.

Medicines Samples Kill.

Kingston, April 4.—Mrs. John Wood nearly died from using sample headache cure left at the door.

Belleville, April 4.—Herbert Brentrix, the young man who was in the hospital here as the result of intestinal troubles, said to have been made acute by taking free samples of patent medicine, died yesterday.

AT THE FIRST SIGN OF "SPRING FEVER" you should take ABBEY'S SALT.

It is the only spring tonic used in thousands of homes to purify and enrich the blood—relieve that feeling of languor—and revitalize brain and body. Highly recommended by the medical profession. 25c and 60c.

A morning glass puts the whole system in trim for the day.

Abbey's Effer-vescent Salt

Made in all popular shapes and two grades, selling at 15c and 20c.

TOOKE BROTHERS LIMITED

Montreal.

Water Tanks Crash Through Roofs.

Montreal, April 4.—A 12,000 gallon water-tank on the building of Bolvin, Wilson & Co., wholesale liquor dealers, St. Paul street, crashed through the roof yesterday morning and killed a girl named Rosa, an employe of the firm mentioned, and injured several other employes.

Last week a similar accident happened at the Davies Packing Co.'s factory, on the canal, a 30,000 tank breaking through the roof, falling sideways, and carrying away part of the wall. It caused over $5,000 damage.

Sleeper Burns to Death.

Wallaceburg, April 4.—At an early hour yesterday morning fire was discovered in a house on Wallace street occupied by Robert Maclean. Thos. Coulter, who was sleeping in one of the upper rooms was burned to death. Coulter, who was drunk Monday evening was helped to his room. The people sleeping below were awakened by fire falling from the ceiling on their bed. The fire then had gained so much headway there was no possibility of getting Coulter out. An inquest will be held.

Snowflake, Man., April 4.—The body of Vincent Weller of Mount Carmel, N. D., missing since last November, was discovered Monday evening in a wild and secluded spot in the bush in the Pembina Valley, about four miles east of Snowflake. Weller, when last seen, was in company of M. Doyle of North Dakota. When Doyle returned to town a few hours later alone he was very much excited. He was arrested on suspicion, but later released on bail. Weller was evidently murdered, as a bullet hole was found in the back of the head, and his throat was cut.

YOU NEED THE OTHER

Ozone is a germ killer and a valuable remedy, but to get the best results from it you must have a tonic laxative to take with it. "Solution of Ozone (the coupon kind)" is the purest and best form in which Ozone is sold. Every bottle of this remedy contains a coupon which entitles you to a package of "Celery King" the well known remedy, free.

In buying this solution, you get about twice as much Ozone for your money as by buying other brands, in addition to getting a package of "Celery King" for nothing. You thus save money in two ways besides getting Ozone in its purest and most concentrated form.

Ask your druggist for "Solution of Ozone (the coupon kind)" and if he does not keep it you can get it from the Public Drug Co., Bridgeburg, Ont., by writing for it. Sold by W. B. WARNE. 5

MARTIAL LAW ENDED.

Winnipeg's Stormy Riot Seems Ended For the Time Being.

Winnipeg, April 2.—The city yesterday assumed its normal condition after the stormy scenes of three days. The soldiers were relieved from service Saturday night.

The company have announced that it will decide at a meeting this morning as to whether it is willing to accept the men's demands, now that they have agreed not to ask for recognition of the union.

Ralph Connor and Principal Patrick presented the men's latest proposition to the company Saturday evening, holding a session until nearly midnight.

If the company refuse either to accede to the men or to arbitrate, scenes even more violent than those of last week will be enacted if an attempt is made to run cars, as the feeling of citizens is with the men.

Louis Christianson, the Chicago professional strike-breaker, imported by the company to direct the campaign against the strike, was arrested late Saturday night for assaulting Magnus Smith, champion chess player of Canada.

$100 REWARD, $100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Address F. J. CHENEY & CO., Toledo, Ohio.

Sold by all Druggists, 75c.

Take Hall's Family Pills for Constipation.

Too Aged to Appear in Court.

Toronto, April 3.—In reference to the application of Lady Wilson to reopen the accounts of her late husband's estate, of which the Toronto General Trusts Corporation is executor, she will be questioned at her residence by Judge Winchester. F. E. Hodgins, K.C., counsel for Lady Wilson, suggested this course because of the great age of his client. She is 86 years of age, and a doctor's certificate was produced, stating that it would not be wise for her to appear in court.

Forged Father's Name.

St. Catharines, April 3.—William Smithers of Thorold was yesterday morning arrested at Beamsville charged with having forged the name of his father, who lives at Stamford, to a note which was purchased by Albert Shrimpton at Niagara Falls. Smithers fled to Beamsville, where he was found at the home of James Stanley, a colored man. He made an attempt to escape through a dense bush, but failed.

BOILS ALL OVER HIS FACE AND NECK

BURDOCK BLOOD BITTERS DID FOR HIM WHAT FOUR DOCTORS FAILED TO DO

KENWATER, ONT., July 20th, 1905.

MESSRS. THE T. MILBURN CO., LTD.,

TORONTO, ONT.,

DEAR SIRS:—I am writing to let you know what Burdock Blood Bitters has done for me. I am a young man, twenty years old, and a year ago last March I began to feel dull and sick, and was greatly troubled with boils coming out on my face and neck, mostly on the latter. I would no sooner get rid of one than I would have, perhaps, two or three more appear.

I had four doctors trying to cure me but they had very little success. They would stop them for a month or six weeks and then they would be as bad as ever again.

Almost every patent medicine advertised to cure boils, I would get hold of, I tried, but still without success. At last one day, last spring, someone happened to say, "why not try Dr. Chase's Blood Builders for the blood?" I was willing to try anything and immediately sent for a bottle, but at the time was doubtful if it would be of any use. However, I used that bottle and while I was taking it I began to feel better, although I still kept having a few boils but not nearly such a crop. I did not intermit work, while otherwise, I used to lose, sometimes, a week out of every month. I kept on taking the medicine until I had taken six bottles, and needless to say, I was not sorry I did so when I tell you I have not had a boil appear for the past three months. Everybody was surprised when they heard that Burdock Blood Bitters had done for me what four doctors failed to do. If any sufferers are afflicted with boils, I would strongly advise them to use B.B.B. It makes you feel like a new man. I always keep a bottle in the house, now, as I think it is a medicine that should be in every household.

Yours truly,

HENRY A. SMITH.

To Provide More Land For The Settlers

Sir Wilfrid Claims That Is the Government's Policy.

THE AMENDMENT DEFEATED

Undoing the Work of the Conservative Administration — Millions of Acres Blanketed For Railway Grants Now Being Cleaned Up—Premier a Supporter of Hudson Bay Line—Lord's Day Bill.

Ottawa, April 4.—Because an amendment offered by Dr. Roche (Marquette) to a motion to go into supply conveyed an innuendo of wrong-doing, supporters of the Government yesterday responded to the invitation of the Premier and voted it down by a majority of 53.

Mr. Bourassa voted with the Opposition, as did Mr. Verville, Labor member from Maisonneauve.

The principle laid down by the amendment was that the land should be reserved for the settler. Sir Wilfrid Laurier pointed out that this had been the policy of his Government, which for ten years had been endeavoring to clean up the land subsidies with which the Conservative Government had blanketed Manitoba and the Northwest in order that some 13,000,000 acres of land now locked up pending selection by railway companies of their lands might be thrown open for settlement.

Incidentally Sir Wilfrid expressed himself favorable to the construction of the Hudson's Bay Railway, and hoped to see the Hudson's Bay territory the scene of extensive lumber, metal, fish and other industries and the home of a thriving and prosperous population.

The Lord's Day Bill.

"A bill to provide for a day of rest, so that each man may be free to abstain from labor," is the manner in which the Minister of Justice described his bill respecting the Lord's Day. In moving the second reading, Mr. Fitzpatrick set a noble example by limiting his remarks to fifteen minutes. His interpretation of the bill leaves the general impression that the effect will not be radical, but that it is desirable to safeguard the rest day from further encroachments.

THE HUDSON GIRLS.

Crown Attorney Curry Gets Some Result From Probing Into Young Ladies' Financing of York Loan.

Toronto, April 4.—The Hudson girls figured prominently in the Phillips' investigation yesterday. Miss Lilian Hudson informed the court that she was worth $10,000, mostly in Toronto Life stock, which, Crown Attorney Curry said, "made a valuable property out of the moneys of the York Loan, money that should absolutely belong to York Loan shareholders." Her sister, Georgina was worth about the same. Books purporting to be collection books of the Liszt Piano Co., and the York Loan were produced. Crown Attorney Curry asked Miss Lilian if a book he held up was the original. Witness replied it was copied lately. The original book was thrown into the waste paper basket and eventually burnt. It was because they were soiled and blotted that she made new ones, she said.

Witness was being questioned as to whether she had any cheques that she had given to the York Loan or to the Toronto Life, when she complained that she was feeling unwell.

"You had better go home and get to bed," said Col. Denison to the witness, who left the court.

A Reticent Witness.

Her place in the box was taken by Miss Georgina Hudson, with whom the crown attorney had several verbal tussels during the afternoon. She professed either vagueness or a want of memory or of knowledge when asked most of the questions, especially those with regard to persons to whom she had loaned amounts and also with respect to the sources of her income. Witness held her ground well, but the ordeal was obviously a keen one, and it must have been with relief that she left the box at 4.30.

A Trip to the Coast.

The witness was very short in her memory concerning a trip to the coast she had made with Joseph Phillips, Miss Robb and E. J. Burt. They had to visit several offices in connection with the Toronto Life and the York County.

"It would not take four of you to go visiting offices," said the crown attorney.

"It was a general inspection," said witness, who was very busy concerning the business transacted at all the places visited.

With formal evidence by the Misses Hall, the proceedings closed for the day.

PHILLIPS IN JAIL YET.

Counsel Prepared to Offer Any Amount, But Magistrate Declined to Grant Bail Under Any Circumstances.

Toronto, April 2.—Joseph Phillips, president of the defunct York County Loan, spent Sunday "over the Don" in accordance with the decree of Magistrate Denison, given at Saturday's sitting of the Police Court.

J. E. Jones, counsel for Phillips, was prepared to offer any amount for his freedom, but the magistrate refused to accept bail under any circumstances.

Phillips appeared in the dock with the other prisoners.

A doctor's certificate produced, stating that Miss Lilian Hudson was ill and unable to attend the session of the court, was declared unsatisfactory by Crown Attorney Curry.

"Perhaps there will be a more satisfactory one on hand before Monday," suggested Magistrate Denison.

The Crown Attorney's attention was confined to an endeavor to find out about the secret deposits in banks or in safe deposit vaults belonging to Joseph Phillips. Miss Georgina Hudson, however, declared that she knew nothing about them, and was of the opinion that her sister, who occupied a joint position with her, knew nothing. The investigation will continue along this line daily, according to Mr. Curry, until he comes across satisfactory evidence.

THE LATEST SPORTS

Trent Valley Baseball League

Peterborough Players are Very Much In Demand There.

The Trent Valley Baseball League which proved such a success last season is likely to be renewed again this year and Peterborough ball players are much in demand. Last year McCory and Bellegham were the battery on the Havelock team. Dan McCabe was with Norwood and Quinlan and Shea of the Peterborough team played for Campbellford. McCory left this week for Havelock where he will play again this summer. Several Peterborough men have received tempting offers from the enterprising teams of the league.

FOOTBALL

A large number of the football enthusiasts were out again last night after 4 o'clock and a good practice was held. To-morrow night the Peterborough Quakers will turn out in uniform on the Central Park at 4.30 and it is expected that a large number will take advantage of this.

TURF.

Mr. W. H. Gocher, secretary of the National Trotting Association, has discovered a supposed ringer near Sarnia. The case comes up for consideration next May.

BASEBALL

The Cobourg baseball team last year's Midland League pennant winners, will organize this week and are going right out after the flag again this year. Several members of the Yale College team will spend the summer there and will wear Cobourg uniforms.

• • • •

Port Hope has secured a new catcher from Brighton, Pa., and Surphlis, the elongated curler doing the slab work, the Hopers will be able to do some rag-work in earnest.

• • • •

It is reported that Oshawa have signed Phelan and Cadman of Toronto, as a battery this season.

SPRINKLING CART MADE INITIAL TRIP

The road sprinkling cart made its initial trip about the streets this morning. A great many of the merchants consider it none too soon, as a long-felt want has been supplied in laying the dust which has accumulated in such large quantities during the recent bright weather.

MUSIC AND DRAMA

NED THE WAIF.

At the Grand last night, "Ned, the Waif," a strong melodrama in five acts, was presented by the Marks Bros.' Dramatic Company. A large audience greeted the production, which proved to be one of the most interesting which that famous company has played during its visit here. May A. Bell Marks appeared in the title role of Ned, the waif, and that character was taken to perfection. The remainder of the cast supported her in an admirable manner, and the audience was highly pleased with the whole production. The scenery was of a very artistic nature and added greatly to the success of the drama.

The specialties were, as usual, a pleasing feature of the presentation, and one greatly enjoyed.

This afternoon at the matinee, "Kathleen Mavourneen" was presented to a large house, and to-night's production will be "The Duke's Daughter."

Richard Walters Is a Pedestrian

Aged Vagrant Travels Principally on Foot.

Richard Walters, an old man, as he stepped, or rather, hobbled, into the prisoner's box this morning, at the police court, looked as though his early life might have been one of considerable dissipation, and, as a result, hardship. He said that he came here from Thorold, Ontario, and that his pedal extremities bore him up, instead of car wheels. He expressed a desire to go to North Bay, and said he could walk there.

"How long will it take you to get there?" asked the court.

"Well, North Bay is quite a distance," said the prisoner. "It's over 70 miles—why, it's 80 miles to Lindsay."

"Well, you'll have to get out of town," said His Worship. "Do you want whisky?" he added.

"I'd rather have something to eat," replied Walters.

"Well, take this," said the Magistrate, as he threw him down a quarter; "but don't spend it in whisky."

The prisoner took the coin, but did not act, it is understood, on the advice of the court, but indulged in a cheering draught soon after his liberation. Walters has no home or friends, and wanted to be sent to gaol.

Crippled by Kidney Disease.

"I was troubled for years with kidney disease, and Dr. Chase's Kidney-Liver Pills have entirely cured me. When I began the use of these pills I could only walk from my bed to a chair. Now I can go to a field and work like any other man." — Mr. W. H. Mosher, South Augustus, Grenville county, Ont. This statement is certified to by Rev. E. H. Emmet, Baptist minister of Brockville.

A Promising Season For The Peterborough Rangers

Over Two Hundred and Fifty at Last Night's Drill—Thirty-four Recruits—No. 5 Was the Banner Company—The 57th Regiment Worthy of a New Drill Hall—Marching Was of a High Order.

That Peterborough has a Regiment that may be classed among the best in the province, was established beyond any doubt last night, by the large attendance that greeted the initial drill. Early in the evening the well-known red-coats began to congregate one by one about the streets, and at the final call of the bugle over 250 had gathered in the drill hall for their first instruction in the year 1906.

Not only did the numbers of the different companies show their interest by their presence, but also many of the city people assembled in the drill hall to watch the boys in their primary drill of the season, which terminated so favourably, and which was an unusually gratifying one to Colonel Miller, and the other officers of the rangers.

The enthusiasm, as indicated by the number present, has never been surpassed in the previous history of initial drills in Peterborough, and naturally the captains of the different companies feel highly elated over their first efforts.

Another encouraging feature of last night's drill was the fact that 34 recruits have joined the regiment, and it is expected that within the next few weeks the number will exceed 100.

Judging from the character of the drill the majority of the members have forgotten little of their past instructions, and it is an assured fact that the Peterborough Rangers will create nothing but a most favourable impression among the Brantford people, whom they visit on the first of July.

The local regiment has long held the reputation of being one of the crack regiments of the Province, and there is from present indications little doubt but that this reputation will be amply sustained during the present season.

Colonel Miller's untiring energies in the past have borne abundant fruits, and he has good reason to feel proud of his splendid success in obtaining such a class of men as at present compose the officers and members of the regiment. Major Hayes and Adjt. Walker, whose valuable assistance has always been an important factor in the regimental work, were also present last night.

A number of the bugle band was in attendance and furnished excellent music during the drill hours.

The Companies.

Company No. 1 consisted of 21 members last night, and Captain Chuxton and Lieut. Wilson, were much pleased to find such a large number of their men out on the first night. No. 1 is the crack shot company, which honour they have held for the last five years. They again look forward to continued success in this department.

No. 2 was under the command of Captain Clegg, and it consisted of 26 members. The captain was also delighted with the showing of his company.

No. 3 was commanded by Captain Mills, and Lieuts. Comstock and Gammell, with an initial membership of 16.

No. 4 consisted of 33 men, and was under the command of Captain Hounsell and Lieut. Higgins.

No. 5 was under the command of Captain Bennett and Lieut. Hodgson, and was the banner company with 37 of a membership. The captain stated that he never remembered a superior list in any company in any preceding year, and was naturally proud of his charge.

No. 6 was another record breaker, consisting of 28 men under the command of Captain McLean and Lieuts. Best and Watt.

No. 7 contained 35 members under Captain McWilliams and Lieut. Kelly. Eight of the 34 recruits belong to this company.

No. 8, the last, but not the least, was under the command of Captain Clarke and Lieut. Wallace. It consisted last night of 28 members.

In addition to the above there were also present 11 stretcher bearers, 9 members of the bugle band, and 8 staff officers, making a grand total of 250.

At the second drill, next Tuesday evening, even greater things are in store, and all indications point towards the fact that the year 1906 will be the most prosperous one in the history of the 57th Regiment, which is undoubtedly worthy of a new drill hall.

The first march out of this season will be held on the last Tuesday evening of this month.

Bright News Notes From Warsaw

What the Citizens of the Capital Are Doing.

Special to The Examiner

Warsaw, April 3rd. — Mrs. S. Flowers of Rochester, N.Y., is visiting her sister, Mrs. W. H. Dunford.

Mrs. Matchett of Peterborough, spent a few days here last week as the guest of Mrs. A. Edwards.

Mr. Hugh Lackie, who has been for some time the guest of Mr. Geo. McFee left for Fraserville on Tuesday last.

Councillor Payne accompanied the Board of Trade deputation to Ottawa last week as a delegate from the local council.

Miss E. Murdoff, of Lakefield, was the guest of Miss Dora Payne on Sunday.

Miss Ida Jory returned on Monday from Keene where she has been spending a couple of weeks.

Mr. Fairbairn of Peterborough, was in town on Saturday.

County councillor Moloney was in Ottawa with the deputation last week.

The Dummer council will meet at 10.30 a.m., on Saturday next.

The annual meeting of the Warsaw Bible Club was held in the C.O.F. Hall on Wednesday evening.

On Tuesday evening, April 10th, Miss Pauline Johnston, the renowned Mohawk author-entertainer, and Mr. Walter McRaye, humorist, will give a programme in the town hall. The proceeds will be in aid of the Muskoka free hospital for consumptives.

At the evening service in the Methodist church on Sunday next, Rev. Mr. Nickle will speak on missionary work and the part taken by the local branch. A special collection in aid of the fund will be taken.

Joseph Toomey, who was badly burned in his room at the Morgan House on March 21st, was taken to St. Joseph's Hospital on Wednesday last. From latest reports the patient is progressing favourably.

Mr. Robert Bradbury, left for his home in London, Eng., on Saturday last. Some time ago the news of his mother's death came to Mr. Bradbury, and last week, having received as his portion of the estate a considerable sum of money he decided to return to his native land.

The local auxiliary of the Women's Missionary Society of the Methodist church announce that they will hold their annual at home in the basement of the church on Easter Monday, April 16th. A musical programme will be given after the supper.

SNEAK THIEF IS AT WORK AGAIN

A despicable theft took place on Monday night, when two valuable fowl were stolen from Mrs. Ritchie, an old lady, residing at 26 Gilmour street. The time of the theft, other than it occurred some time during the night, is unknown. The hen house was broken into and the fowl taken from their roost. Mrs. Ritchie states that she has strong suspicions of the guilty party and will have the police investigate the matter.

Keene Will Not Build New School

Personal Items of Interest in the Southern Village.

Special to The Examiner.

Keene, April, 4. — Mrs. Saunders, of Belleville, is the guest of Mrs. Wilson.

Mr. J. King of Detroit, who has spent the winter in Keene, the guest of Dr. V. McWilliams, left for his home on Saturday.

Mr. Black, of the Peterborough branch of the Bank of Toronto, was in Keene for a few days last week, acting as manager in the absence of Mr. A. St. A. Smith.

Mr. Joseph Elmhirst held a sale of his farm stock and implements on Thursday, March 29th. The sale was well patronized and Mr. Gardiner of Peterborough, who conducted the sale got fairly good prices.

An adjourned meeting of the ratepayers of the Keene public school was held in the school house on Tuesday afternoon. It was decided unanimously to repair the old school house rather than build a new one. The repairs it is estimated, will cost between two and three hundred dollars.

We are pleased to state that Master Harold Smith, who has been very ill with pneumonia, is recovering.

Mrs. W. J. Mein and Master Gordon Mein of Peterborough, are the guests of Mrs. A. Campbell.

Are You Ready for the Spring?

Are you in a position to enjoy to the full the soft breezes and softer sunshine that are due to arrive almost any morning now? Have you cleared out the dregs of your winter stock of coughs, colds, and grippe? Have you given your body the spring overhauling it must have if you would have perfect health?

Everybody Needs Medicine in the Spring, and the greatest of all spring medicines is Psychine, Psychine is really two medicines in one. It clears out coughs and colds, root and branch, and it kills all germs of grippe and consumption that have found lodging in your system during the winter months.

But in the preparation of Psychine it was not forgotten that killing germs and stopping their ravages was only half the work of giving good health. To complete that work the damage already done must be repaired. This is where the great tonic properties of Psychine come in.

Acting directly on the stomach, the nerves, and the blood-making organs, Psychine gives new force to the life-making machinery of the body. It helps the appetite and helps digest the food, it sends pure, rich blood leaping through the veins, it tones up the body all over and makes you know once more the joy of living.

That is why Psychine is the Greatest of all Spring Medicines. It clears out all disease and results of disease, repairs all damage done, and gives new life all over the body. To meet the warm weather without a trace of that tired feeling anywhere about you, you must use

PSYCHINE

SCALY ECZEMA ALL OVER BODY

Eruptions Appeared on Chest, and Face and Neck Were All Broken Out—Scales and Crusts Formed—Iowa Lady Has Great Faith in Cuticura Remedies for Skin Diseases.

ANOTHER WONDERFUL CURE BY CUTICURA

"I had an eruption appear on my chest and body and extend upwards and downwards, so that my neck and face were all broken out; also my arms and the lower limbs as far as the knees. I at first thought it was prickly heat. But soon scales or crusts formed where the breaking out was. Instead of going to a physician, I purchased a complete treatment of the Cuticura Remedies, in which I had great faith, and all was satisfactory. A year or two later the eruption appeared again, only a little lower; but before it had time to spread I procured another supply of the Cuticura Remedies, and continued their use until the cure was complete. It is now five years since the last attack, and have not seen any signs of a return. I have taken about three bottles of the Cuticura Resolvent, and do not know how much of the Soap or Ointment, as I always keep them with me; probably one half dozen of each.

"I decided to give the Cuticura Remedies a trial after I had seen the results of their treatment of eczema on an infant belonging to one of our neighbors. The parent took the child to the nearest physician, but his treatment did no good. So they procured the Cuticura Remedies and cured her with them. When they began using Cuticura Remedies her face was terribly disfigured with sores, but she was entirely cured, for I saw the same child at the age of five years, and her mother told me the eczema had never broken out since. I have more faith in Cuticura Remedies for skin diseases than anything I know of. I am, respectfully yours, Emma E. Wilson, Liscomb, Iowa, Oct. 1, 1905."

Complete External and Internal Treatment for every Humour, from Pimples to Scrofula, from Infancy to Age, consisting of Cuticura Soap, Ointment, and Resolvent (also in form of Chocolate Coated Pills, in vial of 60), may be had of all druggists. A single set often cures. Potter Drug & Chem. Corp., Sole Props., Boston, Mass., U.S.A. Mailed Free, "How to Care for Skin, Scalp, and Hair."

CHANGE OF VENUE LAW TO GOSPEL

Mr. E. A. O'Meara, barrister of Toronto, has, at the suggestion of Rt. Rev. Bishop Stringer, who recently visited Peterborough, decided to forsake law for the gospel, and go for work in the Yukon. Mr. O'Meara will be ordained by Bishop Stringer at St. John's Cathedral Sunday, April 29.

On account of the pioneer character of the work and the absence of house accommodation, Mr. O'Meara will be obliged to leave his wife and family in Eastern Canada for a short time.

Mr. O'Meara is a son of the late Rev. Dr. O'Meara, for many years rector of Port Hope, and the brother of the late Dean of Rupert's Land.

Many New Pavements Are To Be Built This Year

Board of Works Will Give Notice of a Big List of Sidewalks—Eight Miles of Pavement is to be Built But Not All This Season.

Last night might be called "Sidewalk" night at the Board of Works. Although other matters were considered, yet the chief business of the night was in connection with the granolithic pavements to be constructed this season.

The annual report of the City Engineer contained a long list of wooden sidewalks which are in bad shape, and which will be replaced by granolithic walks. The list provides for the building of walks amounting in all to over eight miles, which means that the Street Commissioner will be a very busy man this year. Of course the whole amount will not be finished this year but the Board last night decided to advertise them all.

The work will be done wherever possible in long stretches, and no small sections of walk will be built. In pursuance of this policy pavements that have been petitioned for will be put on the list advertised.

There were present at last night's meeting, Ald. Hicks in the chair, Ald Graham, Elliott, Wilson, McIntyre, Adams and Mayor Best.

The sidewalks mentioned in the engineer's report were first considered, and after taking up several in detail, it was decided on motion of Ald. Graham, seconded by Ald. Elliott, to advertise the whole list contained in the engineer's report. While the Board will do this it does not mean that they will build them all. The course is taken so that they will have the power to build the walks when they desire to do so.

Many petitions for short sections of granolithic walks were also received and those that were sufficiently signed were ordered to be built.

A petition was received from a number of ratepayers asking that a sewer be constructed on Bethune street from London to McDonel streets. As the petition was sufficiently signed the request will be granted.

A communication from M. E. Pierce of the Barnardo Home was received, calling the attention of the Board to the fact that the sidewalk from George street to the G. T. R. crossing, near Hazel Brae, required repairing.

On motion of Ald. Graham, seconded by Ald. Elliott, the Street Commissioner was empowered to make the necessary repairs.

The request of Mr. T. J. Moore for a sewer on Simcoe street from Rubidge to Reid streets was granted and the City Engineer was instructed to purchase the nine inch pipe necessary for the purpose.

A letter was read from the Peterborough Cereal Company drawing the attention of the Board to the fact that the Peterborough Light and Power Company at the gas works discharge the exhaust steam into the streets, making it dangerous for the driving of horses. The City Engineer will inquire into the matter.

The request of His Lordship Bishop O'Connor that the grade on Reid and Brock streets be lowered to a depth of 12 inches from the present grade, will be looked after by the City Engineer.

A number of ratepayers asked that the sidewalk on Rink street from George street to Aylmer be repaired. The repairs asked for will be made.

The request of the Peterborough Light and Power Company for permission to erect poles on certain streets was referred to the City Engineer.

The letter from Mr. G. W. Hatton, in reference to the killing of Mr. Robert Gibbs' horses, as published in a recent issue, was on motion of the Mayor, seconded by Ald. Elliott, referred to the City Solicitor.

The tenders for street watering will be advertised at once, upon motion of Ald. Graham, seconded by Ald. Elliott.

Extension Of George St. South

Board of Works Will Deal With Matter at the Next Meeting.

The extension of George street, south to Lansdowne street was a matter that was touched upon at the Board of Works meeting last night. While it was discussed briefly nothing was decided save to hold a meeting of the Board of Works on Monday night next, when the property holders, through whose property the street must go, will be present and some kind of an agreement as to the right of way reached. The question has been before the Board for a long time and if it is to be carried out, the work should be done at once.

House of Commons Tower Collapses

Heavy Damage Caused—Many Narrow Escapes.

Special to The Examiner.

Ottawa, April 5.—The House of Commons tower suddenly collapsed at noon to-day. The fall caused a great deal of damage and there were many narrow escapes among the members of Parliament and employees about the buildings.

G. N. W. Press Dispatch.

Later—The tower erected this past winter on the northern side of the Departmental Block, to the west of the Parliament Buildings, fell just before noon to-day with an awful crash, and now lies a heap of stone and cement. Fortunately, signs of the coming collapse were noticed in time for everybody working in or near the tower to escape, and consequently no one was injured. The cause of the collapse is not definitely known as yet, but it is credited to winter building, and probably insufficient binding in the stone. About 60 feet of tower fell, and the damage is estimated at about $10,000.

Public And High School Interests Closely Related

Relation of South Ward School Building to the Collegiate Institute—$35,000 Too Much in View of Other Demands.

Alderman Ball at the last Council meeting was, if not wise, quite within his rights in defending the extravagant appropriation of $35,000—a sum in admitted excess of what is required for even an unnecessarily expensive school building in an out-of-the-way corner of the city. But he was hardly justified in making extravagant statements to sustain his contention. When he stated that the public school benefited 95 per cent. of the population, and the Collegiate Institute only 5 per cent., he was considerably out in defining the relative proportion of public school and Collegiate Institute pupils. According to his arithmetic there would be 4,750 public school pupils as against 250, the actual number of Collegiate Institute pupils. The truth is that the public school attendance as reported at the last meeting of the Board was 1,689, instead of 4,750, as 95 and 5 per cent. respectively, would mean.

While it may be a popular thing to champion the popular side, it should be done with reason and with some approximate knowledge of the facts; and, while it may be desirable to give prominence to provision for the education of public school pupils—that prominence should not consist of buildings only—it is almost necessary to have proper qualified teachers. We cannot have these teachers without Collegiate Institutes, which are the popular training schools for teachers. So that, looking at the matter from a common-sense standpoint, a Collegiate Institute is as much a necessity as the public school; in fact, it precedes the latter in importance, for without the Institute we could not have public schools. This is too self-evident to insist upon.

Then, the patronising idea that the public school is good enough for the poor man or man of moderate means, is not quite justified. In this free country all are equal and all have equal rights, these latter involving the privilege of equal opportunities to better our conditions. The education of the masses, provided alone by the public school, condemns the masses in one sense to remain hewers of wood and drawers of water. With the cheap educational advantages afforded by a Collegiate Institute, the poor man's child of exceptional ability may have an opportunity to rise to some position of prominence as well as the child of the rich man. There are in Canada to-day thousands of men prominent in politics, professional life and literature and art who were cradled in poverty and climbed upward by the help of the Collegiate Institute.

We must have both — good public schools and Collegiate Institutes. In Peterborough we need, and must have—the Government requires it — a new Collegiate Institute. We need a new school building in the south part of the city, but we must not put all our eggs into one basket. We are not required to place $35,000 in the hands of the School Board, a sum that is admitted is not presently required even for the extravagantly costly building proposed; and that, too, without consulting the people. The demands upon the purses of the taxpayers are growing rapidly. The decision has been arrived at to rebuild the Smith street bridge; that means another addition to our debt. Under these circumstances, and others that have been mentioned in the Examiner previously, should we not hesitate before spending the large sum of $35,000 for an unnecessarily large building — admittedly in excess of the school population requirements of the one-sided situation selected.

A new school is needed in the south part of the city, but it need not cost so much money, especially in view of the other large expenditures that are coming upon us. Large expenditures are looming up before the people that have to pay — and if our representatives do not go carefully our debt will increase, and our taxes will grow, to a point something like Belleville, Port Hope and Cobourg, where the people, and these places as a whole, have the life crushed out of them by burdensome taxes.

The people are concerned in this school building proposition, but the Board seems determined not to give them any voice in expressing their opinion regarding the expenditure of the large amount that is to come out of their own pockets.

Celebration Of The Eleventh Anniversary

Mr. and Mrs. W. J. Cox, North Monaghan, Entertain Some Friends.

Mr. and Mrs. W. John Cox celebrated the eleventh anniversary of their marriage at their home, in North Monaghan, on Tuesday evening.

A 'bus left the city about 6.30, and carried a jolly crowd of young people to the farm, besides those who drove out in single conveyances. Among the forty-five invitations that were given several regrets were sent by those unable to attend.

Mr. Cox's numerous selections on the phonograph were enjoyed by the company, and many games were played.

Refreshments were served about 11.30 o'clock, after which Messrs. Armstrong, Wesley and Wilson supplied the music for the rest of the evening. Congratulations from all were tendered to Mr. and Mrs. Cox, and the crowd were driven back to the city thoroughly enjoying their evening in the country.

Has Returned From Convention

Mr. Jas. H. Connal Back From Retail Merchants' Gathering.

Mr. Jas. H. Connal returned last night from Toronto, where he represented the local grocers at the annual convention of the grocery section of the Retail Merchants' Association. The convention was characterized by Mr. Connal as very successful. There was a representative attendance of grocers from all over the province and the proceedings were most interesting. Lectures on "Pure Food" and kindred subjects were given, a feature which should prove most profitable.

The pure food show which was held at the same time as the convention was a very fine exhibition, and was attended by enormous crowds.

Mr. Connal will make a report of the convention at the next meeting of the local branch of the Retail Merchants' Association.

CARD OF THANKS.

Having retired from business, I wish to thank my numerous friends and customers for their patronage and kindness they have shown me for the past number of years. My successor is highly spoken of and I am sure will conduct a first-class grocery and I hope may enjoy a continuance of the trade that has been so liberally extended from my very kind neighbours.

Yours very truly,
GEO. SANDERSON.

April, 1906.

TO-DAY IN HISTORY

April 5, 1587.—Swinburn the poet, born.

April 5, 1858.—Gold discovered in British Columbia.

April 5, 1906.—At 7.30 a. m. thermometer registered 32.

Plans Will Be Prepared For New Smith St. Bridge

Board of Works Contemplating the Erection of a Steel Two-Span Structure Over the Otonabee—Will Not do Any More Repairing.

The Board of Works have practically decided to build a new steel bridge over the Otonabee at Smith street. At last night's meeting, when a report was received from the city engineer in reference to the cost of putting the structure in repair for one year, the members of the Board were unanimously agreed that it was a waste of money to go to any more expense in the way of repairs.

The city engineer's report was as follows:

Dear Sir,—As requested, I have examined and tested the principal timber in Smith street bridge, with a view of ascertaining the cost of putting it in a safe condition for traffic for one year.

The eastern span, 75 feet, is in a worse condition than the others, the south ties of this span being sagged to almost breaking with its own weight. Of the other three spans, the principal timbers are very much decayed, but will last another year.

The floor on the whole bridge is very much worn in the middle. I would recommend that it be laid longitudinally with two-inch elm, eight feet wide. The piers also require blocking up. I estimate the cost for repairing the bridge to last another year at $525.

Yours, etc.,
T. A. S. HAY,
City Engineer.

It was moved by Ald. Graham, seconded by Ald. Elliott, that the city engineer prepare plans for a reinforced two-span bridge to replace the present one at Smith street.—Carried.

THE ISOLATION HOSPITAL QUESTION TO BE DEALT WITH

There will be a very important meeting of the Board of Health to-morrow morning at 9.30 o'clock in the clerk's office. In addition to general business, the isolation hospital question will come up again, and it is expected that some definite steps will be taken to go ahead with the scheme. The Finance Committee of the City Council and the committee appointed by the Board will go over the proposition together. The Hilliard property is freely spoken of as the site for the new building.

THE FREE DISTRIBUTION OF FULL SIZED BOTTLES OF

FERROL

(Cod Liver Oil, Iron and Phosphorous)

—AT—

W.B. Warne Store

To-morrow, Friday, April 6th, From 9 a. m. Until Samples Are Exhausted.

THIS CERTIFICATE

Properly filled out and signed, entitles the holder to one large-sized bottle of FERROL (Cod Liver Oil, Iron and Phosphorus), if presented Friday, April 6th, at the store of W. B. Warne, from 9 a. m. until samples are exhausted.

Name of Patient.....

Address.....

Disease.....

The bearer of this certificate hereby solemnly agrees to give this medicine a thorough and faithful trial and to report to the druggists named above, within three weeks, the improved condition of his health that is almost absolutely certain to follow.

FERROL

This is a successful combination of the well known valuable remedies, Cod Liver Oil, Iron and Phosphorous. The formula is no secret, and our analysis showed the presence and amount of constituents as described. The preparation is a good one and of distinct therapeutic value. The association of an easily assimilable oil, in a fine state of division with a phosphatic salt of iron which does not disturb the digestive functions and which is easily tolerated determines its success as a food and tonic in wasting diseases.—Copied from London Lancet.

What the London Lancet recommends as a food and a tonic in all wasting diseases must have a very special quality.

No higher endorsation is possible. The results following the use of FERROL for the past ten years have proved that this endorsation is well deserved.

An Awning Around The Market To Save Farmers

City Engineer Makes a Suggestion to Board of Works—Wooden Sidewalk Around the Square Will Have to Hold Another Year.

The City Engineer at the Board of Works meeting made a suggestion that seems worthy of notice by the council. It was to the effect that an awning be placed along the outside curb of the sidewalk around the market square so as to protect the farmers in case of rain. This has been done in other places and found to wor kvery satisfactorily.

The question of replacing the wooden sidewalk with a granolithic pavement was also discussed, but as the Engineer and Street Commissioners thought the present walk would last for another year no action was taken in the matter.

Fish And Game Protective Association Invite Ladies

They are Cordially Invited to Attend Friday Night's Meeting in City Council Chamber—A Peterborough Branch Will be Formed—Better Protection of Fish and Game the Main Object—Much Interest in the Matter.

The meeting to form the Peterborough branch of the Ontario Fish and Game Protective Association, which is to be held in the Council Chambers Friday, April 6th, at 8 o'clock, p.m., should be well attended by ladies, as several of the aims of the Association must appeal directly to them.

While the main objects of the Association are the better protection of the Game Fish and the Game, of the Province, an interest is also being taken in the matter of the supply of food fish, and it is just here that the housekeepers throughout the Province of Ontario will be interested in the movement.

It is only a few years ago, comparatively, when that most delicious of our fresh water fish—the Lake Ontario White Fish, was obtained in enormous quantities and shipped generally all over the Province wherever railroad facilities admitted of the same.

At present this fish has practically ceased to exist, as far as our citizens are concerned.

The Ontario Fish and Game Protective Association is stirring up public interest in this matter, and it is to be hoped that gradually such sentiment will be aroused throughout the Province that serious and practical steps will be taken to once more place in the hands of the housekeepers throughout the Province this very valuable food.

The ladies will also no doubt be interested in the preservation of the beautiful song birds of this country and one of the aims of this Association is to stop the great destruction of these birds that has been going on mainly through Italians and other foreigners, but also through the small boys with their pea-bore rifles.

Complaints have been made from many parts of the Province as to this habit the Italian brings with him of finding out and destroying any bird bird that he is able to get within gun-shot of.

The Association is partially educative in its design and is very anxious to have the sympathy and support of the ladies with it, as it is felt that their influence over the children is of the greatest value possible to the movement.

Those responsible for calling the meeting wish the ladies of Peterborough to understand that they are most cordially invited to attend.

Also school teachers and clergymen are urgently requested to assist in the formation of a local branch not only by attending the meeting but in the case of the former especially, to give short and frequent conversations to the school boys and girls on the necessities for the protection of the birds.

Mr. A. Kelly Evans, secretary of the Ontario Fish and Game Protection Association, and Mr. Oliver Adams, of the Toronto branch will be present to assist in drawing up the plans for the organization. It is very important that as many as possible be present to aid in the inauguration of this much needed institution.

EXCELLENT PAPERS AT DEBATING CLUB

The Debating Club's programme last night at the Y.M.C.A. was of a very profitable character, two papers of considerable interest being read by Mr. Chas Reid and Mr. Roper.

The former was on the subject of "Municipal Ownership," the writer displaying a broad knowledge of his theme. Discussion of a very favourable nature was entered into by every member of the class and all manifested a thorough understanding of the subject. The other paper, by Mr. Roper, was a review of the book "The Man of the Hour" and showed the excellent power of criticism.

There will only be one meeting more this season and all members of the Club are urged to be present. It will partake of a social nature.

Sugar Making In Galway Township

Many Residents Have Left There for the Northwest.

Special to The Examiner.

Mount Irwin, April 2nd. — Spring is very slow in coming to Galway, but even so some of the farmers are deep in the sugar making. On account of the cold weather the sap has not been running very freely.

We are glad to hear that Mr. D. Curtin is recovering from his serious illness.

School visitors, when the teacher is not present, are not welcome in Galway.

It will be some time yet before the river drivers can get to work in Swamp lake, as there is nearly two feet of ice.

We have had several farm sales in this neighbourhood in the past week. Everything sold above par.

The Canadian Order of Foresters held a ball at Kinmount two weeks ago, and although they went to a great expense in sending out invitations and engaging an orchestra, and providing a supper, it did not prove to be a complete success.

The C.M.B.A. Order of Foresters are considering the holding of a ball after Easter in the town hall of Galway. All their friends wish them every success possible. There is no doubt but it will be a success from past experiences.

Mr. Jas. O'Brien, Mr. and Mrs. Beckett and family, Mr. Hartley and several others left this week to seek their fortunes in the Northwest. If this state of emigration continues for a few years some of us will have plenty of breathing room in Galway.

The boys in the woods are again preparing to go on the drives, where it will be more pleasant shooting the rapids that they come in contact with.

C. G. E. ANGLERS ARE INVITED

Members of the Canadian General Electric Angling Club, and others interested in the fish and game laws, are requested to attend the meeting in the Council Chamber Friday evening at 8 o'clock sharp.

LENTEN SERVICES

ST. JOHN'S.

At St. John's last night Rev. E. L. King, M.A., gave a very eloquent and impressive address on "Prayer." The speaker was very earnest and convincing, and his masterly and forceful discourse could not have failed to strongly impress his hearers. The subject he dealt with was one of vital interest to all Christians and his address dealt fully with it in its many phases.

Although the text was taken from Isaiah, yet the Syro-Phoenician woman, in her importunate prayer for her daughter possessed of the devil, formed the subject of his address on prayer. Here is a woman, said the speaker, outside the national and religious boundaries of the Jewish people; one whose [illegible] by a great [illegible] for her daughter [illegible] of Desire and [illegible] child. Her position [illegible] humiliation, but so great is her faith and so urgent her appeals [illegible] that the Master takes pity on her and grants her her earnest request. She returns home to find her child healed. God wishes that we pray to Him and He will supply our needs. The instinct for prayer in men testifies to the existence of the Creator. If we pray to God His blessings will be abundant. But what of unanswered prayers? There are at least three reasons why prayers are unanswered. There are selfish prayers that we cannot expect to be answered. There are prayers which it would not be well to answer — prayers that are foolishly asked. God in His [illegible] love will not answer them, for He knows what is good for His children. In the third place, prayers often receive no answer because we are not persistent enough in asking them. The preacher read an extract from a newspaper, stating why the Japanese defeated the Russians in one of the notable naval battles in the recent Russo-Japanese war. They used more judgment and applied their skill to better advantage. They knew how to effectively man their machines that won them victory. God has placed in our hands the machinery to conquer the world, the flesh and the devil. We must not try to pass over sin. We must recognize it and combat it. Take the poor woman who recognized her daughter was possessed of a devil, and realized it. We must realize that we are sinful and be filled with the Christian faith as this suffering woman was. God may show us some painful path to tread, some dire mortification to endure, before He answers our prayers, but we must persist, as persistence is necessary for success.

ST. LUKE'S.

Rev. J. H. Toney, rector of Omemee, was the speaker at the Lenten service in St. Luke's church last night. There was a good attendance, and the address, which was forcible and inspiring, was much appreciated. Mr. Toney took for his text the first verse of the fourth chapter of St. Matthew,—"Then was Jesus led up of the spirit into the wilderness to be tempted of the devil."

Lent, said the speaker, was a time of fasting and prayer, a season in which we should examine ourselves as to our spiritual condition. Temptation was one of the things which the Christian had always to be on guard against. The fact that our blessed Lord had been tempted was one of the greatest proofs of His [illegible] There are passages in [illegible] which show that God has [illegible]empted, but He was not assailed in the same manner as Christ was [illegible], or as we are tempted at the present time. There are evidences that our Lord was tempted in the same manner and by the same as Christians are tempted to-day. The Word of God, said Mr. Toney, was the most powerful weapon with which to fight against temptation. Armed with the Sword of the Spirit there need be no fear but that the severest temptation could not be overcome. It was the weapon employed by the Master, and it was equally effective to-day. The speaker passed on and spoke of the danger of letting evil thoughts hold sway. "Allow an evil thought to harbour itself in your mind and you have taken the first step towards the downward path," said Mr. Toney. "There are higher purposes for man than those of earth, and the thoughts and desires should not be confined to mere earthly things. Give God's eternal 'no' to every form of temptation, and the victory over Satan will be assured."

In closing, Mr. Toney said he hoped every one connected with the church would closely examine their spiritual condition during the present Lent and become stronger in the determination to lead better and nobler lives in future.

By Regulating The Food System

NEARLY ALL THE MOST COMMON ILLS OF HUMANITY ARE PREVENTED AND CURED BY

DR. CHASE'S KIDNEY-LIVER PILLS

"When our food is properly digested and assimilated, the waste matter promptly excreted and all the organs working in harmony we are well. When any derangements of these functions occur we are sick.

If we wait to consider for a moment what a large proportion of such derangements arise from constipation of the bowels, torpidity of the liver and sluggish action of the kidneys it is not difficult to understand the far-reaching effects of Dr. Chase's Kidney-Liver Pills as a means of preventing and curing disease.

One of the results of our artificial modern life, and more especially that of winter, is too much eating and too little exercise. The liver and kidneys are overworked in their effort to remove the excess of waste matter, and when they fail in this work disorders of some kind are bound to arise.

It is usually with the liver that trouble begins. The bile which should be poured into the intestines to aid digestion and insure healthful action of the bowels is left in the blood to poison the system.

Headache, biliousness, liver complaint and constipation are followed by uric acid poisoning, kidney disease and rheumatism when the kidneys play out.

Dr. Chase's Kidney-Liver Pills begin by enlivening the action of the liver and bowels, and thereby effecting a thorough cleansing of the whole filtering and excretory systems. By this means constipation, biliousness, indigestion and all their accompanying symptoms are removed.

Then by their direct action on the Kidneys they purify the blood of uric acid poison, which is the cause of rheumatism, backache, lumbago and all the dreadful painful and fatal diseases of the kidneys.

In the newspapers have appeared from time to time thousands of letters from persons who have been cured by Dr Chase's Kidney-Liver Pills. In the majority of the homes of Canada this great family medicine is constantly kept on hand as a preventive and cure for these common ills of life. One pill a dose; 25 cents a box; at all dealers or Edmanson, Bates & Co., Toronto.

Suspicious Coal Miners' Strike

Are the Mine Owners Behind the Men?

The Soo (American) News has the following:

"Is the coal strike on the square?

"No one doubts the sincerity of the miners. They are in the battle for more wages, recognition of their organization, and better conditions for the toilers.

"But the other end of the proposition is open to suspicion.

"The [illegible] owners want money. They are by no more rapacious than business men in other lines. They persistently and steadily extract from the pockets of the public all that the traffic will bear. They have refused to reconcile themselves to the demands of the miners, knowing, as well as the public knows, that every penny of increased cost of mining comes not out of the pockets of the capitalists, but out of the pockets of the consumers.

"For months the mines have been working digging a surplus. Thousands of tons are in the holds of lake vessels. Other thousands of tons are stored at mines, in river barges, and in scores of other places.

"Nine million tons are stored near New York City.

"A mild winter has lessened the domestic demand for coal, which has increased the surplus.

"To the men who own the coal, a strike even of short duration, will mean millions in increased profits. It will make fat dividends at a time when the outgo is almost nothing. It will mean legitimate cause for forcing up the price.

"True, there will be great hardships. In scores of kind men will be out of work, wretched, almost hopeless. There will be real suffering. But when has capital's greed ever counted the cost in human ills, when there was money to be made?

"It will take more evidence than has yet been produced to make the average student of conditions see in the great coal strike anything more than hunger for profit at the cost of great harm."

A Fierce Fight For Prayer Book

Lady Fights Out Her Own Case and Wins.

Cornwall, April 3.—At the Spring Assizes here to-day before Mr. Justice Clute, Miss Josephine Smith, of Ottawa, formerly of Morrickville, was acquitted on a charge of retaining and diverting to her own use a Roman Catholic prayer book printed in Paris, France, in 1500, and believed to have been at one time the property of Mary Queen of Scots. Miss Smith is a well-known antiquarian, and has been compiling a book of Eastern Ontario history. The book was entrusted to her in 1904 by A. G. F. Drew, of Morrisburg, for the purpose of having its value ascertained. As it was not returned, although asked for, Miss Smith was arrested at Vankleek Hill in December, 1905, and committed for trial by Mr. Farlinger and Mr. McDonald, two Morrisburg Justices of the Peace. At the January Assizes Justice Anglin presiding, the case was sent over to this court to give Miss Smith a chance to return the book. She has since been out on bail. To-day she conducted her own case, and addressed the Jury. She also testified that she believed the book to be among some goods sent to a friend in Philadelphia, which are still in possession of the express company. She denied any intention of retaining the book and the jury evidently believed her.

A Sucessful Play By Pupils Of Grove School

Mr. Belber Selected Location on Preston Farm for House of Refuge—Other News Notes From Lakefield

Special to The Examiner.

Lakefield, April 4th. — The Lakefield Preparatory School closed on Tuesday for the Easter vacation, the boys going to their respective homes on Wednesday.

The Lakefield Preparatory School Dramatic Club, put on a most successful play on Monday evening at the Grove. The play was entitled "Alice of Wonderland." The different parts were wonderfully well played and reflected much credit on Mr. Tindell, to whose untiring efforts this very pleasant event was due. The cast was as follows:

Alice, Master Norman Nelles.
March Hare, Master G. Lumsden.
Dormouse, Master A. Petterson.
Mad Hatter, Master G. Moore.
Tweedle Dum, Master Palmer.
Tweedle Dee, Master Glass.

During the evening Miss Tate sang a solo most acceptably and Messrs. Tindell and Taylor sang a duet which was also well received.

Mr. A. S. Butchart is in Hudson, N.Y., this week on business.

Messrs. O. A. Langley, N. Nichols and J. H. Obant are in Belleville this week attending the Belleville Assizes.

Mrs. Blomfield of Orillia, is the guest of Mrs. H. C. Garbett.

Mr. Charles Campbell of Toronto, was in the village this week the guest of Mrs. F. J. Tate.

Mr. J. E. Belcher was in the village this week to chose a suitable site on the Preston Farm upon which to erect the House of Refuge.

Lakefield can now boast of two papers, the Lakefield Preparatory School having branched out and started a paper called the Grove Chronicle.

Mr. Fred. Kilbourn was in the village Monday.

Mr. F. A. Kilbourn was in Peterborough on business Tuesday.

Mr. and Mrs. Rutherford, of Campbellford, were in the village Tuesday visiting friends.

Mr. and Mrs. Hiscock, of Carleton Place, are the guests of Mrs. Hiscock's father, Mr. Joe Wallace.

Rev. E. A. Langfeldt, of Peterborough, held services in St. John's church, Lakefield, on Wednesday evening, April 4.

Mr. John Cooper left for Mission City, B.C., Monday, where he will visit his brother-in-law, Mr. Cox, of that place.

Mr. J. R. Griffin, of Coppercliff, arrived in the city Monday, and is visiting his father, Mr. J. Griffin.

Mr. Fischer is in Campbellford this week on business.

Mr. Geo. R. Strickland left Monday to take a position in the head office of the C.P.R., at Toronto.

Mr. Roland Johnson is in Montreal this week on business.

Mr. J. H. Sherin has returned from Hot Springs, Va., where he had a most delightful outing.

TERRIBLE PAINS ACROSS BACK

SUFFERED EIGHT MONTHS WITH KIDNEY TROUBLE. WOULD HAVE TO STAY IN BED FOR THREE DAYS AT A TIME

Doan's Kidney Pills CURED HIM

Mr. Thomas Fitzgerald, Hazeldean, Ont., writes us as follows: "I was a great sufferer from kidney trouble for eight months. I had terrible pains across the small of my back. I would have to stay in bed for three days at a time and could not do any work. I tried several remedies but of no avail, and also plasters but they were of no use.

One day a neighbor of mine advised me to try Doan's Kidney Pills. I was so much discouraged I told him I was tired of trying remedies, but he urged me to try one box as I purchased one, and before I was through using it, I found a change for the better so I got five boxes more, and I have had no trouble with my kidneys since. I would just be without Doan's Pills in my house."

It is really not difficult to cure kidney trouble in its first stages. All you have to do is to give Doan's Kidney Pills a trial. They are a never-failing cure for all forms of kidney trouble. They quickly relieve the congested, overworked kidneys, and gradually bring them back to health.

Doan's Kidney Pills 50 cents per box or three boxes for $1.25, all dealers or The Doan Kidney Pill Co., Toronto, Ont.

THE X-L TAILORS HAVE REMOVED

THURSDAY, APRIL 5, 1906.

ONE-SIDED.

There's a lively situation in western municipalities. They have been electrified into exceeding activity over the proposition to develop Niagara power for the use of several western towns and cities. After looking into the matter and counting the cost, some of these municipalities think the project unpracticable unless the Government undertakes the work of power development. That's a very nice proposition in the way of paternalism. The cost of procuring power by the municipalities which will be benefited is too great for them to bear. But if the Government undertakes the expense of development, the cost will have to be paid by the Province as a whole, and all places east of Toronto will be compelled to pay their share of the expense without directly receiving the least benefit. True, the eastern part of the Province will be repaid by seeing the western cities growing and thriving under the benefits of cheap power. The eastern part of the Province will be able to see their western rivals successfully bid for industries and enjoy the pleasure of paying for their own interests being discriminated against. It would seem at first thought, that if the Government is to get into the business of developing electric power for municipalities, that the work should be general in character. If the Government develops power for the benefit of Hamilton, Toronto, Woodstock, Brantford, etc., there is no good reason why it should not undertake the same work for Peterborough, Trenton, Kingston, etc.

EDITORIAL NOTES.

The Globe is aspiring in its mature days—not content with being a model journal, it now comes into the field as a pattern newspaper.

How the Northwest grows. A two-years ago "howling wilderness," and just in the sucking-bottle stage of provincial babyhood, Alberta is actually demanding a State University.

If the new License Bill is amended to meet the demands of the Temperance and the Liquor interests the corrected draft will resemble the notorious remedial bill after it had been under fire.

The London correspondent of the Montreal Star says, that Ontario 3 1-2 per cent. bonds are already selling in London at 99, and all the Province gets for them is 96. Three cents loss per dollar on a six million loan means a loss in cold cash of $180,000. Col. Matheson can't abolish succession dues now, he will have to retain them to make up the loss the province suffered by his loan bungle.

Premier Whitney told the monster deputation of License Holders yesterday that the new License Bill fairly represented the opinion of the great majority. As the License Holders and their sympathisers and the Temperance people and their sympathisers represent the whole population of the province, and as each is outbidding the other in denouncing the new bill, it is a little difficult to see where Hon. Mr. Whitney gets authority for his statement. Not that he always needs to be backed by facts in his ore rotundo utterances.

General Manager Hayes, on his return from Great Britain, set definitely at rest all rumours of the abandonment of the mountain section of the western division of the Transcontinental Railway. It is the fixed intention of the Grand Trunk Pacific Company to build the line from Edmonton to the sea. As to eastern division, Mr. Hayes calls attention to the fact that building it is the work of the Dominion Government, and his company is not going to borrow trouble over the matter. All talk of any portion of the line between Winnipeg and Moncton being abandoned is the irresponsible chatter of partisans with whom the wish is father to the thought.—Globe.

Winnipeg has shamed itself. In connection with the street car strike the mob arose, and it became necessary to read the Riot Act — a rare proceeding in the history of Canadian affairs. To intensify the evil, the authorities are charged with employing alien constables. Canadian citizens should be found qualified for such service — better qualified than aliens, presumably, from the United States, who would not be likely to have the same sympathy with the maintenance of law and order, as Canadians who, with the exception of such happenings as the Winnipeg incident, are accustomed to see law observed by the people and upheld by the authorities, instead of seeing constituted authority delegated to a mob.

STILL HARPING THE NINETY-SIX

The Farmers' Sun, which has generally shown a good deal of consideration for the Whitney Government says:—

A rather ugly scene occurred in the Legislature last week, during the debate on the budget. What occurred, in brief, was this: Hon. Mr. Matheson charged that the Hon. Mr. Harcourt, while a member of the Ross Government, had pledged the Province to place all Temiskaming bonds on the English money market, through one firm, and that this had been done without securing any compensating public advantage in return for giving the exclusive control of our Provincial borrowing to this one house. This, on the face of it, places Mr. Harcourt in an unfavourable light. The situation, so far as that gentleman is concerned, is made worse by the statement of the Hon. Mr. Ross in the House to the effect that the Province had been bound without the then Premier's knowledge.

The further developments in connection with the incident are none too creditable to Hon. Mr. Matheson. That gentleman frankly said that he would not have exposed the Harcourt transaction had it not been for the action of Mr. Ross in moving a vote of censure on the new Government for selling the bonds of the Province at 96. Put in another form, this means that if the Opposition has allowed the action of the present Government in sacrificing securities, among the very best in the world, at ninety-six cents on the dollar, the Government of to-day would have refrained from denouncing the action of a member of the preceding Administration in deliberately denying the Province the benefits of competition in placing the loan.

WAS BALD SIX YEARS

Three Months of the New Scientific Treatment Restored His Hair.

Baldness is caused by dandruff, which is caused by a germ. Kill the germ and it is almost certain that the hair will grow again, if the follicle has not been totally destroyed. Nels Peterson of Lime Spur, Mont., says: "I had been bald for six years and had tried all kinds of 'cures,' but without any benefit whatever, until I tried Herpicide. On Nov. 16, 1899, I began using Herpicide, and in three months a fine growth of hair covered my head completely." Ask your druggist for Herpicide. Everybody can have luxurious hair, if Herpicide is used thoroughly. Take no substitutes.

Sold by leading druggists. Send ten cents in stamps for sample to the Herpicide Co., Detroit, Mich. Ormond and Walsh, special agents.

Some Brevities On Long-Short Contest

A Strenuous Competition Now Going on at Y.M.C.A.

The long-short contest is causing considerable talk among the members. Many, too, are working hard—although the tabulated results thus far are not large.

The score to-day shows the "Shorts" have a lead of six points over the "Longs"—the latter will not be "Long" in catching up.

This month every member of the Y.M.C.A. should put his shoulder to the membership contest wheel.

No Y. M. C. A. in the country is better equipped than that in Peterborough.

Scores of men would join if asked to do so.

How do you measure up?—are you with the "Longs" or the "Shorts?"—if 5 feet 7 inches or over you are "Long."

Don't miss the blazing gymnasium exhibition of the Y.M.C.A. boys on Friday night. It will be a highly interesting programme.

Staff Captain McAmmond will be the speaker at the Y.M.C.A. on Sunday at 4 o'clock.

At the Y.M.C.A. boys' meeting on Friday at 4 o'clock, four boys will speak on "Pilate, a man who was afraid to sacrifice for right." Every boy over 12 years of age is invited.

Robbing Poor Men Of Their Booze

Port Hope Brewery Cuts Off Liquid Refreshment.

Port Hope, April 4.—A strike took place to-day at the Port Hope brewery, which employs some sixty hands. The employees of the brewing and bottling departments are on strike, and have been joined by some of the teamsters. The cause of the strike is because the manager has cut off the supply of free beer. He found that too much time was spent in imbibing the rations. Several men came from Toronto to-day to take the places of the strikers, and more are expected to-morrow. The manager says he can get all the men he wants. The strikers are determined not to return until the supply of free beer is resumed. The employees of the malting department are still at work, as their supply of beer was not interfered with.

ELECTRICAL MEN DINE IN MONTREAL

A dinner was tendered Monday night at the Windsor by the office and warehouse staff of the Canadian General Electric Co., Limited, to Mr. W. F. Dean, district manager, and Mr. F. J. Bell, assistant manager, on the occasion of the severing of their connection with the company. Mr. Dean leaves shortly for New Haven, Conn. Mr. Bell, who was with the C. G. E. for many years, and was formerly in business for himself, has joined the sales organization of Allis-Chalmers - Bullock limited, with headquarters at Montreal.

Keep Brushed Up.

W. S. MAGUIRE'S NEW POSITION

The Port Hope Guide gives the following account of Mr. W. S. Maguire, who has many friends in this city, and who is about to leave for British Columbia, where he has accepted a position.

"Mr. W. S. Maguire, who for some time has had charge of the physical work of the Y.M.C.A. here, left on Saturday for Peterborough, for a ten days visit before going to open and take charge of a Y.M.C.A. at Revelstoke, B.C.

"This is an important position and Mr. Maguire is to be congratulated upon having been selected as the man to take up the work. There is no doubt in the minds of those who know Mr. Maguire's ability that he will fill the position with credit.

"Revelstoke is one of the most important cities in the province, and an important railway centre, in which the work of the Y.M.C.A. will doubtless flourish under Mr. Maguire's leadership. Mac's many Port Hope friends wish him every success in his new field."

DECORATIONS FOR PETERBOROUGH HOMES

MISS HELEN DAVIES' SUCCESS IN LONDON

Peterborough is always ready to sympathise with the success of its own citizens in whatever sphere they aim to excel, and it will be pleasing to learn that Miss Helen Davies has been scoring new triumphs in London. The reception accorded to Miss Davies at the concert of the London Male Chorus on Tuesday evening last was most enthusiastic, every number contributed by this rising young soprano being encored. Miss Davies sang in London exactly three weeks ago and has been asked to again visit the Forest City on Easter Monday as soprano soloist in Haydn's Oratorio "The Creation," but she will not be able to accept the engagement owing to her Sunday duties in Peterborough. The Examiner tenders its congratulations and hopes to record many other signal instances of her success.

NEW MAPLE SYRUP
We have just received a consignment of Pure Maple Syrup. The same kind that we have been handling for several years.
S. A. OKE, George St.

One person in five in Peterborough has his food cooked on a Happy Thought Range. It is the People's Favourite. We sell them every day but Sunday.

THE BEST STOVE CO

Kennedy's New Meat Supply Shop

His George Street Store Splendidly Refitted and Enlarged —New Lines of Provision Supply.

H. P. Kennedy to the People of Peterborough:

Ten years ago I entered into the retail meat supply business, and for the success which has attended it I wish to very cordially thank the people of Peterborough, since the liberal patronage which has contributed to that success, and an expansion of business has compelled me to enlarge my premises. This enlargement and complete remodelling, is practically completed, and the new, more commodious and altogether recreated premises, will be open to the public on Saturday.

In fitting up my premises, I have applied the lessons of my past experience here, and my relations to the best meat market centres of Canada, to the re-modelling of a meat business establishment second to none in the country.

My refitted establishment will permit of a large addition to my business, which will consist of a full line of provisions — cheese, butter and eggs, a full line of cured and canned meats, a full line of canned goods—peas, tomatoes, corn, etc., as well as green vegetables and some lines of fruits, in a word, nearly all the staple articles comprised under the title of household provisions.

In fitting up my new premises, I have tried, and think I have succeeded, in arranging everything in such a way as to conduce to the convenience of both the employees of the shop and also the public. I have fully realised, as every householder does, that in no shop or premises is there such urgent need of absolute cleanliness and neatness as in one devoted to the meat and provision trade.

In thanking my coustomers again for their liberal patronage in the past, and for the kindness they have shown in regard to the inconvenience from my recently sad, necessarily, cramped temporary quarters, in which acknowledgment Mr. Roland Denne is included. I again cordially invite the public to visit my enlarged and beautified premises on the occasion of their re-opening on Saturday. There will no doubt be a crush, but we shall be prepared for it in every way — stock and service, especially.

Very respectfully,
H. P. KENNEDY.

Dust Evil Will Have to be Endured

Water Wagons Will Not be Out for Another Week at Least.

Those who are complaining of the dust, and there are few who are not, will not find any consolation in the fact that unless rain comes the evil will have to be endured for a week longer, at least. At the meeting of the Board of Works last night it was decided to advertise for tenders, but this will take a week, and the tenders will not be opened until next Thursday. In the meantime people will have to put up with the dust. The central part, which is operated by the city, will make the circuit of the front streets. People in the residential sections will be praying for the gentle rain from heaven.

CITY NEWS OF TO-DAY

New Proprietor.
—J. M. Donovan has purchased J. Sanderson grocery, corner of Aylmer and McDonel streets. He is now in possession.

Piano Tuning.
—Piano tuning promptly attended to. Satisfaction guaranteed. A. E. Hoover, 232 McDonel street, 'Phone 356.

Our testimonials are not from people in the States, but from your own city. Dozens of cases have been under their physician's care for weeks and even months, have been cured by one or two bottles of Mr. Roscoe's Rheumatic Remedy.

WILL ADVERTISE FOR CARETAKER

The regular meeting of the Separate School Board was held last evening.

The members present being Chairman J. Gosselin and Messrs. Henry, Hickey, Burns, Carew, Murty and Primeau. Rev. Father McColl, Superintendent, being also in attendance.

The minutes of the last meeting were read and confirmed.

Accounts were received from:

G. W. Green	9 30
C. Halpin	2 00
A. McDonald	35 00
A. H. Stratton & Co.	4 17

Referred to the Finance Committee.

Reports of attendance for March were received:

	On roll.	Ave.
Lake street school	176	155
Convent School	287	233
Central School	233	235
Total	696	623

The matter of supplies required was referred to the Property Committee.

On motion of Mr. Henry, seconded by Mr. Burns, a cheque for $17.68 was ordered to be issued in favour of tax collector, being the refund of tax on T.A.S. rooms.

Moved by Mr. Burns, seconded by Mr. Carveth, that a caretaker for the new school be advertised for.—Carried.

The Board then adjourned.

Disposal Of The Excavations

City Representatives Visited the Scene of Operations This Afternoon.

Mayor Best and Ald. Hicks this afternoon visited the scene of the dredging on the Otonabee in reference to securing the excavations from the cuts now being made by the Trent, for the purpose of filling in the section of water lying between the C. P. R. siding and the west bank of the river. Mr. Wm. Quinn, who is foreman of the dredge, and who has charge of the disposal of the dredgings, went over the ground with the city's representatives.

The matter is being dealt with by the Board of Works.

WEDDING BELLS

GOODFELLOW—BELL.

The marriage was quietly solemnized at the residence of the bride's father last night, of Miss Annie Bell, daughter of Mr. Wm. Bell, Park street, to Mr. Archie Goodfellow, of Peterborough. The young couple were unattended owing to the illness of Mr. Bell. The ceremony was performed by Rev. J. G. Potter in the presence of a few intimate friends. After the nuptial knot was tied a delightful wedding repast was served. The presents received were unusually numerous and attractive.

MENZIES—KELLY.

A very pretty April wedding took place last night at the home of the groom's sister, 261 Townsend street, when Archibald B. Menzies was united in marriage to Miss Ada Day Kelly, of Norwood.

Only the immediate friends were invited. Miss Lillian attended the bride, and Mr. Frank Kelly, the groom. The bride looked charming gowned in a cream silk waist over cream cashmere. The bridesmaid was becomingly atttired in white.

The bridal party entered the drawing room to the strains of the wedding march played by Miss Roadhouse. The ceremony was performed by the Rev. A. H. Brace, of the Park street Baptist church. After the ceremony the happy group sat down to a sumptuous spread.

The bride's going away dress was brown ladies' cloth with hat to match.

Mr. and Mrs. Menzies will make their home in Peterborough.

THE WINTER WHEAT LOOKS PROMISING

Reports by farmers state that the winter wheat came through the winter safely, and promises to be a good crop. There is a large acreage sown in this county. Clover also presents a good appearance. In North Monaghan ploughing has begun, but the season seems to be later in Otonabee.

Endless Annoyance and Misery.

"As a man of seventy years I am grateful to God and to Dr. Chase's Ointment for a cure of piles which had caused me endless annoyance and much misery. The itching and the burning was almost beyond endurance but Dr. Chase's Ointment gave me quick relief, and I believe the cure is a permanent one." — Rev. William Thomas, Brownsville, Ont.

PERSONAL MENTION

Mr. W. H. Richardson, Jersey City, is registered at the National.

Mr. and Mrs. Robert Hughes, Kinmount, were in the city last night.

Mrs. John Dempsey is visiting Mrs. J. A. MacPherson, 79 Paterson street.

Mrs. D. Andrews, of Trenton, was in the city to-day.

personal

Misses Nora and Helena Ferguson, Charlottetown, are registered at the National.

Miss Jean Cameron returned home yesterday after an extended stay in Montreal.

Rev. Canon Davidson is in Norwood and Havelock to-day on rural deanery business.

Mrs. Jas. Kearney and Miss Lottie, of Young's Point, were in the city to-day.

Mr. P. Campbell, manager of the Bank of Toronto, is spending the week at Preston Springs.

Miss Mabel Crothers of Peterborough, is the guest of Mrs. E. Budge, Walton street. — Port Hope Guide.

Mrs. F. Turner, who has not been very well of late, has gone to Peterborough to recuperate. — Roseneath News to Hastings Star.

Mr. G. Southwell, Peterborough, is in town.....Mr. J. W. Brightman, of Peterborough, spent a few hours in town yesterday.—Lindsay Post.

Mr. M. Brisbois, Cache Bay, who has been spending the winter here returned home yesterday to resume his duties in the lumber business.

Mr. Fred O. Allison was yesterday able to be out after five months painful confinement from sciatica. His many friends are glad to see him about again. Next week he will re-enter upon his duties with H. LeBrun & Co.

Mr. H. B. Spence has left for New Ontario, having secured an excellent position in that place. He has been employed at the C. G. E. Works for about four years and made many warm friends during his stay here, all of whom regret his departure.

Mr. R. T. Goodfellow and daughter, Ethel, left this morning for their home in Prince Albert, after spending a few weeks with friends in the city. Mr. Goodfellow was sent as a delegate to Ottawa by the Fruit Growers' Association, which met in that city a couple of weeks ago.

Councillor R. J. Doak, J.P., and Messrs. E. W. Lamprey, H. W. Johnston and J. Eakins attended the funeral of the late Mrs. Smith at Peterborough last week.....Mrs. W. H. Mitchell, of Peterborough, is a guest at the home of her daughter, Mrs. T. J. Lang. She also visited her sister, Mrs. J. Potter, last week.—Millbrook Mirror.

SUCCESSFULLY OPERATED UPON

Mr. William McCrae, 793 Water street, who, with Mrrs. McCrae, was called to Toronto on account of the illness of their son, Harold, has returned to the city. Mr. Harold McCrae, is a clever artist, employed with the T. Eaton Company, and he was attacked with an ailment which required an operation. The operation was performed yesterday, and was entirely successful.

Mrs. McCrea remains in Toronto to be near her son, who is in the hospital, during his convalescence, which his many friends hope will speedily arrive.

Eat More Fruit.

Treating Habit Was Condemned By The House

Condemned By the House But Not Enough to Pass Bill.

CONCUR ON PRACTICE'S EVIL

Conditional Sales of Chattels' Bill Goes to Legal Committee—No Intention of Passing Law Reform This Session—Mr. Smith of Peel Again Brings Up His Women's Suffrage Measure — Debate on Friday.

Toronto, April 5.—After the spirited discussion in the Legislature yesterday, which Mr. McNaught had acknowledged to be the chief purpose of his bill to prohibit the custom among Ontario men of treating each other to alcoholic liquids, and whose educative effect Premier Whitney hoped might be renewed from time to time, the bill was withdrawn from a second reading. There was a concurrence of opinion among those taking part in the debate as to the evil of the practice in creating habits of drunkenness.

Law Reform.

Hon. Mr. Foy replied to a question of Mr. MacKay that the Government had no intention of passing law reform legislation this session, or to appoint a committee or commission to make an inquiry.

"The question has not yet been considered by the Government," was the Premier's reply to Mr. MacKay's query whether legislation dealing with the licensing and regulation of hotels or public houses in municipalities where liquor licenses wouldn't be granted.

The House applauded facetiously the second reading of the bill of Mr. Smith (Peel) to give widows and spinsters qualified to vote in municipal elections the right to vote in Parliamentary contests.

The Premier suggested that the subject be seriously debated on Friday.

Law and Farmers.

Mr. Lucas asked for a second reading of his bill respecting conditional sales of chattels.

Hon. Mr. Foy objected to the bill in its present form. It provided that man should not be bound by a contract into which they had entered. In regard to the place of trial it was exceptional legislation. The bill might be changed to give the court the option of changing the revenue so as not to incur excessive costs.

Mr. Preston of Brant thought it would give farmers room to evade their contracts, and entail unnecessary hardships on the honest manufacturer.

Mr. Gamey said it was not fair to drag a farmer from the Manitoulin Island to Toronto to the trial of an action arising out of a sale of agricultural implements on Manitoulin Island.

Mr. McGarry remarked that many of the judges moved in the same social circles as the manufacturers against whom the action was taken, and it was a hardship on the farmer to bring him from the other end of the province to Toronto or Hamilton to a trial of his action. The bill was referred to a legal committee.

Mr. Duff had a bill of the same title, which was also referred to the legal committee.

To Mr. Ross the Premier said the adjourned debate on the budget would be continued on Thursday, and the House would go into committee on Mr. Hendrie's railway bill.

License Holders Deputation.

The license holders deputation, yesterday, about 600 strong, from all sections of the province, filed into the main corridor of the Assembly building with President Hartnett of the License Holders' Protective Association; James Haverson, K. C., solicitor, and E. Dickie, secretary, at their head. Without undue delay the Premier, with Hon. Messrs. Hanna, Monteith, Matheson and Reaume, appeared, and President Hartnett introduced the advocate of the association in the person of Mr. Haverson, who laid their claims before the members of the Government.

The Provincial Secretary in his reply gave no sign that the license bill now before the House would be changed in any of its essential particulars. He defended the high license fee on the ground that a monopoly had been created and the licenses were worth more to the holders. It was the intention to stand by the clause giving protection to witnesses, but there would be a modification of the bill, so that every offence might not result in the cancellation of a license. The Government would restrict the tied-house evil, and an emphatic "no" was given to the request that the hour of closing on week days be extended to 12 o'clock. Mr. Hanna made it plain that the law would be strictly enforced, and he warned the hotelkeepers that it would be in their interest to assist.

Premier Whitney declared the Government believed the new license measure was approved of by the majority of the people of the province. The temperance people had strongly attacked the Government on the measure, the liquor men were to-day recounting objections. It was the duty of the Government to hold the balance evenly between the two. They did not expect to please the extremists on either side, and that was another evidence, he thought, of the wisdom of the course they were pursuing.

Want Farmers Included.

Provincial Secretary Hanna met a large delegation from the grocers' section of the Retail Merchants' Association yesterday.

The grocers asked that the committee of the House include farmers, and others who grow the produce they sell, in the operation of the peddlers' bill at present before the Legislature.

Mr. Hanna intimated that certain clauses of the bill would be withdrawn and the provisions that the delegation wished would receive his careful consideration.

Robert Loudon Was Drowned.

Toronto, April 5.—The body of Robert Loudon, postman, was recovered from the bay yesterday after being nearly four months in the water. He disappeared late on the night of Nov. 15. He was 45 years of age. His wife died three years ago, and he could not seem to recover from the loss.

DO JAPS WANT PHILIPPINES?

Russian General Says Preparations Are Under Way For Campaign.

Moscow, April 5.—Gen. Von Mack, the Russian representative of the Red Cross, has just returned from Japan. He declares that the Japanese are actively engaged in war preparations, and he adds, the enemy in view is America, and operations are being planned against the Philippines.

The Open Door Seen.

Tokio, April 5.—The long expected announcement of the open door in Manchuria, is confidently believed to be in the very near future.

The delay has been prompted solely on the part of the Japanese Government by a fear of complications arising while the transmission of troops was vigorously going on.

ONCE GOVERNOR'S VALET.

Henry Cody Ends His Life In New York Apartment.

New York, April 5.—Henry Cody, who said that he was a stepbrother of Marie Corelli, the novelist, committed suicide yesterday in a basement apartment in West Thirty-Sixth street, where he had been living.

He swallowed morphine and turned on the gas. Cody had been successively a cigar manufacturer, restaurant keeper and proprietor of a laundry in this city, and was formerly reputed to be wealthy.

He had said that he left England 25 years ago as a valet of a former Governor-General of Canada. Of late he suffered business reverses. He was 59 years of age.

Cabinet Will Open The Tenders About Saturday

Lowest Tenders For Two G.T.P. Contracts Most Favored.

A DECISION ON SATURDAY

Cabinet Ministers Have the Day to Themselves and Can Devote It to Settling Matters of Prime Importance Such as This—Commissioners Said to Be Not Unanimous—Fresh Tenders Not Likely.

Ottawa, April 5.—The general impression seems to be that the Government will accept the lowest tender in each case for the two sections of the Transcontinental Railway. A decision by the Cabinet is not expected, however, to be made until Saturday, although it is possible that earlier action may be taken. There is very little opportunity at the daily meetings of the Council to transact business of prime importance, seeing that the sittings barely occupy an hour, and on such occasions matters coming immediately before the House require to be disposed of.

Saturdays, therefore, when the Government have the whole day to themselves, are usually devoted to settling matters which call for greater consideration than is possible at a sitting which necessarily is hurried in its character. In the present case the Government's task would be much simplified if they had before them a unanimous recommendation.

Commissioners Divided.

But rumor has it that the Transcontinental Commissioners are divided in their opinion, and that the member in the minority has submitted a carefully-worded report in support of his views. If, as it is stated, the Government engineers consider the lowest tender for the Quebec-La Tuque section to be much below what the work could be done for, it is conceivable that this might form one ground of objection to the acceptance of such tender. In case of work on the eastern division, namely, from Winnipeg to Superior Junction, a dissentient member might perhaps feel that even with an increase in price it would be in the public interest for the Grand Trunk Pacific Co., which is constructing the branch from Lake Superior northward, to also have in charge the other section for complete communication between Winnipeg and the lake.

The question, however, arise whether the lowest tenderers are men of assured standing, and able to carry out their offers. If they are, there would seem to be but one course open to the Government, and that is to accept the bids. The report was in circulation last night that fresh tenders would be called for, and to this some members of Parliament were disposed to attach credence. There is no evidence at present to warrant any such belief, and inquiries in an authoritative quarter tended to discredit the idea.

Gained 10 Pounds.

"I was all run down and could not do my own work. Everything I ate made me sick. In nursing others I had seen the good results of Dr. Chase's Nerve Food and resolved to try it. As a result of this treatment I have gained ten pounds, do my own work alone and feel like an entirely different person." — Mrs. H. A. Loynes, nurse, Philipsburg, Que.

HON. ADAM BECK.

Mr. Wright Charges Him With Inciting Public Against Companies.

Toronto, April 5.—"It is very unfair and dishonorable to have a Minister of the Crown traveling around the country as this man Mr. Beck is doing, addressing Boards of Trade and municipalities, and trying to prejudice the minds of the people against corporations doing legitimate business."

Such was the comment of Mr. J. J. Wright, general manager of the Toronto Electric Light Co., in discussing the report of the Municipal Power Commission yesterday.

Five Insurance Bills Pass.

Albany, N. Y., April 5.—The bills proposed by the joint special legislative committee to meet the conditions disclosed in the recent investigation of life insurance are all special orders in the Senate committee of the whole today. Any of them advanced by that committee to the order of third reading can be finally passed if not amended today. Five passed the Assembly yesterday without amendment.

ALL IT NEEDED

There is more real oxygen in a liquified form in the "solution of Ozone (the coupon kind)" than in any other preparation of a similar nature. As a prompt cure in the killing of all inside germs of thirst, lungs, stomach or bowels, it has no equal when coupled with "Celery King" the famous laxative. That the stringent Ozone needed a tonic of this nature to procure the best results was so apparent that the Public Drug Co., of Bridgeburg, Ont., offer through your druggist a free package of "Celery King" with every fifty cent or one dollar bottle of "solution of Ozone (the coupon kind". Separate sealed tenders addressed to the undersigned and endorsed each "Tender for Bridge" will be received up to 10 o'clock a. m., on Saturday, the 14th day of April next for the construction of two steel Highway Bridges, one of two spans 73 feet 1-4 inch C to C and another of one span of 84 feet C to C, both over the Indian River and each within 15 miles of the City of Peterborough and within 11-2 miles of Railway communication.

Separate tenders will be required for each bridge.

Parties tendering must furnish fully made out details of their standard member connections and Riveting, Plating, etc.

Particulars may be obtained at the office of Mr. John E. Belcher C. E. County Engineer, Peterborough, where the plans and specifications may be seen.

The lowest or any tender not necessarily accepted.

E. M. ELLIOTT,
County Clerk.

Clerk and Treasurer's office, Peterborough, April 3rd, 1906. 6eod2w.

NOTICE TO CONTRACTORS.

Sealed tenders for concrete or stone abutments, etc., for the Evans and Keene Bridges, over the Indian River, will be received up to 10 a. m., Saturday the 14th day of April, 1906, by the undersigned.

Separate tenders will be required for each bridge which must be endorsed "Tender for Keene", "Tender for Evans" as may be. The plans and specifications may be seen at the office of Mr. John E. Belcher, C. E., during the hours 10 to 5 o'clock.

All responsibility of keeping traffic open and safe to the public re Evans Bridge must be assumed by contractor.

Persons tendering must enclose with each tender a marked cheque for the sum of two hundred and fifty dollars with tender for Evans' Bridge and four hundred for Keene Bridge.

The lowest or any tender not necessarily accepted.

ED. M. ELLIOTT,
CountyClerk.

Clerk and Treasurer's office, Peterborough, 3rd April, 1906. 6eod2w.

THE LATEST SPORTS

JUVENILE BALL TEAM ORGANIZE

Among the first of baseball clubs to organize this spring is the Murray Street Separate School. The organization took place this week and from the fact that they are near the first there is every possibility of their success this season. The School League in the past has always aroused much interest and the Murray Street School boys promise to make it more interesting in the future. The captain of their team this year is Conroy and their manager O'Brien.

The following is the team that will do the honours for them this season:—Catcher, Grady; pitcher, Hickey; 1st base, O'Brien; 2nd base, Heffernan; 3rd base, Conroy; short stop, Sullivan; centre field, Morrow; right field, Hayes; left field, O'Shea.

The club has open for any challenge and are busily practising daily to get in shape for the most battle.

AMENDMENTS TO FOOTBALL RULES

The following are some of the amendments which will be considered at the annual meeting of the Ontario Football League to be held in Toronto on Easter Monday:—

In all ties, semi-final, or final matches were home-and-home games are played, the league shall receive one-third of the net surplus. In case a surplus gate exists, and the remainder shall be divided equally between the competing teams.

In home and home matches the home team shall guarantee the expenses of the visiting team up to 4c per mile, one way, for 12 men, and hotel expenses not exceeding 1-2 day. In case where only one game is played on a home ground the home team shall guarantee the expenses of the visiting team.

No player shall play for more than one team for any of the championships in any one league year unless granted special permission by the Match Committee. This rule shall not apply where one club has two teams entered in different series.

CHARLOTTE STREET GUILD BASEBALL

On Tuesday next at 7.30 the Charlotte Street Guild Baseball team will meet in the Guild parlours when the election of officers will take place and other important business will be transacted. It is necessary that a large attendance be present and all members of the Guild, as well as those wishing to become members, are asked to be on hand.

FOOTBALL

The Peterborough Quakers will practice to-night commencing at 6.30 on the Central Park. All members and others wishing to get into the game are requested to be present at the first official practise.

BASEBALL

A Toronto paper says the Toronto ball players are nearly all in. If their standing of most former years may be taken as a standard the whole team will be pretty nearly "all in" at the end of the season.

NON-COMS. TO HOLD SPECIAL MEETING

A large number were present at the meeting of the Non-Coms. last night, when matters of considerable interest came up for discussion. A special meeting was arranged for next Tuesday evening, at which all matters in connection with the Brantford trip on July 1 will be considered.

NO ONE

WHO HAS EVER SEEN OR HEARD THE HELPLESS CHOKING OF A CONSUMPTIVE

CAN THINK LIGHTLY OF A COUGH

A single dose of Dr. Wood's Norway Pine Syrup will convince you that it will stop the cough, sooth the throat, and start you on the road to recovery.

DR. WOOD'S NORWAY PINE SYRUP

is rich in the lung-healing virtues of the Norway pine tree, skilfully combined with Wild Cherry Bark and the soothing and expectorant properties of other pectoral herbs and barks. It is a pleasant, safe and effectual medicine for Coughs and Colds, Hoarseness, Sore Throat, Pain in the Chest, Asthma, Bronchitis, Croup, Whooping Cough, Quinsy and all troubles of the Throat and Lungs.

Be sure and do not accept a substitute for Dr. Wood's Norway Pine Syrup. The genuine is put up in a yellow wrapper, three pine trees the trade mark, and the price 25 cts.

HAS NO EQUAL

"I had a very bad cold which settled on my lungs. I tried many remedies but could get no relief. On the advice of a friend I procured a bottle of Dr. Wood's Norway Pine Syrup. Before the bottle was half finished I had not the slightest trace of a cough, and in my opinion Dr. Wood's Norway Pine Syrup has no equal as a cure for coughs, colds, or any affection of the throat and lungs.

J. J. McLaren, Wardsville, N.S.

Large Deputation Of PROMINENT LICENSE HOLDERS Wait On The Government

No Particular Satisfaction Was Given the Liquor Men, But Government Does Not Appear to be Hostile to Them—The Deputation Was Very Large and Representative—Premier Whitney Comments on the Bill.

The News.

The provision excluding license holders from being adopted when councils issued licenses, the reason for exclusion no longer exists.

License holders' bonds are at present satisfactory. The bond of a company should be optional with the license holder.

Bartenders' licenses should be struck out, and if not then a provision should be made for emergencies.

The Dominion census should govern.

Increase in license fees is excessive.

Transfer fee is also excessive.

The principle applied to cities as to increase of fee should also apply to towns, villages and townships.

Closing on polling days should not apply to school elections or municipal bye-elections, and in any event should not apply unless the whole municipality is included in the polling. The sale of liquor within 300 yards of fair grounds is unreasonable.

Penalties are unnecessarily severe, especially in case of sale to prohibited persons, where a provision should be made for the identification of the prohibited person. In case of refusing accommodation to travellers the hours for meals should be defined and limited.

Witnesses should not be protected who have violated the law.

Prohibition of canvassing by shop licensees should be eliminated, or at least confined to local option municipalities.

Cancellation of licenses should be confined to offences with respect to the sale of liquor during illegal hours and should not be retroactive.

It should be made clear that the local option bylaw may be repealed on a majority vote where original bylaw so carried. It should also be provided that a bylaw for repeal may be submitted on same terms as for its submission after two years.

The provision enabling the inspector, to sample liquor should be sufficient. The distillers sell in bulk the same liquor as that in their bottles. If these bottles are refilled with the same liquor it should be sufficient.

Clubs should pay at least one-half hotel license of the municipality in which the club is situate.

These were the grounds of objection to the new License Bill which were advanced by 500 members of the Ontario License Holders' Protective Association, who saw Premier Whitney and Hon. Messrs. Hanna, Matheson Beaume this morning.

So large was the deputation that the only place where it could be received was on the main stairway. The Ministers and leaders of the deputation stood on the upper steps and the hotelmen filled the stairs and the main entrance hall right to the doors. All parts of the Province were represented. The deputation assembled in Victoria Hall and went to the Legislative Building in special cars, arriving there at eleven o'clock.

Mr. J. Hartnett, Windsor, president of the Association, introduced to the Minister "a small portion of the body of license holders of the Province."

Mr. Haverson's Explanation.

Mr. James Haverson, K.C., stated that the license holders were as much interested in the maintenance of the law as any other class, having their all invested in their business. The law was one requiring care and caution in its administration and should be carefully framed. There were many difficulties surrounding the business. A typical one was that regarding supplying liquor to guests at meals on Sunday. Ontario was the only Province where this was not legal. It was done, although not legal, and it seemed only fair that the law should permit it and so avoid breaches of the law in this regard, three of which would be enough to cancel a man's license.

In speaking of the fee Mr. Haverson said that, if four times as much liquor was consumed in Canada, bringing it up to the consumption in the States, it would be fair enough to impose the fee proposed, but as things are it was an unfair increase. In Montreal there was a larger consumption and longer hours, but the fee was much lower.

"One third of the fees proposed in this bill would be enough," said Mr. Haverson.

Limit to Fees.

Mr. Haverson approved of the principle that there should be a limit to the increased fees which cities could impose, and argued that this should apply as well to towns and country hotels. Transfers should be subject to a nominal fee and not to the large fee proposed. The right of municipalities to decrease the number of licenses, he said, should be taken away.

Mr. H. N. Kittson, wholesale grocer, Hamilton, acknowledged that the trade had got substantial justice, but he could see no grounds for the increase in fees. The tax on the trade now was some $377,000, while the new fees would raise this to $800,000. This was an unjust share of the revenue to exact from one class.

Mr. Hanna's Reply.

The Provincial Secretary was glad to know the better class of hotelmen were interested in the proper enforcement of the law. The sooner those engaged in the traffic interested themselves in the enforcement of the law, not only on their own premises, but generally, the better he would like it, and he would welcome the aid of the trade. As to the increase in fees he pointed out that a monopoly had been created through the steady reduction in licenses, and it was only fair that some portion of this should return to the public. Protection of honest witnesses should have the support of the trade. Modification of the offences entailing cancellation was promised. The tied house being an evil growing out of the law the Government proposed to discourage it. Sale until 12 o'clock could not be allowed, public sentiment being against it.

"We have no intention to inflict hardship for the sake of doing so, but we intend to go as far as we can to give a strict enforcement of the law. Our one thought is to ask not only those outside, but those in the trade, to aid us in tact. I can assure you it will be protecting your own interests within legitimate lines to see that the law is not being violated, and that those who disagree with you will have nothing to complain of as to the manner in which the trade is being carried on."

The Premier's Comment.

Premier Whitney added a few words out of courtesy to the deputation. The Government was ever watchful of public opinion on great questions, he said, and he was sure that the new bill fairly represented the opinion of the great majority. The views expressed by Mr. Haverson proved that the charge that the Government in framing the measure had been animated by good-feeling towards the liquor traffic, made by Mr Spence, was untrue. It was pleasing to know that the best section of the trade, becoming the great majority of the trade, was at one with the Government in enforcing the law.

HE FEELS AS YOUNG AS EVER

Mr. Chester Loomis Took Dodd's Kidney Pills.

And from a Used up Man he Became as Smart as a Boy.

Orland, Ont., April 4.—(Special.)—Mr. Chester Loomis, an old and respected farmer living in this section, is spreading broadcast the good news that Dodd's Kidney Pills are a sure cure for the Lame Back and Kidney Disease so common among old people. Mr. Loomis says:—

"I am 76 years of age and smart and active as a boy, and I give Dodd's Kidney Pills all the credit for it.

"Before I started to use Dodd's Kidney Pills I was so used up I could hardly ride in a buggy, and I could not do any work of any kind. Everybody thought I would not live long. Dodd's Kidney Pills are a wonderful remedy."

The Kidneys of the young may be wrong, but the Kidneys of the old must be wrong. Dodd's Kidney Pills make all wrong Kidneys right. That is why they are the old folks' greatest friend.

TENDERS FOR DREDGING.

Tenders addressed to the undersigned and endorsed "Tender for Dredging," will be received up to and including Wednesday, April 18, 1906, for the dredging required at the following places in the Province of Ontario during the present year: Penetanguishene, Meaford, Feiserton, Goderich, Point Edward, Port Stanley, Port Burwell, Randeau, River Thames (mouth), Owen Sound, Nigger Island Channel, and Trenton.

Combined specifications and forms of tender be obtained at the Department of Public Works, Ottawa. Tenders must include the towing of the plant to and from the works. Only dredges can be employed which are registered in Canada at the time of filing of tenders. Contractors must be ready to begin work within thirty days after the date they have been notified of the acceptance of their tender.

The Department is not bound to accept the lowest or any of the tenders.

By order,
FRED. GELINAS,
Secretary.

Department of Public Works,
Ottawa, April 3, 1906.

Newspapers inserting this advertisement without authority from the Department will not be paid for it.

You Want An Absolutely Sure Investment

The investment that we have to offer you has passed beyond the experimental stage.

It is a copper refinery, refining copper equal in purity to the very best product on the market.

And the supervision of this refinery is looked after by our principals, Mr. L. Sapery and Mr. H. Sapery, owners of the Syracuse Smelting Works.

Men who have spent years in experimenting and perfecting new methods for refining metals.

And ours is the only copper refinery in Canada.

But you can participate in the profits from this refinery by buying shares in the Montreal Copper Co., Ltd.

They sell for $100 each and last year yielded over 17 2-3 per cent.

This proposition is open to investigation at any time.

If you are in the city, telephone Main 1813, and we will make an appointment to meet you.

Or, write for our booklet—it contains interesting facts about copper.

Phonograph Co. Will Open Store On Simcoe Street

Mr. Chas. Munden Will Take Charge of Business.

The Columbia Phonograph Company of Toronto, are at present opening a store in this city on Simcoe street. This Company has been represented here during the past month by Mr. T. F. Barry and the success with which he has met has warranted the location of a special agent here.

Mr. Chas. Munden will take charge of the business and will be the exclusive dealer in Peterborough and vicinity. Mr. Munden is well known in the city as an energetic man and there is no doubt of his success in this venture. Mr. A. F. Hero, Toronto, general agent for the Company, is in the city to-day on business in connection with the opening of the new establishment on Simcoe street.

A big stock of machines and records will be installed next week when Mr. Munden assumes charge.

Mr. Robt. Stuart Is In The City

A Visit That May Mean Very Much to Peterborough.

Mr. Robert Stuart, of the American Cereal Company, Chicago, is spending a few days in the city, and his visit may be an important one to Peterborough. Mr. Stuart is naturally very much interested in everything that will advance Peterborough, and so will do everything in his power to bring industries here, and assist the city in other ways.

Mr. Stuart will consult with the Mayor and Ald. McWilliams in reference to certain matters that are of great importance to Peterborough.

What The License Holders Think

Their Opinions of the New Liquor License Bill.

Messrs. Brooks, Rountree and Jackson, three prominent Peterborough license holders, upon being asked by The Examiner to express their opinions regarding the reception of the deputation of Provincial license holders that waited on the Ontario Government yesterday in regard to the "Hanna Bill," and their views of the proposed measure, said:

Mr. A. Rountree.

It's up to the hotelkeepers to raise their rates. Generally speaking, the license holders are fairly well satisfied with the result of the deputation. We are going to be protected against the landlords by the new bill, who should not be allowed, as Hon. Mr. Hanna says, to collect five times the rent for the property that they can get from renting it for any other commercial enterprise. If a man conducts his house properly he knows his license is safe. The hotel business will be put on a permanent basis. The value of the property will, of course, be depreciated in proportion to the raising of the rates. As far as charging for shed and yard accommodation, its a matter that's entirely optional with the hotelmen, and always has been.

Mr. J. M. Brooks.

The deputation was a good one and was given a good hearing. The replies received were pretty satisfactory. It's impossible to discuss the matter with any certainty as to the ultimate failure or success of the measure, as a whole or in any particulan details, till the matter is fully developed. Opinions on the question now would certainly be premature.

Several other license holders refused to express an opinion, and it was found impossible to obtain an interview with others.

Mr. Robert H. Jackson

Proprietor of the Crown Hotel, although not present with the License Holders' deputation yesterday, had strong views on the reception given it by the Government. In Mr. Jackson's views of the matter the License Holders were not fairly treated, and said that just as surely as the License Bill passes hotel rates will advance and the working man will suffer. The Premier, he intimated, is in his first, and last term of office.

Fine Programme Has Been Arranged

Open Meeting of the Collegiate Philomathean Society.

Those who have attended previous open meetings of the Collegiate Philomathean Society will be glad to hear of the meeting which is to be held in the Y.M.C.A. hall on Monday evening.

This society has gained for itself quite a reputation for the very interesting evenings which are held under its auspices, and the programme arranged for Monday evening is quite up to the standard.

Besides several musical numbers provided by pupils and ex-pupils of the Institute, speeches upon historical subjects will be delivered by eight of the students. A month ago the executive of this thriving society offered prizes for the best ten-minute speeches upon any of a long list of subjects, and on Monday evening the contest is to take place. Messrs. R. M. Dennistoun, D. O'Connel and D. Walker have consented to act as judges, and a very pleasant as well as instructive evening is anticipated.

WILL TAKE HOLY COMMUNION

St. Peter's Court, Catholic Order of Forresters' will take holy communion in a body at 8 o'clock mass at St. Peter's Cathedral on Sunday. The members will assemble at their hall on Hunter street, and march to the church.

MUSIC AND DRAMA

The London Male Chorus Club concert given last evening in the Auditorium, was one of the musical treats of the season. The chorus was ably assisted by Miss Helen Davies, soprano, of Peterborough, and Miss Gertrude Huntley, violiniste, of St. Thomas, and by the Woman's Music Club orchestra.

Miss Davies did ample justice to compositions by Greig and Gowes, and her efforts were encored many times. —London Free Press.

THE DUKE'S DAUGHTER.

"The Duke's Daughter," which was presented at the Grand last night by the renowned Marks Bros. Company, was among the best of the productions which they have given. A large audience greeted them again last night and showed entire satisfaction in every act. May A. Bell-Marks was again the centre of attraction and played the character of "Marguerite Laurant" in her usual naive manner. Arnold C. Baldwin as "Victor Laurant" and husband of the Duke's daughter, is an actor of no mean ability. In fact the whole cast portrayed their parts to advantage. May A. Bell-Marks in her illustrated songs, "Where the Sweet Arbutus Grows" and "Kit Kearney," especially, made a strong hit and was greatly applauded. The scenery was of a most beautiful character with excellent situations for each act. Tonight "For His Sake" will be the production and on Saturday at the matinee "Nell Gwynn."

How He Beat The Street Cars

A Torontonian Keeps a Record of Fares He Never Paid.

A small account book was picked up in the street recently showing a systematic record of the number of times its owner got ahead of the street railway company. The blank pages of this book are ruled off in ledger form and each account headed with the name of a street car route in Toronto. For instance, there was "Church Street," with a debit on the left hand side and a credit on the right. "Bloor and McCaul" the same—and so on over the entire system. Evidently, when the owner of this book paid a fare he charged it up against the car line he patronized, and whenever he saved a fare he credited himself with five cents.

At first glance it might appear that the owner of this account book was in the habit of dodging the conductor's box, but this was not the case. The fact is, the fares were saved by riding a bicycle instead of paying the street car company for comings and goings, and the fares were contributed on rainy days when the wheeling was unpleasant. On August 6, 1905, he made an entry against "Bloor and McCaul" as follows: "One fare—last of quarter's worth of tickets bought June 2nd." The total of fares unpaid amounted to nearly thirty dollars in seven months.

SUNDAY SCHOOL UNION WILL MEET

The Primary and Junior Union of Sunday School Teachers will meet at 8 o'clock to-morrow night in St. Paul's church. St. Andrew's Sunday school will have charge of the meeting.

Sunlight Soap is better than other soaps but is best when used in the Sunlight way (say Sunlight Soap) and follow directions.

CARETAKER WANTED

Tenders for the position of Caretaker of the New Separate School will be received up to Wednesday, 11th inst.

All information may be obtained from Mr. Henry, Chairman property Committee.

John Corkery,
Peterboro' Secty Sep. School Board.
April 5th, 1906.

Colonel Miller Addressed Class

In Preparation to Examinations in May.

A large number of the officers of the 57th Regiment, were present last night, in the officers' mess rooms, to hear Colonel Miller's address on Military Law. Colonel Miller in his discourse last night treated chiefly the question "Aid to the Civil Power," and was given preparatory to the examinations which will be held towards the latter end of May in Toronto.

Much interest was taken in last night's class. Colonel Miller's subject was educative as well as interesting.

Captain Walker delivers the next address and will deal with the matter of Drill.

"PADDY" CONWAY WAS VERY DRUNK

"Paddy" Conway, an old Irishman, and an occasional inmate of the House of Providence, was arrested by P. C. Stewart at 12 o'clock noon to-day, just across the bridge in East City. He was in a terribly state of intoxication, and had to be conveyed to the police station in an express wagon. It appears he is an old British pensioner, and goes on a "toot" every time he receives his money.

"I've King Edward in my pocket!" he said at the police station, as he pulled out his pension papers.

You have read the Sailor Boy's Plea—buy to-day for your dinner to-morrow, Sailor Boy Canned Goods. Tomatoes, Corn, Peas and Salmon. Your money does not buy better goods. Do you get Sailor Boy or Substitutes?

J. H. D'ARVILLE
The Eminent Clairvoyant and Palmist

Everyone pleased, no one disappointed. A reading with Mr. D'Arville will add many successful and happy years to your life. He brings out points so plainly that all the dreams of alchemy would soon prove true. He tells business changes, travels, vocation, when and whom you will marry, full names, dates, facts and figures. Mr. D'Arville has many unsolicited testimonials from the most prominent people of this city. He is non-mercenary and always pleased to see his friends.

Readings private and confidential. Hours 10 a.m. to 8:30 p.m.

Address: 20 Queen Street, Peterborough.

PORT HOPE LOSES MR. WM. M'KAY

Mr. William McKay left this morning for Peterborough, and will take charge of all the independent telephone lines in Ontario. "Bill" was one of the warmest supporters of good sport in this town, and he will be greatly missed by his many friends here. In saying farewell, "Wm." remarked that he had travelled from the sunny south to the frozen north, and from ocean to ocean, and Port Hope was the best place he had ever struck, and it with much regret that he left the dear old town. "Mac's" host of friends wish him every success.—Port Hope Guide.

Like a Trip to New York

WILL BE A VISIT TO OUR GRAND MILLINERY DEPT.

We believe we have ready for your inspection in our Millinery Parlours one of the choicest array of Millinery that has ever been gathered together.

The accepted ornaments this season are mainly Feathers and Flowers.

Colourings present an almost unlimited variety. Whatever is in good form, either in colourings or design, you will find in our display, and always in materials of unquestioned qualities. We invite all interested in Easter Millinery to come to our store during the next week.

OTHER EASTER REQUISITES AT BARGAIN SEASON PRICES ARE:

Ladies' Kid Gloves
A special Easter offering of Perrin's Belford Gloves, regular value $1.50 per pair, in Greys, Whites, Tans and Blacks—not all sizes in every shade. Easter week, for per pair.... $1.00

Ladies' Kid Gloves
Suede and Glace Kid 2-button Mousquitan, elbow length, in Whites, Greys, Modes, Tans, Blacks, etc., etc. Easter prices per pair, $1.00, $1.25, $1.50 and..... $1.75

Easter Veilings
The swellest Veilings we have ever shown. Imported direct from Druiffe Freres, Paris, France. Blacks and colors—White on Black, Black on White, and all the new color combinations Easter prices, per yard, 20c to..... .75

Easter Corset Special
A new style Corset, with hose supporters attached, made of beautiful, fine quality of French Percale, in sizes 18 to 24 inch, regular value $1.50. Special Easter price, per pair.. $1.00
Corsets for all figures, per pair, 30c to..... $3.50

Ladies' Suits and Coats
We've been very much interested in the Coat Department the last few days. Ladies come in—and go out again—without the coat. A day or two later—or perhaps the same day—they come in again and buy. Of course in the meantime they have been seeing what was offered in other places—but they come back here to purchase. And this little performance is repeated again and again.

If in need of Housefurnishings this Spring. Do not buy before seeing our Special offerings

J. SUTCLIFFE & SONS

Highwaymen Attempt Murder
---AT MYERSBURG VILLAGE---
Of An Unsuspecting Farmer

Struck With a Club and Thrown Into a Creek to Drown —Was Waylaid by Two Men While Returning From Village Post Office—Had No Money With Him—Suspicious Characters in the Neighbourhood.

One of the most villainous attempts to murder, in the history of this district was made on Friday night upon Mr Dewitt Stotts, a resident of Meyersburg a small village a few miles beyond Campbellford.

Mr. Stotts, who is a farmer near Myersberg, left his home on the evening of the attempted crime to go to the Post Office and store of the village for a gallon of coal oil and some tobacco On his return home and a short distance from the post office he was met by two men, one of whom went to one side and one to the other of the road Mr. Stotts said good evening to them to which salute they answered by a low mumbling sound In passing he was struck on the head by something solid and that was the last he remembered until he regained consciousness a short time after in the middle of a creek. He managed with a great deal of difficulty to crawl out and returned home about 8.30 with his face completely covered with blood and his clothes soaked in blood and water. Upon examination it was found he had been struck in four places, behind each ear and on the top and rear of the head, and apparently by a dull club All his pockets had been searched, and the linings were left turned out Mr. Stotts, however, had no money on him at the time He took thirty-five cents with him this was expended in buying the coal oil and tobacco There is some doubt, however, whether the criminals were merely in search of money as the circumstances above strongly indicate their intention was to murder the unfortunate man

The Examiner learned the above story on Saturday night from a Peterborough man who at the time was in Meyersburg visiting his uncle He together with a number of others visited the scene of the attempted crime on Saturday morning and discovered the spot on the road where Stott had fallen and near by were found the coal oil can, his hat, the tobacco, and a glove Spots of blood were traced in one direction about ten feet as if he had been carried that distance by the highwaymen and then upon second thought they turned towards the creek The blood stains in the road were followed to the brink of the water where Stott had been thrown in to drown Although the creek was not deep yet there was sufficient water in it to easily cover a person's head were he lying down Mr. Stotts must have awakened soon after touching the cool water, considering the time he arrived home As he did not leave the store until about eight o'clock

As to the perpetrators of the dastardly deed nothing definite had been learned on Saturday night Two suspicious characters were seen by the gentleman who informed the Examiner of the crime He, together with another man had driven from Campbellford that night He got out of the vehicle and went down to the Post Office for his mail while the other waited Both going and coming he saw two strangers who walked quite closely to him apparently to discover if he were the person they were after, In the dusky light he could only see in passing that one was quite tall and not very stout, and dressed, he considered, in a dark grey suit; he had no beard, at least none was visible in the dull light The other was short and appeared to him to be only a boy Another resident of Myersberg, Augustus Bertrand, and a young lady passed along the same road shortly before, but did not see the strangers who evidently were then in hiding and knew from their concealment that neither of these was the one they were in search of

As far as is known no others in the neighbourhood saw the suspicious persons who in all probability have made their escape from the vicinity

Mr Stott was on Saturday afternoon still conscious and regaining strength He is a man about 40 years of age and recently moved to Myersberg from Norham He is a much respected and successful farmer and is very much puzzled by the character of the assault upon him

An investigation will at once be made by the authorities of Northumberalnd county and the daring bandits, who so brazenly attempted the murder of the unsuspecting man, will be diligently searched for, and if found, made to answer for their villainous work.

Week's Mission To Men at Y.M.C.A.

Rev. J. G. Potter Will be in Charge and Will be Assisted by a Male Choir.

For some weeks the Sunday afternoon meeting committee at the Y. M. C. A. have had in contemplation a Mission for the Men of Peterborough, and yesterday it was decided to hold this on the week beginning with Easter Sunday, the first meeting being held on next Sunday afternoon at 4 p.m., and continuing each night up to and including Saturday at 8 o'clock.

Rev. J. G. Potter, B.A., has kindly consented to conduct the mission and will give the addresses connected with the same. A male choir of 65 voices will lead the singing and will be assisted by special soloists each night. The Torrey-Alexander songs will be used.

Noon-day meetings will be held each day at the building at 12.30 o'clock.

Every man in the city is invited to do all he can to make this mission result as it is hoped it will, in great blessing to all men.

A KINDERGARTEN DEMONSTRATION

Miss Estella Foy of the Peterborough Conservatory of Music, will give a kindergarten demonstration in the Y.M.C.A. on Wednesday evening commencing at 8 o'clock. All interested in the musical Kindergargarten work are invited to attend.

Louis Bell's Body Was
FOUND IN CANAL NEAR
Golf Links Yesterday

All Doubts as to His Fate Set at Rest—Discovery Was Made by His Brother—His Body Was Found in Two Feet of Water—Had Been Missing Since November 27.

All doubts as to the fate of little Louis Bell who left his home at Auburn on November 27th to go skating, and who disappeared that night were set at rest yesterday, when his body was found in the bay east of the golf club-house The discovery was made by his brother Arthur Bell The body was lying in two feet of water on the east side of the canal and about twenty feet from the spot where his hockey stick was found on January 28th The boy was lying on his face about fifty feet from the bank and could easily be seen from the shore As could not fail to be the case the body was in a bad state of decomposition, but was identified by the clothing and skates

It will be remembered that young Bell went to skate on the canal on the evening of November 27th, just after the canal had frozen over. When he did not return that evening a search was instituted, which, although kept up for many days, was fruitless The boy's boots were found above the Warsaw bridge and several hundred feet below the bay in which the body was discovered. As there were several large openings in the ice near the mouth of the bay it was supposed that the boy had not passed these and the search was therefore confined to the canal proper A large number of searchers were at work and many holes were out in the ice, but nothing could be found of the body. On January 27th his hockey stick was found frozen in the ice in the bay at the rear of the golf links, and a fruitless search was made there Since that time the friends of the missing boy have frequently visited the canal, but their search was confined to the west side, and thus the body was not found until yesterday.

The remains were taken to Comstock's undertaking establishment, whence the funeral took place this morning at 10 o'clock to Little Lake Cemetery, the condition of the remains making immediate interment necessary.

Louis Bell was the son of Mr. and Mrs. William Bell, Auburn, and is survived by two brothers and two sisters. They are William Bell, of Cleveland, O.; Arthur Bell, of Peterborough; Mrs. Wm. Mowry, of East City, and Mrs. Geo. Lush, in the Northwest. He was 13 years of age.

Horse And Rig Stolen From Hotel Sheds

Bold Horse Theft Took Place on Saturday Night—Outfit Was Stolen Between 8 and 10 O'clock—Buffalo Robe Also Taken.

A bold horse theft took place on Saturday night when a mare and buggy, belonging to Mr. J. Gillespie, of Otonabee, was taken from the White House sheds.

Mr. Gillespie, who lives in Otonabee, about two miles from the city, left his outfit in the shed about eight o'clock, and when he returned at ten o'clock he found that it had disappeared. With it went a buffalo robe from a rig belonging to David Johnston of North Monaghan.

No trace has been found of either since and there is no clue for the police to work upon. The authorities were notified and are working on the case.

The mare was a light bay, with four white feet, and a white nose, and a scar on the left hind leg above the knee. The buggy was a McLaughlin one, and was a valuable rig. The left step was broken off.

It is to be hoped that the offenders will be speedily brought to justice, as there have been several instances reported lately of articles being taken from hotel sheds.

ONTARIO BANK OPENS BRANCH IN SOUTH PART OF THE CITY

To-day Mr. John Crane, the manager of the local branch of the Ontario Bank, sees the accomplishment of what he has had in contemplation for some time. In view of the growing industrial and, consequently, commercial importance of the southern part of the city, he has felt that there should be provided additional banking facilities and conveniences.

Accordingly arrangements were made for establishing a branch of the Ontario Bank in this district. This morning the new banking office was opened for business in the premises on the corner of Rubidge and Townsend streets. The building is not yet fitted up to meet the requirements of the new business, but will at once be thoroughly refitted and equipped. No doubt this new financial centre will very efficiently serve the convenience of that part of the city, and greatly enlarge the already important clientele of the Ontario Bank.

Clark's Pork and Beans.
always a favourite. It satisfies all who try. Tastily seasoned and put up in 1c and 10c tins. Plain or flavoured with Chili or Tomato Sauce.

New Picture Framery.

are carefully tailored, every point of style is exact, and the fit is perfect. We have a complete range in stock for Easter.

Prices from $1.00 to $3.00

Cressman's

ELECTRIC WORKS STACK SMASHED

This morning the iron smoke stack of the Works of the Canadian General Electric Company fell at about 11.30 o'clock. The gale broke off about 30 feet from the top of the pipe. This, in falling, struck a guy wire with such force as to bring down the remaining portion of the stack. The falling pipe struck the roof of the boiler room, breaking in an opening three or four feet in diameter. The stack is completely demolished.

A PAPER OF INFLUENCE

An Eminent King's Counsel Expresses His Opinion of Canada's National Newspaper.

In addressing the jury at Cobourg, last week in the libel action of Coyle vs. The Globe, Mr. W. R. Riddell, K. C., counsel for the plaintiff, gave utterance to the following sentences: "There is a paper known as the Toronto Globe, a paper known to everybody in this country. It has an enormous circulation throughout the length and breadth of the civilized world. It has an enormous influence; it is a paper which at least one-half of the grown individuals in this country desire to see, and upon which a very large proportion pin their faith. So influential was it that some of the Reformers said, instead of 'Give us this day our daily bread,' 'Give us this day our daily Globe.'"

VETERAN ARMY OFFICER TO SPEAK

There will be special revival services in the Salvation Army Barracks all this week. When addresses will be given by Staff-Capt. Mapson, the oldest officer in Canada, with the exception of Commissioner Coombs. The subject for to-night will be the "Seven Brethren."

THE POWER OF STEAM

Many May See But It Takes Genius to Realize.

When James Watt saw the steam causing the kettle lid to jump up and down, he said, "There must be power in that steam that it can lift such a weight."

There was.

Millions prior to him had seen the same phenomenon and regarded it as an unexplained mystery.

Recent scientific research has put its finger on the "cause" of Dandruff, Falling Hair, and consequent Baldness, and has unearthed a tiny germ which eats the life [illegible] roots of human hair.

Newbro's Herpicide [illegible] germ and consequently restores hair to its natural [illegible]

Sold by leading [illegible] in stamps for sample [illegible] cide Co., Detroit, Mich. Wash. Special Agents.

TWO OPEN LETTERS

IMPORTANT TO MARRIED WOMEN

Mrs. Mary Dimmick of Washington Tells How Lydia E. Pinkham's Vegetable Compound Made Her Well.

It is with great pleasure we publish the following letters, as they convincingly prove the claim we have so many times made in our columns that Mrs.

Pinkham, of Lynn, Mass., is fully qualified to give helpful advice to sick women. Read Mrs. Dimmick's letters.

Her first letter:

Dear Mrs. Pinkham:—

"I have been a sufferer for the past eight years with a trouble which first originated from painful periods—the pains were excruciating, with inflammation and ulceration of the female organs. The doctor says I must have an operation or I cannot live. I do not want to submit to an operation if I can possibly avoid it. Please help me."—Mrs. Mary Dimmick, Washington, D.C.

Her second letter:

Dear Mrs. Pinkham:—

"You will remember my condition when I last wrote you, and that the doctor said I must have an operation or I could not live. I received your kind letter and followed your advice very carefully and am now entirely well. As my case was so serious it seems a miracle that I am cured. I know that I owe not only my health but my life to Lydia E. Pinkham's Vegetable Compound and to your advice. I can walk miles without an ache or a pain, and I wish every suffering woman would read this letter and realize what you can do for them."—Mrs. Mary Dimmick 50th and East Capitol Sts., Washington, D.C.

How easy it was for Mrs. Dimmick to write to Mrs. Pinkham at Lynn, Mass., and how little it cost her—a two-cent stamp. Yet how valuable was the reply! As Mrs. Dimmick says—it saved her life.

Mrs. Pinkham has on file thousands of just such letters as the above, and offers ailing women helpful advice.

MONDAY, APRIL 9, 1906.

DEFYING THE PEOPLE.

A member of the Board of Education is credited with the remark to the effect, that the greater the agitation against the Board's action in devoting $35,000 for the erection of a school building in the South Ward the more determined the Board becomes in forcing the matter through, without reference to the wishes of the people, who pay. This is not surprising, for it is only in keeping with the autocratic attitude the Board has assumed throughout in this affair.

The Board may force its way in this matter, because the letter of the law permits them to do so, but the spirit of the law contemplates that money for school purposes should only be appropriated, when there is no popular opposition, such as there is in this case. The Board may pose as irresponsible to the people, who pay, and set themselves above the people, who pay, but they are establishing a dangerous precedent — dangerous to the welfare of educational interests, in connection with the relations of our representatives to the people.

LOAN DEBATE CLOSED.

The Budget debate has at last been brought to a close in the Legislative Assembly. Nothing transpired which afforded justification for the action of the Provincial Treasurer in floating the new Provincial loan at less than par, and it is clear that the credit of the Province has been severely injured by his course. The defence of the Government largely consisted of the contention that the late Government had evidently no thought of a popular loan, seeing that it endeavoured to float the railway bonds, which preceded the direct Provincial issue, both in New York and in London, and was willing to accept a price considerably less than par. There is, however, as Mr. Harcourt pointed out, a wide difference between railway and Provincial bonds, the former being worth three points less than the latter, and the offer made for the railway bonds, which he was willing to accept, would have netted the Province a price nearly equal to that obtained by Mr. Matheson for the Provincial issue.

In the course of the discussion Mr. Whitney endeavoured to make much out of a cablegram sent by Mr. Ross to Mr. Harcourt, while the latter was in England, that Hon. William Harty, who was conducting negotiations in New York, would give 93 1-3 plus $25,000 commission for the railway bonds. Mr. Ross interpreted the word commission to mean bonus, but the Premier insisted that it had some sinister application. Mr. Harty will doubtless be heard from in due course, and meantime it is sufficient to say that nothing came of the offer.—Brantford Expositor.

LOCAL OPTION AND LICENSE.

In the course of the debate on the new Liquor License Act, Mr. Preston, the member for South Brant, argued that municipalities should be given power to bonus temperance hotels in Local Option districts. This seems to be a proposition well worth being carefully considered. On the face of it the ratepayers of a municipality, who have by their votes extinguished licensed hotels, which were subject to inspection and control, and left nothing in the way of substitution, have assumed a distinct responsibility. The travelling public must have accommodation; farmers must have accommodation, and the hotels which have had the most profitable branch of their business cut off by Local Option will not be inclined to take much pains to cater to public wants, unless they are licensed and required to conform to certain requirements as to furnishing accommodation, and be protected against competition.

EDITORIAL NOTES

The Legislative Assembly has been in session for nearly eight weeks, and the new Education Bill has not yet been brought down. This means that the measure will not probably become law this year, unless the session is prolonged to an unusual degree.

The new license law provides that no license holder shall be eligible for membership of a municipal council, neither he, nor any man having "a sister, or a cousin, or an aunt," in the business. This is regarded by many as a proper provision, but why, on principle, should a man who carries on a legitimate, or at least, a legalized business, be debarred from the privileges of citizenship, any more than he should be relieved of its duties?

Major Rathbun, member of the Legislative Assembly for East Hastings, who announced some time ago, his intention to take an independent attitude in the House, voted with the Whitney Government and against the Opposition on the loan incident. Before his election Mr. Rathbun was generally regarded as being a Conservative, and was a member of the Albany Club. He was elected, says the Brantford Expositor, as an Independent Liberal, but has always refused to attend caucus. Just where he will land is probably something he does not comprehend himself.

The Whitney Government is good, the Hamilton Times points out, to to the combines. The Nurses' bill, establishing a close corporation of nurses, has passed the committee; Mr Carscallen has a bill making it an offence for anybody but a lawyer to draw up a bill, lease, etc., and to force every man requiring such to pay a lawyer; Mr. Downey is pushing a bill to make closer the drug combine; Mr. Pratt is, in the interest of the medical combine, promoting a measure to kill the proprietary medicine trade, and several more combines are being strengthened. It's the combines' Government.

POPULAR RAILWAY APPOINTMENT.

Friends of Mr. John J. McConnill, of all over, will be pleased to learn his appointment to the position of passenger and ticket agent, at Montreal, of the Intercolonial and Prince [illegible] (Merit systems) Mr. McConnill, who is well known to the travelling public and commercial community of the Dominion, has had practical experience and possesses intimate knowledge of the ticket branch of the rail way business, having been for many years, the representative of the Grand Trunk, Canadian Pacific, and other lines at the Union Office, Windsor Hotel.

Mr McConnill has invariably manifested a keen interest in the development of International tourist travel, and with that object in view, and being actuated by patriotic motives, issued during his tenancy at the Windsor, several editions of "Illustrated Gem Souvenir Books of the principal cities of Canada." These publication which circulated widely were favourably received and commented on by many noted personages, as well as by the press at home and abroad. These have tended, in a marked degree, to advertise the numerous pleasure resorts and scenic beauties of the Dominion and attracted considerable tourist travel to this side of the line. Mr. McConnill, whose appointment is regarded with much favour in railroad circles in Canada and the United States, is the recipient of many congratulations on his return to railway business.—Trade Review.

A BAD FEATURE.

The Pioneer, a journal printed in the interests of the Ontario Alliance, spared no ammunition in bombarding the Ross Government, because it did not recognize the vote on the prohibition referendum, as a mandate to banish the bar. It abandoned this ground out of tender consideration for the Whitney Government, when it came into power, and clamoured for enforcement of a license law, thus, inferentially, approving of the bar, and also strongly insisted upon the benefits of local option, as a means of temperance reform. While the Pioneer has shown itself so tenderly considerate of the Whitney Government, that Government has, in its new license law, "walked all over" the Pioneer, and the latter, under the heading "Bad Feature of the New Liquor Law," thus mildly condemns the measure:

"The worst feature of the new Liquor Act is the requiring that in voting on a Local Option bylaw the temperance party will be counted as defeated unless they poll three-fifths of the ballots cast.

"As the law now stands a Local Option bylaw when adopted must have a three years' trial. The new bill reduces this to two years, and thus permits of the taking of a vote on the question of repeal, in one year and nine months from the coming into operation of the bylaw.

"As the law now stands a Local Option bylaw must remain in force three years after its adoption, but if an effort to secure a Local Option bylaw fails, temperance workers may make another trial as soon as they think it wise. The new bill takes away their right to bring on a new contest until two years have elapsed after the defeat.

"The new bill provides for the issuing by the Government of liquor licenses authorizing the sale of liquor on vessels, and on dining and buffet cars. The Government, however, has stated that this feature of the act is not likely to be passed.

"The new bill provides for club licenses. Its meaning in this respect is not very clear, but it is feared that under it the sale of liquor may be authorized in clubs much more easily and generally than is the case under the present law.

'A' very bad clause of the new bill is one which the Provincial Secretary states is printed by mistake. It authorizes the selling of liquor to guests in hotels during certain hours on Sundays. The Hon. Mr. Hanna states that the proposal was not approved by the Government, that it has been placed in the bill in error, and that there is no intention of endeavouring to have it adopted."

MR. CULVERWELL BECOMES CAUSTIC

Mr. J. Alex. Culverwell is at it again. He has written another letter to the press. He must needs be in print; if he is not in print he is in misery. If he's not in the limelight he's in hard luck. He thinks, or says—which is more in his line — that the Examiner has a grudge against him. In this he is mistaken. The Examiner has no enmity against Mr. Culverwell; he is his own worst enemy. He is inclined to talk just a trifle too much, without corresponding action. If his power sobemes could have been developed by means of wind, instead of water or electricity, they would have been finished long ago. It is a fact that Mr. Hall is a member of the Dominion House, and that Mr. Stratton is proprietor of the Examiner. Almost everybody knows that, but that either of them has any animus against Mr. Culverwell, or has interfered with his schemes, is what nobody knows. But if Mr. Culverwell wishes to have truths told about them he may be accommodated. It is to be gathered from Mr. Culverwell's letter that he objects to the Examiner using his name. In this respect his wish is law, and his name will hereafter be employed in these columns with due circumspection, and infrequency.

POOR BUSINESS, SAYS MR. ROBLIN.

The Dominion Government has been disposing of a few more thousand acres of school lands in a manner that moves Mr Roblin to wrath. By putting up the land to public auction, after duly advertising the sales, an average of $13 75 an acre was obtained for some six thousand acres near Edmonton and $14 35 for a thousand acres near Lloydminster Mr. Roblin regards this method of disposing of the public domain as a criminal disregard of the inalienable right of party workers [illegible] the business; and is anxious that the Dominion Government shall turn over the remaining school lands in Manitoba to him in order that he may demonstrate the manner in which they should be sold, in order that they may result in the greatest good to the greatest number of party heelers and grafters.—Winnipeg Free Press.

MUNICIPAL OWNERSHIP.

The city of Leeds, the great cloth mart, having tried to operate a municipal electric light, heat and power plant for some years, has been compelled to admit that the business has been a failure. Year after year the accounts of this enterprise have been so manipulated as to conceal its actual condition and results.

The so-called "surplus earnings" were arrived at by a system of account being kept which would be the

SERMONS ON PRACTICAL SUBJECTS

Rev. E. A. Langfeldt will begin a series of sermons of some practical questions after Easter, to be preached in St. Luke's church on Sunday evenings. The subjects are:

1. Are there good men out of Christ?
2. Sinners and Saints.
3. Essential Elements of Success for Men to Get On.
4. God's Gentlemen.

WEAK MEN AND WOMEN

The Most Perfect Restorative Known and Invigorating Tonic Vitalizer —Greatest Health-Renewer

Nature's greatest cure for weak, pale men and women is Ferrozone. It is invaluable for run-down, overworked, delicate people, and will restore them to robust health more quickly, at smaller expense, than any other tonic you can select.

We quote the following cases to show what Ferrozone has done for others. In your case it will act just as efficiently:—

FOR BUSINESS MEN

The Experience of a Well-known Lawyer Proves Ferrozone an Ideal Tonic.

Mr. N. W. Burke, a well known lawyer in Meriden, says:—"When I first took Ferrozone I was in a nervous run-down condition, almost sick enough to give up work. I lacked strength, and felt as if I could not get down to work. Ferrozone at once gave me a good appetite, and drove away the nervous, oppressive feelings that formerly made my life miserable. As I continued the use of Ferrozone I grew stronger, and am glad to say it has brought me back to perfect health. I know that Ferrozone is an excellent tonic for business men and people inclined to a sedentary life. I can recommend it to such."

FOR NERVOUS WOMEN

Nothing Compares With the Nerve-Strengthening Power of Ferrozone.

Mrs. E. D. Emmerson, of Centreville, says:—"I am glad to think that there is at least one honest remedy for nervous people. No one can imagine what I suffered with my nerves, and I sometimes wonder at the number of [illegible] prescriptions and medicines I took. But Ferrozone acted differently from all the rest. It built up my system, and gradually the irritability left my nerves, and I got well. Ferrozone cured me by removing the cause of my trouble, and by giving me enough additional strength to overthrow the attack of nervousness. I can recommend Ferrozone strongly."

THOUSANDS ANNUALLY CURED BY FERROZONE

If you want to get well and keep well, by all means use Ferrozone. If you suffer from insomnia, nervousness, debility, loss of appetite, poor digestion, or any other symptom of disordered blood, nothing will tone up and vitalize your system like Ferrozone. Price 50c per box, or six boxes for $2.50. Sold by all druggists, or sent safely by mail to any address if price is forwarded to N. C. Polson & Co., Hartford, Conn., U.S.A., or Kingston, Ont.

Farewell Sermon To Knox Church Congregation

Rev. Mr. MacKay's Tenure of Office Closes in Peterborough —Year Has Been One Productive of Great Results—Co-operation of the Young People —Leaves on Wednesday— Address to Young People Last Night.

SPOKE TO LARGE CONGREGATION

Rev. W. Mac D. MacKay delivered his farewell sermon last night to one of the largest congregations that Knox Church ever contained.

Mr. MacKay, after a very successful year as assistant pastor to Rev. Dr. Tonrance, leaves Peterborough on Wednesday next for Toronto, and eventually for the Old Country. His tenure of office here has been one most productive of good results, and it may truly be said that he has left some lasting impressions of the work which he has been labouring on while in Peterborough.

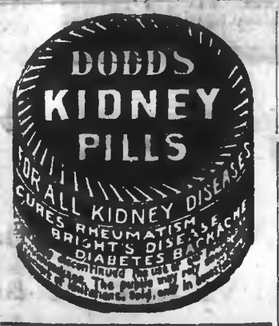
Mr. MacKay's sermon last night was one chiefly to the young people of the church, and the children who are entering upon the threshold of life. His remarks on this line were of a most profitable character, and his final address in Knox church was one which will long be remembered.

The sermon last night was based upon the words found in St. Mark, the tenth chapter and part of the seventeenth verse,—"Good Master, what shall I do that I may inherit eternal life?"

He believed the Word of God when it said, 'Suffer the little children to come unto Me, and forbid them not, for of such is the kingdom of heaven."If any man is not ready to enter into the kingdom of heaven even as a little child his chances are very slim. It is necessary to have a spiritual birth in order to begin to enter upon the threshold of a spiritual life. When God appeared in the flesh it was as a little child, and when He issued the conditions of the kingdom of heaven He issued it to little children. We all wish to look back on the years of childhood before we were visited with temptations, when all was innocence. But the childhood years soon pass away and we are thrust out from those scenes of youth upon rough and rugged places and hidden pitfalls.

There is a great responsibility, he said, on those upon who childhood is entrusted. Because there are always the greatest possibilities of a misspent life it requires the greatest influences to counteract the deadly sins which tarnished our lives. God has made provision for us by sending Christ unto the world, and He has said "Come unto Me." The life blood of Christ is vital and is something intended to give life, and until that commences to operate in our lives we are not safe from the pitfalls of the world. The greatest decision a person can make is to decide for Christ, for that is the moment that salvation begins. Men who make gold their object in life are missing the greatest part of it. We should be willing to part with the dearest friend in the world for God's sake, as He did when He sacrificed His Son. We should depart with pleasures if they interfere with the great work.

In reference to his tenure of office in Peterborough and his departure next week, Mr. MacKay said he had enjoyed every hospitality and kindness that was possible for the congregation to give. Especially he wished to thank the young people for their co-operation during the year he had spent here. He could not have been more fortunate in meeting such willing young people as at Knox church. He had been amply repaid, he said, for all that he had attempted to do while amongst them. He felt gratified at the advancement made in the church in different lines while he was here, and expressed his good wishes for the success of the church in the future. He felt sure that from the sterling characters of the young people Knox church would wield a mighty influence for good in this city, and wherever his lot is cast he would always remember the first year of his ministry in Peterborough.



Literary Ladies of St. Peter's T.A.S.

Provide Successful Literary Evening—Miss Coleman's Paper on St. Rose of Lima.

The Ladies' Literary Association of St Peter's T.A.S., added another to its long list of successful literary meetings on Friday evening. Although so near the end of the season the large number who gathered to hear Miss Coleman's excellent paper showed that their interest had increased rather than abated as the season advanced.

This clever essayist dealt with her subject, "St. Rose of Lima," in a most praiseworthy manner. From start to finish the essay was interesting and instructive.

"St Rose of Lima," the pioneer Saint of America, was born on the 20th of April, 1586, of Spanish parentage. From her infancy she showed signs of future sanctity and began practising the austerities which increased as she grew older. Her parents being in reduced circumstances, she was sent to live with a wealthy lady in a small town near Peru, where her remarkable beauty, which was increased by her modesty and humility, drew all hearts to her, and one of the wealthiest and most eligible young men requested the honour of an alliance with her. This was most pleasing to her mother, but Rose would not consent.

At the early age of 20 she withdrew to a life of solitude by receiving the holy habit of St Dominic. She increased the number of her privations and austerities by assiduous meditations on the suffering of our Divine Lord. Her fastings were most astonishing. She observed the seven months' fast of her Order and from the beginning of Lent she ate no bread, contenting herself with a few pippins; for seven weeks she remained without drinking a drop of water or any other liquid, finally, when necessity forced her to take a little water to quench her burning thirst, she drank it warm in order "to mortify the pleasure she would enjoy in taking it cold."

She disciplined herself by wearing a chain around her body, which became so deeply embedded in her flesh as to become invisible and for many years she wore a pewter crown studded with nails. Her arms she bound from shoulder to elbow with thick cords which compressed the muscles, causing great pain.

These are only a few of her very many acts of mortification. Our Lord appeared to her several times and reminded her that His sufferings on Calvary were harder and more painful than hers.

Her yearnings to gaze on the Beautiful Vision were so strong that each year seemed an eternity to her. By a special revelation she learned she was to die on St Bartholomew's Day, and that she was to suffer incredible torments.

On August first she retired to her room in perfect health, but at midnight she was heard moaning and groaning in great pain. During her illness she suffered untold anguish, but with it all her prayers increased. Just before her death she requested her mother to remove the bolster from under her head and place two pieces of wood instead, that she might die upon a cross; repeating twice: "Jesus be with me," her pure soul left her mortal body and winged its flight to the bosom of God, whom alone she had loved and served.

According to the custom of the Order of St Dominic her body was conveyed to the Convent of St. Dominic by the most illustrious of the Chapter and Senators. The devotion of the people to St Rose was so great that the ceremony of her burial had to be deferred and her body removed to the Convent chapel for greater security. But at the earnest solicitations of the people the body was again transferred to the church and put in a vault on the right side of the altar. The crowds so surrounded this tomb in the church that out of reverence to the Adorable Sacrament the precious relics were removed to the chapel of St Catherine of Sienna, where the people could satisfy their devotion.

Miss Anna Hurley occupied the chair, and a pleasing preliminary to Miss Keenan's paper was two well rendered vocal solos by Miss Lillie Callaghan and Master Jimmy O'Brien, and a piano solo by Miss Edith Connor.

The Kidneys and Uric Acid

THE ALL-IMPORTANT WORK OF THESE FILTERS OF THE BLOOD AND HOW THEY MAY BE KEPT HEALTHY BY

DR. CHASE'S KIDNEY-LIVER PILLS

When the whole vital process of digestion and assimilation of food is completed there still remains the work of removing from the blood the uric acids, salts and water, and this can be accomplished only by the kidneys. The failure of the kidneys to perform this work reacts on the whole digestive and filtering systems, chokes up the liver, and by means of the circulation of the blood sends the poisonous waste matter through the entire body, giving rise to pains, derangements and disease.

Because of their direct action on the kidneys and their enlivening influence on the liver and bowels, Dr. Chase's Kidney-Liver Pills are the most thoroughly effective treatment available for the cure of diseases of the kidneys.

Among the early indications of kidney disease may be mentioned:

Backache.
Fickle appetite.
Deposits in the urine.
Frequent desire to urinate, especially at night.
Rheumatism and sciatic pains, constipation and diarrhoea alternating.
Dropsical swelling.
Scanty, dark-coloured urine.
Persistent loss of flesh and weight.

Prompt relief is obtained by the use of Dr. Chase's Kidney-Liver Pills, and by persistent treatment the kidneys are restored to health and activity.

No medicine which acts on the kidneys alone can possibly prove effective, because in the great majority of cases the liver and bowels are also deranged. Because Dr. Chase's Kidney-Liver Pills have a direct and combined action on the liver, kidneys and bowels, they bring about satisfactory results in the most complicated cases.

By using Dr. Chase's Kidney-Liver Pills, one pill a dose at bedtime, as often as is necessary to keep the bowels in regular, healthful action, you insure yourself against kidney disease and the consequent suffering from Bright's disease, dropsy, apoplexy, or other equally dreaded ailments. Dr. Chase's Kidney-Liver Pills, 25 cents a box, at all dealers, or Edmanson, Bates & Co., Toronto.

Immigration Work of Army Was Explained

Special Services at S. A. Barracks Began Yesterday—Several Prominent Officers of the Army Were Present and Meetings were Profitable—10,000 Immigrants to be Brought Out This Year.

NEW-COMERS NOT SUBMERGED CLASS

A special series of revival services commenced yesterday at the Salvation Army barracks. Three fine meetings were held during the day, all of which were largely attended, and of a profitable nature. Several prominent officers of the Army were present, notably Brigadier Howell, secretary of the Immigration Work, and Mrs. Howell; Major Morris, also connected with the Immigration Work; and Staff-Captain Manton, a veteran officer of Toronto. Addresses of an inspiring nature were given by all of these speakers.

At the afternoon service Brigadier Howell explained the Army's immigration policy, and told of the success achieved. Two years ago when the Army was face to face with the great problem of what to do with the unemployed, Canada was suggested as a solution. General Booth thought that it would afford an opportunity to those who had ambition, and had something in them, to be successful. The work started in a small way, and during the first year 1100 people were sent out in small parties. He would not say that they all were successful; but in the majority of cases they were better than if they had remained in the old land.

The work during 1904 had been so successful, that last year the Army had chartered the Dominion Line steamer Vancouver, and and during the year over 5,000 were brought otu to Canada. This year arrangements had been made for transporting 10,000 to Canada. The Kensington had brought 1,2000 and before these had reached Halifax they had been provided with tickets to their respective destinations, by the Army ticket agents on board. On arrival at Halifax they were at once taken to the railway station, and sent to their new homes. Most of them had gone to work on farms. This was the ambition of most of the immigrants, and in thinking of Canada they had come to the opinion that there was nothing like living on a farm.

In conclusion the Brigadier said that the people brought out by the Army were not the "submerged," or criminal, classes, but men whom it was thought would make a success in Canada.

The special meetings will be continued all this week.

MISSION WORK IN THE NORTHWEST

Miss Robinson, travelling secretary of the Women's Home Missionary Society of the Presbyterian church, and Miss Bell, nurse, at the Teulon Hospital, Manitoba, will give addresses in St. Paul's church on on Friday evening, April 20th.

Miss Bell will speak on the work in the hospital, and Miss Robinson will speak on work in general. All men and women are cordially invited to come and hear about this important work.

JUST TO COME AND SEE

As Freely Welcome as if Going to a Millinery Opening.

"Keeping abreast of the changing styles—often ahead of them—," has been one great factor in the success of the Slater shoe, and the manager of the Slater shoe store says that this is emphatically true of the Slater women's shoe. The new styles have arrived from the factory, and they are ready for free inspection. "We want you to see, and we won't urge you to buy."

You have read the Sailor Boy's Plea—buy to-day for your dinner to-morrow, Sailor Boy Canned Goods. Tomatoes, Corn, Peas and Salmon Your money does not buy better goods. Do you get Sailor Boy or, Substitutes?

EXAMINER AGENCIES

Orders will also be taken for the delivery of same by the Week, Month or Year.

One person in five in Peterborough has his food cooked on a Happy Thought Range. It is the People's Favourite. We sell them every day but Sunday.

THE BEST STOVE CO

OBITUARY.

JOHN WALSH GREER.

John Walsh Greer, aged 72 years, died this morning at his residence at Fairmont, on the 12th line of Cavan. The cause of his death was general debility of the system. The deceased was born in South Monaghan, and for a number of years kept store at Mount Pleasant. For the past 18 years he had lived in Cavan. Besides his wife, two sons, Thomas, at home, and Percy, of the Dominion Bank, Winnipeg, and one daughter, Mrs. John Coulter, of Colborne, survive him. He had always been a prominent member of the Methodist church, and was a much respected farmer in Cavan. The funeral will take place on Wednesday afternoon at 2 o'clock to Ida cemetery. Rev. Mr. Saxsmith will conduct the funeral services.

ROBERT WOOD.

Special to The Examiner.

Keene, April 8th. — The death occurred, rather suddenly, on Saturday night at 12 o'clock, of Mr. Robt. Wood, at his home near Villiers. The deceased has been in poor health all winter, but not, apparently, seriously ill. He worked on Saturday, but on coming in from work in the evening he was taken with a vomiting spell. Becoming worse Dr. Harrison was summoned, but before he arrived death had taken place.

The deceased, who was unmarried, lived with his father, Mr. John Wood. Three sisters, Margaret, Mary and Belle survive him.

Mr. Wood was well known and highly respected, and for many years he held the position of deacon in the Presbyterian church. He was a Liberal in politics.

The funeral will be held on Tuesday afternoon at two o'clock. Rev. D. D. MacDonald, pastor of the Presbyterian church, will conduct the service. Place of interment, Keene cemetery.

PROF. D'ARVILLE FORETOLD IT

An interesting feature in connection with the case of the drowned lad, Louis Bell, is that the finding of the body was foretold by Prof. D'Arville, clairvoyant, 29 Queen street, on Monday last, who says that after a study of the boy's characteristics he concluded that he was drowned and that his body would be found not far from where his boots were discovered, and before May 5. He offered to go with the boy's father and recover the body, but the offer, he adds, was refused.

It will be remembered that during the Fays' visit to Peterborough Mrs. Fay is said to have prophesied that the boy was living and would be found in New York City.

MANY FRIENDS PAID LAST RESPECTS

Tthe funeral of the late Jessie May Knox, daughter of the late David Knox, took place yesterday afternoon at three o'clock, from the family residence, Queen street, to the Little Lake cemetery. The cortege was a long one, many friends being present to testify to the esteem in which the deceased was held by her associates and acquaintances.

The pall bearers were Messrs. R. M. Glover, E. M. Best, Harry Morgan, Harry Gamsolus, J. M. Watt, and J. Comstock.

The floral offerings, which were numerous and beautiful, included a pillow from from the High Lifes, Eko Camp, a wreath from the employees of Adam Hall & Sons, a wreath, and a star from the employees, of J. C. Turnbull & Company.

Rev. Dr. Torrance, of whose church the deceased was a member, conducted the services.

SCENES IN THE HOLY LAND

Rev. Mr. Major will give a lecture on "Scenes from the Holy Land," tomorrow night, This is a very appropriate subject for Holy Week and should prove most interesting. It will be illustrated by many beautiful views of the Holy Land.

CITY NEWS OF TO-DAY

School Board Meeting.

—The school board will meet to-night.

Philomathean Society.

—To-night an open meeting of the Philomathean Society will be held in the Y.M.C.A.

Piano Tuning.

—Piano tuning promptly attended to. Satisfaction guaranteed. A. F. Hoover, 222 McDonel street. 'Phone 199.

Oddfellows Committee Meet.

—The Odd Fellows' Grand Lodge Committee meets to-morrow evening in the Odd Fellows' hall at 8 o'clock sharp.

Orders for Weaving.

—Send in your orders for weaving to S. W. Lowry, 82 Hunter street, before prices are advanced. Best work, best warp.

Banquet To-night.

—The Charlotte Guild team, champions of the City Hockey League, will be banqueted to-night at McCallum's Restaurant. A pleasant time is expected.

The Flashlight.

—Mr. Eby states that the flashlight taken of H. P. Kennedy's meat shop on Saturday night was a complete success. It is one of the best Mr. Eby has ever taken.

Rehearsal at St. John's To-night.

—All those who have been asked to take part in the moving tableaux which are to be brought on by the Young Peoples' Association of St. John's church, are requested to attend at the school room to-night to receive instructions and to rehearse some parts.

Physical Culture.

—In response to a number of requests Miss Adelaide Heath, of "The Toronto Conservatory School of Expression," will organise one class in physical work, as performed by the thirty young ladies in the Y.M.C.A. last week. Miss Heath may be consulted at the local Conservatory on Thursday and Friday of this week.

NOW FOR DESHON IN "THE OFFICE BOY"

The arrival of the popular comic opera comedian, Frank Deshon, in a new opera, is an event always worth recording. This favourite entertainer will appear at the Grand Opera House on Wednesday next, April 11, in his latest contribution, a musical comedy in two acts entitled "The Office Boy," which comes here with a record of success in the East. The piece is by the well-known writer, Harry B. Smith, with a musical score by the popular composer, Ludwig Englander. Both book and music have received the highest praise from those who have seen the play. This company carries 57 people, and met with great success at the Grand Opera House, Toronto, the week before last. Plan is now open and seats are going briskly.

BIRTHS.

NICKELS.—At Parkdale, 472 West Marion street, Monday, April 9th, 1906, to Mr. and Mrs. George Winlow Nickels, a son.

MARRIED.

TRAINOR—DARCEY.—At the Church of the Transfiguration, New York, on Thursday, March 29th, 1906, Mr. Clifford Val Trainor, to Miss Maud Darcey, formerly of Peterborough.

PERSONAL MENTION

Mr. R. C. Braund is in Oshawa to-day.

Miss Roger went to Toronto this morning.

Mr. J. J. English, Hastings, is in the city to-day.

Mr. George Gumpricht is in Campbellford to-day.

Mr. George L. Williams, of Lindsay, is in the city to-day.

Mr. John Best took the train for Coboconk this morning.

Mr. L. F. Clarry, Hastings, is registered at the Oriental.

Mr. P. Hantatoma, Warkworth, is registered at the Oriental.

Mr. Fred Doughty is paying a business visit to Cannington to-day.

Mr. and Mrs. R. Thompson, of Buffalo, N.Y., are registered at the National.

Mr. Frank Kelly was called to Oshawa to-day owing to the serious illness of his brother in that town.

Mr. Allan Bennett, of Queen's University, Kingston, is visiting his mother, Mrs. H. Bennett, East City.

Mr. Bernard J. Blastorah, clerk for the Dickson Co., is in the city to-day. He will visit in Keene to-morrow.

By the run of the vote-counting for the election of Benchers of the Law Society, Mr. R. M. Dennistoun stands a good chance of being successful. At the counting of a third of the votes, he was well in advance.

GETTING BACK AT THE SMUGGLERS

Good Tailors in Canadian Border Cities Reap Harvest.

Experience of the Semi-ready Wardrobe in Windsor is Commented on by the President of the Semi-ready Company.

The following item was clipped from the Detroit News:—

THIS IS TIT FOR TAT.

The Tailor Shop of Windsor Gets Back What the Shoe Stores Lose.

"The shoe manufacturers of Canada complain that their trade is injured at border points by private smuggling. On the other hand, the tailors of the United States have every reason to protest against the private importation of clothing like that sold in Windsor by the Semi-ready Wardrobe. F. T. Wickham, of the Semi-ready store, 23 Sandwich street west, in Windsor, says that their British worsted suits at $25 cannot be duplicated in Detroit at $35. The Canadians give the English Woollen mills a preferential entry into their markets.

The president of the Semi-ready Company, in an interview, states:

"When an Ottawa merchant lost the agency for 'Semi-ready' in his city, he had to go to the United States to get another agency. He had to import garments and ask his customers to buy the suits and pay besides $5 Customs duty, representing them to be 'just as good' as Semi-ready.

"This is all wrong. We want made-in-Canada competition, for that is the kind that helps.

"The Semi-ready tailoring is competing with the best custom tailoring houses of the United States in New York.

"Residents of the border cities come into Canada to buy clothes wherever there is a Semi-ready agency. The quotation from the Detroit News about our Windsor store bears this out.

"We want competition in Canada. We seek it. Not the spurious kind, where a maker just imitates Semi-ready advertising and puts a label on his clothes, but the competition which will help us to promote Newer Methods of making good clothing for men. Semi-ready is practically a huge merchant tailoring establishment, where all the modern inventions are put into use for the correct tailoring of high-class cloths.

"The Semi-ready Wardrobe can get 500 different sizes and shapes of a simple sack suit made from one single pattern of cloth in the Semi-ready shops. The same store can have these suits made from 1,500 different patterns of tweeds, worsteds, serges or vicunas. Such is the infinite variety behind the 50 Semi-ready stores.

"There is no other establishment of its kind in Canada. We wish there was. Competition is what we want, but it must be honest competition—not the cheap imitation which ends with the selection of some fancy name, but which relies for success on the prestige of the Semi-ready."
—Adv.

A Citizen Of Prominence

The gentleman whose picture appeared in Saturday's issue of the Examiner, was Mr. George W. Powell, and correct identification was made by Mr. Walter Belleghem, Miss Ada Lane, Mr. D. H. Moore, Mr. Pennington Alexander, and J. S. Thornton. The picture was incorrectly guessed as Mr. Thomas Fortye, three times, and once each as Mr. F. Brownscombe and Mr. J. Lynch.

Our testimonials are not from people in the States, but from your own city. Dozens of cases that have been under their physician's care for weeks and even months, have been cured by one or two bottles of Dr. Roscoe's Rheumatic Remedy.

Presentation To Mr. E. B. Edwards

Was Given Life Membership Certificate of Home Mission.

At the conclusion of the Sunday School service at Murray street Baptist church yesterday the Mission Band met. Mrs. (Rev.) R. L. Sharpe, whose husband is a missionary in St. Peter's Indian Reserve, Manitoba, gave a very interesting address. During the meeting Col. E. B. Edwards was presented with a life membership certificate of the Home Missionary Society for his valuable services in connection with church work. The presentation was made by the president, Mrs. G. K. Martin, and Mr. Edwards replied briefly, thanking the Mission Band for their kind consideration of the work he had attempted to do.

CANVAS SIGN WAS BLOWN DOWN

The high wind this morning made things interesting on George street. Part of the big canvas sign at Routley's store blew down, and a passerby had a narrow escape from being hurt. The sign glanced off his shoulders but he was not injured.

DISTRICT QUARTERLY MEETING TO BE HELD

A holiness convention and district quarterly meeting will be held in the City Mission Hall, 366 1-2 Water street, on April 12th, 13th, 14th and 15th. Among those who will take part are, R. Burnham, Albert Sims, E. Snyder, Lottie Babcock, H. B. Luck, C. Goodrich and Kate Clark.

HORSES SOUGHT SHELTER AT HOME

This afternoon about two o'clock, one of Mr. R. Hicks' teams, attached to a coal wagon, ran away. Mr. W. O'Donnell, the driver, had left them on the street, and becoming irritated by the storm, they made a dash for the stable, where they stopped. No damage whatever was done.

Gained 10 Pounds.

"I was all run down and could not do my own work. Everything I ate made me sick. In nursing others I had seen the good results of Dr. Chase's Nerve Food and resolved to try it. As a result of this treatment I have gained ten pounds, do my own work alone and feel like an entirely different person."—Mrs. A. Loynes, nurse, Philipsburg, Que.

Moroccan Reforms Now Agreed Upon By The Powers

Lava From Vesuvius Leaves No Trace of Boscotrecase.

40,000 PEOPLE FLEE HOMES

Terre Annunziata, on the Shores of the Gulf of Naples, Almost Surrounded by the Invading Lava — Terror Spreads to Naples, and Two Earthquake Shocks Send Entire Population into Streets.

Naples, April 9.—Mount Vesuvius is a colossal brazier and the town of Boscotrecase, on its southern declivity, has been transformed into a gray island of ruin by the lava and ashes from the crater of the volcano. Torrents of liquid fire, resembling in the distance serpents with glittering yellow and black scales are coursing in all directions, amid rumblings, detonations and earth-tremblings, while a pall of sulphurous smoke that hovers over all makes breathing difficult.

The inhabitants abandoned it on Saturday in time to save their lives.

They had lingered in the hope of saving their belongings, but the destroying stream advanced on them so fast that they finally fled, leaving their possessions behind.

Besides the lava, huge blocks of rock are emitted.

The upper part of the Funicular Railway has been destroyed.

Pitiful Scenes.

Everywhere in the vicinity of the volcano pitiful scenes are witnessed—women tearing their hair in grief and old men crying aloud at the loss of their beloved homesteads, while in the distance, in striking contrast, lie the sapphire-colored Mediterranean, the violet-hued mountains of the Sorrento peninsula, and the island of Capri in the tranquil sea.

Artillery carts have been sent to the assistance of the fleeing peasants, and the Duke of Aosta, Cardinal Joseph Prisco and all the authorities despite the rain went into the portions of the mountain most threatened in order to succor or comfort the people.

Considerable apprehension is felt because of the earthquake shocks, which are growing stronger and are felt even at Castellamare, fifteen miles southeast of this city. Each shock is accompanied by deep and prolonged detonations.

Town Threatened.

Ottajano, at the northeast foot of the mountain, is threatened by a stream of lava and the people are beginning to desert the town. The populace of Torre Anunziata, at the south foot, have requested that night trains be run to the town. This request has been granted and trains are now ready to proceed thither in case of need.

It is estimated that 2,000 acres of land under cultivation has been destroyed by the eruption. Signor Matteucci, director of the observatory on Vesuvius, still continues to occupy a most dangerous position.

New craters have opened at different points on the mountain, but it is impossible to ascertain their number or where they are situated.

There has been no fatalities at Boscotrecase or elsewhere as a result of the eruption.

Panic at Naples.

The panic has spread to Naples. Two strong earthquake shocks shattered window panes and cracked the walls of buildings yesterday. The entire population rushed to the streets in terror, many persons crying, "The Madonna has forsaken us; the end of the world has come."

No trace remains of Boscotrecase, the commune on the southern declivity of the mountain, where up to 48 hours ago ten thousand persons lived; and Terre Annunziata, on the shores of the Gulf of Naples, one mile to the southward, is almost surrounded by the invading lava and has been evacuated by its 30,000 inhabitants. The people were brought to Naples by trains, street cars, military escorts and steamships. Transportation facilities have been sent to Terre Del Greco, to take away the people. The police and carbineers are guarding the abandoned houses and several members of the Government are also there.

Terror Stricken.

A telegram received from the mayor of Sebastiano, a village near the observatory on the northwest declivity of Vesuvius, says the lava is approaching rapidly and that the people are terror-stricken. They have been for nights without sleep, he says, are destitute and beg that assistance be given them.

The observatory has been destroyed and Signor Matteucci, the director and the employes had narrow escapes. The restaurant of the Funicular R. R., too, has been obliterated.

The work of succor is hampered owing to the railway service, which is interrupted by red hot stones thrown to a height of 3,000 feet falling on the tracks.

As yet it is impossible to count the craters that have opened and from which streams of lava have flooded the beautiful, prosperous and happy land lying on the southeast shores of the Gulf of Naples.

With the danger and horror of the situation, aside, Vesuvius presents one of the most splendid sights imaginable.

A MILLION NEEDLES

COULD NOT INFLICT THE TORTURE WOMEN SUFFER FROM HEADACHES

Headache is not in itself a disease, but a symptom or accompaniment of other diseases, principally those of the stomach, liver and bowels, such as Constipation, Dyspepsia, Liver Trouble, Bad Blood, Female Complaints, General Debility and Weakness. Headache is common to both sexes, but more frequently affects females.

The varieties of headache most common are sick or bilious headache, nervous headache, headache from constipation, debility or indigestion, periodical and spasmodic headache. Undoubtedly the cause must be removed before permanent relief can be had.

Burdock Blood Bitters

removes the cause of the headache, and not only does this but it also restores the entire system to healthy action and buoyant vigor.

"I was troubled with headache for a number of years, but could get nothing to help me. I procured a bottle of Burdock Blood Bitters, and finding it was doing me so much good, I got two more. I am now fully cured and think there is nothing in the world like Burdock Blood Bitters for headache."

FOOD OR STIMULANT.

Ask your doctor if when he orders a patient to drink lots of pure milk he advises the addition of a large quantity of whiskey. He'll tell you "no" very emphatically. Yet there are people who, when ordered to get Scott's Emulsion, will accept some wine, cordial or extract of cod liver oil and think it is the same thing or better. If you want and need cod liver oil in its best, purest and most easily digested form, get Scott's Emulsion. If you want whiskey, that's another matter, but don't look for the same results.

SCOTT & BOWNE, Toronto, Ont.

Lava And Ashes Swallows Up Town In Italy

Delegates At Algeciras Complete Them Work Saturday.

SIGN TREATY AND ADJOURN

Text of the Convention Agreed Upon Given Out by the French Foreign Office — Thanks to Spain and Its King — Printed Copy of Convention Will Be Given to Each Delegation.

Paris, April 9.—The Moroccan convention was signed Saturday afternoon at Algeciras and the conference adjourned sine die.

The Foreign Office Saturday gave out the text of the convention for Moroccan reforms agreed upon.

It is a formidable document of sixteen columns, seven chapters, and 123 articles. The most interesting chapter relates to the Moroccan police. It consists of twelve articles and provides for natives as rank and file, Cadis as commanders, French and Spanish instructors and a Swiss inspector-general. The force will consist of 2,500 officers and men.

Last Duties Performed.

Herr Von Radowitz, of the German delegation, supported by M. Revoil of the French embassy, asked Duke Almodovar to communicate with the Swiss Government on the subject of an inspector of police. The Marquis Visconti Venosta, head of the Italian delegation, thanked the president of the conference and the Spanish Government and asked the president to transmit to King Alfonso the compliments of all.

After a short response by Duke Almodovar, the delegates signed the written copy of the protocol, which will be preserved in the archives at Madrid. A printed copy, certified to and signed by the president, will be given to each delegation.

U. S. Signs Under Reserve.

Henry White, head of the American delegation, made a statement that the United States Government did not accept the obligation of responsibility with regard to the measures necessary to carry out the provisions of the protocol. The signatures of the American delegates were preceded by the words "Under reserve, this declaration, made at a plenary sitting of the conference, April 7, 1906." The Swedish delegates made the same reservation.

Duke Almodovar gave a luncheon, which was attended by all the delegates.

Bribery Indictable.

London, April 9.—The Lord Chancellor, Sir Robert Threshie Reid, introduced a bill in the House of Lords Saturday making bribery and bankruptcy extraditable offences in accordance with the Anglo-American convention.

Saw Mills Burn.

Ottawa, April 9.—The saw mills of Ald. James Davidson, situated at Fort Coulonge, Pontiac County, were completely destroyed by fire Saturday afternoon. The loss is $25,000; insurance $10,000.

MINERS AWAIT REPLY.

Operators May Agree to Arbitration But On Different Plan.

New York, April 9.—With President Mitchell and the scale committee awaiting the reply of the operators to the proposition to arbitrate their differences all is quiet in the anthracite coal strike situation.

No information was obtainable yesterday accurately to indicate what stand the operators will take to-day. It is known they have carefully gone over the arbitration plan proposed by Mr. Mitchell, and, it is said, they have decided to accept arbitration, but in a radically different form from that offered by the miners.

The end of the first week of suspension of operations in the anthracite field found the miners staunch in their support of Mitchell.

Figures from the anthracite coal districts yesterday showed that in the five days they have been idle, so far, the miners have lost about $1,773,419, less the amount paid to the pumpmen. The operators have not sustained nearly so great a loss. They have sold, it is estimated, 1,250,000 tons, the normal demand for the week, and at a price fifty cents higher than they would have received had the normal conditions of April prevailed.

In the Western Pennsylvania bituminous districts reports indicate that 28,000, or over 95 per cent. of the miners will be at work to-day.

SETTLEMENT IN WINNIPEG.

Cars Are Moving Again—Result of Mediators' Efforts.

Winnipeg, April 9.—The street railway strike is settled, and the cars were all started with the former employes in charge at 4 o'clock Saturday afternoon.

Dr. Sparling and Principal Patrick made the announcement after an hour's session with the men at Friendship Hall.

As the two mediators left the hall they were loudly cheered by the men.

They went immediately to the Street Railway Co.'s offices to communicate the decision that the men had accepted the terms offered.

The wages are advanced one cent an hour all round, while there is to be no discrimination against union men. The arbitration clause, though, is left out.

All former employes are taken back by the company except those who exercised violence toward the company's property. There is a clause in the agreement that the company will be willing at all times to treat with its men, or any committee employed by them, on any subject in the interests of the company, or employes.

There was a general feeling of relief over the termination of the strike, and as cars went out at 4 o'clock they were heartily cheered by thousands on the street.

A POINTER WORTH HAVING.

The merits of Ozone are well known, but in buying it one must be sure to get the purest form. Also, Ozone should always be taken along with "Celery King" the famous tonic laxative. The purest form in which Ozone is put up is "Solution of Ozone" (the coupon kind) and each bottle of this brand contains a coupon entitling you to a package of "Celery King" free.

No other firm in the world can give "Celery King" with Ozone. We give because our Ozone thus brings the highest results. In addition, you get just about twice as much "Solution of Ozone" for your money as of other kinds, and you also get it in the purest and most concentrated form. You also get "Celery King" free, instead of having to buy it which you would need to do in order to have full benefit from the use of Ozone

Your druggist should have "Solution of Ozone" (the coupon kind), if not, write to the Public Drug Co., Bridgeburg. Sold by W.B. Warne

Note This, Bakers

Housekeepers who appreciate Good Flour will soon realise that

ROYAL HOUSEHOLD FLOUR

is the delight of baking day. It invariably gives delicious results, making good bread and light, wholesome cake.

You Want An Absolutely Sure Investment

The investment that we have to offer you has passed beyond the experimental stage.

It is a copper refinery, refining copper equal in purity to the very best product on the market.

And the supervision of this refinery is looked after by our principals, Mr. L. Sapery and Mr. H. Sapery, owners of the Syracuse Smelting Works.

Men who have spent years in experimenting and perfecting new methods for refining metals.

And ours is the only copper refinery in Canada.

But you can participate in the profits from this refinery by buying shares in the Montreal Copper Co., Ltd.

They sell for $100 each and last year yielded over 17 2-3 per cent.

This proposition is open to investigation at any time.

If you are in the city, telephone Main 1813, and we will make an appointment to meet you.

Or, write for our booklet—it contains interesting facts about copper.

Bowmanville Are Midland League Champions Of 1905

The Decision Reached at Annual Meeting—Junior Series Will be Formed—The President's Address—Mr. W. L. McIlroy This Year's President—The Other Officers—A Fair Future for the League.

The annual meeting of the Midland Football League was held in the Y.M.C.A. on Saturday afternoon, at which the officers for the coming year were elected and a number of matters of immediate importance discussed. Probably the greatest of these was the decision of last year's champions. Also the question of inaugurating a junior series was decided.

The clubs that were represented at the meeting were Bowmanville, Bridgenorth, Lakehurst, and Peterborough Quakers, and among those present were Dr. J. A. Morgan, Hon. President of the league; President J. E. Sullivan; F. H. Frost, B. A., Bowmanville; F. Jopling, Bridgenorth; G. M. Cundall, Lakehurst; P. Fitzgerald, C. Fitzgerald and Donald MacRae.

President's Address.

The meeting was opened by the president, Dr. Devitt, who gave the following address:

Fellow Officers and Members of the Midland Football League,—

About a year ago now I had the honour of being elected president of the Midland League, an honour for which I thank you very much. The duties of the office have been pleasant ones for me, as it is always a pleasure for me to help along the good old game of football, and besides, the officers and members of the league have all combined to make the task an easy one for me.

The league has made splendid progress in the game as has been shown by the games played with the champion Galt team on their trip east.

Locust Hill, the Quakers of Peterborough, and Norwood, all gave them a close game.

I was elected as representative to the Ontario League meeting held in Toronto last Easter Monday. It was my pleasure to enter our league for the first time in the Ontario League.

The Locust Hill Clippers represented our league in the championship games and won the intermediate championship in good style, and I would judge that any team in our district would have given a good account of itself in the Ontario championship games.

I would recommend that we form a junior league. It will give the boys a chance, and also be a recruiting ground for the senior clubs. I would also recommend that the rules of the league be more strictly adhered to by the different clubs, particularly that the dates of the games be complied with.

Officers and members of the Midland Football League, I take this opportunity of thanking you for your help and kindness, which have been given me during the past year.

Other Business.

The amendments to the O. F. A. rules were read, and it was decided to leave that matter in the hands of the league's representative at the Ontario Football Association meeting in Toronto on Easter Monday.

In considering the question of commencing a junior series in the Midland League, the great benefits that this would be to the propagation of association football and to arousing interest in the game throughout the country were pointed out, and the meeting unanimously agreed on the formation of this series.

The question of holding last year's champions next arose, and it was found to be a very complicated one.

Bowmanville won out in its district by playing on scheduled time. Locust Hill was not prepared until about the middle of July, but at the time it was found impossible for the former to play the final games. Bowmanville, and also the secretary of the Midland League, asked the Clippers to defer the games until the fall, giving them the opportunity of playing then for the championship of the O. F. League, as the former did not wish to compete for that honour. Locust Hill did not reply until several weeks after, and when they did they claimed the championship by default and refused to play the final games at all.

Considerable discussion arose over the matter, which was finally settled by the executive of the league awarding last year's championship to the Bowmanville team.

The election of officers next took place resulting in the following being elected:

Honourary President, Dr. J. A. Morgan.

Honourary Vice-President, Dr. Geo. Burnham.

President, W. L. McIlroy.

First Vice-President, Dr. J. C. Devitt, Bowmanville.

Second Vice-President, Geo. Howson, Norwood.

Secretary-Treasurer, J. E. Sullivan.

The secretary was appointed as the league's representative to the O. F. A. meeting at Toronto on Easter Monday. The meeting then adjourned.

FOOTBALL

The Cobourg football club have notified secretary of the Midland League of their intention of entering the league this season. Lakehurst will also enter the league for the first time and will play junior football this year.

THAT OVER WORKED, PLAYED OUT FEELING AMONG WOMEN

There are thousands of females all over our land who are broken down in health and dragging out a miserable existence, overburdened with diseases peculiar to their sex, apparently growing old while yet young. Often they have pale or sallow complexion, hollow, sunken eyes, with a lifeless look; the face has a pinched and haggard appearance; they are weak, weary and trembling, often extremely nervous, starting at every little noise. Many are low-spirited, and some are fretful. Some are apparently bloodless, with cold hands and feet, while others are flushed by an unequal circulation of the blood, dizziness, and sometimes dimness of vision, loss of memory, and often loss of appetite and sleep, and are wearied with terrible dreams.

Palpitation of the heart, nervous prostration, smothering and sinking spells, shortness of breath and the sensation of pins and needles are all indications of a weakened condition of the heart or nervous system, and should any of them be present we would strongly advise the use of

MILBURN'S HEART AND NERVE PILLS

They bring health to the broken down, energy to the weakened constitution, tone up the tired, overtrained nerves, and strengthen the weak heart.

Mrs. Edward Jackson, Half's Bridge, Ont., writes: "For a year I was greatly troubled with nervousness and loss of appetite, and could neither sleep nor eat. After taking a few boxes of Milburn's Heart and Nerve Pills I was completely cured and can recommend them to all sufferers."

Milburn's Heart and Nerve Pills 50 cents per box or three boxes for $1.25, all dealers or The T. Milburn Co., Limited, Toronto, Ont.

The Collections Were Very Large

Nearly $100 Collected in George Street Sunday School for Famine Fund.

A special collection in aid of the Japanese War Fund was taken yesterday at the George street Methodist and Grace church Sunday schools. The success of the scheme and the amount of money raised exceeded the expectations of the most sanguine. At George street the collection amounted to $85.60, and at Grace church, which is a branch of George street, it was $14, making a total of $99.60, the attendance at George street was 504, and the usual collection apart from the special effort amounted to $6.30.

The Indian River Is Clear of Ice

Christian Endeavour Elects Officers—Personal Items.

Special to the Examiner

Keene, April 7.—Mrs John Edwards spent a few days in Peterborough this week the guest of her daughter, Mrs Edward Wright.

Master Willie Brown is dangerously ill with pneumonia.

The Indian River opened up this week, most of the ice going out Wednesday and on the lake it appears as if it would not last over another week. A good strong wind would probably clear the lake.

Mr Morgan Gillette, of Toronto, was in Keene on business Thursday.

Mrs W. J. Mein, who has been in Keene the guest of her mother, Mrs A. Campbell, returned to her home in Peterborough Thursday.

Mrs William Kempt spent a few days in Peterborough this week the guest of Mrs Andrew Brown.

The following officers of the Presbyterian Christian Endeavour Society have been elected for the coming term:—

President—Mr P. T. Pilkie.

Vice-President—Mr. Wm. Plunkett.

2nd Vice-President—Miss Margaret Bryce.

Treasurer—Miss Margaret McIntyre.

Secretary — Miss Maude Campbell.

Convenors.

Social Committe—Mr R. J. McCamus.

Lookout Committee — Mr Wm. Plunkett.

Missionary Committee — Miss E Powell.

Music Committee— Miss Margaret Bryce.

Flower and Visiting Committee — Misses B McFarlane and A. McIntyre.

Master Harold Smith, who has been suffering from a severe attack of pneumonia is rapidly improving.

COTTAM BIRD SEED, [illegible], London, Ont.

VETERAN'S ADDRESS WAS IMPRESSIVE

Few more impressive meetings have ever been held in the Y.M.C.A. Hall, than that yesterday afternoon which was addressed by Staff-Captain Manton, of Toronto, a veteran soldier of the Salvation Army, and also a prominent worker in the Y.M.C.A. in Toronto for many years.

He spoke on the subject of "Integrity," basing his remarks on the action of Daniel and the other Hebrews who "purposed in their hearts" to stand for God and principle.

The speaker very touchingly told the story of his conversion, and of his joy in the Christian life. His simple message brought conviction to many men who listened.

The Mission to Men, for one week, begins next Sunday at 4 o'clock.

POLICE COURT.

A lively game of baseball was a Sunday afternoon incident in the west end yesterday. A dozen or so youthful immators of Napoleon Lajoie, Hans Wagner and that ilk, gathered in a field between Walnut and Cedar streets. Considered as a game of ball the contest was a good one some of the neighbours, however, thought that the rooting was too strenuous for a Sunday afternoon, and in the midst of the excitement the majesty of the law as represented by Police Constable Stewart hove in sight and the game degenerated into a cross country run with all the honours going to the officer who after a chase replete with thrilling incidents rounded up the bunch.

This morning five of the ball-tossers lined up before Police Magistrate Dumble and chorused a somewhat tremulous plea of guilty. The Magistrate after pointing out that Sunday ball-playing was against the law allowed the outfit to go and they lost no time in filing out of the court room.

Burns to Death.

Saskatoon, April 9.—Mrs. George Gill, wife of resident of St. Paul, who had contemplated removing here in the immediate future, was burned to death in her house Saturday night during the temporary absence of her husband.

Sea Hunting is Good.

Montreal, April 9.—A cable from St. John's, Nfld., reads as follows: The seal fisheries have been the best for twenty years. The latest return from the fleet indicate a total catch of 360,000 seals against 177,000 for 1905.

Canada's Revenue.

Ottawa, April 9.—The revenue of Canada for the nine months of the current fiscal year up to the end of March totaled $57,051,562, an increase of $5,584,794 over the corresponding period of the previous year.

CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of Chas. H. Fletcher and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is Pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. It cures Diarrhœa and Wind Colic. It relieves Teething Troubles, cures Constipation and Flatulency. It assimilates the Food, regulates the Stomach and Bowels, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

GOVERNOR ASSASSINATED.

Blown to Pieces in the Principal Street of Tver.

Province of Tver, Russia, April 9.—While the Governor of Tver, M. Sleptzoff, was passing through the principal street of the town Saturday he was killed by the explosion of a bomb.

Governor Sleptzoff was regarded as a very reactionary official, and was held responsible for the beatings administered to the intelligencia by the "Black Hundreds" last fall.

The governor was in his carriage when he was assassinated. His body was terribly mutilated and his coachman was seriously injured. The bomb exploded with terrible force. All the windows in the neighborhood were broken. The assassin, who is a very young man, was arrested.

Smuggling On Increase.

St. John, N.B., April 9.—Smuggling on the winter port steamers has now reached such a magnitude that customs officials are taking every precaution. So far three ships of different lines have been fined $400 each. Cigars and tobacco are sold to different liquor stores in the city at fair profit by a member of the crew, who handles the goods. Smuggling is apparently increasing.

English Bye-Election.

London, April 9.—The bye-election Friday in the Eye division of Suffolk in consequence of the resignation of F. S. Stevenson, resulted in the election of H. Pearson, Liberal, a son of Sir Weetman Pearson, by a majority of 197 over the Marquess of Graham, Conservative, eldest son of the Duke of Montrose. In the last contested election in Eye, held in 1900, the Liberal majority was 1,517.

Why Lloyd Was Set Free.

Belleville, April 9.—It is alleged in this city that the last has not yet been heard of the Lloyd murder case. The jury, it is freely stated, did not find Adam Lloyd guilty because they thought somebody else knew much more about the matter than he did. The case is still the talk of this city and district, and another arrest shortly would surprise nobody.

J. H. D'ARVILLE

The Eminent Clarivoyant and Palmist

Everyone pleased, no one disappointed. A reading with Mr. D'Arville will add many successful and happy years to your life. He brings out points so plainly that all the dreams of alchemy would soon prove true. He tells business changes, travels, vocation, when and whom you will marry, full names, dates, facts and figures. Mr. D'Arville has many unsolicited testimonials from the most prominent people of this city. He is non-mercenary and always pleased to see his friends.

Readings private and confidential. Hours 10 a.m. to 8:30 p.m.

Spring Top Coats

Spring Overcoats are now looming up everywhere. Of course it's foolish to jump into Spring Clothes all at once, but a Spring Overcoat's always a safe start.

We'd Like to Show You

what we consider to be the best cut, best draped and handsomest Top Coats that have yet been turned out. One of the best if not the best designer in America is responsible for them.

We're Ready With all the Spring Lines

Men who are posted say that we've the best clothing in the city. Any particularly nice thing you want to wear you'll be apt to find here.

If it's a suit there'll be just the right number of buttons on the coat, just the right roll in the lapel, coat the right length, trousers the correct shape, etc.

The prise of our Suits and Top Coats is very reasonable, too, considering quality, workmanship and fit.

Yesterday In City's Churches

ALL SAINT' CHURCH.

The Lanten services this week will be held on Monday and Wednesday evenings at 8 o'clock.

To-morrow night the Rector will give a lecture on "Scenes in the Holy Land."

The Men's Guild will meet to-night at 7.30 and the Girls' Guild at the same hour.

To-morrow afternoon the Women's Auxiliary will meet at 2.30.

ST. JOHN'S.

There will be daily services at St. John's church, during this week. To-night's service will commence at 7.30; on Tuesday, Thursday and Friday, at 5; and on Wednesday and Friday, at 8. On Wednesday night the "Story of the Cross" will be sung, and on Friday evening, "The Crucifixion," by Sir John Stayner, will be given.

At the offertory last night, Mrs. F. A. Clarke sang "The Palms," by Faure, with great sweetness and beautifully finished execution.

MURRAY STREET.

Large congregations were present at both services yesterday at Murray street Baptist church. The services were conducted by Rev. F. J. Scott.

To-night the Y.P.S. meets at 8 o'clock. The subject will be "Our Pledge and how to keep it," by Miss Smith.

The Finance Committee will meet to-night in Mr. Geo. Cochrane's Office, Water street.

Prayer and regular quarterly business meeting on Wednesday night.

ST. PAUL'S.

Rev. MacD. MacKay preached at St. Paul's yesterday morning and Dr. Torrance in the evening.

The Presbyterian Guild will meet to-night at 8 o'clock and prayer meeting will be held on Wednesday evening at 8 o'clock.

Communicants' Class will be held on Wednesday night at 7.30, and the Session at 9 o'clock.

The Young Men's Guild will meet on Wednesday night at 9 o'clock to bid farewell to Rev. Yr. MacKay.

Services preparatory to Communion will be taken by Rev. Mr. Potter on Friday evening at 9.

GEORGE STREET.

The services at George street were yesterday conducted by the Rev. Dr. Orothers. In the morning the anthem "O Holy Jesus," by Flowtow, was sung by the choir and a solo "O Happy Day," by Mr. Jas. Browne. The evening anthem was "God is the Refuge of His People," by Bradbury. Miss Bertha Parnell sang a solo, "Home at Last."

The Epworth League meets to-night at 8 o'clock and on Wednesday night Prayer meeting. A special service will be held on Good Friday morning at 11 o'clock, and the Mission Band meets on Friday evening at 8 o'clock.

PARK STREET.

There were very large congregations at both services yesterday conducted by Rev. A. H. Brace.

A unanimous vote was taken by the congregation in favour of the Lord's Day Bill now before Parliament, with instructions to forward it to Ottawa.

B. Y. P. U. meets to-night in open session.

To-morrow night the Ladies' Mission Circle monthly meeting at 8 o'clock. Miss Maggie Mann will preside.

On Wednesday evening a public service with Biblo reading, short addresses and choruses, will be held. The pastor will preside.

Next Lord's Day afternoon offerings will be taken for relief of the Japanese.

CHARLOTTE STREET.

Rev. W. J. Jolliffe conducted both services at the Charlotte street church yesterday. In the evening he commenced a series of sermons on "The Prominent Women of the Bible."

Mrs. Templeman sang a solo in the morning, and Miss Belleghem in the evening.

To-night the Epworth League meets at eight o'clock. Mr. H. B. Collier will give an address.

To-morrow night the Young Men's Guild will meet at eight o'clock.

On Wednesday evening at eight o'clock, the W. M. S. will hold their regular Easter offering. Mrs. Campbell will give an address.

Tuesday and Friday at 7.30 p.m. rehearsal of the Temple of Fame.

On Good Friday morning at 11 o'clock there will be a public service in the church.

ST. ANDREW'S.

Both services Yesterday at St. Andrew's were taken by the pastor, The singing was of a special character in accordance with Palm Sunday. Miss Rush sang a solo, "Christian Faith," at the morning service.

To-night at eight o'clock the Y.P.S. will meet. Rev. Mr. Potter will give an address. The Young Peoples' Mission Band will meet to-morrow night at 7.45. Teachers Training Class on Wednesday at 7.30, and Prayer Meeting at 8.

On Good Friday morning there will be a special service for boys at 10 o'clock.

The re-opening of the church will be held on Easter Sunday, and the public re-opening on Easter Monday at which Rev. Dr. Mulligan of St. Andrew's church, Toronto, will give an address on "Lessons from Sunbeams."

ST. LUKE'S.

The monthly meeting of the Men's Guild will be held to-night at 8 o'clock in the Guild Rooms.

The Girls' Auxiliary meets to-night at 8 o'clock.

On Tuesday and Thursday afternoon at 5 o'clock, Devotional services will be held in the church.

At the Wednesday evening Service the Rev Wm. C. Allen, M.A., Rector of Cavan, is the special preacher.

On Good Friday the services at St. Luke's are as follows:—

11.30 a.m., Morning Prayer.

12 to 3, Three Hours' Devotion with addresses on the "Seven Words from the Cross," manifesting the "Love of God." Hymns, reading of Psalms and Prayers will alternate with the addresses. People not wishing to remain for the entire service may come or go during the singing of the hymns.

On Good Friday evening at 8 o'clock, the Rector will give an illustrated sermon on "The Holy Land." Sixty limelight views will illustrate the scenes and places in Christ's earthly life. The offerings on Good Friday will be devoted to the Evangelization of the Jews.

The Rector urged his people yesterday to enter into the solemnities of Holy Week in reality. Especially on Good Friday he hoped they would abstain from secular enjoyment, but visit the House of God for meditation and prayer. As no one wished to spend the anniversary of the death of an earthly relation at the theatre or concert, so he trusted that Christians would shun such amusements on Good Friday, the anniversary of the death of the Saviour of the world.

He looked forward to large congregations at all the services during Holy Week.

The members and friends of St. Luke's are requested to contribute flowers or money for decorating the church for Easter.

$100 REWARD, $100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patien tstrength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Address F. J. CHENEY & CO., Toledo, Ohio.

Sold by all Druggists, 75c.

Take Hall's Family Pills for Constipation.

GREATNESS OF THE BRITISH EMPIRE

A census of the British Empire for year 1901, was recently laid before the Local Government Board, the salient features of which are given in leading London journals.

The census shows that on or about April 1, in 1901, the area of the Empire was 11,908,378 square miles, and the population 393,401,704. These aggregates form a striking contrast to the figures for the United Kingdom, which are included in them, the area of the latter being 121,633 square miles, and its population 41,453,721. The reports from which the tables appended to the main report have been derived range, it is stated, from a ten-page pamphlet concerning the 2,265 inhabitants of the Falkland Islands to an elaborate review extending to more than 60 volumes dealing with the manifold races of our Indian Empire, the population of which approaches 296 million persons, speaking no fewer than 147 distinct vernacular languages. At the time of the census of 1861 the Empire comprised, in round numbers, 8 1-3 millions of square miles; in the next two decennial periods no important territorial addition took place, but between 1881 and 1891 the extension to the East Indies and in our Indian Dependency and the great annexations of territory in Africa added about two millions of square miles. Since 1891 further expansions have occurred, principally in Africa and in Asia, raising the grand total as nearly as can be ascertained to 11,908,378 square miles, comprising more than one-fifth of the land surface of the globe. In 1861 the population of the Empire, inclusive of the Indian feudatory States, was, as far as can be ascertained, about 253 millions; in 1871 it had risen to nearly 284 millions; in 1881 to nearly 310 millions; in 1891, largely through acquisitions of territory, to more than 381 millions; and in 1901 to nearly 400 millions. Broadly speaking, says the report, the 400 millions within the Empire may be divided into two classes: "Whites", numbering approximately, 54 millions, or 13.6 per cent. of the total, and "coloured" population, numbering about 346 millions. Of the 346 millions of coloured population over 306 millions were either natives of India or descendants of Indian emigrants.

How it Spreads

The first package of Dr. Leonhardt's Hem-Roid, (the wonderful cure) that was put on sale in a small town in Nebraska.

It cured a case of Blind Piles that was considered hopeless.

The news spread, and although this was only two years ago, the demand prompted Dr. J. S. Leonhardt, Lincoln, Nebraska, the discoverer, to prepare it for general use. Now it is being sent to all parts of the world.

It will cure any case of piles. There is a month's treatment in each box.

Sold for $1, with an absolute guarantee.

It is for sale by druggists, or by The Wilson-Fyfe Company, Limited, Niagara Falls, Ont.

Sunlight Soap is better than other soaps but is best when used in the Sunlight way. Buy Sunlight Soap and follow directions.

Easter Corset Special
A new style Corset, with hose supporters attached, made of beautiful, fine quality of French Percale, in sizes 18 to 24 inch, regular value $1.50. Special Easter price, per pair.. $1.00
Corsets for all figures, per pair, 39c to..... $3.50

Ladies' Suits and Coats
We've been very much interested in the Coat Department the last few days. Ladies come in—and go out again—without the coat. A day or two later—or perhaps the same day—they come in again and buy. Of course in the meantime they have been seeing what was offered in other places—but they come back here to purchase. And this little performance is repeated again and again.

If in need of Housefurnishings this Spring. Do not buy before seeing our Special offerings

Mount Vesuvius Still Continues Its Work

Two Hundred Persons Buried in Ruins of Mount Oliveto Market This Morning--Already Many Dead Bodies Recovered--Scores of Corpses Found in Nearby Villages.

Special to The Examiner.

Naples, April 10.—Two hundred people, it is estimated, were buried in the ruins of the market, Mount Oliveto, this morning, when the roof collapsed under the weight of cinders from Vesuvius. The exact number of people within the building at the moment of the catastrophe is not known. The courtyard covers 600 square feet and was roofed. The space within was unusually crowded with buyers and their children.

Injured Cared For.

Later, 10.05 a.m.—Up to the present the bodies of 16 dead persons have been taken from beneath the ruins of the Mount Oliveto market, and 178 injured people are being cared for at the hospitals.

Many People Missing.

Naples, April 10.—Forty-nine corpses have already been found in the village of San Giuseppe. Sixty injured persons were found in the streets of Ottajano, in addition to 200 corpses which have been found. Great numbers of people are missing from all the villages in the neighbourhood of Vesuvius.

Lumbermen Prepare For Spring Drive

Prospects for Good Run of This Winter's Cut Excellent—One of the Best Seasons in History of Lumbering in County—Many River Drivers Being Sent to Camps.

The lumbermen are now busily preparing for the spring drive, and the different companies are rushing men into the camps. To-day a big party left for Sturgeon Falls, for Holland and Graves' camp, and the Dickson Company received a big batch of drivers, who were despatched during the day to their limits in the northern part of Peterborough County.

The prospects so far as can be learned, this year, for the lumber industry, are of the best. While the fall of snow at the front was light, in the woods it was just right, the lighter fall of snow making logging operations easy and more economical, the result being that a larger cut than usual is reported from the majority of the camps.

When the ice is clear from the lakes and rivers, which will be in a short time now, one of the best cuts of timber in recent years will be consigned to the waters for their run to the mills.

The demand for lumber this year will, in all probability, be larger than that of last year, and the prospects are that last year's cut, which will be placed on the market this year will be practically all disposed of, leaving a clear field for this year's cut.

The lumbermen who have been spoken to in reference to the prospects for this year, speak very hopefully of the outlook.

Citizens Approve Of The Examiner's Course

In Respect to the South End School Question—The Inconsistency of the Board of Education is Proven—Teachers' Salaries Must be Raised—Will Represent Expenditure of $100,000.

That the citizens of Peterborough, are almost unanimously in favour of the Examiner's position on the question of the new school in the south end of the city, is being evidenced in a most unmistakable manner.

To-day a number of gentlemen, prominent men of affairs, called upon the Examiner to express their approval of the course adopted by this paper on this important matter.

One of these gentlemen stated that he had heard a number of citizens expressing their opinion on the question, and invariably they were unfavourable to the action of the Board of Education and the council. According to his view the Board of Education is likely to have more trouble on its hands. The teachers, it is well known, have taken steps towards securing an increase in salary, and this is a matter which the Board must deal with at once, or there may be trouble of a serious nature.

In view of the fact that the increase in salaries will have to be made—if the teachers remain on the staff—he is of the opinion that the Board should give serious consideration to the advisability of spending $35,000 of the people's money on a ward school on the city's boundary. He quotes some figures which will bear some thought both at the hands of the Board and the citizens generally. He estimates that the increase in teachers' salaries will mean an expenditure of $5,000 a year—an expenditure which he believes the people will sanction as being necessary. This sum capitalized, means at five per cent., $100,000 of extra expenditure, and added to this the $35,000 for the school, the Board will be running the people of the city into considerable debt.

That the Board of Education has in the past been inconsistent, whatever may be said of its present action, is evidenced by the statement of this gentleman that at the time of the vote on the $50,000 bylaw for the Collegiate Institute — the first one—he spoke to a member of the Board, stating his opinion that the sum asked for was not enough to buy a lot and erect a building, and the trustee replied that the Board was fully aware of that fact, and did not intend that it should be, but that later the Board intended to submit another bylaw to the ratepayers. This circumstance is quoted as evidencing what he characterized as the inconsistency of the Board.

It was further stated that this same trustee is a member of the Board at the present time, and one of the leading members at that.

Horse and Buggy Was Recovered Near Millbrook

A Charge of Theft Has Been Entered Against the Thieves.

The horse and buggy which were stolen from the White House yards on Saturday night were recovered yesterday by the owner, Mr. John Gillespie. Word was received yesterday morning by the local police that a horse and buggy had been found on the road near Millbrook, and from the description forwarded, there was no doubt as to the ownership. Mr. Gillespie left on the noon train yesterday for Millbrook, and recovered his property in the stable of Mr. Byer's, a farmer who resides about three miles from Millbrook. The above gentleman had found the horse trotting along on its homeward journey. It had apparently been left loose on the road, when it was no longer of use. Everything was found just as it had been left, except for the absence of the whip.

Suspicion rests on two Millbrook men who were in the city on Saturday. Mr. Gillespie has entered a charge of theft against them, and the case will be looked into at once.

Peterboro' Man Mining Inspector

Mr. A. H. A. Robinson Appointed to the Position.

The Toronto Globe to-day states that Mr. A. H. A. Robinson has been appointed permanent mining inspector of the Temiskaming district. He is a Peterborough man, an expert in mining, and has lately been engaged in that industry in New Brunswick.

Mr. Dennistoun Stands Well Up

In the Election for Benchers Now Taking Place.

In the vote for Benchar, now in progress in the Province, Mr. R. M. Dennistoun has polled 278 votes and is in the first division with an excellent chance of being elected. Of those who are candidates for the position, 30 will be elected, and the prospects are that when the vote has all been polled, Mr. Dennistoun will still be one of the lucky 30.

No Camp For This City This Year

This is the Statement of an Officer of the Military Council---If Kingston Provides Range Camp Will Go There—If Not Cobourg Gets It—This is Opinion of Ottawa Military Men.

Special Wire to The Examiner.

Ottawa, Ont., April 10. — "The camp will not go to Peterborough." This is what an officer who is a member of the Military Council, and who was at the Military Council meeting, held at noon, had to say this afternoon. "It's between Kingston and Cobourg as to who gets the No. 3 district camp," he continued, "and so far as I can see Peterborough has no chances of getting it. There is to be another meeting in a week but that is practically certain now."

"What about Kingston's chances of retaining it?" he was asked. "There does not seem a great deal, the way things look now. It just amounts to this, is the Limestone authorities provide the range accommodation asked for the camp will stay there, and if they don't it will go to Cobourg. There is to be another meeting soon, but this may be taken as the way things are at present. Of course these arrangements are for this year only."

Lieut.-Col. McDonald, Director General of Ordinance, was also asked to make a statement, but his only answer was, "the matter has not been definitely settled and there will be another meeting in about a week."

BARTON MURDER MAY BE MOST SENSATIONAL IN HISTORY

Detective W. J. Wells, of Toronto, is in the city to-day in connection with the McAuliffe-Hudson murder case, which come up at the spring assizes.

The detective, in speaking to the Examiner in reference to the Hamilton, Barton, murder case, upon which he is working, stated that if the clue upon which he is working and has been for the past month, turns out the way he fully expects it to do, the Barton murder will go down into history as one of the most sensational that was ever uncovered in the annals of crime in the province of Ontario. It will only be a matter of a few days he said when the matter of the identification of the murdered woman will be definitely known and the case decided.

BERNARD NAVEN GUILTY OF ILLTREATMENT TO CATTLE

Yesterday afternoon Bernard Naven, the North Monaghan farmer, who was charged with starving his cattle, appeared for the third time before Magistrate Edmison and was convicted.

The magistrate reviewed the evidence given by the different witnesses, and although there were no exact statements showing that the cattle did really die of starvation, yet he considered there was sufficient evidence to indicate that they were badly neglected. There was an insufficient supply of fodder, and also it was alleged that the stable was not ventilated and was too foul for cattle to be kept in.

The magistrate remarked that it was difficult to understand how any man could commit such an offence, knowing that the law would rest upon himself.

In consideration of the fact that the accused had already felt a great loss by the death of six cattle, he would not punish him to the full extent of the law. He therefore imposed a fine of $25 and costs, the latter amounting to $10.50. The fine was immediately paid.

Contest Of Oratory Was Very Interesting

Open Meeting of Philomathean Literary Society Last Night Was Well Attended--The Winners Were Misses R. Carlisle and L. Smithson and Mr. S. Fife--A Programme of Decided Interest.

The closing meeting of the Philomathean Society, which is connected with the Collegiate Institute, was held last night. It was the last of the season before Easter, and the members invited their friends and all persons interested in the work to be present. Needless to say the auditorium of the Y.M.C.A. where the programme was presented was filled with the young people's admirers, even though the weather conditions were such that might have prevented many from attending. At the close of the evening there was not an individual who could say a word that was not in praise and congratulation. Each participant took his or her part in a manner most creditable, not only to the individual, but to the Philomathean Society and to the teaching staff of the Collegiate Institute. Besides a large number of friends, many parents of the young people were present and were most agreeably surprised with the ability of their sons and daughters.

Contest of Oratory.

The chief feature of last night's programme was the oratorical contest. When the Philomathean Society was organized it was for the purpose of developing in the members the ability of convincingly expressing thought by word of mouth. That a great degree of success has attended the students' efforts was evidenced by the excellent addresses delivered by the young ladies and gentlemen. Little fault could be found with any of the speakers. Some of the speakers have considerable ability and did themselves credit.

The contest was for both girls and boys. Among the former might be mentioned Miss R. Carlisle's address on "The Future of Canada." Miss Carlisle displayed emotion bordering on eloquence and at the same time she produced facts and figures to carry weight with her arguments and when she was awarded first prize the audience acquiesced in the decision.

Miss L. Smithson received the second prize. Her talk was on "Athens in the Age of Pericles," and from an historical and literary standpoint she was entitled to the highest honour, although she fell short in oratory. The other young ladies taking part did exceedingly well and, especially when it is remembered that this was their first attempt at public speaking.

Creditable Work.

The young men taking part had before appeared on the public platform, although their experience did not give them any appreciable advantage over the young ladies. Mr. S. Fife won the first prize, although Mr. F. Brown was a close second and will, with a little training and more experience make an orator.

Mr. Bert Miller occupied the chair and performed his duties most acceptably. In opening the programme he expressed his appreciation on behalf of the society at the very large audience and he explained briefly the aims and objects of the Philomathean Society.

The following programme was then rendered:—

Vocal solo—Mr. H. Sawers.

"Athens in the Age of Pericles,"—Miss L. Smithson.

"Mary, Queen of Scots—Miss E. Kells.

Pioneer Days in Canada—Miss G. Yenney.

Violin trio—Misses K. Wallis, M. Burnett and L. Sanderson.

Warren Hastings—Mr. M. Lees.

The Future of Canada—Miss R. Carlisle.

Vocal solo—Miss Nellie Hallihan.

Hannibal, the Dread—Mr. H. L. Brace.

Napoleon at St. Helena — Mr. F. Brown.

The Plains of Abraham—Mr. S. Fife.

Duet — Misses G. Crane and M. Robertson.

Recitation—"The Last Judgment," by request, Miss H. Duncombe.

The Judges.

The judges were Messrs. D. O'Connell, D. Walker, and H. D. Burnett. Mr. O'Connell in presenting the prizes to the young ladies, expressed his appreciation of the honour he felt in filling such an office and also congratulated not only those taking part in the programme, but also the society as a whole. He said that he was proud to know that the young people of the Peterborough Collegiate had achieved such success. Mr. Burnett presented the gentleman's prize and he and Mr. Walker also offered their congratulations, and tendered the members of the society their thanks for the honour conferred upon them by the invitation to act as judges.

The prizes and winners were:

Girls — First prize, 12 volumes of Shakspere, Miss R. Carlisle; second prize, 3 volumes of Dickens, Miss L. Smithson.

Boys' prize—Five volumes of Dickens, Mr. S. Fife.

At the close of the programme a vote of thanks to the judges and to the members of the Philomathean Society was moved on behalf of the audience by Mr. Cecil Arnott and Harry Theobald.

Many Changes Were Granted In Assessments

Court of Revision Met Last Night and Considered Many Amendments—Most of the Assessments Disputed Were Rectified as Complainants Wished—No Particularly Interesting Business Was Transacted at Last Night's Session of the Court.

NEXT MEETING WILL BE HELD ON APRIL 17

A meeting of the Court of Revision of the city of Peterborough was held last night and considerable business was transacted. There were present Messrs. J. A. Hall, chairman, Henry Rush and Wm. Langford.

The assessments made for sidewalks constructed in 1905 as local improvements were, in accordance with notice given, taken up, and the following appeals were heard:

Mrs. Ferguson, that she was over-assessed on the north side of Simcoe street, part off lot 10, north Simcoe, west George streets. The assessment was reduced from 72 feet to 60 feet, and the matter laid over until the evening of April 17 next. John Moloney, agent for Mrs. M. Ambrose, will be notified.

William Eyres claimed he was over-assessed 1 foot 9 inches on north Antrim, west George, part of lot 2. The appeal was allowed and the matter adjourned until the next sitting of the court.

John Hart said he was over-assessed 10 feet on the west side of Bethune street, between Maldonel and London streets. His assessment was reduced 10 feet.

David Spence said he was assessed for 85 instead of 95 feet. Assessment was increased 10 feet.

A. F. Lane claimed he was assessed two feet more than he should have been on east side of Reid and south of Simcoe streets. The case was laid over until the next sitting of the court. Mr. Lane also claimed that he was assessed for 10 feet less than he should have been on Simcoe street, south side, east of Reid, and that T. J. Moore was over-assessed 10 feet. A. F. Lane's assessment was increased, and T. J. Moore's reduced 10 feet.

W. C. Switzer and James Storey said their measurements were incorrect on the north side of Weller street, lot 2, plan 49. Both will be assessed for 49 feet 6 inches.

J. H. Ames claimed to be over-assessed on the north side of Edinburgh street by 1 foot 6 inches. Laid over until next meeting of court, W. C. Stabler to be notified.

W. Castrieum said he was over-assessed on the east side of Stewart street between London and Dublin streets. Laid over until next sitting.

J. Rose claimed to be over-assessed by 2 feet on west side of Park street, lot 2, plan 115. Assessment reduced 45 feet, and matter laid over until next session.

W. S. Dodds and A. E. Dixon, for the Parnell estate, claimed that W. S. Dodd was over-assessed, and the Parnell estate under-assessed on the south side of Antrim street, part lot 1 south, and west George street. W. S. Dodd was assessed for 82 feet 4 inches, and Parnell estate for 43 feet 11 inches.

W. Stocker and Chas. Chambo argued that W. Stocker should be assessed for 48 feet on Rubidge west, between Rink and Townsend streets, and C. Chamto for 139 feet. The change was made.

Wm. Pullen said he was not owner of property on west side of Rubidge street, north of Sherbrooke, and John Kelly should be assessed as owner. The change was made.

Henry Cox and estate of Rev. M. Burnham, per E. A. Peck, consented that Henry Cox should be assessed for 65 feet instead of 65 feet 10 in., on the west side of Rogers street, and the difference assessed to Burnham Estate. The change was made.

D. W. Dumble claimed that he should be assessed for 64 feet instead of 134 feet on west side Bethune street south of Antrim, and Toronto Savings and Loan Company for 64 feet. D. W. Dumble did not appear. Assessment confirmed.

D. W. Dumble said he was wrongly assessed for 2 feet 2 in. on north side of Simcoe, between Water and Queen. Assessment was confirmed.

The following other matters were up:—

From S. R. Armstrong, City Clerk, that south Maldonel, west George, part lot 1, No. 502 George street, E. H. Mann, tenant, and J. T. Stanson, owner, had been omitted from the assessment roll for 1906. Ordered that it should be entered in the assessment roll for assessment of $1,200.

From Allen Armitage, for the remission of the taxes of 1905 on the assessment of $200 for personal property. Granted.

The following dog taxes for 1905 were remitted:—John Jenkinson, Mammie Foote, Robert Biggs, John McCormick, Daniel Hillier, Robert Stewart and Thos Dawson.

From C. H. Connelly, asking for remission of statute labour tax. Not granted.

From W. G. Murrow, asking for remission of the taxes on a room over 433 George street which had been occupied by E. Clegg as a Government office during 11 months of 1905. $7.12 of taxes remitted.

From G. Meredith, asking for remission of statute labour tax, as he was not 21 years of age in 1905. Granted upon filing a statutory declaration.

The statute labour taxes for 1905 of the following were remitted:—Fred Lindlay, W. J. Pope, Geo. Armstrong, A. E. Saunders, C. A. Costello and John Londerville.

W. H. Cavanah was assessed twice for 1905 for statute labour, and tax on one assessment was remitted.

Wm. Austin also assessed twice on same tax and one assessment remitted.

The Noxon Company personal property taxes of $7.2[illegible] for 1905 claimed were not liable for these taxes. Remitted.

The court adjourned until Tuesday night, April 17th, at 8 o'clock.

Hogs Higher At The Union Yards

$7.25 Was Paid for Selects on Monday.

The receipts of live stock at the Union Stock Yards, Toronto, yesterday were 96 cars, consisting of 708 cattle, 24 sheep, 22 hogs, 39 calves, 3 horses. The quality of fat cattle was fair. FOUNTAIN PENS

We can give you an A-1 Guaranteed Fountain Pen for $1.25. Also a complete range of the celebrated Waterman Pens.

R. J. Soden

133 Hunter Street - Peterborough

ARE YOU A PRISONER?

THOUSANDS of men are prisoners of disease to-day as though they were confined behind the bars. Many have forged their own chains by the vices of early youth, exposure to contagious disease, or the excesses of manhood. They feel they are not the men they ought to be or used to be. The vim, vigor, and vitality of manhood are lacking. Are you nervous and despondent? tired in the morning? have you to force yourself through the day's work? have you little ambition and energy? are you irritable and excitable? eyes sunken, depressed and haggard looking? memory poor and brain fagged? have you weak back with dreams and losses at night? deposit in urine? weak sexually?—you have

Nervous Debility and Seminal Weakness.

Our NEW METHOD TREATMENT is guaranteed to Cure or No Pay. 25 years in Detroit. Absolute Security. Beware of quacks—Consult old established reliable physicians. Consultation Free. Books Free. Write for Question Blank for Home Treatment.

Drs. Kennedy & Korgan,

140 SHELBY STREET. DETROIT, MICH.

You Want An Absolutely Sure Investment

The investment that we have to offer you has passed beyond the experimental stage.

It is a copper refinery, refining copper equal in purity to the very best product on the market.

And the supervision of this refinery is looked after by our principals, Mr. L. Sapery and Mr. H. Sapery, owners of the Syracuse Smelting Works.

Men who have spent years in experimenting and perfecting new methods for refining metals.

And ours is the only copper refinery in Canada.

But you can participate in the profits from this refinery by buying shares in the Montreal Copper Co., Ltd.

They sell for $100 each and last year yielded over 17 2-3 per cent.

This proposition is open to investigation at any time.

If you are in the city, telephone Main 1813, and we will make an appointment to meet you.

Or, write for our booklet—it contains interesting facts about copper.

Montreal Copper Co., Ltd.,

332 William Street.

P. DOWNHAM, Prop.

"Make Haste Slowly," Was MR. DUMBLE'S ADVICE To The Board Of Education

Opposed Taking Any Steps Until Plans and Specifications Were Perfected—Regular Meeting of the Board Was Held Last Night When Routine Business Was Transacted—Testimonial to Mr. Jas. A. Fife.

Little, except routine business, was done at the regular meeting of the Board of Education, last evening. The usual reports were received. Outside of these, and the communications, the only interesting matter was the discussion over the specifications for the new public school in the southern part of the city.

Mr. Pringle asked that the Building Committee be given power to advertise for tenders on Saturday night, but after strenuous objection to this move was offered by Mr. Dumble, who advocated the policy of "making haste slowly," the question was dropped, and the meeting adjourned, to meet at the call of the chairman.

There were present Messrs. W. G. Ferguson, chairman; B. F. Ackerman, D. W. Dumble, Dr. Burnham, Robert Fair, John Crane, William Pringle, and W. H. Hill.

Communications.

From J. A. Fife, formally tendering his resignation.—Accepted.

From Mr. R. N. Merritt, Goderich, accepting a position on the staff, caused by the resignation of Mr. Fife. —Received.

From Mr. George A. Robb, chief engineer Boiler Inspection Company, stating that an inspection of the Central School boiler showed it to be in a satisfactory condition.—Received.

From the Provincial Association of School Trustees of Ontario, enclosing a circular in reference to the 19th annual convention to be held in Toronto on April 17th.

On motion Messrs. Dumble, Hill, Pringle and the chairman were appointed a delegation to the School Trustees Convention.

From Miss Etta Nelson, applying for a position on the teaching staff. —Received.

From Miss Aldridge, asking for leave of absence until July, from position in South Ward School. —Received, and request granted.

Moneys Received.

City Treasurer	$3500 00
Text books fees	249 20
C. Fessenden, fees	86 40
	$ 282 50

Public School Attendance.

Ormond & Walsh	70 75
Walter Reid	56
Kingan Hardware Co	10 65
Miss Martin, supply	75

Your committee also recommend that the treasurer be paid $15 for petty cash.

The rreport was adopted.

Statement of Accounts.

J. A. Fife, bal. salary in full	$180 00
W. Pringle, expenses deputation to Toronto, Hamilton and Ottawa	45 80

Committee on Appointments

Mr. Hill, chairman of the Committee on Appointments, read his report which stated that Mr. Fife had resigned, and that Mr. R. N. Merritt of Goderich, would be his successor, at a minimum salary of $1000. The report also stated that Miss Hall had been engaged as a teacher in the South Central Kindergarten.

The Gymnasium.

Mr. Hill said it might be well to take some steps in connection with the gymnasium. The Government grant might be cut off if an instructor were not appointed.

On motion of Mr. Hill the question was referred to the Supervising Committee.

Testimonial to Mr. Fife.

On motion of Mr. Hill, seconded by Mr. Dumble, the following testimonial was passed:

To whom it may concern — these certify:—

That the bearer, Mr. Jas. A. Fife, B.A., has been in our service for the past nineteen years; that during that time he has been engaged in teaching Mathematics and Natural Science in the Collegiate Institute; that he has given the most satisfactory proof of both teaching and governing ability; and that he has at all times commanded the respect of the Board of Education, as well as the pupils, and the community at large.

We confidently recommend Mr. Fife as a gentleman of more than ordinary ability, of exact scholarship, and of the highest character.

W. G. Ferguson, Chairman.
W. G. Morrow, Secretary.

Other Business.

Mr. Crane suggested the advisability of having the East City school connected with the sewer, and Mr. Hill made a similar suggestion in regard to the North Ward school. It was moved by Mr. Hill, seconded by Mr. Dumble, that the matter be left in the hands of the Property Committee.—Carried.

Mr. Pringle, chairman of the Building Committee, reported that Mr. Blackwell, the architect for the new school, was not able to have the specifications completed, and asked for permission to advertise for tenders on Saturday.

This was strongly opposed by Mr. Dumble who pointed out the advantage of going slowly in the matter. He was opposed to taking any definite steps until the plans were completed. "If you get the building finished this time next year, you'll be doing well," said Mr. Dumble; and he went on to point out that the work could be done better and more satisfactorily if lots of time was taken. He was in favour of giving all the time possible.

Mr. Pringle said that it was the desire of the Board to have the school ready for occupation by September 18th.

"You can't have it done satisfactorily in that time," said Mr. Dumble.

Mr. Hill concurred in the opinion expressed by Mr. Dumble, that it was better to wait until the plans were perfected before going ahead.

It was moved by Mr. Pringle, seconded by Dr. Burnham, that the Board adjourn to meet at the call call of the chairman. A meeting will be called as soon as the specifications have been looked over by the committee.

PETERBORO' GETS BUSINESS FROM OTHER COUNTIES

Peterborough is becoming more and more the centre of trade for this district, not only of Peterborough County, but residents of bordering counties as well are making this city their market place. Mr. James O'Leary, postmaster at King's Wharf, Victoria County, is in the city today on one of his periodical business trips, and states that the people of his vicinity are rapidly coming to look upon Peterborough as the most desirable trading place. The construction of the Pigeon Creek bridge has helped materially in bringing this condition of affairs about, and this year traffic across that structure has been made easier because of the good care which Mr. Thos. Flood has taken of it. He has cleared all the ice from it, and it can now be used with safety and comfort.

Mr. O'Leary states that the winter in his section has been an extraordinary one, as indeed it has been in all Canada, the lack of snow having affected the hauling of wood to some extent.

Annual Thank-Offering Service

Charlotte Street Auxiliary Will Meet To-morrow Night.

The Woman's Missionary Auxiliary, of the Charlotte street Methodist church, will hold its annual Easter thank offering service in the Sunday school room of the church to-morrow night at eight o'clock. An address will be given by Rev. A. R. Campbell. Several choice solos will be rendered by members of the choir. All interested are cordially invited to be present.

Frank D. Jones Gets His Liberty

Suspended Sentence for Young English Boy Guilty of Theft.

Frank Dennis Jones, the young English immigrant boy, charged with stealing $ 2.50 from a Lakefield man and $1.50 from a Peterborough man, pleaded guilty to the latter charge at the police court this morning, but in the first case made restitution to the extent of $ 2. The features of Jones' case are familiar to the majority of citizens as he was up last Tuesday and was remanded for a week in order that his character might be inquired into. He has always been a hard boy to deal with and has displayed marked tendency to get money by dishonest means.

Upon being asked by the magistrate what he had to say, Jones informed the court that Rev. Canon Davidson would say something on his behalf. Canon Davidson said that while he was aware of the fact that the boy had committed offences for which there was no possible excuse, at the same time he did not think it was wise to send him to gaol, and further contaminate him by the associations of confirmed criminals. He said the boy had consumption and that hard work was very laborous and nerve-wreaking to him. While he wanted to see the ends of justice met, he thought the court would probably see the advisability of not sending the young offenders to gaol.

His Worship said there were mitigating circumstances in the case, but allowed the boy to go on suspended sentence. He advised him to seek the dry, bracing air of the West for his disease. A Barnardo officer, who was present and who told of the incorrigible character of the culprit, took him temporarily in charge.

To Loosen The Cough

AND BRING ABOUT A THOROUGH CURE OF COLDS, USE

DR. CHASE'S SYRUP OF LINSEED AND TURPENTINE

It is sometimes dangerous to stop a cough.

The aim should be to loosen the cough, relieve the tightness and pain in the chest, and aid expectoration, so that the obstructing and irritating mass may be passed out of the air passages.

This is exactly what is accomplished by the use of Dr. Chase's Syrup of Linseed and Turpentine.

It is not a mere cough mixture, and not intended to stop the cough, but rather to cure the cold.

If you have tickling in the throat, pains and tightness in the chest, sensations of irritation, of oppression or suffocation this great family medicine will afford almost instant relief, and thoroughly overcome the cold which gives rise to these symptoms.

Not only is Dr. Chase's Syrup of Linseed and Turpentine a positive cure for croup, bronchitis, whooping cough, asthma and severe chest colds, but is also a preventive of all diseases of the lungs.

It has time and again proven its right to a place in every home, and is the stand-by in thousands of families.

Miss Ada O'Brien, Cape Cove, Gaspe County, Que., writes: "Eight months ago I was taken with a severe cough, which lasted three months, and though I had tried all sorts of medicines, they failed to do me any good. A friend advised the use of Dr. Chase's Syrup of Linseed and Turpentine, and I was completely cured by two bottles. I can recommend it as a splendid medicine."

Dr. Chase's Syrup of Linseed and Turpentine, 25 cents a bottle, at all dealers, or Edmanson, Bates & Company, Toronto. To protect you against imitations, the portrait and signature of Dr. A. W. Chase, the famous receipt book author, are on every bottle.

COD LIVER OIL and IRON

Add PHOSPHORUS and you have FERROL

For many years it has been recognized by physicians everywhere that **Cod Liver Oil** and **Iron** should be given in combination if possible, as where one is required the other is in all probability needed, too, **each enhancing the value of the other.**

Strange to say, although many attempts have been made, no one ever succeeded in combining the oil and iron until, quite recently, a Canadian physician, after some years of study and experiment, managed to solve the problem He then added just a little phosphorus; the result is

FERROL

which contains in an elegant, palatable and easily digested emulsion Cod Liver Oil, Iron and Phosphorus, the exact constituents necessary to **Increase the Weight, Enrich the Blood and Build up the System.**

No argument is needed to prove the value of such a preparation in the treatment of Bronchitis and Pulmonary Diseases, Scrofula, Rickets, Anæmia and wasting diseases of any kind.

For Croup, Whooping Cough and Chronic Coughs and Colds **Ferrol** is an absolute specific.

FERROL is not a patent mystery. The formula is freely published. It is prescribed by the best Physicians. It is endorsed by the most eminent Medical Journals. It is used in prominent Hospitals, Sanatoriums, etc.

Layer on Layer Of Wall Paper

Danger of Covering Dirt on House Walls.

Probably if Boards of Health had as good an opportunity as the average paperhanger and decorator for noting the disgraceful condition of walls and the filthy accumulation of wallpaper which is allowed to collect, it would not be necessary for others to take the initiative in instituting a much-needed reform. Mr. W. E. Potter, of Montreal, a prominent painter and wallpaper dealer, has kindly furnished us with some facts along this line. In re-papering a kitchen on Grothe street, near St. Denis, Mr. Potter recently removed 22 coatings of old paper. This was stuck together in the form of a cardboard, and the pieces were soaked apart, pasted on a placard and exhibited by The Montreal Star. The average house is, perhaps, not re-papered oftener than once a year, if it is that, and sometimes not nearly so often. A rough idea can be gathered from this of the age of the malodourous conglomeration removed by Mr. Potter's assistants. There are few tenement houses which do not change occupants quite a number of times in 20 years, and it takes a very slight effort of the imagination to picture the accumulation of dirt papered over with their imprisoned microbes and germs of disease. No doubt a great deal of sickness could be traced to this source if the truth were known, including most of the cases popularly attributed to colours in wallpaper. The matter has been brought prominently before some of the recent conventions of the trade, and we are pleased to note that the Master Painters' and Decorators' Association of Montreal are taking steps with a view to securing the passage of an act to compel the removal of all old wallpaper previous to hanging the new.

IT IS A PARASITE

That Causes Itching Scalp, Dandruff and Finally, Falling Hair.

The itching scalp, the falling hair and the dandruff that annoy are the work of a parasite hidden in the scalp. That parasite must be killed to cure dandruff; and the only preparation that will do that is Newbro's Herpicide. "Destroy the cause you remove the effect."

C. H. Reed, of Victor, Idaho, says: "Myself and wife had dandruff and falling hair several years. Two bottles of Newbro's Herpicide completely cured us, after several other preparations had failed to do good." Makes hair grow glossy and soft as silk. Hundreds of other testimonials just as strong.

Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. Ormond & Walsh, Special Agents.

ACTIVE WORKERS CALL TO MEET

A meeting of all the active workers of the Y.M.C.A. as well as all men in the city who are interested in the success of the mission to men next week, are asked to meet on Wednesday evening at 7.30 o'clock in the club room at the building. The male choir for the mission will be organized at 8 o'clock.

MR. FIFE LEAVES FOR EDMONTON

This morning Mr. J. A. Fife, B.A., late science master of the Peterborough Collegiate Institute, left for Edmonton, Alta., where he has accepted a position in the Collegiate Institute of that place. Mr. Fife's family will remain in the city for some time yet, but Mr. Fife had to be in Edmonton in time for the opening after the Easter vacation. The new capital of Alberta is attracting a great many of Ontario's most successful business and professional men.

Peterborough Banker In World's Metropolis

Mr. Frederick Taylor, Former Acting Manager of Local Branch Bank of Montreal—Now Managing London, England, Branch—His Rapid Rise—The Romance of Banking—Bank of Montreal's Palatial Offices.

The following exceedingly interesting article printed in "Canada" an excellent English publication, shows how Canadian enterprise and financial solidity are appreciated in the metropolis of the world. This sketch of "A Palace of Banking" is accompanied by portraits of Mr. Alex. Lang, the London manager and of Mr. "Fred." Taylor, acting manager of the London branch, who for some time was acting manager of the Bank of Montreal in Peterborough. In this article "Canada" says, from Abchurch Lane to Threadneedle architect's description will admirably Street, the home of banks and banking, was an inevitable step for the Bank of Montreal, the premier Bank of Canada and financial agents of the Dominion in London, to take for its foremost outpost. If only for the prestige of conducting its business within the shadow of the Mother of Banks, the step was justified. But the importance and increasing business of the London Branch of the bank have for a long time rendered the step necessary, and now that it is taken there will be few, we fancy, who will not be ready to recognize the wisdom of the choice of the bank's directors. For not only is the site of the new premises one of the finest in the city, but the premises, themselves, are a veritable Palace of Banking. A visit is really necessary to appreciate the handsome appearnce of the exterior, and the beautiful "furnishing" of the interior; but the serve the purpose to those who, in Canada and elsewhere, cannot see the buildings for themselves.

The entrance door is at the west end of Threadneedle street front, and leads through a lobby with double swing doors into the public vestibule, 14 feet wide and paved with marble slabs, which is continued along the north side of the Bank as a corridor 7 feet wide. A mahogany counter, with carved trusses and bronze grille, faces the vestibule and corridor for their entire length. Entering off this corridor on the north side of the Bank are the manager's room, assistant manager's room, and waiting room.

The bank is lighted in front by six large windows overlooking Threadneedle street, with the arms and name of the bank emblazed thereon. The walls of the bank are lined with a light green American marble, with a dado of petit antique, while the iron stanchions supporting the superstructure are cased with fluted columns of Tinos green marble with carved Ionic capitals of English alabaster. The ceiling and cornices are of plaster, the former being divided into compartments by pannelled ribs. The whole of the fittings are executed in Spanish mahogany. The Board room and visitors' room are approached by a passage leading from the end of the corridor mentioned above. Opposite the trade leading up to the first floor, which provides accommodation for the transfer and coupon department. The warming of the various offices and a clerk's luncheon room in the basement is efficiently carried out on the latest scientific principles.

Regarding the strong rooms, the bank, for obvious reasons, cannot permit a detailed description to be published, but we are informed that they have been constructed on the most modern Canadian and American lines, which —as is well known—are vastly superior to London methods of protection. It has been argued by many bankers in England that the elaborate burglar protection methods adopted in America are unnecessary here, owing to the perfect police system; but the bank of Montreal has left nothing to chance, and their strong rooms are said to be superior to practically any in Great Britain.

It is here, then, that after occupying several London homes since its establishment, in 1870, the London branch of the great Canadian bank will henceforward continue to carry on its business. The new building may be said to mark the 58th birthday of the foundation of the Bank.

An Unwritten Romance.

The Bank of Montreal was, as the Canadian commercial world need hardly be told, founded in May, 1817, to meet the financial outlook created by the war of 1812. Its history since then has not been without its periods of anxiety and gloom, but, on the whole, few if any banks can speak of a record of such remarkable growth and prosperity. Fortunately or unfortunately the history of a bank as the world would like to read it, and as, perhaps, even its own originators would like to remember it—the secret history of a bank—is one of those romances which is never written. It seems to be thought that the mere mention of the word romance is to introduce an unstaple and undesirable element in its, apparently, severely staid and mathematical existence. Yet that few human institutions have had more romance in their "lives" than a first-class bank is one of those facts which no one who reads history, and knows that there is a vital aorta or connection of interests between a nation's politics and a nation's banking, need be told. It is not generally known, but it is an unquestionable fact that none of the King's Ministers decide upon any important international or colonial business before taking counsel with a few of the leading magnates of the banking world; and the writer well remembers that during the regime of the late Government, a great banker, whose name is a household word, might have been seen entering 10, Downing street, to see the Premier, or his principal private secretary, immediately before or immediately after every meeting of the Cabinet. In the absence of any details of the romance, therefore, we must confine ourselves to a few details of a more prosaic character.

The Personnel of the Institution.

Of the presidents and general managers of the Bank it is impossible here to write in detail. Their names may be said to be wrapt up with the life of Canada itself. John Gray, Samuel Gerrard, Horatio Gates, the Hon. John Molson, the Hon. Peter McGill, T. B. Anderson, E. H. King, David Torrance, Lord Mount-Stephen, C. F. Smithers, Lord Strathcona and Sir George Drummond—the present eminent president—these names are household words. The bank has been no less fortunate in its general managers, many of whom have, as the above list of names will call to mind, risen from minor appointments in the bank to the presidency; and to that list we have but to add the names of Mr. David Davidson, Mr. R. B. Angus, Mr. W. J. Buchanan, and Mr. E. S. Clouston. The last named, the present incumbent and vice-president, is recognized as Canada's greatest banker.

The Bank's London Representatives.

Branch banking has been said to be a feature of Canadian finance, and if this is so, its success can only be attributed to the able way in which the Bank of Montreal, foremost among Canadian banks, has been represented at the various centres of the world's financial operations. In London, the Bank of Montreal, has for eleven years been represented with eminent distinction by Mr. Alexander Lang. Mr. Lang came to London in 1893 in succession to Mr. Caldwell Ambworth, bringing with him an unrivalled experience as a servant of the Bank of Montreal, gained in New York, and elsewhere. Unhappily, Mr. Lang—entirely owing to the untiring way in which he had devoted himself to the interests of the Bank, and hardly less of the Dominion generally—has been for ten months absent from the post of duty owing to a breakdown. He has the best wishes of everyone for his speedy recovery and return to business. Meanwhile, it would be difficult to find a worthier substitute to fill Mr. Lang's place than the present acting manager, Mr. Frederick W. Taylor.

Mr. Taylor has been in the service of the Bank since 1873. He still retains the title of assistant inspector at Head Office, and prior to coming to London was acting manager of the branch at Chicago and has filled various important posts at the Canadian branches, including the Montreal Bank in Peterborough, Ontario. On his many visits of inspection to every city and town of importance, he has had opportunities of acquiring a personal and intimate knowledge, not only of the business of Canada, but an acquaintance with its prominent men, which is afforded to few individuals. A man of calm, confident strength, of proved capacity, courteous of manner, and, withal, a very young man for so responsible a position as that which he now holds, Mr. Taylor's future is still before him.

The Bank of Montreal is particularly fortunate in its selection of gentlemen forming its London committee, of whom the most notable are Lord Strathcona and Mr. Thomas Skinner. The qualifications of the former are too well known to be dwelt upon, and Mr. Skinner's close connection with Canadian financial and business matters in London makes him an invaluable adviser.

Easter Note Paper.

—The Peterborough Bookstore can supply you with Easter note paper, appropriately designed for sending out Easter greetings, etc. This is a dainty white fabric paper, packed in a dainty box with envelopes to match. Price 15, 25, 50c, up to $1 and $1.25. A. H. Stratton & Co.

LATE JAS. FAIR'S FUNERAL LARGE

The funeral of the late Mr. James Fair, which took place on Sunday from his late residence, con. 1, Cavan, was very largely attended, a great many of the deceased's former friends uniting to pay their last respects to his memory. The services was conducted at the house and the grave by the rector, Rev. W. C. Allen, of Millbrook, and interment took place at St. Paul's cemetery, near Millbrook. Six nephews of deceased acted as pall-bearers, among them being Mr. W. F. Allen, of Bowmanville.

Tortures of Itching Piles.

"I had tried very many so-called cures for piles, and can truthfully say that there is no remedy on the face of the earth like Dr. Chase's Ointment, for it has entirely cured me. I would not be without it for any amount of money, and can heartily recommend it to all sufferers."—Mr. John Harvey, Mayor of Arnprior, Ont.

CELEBRATED HIS 80TH BIRTHDAY

Mr. Clarke, the venerable caretaker of the Albany Club rooms, on Sunday celebrated his 80th birthday, and was the recipient of many hearty congratulations from the members of the Club, and his other friends in the city, with all of whom he is very popular.

BABY'S OWN SOAP.

Keeps Baby's Skin and his mother's also, whiter, softer and more fragrant at less expense than any other soap will. It is absolutely pure.

PERSONAL MENTION

Mr. John Dwyer, left to-day for Haliburton.

Mr. W. Bundon returned yesterday from Toronto.

Mr. John Hogan left for Rochester, N.Y., this morning.

Mr. Wm. Patterson, Belleville, is registered at the Snowdon House.

Mrs. (Dr.) Mather and Miss Ada, of Tweed, were in the city yesterday.

Mrs. W. Crawford and children of Medicine Hat, Alberta, are visiting Mr. and Mrs. S. Edwards.

Miss Eileen Fair, who has been visiting in Millbrook for the past three weeks, returned home yesterday.

Mr. Wm. Bibby, of St. Thomas, who has been visiting his brother, Mr. N. Bibby, Lake street, returned home yesterday.

Mr. Albert Dredge left this morning for Canmore, Alta., to join his brother, Mr. Harry Dredge, who has resided there for over 14 years.

Master Donald Hamilton, son of Mr. T. H. Hamilton, of the Canada Oil Company, Toronto, who has been very ill for the past few days at the residence of Mr. John Kincaid, is much improved in health to-day.

CITY NEWS OF TO-DAY

Men.

—Reserve next week for the Mission to Men in the Y.M.C.A.

Piano Tuning.

—Piano tuning promptly attended to. Satisfaction guaranteed. A. F. Hoover, 222 McDonel street. 'Phone 190.

Music and Gaiety.

—A combination of music and gaiety that pleases the eye and ear and delights all the senses, in the Office Boy.

Illustrated Lecture.

—To-night Rev. William Major will give his illustrated lecture on "Scenes in the Old Land," at All Saints' church.

Frank Deshon.

—Feamk Deshon in "The Office Boy" has a part that fits him like the provenbial glove; he is seen at his best.—Cincinnati Enquirer.

The Pittsburg Post.

Frank Deahon made an unqualified hit at the Alvin last night in Smith & Englander's musical comedy, "The Office Boy."—Pittsburg Post.

Send For the Specialist.

—When the family physician and other doctors fail send for the specialist. It is the last hope, and can be relied on, namely, Dr. Roscoe's Rheumatic Remedy. 60d

New Mouldings.

—The new designs in mouldings have arrived at "The Framery," 326 George street. Orders for picture frames can be executed promptly. A full stock of artists' materials.

Must You Buy a New Suit?

—Send last season's garments to "My Valet" before you decide. Wesley is a wizard at putting a new face on clothes that have been worn. 338 1-2 George street. 'Phone 578.

New Picture Framery.

—136 Hunter street, two doors west the post office. Mouldings, mattings, British plate mirrors sold; show cases manufactured. Fine work at reasonable prices.

Now for "The Office Boy."

—Production exceptionally good. The girls are pretty, as were their costumes, and seldom during the season is a chorus of more volume and balance heard here.—Journal, Richmond, Va.

The Press.

—Mr. Deahon's pleasing personality and unquestionable talent and abilities suited the title role most successfully. The experiment of stanring him in "The Office Boy" was justified.—Press.

Better Than Cobalt.

—Cobalt silver is all the rage now, but $1.00 a share is a poor proposition for great and immediate results as compared to $1.00 for a bottle of Dr. Roscoe's Rheumatic Remedy, which gives quick and sure results. All druggists. 3eod

The New one is Silent.

—Mr. Fred A. Clarke, the prominent George street hatter and furrier, has installed a new silent salesman in his store. The contrast between Mr. Clarke, his genial clerk, Mr. N. McWilliams, and the new "salesmen," is very marked.

Off to Cobalt.

—Mr. Robt. Reid of Bobcaygeon, left on Tuesday morning for a trip to Cobalt, to see what is going on. Being accustomed to the woods, and well able to look after himself, he took a tent and a camp stove with him so that no matter how crowded the town may be he will be all right.

For the Last Days of Lent.

We have secured a supply of delicious salmon trout, white fish, sea salmon, fresh haddock, maskerel and halibut. These are all fresh caught and prime. Fresh caught salmon trout is likely to be scarce, but we have secured ahead what we believe will be a sufficient supply. S. A. OKE, 376 George street. Bell telephone, 18 ;Machine telephone 18.

Second Battalion Drill To-night

Col. Miller Expects a Large Turn-out at the Drill Hall.

The second squad drill of the season will be held to-night in the drill shed. At last week's initial drill 250 were mustered in the hall which was the best showing the Peterborough Rangers have ever made at the first turn-out of the season. To-night Col. Miller expects even better results as the recruits are rapidly enlisting. By the first of May he considers the ranks will be filled up. This is much earlier than last year and the Colonel is much pleased over the increased interest in the work of the battalion. Providing weather permits the first march-out of the season will be held at the last drill of the present month.

Easter Holiday rates via Canadian Pacific Railway, single fare for round trip, good going April 12, 13, 14, 15 and 16, returning April 17. Commencing May 6th, 1906, a double daily express service will be resumed between Montreal and Vancouver. Further details later. Now is the time to book passages to Great Britain and Europe. Prepaid tickets to bring out your friends. For tickets and all information see W. Melhroy, City Passenger Agent, Canadian Pacific Railway, 343 George street. 3d85

One person in five in Peterborough has his food cooked on a Happy Thought Range. It is the People's Favourite. We sell them every day but Sunday.

THE BEST STOVE CO

PETERBOROUGH'S BILL WAS NOT CONSIDERED

A despatch from Toronto this afternoon states that the city's bill, which was to have been considered by the Private Bills Committee of the Legislature this morning, did not come up, and the representatives of the city will remain over until to-morrow, when it will come up for consideration.

COAL BARON ROBBINS VISITS PETERBOROUGH

It may not be generally known that the Mr. Robbins, the coal baron, whose name is frequently mentioned in the press despatches, in connection with the coal strike, has been a frequent visitor to Peterborough, and in fact owns a summer cottage at Jack's Lake, north of Mount Julian. Mr. Robbins is also credited with having made a considerable purchase of land in that vicinity, but with what object is not known.

OPPOSITION FROM THE NORTH MONAGHAN COUNCIL

At the meeting of the North Monaghan Council yesterday Ald. McWilliams and Duncan were present, and explained the city's proposal to annex the Sugar Company's property. Strong opposition was offered by the Township Council, who argued that all the property should be taken in. The matter was left in the hands of the Committee of the Whole, who will confer with the Peterborough Council on Thursday afternoon in the City Council Chambers. The whole subject will be thoroughly gone into at the meeting.

BACK TO THE WOODS FOR THE RIVER DRIVERS

A large number of lumber-jacks left this morning to bring down the drives. The Dickson Company sent thirty-five or forty men to-day, and numerous others were sent out by other companies. The exodus will continue all this week. The Dickson Company expect to have 200 men in all.

SEEKING HOMES IN THE NORTHWEST

The number of people going to the West on the Tuesday C. P. R. homeseekers' excursions, is growing smaller. Those leaving for the West, desire to reach the promised land in March, if possible, and the greatest rush takes place in that month.

People are, however, going out daily. Among those who left this morning were Alberta E. Dredge, for Canmore, Alberta, and Arthur Franks, Moosejaw, Sask.

MR. JOHN KINCAID SERIOUSLY ILL

Mr. John Kincaid's many friends will learn with regret of his serious illness. It appears that this morning he attempted to rise at his usual time, but was unable to do so. A physician was called, who pronounced his condition somewhat serious.

—The Nordheimer piano is the standard high grade piano of Canada. See one at H. H. Dinsmore's.

Salesman For Cereal Company

Mr. W. H. Cavanah Will go on the Roard for Quaker Oats Firm.

Mr. W. H. Cavanah, of the American Cereal Company's warehouse staff, has been promoted to a position as travelling salesman, and will go on the road on Monday next. His territory will be the Eastern part of Ontario. Mr. Cavanah's friends will congratulate him on his promotion, although his enforced absence from the city will be regretted.

TENNYSON'S PLAYS WAS THE SUBJECT

While the attendance at the Literary Meeting under the auspices of the Presbyterian Guild of St. Paul's church last night, was not large, yet those who braved the inclement weather were more than compensated by the excellence of the programme.

Mrs. R. F. McWilliams read a splendid paper on "The Plays of Tennyson," which was listened to with close attention. It was interspersed with readings from his plays. A hearty vote of thanks was passed to Mrs. McWilliams at the conclusion of the paper.

Mechanics, Farmers, Sportsmen

To heal and soften the skin and remove grease, oil and rust stains, paint and earth, etc., use The "Master Mechanic's" Tar Soap. Albert Toilet

Orders will also be taken for the delivery of same by the Week, Month or Year.

CENTRAL MILLING CO. ANNUAL MEETING

The annual meeting of the directors and shareholders of the Central Milling Company was held this afternoon in the Foresters' Hall, Simcoe street. There were about 50 present. At the time of going to press the various reports were being received.

BIRTH.

FORSYTHE—On Sunday, April 8th, 1906, at 444 Dalhousie Terrace, Peterborough, the wife of Wm. Forsythe of a daughter.

CITY'S DEPUTATION TO TORONTO

The city's bill, which was to come before the Private Bill Committee of the Legislature to-day, was supported by a deputation composed of His Worship Mayor Best, Ald. McWilliams, chairman of the Legislative Committee, Ald. Adams and City Solicitor R. H. D. Hall. Mr. James Kendry and Mr. John Carnegie, are also in Toronto in the interests of the power clauses of the bill.

The two most important clauses that will be considered are those relating to the annexation of the Sugar Company property, and the request of the city for the right to acquire and develop power.

This second clause was opposed by the Peterborough Light and Power Company, who were represented to-day by Mr. J. H. Larmonth, manager, and Mr. R. M. Dennistoun, solicitor of the company.

More Light On The York Loan And Its Methods

Most of Teamster's Profit Arranged to Go to Miss Hudson.

SOME MORE FACTS ELICITED

Once There Was $100 to Divide of Which Thomas Clark Retained One-Third and Balance Was Handed Over — Toronto Life Insurance Co., According to Crown Attorney, Founded on York Loan.

Toronto, April 10.—Yesterday's evidence in the Phillips' conspiracy case was not of a remarkably exciting character.

Miss Alexander said she was in the employ of the York County Loan for nearly three years. Phillips started The National Monthly in June, 1902. At that time witness was in the pay of the York County Loan from June, 1902, until March, 1905, but she had worked for The National Monthly. Her work for the York Loan was not considerable.

Witness said she had also worked for The Canadian Home, under instructions of Phillips.

"Could you tell me the amounts spent by the York County Loan in advertising in The Canadian Home?"

"I could not say." Witness added that E. J. Burt brought in the advertisements. She did not know what Miss Lillian Hudson did. Witness knew nothing concerning the expenditures.

Divided the Profits.

Thomas Clark, teamster, said he had advances of money from the York Loan. He thought $2,950 in all. He entered the employment of the York County Loan.

"What did you do before you had any connection with the York County Loan?"

"I had a team and wagon. I went to work for the York County Loan four years ago. The first advance to me was $400 in cash. I got the other sums in cash. I bought horses and wagons with the money and worked them at the York Loan and the Southern Light."

He added that he had not done much work outside these companies. He sometimes drove the Misses Hudson down town in a buggy. He rendered the bills to the York County for the work done. Witness had given no security for his loan. He had charged 4 1-2 dollars per day for team and men. For the work done to the Southern Light he rendered the account to an employe of the York County. Witness paid two-thirds of the profits made to Miss Lillian Hudson, by arrangement with Phillips. He retained the other third. After he had reckoned his expenses and retained the $15 a week due to him, he handed over the balance to Miss Hudson.

Witness added that his teams were not always all working, but the magistrate reminded him that he could not have afforded to keep the horses idle in the stables.

"When your teams were working what were the division of profits about?" asked Crown Attorney Curry.

"Sometimes there would be a profit of $50 or $60. Once there was $100 profit made."

"You got a third?"

"Yes." Witness admitted that he had been instructed by the York Loan to buy horses and wagons. He admitted that he did not think the money advanced was a loan at the time.

"Did you not tell Detective Twigg that you said you would not sign anything?"

"No." He added that the interest on the loan had been fixed at 6 per cent.

An Energetic Agent.

The next witness was a man named Broadhurst, who said that he was now in the employ of the Sun Life about two months. Prior to that he had been in the employ of the York County Loan.

He had originally received a bonus of $6 a week for writing 10 shares a week. He also received commissions, so that he got on an average $15 a week in all. When he was an inspector he sold National Monthlies and Canadian Homes, and he had also sold a Lisat piano, on which he got 15 per cent. commission.

He had written from $3,000 to $5,000 of life assurance on the average a week, out of the city as well as in it.

More Terrible Than War!

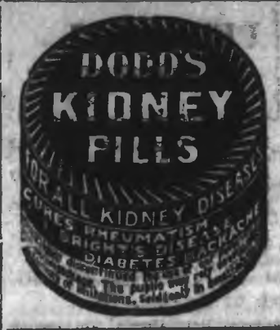
More terrible than war, famine or pestilence is that awful destroyer, that hydra-headed monster, Consumption, that annually sweeps away more of earth's inhabitants than any other single disease known to the human race.

"It is only a cold, a trifling cough," say the careless, as the irritation upon the delicate mucous membrane causes them to hack away with an irritable tickling of the throat. When the irritation settles on the mucous surface of the throat, a cough is the result. To prevent Bronchitis or Consumption of the Lungs, do not neglect a cough however slight as the irritation spreading throughout the delicate lining of the sensitive air passages soon leads to fatal results. If on the first appearance of a cough or cold you would take a few doses of

Dr. Wood's Norway Pine Syrup

you would save yourself a great deal of unnecessary suffering. Dr. Wood's Norway Pine Syrup contains all the life-giving properties of the pine trees of Norway, and for Asthma, Croup, Whooping Cough and all Throat and Lung affections it is a specific. Be sure when you ask for Dr. Wood's Norway Pine Syrup to get it. Don't be humbugged into taking something else. Price 25 cts.

Miss Lena Johnston, Toledo, Ont., writes: "I have used Dr. Wood's Norway Pine Syrup for throat trouble after taking numerous other remedies, and I must say that nothing can take the place of it. I would not be without a bottle of it in the house."



and his expenses were paid by the York Loan. But he had been able to do business for the York Loan as well.

"But you could not do it at the same time."

"I could do it on the same day," said witness.

"What would your expenses be on the road?"

"About a dollar and a half per day for hotels and traveling expenses."

"York County Loan pay them?"

"Yes."

Witness had subscribed for stock in the Toronto Life on Mr. Phillips' suggestion. He paid $629,77 for 10 shares.

J. E. Jones contended that stock had nothing to do with Phillips.

Crown Attorney Curry claimed that he had a right to ask the question, as he contended that Toronto Life was started by the employes of the York Loan, from the president downward, out of the moneys of the York Loan.

Magistrate Denison said that Mr. Curry had to prove his contentions by asking questions.

The case was adjourned until this morning.

The argument to make permanent the interim injunctions against the holders of Toronto Life stock obtained by the National Trust Co., liquidator of the York Loan, has been adjourned by Judge Mabee till April 18.

Five Per Cent Dominion Must Pay The Province

Province Entitled to Former Rate On School Funds.

THE JUDICIAL DECISION

But Dominion Government May Pay Off the Principal at Any Time If It So Desires—Amount Involved Is $1,910,000—Province May Appeal to Supreme Court and Privy Council — Local Court Judges.

Toronto, April 10.—In the Ontario Legislature yesterday afternoon Hon. Mr. Matheson announced that in the case of the province against the Dominion, claiming that interest was payable on the trust funds, other than the commond school funds, about which there was no dispute, at 5 per cent., instead of the 4 per cent. now paid, Mr. Justice Burbidge of the Exchequer Court had given judgment that the rate payable was 5 per cent., and cannot be reduced without the assent of the province. Mr. Justice Burbidge, however, held that the Dominion can discharge and pay off the principal sum of $1,910,000 at any time. On the last point the province, added Hon. Mr. Matheson, would probably appeal. The capital sum is made up of the general school fund, the Upper Canada building fund and the land improvement fund. Five per cent. has been paid on the amount since Confederation, but in the last year of the Ross administration the Dominion Government notified the province that they would pay only 4 per cent. and last year's payment was made at that rate. The late Government at once instituted proceedings, of which Justice Burbidge's decision is the result. One per cent. difference in the rate means $19,100 a year reduction in the provincial revenue. Reinvestment at 3 1-2 per cent. would means an annual loss of $20,650 to the province.

Third Readings.

The session lasted about an hour, during which the following bills, all of which have been previously explained, were read a third time.

Mr. Cochrane—Respecting the Department of Lands, Forests and Mines.

Mr. Cochrane—To amend the act to preserve the forests from destruction by fire.

Mr. Preston (Durham)—Respecting the United Counties of Northumberland and Durham.

Mr. Calder—Respecting the Town of Oshawa.

Mr. Lennox—To authorize the Law Society of Upper Canada to admit Henry Ernest Redman to practice as a barrister.

Mr. McCowan—To authorize the Law Society of Upper Canada to permit George Macgregor Gardiner to practice as a barrister.

Mr. Crawford—Respecting the Anglo-American Fire Insurance Co.

Mr. Preston (Durham) — Respecting the Village of Campbellford.

Mr. Lucas—Respecting the Town of Thornbury and the Township of Collingwood.

Local Court Judges.

On the second reading of Mr. Clark's (Bruce) bill to amend the local courts acts, providing for two judges only in Haldimand, Wentworth, Middlesex and York, and in counties having towns of over 20,000 population, Hon. Mr. Ross hoped that the bill would be carefully considered in committee.

Mr. Lucas withdrew his measure respecting telephone companies in Ontario. The reforms he aimed to secure under the bill would be largely brought about by the action of the Dominion Government in placing the regulation of telephones under the jurisdiction of the Railway Commission. He suggested that, as far as possible, the railway and municipal board to be created by the Provincial Government should exercise control over telephones in Ontario.

Mr. Lennox's bill to regulate the speed and operation of motor vehicles on highways was read a second time and referred to the Municipal Committee.

The House concurred in such items of the estimates as have been passed in Committee on Supply.

Is Reaching Hundreds Of The Villagers

Vesuvius Eruption's Dead and Injured List.

ASHES ARE AS BAD AS LAVA

150,000 Refugees From the Villages Pour Into Naples—Graphic Description of the Destruction of Boscotrecase, a Community of 10,000 People, Told by An Eye-Witness—Ashes Destroy a Village.

Naples, April 10.—According to information received late to-night, probably as many as 500 lives were lost. It is said that more than 200 persons in the district of San Guiseppe perished while from the ruins of a church, which collapsed owing to the weight of ashes on the roof, forty-nine corpses were extricated. It is asserted that at San Guiseppe thirty-seven persons were killed by falling houses.

Ashes are still falling in great quantities.

Ashes Crush San Guiseppe.

Yesterday was a day of terror for the cities, towns and country about Mount Vesuvius. Unconfirmed reports place the number of dead and injured at several hundred, but not many facts can be obtained upon which to base an accurate estimate. At midnight the situation appears more assuring, the lava streams having diminished in volume, and in some directions having stopped altogether, while copious rainfall is cooling the lava where it lies stationary.

Almost equally with the devastation wrought by the lava is the damage done by cinders and ashes, which in incredible quantities have been carried great distances. This has caused the practical destruction of San Guiseppe, a village of 6,000 inhabitants. All but 200 people had fled from the village, and these assembled in the church to attend mass. While the priest was performing his sacred office the roof fell, and about 60 persons were badly injured.

150,000 Refuges in Naples.

The shower of ashes ceased to fall over Naples for a time yesterday morning, but began again later in the day. There are 150,000 refugees gathered in this city. When the last train was leaving Boscotrecase, a fresh crater opened near the station. The refugees from Ottajane say five houses and five churches collapsed from the wave of ashes. An excursion steamer attempting to reach Naples from the island of Capri, had to return as the passengers were being suffocated by the cinders.

In an interview with Lieut. Ciarrocai, commanding a detachment of troops, who witnessed the destruction of Boscotrecase as a result of the eruption of Mount Vesuvius, the lieutenant is quoted as follows:

A Story of the Day.

"All was quiet in the town just before its destruction, the people believing that they were safe from the stream of lava, but after midnight terrific rumblings were heard, followed by violent earth shocks, which shattered the windows and cracked the walls. The lava then began flowing from Mount Ciramella near where a fresh fissure opened a few days ago. A wild panic ensued, the people rushing about in the streets, shrieking with terror. The Ciramella crater was by that time hurling forth masses of incandescent rock and a current of fire was sweeping down the mountain with terrific speed, flowing in two streams. One of them, 200 yards broad, was moving towards the centre of the town.

"The population fled in terror to Torre Annunziata, while the soldiers visited the houses in order to see that all the inhabitants escaped. In so doing they rescued several bedridden people who had been left behind by their terrified relatives. Indescribable scenes of panic were witnessed.

"The people seemed to have lost all control over themselves. The town was hardly evacuated when a river of fire invaded the houses, and soon afterwards Boscotrecase seemed to be enveloped in flames. After passing Boscotrecase the two small streams flowed to Torre Annunziata."

A TWO-FOR-ONE-SHOT.

When you use Ozone use "Celery King" with it. Whatever kind of Ozone you buy you will need to use "Celery King" which is a companion remedy to Ozone.

The purest form of Ozone is "Solution of Ozone (the coupon kind.)" Each bottle contains about twice as much for your money as other brands, besides which each bottle contains a coupon entitling you to a package of 'Celery King' free. This is a great advantage as you save money on the Ozone and also get the "Celery King" which you would otherwise have to buy.

No other brand of Ozone contains these coupons. 'Solution of Ozone (the coupon kind)' is fifty cents and one dollar at your drug store including the coupon for the package of "Celery King." Take no other kind and if your druggist does not carry it write to the Public Drug Co., Bridgeburg, Ont. Sold by W. B. WARNE. 11

How Red Rose Tea is Grown

TEA is a native plant of Northern India. Transplanted to Ceylon it lost much of its strength and richness, but gained in fragrance and delicacy.

That is why Ceylon tea is not a strong tea.

That is why I blend Indian and Ceylon teas together—that is how the strength and richness, fragrance and delicacy of Red Rose Tea are secured—that is why Red Rose Tea has that "rich fruity flavor."

Red Rose Tea is good Tea

The City League Banquet

---TO CHARLOTTE STREET TEAM---

Was A Brilliant Affair

Over Fifty Guests Were Present--City League Trophy Presented to the Champions--A Lengthy Toast List--President F. A. Clarke the Toastmaster--Pleasing Solos Rendered--Dainty Refreshments.

THE CHAMPIONS

B. LANG, Goal.
F. RODDY, Point.
I. D. MOORE, Cover Point.
G. NICHOL, Rover (Capt.)
B. DUSTY, Left Wing.
W. GROSE, Right Wing.
W. MILLER, Centre.

Greater success could not have been associated with any event, than that which attended the City League Banquet to the City League Champions in McCallum's restaurant last night. The Charlotte street Guild Hockey team, the winners of the League, were tendered the well-merited honour, and an honour which, in all modesty, they may well feel proud of. They have conducted themselves during the season both in and out of the games like true gentlemen sports and there was not one word of reproof passed against them last night by the gentlemen upon whom the duty of presenting and responding to the toasts was involved.

Charlotte street have not only won honour in the great national winter game, but also on the diamond, they have demonstrated their prowess and they have excellent reason to be congratulated for the prominence which they have gained in the sporting line. Probably in no small measure their success was due to the systematic way in which the team was managed. Wherever on the ice one of their seven appeared for a game, the other six were there also, each, as the season advanced becoming more accustomed to his colleagues so that at the close they were able to finish with a grand finale and emerge victorious. In no small degree also was the command which Capt. Nichol exercised over his team throughout the season, due to landing of the championship.

The fact that a trophy was up for competition made the games all the more keenly contested. To Fred A. Clarke, the President, whose untiring labour has made the City League such a success, a great deal of credit must be given. Also Mr. Clarke's efficient colleagues in office, M. J. Maher, I. D. Moore and C. Wilson, deserve their share for their prompt assistance whenever called upon. The executive committee of the League was composed of W. J. Metheral, (Suicides,) N. C. McWilliams, (Charlotte Street,) M. J. Quigley, (Suburbs,) H. P. Morgan, (High Lifes,) and L. M. Watson, (Bankers,) all good sports who put their shoulder to the wheel and aided much in increasing the interest taken in the different games in the City League throughout the hockey season. Not only were the City League champions present last night at the brilliant affair, but also the O.

EXAMINER CUP
Presented Last Night to the Charlotte Street Hockey Team.

H. A. Intermediate champions, or, at least, the greater number of them. The names and the title they bear were by no means forgotten and were given ovations whenever referred to. In fact probably no banquet hall ever before in Peterborough contained more well known hockeyists as did McCallum's last night. The three hours spent there in refreshments and listening to songs and speeches could not have passed more pleasantly.

Over fifty guests in all sat down to supper before the daintily spread festive board of Mine Host McCallum. The tables were most artistically decorated with the hyacinthe, the azalia and the carnation as well as covered with an abundance of good things to eat.

The guests present at the banquet were the following:—

Hon. J. R. Stratton, Fred A. Clarke, W Mollroy, N. McWilliams, G H Van-Blaricom, C Wilson, E Clarry, W Weatherson, L Dineen, R Walker, A Weatherson, I Moore C. Delaney, W Crowley, H Morgan, F Whitcroft, E Wasson, C Graham, J Squires, M Moore, F Boy, A Weeks, J O Baldwin, B Dusty, W Grose, W Miller, B Lang, F Roddy, G Nichol, C Carr, G Coughlin, E Dillon, W Cavanah, J Thirnbeck, A Blad, A Mann, J Gilman, W Flannery, I. Watson, Easton, H Walkey, C Curtis, B Green, G Campbell, T McGrath, H McMillan, H Sawyers, J Browne, D Quinlan, R Hall, E Ford, H Lang, W Rose, W Maher, G Wood, J Sheridan.

The Toast List.

At the conclusion of the supper, the President, Mr. Clarke, who acted as toast master, proposed the toast to the "King" which received its due recognition, together with three hearty cheers. Mr. McIlroy responded to the call for a solo, and the assembled guests enjoyed a treat.

In introducing Hon. Mr. Stratton, who proposed the toast to the winners of the City Hockey League, and who presented them with the trophy, the President thanked him for the interest he had taken in hockey, shown by the donation of the cup for competition. He attributed the success of the league to Mr. Stratton, as the trophy was the cause of so much enthusiasm during the past season.

Hon. Mr. Stratton in proposing the toast to the champions, expressed his appreciation of the honour conferred upon him by the City Hockey League in asking him to present the cup. He deemed it a pleasure to award it to the winners who so successfully and manfully had worked for the honours. The City League had been a thriving one and he had no doubt as to the future success of the work the league had been endeavouring to do in the city. In days gone by the sports were of a very different character from those of the present. The young men are now taking hold of them with greater energy and he was glad to see so many of these young men in this city.

Various teams had keenly competed for the City League championship, yet some one must win and as Charlotte street was the seven to whom the honour was due it gave him a great deal of pleasure to present the cup to them and at the same time wished the Club every success in years to come.

Mr. Ira D. Moore, on behalf of the Charlotte street team, accepted the trophy thanking Mr. Stratton for the donation of it. It was the second they had recently won and would in the future endeavour to retain it. On behalf of the boys he also thanked the League for the great reception they had been tendered by the banquet. He was much pleased with the friendly manner with which his club had been treated by the others in the league and was certain that the same friendly relations would always exist.

After the health of the champions was drunk, Mr. J. Browne rendered in his usual excellent style "My Wild Irish Rose," the guests joining in the chorus.

The toast to the Intermediate Champions of Ontario was proposed by Mr. McIlroy in a brief, but most appropriate address. The Peterborough hockey team had a record during the past year unprecedented and worthy of special consideration. They had always emerged victors even in the All Star game in Toronto, at which he was present and which was one that gave the boys a record they might well feel proud of. He proposed three cheers and the health to the O.H.A. champions.

This was responded to by Mr. E. W. Wasson, who on behalf of the Peterboroughs thanked the Club for the way in which they had been honoured. He also added his congratulations to the Charlotte Street Guild for their well deserved victory, as they played good clean hockey and won on their merits.

Mr. Hague Sawyers was next heard with much appreciation in a solo and was followed by the health of the President of the League, proposed by Capt. Fred Whitcroft, and the singing of "For he's a Jolly, Good Fellow."

Mr. Clarke replied by thanking the company for their appreciation of his services and the kind words of the Peterborough's captain.

The important office of presenting the toast to the Ladies was given to Mr. E. S. Clarry, who performed his work perfectly. Mr. Clarry first congratulated the Charlotte street team on their excellent work, during the season. He considered that their success was principally due to the fact that they were a church team and had the prayers of the congregation for their welfare and were also encouraged by the young ladies of the church, to whom was attributed a potent assistance.

After singing "Just One Girl" Mr. W. Crowley replied in an appreciated humourous vein to the toast.

Mr. Jas. Browne then favoured the company with another solo which elicited a spirited applause.

Mr. Chris. Graham proposed the toast to the press by referring to the necessity of it in the propogation of sport and the power wielded in the maintenance of clean sport. The toast was responded to by the representatives present.

The guests arose amid the fragrant blue haze of "My Lady Nicotine" and the brilliant event was concluded by the singing of God Save the King.

IF WOMEN ONLY KNEW

Thousands of women suffer untold miseries every day with aching backs that really have no business to ache. A woman's back wasn't made to ache. Under ordinary conditions it ought to be strong and ready to help her bear the burdens of life.

It is hard to do housework with an aching back. Hours of misery at leisure or at work. If women only knew the cause. Backache comes from sick kidneys, and what a lot of trouble sick kidneys cause in the world.

But they can't help it. If more work is put on them than they can stand it's not to be wondered that they get out of order. Backache is simply their cry for help.

DOAN'S KIDNEY PILLS

will help you. They're helping sick, overworked kidneys—all over the world—making them strong, healthy and vigorous. Mrs. P. Ryan, Douglas, Ont., writes: "For over five months I was troubled with lame back and was unable to move without help. I tried all kinds of plasters and liniments but they were no use. At last I heard tell of Doan's Kidney Pills and after I had used three-quarters of the box my back was as strong and well as ever."

Price 50 cents per box or three boxes for $1.25, all dealers or The Doan Kidney Pill Co., Toronto, Ont.

THE SHAREHOLDERS ANNUAL MEETING

The annual meeting of the Peterborough Hockey Club, Limited, will be held to-morrow night at 8 o'clock in the City Council Chamber, when the report of the Board of Directors will be received, the election of new directors take place and other business will be transacted. All the shareholders of the Company are entitled to a vote at the annual meeting.

BASEBALL

Galt beat the Torontos on Saturday by 6-5. Yebbie Flaherty pitched the first three innings for the Canadian League champions holding the Pros down to four hits and four runs. He was not in shape, however, and was replaced by Urbach, one of Toronto's newly recruited south paws.

• • • •

The baseball club will meet to-night at the Oriental at eight o'clock, sharp.

TURF.

Colling and Tight, Columbus, Ohio, have written Mr. A. Rountree, asking for the priveleges rate of the Peterborough Turf Club's races to be held on May 24th, and also for information concerning later race dates. The Turf Club does a lot to advertise Peterborough.

• • • •

It's about time the horsemen were commencing to get their animals into shape for the Peterborough Turf Club's races on the 24th of May. The entries for the names close on the first of May.

• • • •

There will be plenty of horses here this summer. Power's string of steppers should furnish the rail birds with enough conversation to keep them going for a while.

• • • •

If the turf club keeps up its good work there won't be a better racing town on the map in a few years. The Turf Club has done more for good organized racing than all the other associations in the burg has done since the day Christopher Columbus claimed the plot of ground on this side of the Atlantic for the King of Spain.

CARD OF THANKS

PETERBOROUGH, Mar. 26, 1906

Messrs Davis-Thompson Co., Limited,
Peterborough, Ontario.

GENTLEMEN,—

I beg to acknowledge receipt to-day of cheque for $30 00 from the "Imperial Guarantee & Accident Insurance Company," in full settlement of my claim during the time I was unable to carry on Evangelistic work, owing to an accident received in a Dentist's chair, which caused ulceration of tooth and swelling of jaw.

I must express my appreciation of, and thanks to your Company, for the exceedingly prompt and satisfactory settlement of this claim, the cheque having been returned by first mail, after completion of claim paper.

Notwithstanding all that is said in the Press about Insurance generally, yet personally, from your treatment in my case, I take pleasure in heartily commending your Company to the Public.

Yours truly,
(Sgd.) H. D. KENNEDY

THE IMPERIAL LIFE ASSURANCE COMPANY
OF CANADA

MUSIC AND DRAMA

"VIRGINIUS."

The great Roman drama, "Virginius," will be presented at the Grand on Friday evening with Louis James playing the chief role. Shakspere, the supreme genius, who symbolizes in the loftiest degree the power and splendour of dramatic literature, never penned a more beautiful theme or focused a more accurate reflection of the combat between the conflicting elements in human nature than did James Sheridan Knowles when he gave to the world his masterly drama of "The Roman Father, Virginius." Here he displayed the work of a genius, both for his breadth and intensity of tragic power, combined with his accuracy in attaining dramatic results, as well as the splendid language he puts into the mouths of his characters, and while the drama is but a narrative of an actual occurrence that is chronicled in 451 B.C., yet he has so deftly woven his historic theme in the modern loom of stage craft that he has succeeded in creating a play that will live for centuries to come.

New Gas Main For Cereal Works

Will Facilitate the Manufacture of Quaker Puffed Rice.

The Peterborough Light and Power Company are laying a gas main along the river front to the American Cereal Company's mill. Gas is necessary in the manufacture of the company's newest product, "Puffed Rice," which hitherto the company has been able to manufacture during certain periods of the day only, owing to lack of gas. With the completion of the new main this difficulty will be obliterated and the company will be free to turn out the large amount of puffed rice made necessary by the ever-increasing demand for the popular breakfast food and confection.

Money Is The Root of All Evil

Two Juvenile Operators Broke Open West Ward School Teacher's Desk.

The taste for the filthy lucre develops at an early stage in pretty nearly every human being.

The other day two children of tender years, residing in the western part of the city, broke into the West Ward school and stole $1.05 from a teacher's desk, and other small articles as well. Both the diminutive offenders appeared in the police court this morning, but His Worship let them go after giving them some sound advice, and after admonishing their parents to look after them very carefully in the future. It was the opinion of the court that the boys didn't realize the seriousness of the offence, and that it was committed more in a spirit of recklessness than anything else. "It is the way many start in the downward path," remarked the Magistrate. "I have seen it in this court for years. First, petty pilfering, then cigarettes, then beer, and afterwards a life of vagrancy and crime."

PUFFED RICE SOCIAL IS NEXT

The Literary Section of the T. A. S. will give something new in social evenings in about two weeks, when a puffed rice social will be given. The date of the event has not yet been decided, but will be announced shortly.

THE SUGAR COMPANY CREDITORS TO MEET

His Honour Judge Weller, to-day issues notices to the creditors of the Peterborough Sugar Company, Limited, calling a meeting at his chambers on May 14th, at 11 o'clock, for the purpose of considering the claims of the creditors against the company. They are also asked to send statements of their claims for the liquidators beofre May 7th. At this meeting the creditors will learn the extent to which they are to be recouped.

CANADA NOT READY FOR RURAL DELIVERY

A despatch from Ottawa says: The time has not arrived when Canada should inaugurate a free rural delivery service. This is the opinion of Messrs. Wm. Smith and Geo. Ross, who were sent by the Postmaster-General to the United States to look into and report upon the system in operation there. The report of these gentlemen, which was tabled to-day, states that rural delivery as carried on in the adjoining Republic is operated at an enormous loss, and for the year 1904 showed a deficit of $12,681,877. If the 45,000 or 65,000 other services spoken of are put on the deficit will run from $21,000,000 to $29,000,000. The cost of rural delivery has risen from $40,000 in 1897 to an estimated sum for 1906 of $26,822,900. The experience of the United States, the report says, would not appear to justify the experiment in Canada.

MANY PEOPLE WILL TRAVEL IN EASTER HOLIDAY SEASON

Both railways report that the outlook for the Easter excursion business is the best in years. Already numerous inquiries are being made, and the number of persons who have signified their intention of travelling this Easter is far in excess of that of other years at a corresponding period. The special cheap rates this year commence on Thursday, April 12th., from which day to Monday, April 16th, single fares for the round trip will prevail. This applies to all station in Ontario on the C.P.R., to Detroit and Sault Ste. Marie; and on the G. T. R. to all stations on the system, the extension this year to Chicago being a new feature and one which will be very popular. That the people are planning to travel so extensively at Easter is an indication of the general prosperity of the country.

CITIZEN ASKS SOME PERTINENT QUESTIONS

April 10, 1906.

To the Editor of The Examiner:

Dear Sir,—The people of Peterborough, at the request of the Ministerial Association, voted last January for a reduction in the number of liquor licenses. The City Fathers have met quite regularly, and frequently, since January 1, and no association, nor any part thereof, not even the president, has taken any steps to see that the wishes of the people are carried out.

I see that the License Commissioners meet on Friday night. Is the blooming farce to be gone on with and the usual number of licenses issued? What has the Ministerial Association done to advance its position? So far as I can see, they have done nothing. The president of the Ministerial Association waxed eloquent in his letter to his brother clergymen on their duty on the liquor question. But he is as calm as an Easter egg now. We would expect to see him make at least an appearance of an effort to have the wishes of the people carried out.

I do not want to impute motives, but if there is one body which has made itself a howling farce on this question we will not have to look far in Peterborough to find it.

CITIZEN.

J. H. D'ARVILLE

The Eminent Clairvoyant and Palmist

No man is born into the world whose work is not born with him.

Fortune knocks once at every man's door; if he turns the deaf ear in drowsiness and waits for another knock, it comes no more. What may be your loss to-day may be your fortune to-morrow.

Clairvoyance (antedates History. Prophets and seers truthfully foretold events that history subsequently verified.

The Holy Scriptures, that afford peace and consolation to the Christian world, are based upon the revelations and prophecies that mediums foretold.

Mr. D'Arville must not be classed with fortune tellers and people claiming this knowledge. He is untiring in his research for light in all the branches of the Higher Sciences.

No matter what your aspirations may be he will guide and advise you—politically, socially, or domestically—it matters not. Many men to-day holding high positions owe their successes and achievements to the advice of Mr. D'Arville.

Mr. D'Arville predicted the election of Mr. Walker, Mayor of Altoona, Pa; Mr. Kirkendall, mayor of Wilkes-Barre, Pa. These predictions were made under the most severe test conditions, one month before the elections, and substantiated by the Press Club Association. There were present coal barons, magistrates, doctors, dramatists, geologists, and many other men of deep thought.

Everyone pleased; no one disappointed; a reading with Mr. D'Arville will add many successful and happy years to your life. He brings out points so plainly that all the dreams of alchemy would soon prove prove. He tells business changes, travels, vocation, when and whom you will marry, full names, dates, facts and figures. Mr. D'Arville has many unsolicited testimonials from the most prominent people of this city. He is non-mercenary and always pleased to see his friends.

Readings private and confidential. Hours, 10 a.m., to 8.30 p.m.

Address: 29 Queen Street, Peterborough.

Like a Trip to New York

WILL BE A VISIT TO OUR GRAND MILLINERY DEPT.

We believe we have ready for your inspection in our Millinery Parlours one of the choicest array of Millinery that has ever been gathered together.

The accepted ornaments this season are mainly Feathers and Flowers.

Colourings present an almost unlimited variety. Whatever is in good form, either in colourings or design, you will find in our display, and always in materials of unquestioned qualities. We invite all interested in Easter Millinery to come to our store during the next week.

OTHER EASTER REQUISITES AT BARGAIN SEASON PRICES ARE:

Ladies' Kid Gloves
A special Easter offering of Perrin's Belford Gloves, regular value $1.50 per pair, in Greys, Whites, Tans and Blacks—not all sizes in every shade. Easter week, for per pair..... $1.00

Ladies' Kid Gloves
Suede and Glace Kid 2-button and Mousquitan, elbow length, in Whites, Greys, Modes, Tans, Blacks, etc., etc. Easter prices per pair, $1.00, $1.25, $1.50 and..... $1.75

Easter Veilings
The swellest Veilings we have ever shown. Imported direct from Druiffe Freres, Paris, France. Blacks and colors White on Black, Black on White, and all the new color combinations Easter prices, per yard, 20c to..... .75

Easter Corset Special
A new style Corset, with hose supporters attached, made of beautiful, fine quality of French Percale, in sizes 18 to 24 inch, regular value $1.50. Special Easter price, per pair.. $1.00
Corsets for all figures, per pair, 39c to..... $3.50

Ladies' Suits and Coats
We've been very much interested in the Coat Department the last few days. Ladies come in—and go out again—without the coat. A day or two later—or perhaps the same day—they come in again and buy. Of course in the meantime they have been seeing what was offered in other places—but they come back here to purchase. And this little performance is repeated again and again.

If in need of Housefurnishings this Spring. Do not buy before seeing our Special offerings

Insinuations In Regards To Yukon Concession

Mr. Foster's Attack on Mr. Belcourt in This Connection.

REPLY OF THE EX-SPEAKER

Sir Wilfrid Says Concessions Must Be Lived Up To—Necessity for Life-Saving Equipment and Better Marine Services on the Pacific Coast —Mr. Brodeur Shows What the Government Is Doing.

Ottawa, April 11.—The insinuations by Mr. Foster that Mr. Belcourt, ex-Speaker and senior member for Ottawa, had used his position as member for his professional gain in prosecuting the interests of a Yukon mining concession formed a sudden diversion in the House last night.

Mr. Belcourt in a dignified reply, made a frank explanation, in which he said he and his law partner had taken a ten per cent. interest in the company in payment for legal services, but no stock had yet been allotted to them, and, on the other hand, the company's operations had been hampered by the Government since their connection.

Sir Wilfrid Laurier referred to the bill already before the House, restricting members' privileges in such cases, and announced that concessionaires who were not living up to their contracts would have their rights cancelled.

The Valencia Disaster.

Earlier in the day there was a lengthy discussion on the recent Valencia disaster on the Pacific coast. Mr. Macpherson brought the attention of the House to the needs of life-saving equipment on the Pacific, and his remarks were ably supplemented by Mr. Ralph Smith, Mr. Sloan of Comox-Atlin, who speaks seldom but effectively, Mr. Kennedy, Mr. Templeman and Mr. R. L. Borden, Mr. Brodeur, Minister of Marine, proposed an aggressive policy along the line requested, and indicated several important steps already taken.

Transcontinental Railway Tenders.

When the House opened Mr. Borden repeated his request for information regarding the disposition of tenders for the Transcontinental Railway.

Sir Wilfrid Laurier, in reply, informed the House that the Government only received the report of the commission on Thursday, and while the session was in progress the Council could not take up any important matters on any day except Saturday. He hoped that on Thursday next the Council would take up the matter and dispose of it, and when the House reassembled next week he would be able to gratify the curiosity of the leader of the Opposition.

Amherstburg, April 11.—The first marine mishap of the season occurred here yesterday when the big steel steamer L. C. Waldo, up-bound with a cargo of coal, ran on to the Jagged Rocks, at the lower end of Bois Blanc Island. A hole was punched in the boat, and one compartment is full of water. She will be lightered off.

To Bring Body Home.

Toronto, April 11.—John Turner, aged 21 years, son of John Turner, 85 Essex street, of this city, was killed last Sunday morning in the switching yards of Jajunta, Cal. He was struck by a train and died instantly. The parents were notified by wire, and ordered the forwarding of the body to Toronto.

Wood Alcohol Suicide.

Toronto, April 11.—Despondent because her health was troubling her, Miss Nellie Cavanagh committed suicide at 50 Elm Grove avenue, by taking a large dose of wood alcohol. Coroner Greig will hold an inquest to-day.

Educational Bills Considered By Legislature

New Measures Amending Present Acts Brought Down.

FEATURES OF THE BILLS

Larger Education Grants and More Normal Schools—Advisory Council to Have Seventeen Members Representing All Branches — Superintendent of Education — Minimum Salary for Teachers.

Toronto, April 11.—The promised Government acts "Respecting the Department of Education," and "to amend the public schools act," were introduced by Hon. Dr. Pyne in the Legislature yesterday afternoon. The principal provisions of these acts have been forecasted in several Ministerial speeches, but owing to the realization of their importance the House followed the Minister of Education's explanatory outline of them with considerable interest. In a reference near the close of his remarks relative to the proposed new normal schools. Hon. Dr. Pyne pointed out that legislation enabling the carrying out of the Government's plans in this regard was already on the statute books. The number and location of the schools had not yet been decided. If there were four there would be at the outset a capital expenditure of about $200,000, and the yearly charge for their upkeep would be from $70,000 to $75,000. The additional grants the Government contemplated for continuation classes, to the rural public and separate schools, to the increase of teachers' salaries, and allowances for expenses of public school inspectors, would total about $90,000 for the first school year, under the new act. The minimum salary hereafter in rural schools with one teacher would be $500, and for each assistant teacher $300. The present average salary in rural schools at the last available reports was $372 for male and $283 for female teachers. Following are the chief provisions of the bill as detailed:

Department of Education.

Appointment of superintendent of education and establishment of advisory council subject to the Minister.

The superintendent to have general supervision of all classes of provincial high, public and separate schools, professional training schools and examinations for teachers of said schools, art schools, public libraries and the inspectors of schools and libraries, and may make recommendations to the Minister.

Advisory council to consist of seventeen members, fifteen being elective and two ex-officio. The latter will be the president of the University of Toronto, who will be chairman, and the superintendent of education, who will represent the Minister, but without vote. The other representatives will be: three from University of Toronto, one each from Queen's, McMaster and Ottawa Universities, university representatives to be members of their senates; two elected by high school teachers; four elected by public school teachers; one elected by separate school teachers; two elected by public school inspectors. School representatives to be elected by closed ballot. First election to be held in October next.

Advisory council to be consultative committee to confer with Minister, and their advice he may either accept or reject. Will exercise executive powers in connection with university and departmental examinations as may be conferred by university and Department of Education. Present educational council to remain in office till this year's examinations are completed.

High school grants to be distributed as heretofore, except that no account be taken of average attendance. Legislature to be asked to give special grant to the rural public and separate schools. Grants to be made first, among municipalities according to population; second, between public and separate schools, according to average attendance. Further sub-division of grants to public and separate schools to be on similar basis to that of high schools, namely, the salaries paid the teachers (percentage on all over minimum), character of accommodations and value of equipment. Provision is also made for distribution to territorial schools, poor schools and continuation classes.

Government asks power to appoint commissions of enquiry into management of any institution under its control, question of school books and any other educational question. This has immediate reference to text-book question.

Public Schools' Bill.

Trustees of any number of schools may determine that continuation classes shall be conducted. School rate for maintenance. Qualifications of teachers to be settled by regulation.

Powers given boards of urban municipalities to acquire and expropriate land for school sites.

Municipal councils required to collect a sum at least equivalent to special grants made by the Legislature to the rural schools. Township levy of $150 raised to $250, and an additional $150 for every assistant teacher. To be applied exclusively to teachers' salaries. In addition to sum provided township council towards each teacher's salary, the trustees of every rural school shall pay to the teacher where there is only one, and to the head teacher where more than one at least the following sums: $250, where assessed property of public school supporters is at least $160,000; $200, between $80,000 and $160,000; $150, between $40,000 and $80,000; $100, between $20,000 and $40,000; $50, less than $20,000, and $150 to every assistant teacher. Minimum salaries will not come into operation till next year, but county grants and additional township grants will be payable this year. If teachers accept smaller salary the inspector may suspend certificate.

Public school inspectors cannot be ~~removed~~ except by a majority vote, and then only with approval of the Lieutenant-Governor. Allowance for postage and stationery increased $1 for each school section, provided total over his allowances shall not exceed $1,800. Reorganization of system of public school inspection promised next session.

Abolition of present county and city model schools and establishment by September, 1907, of additional normal schools. Number not decided yet; to provide each year for training about 200 students. District model schools retained, and possibly model schools in one or two of the less advanced counties. No more third-class certificates to be issued, and products of normal schools to hold interim second-class certificates to become permanent after probation. Limitation of lower grades of certificates to certain classes of schools.

Bill Should Be Postponed.

Mr. Harcourt promised contentious, but not partisan, consideration for the new bill. The impression left on the House, he said, was that there was nothing very new in its provisions, although there might be expansion, extension and inevitable evolution. The only new principle was the fixing of minimum salaries. His remarks were not hypercritical, for if the evolution was upward the bill would be a good bill. The department would be in no respect different, as Mr. Colquhoun took the place of the private secretary of other Ministers. He was perhaps a different type of man, and better qualified to advise the Minister, and to the extent that Mr. Colquhoun was better fitted to give advice there had been an improvement. He took the place of the late Mr. Millar, of whom no one would say he was not well equipped. He hoped the new superintendent would be as good a man. His point was that there had been a change of names rather than any real change. There was expansion in the consultative or advisory committee, but no new principle. The complaint had formerly been that the council had not been comprehensive enough. Yet all the universities and the public and high schools were represented, and the inspectors were at hand to be consulted. Who would say that either public school or university men had not been represented in the past? The Government had for some years been considering schemes, and Mr. Millar was of the opinion the council should have been improved, but he never could get enough men to agree to his plan. Full credit must be given the Minister of Education, said Mr. Harcourt, for the principle of minimum salaries. He would be the first to congratulate him if he arrived at the result anticipated, but he thought the modest estimate of $70,000 or $80,000 would be overreached. Early and late and every lawful hour the members of the Government had found fault with the late Government for appointing commissions. All Governments in self-governing countries needed them. The former Government did not lay their reports on the shelf. He thought the bill might safely be postponed for a year.

Premier Would Not Agree.

Premier Whitney did not understand Mr. Harcourt's allusion to Mr. Colquhoun and Mr. Millar. The new superintendent was to be the gentleman whose system was in accord with their wishes. They would see at once how the new system was in accord with their wishes. There was this difference between the consultative council and the former one, that the new one was to be elected, while the old one was composed of nominees of the Government. Text-books would have been the first thing dealt with could it have been possible, but the Government had to wait on the unexpired school-book contracts. They proposed to dive down and find the proper and reasonable price for school books, and see that the people get them at that price. His duty did not allow him to accede to Mr. Harcourt's suggestion to allow the bill to stand over for a year.

Hon. Mr. Ross on the Bill.

Hon. Mr. Ross hailed with pleasure any progressive legislation the Government might introduce. Very substantial progress had been made by the late Government—almost a revolution in the last fifty years. They had established normal schools, raised the qualifications of teachers, abolished third-class certificates, abolished township superintendents, were pioneers in appointing public school inspectors, extended the library system and established free libraries. It would hardly be fair to the House to enumerate the progress made. The bill followed the lines laid down by the former Government, and so far the Opposition would approve it. It was unnecessary that so much should be said about commissions. He denied that a list of witnesses had ever been given the commission by any Minister. Judge Morgan was the chairman, and the other members were honorable men. They might find that books were cheaper now than twenty years ago. But they should start with the idea that one side of the House was just as anxious to do right as the other. He would not hesitate to criticize the bill, yet without appealing to the dead past. If there was to be a party vote it would not come from his side. At the same time he must resent any attack and repel any insinuation against the policy of the late Government. He did not think anything at all of a bill standing for a year. There was no reason why it should not stand if such delay would lead to the best thing being done. It would be a thousand pities for the country if a reform of this kind should cause any irritation.

Revision of the Ballot

Premier Whitney has introduced in the Legislature a bill to do away with the printed number on the Ontario ballot. In bringing down the bill the Premier promised that a new ballot act would be passed next session.

Mr. Harcourt said the whole question resolved itself to one as to the honesty of the officials, and it was not for either side to say that either party would choose a dishonest official for a judicial position.

The Opposition objected to the stipulation in the Toronto General Hospital bill that medical students other than those of Toronto University be admitted only by the giving of special permission by the board of trustees of the hospital. The debate arose out of the reading of the clause in committee. Finally, the Premier said that the clause would be reconsidered.

There was a grist of bills up for a third reading, which was given to 13 of them.

YORK LOAN GETS THEM.

Liezt Piano Co.'s Assets Assigned to Liquidators For the Benefit of Creditors — The Investigation.

Toronto, April 11.—"The Liezt Piano Co. have quietly assigned their assets to us for the benefit of the York Loan, and we are now in possession," was the statement made by an official of the National Trust Co., liquidators for the York Loan, yesterday afternoon.

The Phillips' investigation went on until nearly 3 o'clock yesterday afternoon, and was adjourned until this morning.

Couldn't Serve Writ on Phillips.

An officer of the National Trust Co., liquidators of the York Loan, made an unsuccessful attempt to serve notice on Joseph Phillips of the writ that has been issued, asking that he be restrained from disposing of his Toronto Life stock. The court intimated that the writ must be served on Phillips only through his counsel.

C. E. Stacey, an inspector of the York Loan and Toronto Life, acknowledged that Phillips had given him permission to write up Toronto Life insurance as a "side line," while traveling for the York Loan. From August, 1903, to December, 1904, witness received $2,000 to $3,000 for writing up insurance. From Nov. 1, 1904, up to the present he had received $3,000 as commissions from the Toronto Life, besides $20 a week salary.

Commissions Paid Stock.

The 66 shares of stock on which he had paid $1,720 had been paid out of commissions he had from the York Loan and Toronto Life, and on the 10 per cent. of his salary that had been held back by the York Loan. Witness denied that he had got any cheques in favor of Phillips or the Misses Hudson.

Mrs. Mary Jane West, superintendent of the York Loan, deposed that she had sold National Monthlies under the instructions of Phillips.

"If," she added, "we sold two Monthlies and two York Loan shares, we were paid the regular commission by the York Loan. Also, if we sold three Monthlies and one share."

Witness had also sold pianos and Toronto Life insurance. One week she had written up from $10,000 to $15,000 insurance, and got a prize of $10 or $15.

"Was this paid by the York Loan?"

"Yes, I guess so. It was cashed there, too."

Mr. and Mrs. R. J. Burt and the Hudson girls are subpoenaed for to-day.

ITEMS BY TELEGRAPH.

News of the Day Condensed Into Short Paragraphs.

Counsel for the defence in the Gaynor-Greene case began argument Tuesday.

Plans are being prepared for a new Winnipeg Grain Exchange building, at an estimated cost of $250,000.

Waterloo ratepayers voted down the bylaw to grant $7,500 as a loan to the Hoag-Metcalfe Knitting Co. of Galt.

Edward Haycock, the Wabash engineer who was injured in the collision on the G. T. R. at Port Robinson, is dead.

Prof. Nathaniel S. Shaler, the eminent geologist, and dean of the Lawrence Scientific School, is dead at Cambridge, Mass.

Fire in a block of buildings at the corner of Moreau and St. Catherine streets, at Montreal, did about $15,000 damage.

A storm which broke over New England Monday night caused much damage to telephone, telegraph and electric light wires.

The Prince and Princess of Wales, returning from their visit to India, have arrived at Corfu, and were greeted by King George of Greece.

The thirteenth annual convention of the National Association of Chiefs of Police is in convention at Hot Springs, Ark., with the largest attendance in years.

A St. Catharines' jury has returned a verdict for Mrs. William Elliott of St. Catharines for full amount of claim, with costs, in her suit against the Bank of Toronto.

Windsor City Council, by a vote of 8 to 5, has granted the Windsor, Essex & Lake Shore Electric Railway practically every request that the railway company made.

R. A. Brunt, B. A., of the teaching staff of the Windsor Collegiate Institute, has been appointed a member of the British Society of Chemical Industry of London, Eng.

In the British House of Commons Tuesday night Lief Jones' resolution in favor of the principle of local option was carried by 371 to 46, the Opposition moving the closure at midnight.

Miss Eva Booth, commander of the Salvation Army of the United States, was taken ill suddenly on a Kansas Railroad train late Sunday. Dr. Young refused to say if her condition is critical.

EQUAL TO IMPORTED.

What One Manufacturer Says To Another Manufacturer.

There is one woollen mill in Canada that makes as fine a serge cloth as any imported. If that maker had the nerve to put his mill name on his goods he could put forward the strongest possible argument for made-in-Canada woollens. Many of his serges are sold by jobbing men as "imported" serges. This is not the Semi-ready idea. It's not honest. The same mill makes the "Blanco" black and blue serges, a cloth which they brought up to the Semi-ready standard on specifications supplied by the president of the Semi-ready Company. It's a splendid serge, and is one of the proudest products of the Semi-ready tailorey. The "Blanco" is a cheviot finished serge, of pure wool and fast colour, and is tailored in single and double breasted sack suits.

High Constable of Quebec

After Suffering For 10 Years With Pain In The Back He Was Completely Cured By "Fruit-a-tives."

"Fruit-a-tives" cures diseased and irritated kidneys when all other treatment fails.

The proof that "Fruit-a-tives" is the greatest kidney cure known to science is demonstrated by these tablets removing all pain in the back—making the kidneys healthy—and curing chronic constipation.

St. Hyacinthe, P.Q., June 10th, 1905.

I have much pleasure in testifying to the great good which "Fruit-a-tives" have done me. I was a constant sufferer from severe constipation and **severe pain in the back for the last ten years.** I tried many kinds of pills and tablets and physician's medicines but the relief was only temporary. Not long ago I tried "Fruit-a-tives" and now I am entirely well, no pain, no constipation and my stomach and bowels act naturally. I cannot say enough in praise of "Fruit-a-tives"—they are a grand medicine, mild as fruit in their action and easy to take.

(Signed) H. Marchessault,
High Constable.

Do you know that every drop of blood in your body goes to the kidneys to get rid of some of the impurities?

When the bowels don't move regularly, the blood takes up poisons in the bowels and carries them to the kidneys. Then the kidneys get overworked—inflamed. Then comes the pain in the back—headaches—constant desire to urinate—nervousness—sleeplessness.

"Fruit-a-tives acts directly on the Kidneys—cleans, heals and strengthens them—makes the liver give up more bile to move the bowels regularly—and stimulates the glands of the skin to increased action. These rid the system of all poisons and every trace of Kidney Disease disappears.

Fruit-a-tives have cured hundreds of cases of Kidney Disease by stimulating and healing the Kidneys.
At all druggists or sent postpaid on receipt of price—50c. a box or 6 boxes for $2.50.

Fruit-a-tives
or Fruit Liver Tablets.

Manufactured by
FRUIT-A-TIVES LIMITED, Ottawa.

"MR. SMITH'S GRIEVANCE,"

Thinks He Was Singled Out in Departmental Report — Apples Wrongly Marked—Adulteration of Syrup.

Ottawa, April 10.—Several important subjects in which fruit-growers and farmers were interested engaged the attention of the House yesterday afternoon, and when the agricultural subjects were disposed of the members turned to a consideration of the question whether the Government really intend to carry out the construction of the Quebec-Moncton section of the Transcontinental Railway.

Hon. Mr. Fisher introduced his bill to give effect to the recommendations of the fruit-growers' convention, amending the fruit marks act by establishing a new grade of "fancy," and giving better definition of what constitutes No. 2 grade.

Mr. E. D. Smith, Wentworth, complained that the Department of Trade and Commerce had done him serious damage by publishing a report forwarded by the Canadian agent at Birmingham, that he had shipped apples which were falsely marked. He suggested that he was not the only one who had wrongly marked apples, and said that the action of the department had been actuated by political motives.

Hon. Mr. Fisher pointed out the importance that fruit exports to Britain should be carried on along honest lines:

Sir Wilfrid Laurier assured Mr. Smith that there was no intention on the part of the department to injure him, and suggested that the Smith family was so numerous the officials had not associated the member for Wentworth with the Smith referred to in the report published. At the same time he pointed out that the provisions of the act had been violated.

A motion affirming the necessity of energetic measures to prevent the adulteration of maple syrup elicited from Mr. Templeman the announcement that the Inland Revenue Department was carrying on an active campaign against the sale of adulterated maple syrup and sugar, and Mr. Brodeur stated that last year of all the samples taken by the Inland Revenue Department in Toronto district not one was pure.

In the evening a suggestion by Mr. Crocket that the Government had abandoned the Quebec-Moncton section of the Transcontinental Railway was replied to by Mr. Carvell, who explained that the delay in locating the route had been caused by himself and other members from the Maritime Provinces, who appealed to the Government for a reservey of the proposed route because of what they believed to be inaccuracies in the interim report of the commission.

Rigid Enquiry Into Tower Fall.

Ottawa, April 10.—The instructions issued yesterday to Architect S. G. Curry and A. C. Hutchinson require them to investigate and report, not only upon the tower, but also as to the entire addition. They are authorized to examine witnesses under oath, and are to determine: (1) Whether the plans and specifications have been carefully followed. (2) Whether the material was of the quality and kind specified. (3) Whether the workmanship was such as was called for by the contract. (4) Whether the inspection of the work by the department was sufficient in all respects. (5) Whether the work, if otherwise properly done, was unsuitable work to be done during the winter weather. (6) Where the responsibility lies for the accident.

The Lord's Day Bill.

Ottawa, April 10.—Dr. Daniel, St. John, N. B., was appointed chairman of the special committee on the Sabbath observance bill, which met yesterday morning.

Hon. Mr. Fitzpatrick intimated that he was very anxious that the proceedings of the committee should not be protracted, and in view of the fact that the bill had already received its second reading in the House, one or two meetings of the committee would be sufficient.

Thursday, April 19, was fixed for the first meeting, when the objections and claims of interested parties will be heard in reference to the bill.

"EDUCATION BILL IN COMMONS."

Passes First Reading—Oxford University Opposes the Bill.

London, April 10.—The education bill, the main measure in the Liberal program for the present session, yesterday was formally passed on first reading in the House of Commons after an extended debate participated in by Mr. Birrell, president of the board of education (its introducer), James R. MacDonald, Labor and Socialist, and Sir Alfred Thomas, chairman of Welsh Liberal Parliamentary party, who supported the measure, and Sir Wm. Anson, Liberal, representing Oxford University; George Wyndham, Conservative, and Lord Robert Cecil, who opposed it.

Mr. Birrell declared the bill was an honest attempt to deal with a difficult problem.

Under the bill religious education may be given in hitherto unprovided schools, if they are taken over by the educational authorities two mornings weekly by consent of the local authorities, but not by the regular staff. Nor shall the attendance of pupils be compulsory, and no part of the expense thereof shall be borne by the rates.

The bill provides for a further annual grant of $5,000,000 from the Imperial exchequer for education, and proposes the establishment of a national education council of Wales.

VICTORY OF THE PEOPLE.

Belated Returns of Russian Elections Only Increase Its Magnitude.

St. Petersburg, April 10.—Belated returns yesterday only increased the magnitude of the Opposition's victory. The City of Moscow has returned 160 electors, all Constitutional Democrats. Kursk returned a solid Progressive delegation, headed by Prince Peter Dolgoroukoff. M. Sherkoff, one of the members elected to the lower House of Parliament, is now in prison. Vitebsk elected two Poles, one a Catholic priest, and one a Progressive; two Constitutional Democrats and two peasants. Vladimir, one of the old capitals of Russia, where the orthodox faith is particularly strong, chose a Monarchist, but the electoral college elected five Constitutional delegates.

Tula is the only province, except Moscow, which elected a majority of Conservatives. The result in Moscow Province constitutes an anomaly in the elections. All the Constitutional Democrats went down, but the result was engineered through a deal with the Reactionists and a portion of the Octobrists, who bought the support of the peasants in the electoral college by allowing them to name an additional member.

As a result, the Province of Moscow, the real heart of Russia, sends to Parliament comparatively unknown men—two peasants, a workman, Prince Gagarin, M. Bashoff, M. Krudner and Peter Struve. The latter is the most prominent, being the president of the Moscow Bourse. With the single exception of Tula, in every province where the peasant class was in the majority they captured the majority of the members. Most of them, however, although belonging to the peasant class, are actually peasants in name only, and have risen far above their station. For instance a peasant of St. Petersburg province is a principal of a middle school.

Count Witte Resigns.

St. Petersburg, April 10.—Premier Witte late last night, according to information which has reached the Associated Press, again tendered his resignation to the Emperor with a clear-cut intimation that the latter must choose, and at once, between him and the Minister of the Interior Durnovo. The Emperor, according to reports, took the resignation under consideration.

THE COAL MINERS' STRIKE.

Operators to Propose New Plan of Arbitration—Soft Coal Miners Win in Western Pennsylvania.

New York, April 10.—At the joint conference of the sub-committees of the anthracite coal mine owners and their employes to be held here to-day, the operators will decline to accept the arbitration plan as presented last week by the mine workers, and will present a counter proposition, which, if agreed to by the miners, will bind each side for more than two years.

The operators have been working on the new plan ever since the adjournment of the joint conference of last Saturday, and the inability of the presidents of the hard coal carrying railroads to complete minor details caused a postponement of 24 hours of the conference scheduled for yesterday.

The operators' representatives conferred yesterday, and promise that unless something unforeseen should occur they will be ready with their answer to the miners arbitration plan today.

President Mitchell announced last night that the last of the bituminous coal operaters in the Pittsburg district, who had held out against the 1903 wage agreement, signed the scale yesterday. This action, he said, clears up the Western Pennsylvania territory, and means that 40,000 men in that territory, who produce from 35,000,000 to 40,000,000 tons of soft coal a year, will receive an increase of 5.55 per cent. in wages.

JAPAN WILL OPEN DOOR.

But Foreign Travelers Take Risks in Interior of Manchuria.

Washington, April 10.—The following statement was given out yesterday at the Japanese legation:

"Owing to the fact that the withdrawal of the troops from Manchuria not having sufficiently progressed, the Japanese Government hitherto has neither permitted citizens and vessels of foreign countries to enter the ports and regions of Manchuria, nor allowed foreign consuls to proceed to their posts therein. Considerable progress, however, having now been made in this respect, the Japanese Government has decided, in accordance with the principles of the open door and equal opportunity ever advocated by them, to permit citizens and vessels of foreign countries to enter from May 1 at Antungheien and Tatungkao, and to allow foreign consuls to proceed to their posts at Antunghsien. From June 1 foreign consuls shall be allowed to proceed to their posts at Mukden and the traveling of foreigners in the interior of Manchuria will be permitted in so far as military exigencies do not prevent it. It has further been decided that the Japanese Government will open Dalny (Talienwan) to the commerce of the world in as near future as possible.

"Judging from the present condition of the interior of Manchuria, it is impossible for the Japanese authorities to afford such foreign travelers adequate protection and facilities in housing and other matters. Those, therefore, who enter the interior of Manchuria do so entirely at their own risk, and the Japanese Government do not hold themselves responsible for any injury or damage which may suffer from bandits or other marauders."

Caught In Ice Crush.

Detroit, April 10.—The rain and wind Sunday broke the ice jam in the St. Clair River.

The McMorran, Port Huron, wrecking fleet of two steamers and a schooner, which had come down to Tashmoo to work on the sunken Linden, was caught in the crush of ice and carried below Algonac. The boats and their crews are thought to be safe.

Address Carried After Division.

Regina, Sask., April 10.—In the Legislature yesterday a division occurred on the Opposition amendment to the address in reply to the speech from the throne. The Government mustered 13 supporters and the Opposition 7. The address in reply was carried.

Bambaata Escapes.

Durban, Natal, April 9.—Chief Bambaata has escaped in Zululand with a body guard of 70 warriors. Col. Leuchar of the colonial punitive force, is in pursuit. Two battalions of the Umoti militia reserves have arrived to reinforce the column.

St. Lawrence Navigation.

Montreal, April 9.—The ice in the river is on the move, and the indications now are that local navigation will be open in the course of the next few days.

The Wornout Nerves, The Weak Heart, The Tired Brain, The Wasted Strength.

What a multitude of women there are who feel that these words exactly suit their case. From early morn until late at night they have been on the go, year in and year out, attending to the daily household duties, looking after the wants of her children and spending the rest of her time attending to social and church work. Is it any wonder then that sooner or later there comes a general collapse? The action of the heart becomes weak and palpitating, the nerves become unstrung, the brain feels in a whirl half the time and the usual force of vitality is lacking.

It is at this time a woman should look after herself. If she does not, serious female disorders may set in and often cause weary months and years of helplessness and miserable suffering. What she wants is something to build up her system. For this purpose there is nothing to equal

MILBURN'S HEART AND NERVE PILLS

They are the women's friend in every sense of the word.

They will strengthen the weak heart, tone up the shaky, starved nerves, make the brain clear, and restore the lost vitality.

Mrs. George Lohnes, Stanley Section, N.S., writes: "I was greatly troubled with weak and dizzy spells and was so run down I could not attend to my household duties. I bought two boxes of Milburn's Heart and Nerve Pills and after taking them I found that my trouble had all passed away. I am now strong and healthy again."

Milburn's Heart and Nerve Pills are 50 cents per box or 3 for $1.25. If your dealer does not handle them, send direct to The Milburn Co., Ltd., Toronto, Ont.

DROWNED FROM CANOE.

A. C. Moorhouse and W. W. Hart of Trinity, Toronto, Go Down In Lake.

Toronto, April 9.—Saturday A. C. Moorhouse, aged 22, son of Dr. H. H. Moorhouse, honor classical graduate of this year at Trinity College, and W. W. Hart, son of Wm. Hart, city assessor, Guelph, head of this year's graduating class and holder of the Wellington scholarship, were drowned in the lake on Saturday afternoon.

The lost their lives while canoeing in choppy water between the Humber river and Mimico creek.

Stabs His Father.

Belleville, April 9.—George Cameron, a young farmer of Carlaw Township, in this county, is under arrest, charged with stabbing his father, 70 years of age, in a quarrel over property. The younger Cameron stabbed his father three times in one arm and once in the other, severing an artery in the left arm, from which wound the old man nearly bled to death.

Stabbing at Haileybury.

Haileybury, April 9.—A teamster named Marrault is in a dangerous condition, having been stabbed four times in the back by a Swede with whom he was quarreling. The affair took place on the main street here about 11 o'clock Saturday night. Some parties hearing the noise came to the man's rescue, carrying him into Dr. Jackson's surgery, where he is being cared for.

Infant Murder.

Quebec, April 9.—With the little back broken, and bearing marks of having met with a brutal death, the body of a new-born infant lies in the morgue, while a young woman of St. Malo and her mother and brother are under arrest. It is said the young woman, who is unmarried, was the mother of the child.

A SPRING DANGER

Many People Weaken Their Systems by Dosing With Purgative Medicines.

A spring medicine seems to be a necessity. Nature demands it as an aid to enriching the blood and carrying off the impurities that have accumulated during the indoor life of the winter months. Thousands of people, recognising the necessity for a spring medicine, dose themselves with harsh, griping purgatives. This is a mistake. Ask any doctor and he will tell you that the use of purgative medicines weakens the system and cannot possibly cure disease. In the spring the system needs building up—purgatives weaken. The blood should be made rich, red and pure—purgatives cannot do this. What is needed is a tonic, and the best tonic medical science has yet devised is Dr Williams' Pink Pills. Every dose of this medicine actually makes 'new, rich blood, and this new blood strengthens every organ and every part of the body. That is why these pills banish pimples and unsightly skin eruptions. That is why they cure headaches and backaches, rheumatism and neuralgia and a host of other troubles that come from poor, watery blood. That is why the men and women who use Dr. Williams' Pink Pills eat well and sleep well and feel active and strong. Mrs. Albert E. Sampson, L'Ardoise, N.S., says:—"I have used Dr. Williams' Pink Pills with the greatest benefit. I know of no medicine that can equal them in building up people who are weak or run down."

When buying these pills see that the full name, Dr. Williams' Pink Pills for Pale People, is printed on the wrapper around the box. You can get the pills from any medicine dealer or by mail at 50 cents a box or six boxes for $2.50 from the Dr. Williams' Medicine Co., Brockville, Ont.

THANKS OF THEIR MAJESTI'S.

Reply to Canada's Condolences on the Death of Queen's Father.

Ottawa, April 9.—The following reply has been received by the Governor-General from the Secretary of State for the Colonies, to the message of condolence with Their Majesties sent by the Government of Canada on the occasion of the death of the King of Denmark:

"Downing street, 21st March.

"My lord,—I have the honor to acknowledge the receipt of your despatch No. 68, of the 21st ulto., enclosing a copy of the approved minute of your Privy Council expressing profound regret of your Ministers and tendering the devoted sympathy of the people of Canada to Their Majesties the King and Queen, in the loss which they have sustained through the death of his Late Majesty the King of Denmark.

"Your despatch and its enclosures have been duly laid before Their Majesties and I am commanded to request you to convey to your Ministers and through them to the Canadian people, the cordial thanks of Their Majesties for this mark of sympathy in the time of distress and of appreciation of the great loss which they have sustained, and to say that Her Majesty the Queen has been greatly comforted by the expressions of affectionate regard towards herself and by knowing that the heart of Canada goes out to her in her sorrow. I have, etc.,

(Signed) "ELGIN."

A NEW SYSTEM.

J. J. Hill to Build New Transcontinental Railway In Canada.

St. Paul, Minn., April 9.—James J. Hill intends to build a trans-continental railroad through Canada, from the Atlantic to the Pacific. In a letter to the Winnipeg Board of Trade, he says:

"We are now undertaking to build up a new system, a trans-continental line through the Canadian Northwest, which, I hope, will serve to further develop your city and the country from which its prosperity is drawn. I am called east on business, which will keep me until about May 1, after which time I intend to visit Winnipeg."

From Montreal west, the line will parallel the Canadian Pacific. Mr. Hill asks no bonus.

Almost Every Family Suffered.

Nagold, Black Forest, South Germany, April 9.—The burial of fifty bodies of those who perished April 5, by the collapse of the Stag Hotel, took place Saturday. There is scarcely a family in the village who has not lost a member.

Russian Election Favourable To The Progressivists

Progressives Score Victory—Panic Among Autocrats.

GOVERNOR ASSASSINATED

Bomb Exploded Under the Carriage of the Governer of Tver With Great Force — Terribly Mutilated Body Removed to Palace—All Windows In Neighborhood Broken — Assassin, a Young Man, Arrested.

St. Petersburg, April 9.—The electoral colleges in 30 out of the 51 provinces in European Russia yesterday elected 178 members to the National Parliament—about one-third of its entire membership—and returns received up to midnight indicate that the wildest hopes of the Liberals have been realised, the Constitutional Democrats and other progressivists practically everywhere having gained a tremendous victory over the Octobrists and other Conservative parties. As far as is ascertainable not a single reactionary candidate pulled through.

REFORM DOWNS REACTION.

Radicals Will Control House and Czar Must Yield to Witte.

St. Petersburg, April 9.—A panic has been created in Government circles by the surprising strength developed by the Constitutional Democrats in the elections, which may have immediate and dramatic consequences. The issue between reaction and reform which has been hanging in the balance, has been unexpectedly precipitated by Premier Witte. The elections have greatly strengthened the Premier's hand in his fight against the reactionaries, and he now feels strong enough to challenge Gen. Trepoff and Minister of Interior Durnovo and the entire reactionary cabal.

Would Be Fatal Blunder.

Less than a fortnight ago the Premier was decidedly pessimistic, and believed that the majority in the lower House of Parliament would be Conservative, and that the entire program for reform might be overthrown. The results of the elections, however, convinced him that the Radicals will control the House, and that an attempt to thwart the popular will, as expressed by the ballot-box, would be a fatal blunder on the part of the Government. It was learned from an unimpeachable source Saturday night that the Premier journeyed to Tsarskoe Selo on Thursday to lay this view before the Emperor, and made another trip to Tsarskoe Selo Friday night, and was closeted with His Majesty until after midnight.

The impression is abroad that the success of the Constitutional Democrats' bill will insure the success of the big foreign loan of which the Government is in such urgent need.

THROUGH TRAIN SUICIDE.

Oliver Green, Traveling to Chicago, Cuts His Throat.

Montreal, Que., April 9.—Oliver Green committed suicide on the I. C. R. Maritime Express Friday by cutting his throat with a razor. He was traveling from North Sydney to Chicago, and had a through ticket. When near Chaudiere Junction, Green was seen reading and re-reading a letter, and seemed greatly distressed. A few minutes later he went to the toilet room. When some time had elapsed and he did not come out the train crew forced the door and found him on the floor insensible. He expired within a few minutes. He had the appearance of a commercial traveler, and was about 45 years of age.

Hungarian Cabinet Formed.

Vienna, April 9.—A Hungarian cabinet has been formed under the Premiership of Dr. Alexander Wekerle. The principal portfolios are held by Count Albert Apponyi, Count Julius Andrassy and Francis Kossuth.

The members of the new Cabinet were sworn in at the Hofburg Palace yesterday afternoon. It was decided that writs should be issued to-day calling for elections to be held April 28.

Stricken In Toronto.

Toronto, April 9.—Taken with a stroke of apoplexy in a room at the King Edward, Duncan McIntyre, a middle-aged traveler, was removed to the Emergency Hospital, where he died at midnight. McIntyre leave a wife in Owen Sound and several grown up children. He was about 55 years of age.

THE cost of living is an important thing in most homes. You may have to figure closely in these matters. A little extra on a barrel of flour may look big to you.

But there is a difference between spending money wisely and spending it foolishly.

Sometimes it is economy to spend instead of to save. It is in the case of Royal Household Flour.

Those few extra cents a week, that give you

Royal Household Flour

in preference to inferior flour, buy health.

Nothing contributes so much to the food you eat as flour, and therefore nothing should be more carefully bought. Ogilvie's Royal Household Flour is the whitest, cleanest and most nutritious flour that's milled. It is the only flour that is absolutely pure.

Ask your grocer.

OGILVIE'S ROYAL HOUSEHOLD

103

Ogilvie Flour Mills Co., Ltd.
Montreal.

"Ogilvie's Book for a Cook," contains 130 pages of excellent recipes, some never published before. Your grocer can tell you how to get it FREE.

Note This, Bakers

Housekeepers who appreciate Good Flour will soon realise that

ROYAL HOUSEHOLD FLOUR

is the delight of baking day. It invariably gives delicious results, making good bread and light, wholesome cake.

CARD OF THANKS

PETERBOROUGH, Mar. 26, 1906

Messrs Davis-Thompson Co., Limited,
Peterborough, Ontario.

Gentlemen,—

I beg to acknowledge receipt to-day of cheque for $130 00 from the "Imperial Guarantee & Accident Insurance Company," in full settlement of my claim during the time I was unable to carry on Evangelistic work, owing to an accident received in a Dentist's chair, which caused ulceration of tooth and swelling of jaw.

I must express my appreciation of, and thanks to your Company, for the exceedingly prompt and satisfactory settlement of this claim, the cheque having been returned by first mail, after completion of claim paper.

Notwithstanding all that is said in the Press about Insurance generally, yet personally, from your treatment in my case, I take pleasure in heartily commending your Company to the Public.

Yours truly,
(Sgd.) H. D. KENNEDY

The Tuetonic "Goddess Of Spring"

EASTER SUNDAY THE DAY FOR GENERAL REJOICING.

The Church Origin of the Movable Festival—Easter Pleasantries and Interesting and Not Uninteresting Customs of Celebration.

Easter is unique among the world's festival periods in having its origin claimed by many nations and races. The English name of the day is derived from that of the Teutonic Goddess of Spring—Ostera, whose name signified "The Arisen," a mythical being who was worshiped before Christianity was thought of.

The Druids, who seem to have been the only religious sect in Britain before the Roman conquest, held yearly a spring celebration in honor of the vernal resurrection of the vegetable world, and religious rites were part of the ceremony.

Similar observances were general among the older Asiatic races, and the Egyptians, Greeks and Romans, as well as the Teutonic tribes of Europe in pre-Christian times.

The Jewish Feast of the Passover had for about a thousand years been celebrated in the early spring, and the early Christians, most of whom were of the Hebrew race, continued to celebrate it in token of the saving of their race from the tenth great plague which immediately preceded the exodus.

It was easy, therefore, for the early Christians when they became organized and began to celebrate certain anniversaries of special meaning to them to have Easter and its symbolism adopted by all converts.

The first name by which the church designated the day was Paska, or Pascha, a word the root of which is found in both Hebrew and Greek and signifying a sacrifice, and some derivative of this word is still used in all European countries. The word "Easter" is peculiar to English speaking nations only and shows that the Christian festival was combined in early days with the earlier ceremonies of the heathen Goddess of Spring.

For some time those believers in Jesus who were also Hebrews and loyal to their race celebrated the anniversary of the resurrection and the Feast of the Passover on the same day, finding in the incidents some significances which seemed related to one another, but the more precise of Christian faith and the stricter adherents of the older religion disagreed as to dates when these chanced to be different, as often they are, as both are determined by phases of the moon after the vernal equinox. The differences became so great and earnest that not until the fourth century of the Christian era did the church, which by that time had become a compact organization, settle upon the present method of determining the date.

Like all other holy days, Easter soon became a holiday. According to the dictionary, the words have the same meaning; yet, according to the people, their meanings are very different. In some countries the people dance about a heap of flowers at Easter; in others they distribute colored eggs and have great "egg fights," in which the owner of the hardest egg wins, and the other egg is eaten by the victor. So a man or boy with a very hard egg is able to accumulate the basis of an Easter Monday headache.

In some parts of England it is the proper and necessary thing for women to play ball on Easter Sunday. In other parts of the same island a man has the right to lift three times from the ground any woman whom he may meet, and the woman must pay sixpence or a kiss for the attention, so the local Sandows find themselves in great luck, but on Easter Monday the women have the right to retaliate in like manner.

In Ireland and elsewhere some good people believe that the sun dances on Easter morn, and those who stare long enough at the glowing ball find their eyes nervous enough to see anything of which they may be thinking.

In Russia many men and women greet whoever they may meet on Easter morning with a kiss and the announcement "The Lord is risen." A distinguished American civil engineer was thus greeted a few years ago by an innocent and sweet faced chambermaid at a hotel at St. Petersburg, and no explanations would pacify the gentleman's wife.

One of the most significant and picturesque celebrations of the day is that of the Moravian Christians, of whom there are many congregations in the United States. At Bethlehem, Pa., and other towns where Moravians abound, some musicians with brass instruments go at earliest dawn to the roof of the church and play music, signifying the calling forth of the dead. The people immediately flock to the church and begin the service of the day, most of it being musical. At a given signal the entire congregation rise and, preceded by the ministers and trumpeters, leave the church and march to the cemetery. In Moravian cemeteries all the gravestones are alike—small, flat slabs laid upon the graves, "for," say the simple, literal people, "in the grave all men are equal." The procedure of the service is so timed that the musico-prayerful rejoicing reaches its highest expression just as the sun rises.—New York Journal.

An Easter Game For Children.

A game in which the little ones are interested is played with Easter eggs. The eggs are put in bags, and each child tries to break the egg of the enemy by throwing hers against it. The broken egg is taken prisoner by the owner of the stronger one. One little boy has his eggs all colored and packed away for Easter. They are named for different ships of the United States navy. His little sister's eggs are Spanish ships.—Boston Globe.

THEY KNOW IT

Thousands of people throughout the country know that the ordinary remedies for piles—ointments, suppositories and appliances—will not cure.

The best of them only bring passing relief.

Dr. Leonhardt's Hem-Roid is a tablet taken internally that removes the cause of Piles, hence the cure is permanent. Every package sold carries a guarantee with it.

It is perfectly harmless to the most delicate constitution. A month's treatment in each package. Sold at $1.00. At any drug store, or The Wilson-Fyle Co., Limited, Niagara Falls, Ont. 5

Easter Novelties.

A rush basket, the handles tied with Dresden ribbon, has a tiny duckling peeping out from the nest on top of the covers. These little chicks and ducklings once walked the earth, though they did not tarry long on it, and are not the manufactured imitations of infantile grace in the fowl line which so largely answer the demand at this season. Nothing more cunning can be imagined than two of these little balls of yellow fluffiness snuggled up in a nest. The knowledge, too, that under it is a satin lined box full of candy helps to make it the more convincing.

All these things are imitated, and most successfully, in candy and ices, so that the whole set out—hen, nest, chicks and all—can be eaten. One of the prettiest desserts to order for an Easter dinner or luncheon would be a broken sugar egg, decorated with sugar butterflies and filled with either ice cream chicks or ice cream eggs—just as you please and in as many different colors as you like; or a nest of spun sugar, filled with ice cream eggs, upon which a sugar hen sits, or with some of the eggs broken and a chick ready to step out and a sugar rooster standing by to give sweet encouragement. Little novelties in the way of sorbet cups, a broken egg mounted on wheels and drawn by a rooster, silver eggs on a leaf as little stands would make pretty bonbonnieres and luncheon favors.—Selected.

PHYSICALLY EXHAUSTED?

You're out of joint with everything—lacking in courage—no nerve—scarcely on speaking terms with yourself. Such low spirits are pitiable. Your brain is fagged, vitality exhausted till your nerve-wracked body has gone all to the bad. FERROZONE is what you need.

FERROZONE

IS A BODY-BUILDER, A VITALIZER, A NUTRITIVE TONIC.

It's by making flesh and blood, by infusing iron and oxygen into the system that FERROZONE helps. It repairs the weak spots, instils energy, vim and endurance into worn-out organs—makes you feel like new. Why not use this grand restorative? It lifts age from the old, brings new resilience and buoyancy of spirits to the depressed. Be vigorous, manly, ruddy-colored, cast aside weakness and enter into that happy life that follows the use of FERROZONE.

Ferrozone is sold everywhere in 50c boxes or six for $2.50. By mail from N. C. Polson & Co., Hartford, Conn., U. S. A., and Kingston, Ont.

Some Dainty Easter Conceits

Prevailing Fancies That Convey the Easter Sentiment.

The ideal Easter remembrance is in harmony with the influences of the day, and it covers a multitude of gifts appropriate in every way for the feast, the season and the individual tastes. From the simple Easter card the custom of exchanging gifts at this season has grown almost as widespread as Christmas giving. The Easter displays in the shops in connection with the bright flowers, spring millinery, new goods and other temptations in the way of shoppers are made as much of in a business way. The fashions change, however, and what was considered as thoroughly artistic last year looks just a bit shabby now. The dainty elegance of what is to be had this spring in anticipation of the demand shows the hold the festival has in the popular favor.

The Easter souvenir par excellence is a flower. It represents all the sentiment of nature's reawakening because it is her most choice gift to earth. "Behold the lily in its glory." The odorous and waxy white blossom has grown to be typical of the day, and it is the queen of Easter fragrance and charm. If you know anything at all about flowers—and if you do you are just as sure to love them—it amounts to a post-graduate course in a floral education to stop at a florist's window or walk through the shop.

All the bulbous plants are now in the height of their beauty. The lilies nod their handsome heads in a most patronising way over the tulips, jonquils, azaleas, narcissuses and the fragile lily of the valley. Genesta bushes, gorgeous in their coloring, are valued, as all yellow blossoms are in the spring, for decorative purposes. The blooming marguerites and spirea suggest the quiet of the churches, where so many of them will be used Easter Sunday.

The violets and the pansies are sweeter than ever and no less attractive. No more delightful Easter gift can be imagined than a pot of growing lilies, the earth around them hid-

DAINTY EASTER CONCEITS.

den away under bunches of violets. A pretty jar filled with cut lilies is another, or a box of violets, a bunch of roses, or roses mingled with white lilac. What could be sweeter and more suggestive of the feast? The flowers fade, but the thought which inspired the sending does not, nor that exquisite sense of enjoyment which comes to the receiver.

After flowers the regulation Easter souvenir is most likely to take the shape of candy, books, cards and all the pretty trifles which have grown so fashionable in late years. The long fast from candy which the feminine world is supposed to have been keeping all Lent, both in the interests of piety and health, makes it naturally a most welcome gift. When it comes, hidden away in the beautiful and artistic bonbonnieres which are supposed to be especially suggestive of the season, then the gift is really a joy, if not forever, at least for a good, long time. Three-fourths of all the novelties are either chicken or egg shape or have this suggestion somewhere in their make up.

As an Easter emblem the egg is far ahead of anything else. Why it is so may be partly explained by the fact that the Lenten fast of the early church did not permit the use of eggs any more than meat. At any rate, the egg has the field, and nothing disturbs it. There are eggs of silver, china, glass and every other material, as well as sugar. Some of the china and silver ones are superbly decorated and can be put to many uses as a box. Many of the large ones have music boxes hidden away in them. Tiny silver eggs, adorned with a wishbone or with fat Cupids astride of them, are other forms.

Some of the newest bonbonnieres are made of straw lace braid, so trimmed up with the satin bag lining and the ribbon rosettes that if it was not for the little chick perched in one corner the whole affair might be taken for a new spring bonnet. A pretty doll, dressed in a wattean gown and a much bellowered bonnet on her yellow curls, has concealed under her voluminous petticoats a receptacle for candy.

When it gets right down to the daintiest conceits and surprises, you have to admire the pretty things from Paris. Nothing to approach them are made in this country.—Selected.

MAY BE THE CHAIRMAN.

Sir William Ralph Meredith for Provincial Railway Commission.

Toronto, April 10.—It is said that the Whitney Government will offer the post of chairman of the new Provincial Railway Commission to Chief Justice Sir William Ralph Meredith, and, that the chief justice will accept.

There are indications that he will welcome the opportunity of retiring from the bench.

MAY DIE OF STARVATION.

Hungarian Laborers at Niagara Falls Desert Sick Comrade.

Niagara Falls, Ont., April 10.—But for the casual curiosity on the part of the driver of a butcher's cart, Michele Carowitz, a Hungarian, would have perished of starvation within a few feet of one of the busiest thoroughfares around Niagara Falls. Carowitz was one of a party of Hungarian laborers who have been living in a little house on Portage road, just outside of the city limits at Falls View.

Carowitz developed consumption and became too ill to work. His companions cared for him, but when the completion of the power development threw them out of work they decided to go to some other city.

Carowitz was too ill to take with them, so they calmly went off and left him to his fate. He is likely to die from his long chill and lack of food.

Year For Bigamist.

Brantford, April 10.—The case of Jas. McConnell, for bigamy, was heard at the Police Court yesterday. Prisoner pleaded guilty to being married twice. The two women were present in court and gave evidence as to their marriage, and McConnell would not support them. Prisoner was sentenced to one year in the Central Prison.

Hamilton Man Suicides.

Hamilton, April 10.—"I've done it now," remarked William Anderson, as he seated himself at the window of his brother's barber shop yesterday afternoon, after drinking a fatal dose of carbolic acid. In a short time he fell over unconscious, and he died on the way to the hospital. He had often threatened to end his life. He was 30 years of age, and leaves a widow and two children.

Toronto's Oldest Citizen Dead.

Toronto, April 10.—The death of Daniel Osborne Brooke, which occurred Sunday, removes one of the oldest, if not the oldest, Torontonians, born and raised in the city. Born in 1832, when Toronto was known as Little York, Mr. Brooke had resided here ever since.

Prince Reaches Winnipeg.

Winnipeg, April 10.—Prince Arthur of Connaught arrived in the city yesterday morning and was greeted by a large assembly of citizens. In the evening his highness and suite attended a state dinner at Government house.

Bare Paintings For Fair.

London, April 10.—(C. A. P.)—Dr. Orr has succeeded in getting paintings by the following artists for Toronto Exhibition, Landseer, Constable, Turner, Millais and Leslie. They have been insured for £50,000.

Must Contain Eight Gallons.

Ottawa, April 10.—Retail milk dealers have suggested that instead of an eight-gallon can for milk it should be sold in cans weighing eight pounds. To this Archie Campbell, M. P., who represents the farmers, will not consent.

Where the Irish Go.

London, April 10.—(C. A. P.)—Statistics just issued show that emigrants from Ireland in 1905 to the United States numbered 24,124; to Canada, 3,360, and in Australia, 285.

Open For Navigation.

Brighton, April 10.—Presque Isle Bay is now open for navigation. The strong north winds Sunday night broke up the ice fields and carried the ice out into the lake.

Railway Wreck Near Buffalo.

Buffalo, N.Y., April 10.—An eastbound passenger train on the Erie Railroad was wrecked ten miles west of here last night. Engineer Wallace Russell of Buffalo was caught beneath his overturned engine and crushed to death. Fireman George Griffith, also of Buffalo, was badly scalded.

Postponement of Conference.

Berlin, April 10.—The German Government has suggested an adjournment of the second peace conference at the Hague in order not to interfere with the Berne (Red Cross) conference.

RHEUMATISM

Price 25c. Munyon's Rheumatism Cure seldom fails to relieve pains in legs, arms, back, stiff or swollen joints in a few hours. Positively cures in a few days. It does not put the disease to sleep, but drives it from the system. —MUNYON

is a delight to the eye, and a joy to the palate.

BOTTLED AT THE SPRINGS

A. BOUTETER, Agent, Peterborough

Building Lots for Sale at a Bargain

Two lots on Manning Avenue immediately east of the residence of Mr. J. M. White.

Also two lots west of Erin Property in front of Mount St. Joseph.

These lots will be sold at a bargain as estate is being wound up. Particulars may be obtained by applying to R. M. Glover, Examiner office.

AT THE FIRST SIGN OF "SPRING FEVER" you should take ABBEY'S SALT.

It is the only spring tonic used in thousands of homes to purify and enrich the blood—relieve that feeling of languor—and revitalize brain and body. Highly recommended by the medical profession. 25c and 60c.

A morning glass puts the whole system in trim for the day.

JUDICIAL NOTICE.

To the Creditors of the Peterborough Sugar Company, Limited.

Pursuant to the Winding-up Order made in The High Court of Justice in the matter of the Peterborough Sugar Company, Limited, and in the matter of the Winding-up Act, Chapter 129 of the Revised Statutes of Canada and Amending Acts and dated the 23rd day of February A. D., 1906. The creditors of the above named Company and all others having claims against the said Company, having its head office at the City of Peterborough are on or before the 7th day of May A. D., 1906, to send to R. E. Wood, Esq., Solicitor for the liquidator of the said Company, Peterborough, their Christian and surnames, addresses and descriptions and full particulars of their claims verified by oath and the nature and amount of the securities (if any) held by them and the specified value of such securities or in default thereof they will be peremptorily excluded from the benefits of the said winding-up order.

The undersigned will on the 14th day of May A. D., 1906, at eleven o'clock in the forenoon at his Chambers in the Court House in the City of Peterborough hear the report of the Liquidator on the said claims and let all parties then attend.

Dated this 9th day of April, 1906.

(Signed) C. A. WELLER, Master at Peterborough.

Poundkeepers.—Robert Dixon, Geo. Curtis, David Forsythe, W. J. Deen, Thos. Burke, Herbert Abbott, William Manley, Edward Allen, John R. Allen, M. D. Sullivan.

Fenceviewers.—Con. O'Brien, Pat. O'Grady, Wm. O'Connor, Daniel Moloney, Stewart Brown, Jas. Watson, E. Dunford, Wm. Frankish, George Hamilton, Wm. Barry, Jas. Leahy, treasurer; Wm. Moher, Sr., Lewis Hunter, Richard Sheehan.

On motion Council adjourned to May 24th, to meet as a Court of Revision.

JOHN J. ALLEN, Township Clerk.

Superiority Of Our Banking Methods

Over Those Employed in the United States, the Subject of an Interesting Address by Mr. D. M. Stewar.—The Element of Safety to Depositors the Strong Point of Canadian System.

Speaking before the Canadian Club at Boston some days ago, Mr. D. M. Stewart, general manager of the Sovereign Bank, drew an instructive comparison between Canadian and United States banks, outlining the chief characteristics of the two systems and their relative efficiency in dealing with the problems that confront them. Mr. Stewart said in part:

"In the United States a National bank may commence business on a capital as low as $25,000, the amount being regulated by the population of the place of establishment. One-half of this amount must be paid in cash, but the Government is satisfied with a sworn statement of the directors that this requirement has been complied with, and the only positive proof of bona fide capital it exacts is the deposit of United States Government bonds, whose par value may equal only one-fourth of the bank's paid-up stock,—or, $6,250. In Canada the minimum paid-up capital required is ten times the amount necessary in the United States, namely, $250,000, and this must be deposited in gold with the Dominion Government before the bank can issue a note or do business of any kind.

Single or Plural Control.

"The Canadian system of incorporation, almost of necessity creates a large number of shareholders. The minimum number of directors is five, but there is no limit placed on the number of shareholders a bank may have. There are 34 banks in Canada, and these are owned by some 26,000 shareholders, or an average of about 765 shareholders per bank. In the United States one man frequently controls the entire capital, which is not difficult when the amount is so small as $25,000. The system of regulating a bank's capital by the population is responsible for the creation of hundreds of weak and badly managed institutions all over the United States.

Branch System.

"The National banks of the United States are not allowed to open branches, and it is for the purpose of providing banking facilities in the smaller towns that charters are granted on the low capitalization already mentioned. We therefore find thousands of small banks scattered throughout the country, each one a head office and branch combined, and catering to the purely local wants of the community in which it is established. If the community is rich, the bank will have more loanable capital than it can safely invest, and the temptation to embark in doubtful enterprizes is very great; this has caused the downfall of many a National bank. If the community is poor the available funds of the bank cannot be large, and the progress of its customers is hampered by its inability to accord them proper financial aid. In such case the rate of interest is usually high, but this does not attract outside banking capital because there is no common connection between the bank with more money than it knows what to do with, and the one whose funds are fully invested.

"The advantage of a branch bank to a small community is apparent when you consider that it is identical with, and has all the strength, backing and responsibility of its parent institution in the great financial centre, and that before ever this parent bank could open its doors it had a minimum paid-up capital of $250,000, and a shareholders' liability of $1,000,000.

"In Canada the community in need of money for its legitimate requirements has no difficulty in obtaining it—at a reasonable rate of interest from the wealthier community which has a surplus, as the branch system creates a bond of union between the two.

Equalization of Interest.

"One of the most important results of the branch bank system is the equalization of interest rates throughout the country. The borrower in Vancouver, where there are twelve branch banks and not a single head office, pays no more for the use of money than the same class of borrower two or three thousand miles distant, in Montreal, Toronto or Halifax, where the head offices of the Vancouver banks are respectively situated.

"Another advantage to a small community in having the branch of a large bank instead of a small individual bank, lies in the fact that a branch manager is usually a trained banker accustomed to consider local conditions solely on their merits.

Paper Currency.

"Another important feature of the branch system is its usefulness in the distribution of our paper currency. Putting it briefly there are two absolute essentials to every good paper currency, namely, safety and elasticity.

"The circulation of the American national banks is secured by deposit with the Comptroller of the Currency of the United States Government bonds, whose par value must equal the amount of the note issue. The United States Government would, therefore, have to become bankrupt before the note circulation could become worthless so that there can be no doubt that the national bank note circulation possesses the first essential—safety.

"The Canadian bank note circulation, we think, is equally safe, though secured in a different way. Every bank has to deposit and maintain with the Minister of Finance a sum in gold equal to five per cent. of its outstanding circulation and the fund thus created, though contributed to by all chartered banks is available for redemption of the circulation of any one bank. All the banks thus become responsible for the circulation of one another. But this Redemption Fund is only a small portion of the security. The note circulation is also a first, or prior, lien on the entire assets of the banks.

"As regards the other essential, 'elasticity,' we in Canada think that our paper currency possesses this to a much greater degree than that of our neighbours, and this is admitted by many able American bankers.

Bank Inspection.

Our system of "bank inspection" differs from that prevailing here. In the United States national banks have to report to the comptroller of the currency at certain periods—not less than five times a year—and their affairs are inspected at least once a year by a Government official known as the "bank examiner." This official's examination, though made suddenly and without warning to the bank, has not, however, resulted in the discovery of frauds, and in some cases frauds have been perpetuated for several years continuously without interruption or detection, in spite of an official examination having taken place every year. We have no Government inspection in Canada, but our banks send a detailed report of their condition to the Finance Department, and a circulation return to the Canadian Bankers' Association, as at the close of business on the last day of every month.

Cash Reserves.

"One of the most important points of difference in the two systems is the treatment of the banks' cash reserves. I feel that in taking up this portion of the subject and discussing it in the United States I am quite likely to approach 'thin ice.' In this country the law requires a fixed percentage of cash to be maintained against deposits. In New York and the other 'reserve centres' the proportion is 25 per cent., and at other places 15 per cent. In Canada there is no cash reserve fixed by law. I mentioned that every bank maintains a cash deposit with the Government of 5 per cent. of its outstanding circulation, and that the funds thus created is applicable, if necessary, to the redemption of the notes of any one bank. This is the only compulsory reserve, but it is not applicable to deposits. Of course, every Canadian bank keeps a bold cash reserve against its deposits, but the amount or proportion of such reserve is not fixed by law, this being left entirely to the banks themselves.

The C.P.R. Lost $200 Worth Of Railway Ties

A Destructive Fire in Havelock Yards Recently—Miss Poullin Honoured by Epworth League Friends Prior to Departure—Other Havelock News of Interest—Mr. J. Fowler's New Store Opened Auspiciously—Many Visitors in the Village.

MANY PERSONS GOING TO WEST

Special to The Examiner.

Havelock, April 9.—Mr. and Mrs. John Clark, of Roseneath, are spending a few days in town the guest of Mrs. Wm. Webb.

Miss Pearl Ranten, of Ennis killen, is the guest of Mrs. W. B. Ritchie.

Mrs. (Rev.) McAteer, of Sunderland, is the guest of her sister, Mrs. H. T. Andrews.

Miss Bessie Locke is visiting friends in Lindsay.

Mr. and Mrs. Wm. Webb were the guests of Mrs. Robbins, of Robbins' Landing, for a few days last week.

On Monday afternoon a large pile of ties belonging to the C.P.R. caught fire from some burning grass, and before the flames were extinguished about $200 worth of ties were burned.

Miss Timmerman and also the Misses MWilliams, of Havelock, held their millinery opening on Wednesday of last week.

Mr. Fowler's jewellery store opened on Thursday, April 4. Before leaving Peterborough Mr. and Mrs. Fowler were pleasantly surprised, when a number of their friends gathered at their home to spend the evening and to wish them every success in their new abode.

Miss Edythe Poulton intends leaving for the West in the near future. She has always been a very prominent worker in the Epworth League here, and for some time has held the office of superintendent of the Junior Epworth League.

On Tuesday evening the League held a social in the basement of the Methodist church and presented Miss Poulton with a gold locket, accompanied by the following address:

Miss Poulton,

Superintendent of Havelock Junior League:

Dear Friend,—It is with sincere regret that we contemplate your early removal from us to a distant part of the Dominion. In your departure we realize how great a loss we sustain. Since you became our superintendent you have, by your great ability, your rare tact, and your self-sacrificing, persistent efforts, promoted every interest of the league, so that you are leaving a large, well-organized and prosperous branch.

The good work you have done for the league and the loving interest you have always taken in us command our admiration and have won our hearts. As members of the league, we desire on this occasion to express our thorough appreciation of your character and of your work, and our best wishes for your happiness. May we ask you to accept this gold loket as a small token of the love we bear for you. We trust that for years to come it may bring to your mind pleasant memories of your stay in Havelock and of your relations with the Junior League.

Signed on behalf of the league.

Ray Williams, President.
Elma Patterson, Vice-Pres.
Claude Riley.

Miss Poulton in a brief reply expressed her thanks for their kindness and her regret at leaving them.

Mr. C. A. Ghent was in Peterborough on Monday.

Mr. H. T. Andrews leaves on Saturday for the Northwest.

The Misses Bryans, of town, were in Norwood on Friday evening attending the High School "at-home," the guests of the Misses Foster.

Mr. R. E. White attended the High School "at-home" in Norwood on Friday night.

Miss Annie Nichol spent a few days with friends last week previous to her departure for the West.

Messrs. Bennett and Young attended the Norwood High School "at-home" on Friday evening of last week.

Mr. and Mrs. P. Reynolds, of Norwood, are spending a few days in town the guests of their daughter, Mrs. John Rathwell.

Mr. and Mrs. Geo. Keefer, Mr. and Mrs. Geo. Mills, Mr. and Mrs. A. S. Harrison, Mr. and Mrs. Geo. Duffield, Mr. and Mrs. Wm. Richardson and Mr. and Mrs. M. R. Callander, all of Norwood, spent a social evening with Mrs. J. Craig, of town.

Miss Blanche McWilliams and the Misses Moffat, of Marmora, spent Sunday with friends in town.

Mr. Gordon McIntosh, of town, spent Sunday with friends in Marmora.

Three heavily-loaded trains of immigrants passed through Havelock on Sunday.

Mr. and Mrs. H. T. Andrews spent Sunday at Mrs. Andrew's home in Norwood.

Mrs. Jas. Johnston and Mrs. John Brown, of Roseneath, spent Monday with friends in town.

We take your word for it and refund money

IF GIN PILLS FAIL TO CURE

Even after you buy GIN PILLS, your money is yours until you say that GIN PILLS have done you good. Every box of this famous Kidney Cure is sold with a positive guarantee that the pills will give welcome relief from Backache, Swollen Hands and Feet, Burning Urine, constant desire to urinate, and all other kidney and bladder troubles. If you pay 50c for a box of GIN PILLS, and do not honestly believe that they have done you good, and are curing you of kidney or bladder trouble, return the empty box to your druggist and he will refund your money. And because we know that you want to be cured your simple word shall decide.

WALKERTON, Ont., Feb. 28th, 1905.

Adolph Misch, one of my customers, says of Gin pills:—"I have used all the different kinds of kidney pills and tried several doctors, but none of them did me any good. I got a sample box of Gin Pills, and since have used two boxes and am completely cured."

Peter McGarrity says:—"They are the best kidney pill I ever used, and I would recommend anyone to buy them."

C. W. CRYDERMAN, Druggist.

Buy GIN PILLS on our positive and unconditional guarantee of money back if they fail. Send us your name and address, mentioning in what paper you saw this offer, and we will send you a free sample box of these famous pills that cure. Sold by all druggists at 50c a box, or 6 boxes for $2.50

THE SOLE DRUG CO. WINNIPEG, Man

Tired Doctoring!

How many people in Canada are **tired doctoring?** How many have gone from one doctor to another searching for the health they cannot find? How many, disheartened and hopeless, are wondering to-day if all the sunshine and pleasure had gone out of life forever! They are the ones to whom Psychine is recommended by people who were once as they are but to-day are healthy and happy. We can only mention a very few of the many here, but listen to what they have to say. It's the grandest news ever given to suffering men and women:—

MR. JAMES HERRELL, Springhill, N. S.—

"I was taken down with La Grippe, then Pneumonia and Typhoid Fever, which soon affected my lungs. I was under the care of several physicians, who regarded my case as hopeless, I found a cure in Phychine."

MISS ELLA WOOD, Brownsville, Ont.—

"I was so weak I could hardly drag myself across the floor. I could not sweep the carpet under any consideration. Many times I dropped utterly helpless from fatique. I found a cure in Psychine."

MR. ALEX. MATHESON, Braemar, Ont.—

"My physician advised me to go to another climate. He told me that my lungs were seriously affected and that I could only live a short time. I found a cure in Phychine."

MISS ADA M. CHILDS, Florence, Ont.—

For many months my father had a very bad cough and heumatism through his chest. He suffered great tortures, and had given up all hope of recovery. He found a cure in Psychine."

MR. BRYCE ALLEN, Jarvis, Ont.—

"I tried medicines, and doctors prescribed for me, but I got no relief. With lungs and stomach diseased, nervous, weak and wasted, I began to use Psychine. With two months' treatment I found a cure in Psychine."

These people were **tired doctoring,** just as you are. They thought life held nothing for them but pain and suffering and that terrible feeling of weakness and despondency. They found new life in Psychine and what the great tonic and germ killer has done for them it will do for you. It stops the ravages of disease and repairs the damage done. The greatest builder-up of week men and women ever given to the public, the greatest of all spring medicines is

PSYCHINE

(Pronounced Si-Keen)

50c Per Bottle

Larger sizes $1. and $2. At all Druggists.

ST. MARK'S—OTONABEE

Next Sunday, Easter Sunday, the Holy Communion will be administered. The church directs that each church member should at least communicate three times during the year, of which Easter should be one.

The choir of St. Luke's church will repeat the Easter music at St. Mark's, on Sunday, April 22.

The Easter vestry meeting will be held at St. Mark's on Tuesday, April 17, at 7.30 p.m.

The TERRIBLE PANGS OF DYSPEPSIA CAN BE CURED

To be dyspeptic is to be miserable, hopeless, confused and depressed in mind, forgetful, irresolute, drowsy, languid and useless.

Constipation, headache, heartburn, sour stomach, distress after eating, belching of wind, faintness, and fullness and distention of the stomach are a few of the many distressing symptoms of the poor, weary dyspeptic.

Dyspepsia is a disease that in one way or another resembles nearly every other disease, and the only way to get rid of it is to tone up the stomach, liver, bowels and blood. This will be quickly done by the use of

BURDOCK BLOOD BITTERS

It regulates the stomach, stimulates the secretion of the saliva and gastric juice to facilitate digestion, removes acidity, purifies the blood, and tones up the entire system.

Mrs. M. A. McNeil, Brook Village, N.S., writes: "Last winter I was very thin and was fast loosing flesh owing to the run down state of my system. I suffered from dyspepsia, loss of appetite and bad blood. I tried everything I could get but to no purpose. I finally started to use Burdock Blood Bitters, and from the first day I felt the good effects of the medicine and am strong and well again. I can eat anything now without any ill after effects. It gives me great pleasure to recommend Burdock Blood Bitters, for I feel it saved my life."

Synopsis Of Canadian North-West HOMESTEAD REGULATIONS

Any even numbered section of Dominion Lands in Manitoba or the North-west Provinces, excepting 8 and 26, not reserved, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section, of 160 acres, more or less.

Entry may be made personally at the local land office for the district in which the land to be taken is situated, or if the homesteader resides, he may, on application to the Minister of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, or the local agent for the district in which the land is situate, receive authority for some one to make entry for him.

Homestead Duties.—A settler who has been granted an entry for a homestead is required to perform the conditions connected therewith under one of the following plans:—

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

(2) If the father (or mother, if the father is deceased) of any person who is eligible to make a homestead entry under the provisions of this Act, resides upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon the said land.

Application for patent should be made at the end of three years, before the Local Agent, Sub-Agent or the Homestead Inspector.

Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands at Ottawa of his intention to do so.

W. W. CORY,
Deputy of the Minister of the Interior.

TENDERS FOR DREDGING.

Tenders addressed to the undersigned and endorsed "Tender for Dredging," will be received up to and including Wednesday, April 18, 1906, for the dredging required at the following places in the Province of Ontario during the present year: Penetanguishene, Meaford, Fesserton, Goderich, Point Edward, Port Stanley, Port Burwell, Bondeau, River Thames (mouth), Owen Sound, Nigger Island Channel, and Trenton.

Combined specifications and forms of tender be obtained at the Department of Public Works, Ottawa. Tenders must include the towing of the plant to and from the works. Only dredges can be employed which are registered in Canada at the time of filing of tenders. Contractors must be ready to begin work within thirty days after the date they have been notified of the acceptance of their tender.

The Department is not bound to accept the lowest or any of the tenders.

By order,
FRED. GELINAS,
Secretary.

Department of Public Works,
Ottawa, April 3, 1906.

Newspapers inserting this advertisement without authority from the Department will no the paid for it.

TENDERS FOR ISLAND.

Sealed Tenders, addressed to the undersigned and marked on the envelope "Tender for Hickory Island", will be received until Wednesday, the Twenty-fifth day of April next, at Noon, for the purchase of Hickory or Balsam Island, situate in Rice Lake, County of Northumberland, containing an area of 11 1-2 acres.

Tenderers should state the amount they are willing to pay in cash for this Island, and an accepted cheque, or cash, for ten per cent., of the amount tendered should accompany each tender, which the successful tenderer, in the event of failure to complete the purchase within one month from the date of the award, shall forfeit to the Department.

The Island is offered for sale subject to a reserved price

The highest or any tender will not necessarily be accepted and the unauthorized insertion of this advertisement in any Newspaper will not be paid for.

J. D. McLEAN,
Secretary.

Department of Indian Affairs,
Ottawa, 31st March, 1906.

6475.

Sealed tenders addressed to the undersigned, and endorsed "Tender for Armoury at Guelph, Ont.," will be received at this office until Tuesday, May 1, 1906, inclusively, for the construction of an Armoury at Guelph, Ont.

Plans and specifications can be seen and forms of tender obtained at this Department or on application to the caretaker of Public Building, Guelph, Ont.

Persons tendering are notified that tenders will not be considered unless made on the printed form supplied, and signed with their actual signatures.

Each tender must be accompanied by an accepted cheque on a chartered bank, made payable to the order of the Honourable the Minister of Public Works, equal to ten per cent. (10 p.c.) of the amount of the tender, which will be forfeited if the party tendering decline to enter into a contract when called upon to do so, or if he fail to complete the work contracted for. If the tender be not accepted the cheque will be returned.

The Department does not bind itself to accept the lowest or any tender.

By order,
FRED. GELINAS,
Secretary.

Department of Public Works,
Ottawa, April 7, 1906.

Newspapers inserting this advertisement without authority from the Department, will not be paid for it.

Scenes Of Horror Followed Fall Of Market Hall

Market Place At Naples Turned Into a Shambles.

WHEN THE ROOF COLLAPSED

From the Immense Weight of Vesuvian Cinders and Ashes—Dead Number 12, Two Mortally, 24 Dangerously Hurt and Over 100 Seriously Injured — Volcanic Disaster of 1906 Is Like Pompeii's

Naples, April 11.—When morning broke yesterday the outlook was promising for an amelioration of the conditions consequent upon the activity of Mount Vesuvius. The hopefulness of the populace, however, was shortlived, and condition bordering on frenzy by the collapse, under the weight of ashes from the volcano, of the Mount Oliveto Market, which covered a plot of ground 600 feet square, the structure falling upon 200 or more persons, of whom twelve were killed, two mortally and 24 dangerously hurt and 100 less seriously injured. Several of the dead were crushed and mangled beyond recognition. The scenes in the vicinity of the ruins were most agonizing, relatives of the victims clamoring to be allowed to go to their dead or dying. Only by the firm intervention of the police and carbineers was it possible to keep back the crowd from overwhelming those who were engaged in the work of rescue.

From Life to Death.

The courtyard covers 600 feet square and was roofed. The space within was unusually crowded with buyers and their children, the accident happening at the hour of the day when trade is most brisk. Rival displays of flowers, fruits and vegetables contended for buyers, while market-women screamed their wares and joked with their customers. Little children played about the stands, adding gaiety to the scene, the line of which is not to be witnessed outside of Naples.

Suddenly, with scarcely a tremor of warning, there was a terrifying crash and the brilliant sight disappeared in a cloud of dust, while shrieks of agony rent the air.

Widespread Devastation.

Terrifying news reached the city yesterday morning from points throughout the district surrounding Ottajano. The reports indicate that an enormous area is buried beneath ashes and cinders. The present disaster is looked upon as a repetition of the catastrophes to Pompeii and Herculaneum, except in this instance the loss of life is less.

Efforts on the part of the press representatives and the authorities to ascertain the exact number of those who have already fallen victims to the eruptions of Vesuvius are almost fruitless, from the fact that the buried villages are impossible of access, and, further, because the people who fled when their houses began to fall have scattered throughout the country districts.

Fate of Children Unknown.

The fate of many children at Ottajano is unknown. When the military carts arrived at the scene of the disaster Monday night the soldiers arranged to have the children and aged people get into the carts, but when the vehicles had gone a few hundred feet it was found that, although there were four horses harnessed to each wagon, they could not pull their loads through the deep ashes. This caused a panic among the children, who expected to be buried in the ashes from the volcano, and they fled in all directions in the darkness and blinding rain, and have not since been heard of.

Several lads in Boscotrecase, who were unharmed when the danger following the eruptions of Mount Vesuvius seemed most imminent, subsequently ventured to walk on the cooling lava. They went too far and the crust broke under their weight. They were swallowed up before the helpless onlookers.

Lava Flows Again.

The flow of lava from the volcano which had almost ceased during the night, recommenced early yesterday, and the fall of volcanic ejecta in the Vesuvian communes has been enormous. It is feared that the weight of ashes on roofs will cause the collapse of many more buildings, both here and in the towns and villages near the volcano.

Director Matteucci, who continues at his post in the observatory, telegraphed last night that the volcano was generally calm Monday night, with occasional sharp explosions, these becoming more violent towards morning. Director Matteucci says his seismic instruments indicates great subterranean agitation.

King Victor Emmanuel and Queen Helena have forwarded to Premier Sonnino, who is here, $20,000 to be applied towards the relief of the sufferers by the volcano.

Finding the Victims.

The scenes at Ottajano when the first victims were unearthed there were most horrible. The positions of the bodies showed that the victims had died while in a state of great terror, the faces being convulsed with fear.

Many tales are told of heroic rescues on the part of the soldiers sent to the assistance of the sufferers at Ottajano and elsewhere. One man rode his horse through the ashes, reaching up to its flanks, at Ottajano, calling out, "Who wants help? Who wants help?" He was rewarded by hearing a woman's voice reply in weak tones, and, springing from his horse, found her in a ruined house, with three children dead beside her. The soldier picked the woman up in his arms and carried her to a place of safety, where it was found that both her legs were broken and that she had been badly crushed about the body.

The number of dead taken from the church at San Giuseppe, which collapsed Monday, while a congregation of about 200 persons were attending mass, is 26. There were 79 severely injured.

Nervous Diseases No Longer a Fad

ALL CLASSES NOW SUFFER FROM EXHAUSTED NERVES—SPLENDID RESULTS OBTAINED FROM THE USE OF

Dr. Chase's Nerve Food

"The breakdown of the nervous system is no mere society craze from which it is fashionable to suffer, but is becoming a national calamity which bids fair to rob our descendants of many of those qualities which have done so much to make this empire what it is," writes Dr. Guthrie Hankin, an eminent London physician.

The keen competition of life is now felt in all grades of society, and as the result prostration, paralysis and insanity are becoming more and more common as the natural outcome of exhausted nerves.

Sleeplessness, irritability, indigestion, headache and general lack of energy and ambition are among the early indications of nervous troubles, and with women the result is not infrequently derangements and irregularities of the feminine organism.

If a committee of experts on diseases of the nerves were to prescribe for you they would give you just such a formula as that of Dr. Chase's Nerve Food, for this medicine is composed of the most powerful nerve restoratives known to medical science.

This is no idle boast, as we shall be pleased to prove to you if you will have your physician call at these offices and examine the formula.

What we consider as better proof of what Dr. Chase's Nerve Food will do for you is to be found in the letters of recommendation published from time to time in Dr. Chase's Almanac and in the newspapers of this country.

Naturally and gradually this great food cure forms new, rich blood, the substance from which the brain creates new nerve force. This is the only means by which diseases of the nerves can be actually cured. Stimulants and narcotics give temporary relief, but with great expense to the nervous system. Dr. Chase's Nerve Food slowly but certainly revitalizes the wasted nerve cells and by filling the body with vitality overcomes pain, sickness and disease.

A favourite means of proving this is by noting your increase in weight while using this medicine. Dr. Chase's Nerve Food, 50 cents a box, 6 boxes for $2.50, at all dealers or Edmanson, Bates & Co., Toronto.

WHAT OPERATORS WILL DO.

Arbitration Scheme Proposed by Them —Independents Express Views.

New York, April 11.—A counter proposition was made by the anthracite coal operators at their meeting yesterday with the representatives of the United Mine Workers of America. This proposition rejects the arbitration plan offered by John Mitchell, president of the United Mine Workers, and suggests the following instead:

The anthracite coal commission of 1903 should be requested to reconvene and consider whether any circumstances have arisen since April 1, 1903, which would justify a modification of its award of that date, in respect only to the following subjects:

(1) Wages.

(2) As to adjustments of complaints through the conciliation board, or otherwise.

Award to Bind For Three Years.

Any new award of the commission shall be binding for a period of three years.

The joint conference adjourned after having been in session about half an hour, to meet again on Thursday, at 1.30 p. m.

President Mitchell would not comment on the answer of the operators, but said the meeting of the scale committee, held last night, would consider it.

At the close of the meeting, a copy of a letter from independent operators who held a meeting at Wilkes-Barre yesterday, to the operators' committee, was made public. The letter expressed the conviction of the independent operators, that any agreement to arbitrate with the United Mine Workers would be an unjustifiable surrender to anarchy and mob violence.

Make Consumers Pay.

The independents also suggested that any increase in the cost of production could be added at once to the market price of coal. On this point, the letter said:

"If consumers (naturally, perhaps, thinking only of their own comfort and convenience) are so indifferent to the demands of law and order as to compel us to abandon a contest for right and decent government, that we are ready, if necessary, to undertake, they should pay the cost of the surrender that they compel."

HEAD TAKEN FROM BODY.

Brantford Workman Is Killed by Grand Trunk Yard Engine.

Brantford, April 10.—George Blanche, an employe of the Brantford Carriage Co., was killed instantly by a Grand Trunk yard engine while returning from work.

He was coming down the track and was overtaken by the engine which struck him.

The engine ran over him, completely severing his head from the body.

An inquest was held last night.

LIVERPOOL GRAIN AND PRODUCE.

Liverpool, April 10.—Wheat—Spot nominal; futures quiet; May, 6s 7¼d; July, 6s 6¾d; Sept., 6s 6¼d.

Corn—Spot steady; American mixed, new 4s 3d; American mixed, old 4s 7d; futures quiet; May, 4s 4½d; July, 4s 3¾d.

Bacon—Cumberland cut firm, 50s.

Lard—Prime western, in tierces, strong, 42s 6d; American refined, in pails, firm, 44s 6d.

Linseed Oil—23s.

Receipts of wheat during the past three days 102,000 centals, including 68,000 American.

Receipts of American corn during the past three days 70,1000 centals.

NEW YORK DAIRY MARKET.

New York, April 10.—Butter—Steady; receipts, 7785; state dairy, common to extra, 14c to 20¼c.

Cheese—Firm, unchanged; receipts, 3418.

Eggs—Easy; receipts, 25,269; state, Pennsylvania and near-by fancy selected, white, 21c; do. choice, 19c to 20c; do. mixed extra, 19c; western firsts, 18c; do. seconds, 17½c; southerns, 16½c to 18c.

CATTLE MARKETS.

Cables Unchanged—U. S. Markets About Steady.

London, April 10.—Cattle are quoted at 10½c to 11¾c per lb.; refrigerator beef, 8¾c per lb.; sheep, dressed, 12c to 16c per lb.; lambs, 17c, dressed weight.

TORONTO LIVE STOCK.

Toronto, April 10.—Receipts of live stock at the city market, as reported by the railways, were 58 car loads, composed of 793 cattle, 539 hogs, 336 sheep and 372 calves.

Exporters.

Two or three loads of exporters sold at $4.75 to $5 per cwt. Export bulls sold at $3.75 to $4.12½ per cwt.

Butchers.

Trade in butchers' cattle was slow, there being few buyers from outside points. Picked lots sold at $4.75 to $5 per cwt., with few at latter price; loads of good, $4.50 to $4.65; medium mixed at $4 to $4.25; cows, $3 to $4.25 per cwt.

Feeders and Stockers.

Trade in stockers and feeders was steady at following quotations: best shortkeeps, 1150 to 1250 lbs., at $4.50 to $4.75; medium short-keeps, 1150 to 1250 lbs., at $4.40 to $4.60; best feeders, 950 to 1100 lbs., at $4 to $4.40; medium feeders, 950 to 1100 lbs., at $3.85 to $4.25; best feeders, 800 to 950 lbs., at $3.60 to $4; medium feeders, 800 to 950 lbs., at $3.85 to $3.65; best stockers, 500 to 750 lbs., at $3.30 to $3.50; best stock heifers, 500 to 750 lbs., at $3.10 to $3.35; common stockers, $2.75 to $3.

Milch Cows.

About 15 milch cows and springers sold at $30 to $57 each, with only one at the latter price.

Veal Calves.

Deliveries of veal calves were large, but out of the whole lot there was not one choice calf.

"Bobs" were plentiful and prices ranged from $3 to $6 per cwt. for the kinds that were on sale to-day. But had there been a few prime new milk-fed calves they would have brought $7 to $8 per cwt.

Sheep and Lambs.

Deliveries were not large, but prices of export sheep and yearlings lambs were quoted 22c per cwt. lower. Export ewes, $4.75 to $5.50; bucks, $4.50 to $5 per cwt.; yearling lambs, $7 to $7.60 per cwt for choice ewes and wethers; mixed lots at $5.50 to $6.50. Spring lambs were plentiful, but they were a poor lot, that ought to have been left out with their mothers for a couple of months longer. Prices ranged from $3 to $7 each. The best spring lamb was bought by J. H. Wickson, butcher at St. Lawrence market. This lamb weighed 70 lbs. and cost $8.50, and was cheap considering that it was the best lamb seen on the market this season.

Hogs.

Deliveries were not large and prices are reported unchanged by Mr. Harris. Selects sold at $7.25 and lights and fats at $7 per cwt.; sows, $4 to $5 per cwt.; stags at $3 to $4 per cwt.

EAST BUFFALO CATTLE MARKET.

East Buffalo, April 10.—Cattle—Receipts, 175 head; firm; prices unchanged.

Veals—Receipts, 75 head; active and 25c lower; $5 to $7.75.

Hogs—Receipts, 2100 head; steady; active on heavy; slow on light; heavy, mixed and Yorkers, $6.70 to $6.75; pigs, $6.60 to $6.65; roughs, $6 to $6.30; stags, $4.25 to $4.75.

Sheep and Lambs—Receipts, 1200 head; slow and steady; unchanged.

NEW YORK LIVE STOCK.

New York, April 10.—Beeves—Receipts, 361, all for slaughterers except one car; nothing doing; feeling steady. Exports today, 850 cattle, 1073 sheep and 3629 quarters of beef; to-morrow, 50 sheep and 2800 quarters of beef.

Calves—Receipts, 243; market steady; common to fair veals, $4 to $6; no prime or really good here.

Sheep and Lambs—Receipts, 428; market quiet, but steady; good unshorn sheep, $5.75; fair unshorn lambs, $6.60; spring lambs, $6.00 to $8 per head.

Hogs—Receipts, 6129; all for slaughterers; none for sale on live weight; nominally a trifle weak.

CHICAGO LIVE STOCK.

Chicago, April 10.—Cattle—Receipts, 4000; firm; common to prime steers, $4 to $6.40; cows, $3.25 to $4.80; heifers, $2.75 to $5; bulls, $2.60 to $4.25; calves, $2.75 to $7; stockers and feeders, $2.75 to $4.75.

Hogs—Receipts, 30,000; strong; choice to prime, medium, $6.45 to $6.55; medium to good, heavy, $6.40 to $6.45; butchers' weights, $6.45 to $6.52½; good to choice, heavy, mixed, $6.40 to $6.45; packing, $6.30 to $6.45.

Sheep and Lambs—Receipts, 15,000; steady and dull; sheep, $4.25 to $6.50; yearlings, $5.75 to $6.25; lambs, $4.75 to $6.60.

Witness Paid to Disappear.

Brandon, Man., April 11.—Last fall Sadie Mefford charged one Freedman with theft of jewelry, and the case was to have been tried at the spring Assizes. The woman, however, could not be found to testify. She was afterwards located in Winnipeg and has been brought back. She says she received $550 to leave the city until May 1.

May Be the Murderer.

Montreal, April 11.—The Montreal detectives have James Hackett, a steel worker, 28 years of age, and they claim he is the murderer of little Ida Ahern. The prisoner's wife claims he was home at the time of the murder, while this is flatly denied by neighbors.

A Stabbing Affray.

Ottawa, April 9.—Alphone Richard, aged about 30 years, is in the hospital badly stabbed about the abdomen, the result of a drunken brawl early yesterday morning. Napoleon Roy is in Hull jail awaiting the issue. Roy has a nasty cut on the head from a stone thrown by Richard.

Farmer's Bad Accident.

Brockville, April 9.—A farmer, named Robert Grey, will lose his left hand as the result of an accident. His coat sleeve became entangled in the moving cogwheels of a well-drilling machine, and the forearm was ground almost to a pulp.

BOTH FOOD AND MEDICINE.

We like best to call Scott's Emulsion a food-medicine. It is a term that aptly describes the character and action of our Emulsion. More than a medicine—more than a food, yet combining the vital principles of both. It is for this reason that Scott's Emulsion has a distinct and special value in all wasting diseases. There is nothing better to remedy the troubles of imperfect growth and delicate health in children. The action of Scott's Emulsion is just as effective in treating weakness and wasting in adults.

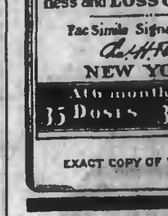
Cured her Father's Drunkenness by a Simple Remedy.

Saves her father from a drunkard's grave. Free sample of Samaria Emulsion Prescription absolutely checks the drinking and leads to a complete cure.



"It seemed hopeless to keep father from drinking, and we all felt the disgrace. When things were at their worst a friend advised me to try Samaria. I saw that you offered a free sample treatment and that the remedy was tasteless and could be given secretly. I determined to try it, and, have been glad every day since. The full treatment, which I gave him in his tea, cured him, and I am pleased to say he never touches whiskey now. How glad I am that I wrote you and how happy we all are together. Father says that he could never have stopped drinking of his own accord."

Free Package and pamphlet giving full particulars, testimonials and price sent in plain sealed envelope. Correspondence sacredly confidential. Address: THE SAMARIA REMEDY CO., 19 Jordan Chambers, Jordan St., Toronto, Canada.

Also for sale by H. S. Macdonald.

Office.—In his old stand, over China Hall, Corner of George and Simcoe streets.

JOS. PENTLAND
DENTIST
DENTAL OFFICE centrally located on east side of George St., over Alex. Gibson's jewelry store, and opposite Bank of Fair & Co's.

SKIN ECZEMA IN WORST FORM

Black Splotches All Over Face—Produced Severe Itching—Year's Treatment by Physicians Did No Good and Became Despondent—Affected Parts Now Clear as Ever—Alabama Lady's

CURE BY THE CUTICURA REMEDIES

"About four years ago I was afflicted with black splotches all over my face and a few covering my body, which produced a severe itching irritation, and which caused me a great deal of annoyance and suffering, to such an extent that I was forced to call in two of the leading physicians of my town. After a thorough examination of the dreaded complaint they announced it to be skin eczema in its worst form. They treated me for the same for the length of one year, but the treatment did me no good.

"Finally I became despondent and decided to discontinue their services. Shortly afterwards, my husband in reading a copy of a weekly New York paper saw an advertisement of the Cuticura Remedies. He purchased the entire outfit, and after using the contents of the first bottle of Cuticura Resolvent in connection with the Cuticura Soap and Ointment, the breaking out entirely stopped. I continued the use of the Cuticura Remedies for six months, and after that every splotch was entirely gone and the affected parts were left as clear as ever. I have not felt a symptom of the eczema since, which was three years ago.

"The Cuticura Remedies not only cured me of that dreadful disease, eczema, but other complicated troubles as well; and I have been the means of others being cured of the same disease by the Cuticura Remedies, and I don't hesitate in saying that the Resolvent is the best blood medicine that the world has ever known." Lizzie E. Sledge,

540 Jones Ave.,

Oct. 28, 1905. Selma, Ala.

Sold throughout the world. Cuticura Soap, Ointment, and Resolvent, (also in form of Chocolate Coated Pills, in vial of 60) may be had of all druggists. Potter Drug & Chem. Corp., Sole Props., Boston, Mass., U. S. A.

Mailed Free, "The Cuticura Skin Book," and "How to Cure Disfiguring Humours."

Opposition to Annexation by Monaghan Council

The Business Transacted at the Latest Sitting.

Special to The Examiner.

North Monaghan, April 10th. — The council met in the town hall on the 9th inst., at 1.30 p.m. There were present the reeve, Mr. J. Madill, and Councillors Brown, Holmes and Morrow.

The minutes of the last meeting were read and confirmed.

A communication was presented and read from S. R. Armstrong, city clerk of Peterborough, enclosing a copy of the resolution of the city council asking the council to consent to the annexation to the city of the property known as the Sugar Company property, and now owned by the Toronto Real Estate Co.

Accounts were handed in from J. E. A. Fitzgerald, wood for Mrs. Close, $5; J. R. Bell, goods for Mrs. Close, $2. These accounts were passed and ordered to be paid.

Mr. R. F. McWilliams and Mr. G. Duncan, representing the city council of the city of Peterborough, attended the meeting, and in the interests of the city urged the township council to assent to the proposed annexation as applied for. Mr. McWilliams explained fully the negotiations that have led up to the proposition, and stated that the city council were anxious to grant concessions so as to secure the establishment of the Brinton carpet factory and other industries upon the property.

The reeve suggested that the township would probably consent to give a fixed assessment to these industries and the council expressed the opinion that a more satisfying arrangement would be the annexing of all the portions of lots 15 and 16 lying adjacent to the city and thus avoid the condition of an irregular and poorly defined boundary between the two municipalities.

Mr. McWilliams stated that while the city would agree to annex all of these properties yet they could not consent to give anything further than the ordinary assessment, and other advantages in the city.

After considerable discussion it was moved by Mr. Holmes and seconded by Mr. Morrow, that the application of the city of Peterborough for the consent of the council of the township of North Monaghan to the annexing of the property known as the Sugar Company's property to the city be referred to a committee of the whole council and the township solicitor, and in order to give all parties affected an opportunity to consider the proposition and with a view to take such action as may be in the interests of those concerned that this committee meet with a committee of the city council in Peterborough on Thursday, April 12th inst., at 2 p.m. —Carried.

Moved by Messrs. Holmes and Brown, that the application of the township treasurer for an increase of salary be left in the hands of the reeve and clerk Morrow.—Carried.

The auditors report for 1905 was received and the clerk instructed to have the same published according to law.

By-law No. 564 to appoint a collector and fix the amount of security, etc., for 1906, was then read and finally passed, signed and sealed.

Council then adjourned until May 14th, at 7 o'clock p.m.

Modern Methods Of Construction

Great Advances Made in This Line in Recent Years---An Expert Treatise of Interest to Builders--Sanitation and Health Now Occupy Much Attention.

The handling and using of materials in the body of a building absorb a large proportion of an entire contract. This is true whether the requisite labour be performed by manual—i.e., by "hands"—or by means of properly adapted machines. All and every available means of reducing the cost of the labour items is restored to in order to minimise the entire cost as much as possible in a competition. Expedition in building in not yet made a special feature of contracts generally. The quick completion of a building both of frame and finishing the interior throughout, encourage the employment of capital in building investments. Early commerce is invited by the sooner prospective returns upon the investments for business purposes. To what extent speedy building is a benefactor cannot be estimated in all cases, but as nightwork became necessary in the city, in some instances it clearly shows that quick contract building is appreciated and worth encouraging at times.

Labour and Material.

The relation of labour varies with the kind of materials used, the character and class of workmanship, and the prevailing rate of wages. Considering the rough work of the carcass of a building, the labour estimate approximates about one-half the prime cost of the materials, or about a third part of the sum of both. This is about the proportion in ordinary brickwork, drainage work, and carpentry, but in masonry, on the other hand, it may be classed with joinery at about double the first cost of the materials used.

Machines and "Hands."

Excavation is nearly all hand, with more or less barrow labour, except when sufficiently extensive jobs can economically employ machine excavators. The excavated material is seldom of any value except when sand for mortar, gravel for concrete, bricks in old foundations, etc., are included in the site. Travelling cranes on tramways traversing the site, with steam or electric power, if available are useful, and quicken the loading upon carts, wagons, etc. The Scotch derrick mounted upon three anchored legs or two derricks upon four legs saves a great deal of labour. It accomplishes the same amount of distribution much quicker, with much less chances of injury to the materials and strain to the building.

Ready-Made Slabs.

In modern methods, for the purpose of economising time in expeditious work, there are various ready-made applications which may be adopted if so specified. Fire-proof and sound proof slabs for ceilings, wall linings partitions, have facing ready to receive a finishing coat, other kinds are ready for papering, and others, again have a finishing surface, and in the case of partitions require no studing. Such slabs, blocks and plates are fixed in place by the producers' experts or by the contractor if preferred. All such expedients avoid the dampness unavoidable with ordinary plastering work when rooms or chambers are to be immediately occupied on hurried completion. The delay inseparable from ordinary plastering of, say three-coat work, especially in damp wintry weather, makes its adoption impossible in work requiring to be done in an expeditious manner. Specialties are provided of other kinds for hospitals, asylums, and other such public buildings. The finishing coat can be applied a few hours after the rendering coat has been done, the two coats being sufficiently strong, hard, and elastic as to free the application from cracking marks. Such preparations are usually fire-resisting when applied on metal lathing.

Sanitation and Health.

More attention is now given to conditions which impair the health of the occupants than formerly. Builders—i.e., the building owners—and architects are necessarily required to provide such improvements as shall best meet or minimize to these important conditions. Dryness is an essential to health. Dampness besides being unhealthy is uncommercial, as heat is absorbed by the evaporation of the moisture on the surface. Heat is thus radiated from the occupants, with injurious results resulting to the constitution. The quantity of moisture in a brick wall is never realised by the occupants of a new house, which has always damp brick walls. In a house in which there are about 23 rods of brick walling of 1 1-2 brick thick it will have an interior surface of about 700 square yards. If so, such walling absorbs in its construction about 7 per cent. of its weight. It will represent moisture to the extent of 14.3 gallons, or one gallon in 49 square yards of the interior brick walling. Suppose a corner room have 30 yards superficial of outer walling, then the moisture of a new wall to be evaporated is roughly three-fifths of a gallon. Some thick masonry walls remain damp in the centre for several years, which has led to the construction of hollow walls in order to have dry rooms. The porosity of masonry, brick-work, etc., has likewise helped to introduce this new material.

Hollow Walls.

Hollow walls, although usually confined to dwellings, should have a more extended use, as warehoused goods of certain kinds, may be injuriously affected by damp new walls as well as the occupants of offices. The porosity of brick, stone and plaster have high coefficients, and admit of a spontaneous change of air and gasses when dry. Porous walls absorb the moisture of the breath, of the combustion of gas oil, and candle lights, and thus absorb organic and other impurities liable to decay and the wall thus becomes a source of impurity to the occupants. Evaporation from damp walls cools the air of the rooms. Hollow walls are usually built with 4 1-2 inch of brick work externally, with a 2 inch or 2 1-2 inch cavity between it and the inner wall. The walls are tied together by iron cramps, forked at the ends, which fail into the froks of the bricks. The savity is ventilated by air bricks at the bottom and under the eaves. The cramps have a segment cored in the centre to prevent moisture arising and passing to the interior of the house. They are tarred and sanded to prevent rusting. The cavity and ties are kept free from mortar droppings by haybands which are lifted as the courses of brick rise. The door and window openings have over the arches an apron of five pound lead of wall. It extends through the outer thickness, across the cavity, and projecting about one half inch from the face has a two inch turn-up against the inner wall. The lead extends beyond each side of the frame 9 inches. The utility in all respects of a hollow wall is questioned by some, who think that hollow spaces which cannot be inspected should be avoided. Stud partitions have the same objection.

Fenestral Isolated Footings.

In the engineering view of footings, he is of the decided opinion that they should be omitted, as he does in an arched viaduct, which is the same in principle, although on a much larger scale. The fenestration of a wall makes it practically a succession of arched piers which support all of the intervening spandrels in all the storeys. Only the low piece of walling underneath the lowest storey voids—i. e., of the ground floor—when there is an ob asement or sub-basement to the building. A lintel or flattened arch under the base of this piece of wall resting upon, or springing from, the piers on both sides will support it, and thus neutralize the leverage which it otherwise exerts. This leverage is the cause of cracked window sills and arches over voids, and of other distortions which are in evidence in many buildings in this country.

Cough Lasted 3 Months.

"I was taken with a severe cough which lasted three months, and though I had tried all sorts of medicines, they failed to do me any good. A friend advised the use of Dr. Chase's Syrup of Linseed and Turpentine and I was completely cured by two bottles."—Miss Ada O'Brien, Cape Cove, Gaspe Co., Que.

Could be Worse.

Philadelphia Ledger.

NELL—Some of our proverbs are so ridiculous. For instance "Where ignorance is bliss"—

Belle—What's the matter now?

Nell—Why, you know, Charlie gave me my engagement ring last week, and I simply can't find out how much it cost him.

Your Money Refunded by the dealer from whom you buy Sunlight Soap if you find any cause for complaint.

Sunlight Soap is better than other soaps, but is best when used in the Sunlight way.

$5,000 reward will be paid to any person who proves that Sunlight Soap contains any injurious chemicals or any form of adulteration.

USE AND ABUSE OF ATHLETIC TRAINING

Questions relating to the effects of athletic exercises and training have received much attention in recent years, since a course in physical exercises became recognized as a part of the curriculum of a college, and intercollegiate contests of this character were established. From a paper presented to the Actuarial Society of America we learn that "not only that no physical strain existed as a result of the athletic training, but that the students taking a prominent part in athletics were actually benefited by the experience."

This refers to the students attending Yale University. Before entering upon any severe athletic competitions the students underwent a course of training under the guidance of a professional trainer whose experienced eyes would quickly detect signs of and constitutional weakness which rendered it undesirable for the would-be athlete to carry on his training beyond a certain point and who would be warned against entering upon a contest that was likely to unduly strain his physical strength.

Thus there is a process of selection going on which eliminates those who give any signs of constitutional incapacity to stand the severest physical strain involved in an athletic contest. The test, therefore, of the effect of athletic training and of contests is not applied generally, but only to a very limited number of young men who have exhibited the qualities that go to the making of a powerful, successful athlete. It is only what might naturally be expected that those who had been trained for severe athletic competitions should have shown a phenomenally low rate of mortality.

There is, however, a serious phase of this question, apart from that of mortality. A young athlete may so far overstrain his constitutional strength as to inflict very grave injury upon himself without reducing his chance of living to a great age. A student of exceptional physical vigour may so far overtrain, or over exert himself from the highest standard of strength to a much lower one. Before going into training or entering upon a violent contest he may have been able to follow certain practices with absolute impunity, from a health standpoint, but, in consequence of the undue strain he has undergone, he may find it ever afterwards necessary to be careful in his habits, and, instead of being able to set the ordinary laws of health at defiance, he has to pay strict obedience to those laws. This is the experience of a College athlete whose prowess is familiar to all interested in sports.

A number of treatises have been published by medical men in which there are certain conditions in the training of athletes and in their engaging in violent contests, such as boat-racing, which are decidedly injurious and even dangerous to young men of a certain class of constitution. No one ought to enter as a contestant in an athletic competition until he has been examined and passed by a physician.

The transactions of the Actuarial Society of America, Vol. IX., quotes an article by Dr. Coughlin in which he says. "Although the evidence for and against athletics is contradictory, the whole subject may be summed up by stating that athletics are beneficial when properly and judiciously applied and very injurious when proper precautions are ignored or carelessly regarded."

That the majority of athletic sports as now conducted, cause temporary physical disturbances which are liable to develop unhealthy chronic conditions is admitted by the faculty and is a fact that is familiar to athletes. The vital question is, whether the constitution has the requisite elasticity to return to the normal conditions after being strained by a contest. When such contest has been entered upon in a state of perfect health and preparedness the temporary strain passes away without leaving any injurious result, but if it has been engaged in by one whose physique is not adapted to such a strain, mischief is certain to have caused, the effects of which may not develop for a length of time.

In commenting upon this topic Mr. I. K. Kaye, a member of the Actuarial Society remarks:—

"While a study of the mortality of college graduates is interesting and instructive, it is doubtful whether such a study would be of direct practical value to life insurance companies. It is true that a large body of college graduates might be considered to be representatives as to vitality of the so-called better class of lives in general. Nevertheless, they would, in fact, represent only a small part of the risks carried by a life insurance company. Gathered from localities differing greatly as to climate and other conditions they form during their college course, a brief period of four years, a comparatively homogeneous group. But the influence of these four years upon longevity do not seem important enough to give any special significance to a mortality experience of college graduates as such."

The very serious conditions which are now incident to athletic pursuits not only materially aggravate the evils of overtraining and excessive strain in contests, but have introduced other physical dangers of which athletes are liable to be the victims. The practice, now so general, of conducting athletic sports as a public exhibition, to witness which the spectators pay a fee, the proceeds of which are shared by the contestants has brought down these contests to a very low level and given a stimulus to the ambition of contestants to secure victory even by dishonourable tactics and brutalizing violence.

It has become quite a common practice for athletes to deliberately inflict serious injuries upon their opponents such as call for prompt surgical treatment by blows which not infrequently cause life long damage to the limbs, or brain of the victim. Athletic exercises, when judiciously pursued, are of inestimable value, especially to students, but their true objects have been wholly lost sight of in the insane craze for giving a display that will pander to the debased tastes of rowdy spectators.

Westwood Man Sustained Injury

Mr. Thos. Roach Hurt While Hauling Logs.

Special to The Examiner.

Westwood, April 9.—Miss A. Walsh, of Hastings, spent Sunday with her cousin, Miss Gertie Elmhirst.

Mr. and Mrs. Andrew Graham spent Sunday at the latter's home, Mrs. S. Graham's.

Mr. Robt. Humphries is engaged to make cheese with Mr. Jas. Ryan for the summer.

Mr. Wm. Sharpe moved his furniture from Harvey last week. Mr. Sharpe has been making cheese there for the past few years, and has given up his factory as he is preparing to go to the West.

Our teacher, Miss Stonehouse, spent Saturday in Toronto.

Mr. Jean Heffernon spent Saturday in town.

Mr. Thomas Roach, while engaged with Mr. John Breckenridge getting out logs one day last week, had the misfortune to get his leg badly hurt by the thongs slipping off the log and striking him on the leg. We are pleased to learn he is doing nicely.

David Robb, second youngest son of Mr. Jas. Robb, is ill with brain fever.

Mr. and Mrs. Redmond, of Picton, are spending a few days with their son, Dr. Redmond, before he leaves for the West.

We are sorry to learn that Mr. Thomas Lesiteh is suffering from eczema in the head.

Rumour reports a wedding in the near future.

THE WRONG DIAGNOSIS

Prompt the Use of Worthless Remedies.

Even an experienced physician will sometimes make a mistake in diagnosis, in which event his entire treatment is wasted and may even be injurious to the patient.

The advocates of all other hair restoratives, save Herpicide, have wrongly diagnosed the cause of Dandruff and Falling Hair.

They figure on a functional disease whereas it is now known, and generally accepted, that hair loss is due to a parasitic germ which Newbro's Herpicide destroys.

There is no substitute for Herpicide, accept none.

Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. Ormond & Walsh, Special Agents.

Smith Council's Spring Meeting

Preparations for the Summer's Work on the Roads.

Smith Council Room, Bridgenorth, April 9.—Council met pursuant to adjournment. All the members present, the Reeve in the Chair. Minutes of last meeting read and confirmed.

Moved by Mr. G. Abutt, seconded by Mr. White, that Mat. Bell be appointed to operate the grader at the same rate as last year and that only such grading be done as is approved by the Council.—Carried.

Moved by Mr. Northey, seconded by Mr. Graham, that the petition of J. Gordon Mann and others, requesting the council to have the east communication road opened up for winter travel, be laid over until the council examine the present condition of said road.—Carried.

Moved by Mr. Graham, seconded by Mr. White, that the following claims be paid, namely:—

T. Spencer for janitor	$10 00
P. T. Udy, flour to A. Brown...	2 75
Wm. Preston, timber and sawing	5 75
E. J. McEwen, 17 1-2 cords stone	20 00
G. Robinson, cutting wood, for Mrs. E. Smith	1 80

Carried.

After discussing the improvements required to several road divisions, the council adjourned to meet on Tuesday, the 29th day of May, as a Court of Revision.—Carried.

$100 REWARD, $100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Address F. J. CHENEY & Co., Toledo, Ohio.

Sold by all Druggists, 75c.

Take Hall's Family Pills for Constipation.

PETERBOROUGH WEDNESDAY APRIL 11 1906 TWELVE PAGES

SCHOOL BOARD'S SCHEME AND ITS SINISTER MEANING EXPLAINED

School Accommodation In Relation To Board's Scheme

Collegiate Institute Prominent in Relation to Educational Expansion—Should be Considered in Connection With Additional School Accommodation—Must Not Put All Our Eggs in One Basket—Must Consider Other Pressing Needs.

The educational requirements of the city of Peterborough, forced into a position of prominence by the recent high-handed action of the Board of Education, has become a burning question—the question of the hour.

The Examiner has taken a decided stand upon the question, and in the interests of the people—interests it is our mission, to a large extent, to promote and protect, its position may be exactly defined. The position of The Examiner is this—the city should have a new Collegiate Institute. That is a question of pressing necessity, which has been, to a large extent, set into the background by the School Board.

The Collegiate Institute has been very appropriately called the poor man's university, for by means of it the man of moderate means who has a clever son or daughter can give him or her an education which would be quite out of his reach if he had to depend upon some centrally situated college.

Then the efficiency of the public school—the very existence of the public school in regard to its chief function, teaching — depends upon the High School, the popular primary training and equipping school for teachers.

We need a new Collegiate Institute. Apart from the presently occupied building being demanded for public school accommodation, the present Collegiate Institute buildings have been condemned by inspector after inspector, and it is only by the leniency—violation of departmental regulations of the Government—that our Collegiate Institute grant is not withdrawn. As things stand, it is illegally paid over by the Government.

We need a CollegiGte Institute building adequate for its purposes. It need not be extravagantly expensive, but solid, substantial, and thoroughly equipped, to cost, say, $65,000 to $75,000, or what may be required to meet the educational demands that will be made upon it.

Peterborough is a great manufacturing centre, and the sons of the mass of the people will wish to engage in mechanical pursuits. Our new High School must be equipped with facilities for technical training, with facilities for technical training for giving the sons of our citizens a beginning in mechanical education, so that entry upon apprenticeship shall find them so equipped that their progress will be rapid and their chances for making first rate mechanics vastly improved.

Our new Collegiate Institute must not only be equipped to train candidates for teachers, and prepare others for professional callings, but it must be able to give practical help to the children of the working classes—the masses upon whom the prosperity and success of our manufactures depend. This must be considered in building a new Collegiate Institute. The matter must be thought out with care, so that no mistake is made, so that nothing that will conduce educationally to the greatest good to the greatest number, will be omitted.

If the Collegiate Institute building is not first constructed, it should be dealt with simultaneously with the construction of a South Ward school building. The Board seems to have forgotten everything else in its daft energy in regard to the new public school in the south of the city.

If the Board had stopped to consider it would have seen that a Collegiate Institute must be provided. If they had had the fear of a $65,000, or $75,000, Collegiate Institute before their eyes, they would not have rushed so inadvisedly into the building of a $35,0000 school in a quarter of the city where a school of such a cost, and size, is not required.

The Board has evidently lost sight of everything else—of the necessity of a new Institute building, to release eight rooms at the Central school, and save the rent of $500 a year for the Menzies property — lost sight of the necessity of improving the building conditions and school accommodations for the West Ward, the North Ward, and the East Ward. They seem to have lost sight of the fact that there are very large civic expenditures outside of school buildings that must be incurred, and which will add to our debt and taxes.

They seem to be carried away with the fad—suddenly developed — of spending $35,000 for a twelve-room school on the borders of North Monaghan — outside the city — which will involve, including the opening up of new streets, to give access to the building, an expenditure of $40,000 ro $50,000.

And for what? To build a school twice too large for the school population, and with the result — whether intended or not, the effect is the same — of expending a huge sum of the money of the people who pay, to put into the market, to add to the value of somebody's park lots, in the name of promoting educational interests.

The whole scheme — the reader may take his choice in applying this word — seems to be a rash, ill-considered, ill-advised, and extravagant proposition, which the more it is studied, the less defensible it seems to become.

The foregoing sets forth generally the position of the Examiner on the school question. We must have a new Collegiate Institute; we must have more school accommodation in the South Ward; but in providing the latter we must have regard to the school accommodation and requirements of the West Ward, of the North Ward, and of the East Ward. We must not put all our eggs into one basket; we must deal justly with every part of the city, and not spend so much money in one ward as to cripple us in regard to equally necessary expenditures in others. We must have school accommodation for the South Ward, but we must guage the cost according to other demands upon the people's money.

Such is the Examiner's position, and its generally expressed views on the subject; such is the position and views of an increasingly large number of the ratepayers — who have no axe to grind or park lots to be made valuable, and put into marketable relation to the rest of the city—such will be the views of all the ratepayers if they will take the trouble to think out for themselves, study for themselves, the suggestions made in the accompanying article.

> The Board of Education is labouring under the delusion that the law permits it to force through its demand of $35,000 for a public school building in the South Ward, in spite of the wishes of the people. The Board cannot do this, if the City Council does its duty, as will be seen by the following quotation from the Statutes bearing upon the subject:—
>
> "The municipal council of any urban municipality may, on the application of the board of public school trustees, pass a by-law for borrowing money by the issue and sale of debentures for the purchase of a school site or for the erection of a school house or any addition thereto or for the purchase or erection of a teacher's residence, which debentures and the money to be raised annually therefor shall be chargeable only upon the property of ratepayers who are supporters of public schools. Where the municipal council refuses to issue such debentures to raise or borrow the sum required for the said purposes then the question shall be submitted by the municipal council, if requested by the board of trustees, to the vote of the electors qualified to vote under The Municipal Act for the creation of debts, and who are supporters of public schools, in the manner therein provided, and on the assent of such electors being obtained the council shall issue such debentures to raise or borrow such sum to be chargeable as aforesaid.—Ontario Statute of 1903 Chap. xxii., Section 5.

EXTRAVAGANCE OF SUM ASKED FOR LOCATION AND POPULATION

The Collegiate Institute building having been provided or provided for, the School Board will be in a position to begin the work of dealing with the question of meeting the needs of public school accommodation.

The building of the Institute will release eight rooms in the Central School building for public school purposes, dispense with the Menzies building, solve for all time the problem of public school accommodation for the central part of the city, which will not be much more thickly populated than at present.

That additional school accommodation is required for the South Ward, is admitted, and not only admitted but considered as urgently necessary.

This being admitted the question arises where should this school be situated, and what should be the extent of accommodation provided.

What the Examiner contends is that an eight-roomed school, will meet the requirements of the southern part of the town it is intended to serve for fifteen or twenty years to come.

A school of this size to cost $15,000 or thereabouts would be ample and would permit of the grading of pupils from the kindergarten upwards. The building and maintenance of an eight-room school will involve the payment of as much taxes as the people will care to bear.

Then in regard to the outrageous situation selected by the Board, the proposed expenditure of $35,000 represents a similar outrage upon the taxpayers of the city inasmuch as, in view of the site chosen, it is extravagantly in excess of the school population requirements of the neighbourhood.

What school population is there, either present or prospective, to warrant the spending of $35,000 upon an extravagantly large school building, big enough for the most congested quarter of the city? It is argued that the population of the south part of the city is increasing rapidly. This is true, but not that part of the city tributary to this school placed where the Board wishes to place it.

Talk of the growth of the city in the neighbourhood of this proposed school! There are contracts already made for in Peterborough for the erection of over a hundred new houses and not one of this number is south of Lake street—two streets north and more, of the proposed monument to the School Board's extravagant folly.

Where is the school population to come from to utilize a 12-room school costing $35,000? The school building will be situated in a field northerly behind Mayor Best's barn, withing two hundred or three hundred feet of the southern boundary of the city with hardly a soul of school population directly to the south of it, or for a long distance to the east or west of it.

To the west of it are vacant lands and beyond them the open country. To the east there is Little Lake. South of this and west of Little Lake Cemetery there is a sparse population, but neither here nor for some distance north of the proposed school is there considerable school population. There is considerable population but little public school population.

So it will be thus seen that, on the score of school population the proposed site will not justify the erection of a building to cost the extravagant sum of $35,000.

Why Did The Board Select One Sided Site For School?

Park Lots Made Saleable at the Expense of the People—Park Lot Site Will Involve From $6,000 to $10,000 for Street Extension--Holders of Vacant Property Unfairly Treated.

Not only is the site selected for a $35,000, twelve-room public school absurd, having regard to number and proximity of pupils, but there are other equally valid objections. Not only is this site in the midst of a pasture field, but it is not conveniently accessible to the only pupils who will use it for years and years to come—those to the north and northwest of it.

Whether George street or Aylmer street is extended to give access to this school, pupils to the west or east will have to make a long detour to reach the school.

Not only that, but nearly all of the pupils will have to incur the danger of crossing over railway tracks to reach the school. Very many of them will have to cross two railway tracks, and some of them will have to cross three railway tracks to reach a $35,000 school behind Mayor Best's barn.

What is behind all this anxiety of the Board of Education to build a $35,000 school in such an out-of-the-way site—so inaccessible and inconvenient? Who is behind this site matter? Who is to be benefitted by the building of this educational palace in a pasture, to give value to park lots by the extension south of George street at a cost of $6,000 or $7,000, or Aylmer street at a cost of about $10,000? Why should $35,000 of the money of the people who pay be expended to build a school in a locality where there is insufficient population to use half of the building now or for years to come — a site which is largely inaccessible and dangerous for children to reach? Why do all this for the sake of adding value to the private property of some favoured few, at the expense of the other holders of vacant property?

If this twelve-room $35,000 school is built upon the proposed site, the holders of vacant property will see their lots go a-begging for purchasers for a long time, perhaps. They will have contributed their share of the $35,000 to erect a building which will necessitate the spending of more city money to give access to it—which will make park lots into building lots.

Those building lots will command a ready sale for many persons doomed to send their children to this out-of-the-way school, will be inclined, or rather forced, to purchase property in this outlying district, and build homes there to be within reasonable reach of their school. This will lessen the demand for the vacant property in other parts of the city. It will be a boon to holders of park lots, but a very doubtful advantage to others, and indeed, a distinct detriment in the shape of added taxes.

Who will be the chief gainers by this expenditure of $35,000 to build an unnecessarily large school building, and of from $6,000 to $10,000 to get at it? Not the mass of the people who pay the piper, but a few fortunate possessors of park lots.

The people may well ask who is behind this determined attitude of the Board to build a school house costing double what it should do, situated, as nearly as it can be, in North Monaghan, without being outside the city altogether.

> The accompanying article conveys an idea of the Examiner's position on the South Ward School question in relation to the public interests. The Examiner has no axe to grind, is not interested in the site or size of school except so far as the interests of the people are affected by them.....Ratepayers are invited to study the situation — visit the neighbourhood and see for themselves if the Examiner's contentions as to unsuitability and one-sidedness of the site—undue size and cost of school and dearth of school population, are not very fully justified. Much more might be added, if space permitted, but enough has been shown to justify a very strong demand on the part of the ratepayers that the City Council protect the public interests and the rights of the people to decide upon what they wish to spend and how it should be spent, by compelling the School Board to comply with the law and ask the council to submit the South Ward School scheme to a vote of the people.

Financial Aspect Of Situation Considered

$35,000 for South Ward School on a One-Sided Site is Extravagant for School Population Needs—And in View of Needs of West Ward and Other Ward Schools—Avoid Adding Unduly to City Indebtedness.

The financial question naturally and aptly comes into consideration in regard to the School Board's extravagant proposal, to spend $35,000 for a site and school building, which is now, and will be for years to come, in excess of the requirements of the locality.

The financial consideration involves not only the question of the immediate expenditure of $35,000 for a new South Ward school, but of other imminent and inevitable liabilities which we must incur.

The debenture debt of Peterborough is now nearly $750,000, and it needs only the addition of a quarter of a million dollars to make our bonded debt the large sum of one million dollars a sum equal to sixty dollars par head for our present population.

We must necessarily spend much money for public purposes. We shall, before long, have to make large expenditures, in connection with waterworks reconstruction, and extension; tion; we have the regular annual increase of debenture liability arising from pavement construction and sewer extension; we have to rebuild bridges. Smith street bridge is condemned and closed to traffic, and we shall have to build a new bridge at a cost of from $10,000 to $12,000.

With all these demands in sight—demands that cannot be avoided — with from $65,000 to $75,000 for a new Collegiate Institute building, and other sums necessary to do justice to the needs of other ward schools, does it not appear that $35,000 for a new South Ward school building is outrageously extravagant, unbusinesslick and adverse to the general interests of the city at large?

We must have a new building in the South Ward, but as a matter of fact half of $35,000 would be ample for an eight-room building, which would be in turn ample for the requirements of the district for at least twenty years to come.

But $35,000 wouldn't by any means represent all the expense. The site selected is at present not conveniently accessible from the west, and totally inaccessible from the east. To give access to the school building and incidentally open up a market for, and add value to the park lots of—somebody, George street must be opened southward, or Aylmer street extended or both.

Now to count the cost. The extension of George street, for purchase of right of way, street grading, walk building, sewerage and waterworks, etc., would on a moderate estimate, cost $6,000 or $7,000, all of which should be charged against the cost of the school.

It is true that this expenditure for extending George street will benefit a favoured few who are owners of Park lots, will improve the value of their property. Yet ratepayers in other parts of the city, especially those having vacant property, will not be inclined to regard an expenditure of $7,000 to improve property—especially well situated in relation to the school, to compete with their own, as an expenditure in the interests of education.

The extension of Aylmer street, if that is decided upon, and for the reasons given above, that would be preferable, and with the expensive rights of way to be purchased this would cost at least $10,000.

Therefore taking the cost of site and school building—$35,000 — and adding $7,000 or $10,000, as the case may be, for street extension, we have a total of $42,000 or $45,000 for a school, extravagantly large for the needs of the locality.

The Board proposes to spend an excess of money urgently needed for other purposes, for a school with vacant rooms which may and probably will not be required for twenty years, whose only use will be for storing hay from adjacent Park lots; a school which will be like the members of the School Board from a business point of view, with "rooms to let in the upper story."

With all these things taken into consideration with the pressing needs of other ward schools, with all the large additions to our city indebtedness looming up and certain to come, it is not unreasonable to denounce as extravagant and unreasonable the proposition of the School Board to spend $35,000 with all the additional cost involved, for a building entirely too large and expensive for the school population of that locality.

And this upon a site which in addition to the expense absolutely necessary to give access to it, is in every way objectionable, having regard to convenience of access or convenience of the large number of pupils who will have to attend.

Would it not be wise to select some other site further north, or northwest; some other more convenient site which can easily be secured, and which will not involve an expense of from $7,000 to $10,000 by means of getting upon it—by street extensions.

Is there not something remarkable about this new scheme for extending George street? The opening of George street has been in the air for years and has been as necessary for years as the School Board by their selection of an inaccessible site has made it now. It was needed for the street railway, but instead of opening the street, the railway was permitted to violate the conditions of its franchise by laying a line on Crescent street. Why this suddenly developed new street extension zeal?

But the School Board selects a site for a public school building in the middle of a pasture field without practical inlet or outlet, and by the selection has made necessary the extension of George street—at the instance of, and in the interests of—somebody.

What is to be gained by the extension of George street? Why should the people worry over street extension to make private property more valuable? If any street is to be opened it should be Aylmer street. That would tap the richest part of nearly opposite the school [illegible]

South Ward School Scheme Unjust To Ward Schools

By Injuring Collegiate Institute--Central School Accommodation Neglected--Would Make Eight Rooms Available--West and Other Ward Schools Demand Attention --Unwise to Spend All in South Ward.

The School Board seems to have got a bee in its bonnet in regard to building this $35,000 educational palace, in a pasture, and to have lost sight of everything else in its anxiety to bring North Monaghan boundary park lots into the market, by spending from $35,000 to $40,000 of the money of the people, who pay, and who, in addition, will have their own holdings of vacant property made less saleable. The Board seems to have entirely forgotten that we need a Collegiate Institute building, and that we need it, not only for itself, but to make eight rooms in the Central school available for public school purposes. By erecting a suitable Collegiate Institute building we save about a third the cost of it.

By building it we provide the equivalent of an eight-room public school, by vacating the Central school buildings; and if we had to erect a new building to furnish this, or equivalent, accommodation, it would cost nearly a third of what a Collegiate building would cost, especially if we undertook it on the extravagant scale the Board is adopting in building a school in the South Ward.

In proposing to expend $35,000 for a Public school building, with an additional $6,000 or $10,000 to give access to it, the Board has forgotten, or is ignoring, in addition to the Collegiate Institute question, the question of improved school accommodation for the other wards.

Is the West Ward to have no consideration, such as is imperatively demanded. The accommodation for this ward is defective, in the size and character of the building, and also of situation.

The West Ward school building is, all things considered, the poorest school building and premises in the city. The building is small and inadequate. It is only a four room school and is inconveniently crowded with a registered attendance of 199 pupils. It is lacking in many of the essentials necessary to a well equipped school. It is, what there is of it, and such as it is, much in need of repair.

The West Ward school building is otherwise defective. It has no basement, having been dumped down like a shack on a western prairie, without a proper foundation. It is unsanitary, both as regards the building and the situation, and the parents of children attending this school do not regard it, as by any means, possessing health resort qualities.

Then the situation is objectionable, and adds its quota to the unsanitary condition of the building, which is placed directly alongside a stagnant pond, which, in addition to its other objectionable features, is in dangerous proximity to the pupils, and has already been the cause of drowning accidents.

The people of the West Ward demand, and they are amply justified in demanding, that the West Ward school building and its requirements, have a little of the attention of the School Board.

Would it not be wiser, would it not be more just, for the School Board to split the sum of $35,000, and build in the South Ward a building costing $17,500, which would be abundantly sufficient for fifteen or twenty years to come and, if they are bound to spend $35,000, let them expend the other $17,500 in improving the West Ward and the other ward schools?

Thirty-five thousand dollars is not a large sum by itself, but it is altogether too much to spend on an unnecessarily large school in the South Ward, especially when the West Ward and other ward schools need attention, and general civic needs demand such heavy expenditure.

The North Ward school is now crowded and needs attention, and attention to school buildings costs money. The East Ward school is susceptible of improvement in many ways, and improvements always cost something.

The Board should consider these requirements before committing themselves to the expenditure of $35,000, on an extravagant palatial public school building placed in a pasture behind Mayor Best's house.

WANT AND REAL ESTATE ADS.

Get In The Best And Be In It Always

Male And Female Help

Can bequickly supplied by using EXAMINER WANT ADS. They bring speedy answers and are dependable for first-class help.

HELP WANTED—MALE.

WANTED — SEVERAL BRIGHT RE-spectable boys. Apply at Gale House Canadian General Electric Co. 3d35.

CUTTERS — FIRST-CLASS MEN, with experience on whitewear, waists and wrappers. Gale Manufacturing Company, 30 Spadina Ave., Toronto. 1082-3364.

CARETAKER WANTED

Tenders for the position of Caretaker of the New Separate School will be received up to Wednesday, 11th inst.

All information may be obtained from Mr. Henry, Chairman property Committee.

John Corkery,
Sec'y Sep. School Board

Peterboro' April 5th, 1906.

WANTED.

WANTED — ONE OR TWO ROOMS on ground floor. Centrally located. Address Dr. Fredericks, Box 989, Peterborough. 3d84-9588.

ROOM WANTED — BY A LADY — A (parlour bedroom) in a private house in southwestern part of city. Address Drawer 1167, care of Examiner office. 3d86-9616.

STRAYED OR STOLEN

STRAYED FROM 343 CHARLOTTE Street a few days ago, a Brindle Bull Dog, answering to the name of "Jerry". Any information leading to his recovery will be suitably rewarded at the Examiner office and any one harbouring same after this date will be prosecuted.

FOR SALE.

SILENT SALESMAN SHOWCASES — stock lengths, 4 feet, 6 feet and 8 feet. Any size to order, from $3 per foot. Write for particulars. Peterborough Showcase Co., 226 George street.

INTERESTING LETTER

WRITTEN BY A NOTABLE WOMAN

Mrs. Sarah Kellog of Denver, Color Bearer of the Woman's Relief Corps, Sends thanks to Mrs. Pinkham.

Mrs. Sarah Kellogg

The following letter was written by Mrs. Kellogg, of 1628 Lincoln Ave., Denver, Colo., to Mrs. Pinkham, Lynn, Mass.:

Dear Mrs Pinkham:

"For five years I was troubled with a tumor which kept growing, causing me intense agony and great mental depression. I was unable to attend to my house work, and life became a burden to me. I was confined for days to my bed, lost my appetite, my courage and all hope.

"I could not bear to think of an operation, and in my distress I tried every remedy which I thought would be of any use to me, and reading of the value of Lydia E. Pinkham's Vegetable Compound to sick women decided to give it a trial. I felt so discouraged that I had little hope of recovery, and when I began to feel better, after the second week, thought it only meant temporary relief; but to my great surprise I found that I kept gaining, while the tumor lessened in size.

"The Compound continued to build up my general health and the tumor seemed to be absorbed, until, in seven months, the tumor was entirely gone and I a well woman. I am so thankful for my recovery that I ask you to publish my letter in newspapers, so other women may know of the wonderful curative powers of Lydia E. Pinkham's Vegetable Compound."

When women are troubled with irregular or painful periods, weakness, displacements or ulceration of the female organs, that bearing-down feeling, inflammation, backache, flatulence, general debility, indigestion and nervous prostration, they should remember there is one tried and true remedy. Lydia E. Pinkham's Vegetable Compound at once removes such trouble.

No other medicine in the world has received such widespread and unqualified endorsement. No other medicine has such a record of cures of female trouble.

Mrs. Pinkham invites all sick women to write her for advice. She is daughter-in-law of Lydia E. Pinkham and for twenty-five years under her direction and since her decease has been advising sick women free of charge. She has guided thousands to health. Address, Lynn, Mass.

Remember that it is Lydia E. Pinkham's Vegetable Compound that is curing women, and don't allow any druggist to sell you anything else in its place.

School Children's Teeth Are Bad

Government Learns That They Are in Alarming State.

"The decay of the teeth of the rising generation is alarmingly on the increase."

This is the burden of petitions which the Ontario Government has been freely receiving. Public school teachers, citizens, dental societies, and other bodies have combined in the sounding of a warning note.

It is claimed that out of several thousand public school children examined, only 5 per cent. were found to have sound teeth, the average number of decayed permanent teeth being 6, while nearly 20 per cent. of these decayed teeth were past saving. It is asserted that the ignorance of the parents as to which teeth are permanent is the cause of widespread neglect of teeth with serious injury to health as a result. It is asked that school children's teeth be regularly examined.

Damnable Work Of Dog Poisoner

Two More Dogs are Done Death in Treacherous Manner.

There is probably no more despicable or cowardly malefactor than the time "honoured" dog poisoner and in spite of the many nasty remarks hurled at this class of criminal in the past, he still keeps up his detestable work. The latest sufferer from this sneak's work is Mr. Harry Morgan of East City, who reports the loss of a much prized fox terrier. A valuable dog, the property of a man on this side of the river, has also succumbed to the effects of the deadly strychinine. If the offenders are caught there is no punishment too severe for them and the only consolation the owners of the animals that have been done away with, in the brutal manner referred to above, have, is the knowledge that they were not deprived of their canines by decent law-abiding citizens—not often anyway.

Mr. F. Hockiday's Painful Accident

Young's Point Resident Injured With an Axe.

Special to The Examiner.

Young's Point, April 10th. — Mr. Fred Hockeday met with a very painful accident while he was squaring a piece of timber last week. It seems that Mr. Hockiday and his brother were both on the one piece of timber, and the brother's axe glanced, striking Fred in the hip, inflicting a deep wound. Medical aid was at once summoned, and Dr. Fraser attended the injured man, and he is now doing very well.

Mr. Frank Young was in Toronto, for a few days last week.

Mr. and Mrs. McFarlane and Miss Laura, are visiting friends here.

Further Protection Of Game Advocated

The Annual Report of Ontario Game Commission Issued—Special Privileges to Indians Should be Abolished, Says Chief Game Warden—Mr. Fitzgerald's Illness is Regretted.

The annual report of the Ontario Game Commission has just been issued, and contains some interesting information particularly in view of the present movement towards the further protection of game in the province.

The Chief Game Warden in his report refers to Mr. Fitzgerald's appointment as follows:—

Changes have been made in staff of wardens in charge of districts. Mr. H. K. Smith, of Belleville, having had charge of the eastern district, has been succeeded by Mr. Geo. W. Fitzgerald, of Peterborough. Mr. Fitzgerald has had the misfortune to be laid up from a severe attack of paralysis, with, I regret to say, the prospect of his being able to resume the duties of the position very remote.

The Warden speaking of the necessity for further protection of the game says:—

I regret the causes necessitating my drawing your attention to the imperative necessity for more stringent laws being enacted for the purpose of curtailing—or even abolishing—the special privileges at present accorded Indians and so-called settlers, trappers and poachers in general, who locate in the bush woods of the Province, not for the alleged purpose of clearing land and farming, but for the purpose of enabling them to lead a lazy, loafing life, supplying lumber camps, summer hotels and tourists with game during the respective close seasons.

I regret the necessity of again drawing your attention to the continued abuse and misuse of settlers' hunting permits. When the system of resident deer hunter's licenses was introduced—the Government realizing that it might be a hardship to many of the poor settlers in the bush townships, compelling them to procure a $2 license—authorized by order-in-council the issuing of hunting permits, presumably only for men actually residing on and working their farms in the exempted districts. Complaints are made that professional men, storekeepers and artisans residing in towns and villages in the exempted districts claim to be settlers, and claim the right to hunt and kill deer on settlers' permits. Most of these men are better able to buy licenses than many hunters living in older settled portions of the Province who make strong complaints of the injustice. I respectfully suggest that the word farmer be substituted for settler, to prevent an agitation ensuing amongst the thousands of licensees for the abolition of these permits.

5,595 deer hunters' licenses, 220 moose licenses, and 443 non-resident licenses; also 2,495 settlers' permits were issued. These returns are not complete, several issuers having failed to make returns.

Ice Is Reported Still Thick In Clear Lake

Navigation on That Part of the Trent Canal Will Probably Open About April 20th, However—From Peterborough to Hastings April 15—This is Hope of Superintendent.

A despatch from Young's Point states that the prospects for an early opening of navigation on Clear Lake are not bright, the ice on that lake being almost as thick now as it has been at time during the winter.

This will mean that the early opening of navigation, which was hoped for some weeks ago, when the weather was mild, and there were signs of a break-up, were ill-founded, and that this section of the Trent Waterway, at least, will not be open much if any, earlier than it was in 1905.

Mr. J. H. McClellan, Superintendent of the canal, was communicated with in respect to the probable date of the opening of the canal and stated that he expected that from Peterborough to Hastings navigation would be open about the 15th, and that on the stretch from Lakefield north, he would be able to report the waterway ready about the 20th, which will be a few days earlier than last year. The rains of the last two days will have a softening effect on the ice, doubtless.

Over Thirty New Recruits Enlist After First Drill

A Long List of Orders by the Colonel.

The Peterborough Rangers mustered for the second time last night in the drill hall about 270 strong. Squad and company drill was the evening's programme and the officers of the regiment report a great improvement from last week. They are also much gratified with the increase in the number of recruits. Last night over thirty new men enlisted and a number of the companies are already filled. The companies contained respectively the following number of men:—No. 1, 36; No. 2, 29; No. 3, 21; No. 4, 35; No. 5, 37; No. 6, 29; No. 7, 23; No. 8, 36. There were also 17 stretcher bearers and 8 buglers and drummers out.

By the time of the first march out, the last Tuesday of the present month, Col. Miller expects that the regiment will be thoroughly acquainted with the different manoeuvres and will make a good showing.

The following orders were given out last night by the Colonel:—

Headquarters,
Peterborough,
April 10th, 1906.

Orders by Lieut.-Col. J. W. Miller, commanding 57th Regiment Peterborough Rangers:—

No. 1.—The following extracts from general orders issued since the close of the regimental drill for last season are promulgated for the information of the regiment:—

August, 1905.—The 57th Regiment "Peterborough Rangers" Provisional Lieutenants, W. A. Brandrette and J. G. M. Wilson are permitted to retire the 12th of July.

Provisional Lieutenant R. Hicks is permitted to retire 2nd August, 1905.

October, 1905.—57th Regiment Peterborough Rangers, to be Provisional Lieutenant, Joseph Emerson Hodgson, gentleman, 13th July, 1905.

January, 1906.—57th Regiment "Peterborough Rangers", Capt. G. S. Matthhews, is transferred to the Reserve of Officers—1st January, 1906. To be Captain, Lieut. A. P. McLean.

August, 1905.—Regimental Medical Services. 57th Regiment "Peterborough Rangers", Major J. T. I. Halliday is given the rank of Honourary Lieutenant-Colonel, under the provision of paragraphh 914 King's Regulations and orders 1904. 12th July, 1905.

No. 2.—Detail of duty for week ending Tuesday, April 17th, 1906:—Capt. for the week, Capt. Clegg; next for duty, Capt. Bennett; Subaltern for the week, Lieut. Langford; next for duty, Lieut. Kelly.

No. 3.—The following are taken on the strength of the regiment:—April 3rd, 1906.—B Co., Privates, G. Austin, H. Crorn, F. Walsh, S. Kennedy. D Co., Privates, W. C. Trude, S. A. Trude, R. A. Tighe, W. Dever, B. Brown, S. E. Purser, J. A. Brightman, J. Hogan. April 3rd, 1906.—E Co., Privates, C. T. Adamson, J. Hatherly, H. J. McGill, R. A. Hawke, W. T. Abbott, H. Haines, A. T. Chapman. April 10, 1906.—Privates, W. J. Canes, C. J. Duganitt, B. W. Wood, J. E. Robinson, F. H. McLean. April 3rd, 1906.—F Co., Privates, J. H. Poulson, W. Brodner, R. S. Hall, O. L. Weir. April 3rd, 1906.—G Co., Privates, J. Logan, F. Haskill, H. L. Mann, E. H. Wood, M. J. Evans, J. Archibald, W. Lunham, W. J. Mersey, W. G. Perks. H Co., Privates, G. H. Maybee, M. J. Storey.

No. 4.—A class for the instruction of recruits will be held under the direction of the Sergeant Major at the Drill Hall at 8.00 p. m., every Thursday evening, until further orders.

No. 5.—An examinations for awarding regimental certificates of qualification to non-commissioned officers, will be held in the Drill Hall at 8.00 p. m., on Wednesday, April 11th, 1906. The following officers will constitute the Board of Examiners:—Major Stevenson, Major Hayes, and Capt. Walker.

By order,
D. WALKER, Capt.,
Adjutant.

Learn to Swim First, Canoe Later

This is the Advice of Mr. C. H. Corsan.

Mr. C. H. Carson, well known in Peterborough, has addressed the following letter to The Toronto World on a subject of much general and special interest to Peterborough:

Editor World,—Toronto has lost two fine young men. Let us turn the accident into some good.

Learn to swim first and canoe afterward. After you learn how to balance and paddle a canoe, then learn to empty it and climb into it. Boatrenters should not be permitted to rent canoes to those who cannot swim.

People who can swim should learn the further art of life-saving. If one person takes out a person in a canoe, and that person cannot swim, and an accident occurs, then the person who, in case of a drowning, saves himself but not his ignorant companion, that person should be sentenced for a mild term for manslaughter.

This is nothing but justice. What would the law do with me if I asked a non-swimmer for a canoe ride and returned without my guest, with all the evidence of a struggle in the water? Then, last but not least, never venture out into the icy lake in a canoe, swim or no swim.

G. H. CORSAN.
776 West Queen street.

WALL PAPERS

We are showing this week beautiful combinations for Drawing Rooms, Halls, Dens, Library, etc. If you have not examined our stock do so at once. A visit to our Wall Paper Department will repay you for time, and we feel sure we can please you.

EASTER

Will soon be here. We have a splendid assortment of Cards and Booklets, as well as Special Novelties for the Easter Trade.

FOUNTAIN PENS

We can give you an A-1 Guaranteed Fountain Pen for $1.25. Also a complete range of the celebrated Waterman Pens.

R. J. Soden

133 Hunter Street - Peterborough

You Want An Absolutely Sure Investment

The investment that we have to offer you has passed beyond the experimental stage.

It is a copper refinery, refining copper equal in purity to the very best product on the market.

And the supervision of this refinery is looked after by our principals, Mr. L. Sapery and Mr. H. Sapery, owners of the Syracuse Smelting Works.

Men who have spent years in experimenting and perfecting new methods for refining metals.

And ours is the only copper refinery in Canada.

But you can participate in the profits from this refinery by buying shares in the Montreal Copper Co., Ltd.

They sell for $100 each and last year yielded over 17 2-3 per cent.

This proposition is open to investigation at any time.

If you are in the city, telephone Main 1813, and we will make an appointment to meet you.

Or, write for our booklet—it contains interesting facts about copper.

Montreal Copper Co., Ltd.,
332 William Street.

CARNEGIE KISS IS A WINNER

Atlanta, Gerogia, April 11. — "The Carnegie kiss leaves nothing to be desired," is the verdict of Mrs. J. H. Eichberg, Atlanta, whose lips met Mr. Carnegie's at the reception given to him when he was in Atlanta.

"Mr. Carnegie, as a kisser, is unexcelled," continued Mrs. Eichberg. "The pressure of his lips on one's lips is satisfactory in every respect. His kiss thrills and at the same time soothes. His lack of haste in removing his lips enables the recipient of the kiss to extract all that is possible for osculation. To my dying day I shall never forget the joyful sensation I experienced while Mr. Carnegie's lips were on mine."

"How does the Carnegie kiss compare with the Hobson article, Mrs. Eichberg?"

"The Carnegie kiss is superior to the Hobson kiss in every way," said she. "Capt. Hobson just pecks at your lips and leaves one wondering why he did not make a good job of it. Mr. Carnegie puts his lips squarely on yours and he keeps them there long enough for one to understand just what good kissing means. The Hobson kiss is immature; the Carnegie kiss is mature."

Suffered Ten Years—Lost 100 Pounds in Flesh.

Mr. J. N. Latreille, the well known grocer and liquor dealer, of Montreal, Can., has been one of the leading business men of that city for thirty years. He writes as follows:

"I had catarrh of the head, throat and stomach for about ten years, and for the past two years had been growing worse.

"I felt exhausted and weak, and coughed continually. When in health my weight was 200 pounds, but I lost 100 pounds in 1 year. Catarrh had made me almost blind and deaf. I felt discouraged.

"Finally I tried Peruna, took three bottles, and now I must say that my health is much improved, and have gotten rid almost entirely of the effects of that dreaded disease."

Mrs. Kennedy In Trouble Again

The Widow With the Sad Story Marks Her Arrival by a Toot.

Margaret Kennedy, who was gathered in yesterday afternoon, while giving a prominent local barrister an eloquent "dressing down," is pretty nearly old enough to know better, but nevertheless she persists in revelling in the merry cup in spite of her advanced years. Margaret is apparently somewhere between 70 and 90 years of age, and has been in the local police court on more than one occasion. Margaret has also done time behind the iron lattice work. She puts on a saintly expression in the prisoner's box, however, and tells of the lamentable trials and tribulations she has endured during the thirty years of her unfortunate widowhood.

"I just came up from Ottawa yesterday," she told the Court this morning and had a couple of glasses of beer. I was suffering from neuralgia, and am a poor broken-hearted widow." She said she was going to Toronto, and had enough money to take her there.

"Well, I'll let you go," said the Magistrate; "but get out of town at once."

"May God's blessing be on you!" she said, as she left the court room.

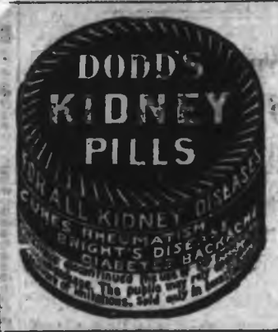
"Don't get drunk to-day," was the Chief's parting advice.

"May God's blessing be on you, sir!" she replied.

Closing Lecture Of Lenten Series At All Saint's

Rev. W. L. Major Spoke on the "Holy Land" Last Night.

Last night at All Saints' Rev. W. L. Major, the Rector, gave his final illustrated Lenten lecture and as at the previous discourses a large number were present and listened for over an hour to a vividly interesting and fluent address. The lecture was illustrated by over 60 splendid views. The subject was "Views of the Holy Land." Among the views shown were those of Nazareth, Damascus, the Garden of Gethsemane and many other spots in the Holy Land. The course taken by the children of Isreal was principally followed. The first of the lectures was delivered the first Tuesday in Lent and one has been given each succeeding Tuesday. They have been very interesting and useful as well as highly instructive. The congregation of All Saints' regret that last night's lecture was the last one as much interest has been shown during the series.



Barrie Firemen Will Be Here On August 4th

The firemen of Barrie are going to run an excursion here the 4th of August, and a Barrie gentleman who was in the city yesterday requested Mr. A. Rountree, secretary of the Peterborough Turf Club, to use his influence to have their proposed races on the 24th of May postponed until August 4. The matter will come up for consideration at the next meeting of the club, and will probably be favourably considered.

It has been suggested by an enterprising local gentlemen that the firemen of this city invite the fire brigades of some other towns and cities in the Province to visit the city on the 4th of August and have a general firemen's gathering. The races of the Turf Club, if they are postponed until that date, will be a good attraction, and other sporting events could easily be arranged to entertain the visiting "laddies."

Temperance Work In South Africa

A very pleasant time was spent at the meeting of the Royal Templars of Temperance in the old Foresters' Hall, George street, last night. There was a large attendance.

The chief feature of the programme was an address on temperance work in the British Army in South Africa, by Mr. Last, a South African veteran who served with the Northampton Fusiliers in the late war. Mr. Last's vivid description of some of the famous battles of the struggle greatly impressed the audience. Miss Emmerson gave a reading that was much enjoyed.

Refreshments were served at the conclusion of the programme, and during the evening various games were played.

Mr. J. Carey, Select Councillor, occupied the chair.

Adgt. Jennings To England This Week

Will go to Arrange for Transportation of Immigrants to Canada—Will Accompany the Special Steamer "Kensington" Which Will Leave Liverpool May 10.

Adjt. Jennings, who has for the past year been in charge of the Immigration Department of the Salvation Army's work in Eastern Ontario, will on Friday leave for England, where he will remain until the departure of the special steamer, "Kensington," which has been chartered by the Army, and which will leave Liverpool on May 10th, on her third trip this spring.

Adjt. Jennings returned last night from Toronto, where he was helping to distribute 500 immigrants, who had arrived by the steamers "Canada," "Lake Champlain," and "Tunisian," from England.

The greater part of these half thousand were sent to different parts of Ontario, where Adjt. Jennings states the demand still exceeds the supply.

On Friday he will go to Montreal, and will be joined there by the other members of the party, Staff-Capt. Creighton, Ensign Gillans, and Mr. Harry Coombes, son of the Commissioner. They will go to Portland, and will leave there on Saturday on the "Canada." While in England they will make arrangements for the transportation of the 1200 men who will leave Liverpool on May 10th, by the "Kensington," which will bring the third special contingent of immigrants to Canada, where they will be received literally with open arms by the farmers, whose demands are not nearly supplied.

Ensign Tudge, who has been associated with this branch of the work for some time, is to be one of the principals of an interesting ceremony on Wednesday next in Toronto. He is to be married, and it will be a rush job, too. He expected to arrive from England on Sunday, will be married on Wednesday, and will leave the next day for England to meet Adjt. Jennings' party, and will return with them on May 10th.

The necessities of the work are so urgent, that it is with difficulty that time can be taken to participate in such an important function as a wedding ceremony.

The Immigration Work of the Army has assumed such gigantic proportions that it has far surpassed the expectations of its founders. Adjt. Jennings states that the great majority of men who have been brought to Canada have gone to work on the land, and their arrival has proved a veritable boon to the farmers of the province, and had it not been for the fact that the Army had taken this step the agricultural interests of the province would have suffered materially.

During Adjt. Jennings' absence applications for men may be addressed to Mrs. Jennings, 718 George street, who will deal with them. He expects to return to Peterborough about May 20th, and will doubtless bring a number of the men to this city with him.

THE BEST IS CHEAPES

"Solution of Ozone (the coupon kind) is the purest and best form in which Ozone is put up. Each bottle of it contains a coupon entitling you to a package of "Celery King", the well known laxative which should always be used with Ozone.

By buying "Solution of Ozone (the coupon kind)" you get Ozone in its most efficient form and you get about twice as much of it for your money as of other brands. You also get the package of "Celery King" without charge.

No other brand of Ozone offers this advantage because no other firm can give you the "Celery King." This is the only way to procure the full value of your Ozone purchase

"Solution of Ozone (the coupon kind)" is fifty cents and one dollar at your druggists and if he hasn't it the Public Drug Co., Bridgeburg Ont., will see that you are supplied. Sold by W. B. WARNE. 12

INVITATION FROM DUFFERIN RIFLES

An invitation has been extended by the 38th Dufferin Rifles of Brantford, to the officers of the Peterborough Rangers, to attend a ball there on the 20th of April. The officers last night did not come to a conclusion, but it is altogether probable that some of them will accept the invitation of their military friends in Brantford.

What About The Watering Carts?

Should Everybody be Forced to Pay Tax for the Work They Do?

"Only a certain portion of Peterborough's citizens should be forced to pay the watering cart tax," said a prominent resident of the city today. "Some people that pay the tax have to suffer from the dust all summer, practically, although the sprinkler may visit their streets once in a great while. It's not fair that a man should pay his good money for the benefit of other people. About the only street sprinklers some of the taxpayers in this progressive city, with its wide-awake aldermen, have is the gentle and welcome rain that at different intervals throughout the summer quells, for a time, the dust king's spreading ambition."

New Officers Were Elected

Annual Meeting of the George Street Women's Auxiliary Yesterday.

The annual meeting of the Woman's Auxiliary of the George street Methodist church, took place yesterday afternoon in the church parlours.

The following officers were elected: for the ensuing year:

President—Mrs. Jas. Kendry.
1st Vice-Pres.—Mrs. (Rev. Dr.) Crothers.
2nd Vice-Pres.—Mrs. J. Carlisle.
Rec.-Secretary,—Mrs. J. B. Pentland.
Cor. Secretary—Mrs. M. A. Turner
Treasurer—Mrs. A. E. Micks.

Arrangements were made to hold the annual thanksgiving service on May 8th.

MEETING WITH GREAT SUCCESS

The following paragraph from the Lindsay Post, will be read with interest by Peterborough people, many of whom will remember Mr. Mimms:

"Mr. Bert Mimms, formerly of the Post, who will be remembered by many of our young people, is winning his way upward as a draughtsman. After spending several years with the Baldwin Locomotive Worsk, in Philadelphia, he has lately accepted charge of the locomotive work in the draughting room of the Atlantic Coast Line R. R., with headquarters at Wilmington, N. C. The line is 4500 miles in length, and has 700 engines in use.

Tortures of Itching Piles.

"I had tried very many so-called cures for piles, and can truthfully say that there is no remedy on the face of the earth like Dr. Chase's Ointment, for it has entirely cured me. I would not be without it for any amount of money, and can heartily recommend it to all sufferers."—Mr. John Harvey, Mayor of Arnprior, Ont.

Thanks and Appreciation

It is due to the public that my hearty thanks be expressed for the gratifying success which attended the re-opening of my new Meat and Provision establishment on Saturday. The interest shown by the hundreds of callers who thronged the store day and night and the words of appreciation bestowed were compliments which I value highly.

The BILL OF FARE

which will be presented every day in the matter of tempting eatables: Fresh Meats, Sugar Cured Hams, Bacon, Sausage, Cottage Meats, etc., Canned Goods, Package Teas, Butter, Eggs, Lard, Cheese, Vegetables, Fruits, etc., will be kept right up to the "KENNEDY" standard in every respect.

Autocratic Attitude Of Board Towards People

Their Desire to Force Their Extravagant South Ward School Scheme Through Without Regard to the Wishes of the People--Board Has Will, But Not Power, if City Council Does Its Duty.

Not only have the School Board shown very doubtful business prudence and disregard for other equally important educational and civic interests, but they have shown a lack of attention to business detail which a woman of sense would not be guilty of.

The members of the School Board go to the City Council without plans or specifications of any kind; and without even an approximate estimate of the cost, and demand $35,000 which, in the hand of a Board with such business methods, may easily mean $40,000 for a school, admittedly in excess of the requirements of the school population, and in an ineligible situation. And all this without a though of consulting the people who have to pay the piper. They trusted to the compliant acquiescence of some of the City Council, who should have stood between the autocratic attitude of the School Board and the people who have to pay.

Autocratic is not too strong a word, for not only were, and are, the Board determined to get their money without asking the people, but they showed a deplorable spirit of defiance of the people.

Members of the Board do not hesitate to assert that the more agitation there is against their $35,000 school proposition, the more determined the Board becomes to force the matter through, no matter what may be thought or felt by the people who pay.

Is this representative government? Is this the spirit in which the servants of the people should regard their masters? Is it for the School Board to demand, and the people to pay whatever may be demanded, and get it through the medium of some compliant members of the City Council?

The Board is evidently under the impression that the letter of the law permits them and the City Council to thus set themselves above the wishes of the people, who pay.

The Board of Education may have thought that the law would up-hold it in making a stand-and-deliver demand upon the City Council for $35,000 for a South Ward school, and that the city council was compelled to accede to such a demand, and without reference to the people.

But in this the Board is mistaken. The law compels the city council to meet a demand of the Board upon it for maintenance of schools, paying teachers' salaries, etc.—what might be called current expenses; but the law does not compel the City Council to grant the demand of the School Board, for money, for the erection of school buildings, etc — what may be called capital expenditure. If the Council should refuse such a demand it can do so, and, on the demand of the Board, refer the matter to the people.

Here the duty of the city council is plain — its work is cut out for it. Now that it knows how unpopular and repugnant to the good sense, and sound judgment, of the people, this demand for $35,000, for an unreasonably large school, in an out-of-the-way quarter of the city, has become, the council should waste no time in taking steps to have the question referred to the people.

If the School Board is wise, it will modify its demands, and call for a reasonable sum for a school of a reasonable size, to be built upon a reasonably located site.

Why do not the members of the Council consult the people? Why do they not submit a bylaw to the popular vote? Do they fear that the people will vote down the park lot school scheme? If the people should vote down such a proposal that would not necessarily be taken to mean that they are opposed to the erection of a new school in the South Ward. If the vote were adverse it could be easily taken to mean that the people were opposed to spending $35,000 for an unnecessarily large building, on a site in a situation that isn ot central, but one-sided and otherwise altogether unsuitable.

But if the Board submitted a reasonable proposition, and the Council a bylaw based upon it, for, say, an *eight-room school* to *cost from* $15,000 to $17,500, and on a site more convenient to the mass of the pupils who would attend it, there would be no doubt of the people's approval.

For it is universally admitted that a new school is needed for the accommodation of the large school population of this part of the city—nobody denies that. But the objection is to the one-sided site, the costly nature of the means necessary to get at it, and, above all, to the bulldozing methods of the Board, which have decided to force their scheme through without regard to what is thought or felt by the people who have to pay the cost.

The people are reasonable if they are reasonably dealt with. Submit a reasonable proposition, in the interests of education or any civic interest, and the people will take a reasonable view of it and support it.

But it is not in the interests of education; it isn ot in the interests of the future welfare of the city, that the Board should take a lofty attitude of disregard for the people who pay, and thus create a spirit of hostility between ratepayers and representatives that will imperil the promotion of important public interests.

Madame Ayer's Theory Correct

She Told the Location at Which Louis Bell's Body Would Be Found.

The circumstances of the finding of the body of the late Louis Bell, has revived the theories as to the cause of his sudden disappearance, and a knowledge of the facts gives the information that the statements of Madame Ayer, as to the recovery of the body have been verified. On November 8th, Madame Ayer was seen by the father of the missing boy, and she told him that his son's body would not be found until the spring, when the ice broke up, and although she had not seen the neighbourhood at all she described correctly the geophraphical features, and told the exact spot, practically, where his body would be found. She said it would be within half a mile of the place at all she described correctly the At the time that Madame Ayer was consulted the diver was making a search, and Mr. Bell was told that he was looking too far south.

This proof of Madame Ayer's ability to foretell accurately events which will transpire stamps her as a leader in her profession, and is evidence of the fact that those who consult her are taking a wise course.

Madame Ayer makes her headquarters in Peterborough and is well known, her prophetic statements having been proved true on a number of occasions.

Special Meetings Are Well Attended

Successful Series of Services at the Barracks.

The special meetings in the Salvation Army Barracks, conducted by Staff-Captain Manton, are being well attended, and are successful. Deep interest is being manifested in the addresses given nightly by the Staff-Capt., who is a most interesting speaker.

The subjects for the services from to-night to the close of the series are as follows:—

Wednesday—"Faith—What is it?"

Thursday—"Putting God to the Test."

Good Friday, 3 p.m.—"Pilate and the Crucifixion." 8 p.m.—"Calvary."

Saturday—"Matrimonial Muddles."

Easter Sunday, 11 a.m.—"Holiness." 3 p.m.—"How to Build a Happy Home." 7 p.m.—"Resurrection and Ascension."

Monday—"Sixty Years Through Smiles and Tears."

The Council Still ---CONTROLS SITUATION--- So Statute Says

Mr. W. H. Moore Points Out That the City Council Need Not Grant Board of Education's Request for $35,000 —If Board Forces the Matter Their Official Lives Will be in Jeopardy—Implication That Ratepayers Are Not to be Trusted.

Editor Examiner,—The letter which appeared in The Review of the third inst. from the pen of a person ashamed to subscribe his name, I decline to notice further than to say that I have never opposed a new public school, modern both in design and finish, in the south end. On the contrary, I heartily approve of it.

In dealing with the matter, it is quite foreign to the discussion to refer to the city's dam or a filtration system, but I may say that the installation of the latter has never, since the report was received from Mr. Haren, been considered by the Water Commissioners, as his estimate of the cost, in their opinion, put it out of the question. In any event, the matter could not be entered upon without a reference to the ratepayers, who, in this, as in every debt incurred, should, and must ever be the *fountain of authority* for all expenditure by the city, not levied for in the current year.

Enormous Demand.

What I and the body of the ratepayers object to is the enormity of the demand, in the acquirement of six acres of land and the erection of a public school at a combined price of $35,000. The amount of land to be bought is so excessive that it gives appearance to the suggestion that the Board and Council were in league to obtain a park for the south end, and not a school ground. The above quantity would be equal to the whole of Central Park, on which it is intended to erect a $100,000 Collegiate Institute, drill shed and armouries at a like cost, and still leave sufficient space for a parade ground for the troops, exercise ground for the young men at the Institute, and yet have about three acres for a public park.

I am assured that the whole cost of the imposing Separate School building on Reid street, including the grounds, does not exceed $24,000, and I cannot believe that the Board will attempt so high-handed an act, nor that the Council will give aid to spending $11,000 more than this, where $15,000 would be ample. That would be a defiant attitude to take, and fantastic in its extravagance, and if they can, and if they do attempt it, they may rest assured their official lives will be in jeopardy at *the first opportunity*.

Distrust of Ratepayers.

A very objectionable feature of the proposed summary action of the Board and Council is the clear implication that the ratepayers are not to be trusted with the voting of necessary supplies for the purpose, and are unworthy of regard. I would assure the Board they thus pay the people a very poor compliment, and that they are altogether mistaken. There never has been a refusal of the ratepayers to respond to a just and reasonable demand for a public purpose, when it was properly put before them, and it will indeed be a grave mistake which will not be forgotten, to declare in this instance an intention to ignore them. In this country public opinion must be the guide to every action, and no municipal body can assume with impunity an overbearing tone, but must, on all occasions, bend itself to, and work in harmony with, the people's will.

Board Circumscribed.

It will have been noticed that it has been thought that the Board controls the situation, and that their demand on the Council is the only thing needful to compel the passage of a bylaw by the latter body to supply them with money. This is an error. They have no such authority, except for ordinary repairs, salaries, etc., for the current year. In all other matters, as the purchase of land and erection of buildings, the Council is supreme, and can reject their request, and always could do so. After such rejection, the Board may request that a bylaw be submitted to the vote of the legally qualified ratepayers for the purpose, and with this request, and this only, is the Council bound to comply, as provided by the Statute of 1903, Chapter 32, Section 5.

THE BEST STOVE CO

OBITUARY.

MARGARET ELIZABETH O'HE...N.

The death occurred last nigh...at the family residence, River ...d, Auburn, of Miss Margaret Eliza...h, a daughter of Mr. Maurice O'H...rn, at the age of 22 years. Dec...ed had been suffering for about ...ve months, and gradually became ...k-er, until the end, which was ...be-ful.

The late Miss O'Herron was bo...in Peterborough, in the same hou...in which she died, and has lived ...her practically all her life, makin...a great many friends by her genia...and lovable manner, and news of ...her death will be received with the ...eep-est regret. She was formerly ...an employee of the Auburn W... Company, and later was a sal...lady for the T. Eaton Co., Limited, Toronto.

She leaves to mourn her los...her father and mother, and one br...ther, and seven sisters, one sister, Mrs. Fred Derocher, being married and the others are unmarried and live at home.

The funeral will take pla...on Thursday afternoon at 3 o'clock, from the family residence, t... St. Peter's cathedral, and thence to the Roman Catholic cemetery.

PETER NICHOLLS.

Mrs. Peter Nicholls of Bridgenorth, passed away last night at the Nicholls Hospital, after an illness of about six weeks. She was a daughter of the late John Bennett of Cavan township, and was thirty-five years of age.

Two daughters and two sons survive. They are Mrs. Harry R...inson of Bridgenorth; and Clara and Maggie residing at home; David, Ross, and Gordon Calvin, of Bridgenorth. Two sisters and three brothers are also left to mourn her death.

The funeral will take place on Friday morning to the Bridgenorth cemetery.

GOOD SHOWING OF ST. LUKE'S CHURCH

In the contributions to the missionary society of the Canadian church, St. Luke's church takes the second place in the Deanery of Northumberland, and among all the parishes (outside of Toronto) of the diocese, having paid $25.27 above the assessment. A good showing and worthy of every effort to obtain it.

SACRED ORATORIO ON GOOD FRIDAY

The "Crucifixion," a sacred oratorio by Sir John Stainer, will be sung by the choir of St. John's Church on Good Friday evening, at 8 p.m. This work has not been given here before, although it is said to be the composer's best production. The final rehearsal will be held on Thursday evening at 8 p.m.

Sunlight Soap is better than other soaps but is best when used in the Sunlight way. Buy Sunlight Soap and follow directions.

CITY NEWS OF TO-DAY

Barber Shops Closed Good Friday.

—The barber shops will be closed all day Good Friday.

St. Luke's W.A.

—To-morrow afternoon the W. A. of St. Luke's will meet at 2.30 o'clock.

St. Luke's Church.

—At the Lenten service in St. Luke's to-night the special preacher will be Rev. W. C. Allen, rector of Cavan.

Piano Tuning.

—Piano tuning promptly attended to. Satisfaction guaranteed. A. E. Hoover, 222 McDonel street. 'Phone 199.

New Mouldings.

—The new designs in mouldings have arrived at "The Framery," 326 George street. Orders for picture frames can be executed promptly. A full stock of artists' materials.

Must You Buy a New Suit?

—Send last season's garments to "My Valet" before you decide. Wesley is a wizard at putting a new face on clothes that have been worn. 338 1-2 George street. 'Phone 578.

New Picture Framery.

—136 Hunter street, two doors west the post office. Mouldings, mattings, British plate mirrors sold; show cases manufactured. Fine work at reasonable prices.

The New one is Silent.

—Mr. Fred A. Clarke, the prominent George street hatter and furrier, has installed a new silent salesman in his store. The contrast between Mr. Clarke, his genial clerk, Mr. N. McWilliams, and the new "salesmen," is very marked.

Choir Practice.

—The George street choir will rehearse to-night at 8 o'clock at the Y.M.C.A., and to-morrow night at the same hour at the church. Mr. McCann requests that all the members of the choir be present, as these will be the last two rehearsals before Easter.

Suit Settled.

—The action brought by Mrs. Catherine Weir, widow of Simon H. Weir, against the Grand Council of the Canadian Order of Chosen Friends for $1,000, the amount of a life insurance certificate on the life of her late husband, has been settled out of court by the payment to the plaintiff by the defendant society of $500 and $50 for funeral expenses, being a total of $550, and each party paying their own costs.

Easter Holiday rates via Canadian Pacific Railway, single fare for round trip, good going April 12, 13, 14, 15 and 16, returning April 17. Commencing May 6th, 1906, a double daily express service will be resumed between Montreal and Vancouver. Further details later. Now is the time to book passages to Great Britain and Europe. Prepaid tickets to bring out your friends. For tickets and all information see W. McIlroy, City Passenger Agent, Canadian Pacific Railway, 343 George street. 3488

Isolation Hospital

WILL BE ERECTED ON THE Hilliard Property

Such Was Decision Reached at Joint Meeting of Board of Health and Finance Committee This Morning--North or South Lot Will be the Site--Building Will Cost in Neighbourhood of $6,000.

An isolation hospital will be erected in Peterborough on the Hilliard property either on the extreme south or north lots. This much was decided at a joint meeting of the Board of Health and representatives of the Finance Committee this morning. A committee was appointed to take the matter into consideration and they will go to Toronto in the near future to consult the officers of the Provincial Board of Health in reference to the kind of building most suitable for Peterborough. The building that Architect Blackwell has in mind is composed of four wards, holding in all 20 beds. Two of these wards will be for scarlet fever patients and two for diphtheria patients, such a building would cost in the neighbourhood of $6,000.

There were present this morning, Mr. William Eyres, chairman; Messrs. Geo. Schneider, R. Neill, Dr. Burnham, Dr. Bingham, M.H.O., Ald. Mason, Ald. Elliott and W. H. Moore, City Trust Commissioner.

The chairman referred to the visit of the committeee to the Hilliard property last week and said that they had been very favourably impressed with the south lot. The first thing to be definitely decided, however was whether it was the opinion of the Board that an isolation hospital should be built.

Dr. Burnham asked if the hospital authorities had been approached as to whether they would undertake the supervision of the isolation hospital if it was erected near either of the hospitals.

The chairman stated that he had conferred with the authorities and while they were willing to help the Board of Health as far as they could, they were not willing to take the responsibility of the supervision of the hospital.

It was moved that in view of the fact that the general hospitals are compelled by Government regulations to decline any cases of contageous diseases the Health Board unite with the Council in establishing an isolation hospital for the treatment of such diseases.—Carried.

The question of what lot should be selected was next discussed. Mr. Neill favoured the south lot of the Hilliard property on the ground that it would be more suitable for the patients.

Mr. Moore spoke in favour of the northern lot. There were nervous people in the city who might feel that the hospital would be a menace, and it was therefore well to have the building removed as far as possible. The ground was higher and in the matter of sewerage the lot was the better situated.

Mr. Blackwell said that in view of the fact that the north lot was high it might be the most suitable, because a septic tank would have to be built.

After a little further discussion on the question of lots, it was moved that the City Trust Commissioners be requested to give a site of 5 acres for the isolation hospital on the Millard property fronting on the road between Concession 1 and 2, of the Township of Smith on the hill west of Monaghan street, and that the City Council be asked to unite with the Board in this request to the Commissioners, or if the Council prefers that the request be made for the site on the south lot of the property fronting on Anson street.—Carried.

It was moved that the chairman, Dr. Burnham, Dr. McNulty, Mr. Neill, Architect Blackwell, together with representatives of the City Council, be a committee to take the matter of the erection of an isolation hospital into consideration and to visit Toronto, and confer with the officers of the Provincial Board of as to the best plans for the hospital.—Carried.

Other Business.

Before the isolation hospital question was taken up the Health Board dealt with several other matters.

A report was read from T. A. S. Hay, City Engineer regarding the Queen street drain, recommending that a sewer be constructed on Queen street and along Simcoe street to Water street.

On motion it was decided to recommend to the council that this sewer should be constructed.

A communication was received from J. Malcolm McCulloch, Secretary of the Central Ontario Medical Association enclosing a resolution passed at the last meeting of the Association, stating that in the opinion of the members an isolation hospital was absolutely necessary.

Mr. Harry Morgan wrote the Board calling attention to the fact that a sewer was badly needed on Mark street from Hunter to Robertson street.

The chairman was instructed to look into the matter.

POWER CLAUSE OUT OF THE CITY'S BILL

Special to The Examiner.

Toronto, April 11th. — The clause in the Peterborough bill permitting the city to acquire water-power for the development of electrical energy, was struck out by the Private Bills Committee of the Legislature this morning. The Peterborough Light and Power Company, through its solicitor, Mr. R. M. Dennistoun, opposed the clause.

It will be remembered that it was practically decided by the council to withdraw its application for this clause in view of the action of the company in quoting a rate of $20 per horse power for manufacturers for a term of ten years. The feeling was that it was better business policy for the city to work in harmony with the Cereal Company interests to secure manufactures.

ANNUAL MEETING OF THE CENTRAL MILLING COMPANY

The annual general meeting of the shareholders of the Central Milling Company, Limited, was held in the Foresters' Hall, 160 1-2 Simcoe street, yesterday afternoon. The chair was occupied by the President, Mr. John Stothart, and there was a good representation of stockholders.

The minutes of the previous annual meeting, read by the Secretary, Mr. M. W. Matchett, were adopted, after which Mr. Geo. K. Martin, Auditor for the company, presented his report, which was adopted after discussion. The yearly dividend of 6 per cent. will be payable at the office of the company, on and after May 1st, next.

Mr. G. K. Martin was re-appointed auditor, and the old Board of Directors were unanimously re-elected, as follows:—John Stothart, D. Carlow, J. W. Hall, Peter Dawson, G. Taylor, James Finnie and J. G. Armstrong.

At a subsequent meeting of the Directors, the following appointments were made:—

President—John Stothart.
Vice-President—D. Carlow.
Manager—H. A. Mulhern.
Secretary-Treasurer—M. W. Matchett.

PERSONAL MENTION

Mr. Andrew Jobe, Bridgenorth, is in the city to-day.

Mr. E. B. Stone, London, is registered at the National.

Creighton's

Isolation Hospital

WILL BE ERECTED ON THE Hilliard Property

Such Was Decision Reached at Joint Meeting of Board of Health and Finance Committee This Morning--North or South Lot Will be the Site--Building Will Cost in Neighbourhood of $6,000.

An isolation hospital will be erected in Peterborough on the Hilliard property either on the extreme south or north lots. This much was decided at a joint meeting of the Board of Health and representatives of the Finance Committee this morning. A committee was appointed to take the matter into consideration and they will go to Toronto in the near future to consult the officers of the Provincial Board of Health in reference to the kind of building most suitable for Peterborough. The building that Architect Blackwell has in mind is composed of four wards, holding in all 20 beds. Two of these wards will be for scarlet fever patients and two for diphtheria patients, such a building would cost in the neighbourhood of $6,000.

There were present this morning, Mr. William Eyres, chairman; Messrs. Geo. Sobneider, R. Neill, Dr. Burnham, Dr. Bingham, M.H.O., Ald. Mason, Ald. Elliott and W. H. Moore, City Trust Commissioner.

The chairman referred to the visit of the committees to the Hilliard property last week and said that they had been very favourably impressed with the south lot. The first thing to be definitely decided, however was whether it was the opinion of the Board that an isolation hospital should be built.

Dr. Burnham asked if the hospital authorities had been approached as to whether they would undertake the supervision of the isolation hospital if it was erected near either of the hospitals.

The chairman stated that he had conferred with the authorities and while they were willing to help the Board of Health as far as they could, they were not willing to take the responsibility of the supervision of the hospital.

It was moved that in view of the fact that the general hospitals are compelled by Government regulations to decline any cases of contageous diseases the Health Board unite with the Council in establishing an isolation hospital for the treatment of such diseases.—Carried.

The question of what lot should be selected was next discussed. Mr. Neill favoured the south lot of the Hilliard property on the ground that it would be more suitable for the patients.

Mr. Moore spoke in favour of the northern lot. There were nervous people in the city who might feel that the hospital would be a menace, and it was therefore well to have the building removed as far as possible. The ground was higher and in the matter of sewerage the lot was the better situated.

Mr. Blackwell said that in view of the fact that the north lot was high if might be the most suitable, because a septic tank would have to be built.

After a little further discussion on the question of lots, it was moved that the City Trust Commissioners be requested to give a site of 5 acres for the isolation hospital on the Hilliard property fronting on the road between Concession 1 and 2, of the Township of Smith on the hill west of Mona street, and that the City Council be asked to unite with the Board in this request to the Commissioners, or if the Council prefers that the request be made for the site on the south lot of the property fronting on Anson street.—Carried.

It was moved that the chairman, Dr. Burnham, Dr. McNulty, Mr. Neill, Architect Blackwell, together with representatives of the City Council, be a committee to take the matter of the erection of an isolation hospital into consideration and to visit Toronto, and confer with the officers of the Provincial Board of as to the best plans for the hospital.—Carried.

Other Business.

Before the isolation hospital question was taken up the Health Board dealt with several other matters.

A report was read from T. A. S. Hay, City Engineer regarding the Queen street drain, recommending that a sewer be constructed on Queens street and along Simcoe street to Water street.

On motion it was decided to recommend to the council that this sewer should be constructed.

A communication was received from J. Malcolm McCullough, Secretary of the Central Ontario Medical Association enclosing a resolution passed at the last meeting of the Association, stating that in the opinion of the members an isolation hospital was absolutely necessary.

Mr. Harry Morgan wrote the Board calling attention to the fact that a sewer was badly needed on Mark street from Hunter to Robertson street.

The chairman was instructed to look into the matter.

Preparing For The Grand Lodge

Reception Committee Held a Short Business Meeting Last Night.

The Grand Lodge Reception Committee of the local Oddfellows' Lodges held a short business meeting last night. But little was accomplished other than bringing the members together, and getting some idea as to the work to be done and the means of accomplishing it. The committee adjourned to meet again on Thursday, April 19th, when details will be gone into thoroughly.

THE BEST STOVE CO

OBITUARY.

MARGARET ELIZABETH O'HEARN.

The death occurred last night, at the family residence, River Road, Auburn, of Miss Margaret Elizabeth, a daughter of Mr. Maurice O'Herron, at the age of 22 years. Deceased had been suffering for about five months, and gradually became weaker, until the end, which was peaceful.

The late Miss O'Herron was born in Peterborough, in the same house in which she died, and has lived her practically all her life, making a great many friends by her genial and lovable manner, and news of her death will be received with the deepest regret. She was formerly an employee of the Auburn Woollen Company, and later was a saleslady for the T. Eaton Co., Limited, Toronto.

She leaves to mourn her loss her father and mother, and one brother, and seven sisters, one sister, Mrs. Fred Derocher, being married, and the others are unmarried and live at home.

The funeral will take place on Thursday afternoon at 3 o'clock, from the family residence, to St. Peter's cathedral, and thence to the Roman Catholic cemetery.

PETER NICHOLLS.

Mrs. Peter Nicholls of Bridgenorth, passed away last night at the Nicholls Hospital, after an illness of about six weeks. She was a daughter of the late John Bennett of Cavan township, and was thirty-five years of age.

Two daughters and two sons survive. They are Mrs. Harry Robinson of Bridgenorth; and Clara and Maggie residing at home; David Ross, and Gordon Calvin, of Bridgenorth. Two sisters and three brothers are also left to mourn her death.

The funeral will take place on Friday morning to the Bridgenorth cemetery.

GOOD SHOWING OF ST. LUKE'S CHURCH

In the contributions to the missionary Society of the Canadian church, St. Luke's church takes the second place in the Deanery of Northumberland, and among all the parishes (outside of Toronto) of the diocese, having paid $25.27 above the assessment. A good showing and worthy of every effort to obtain it.

SACRED ORATORIO ON GOOD FRIDAY

The "Crucifixion," a sacred oratorio by Sir John Stainer, will be sung by the choir of St. John's Church on Good Friday evening, at 8 p.m. This work has not been given here before, although it is said to be the composer's best production. The final rehearsal will be held on Thursday evening at 8 p.m.

Sunlight Soap is better than other soaps but is best when used in the Sunlight way. Buy Sunlight Soap and follow directions.

CITY NEWS OF TO-DAY

Barber Shops Closed Good Friday.

—The barber shops will be closed all day Good Friday.

St. Luke's W.A.

—To-morrow afternoon the W. A. of St. Luke's will meet at 2.30 o'clock.

St. Luke's Church.

—At the Lenten service in St. Luke's to-night the special preacher will be Rev. W. C. Allen, rector of Cavan.

Piano Tuning.

—Piano tuning promptly attended to. Satisfaction guaranteed. A. F. Hoover, 222 McDonel street. 'Phone 198.

New Mouldings.

—The new designs in mouldings have arrived at "The Framery," 326 George street. Orders for picture frames can be executed promptly. A full stock of artists' materials.

Must You Buy a New Suit?

—Send last season's garments to "My Valet" before you decide. Wesley is a wizard at putting a new face on clothes that have been worn. 338 1-2 George street. 'Phone 578.

New Picture Framery.

—136 Hunter street, two doors west the post office. Mouldings, mattings, British plate mirrors sold; show cases manufactured. Fine work at reasonable prices.

The New one is Silent.

—Mr. Fred A. Clarke, the prominent George street hatter and furrier, has installed a new silent salesman in his store. The contrast between Mr. Clarke, his genial clerk, Mr. N. McWilliams, and the new "salesmen," is very marked.

Choir Practice.

—The George street choir will rehearse to-night at 8 o'clock at the Y.M.C.A., and to-morrow night at the same hour at the church. Mr. McCann requests that all the members of the choir be present, as these will be the last two rehearsals before Easter.

Suit Settled.

—The action brought by Mrs. Catherine Weir, widow of Simon H. Weir, against the Grand Council of the Canadian Order of Chosen Friends for $1,000, the amount of a life insurance certificate on the life of her late husband, has been settled out of court by the payment to the plaintiff by the defendant society of $500 and $50 for funeral expenses, being a total of $550, and each party paying their own costs.

Easter Holiday rates via Canadian Pacific Railway, single fare and one-third round trip, good going April 12, 13, 14, 15 and 16, returning April 17. Commencing May 6th, 1906, a double daily express service will be resumed between Montreal and Vancouver. Further details later. Now is the time to book passages to Great Britain and Europe. Prepaid tickets to bring out your friends. For tickets and all information see W. McIlroy, City Passenger Agent, Canadian Pacific Railway, 343 George street. 'Phone 578.

A NICE VARIETY

Order your Fish for Good Friday from us early. In this way you are sure of getting good goods.

POWER CLAUSE OUT OF THE CITY'S BILL

Special to The Examiner.

Toronto, April 11th. — The clause in the Peterborough bill permitting the city to acquire water-power for the development of electrical energy, was struck out by the Private Bills Committee of the Legislature this morning. The Peterborough Light and Power Company, through its solicitor, Mr. R. M. Dennistoun, opposed the clause.

It will be remembered that it was practically decided by the council to withdraw its application for this clause in view of the action of the company in quoting a rate of $30 per horse power for manufacturers for a term of ten years. The feeling was that it was better business policy for the city to work in harmony with the Cereal Company interests to secure manufactures.

ANNUAL MEETING OF THE CENTRAL MILLING COMPANY

The annual general meeting of the shareholders of the Central Milling Company, Limited, was held in the Foresters' Hall, 160 1-2 Simcoe street, yesterday afternoon. The chair was occupied by the President, Mr. John Stothart, and there was a good representation of stockholders.

The minutes of the previous annual meeting, read by the Secretary, Mr. M. W. Matchett, were adopted, after which Mr. Geo. K. Martin, Auditor for the company, presented his report, which was adopted after discussion. The yearly dividend of 6 per cent. will be payable at the office of the company, on and after May 1st, next.

Mr. G. K. Martin was re-appointed auditor, and the old Board of Directors were unanimously re-elected, as follows:—John Stothart, D. Carlow, J. W. Hall, Peter Dawson, G. Taylor, James Finnie and J. G. Armstrong.

At a subsequent meeting of the Directors, the following appointments were made:—

President—John Stothart.
Vice-President—D. Carlow.
Manager—H. A. Mulhern.
Secretary-Treasurer—M. W. Matchett.

PERSONAL MENTION

Mr. Andrew Jobe, Bridgenorth, is in the city to-day.

Mr. E. B. Stone, London, is registered at the National.

Mr. Jas. Thompson, Havelock, was in the city last night.

BETTER TRAIN SERVICE IS BADLY NEEDED

The Toronto World to-day devotes an editorial to the necessity for better train service between Toronto and Peterborough. In the course of the article the World says:

"You can't get from any place between Myrtle (thirty-two miles east of Toronto,) and this city until after 9.09 a.m., and when you get to Toronto at 10.25 all the trains for the west have left.

"If you wish to get to any station between Toronto and Myrtle you must be in Toronto by 5 p.m. Neither early morning train nor the late evening train serves that section of the province. As a consequence a fine country is at a standstill, and the people are praying for the trolleys."

The service which the C. P. R. proposes to establish between Peterborough and Toronto, however, will no doubt remedy this defect.

MERCHANT PURSUED BY 'INSANE WOMAN'

A prominent young merchant of the city the other evening was accosted by a woman afliated with insanity, who imagined he was her long lost son-in-law that had just returned after years of absence. The gentleman, who did not wish to undergo a critical test by coming in contact with the lady made an electrified exit from the vicinity. The woman was by no means anxious to relinquish the last hope of recovering her son, and took up the pursuit. The merchant being a lacrosse player of considerable renown was easily able to elude his pursuer, but unfortunately lost his hat on account of his hair having a peculiar tendency to point upwards.

The chase formed a brief amusement for a few of the residents in the neighbourhood of the G. T. R. station. Those who were let into the secret, however, new that the "insane woman" was a brother merchant in disguise, of the pursued, who has since thought twice before revisiting the haunted community.

EASTER HATS AT T. BARRIE & CO'S

An unusually large shipment of the famous Italian hat, "The Borsalino" has just been opened out at Messrs. Tips. Barrie & Co's, sole agents, in good time for the Easter trade. This high-quality distinctive block has run into high favour in Peterborough, because of its manly business-like model. They come, for the first time here, in both stiff and soft styles, for Peterborough's smart dressers. Every new spring style of Derby, Fedora, and Silk hat is also shown now at Barrie's, to suit the varied expressions of heads and faces. See the big window display. Thursday night the store remains open until 10 o'clock.

THESE FINE HOGS CERTAINLY PAID

Some journals claim that hog-raising does not pay, but the following information supplied The Examiner by Mr. H. D. Kennedy seems to disprove the above claim: Mr. E. Barnard, of North Monaghan, delivered to Mr. Jos. Madill, *Fraserville*, the product of one farrowing of hogs, six months and five days old, for which he received $194. Mr. Madill later sold the hogs to the Geo. Matthews Company.

Sure, They Liked It.

WE DO NOT note in the despatches that the Atlanta ladies objected to being kissed. It seems that Andy had a cinch.

Latest News Of Sports

Annual Meeting On Good Friday

The Midland Baseball League Will Meet in Cobourg.

Mr. R. E. Layfield has received notice from Mr. S. Lockington, the secretary of the Midland Baseball League, to the effect that that the annual meeting of the League will be held on Friday, April 13th, at 2 o'clock, at the British American Hotel at Cobourg. The Peterborough club is entitled to two representatives.

FOOTBALL

The Peterborough Quakers will practise this evening, providing the weather conditions are favourable, on the Central Park. As this is the first of the season as many as possible should turn out and commence the season with a good practise. The ball will be at the Central Park at 6.30.

• • • •

Mr. J. M. Rosevear the well known Port Hope umpire, has decided to become a candidate for the presidency of the Midland League. No better man could be selected. As an umpire he has always shown himself to be thoroughly impartial and competent and no doubt he would exhibit the same qualities as president.

BASEBALL

The meeting of the Peterborough Baseball Club that was to have been held last night at the Oriental did not materialise owing to the fact that there were not a sufficient number in attendance to organize. What's the matter with the baseball fans in Peterborough, anyway? Surely all interest in the game hasn't died out. It's too bad that a city the size of Peterborough can't rake a nine together when the small Lakeside towns are there with both feet. There's no better game played and it would seem a shame to see it die in the Electric City.

• • • •

The Charlotte Street Guild is an organization that is always enthusiastic in amateur sport and the meetings called to discuss sporting topics of any kind are always largely attended, but last night was the banner baseball gathering of this live society and the "enthoosiasm" of the fans was unbounded. The election of officers took place and a lengthy discussion regarding the material obtainable for the coming season and the team's prospects was carried on. A more successful year than last is anticipated as the Guild has a particularly large number of good players to pick from. Mr. Wm. Galbraith spoke a few words congratulating the team on the success of their past efforts and wishing them new laurels on the diamond. The election of officers resulted as follows:—

Hon. President—Hon. J. R. Stratton.
Hon. Vice-President—Robt. Neill.
President—Wm. Galbraith.
Vice-President—Mr. John Giles.
Secretary—I. D. Moore.
Treasurer—E. T. Carr.
Manager—N. E. McWilliams.

LACROSSE

A large number of Best's supporters will accompany him to Toronto on Good Friday.

• • • •

Vote for Best.

• • • •

Best will probably be elected.

• • • •

Best deserves election. He's a stickler for the best in lacrosse.

• • • •

Best in popular in Peterborough, Brantford and many other lacrosse centres. His popularity should ensure his election.

• • • •

Best is the best man imaginable for the very best that lacrosse holds.

• • • •

The enthusiasts will hope for the best and its generally conceded that Best's election means the best for lacrosse.

TURF.

Gradicator's book is opened for the season for a limited number of mares. His stable is at the Maple Leaf hotel, East City.

HOCKEY

The members of the High Life Hockey Club are requested to meet at the Club Rooms on Good Friday morning at 10 o'clock when arrangements will be made for the taking of their photograph.

Peterborough Now In Line For School

Government Decides to Establish New Normal Schools--Peterborough's Chance for Being Selected as One of Locations is Good.

an "Act Respecting the Department of Education," which the Minister of Education introduced in the Legislature yesterday, is of special interest to the city of Peterborough, by reason of the fact that it states the Government's intention to establish Normal Schools in the province. It will be remembered that at the time the city applied for one of the new Normal Schools, when they were first proposed, the answer the Ministers made was the statement that in case the Government decided to establish the new scheme Peterborough would be favourably considered. The impression gained from his remarks was that Peterborough would be chosen as the location of one of the schools, in case a decision was reached to establish them.

That decision has now been reached and it is fair to assume that in the consideration of the question of location the advantages which this city offer will be dealt with.

President Says Further Action Uncalled For

Rev. J. C. Davidson, President of the Ministerial Association, Deals With That Body's Position in Relation to the License Commissioners, and Refers to the General Work and Objects of the Association.

Editor Examiner:

Sir,—To meet any misconception as to the policy of the Ministerial Association, allow me to briefly state a few facts.

1—A committee of the Ministerial Association a year ago interviewed the License Commissioners with reference to a possible reduction in the number of Hotel licenses. In answer, the Commissioners suggested that we take steps to ascertain, through the Council, the will of the people in regard to this question.

2—Accordingly, last December we approached the Council with this object in view. In spite of strong pressure, we refused to take the responsibility of stating any particular number to be cut off, but adhered to the simple question of principle, leaving the responsibility of number, where, in our judgment, it should rest, on the License Commissioners, who were left entirely free to apply the principle according to their knowledge of the situation.

3—The Council, after full discussion, accepted our suggestion as reasonable, and took the responsibility of asking for the opinion of the ratepayers.

4—The result was a majority of 247 in favour of the principle that some reduction was advisable.

5—When the members of our association left the Council Chamber our work in that direction, as suggested by the Commissioners, absolutely ceased. We held no further discussion upon it, and did nothing whatever as an association to influence the vote. Several of us, including myself, did no canvassing, either in public or in private. I was not even in Peterborough on the day of polling. I mention these incidents to show that we honestly tried to do what was asked of us in the public interest, and stopped there, taking the necessary steps to ascertain public opinion, but doing nothing to influence it. If any members acted further, they did what they had a perfect right to do from their own standpoint as clergymen and conscientious citizens.

Now, this being our definite line of action, on what grounds should we now approach the Commissioners? Is it necessary for us to inform them that a vote has been taken on this question? Is it necessary to let them know our own opinion after once expressing the same?

Let it be clearly understood that we have no intention whatever, as an association, to pursue with hostile intent any of our fellow citizens, or to take upon ourselves any part of the responsibility of applying to individuals a principle which the Commissioners can alone fairly apply from their intimate knowledge of the situation. For this purpose the Commissioners have been appointed, and we have every confidence that they will endeavour fairly to discharge their trust. At all events, we have nothing more to do with the matter.

Its General Policy.

As to the general work of this association and its value, we are well aware that it will be differently estimated by different persons. Were our policy merely negative, weak, or colourless, it would occasion no comment. The opposition offered by certain unknown persons is proof — if proof were needed—that our important work honestly and thoughtfully undertaken in the public interest, is not without effect. We recognize that our public work is open to criticism, and have no quarrel with honest objectors.

One thing we do believe, from repeated assurances, that it is a most satisfactory thing to at least a large part of the citizens of Peterborough that their spiritual leaders are in warm, brotherly concord, and are together dealing as one united body with some of the religious and moral questions affecting the welfare of our city. From other towns and cities have come expression of appreciation of the unique extent to which this general ministerial co-operation is carried in Peterborough.

For the sake of the public weal, then, we shall not, on account of a few attacks, readily give up what we are convinced is a strong position and a useful work.

Yours, etc.,
J. C. DAVIDSON,
President,
Peterborough Ministerial Ass'n.

MUSIC AND DRAMA

THE OFFICE BOY.

Since the plan opened for "The Office Boy" the seats have been selling very briskly. The production tonight promises to rank among the best of the musical comedies which have appeared at the Grand this season. Frank Deshon, the clever comic opera comedian, who has so deservedly won a name for himself, will act in the title role as the Office Boy. He is supported by a company of superior size and excellence, and has provided a production that is lavish and artistic. "The Office Boy" has been played to excellent advantage in Toronto at the Grand, and its success to-night is assured.

BIG HEARTED JIM.

The coming of "Big Hearted Jim" to the Grand on Saturday afternoon and evening ought to arouse special interest, for Mr. Klimt is always associated with a dramatic offering that deserves to prosper. With his partner, Frank Gazzolo, he has given the new play, a comedy-melodrama of western life, an excellent company and equipment of scenery. As the title indicates, "Big Hearted Jim" has a big, hearty man for its central figure—a Montana sheriff of 20 years ago, who had the entire good will, and deserved it, of everybody in his county, including the Indians. The character of this true westerner is developed skilfully in many stirring scenes and some good comedy situations, and Mr. Klimt meets all demands with his well-known ability. Several comedy characters played by comedians of reputation furnish an abundance of humour. In fact, humour, trickery, pathos and romance alternate often and rapidly throughout the play, and two ambuscade scenes and a blooded horse, trained to act, add interest.

Teresa Deagle who will appear with Louis James at the Grand Opera House, Friday, Matinee and Night presenting at Matinee—The Merchant of Venice, and at Night—Virginius.

The Next Cause for Worry.

AFTER A MAN has passed the critical stage of his illness he begins to worry about his doctor's bill.

For the Last Days of Lent.

We have secured a supply of delicious salmon trout, white fish, red salmon, fresh haddock, mackerel and halibut. These are all fresh caught and prime. Fresh caught salmon trout is likely to be scarce, but we have secured ahead what we believe will be a sufficient supply. S. A. OKE, 376 George street. Bell telephone, 18 ;Machine telephone 18.

PORTER'S Easter Beef

Extra special preparations will enable us to offer the very choicest meats obtainable for Easter. Our cattle were not purchased in Toronto, but are the pick of our own county, selected by our own practical buyer, Mr. Robert Howden, and will compare with any in the Dominion:—

FOUR Thoroughbred Four Year Old Steers, from the herd of Mr. Herb. McKee, Smith. These extra prime cattle were specially fed for our customers, and weigh 4,725 pounds of Dressed Beef.

FOUR Carefully Raised Spring Lambs, thoroughbred Oxford Downs, from the fold of Mr. Deyell, South Monaghan.

EIGHT FATTED CALVES, picked from the stock yards of the best Otonabee and Smith farmers.

DELICIOUS PEA-FED PORK, from the pens of Mr. J. Cox, of the Armour Farm, also—

TOOTHSOME PROVISIONS

including Fowler's (of Hamilton) Mild Sugar and Cured Hams, Bacon and Rolls; Fatted Poultry (Plymouth Rock) Cooked Meats, Canned Meats, and Vegetables; Hot House Vegetables and Fruits, etc.

Let us have your orders for Easter early—the sooner the better, to ease off the Saturday rush.

Mr. Fleetwood, the well-known expert cutter, will be assisted by other skilful salesmen.

J. H. D'ARVILLE

The Eminent Clairvoyant and Palmist

NO MAN IS BORN INTO THE WORLD WHOSE WORK IS NOT BORN WITH HIM.

To-day we are living in the most propitious period of all time. With the progress of the times comes the evolution of the mind. All sciences are advancing: materia medica, surgery, jurisprudence, electrical, agricultural, and all branches which further the betterment of the people.

Clairvoyance is among the highest of all mental endowments—vouchsafed to but few and cannot be thoroughly accounted for by any known law.

The reflection of the human mirror, which forms, shapes and describes with accuracy things whih are not visible to the external senses, is the indwelling power which impels humanity onward.

Everyone pleased; no one disappointed; a reading with Mr. D'Arville will add many successful and happy years to your life. He brings out points so plainly that all the dreams of alchemy would soon prove true. He tells business changes, travels, vocation, when and whom you will marry, full names, dates, facts and figures. Mr. D'Arville has many unsolicited testimonials from the most prominent people of this city. He is non-mercenary and always pleased to see his friends.

Readings private and confidential. Hours, 10 a.m., to 8.30 p.m.

Address: 29 Queen Street, Peterborough.

F. J. GOSLIN, PRIME BEEF

If you want to see a display of prime Easter beef that will do your good, see Goslin's. Come and order a cut off the best the country can produce in—

Prime stall-fed beef.
Extra fine lamb.
Delicious young veal.
Juicy mutton.
Fresh farmers' pork.

Also something on the side. Such as headcheese, blood-pudding, sausages and other dainty dishes.

Be early with your order. Prompt deliveries by the handsome span of white ponies.

City's Private Bill
---IN THE COMMITTEE---
Is Badly Butchered

The Applications of the City as Embodied in the Bill Met With Scant Consideration at Hands of the Committee—Power Clauses and Annexation Thrown Out—Other Clauses are Changed to Destroy Their Effect.

Peterborough need not look for any consideration at the hands of the Private Bills Committee of the Legislature, and, as events have proven, it seems little use to expect even justice, from the body presided over by Mr. Carscallen.

Yesterday final consideration was given to the city's private bill by the committee, and while it was all disposed of it is in such a mutilated condition that its own father would not recognise it. Pretty nearly everything that was asked for was denied, and in the majority of cases no reason, other than the apparent determination of the chairman to give Peterborough as little as possible, can be assigned for the treatment accorded the bill. Clauses, to which no reasonable objection could be taken, were haggled over by the chairman and, in a number of cases, thrown out, or placed in such a shape that it is impossible to carry out the intention of the clauses.

The members of the deputation which went to Toronto, and appeared before the committee yesterday, to represent the city, are thoroughly disgusted with the action of the committee, and particularly the chairman.

No one was there to help Peterborough, outside the deputation, the member for West Peterborough, who is a member of the committee, only speaking once yesterday, and then but to answer a question of the chairman.

Water Power Clause Killed.

As stated in the despatch yesterday the water power clause was thrown out at the meeting of the committee yesterday morning. The first clause considered was that in reference to the city's right to acquire and develop water power.

Mr. R. M. Dennistoun, solicitor for the company, appeared in opposition to the clause, and referred to the discussion which took place at the last meeting when the company was ordered to quote rates, and terms of contract for manufacturers. He gave the reply of the company to the request for rates and contended that the terms quoted were satisfactory and reasonable.

The position which the committee took was that the principle of the Conmee Act was sound and that some protection should be afforded power companies. It took the position, however, that the protection should not be abused by the power company and in case they did abuse it the Legislature would afford relief to the municipality. In this case the members of the committee were of the opinion that the rates given by the company were such as no particular fault could be found with, and in view of this refused to pass that clause of the bill.

Annexation Clause Out.

Short work was made of the annexation clause. This clause was one which the city applied to have added to the bill. It provided for annexing the Sugar Company property to the city. The chairman of the Committee simply said that the Private Bills Committee was not the proper place to come with such a request, that it should be given by an Order-in-Council, and the clause was left out of the bill.

Clause One Goes.

While at a previous meeting of the Committee the first three clauses had been considered and passed, at the meeting yesterday the chairman went back to the first of the bill, and took up the first three clauses again. Clause one which provided for issuing debentures for the Ashburnham sewer was passed once more. The second clause, the purpose of which is to provide that the issue of the Collegiate Institute debentures may be extended to five years from the date of passing the bylaw, and that they need not all be issued at once, was also passed.

Chairman Objects.

But a snag was struck when clause three was reached. This clause was one which gave the city the authority to change the method of issuing debentures, from the instalment plan to the method of setting aside each year an amount for a sinking fund. To this clause the chairman raised strong objection, stating that the ratepayers had already voted to issue the debentures by installments and that it should not be changed. This, therefore was thrown out, with very little ceremony.

Diversions Killed.

There will, in all probability be no work undertaken on the diversion of the drain on Aylmer street, and the creek in the east ward. The committee decided that the work should only be undertaken when the ratepayers had consented; which of course means that no diversion will be made, since, while the work may be of importance and necessary, the ratepayers as a whole would not vote for it.

The clauses fixing the assessment of the Downham Creamery and the Central Milling Company were passed, with the provision inserted that the two companies must pay school taxes on the regular assessment, and the other taxes on the respective fixed assessments.

With these exceptions the bill will be reported to the Legislature, with, of course, the clause eliminated referring to the Waterworks Commissioners' request to control the waters above the dam to Stony Lake, which was thrown out at a former meeting.

A Presentation To Mr. MacKay

Members of St. Paul's Guild Give Him Set of Books.

A special meeting of the Young Men's Guild, of St. Paul's, was held last night, when the retiring assistant pastor of the church, Rev. W. McD. Mackay, was presented on behalf of the guild with a set of the Century Bible, which includes the books of the New Testament, in individual binding. Mr. R. F. McWilliams, president of the guild, made the presentation and referred to the interest which Mr. Mackay had taken in the work of the guild, and the valuable assistance which he had rendered.

Mr. Mackay acknowledged the gift in a short speech, in which he expressed his deep appreciation of the kindness of the members of the guild, as indicated by their present action. He referred to his pleasant relations with the members and expressed his regret at leaving a place where he had met with such universal kindness.

Mr. Mackay left the city to-day, and will go to Scotland, to take a post graduate course in some of the Scottish universities. Refreshments were served at the meeting last night. During the evening Rev. Dr. Torrance gave a short address, speaking in eulogistic terms of Mr. Mackay.

Suing M.P.P. For Defamation Of Character

Kidd vs. Kidd Will Come up at Spring Assizes Before a Jury.

The case of R. J. Kidd vs. G. N. Kidd, M.P.P., Carlton, has been entered at the Spring Assizes and will begin on the 23rd of April. The plaintiff is suing G. N. Kidd for $10,000 damages for defamation of character and slander in making use of a letter belonging to plaintiff.

Mr. E. B. Stone, London, will conduct the case for R. J. Kidd. It will be tried before Justice Magee and a jury.

THE SMART SHIRT STORE

A New TIE for Easter

The beauty and originality in our display of **TIES AND CRAVATS FOR MEN** must appeal to our Patrons more strongly this season than ever. All the new styles, all the new materials, all the new colours are here.

In a stock so varied, it's easy to choose something that's becoming, something you like.

Creeamon's

MANY VISITORS IN CITY FOR EASTER

You will be having some visitors for Easter, your son or daughter will be home from the city, or probably your parents or other relatives or friends will visit you. Maybe you are going visiting yourself. Remember that the movements of yourself or your friends are of interest to more than you have any idea of, and the Examiner would like to chronicle them. If you have any visitors or if you are visiting telephone or drop a line to the Examiner telling us about it.

Capt. White of Lakefield, was in the city to-day.

Mr. W. S. Davidson will spend the holiday in Toronto.

Royal Arcanium's Biennial Meeting

Is Now Being Held at Hamilton, Ontario.

The sixteenth biennial session of the Grand Council of Ontario, Royal Arcanum, opened yesterday morning in Hamilton. A large number of delegates are in attendance; the Peterborough Council, however, is not represented at this session.

The principal business yesterday was the reception of the report of the Grand Regent, Mayor H. J. Snelgrove, of Cobourg. In his address he said that while the Supreme Council was in session last May the membership reached its highest point, 3867. Many were so misguided as to withdraw from the order, but had since regretted their guilty action, and had rejoined.

Among the statistics submitted by the Grand Regent were the following:

Total membership of Royal Arcanum, April 1, 1904, 291,562. Total membership, (approximate) April 1st, 1906, 259,000. Average cost of R. A. management per member during the biennial period, $1.60. Average cost of R. A. management per each $1000 of protection carried, 71 cents. Total amount of protection in force in the Royal Arcanum, December 31, 1905, $550,918,000. Total amount of R. A. protection in force in Canada, $15,000,000. Total amount of benefits paid by the Royal Arcanum from date of organization to March 1, 1906, $99,897,890.31. Total payments for R. A. death benefits in Ontario from date of organization to Dec. 31, 1905, $1,876,215.26. Total receipts in W. and O. B. Fund from Ontario since date of organization to December 31, 1905, $1,876,546.97. Average amount of R. A. benefits now being paid each working day, $26,700. Total value of available assets of the Royal Arcanum in cash, December, 1905, $2,839,438.23.

The sessions are being continued to-day.

MOONEY'S PERFECTION CREAM Sodas

MOONEY BISCUIT & CANDY CO. STRATFORD CANADA

Food Value

Mooney's Perfection Cream Sodas are crisp squares of wholesome nourishment. They are the food that builds strength and muscle. They are as easily digested by the child and invalid as by the sturdy workman. They contain ALL the food properties of finest Canadian wheat flour, in a form that delights the appetite. Always fresh and crisp in the moisture-proof packages.

At all grocers in 1 and 3 pound packages.

A CONFERENCE ON THE ANNEXATION PROPOSAL

This afternoon a meeting of the North Monaghan Council with the Manufacturers Committee and other members of the City Council is being held at the City Hall, in connection with the proposed annexation of the sugar company's property to the city. The meeting is in the nature of a conference the main object of which is to decide whether or not the residents on the north side of the property facing the boundary road are to have their property taken into the city, and if so upon what terms.

It is understood that there is no special objection on the part of the Monaghan Council to the annexation scheme, but they would like the whole property taken in, if any part is transferred.

If this is done it will probably mean that the township council will be relieved of the expense of maintaining the road to the locks bridge and the bridge itself.

Drill Syllabus For The Regiment

Has Been Arranged by Captain Walker for the Season.

The syllabus of drill for the 57th Regiment has been arranged by Capt. Walker, Adjutant, for the coming season. The following is the list of dates and drills:—

June 28.—Special drill; 1, guard mounting; 2, company drill; ceremonial; 3, battalion drill; ceremonial; 4, march out.

June 30.—Trip to Brantford.

N. B.—Shooting will be conducted at the Rifle Ranges each Saturday afternoon on and after May 26th.

New Officers Of Epworth League

The Mark Street Society Held Annual Election.

The regular meeting of Mark Street Epworth League was in charge of the president, Mrs. M. W. Matchett, the topic, "Our Pledge," being ably handled by the pastor, Rev. J. G. Lewis, B. A. A resolution of sympathy was ordered to be sent to the relatives of the late Miss E. F. Smith, who was a faithful Epworth League worker.

The election of officers resulted as follows—

President—Mrs. John Speer.

1st Vice-President — Mrs. W. K. Payne.

2nd Vice-President — Miss May Speer.

3rd Vice-President—Mr. C. Wright

4th Vice-President — Miss B Chrowe.

Secretary—Miss Retta Stewart.

Treasurer—Mr. W. Hooper.

Pianists—Miss M. Speer and Mrs M. W. Matchett.

The new officers take charge on May 1st.

Police Are After The Criminals

Who Attempted the Murder of Myersburg Farmer.

The Campbellford police are at present working on the attempted murder case at Myersburg, but as yet no clue to the identification of the footpads has been received. A miller in the village, however, noticed on the day of the attempted crime, two strangers, one of whom carried a gun. Also another resident saw two strange characters that day and, according to reports, they corresponded to the men seen on that part of the road on Friday night, where the assault was committed.

Mr. Stotts has been suffering the past week from the wounds, but more particularly from a severe nervous strain, the shock being too much for him.

POST CARD CORRESPONDENCE.

In this column will be published communications upon post cards only. It will remain open for the use of readers, who are invited to contribute suggestions, inquiries or replies. Anything of a scurrilous personal nature will be prohibited.

To the Editor of the Examiner:

Dear Sir,—It is very unfortunate that the sad circumstances surrounding the death by drowning and the finding of the body of the late Louis Bell should be used by the local clairvoyents as a means of advertising themselves or their doubtful art. The facts are that everyone knew that the unfortunate boy was drowned in the canal, that he was supposed to have been drowned, as indicated by his stick, and that not very many thought seriously of consulting these self-proclaimed prophets. From what I have heard and witnessed, I cannot for a moment see what help the local artists gave in the finding of the body, except that they are using this sad event to advertise themselves cheaply and to play upon the credulity of some "easy" people. It is deplorable that by this means the bereaved parents should be continuously minded of their affliction, and that in a very unkind manner. In the interest of good journalism I would ask you to discontinue such news items. Mrs. Fay said the boy was in New York; "Professor" d'Arville and "Madame" Ayer said he was in the canal. The first was wrong, the others told what everybody knew.

You Want An Absolutely Sure Investment

The investment that we have to offer you has passed beyond the experimental stage.

It is a copper refinery, refining copper equal in purity to the very best product on the market.

And the supervision of this refinery is looked after by our principals, Mr. L. Sapery and Mr. H. Sapery, owners of the Syracuse Smelting Works.

Men who have spent years in experimenting and perfecting new methods for refining metals.

And ours is the only copper refinery in Canada.

But you can participate in the profits from this refinery by buying shares in the Montreal Copper Co., Ltd.

They sell for $100 each and last year yielded over 17 2-3 per cent.

This proposition is open to investigation at any time.

If you are in the city, telephone Main 1813, and we will make an appointment to meet you.

Or, write for our booklet—it contains interesting facts about copper.

Montreal Copper Co., Ltd.,
332 William Street.

Cough Remedy

The Children's Favorite

—for—

Coughs, Colds, Croup and Whooping Cough.

This remedy is famous for its great success in almost every part of the civilized world. It can always be depended upon. It contains no opium or other harmful drug and may be given as confidently to a baby as to an adult

Price 25 cts. Large Size, 50 cts.

NOT JUST AS GOOD

Did you ever inquire at a store for certain articles and get for a reply "We have something just as good"? Did it ever occur to you that "Something just as good" is something the dealer has been able to buy much cheaper than the articles you inquire for? This is true in drugs, fabrics, groceries, hardware, and in fact every line, including silver-plated ware. If you inquire for 1847 Rogers Bros. Knives, Forks or Spoons, don't accept any bogus Rogers' stamp because your dealer tells you it's just as good.

1847 TRADE MARK ROGERS BROS

The above trade mark has been stamped on every article of the original and genuine Rogers Bros.' goods for over 50 years. Get this and you get the best that is made.

LENTEN SERVICES

ST. JOHN'S.

Last night at St. John's Rev. Canon Davidson delivered the last of the series of addresses that have been given every Wednesday evening during Lent. The addresses have been very beneficial and many eloquent and convincing members of the clergy have spoken duuring the course.

"The Place Whereon Thou Standest is Holy Ground," was the text of Canon Davidson's discourse. In these particular days, said the speaker, we long for silence, as we draw near to God and picture the great sacrifice on Calvary. Some of us are inclined to talk to our Saviour with too much familiarity and do not recognize His great superiority; others of us do not recognize Him as a man with a human heart full of human sympathy for mankind. It causes actual pain to some to hear of Christ's physical suffering. Some never have suffered, and are shocked to hear of His great agonies, others from pure love hate to hear accounts of His terrible pain. Yet the lesson of His horrible sufferings has drawn many a soul to God.

Jesus Christ come to this world to seek out and save those who were apparently lost. We must follow His example and try to save our fellowmen and lead them to Christ. We must show sympathy and fellowship to those who have been lost and who are striving to reach their Father's home.

The music furnished by the choir was excellent and that body shows marked improvement. The solo in the "Story of the Cross" was sung most acceptably by Mr. J. H. Sawers.

ST. LUKE'S.

Rev. William C. Allen, M.A., rector of Cavan, was the special preacher last night. A good sized audience was present. The Rector read the prayers, while Mr. Allen preached

a very impressive sermon on St. John xiii, 3-5, "Jesus knowing that the Father had given all things into His hands, and that He was come from God, and went to God, He riseth from supper and laid aside His garments, and took a towel, and girdeth Himself. After that He poured water into a bason, and began to wash the disciples' feet, and to wipe them with the towel wherewith He was girded."

"During Holy Week," Mr. Allen said, "we are endeavouring to follow Christ's footsteps, by reviewing the various events that took place; and although the footwashing took place on Thursday, it is quite appropriate to consider it to-night. A strife had arisen among the disciples as to who should be the greatest among them. The custom of the country required the daily footwashing, which sometimes was done by the host to his guests. Christ, to show them how to be humble, as their Lord and Master, washed their feet. He Himself acts a parable and gives them an object lesson of His love. Christ recognizes His superiority as God, and yet stoops to this humbling duty. By this act Christ showed the purposes of His work for, and interest in, His followers, to cleanse them from their sins, to teach them to love each other, and to be an example and comfort to each other

Rush To The Northwest

---ACCORDING TO MR. R. H. LEARY---

Is Something Amazing

Mr. Leary Has Just Returned From a Three Weeks' Visit to Alberta District—People are Enjoying Beautiful Summer Weather—Irrigation Land is Being Rapidly Disposed Of—Some Americans Purchasing.

Mr. R. H. Leary, the Eastern Ontario representative of the Canadian Pacific Irrigation Colonization Company, Limited, of Calgary, Alberta, has returned to the city after a three week's trip to the West. When seen by the Examiner this morning, Mr. Leary spoke enthusiastically of the beautiful weather enjoyed by the people of Alberta. "When we left Atlanta, Sask. on March 22nd", he said, "there was sleighing there, but we travelled through Alberta with the car windows open and when we reached Calgary, the hotels had their doors and windows wide open, and the electric fans were going. Ladies were dressed in summer clothing and wore no covering on their heads while the men wore straw hats".

South Alberta, according to Mr. Leary, is a land of sunshine, clear atmosphere and dry bracing air.

Speaking of his last trip Mr. Leary said that he had visited Brandon, Estevan, Alameda, Moosejaw, Saskatoon, Medicine Hat, and Regina, Moosejaw is one of the prettiest towns in the West and threatens to outstrip Regina, while Saskatoon, while at present only a small place, is going ahead by leaps and bounds and its people are hoping to soon see it made the capital city. The greatest rush of the year has been made to Saskatoon.

The irrigation land in Alberta is being rapidly disposed of. Among the biggest purchasers are people from Illinois, Missouri and other middle states. These people were buying in 60 and 80 acre sections because the remarkable fertility of the irrigated land makes it difficult to farm a larger section. Mr. C. B. McAllister is at present in Alberta and has been most favourably impressed with the irrigation land. So much so that he has secured options on 21-2 sections. Dr. Shaw, formerly of Keene, and now of Regina, is also interested in the irrigated land and has visited the demonstration farm. Other people from this district who are buying land there are Mr. W. H. Casement, of Lakefield, and Mr. Jas. Sanderson, who left for the West on Tuesday.

Mr. Leary described the rush of settlers into the West as simply amazing. "You will see a train stop at a little town numbering no more than 500 inhabitants, perhaps, and unload 1,000 people. In half a day they are gone, the vast prairie has swallowed them up". Everywhere you see trains unloading settlers' effects. Among the new settlers were many Mormonites, whom Mr. Leary described as being a fine class of people, who would make a success in the West.

Mr. Leary disposed of the car-load of fine horses he took out with him in the Alameda district, Saskatchewan. Many ex-Peterborough County residents live in the neighbourhood of Alameda and Mr. Leary said that it was just like being in Peterborough to see the Deyells, Hambidges and other people from this district during his tour.

Mr. Leary expects to return to the West on another business trip in a few days.

The Penalty Of Overeating

THE LIVER FIRST TO SUFFER, BUT KIDNEY DISEASE COMES LATER —GOOD RESULTS FROM THE USE OF

DR. CHASE'S KIDNEY-LIVER PILLS

Few people realize that it is not what they eat but what they digest and assimilate that goes to form new blood and repair the waste effected by the act of living.

Hurried eating and lack of proper mastication of the food are among the most common causes of indigestion, and overeating is undoubtedly the beginning of trouble with the liver and kidneys.

Kidney disease and rheumatism are not usually the first indication of a deranged system, but these troubles follow unheeded headaches, constipation and bilious attacks.

Because of their direct and combined action on the liver, kidneys and bowels, Dr. Chase's Kidney-Liver Pills are effective in whatever stage of such derangements they may be used, except when the structure of the kidneys has been wasted away by Bright's disease.

What we would emphasize, however, is the advantage of beginning this treatment at the first indication of trouble with the liver. It is the liver which first feels the result of overeating because of its difficulty in filtering the bad blood. Keep the liver right by the timely use of Dr. Chase's Kidney Liver Pills and you not only prevent headaches, biliousness and constipation, but entirely escape derangements of the kidneys, which are at once so dreadfully painful and fatal.

Reliability is the word most frequently applied to Dr. Chase's Kidney Liver Pills, as well as to his other medicines, for people have come by experience to know that, as a means of ensuring the regular and healthful action of the kidneys, liver and bowels, there is no medicine to be compared to this.

With these filtering and excretory organs in health, indigestion and bodily pains are unknown and one runs little danger of contracting colds or contagious diseases.

Dr. Chase's Kidney-Liver Pills, one pill a dose, 25 cents a box, at all dealers, or Edmanson, Bates & Co., Toronto.

ELECTRIC LIGHT FOR "STONY LAKE"

Messrs. Frank and Fred Young, of Young's Point are in the city to-day looking after the installation of a new electric light plant for the steamer Stony Lake. It is quite probable that the work of installing the machinery will be completed in a short time, and the steamer this year will be fitted up with electric lights, including an electric search light. Mr. Buttell of Desmond, Ont., has been secured as engineer of the Stony Lake for the season.

Mr. Frank Young, while in the city to-day also booked a large number of excursions for the month of June, the first of which will be the Olympic.

BLUE BIRDS COME; SIGN OF SPRING

Spring has come. This afternoon a gentleman reported to the Examiner that he had seen several blue birds to-days, which, he said, was an infallible sign that spring had arrived. The robin may make a mistake, and arrive prematurely, the blue bird never. As a spring indicator, he stands alone, and unrivalled.

Demonstration Of Kindergarten Work Was Successful

Pleasing and Instructive Programme Rendeced by the Pupils of Miss Estelle Foy, of the Conservatory Staff—Work of Little Ones Was a Credit to Themselves and Their Teacher.

MANY FRIENDS WERE IN ATTENDANCE

A very pleasing and instructive demonstration of kindergarten work was given by the pupils of Miss Estelle Foy, of the Peterborough Conservatory of Music staff, in the Y.M.C.A. hall last night. About fifty children took part and the affair both as the means of producing a very delightful evening and as a demonstration of the progress made by the little ones, was highly successful. The hall was crowded with the friends of those taking part and it is but putting it fairly to say that they were delighted.

The system used by Miss Foy is known as the Hulda Westman Kindergarten system and its effectiveness was proved by the way the little people carried out their parts last night. In their staff exercises, notation, scales and chords and musical history, they displayed alike their own ability and the cleverness of Miss Foy's instruction. Their work was a credit to themselves and their able instructor.

Among the features of the programme was a vocal solo, "Absent" by Miss Daisy Sawers, who displayed a fine voice combining strength and at the same time sweetness of tone. Miss Mable Pringle, the clever little elocutionist was heard to great advantage in a recitation and had to respond to a hearty encore. Other effective numbers were a piano duet by Marion Fife and Dorothy Dobbin, and a trio by Madeline Fife, Madelaine Pearse and Dorothy Dobbin. These young people graduates of the kindergarten exhibited much cleverness in their selection and were warmly applauded.

Following was the programme:—

PROGRAMME.

Staff Exercises ... ...
(a) Treble Staff Board.
(b) Observation Game, Bass Staff.
(c) Leger Note.
(d) Sight Reading.

Piano Duet, "Under the Mistletoe" Robinson

(Kindergarten Graduates)

Notation ... ...
(a) Clock Song.
(b) Tone Expression.
(c) Composition.

Vocal, ..."Absent" ... ...Metcalf
Miss Daisy Sawers.

Scales and Cords ... ...
(a) Scale Building.
(b) Audition.

Piano Trio, "At the School Festival" Streabboy
Dorothy Dobbin, Madeline Pearce, Marion Fife.
(Kindergarten Graduates)

Expression... ... ...
(a) Postman Game, ...12 girls.
(b) Expression Audition.

Recitation ... ...
(b) Selected.
Miss Mabel Pringle

Musical History ... ...

CORRECTED AS REQUESTED

To the Editor of the Examiner:

Mr. W. H. Hill has asked me to correct my statement of the cost of the Separate School on Reid street. He says, and apparently on good authority, the actual cost of the school and grounds was about $20,000 and that the school contains six rooms. I have only to remark that in my opinion the cost was too great and the rooms abnormally large. Notwithstanding the above, I withdraw nothing of my contention in relation to the new public school.

A FOOD AND A TONIC

What the leading Medical Journal of the world has to say about **FERROL.**

After making a thorough test of **FERROL** in its own laboratory the London (England) *Lancet* published an article from which the following is taken:

FERROL

"This is a successful combination of the well-known valuable remedies, Cod Liver Oil, Iron and Phosphorus. The formula is no secret, and our analysis showed the presence and amount of constituents as described. The preparation is a good one and of distinct therapeutic value. The association of an easily assimilable oil, in a fine state of division, with a phosphatic salt of iron which does not disturb the digestive functions and which is easily tolerated, determines its success as a food and tonic in wasting diseases."

What the London *Lancet* recommends as a food and a tonic in all wasting diseases must have very special qualities.

No higher endorsation is possible. The results following the use of **FERROL** for the past ten years have proved that this endorsation is well deserved.

FERROL is not a patent mystery. The formula is freely published. It is prescribed by the best Physicians. It is endorsed by the most eminent Medical Journals. It is used in the prominent Hospitals, Sanatoriums, etc.

THURSDAY, APRIL 12, 1906.

ABUSE OF PRIVILEGE.

Mr. W. H. Bennet, the wordy representative of East Simcoe, in the Commons, can easily be convicted of cowardice. The other day he took an unworthy advantage of privilege by uttering in the House a vile slander of the editor of the Globe—without a scintilla of justification in fact. If he had dared to say the same thing unprotected by Parliamentary privilege he would have speedily been brought to book, as he knows by costly experience. During an election campaign he slandered a livery keeper and had to pay dearly for wagging an unbridled tongue. Mr. Bennet is a barrister, and seeks to carry into his parliamentary practices the tactics of the lawyer, who protected by privilege, takes advantage of his immunity to insult, browbeat and bulldoze a witness or vilify and blacken the character of his opponents' client in a manner which would earn him a twisted neck or a blackened eye, if similar language were used outside the precincts of the court. A gentleman at heart will be a gentleman in language and deportment under all circumstances. He will not play the blackguard when it is physically and financially safe to do so, and display a veneer of decency under compulsion.

CENTRALIZATION.

If Toronto does not continue to deserve the pet name of Hogtown, it will not be Mr. Whitney's blame. He gives the Toronto Hospital $200,000 of the people's money, and now he provides that no medical students outside of Toronto shall have the privilege of using the hospital, endowed with a fifth of a million of the people's money. Not that many students outside of the Toronto schools of medicine, will desire to use it, but the principle involved is odious — discrimination in a state of society where perfect equality under the law prevails. Another principle of fair play is also violated in compelling the mass of the people to contribute to an institution whose privileges are reserved to a favoured few, while others, with equal rights, are debarred. The distinction shown is essentially the distinction between the principles of Liberalism and Conservatism.

Of the same general character is the proposal to use Government money for developing electrical energy at Niagara Falls for the benefit of municipalities west of Toronto; while the municipalities in the east of the province are, in the nature of things, shut out from the use of such power. This is monstrous injustice to the eastern part of the province, and the idea is repugnant to all principles of equitable dealing. If the Government enters into the exploitation of power privileges it must make the work general, and deal on equal terms with all parts of the province. It can't be tolerated otherwise. The idea of people in one part of the province paying out money to develop power for which they will not only derive directly no benefit, but by which they will be subjected to state-aided competition with the power developed by private enterprise. Why should the Government help cities and towns in the western part of the province to undersell eastern power owners, and thus confer an advantage in bidding for industries as against eastern towns and cities, who pay an equal share of the cost?

EDITORIAL NOTES

Mr. Whitney, says the Hamilton Times, threatened to abolish the Succession Duties Act when he got into power, but he did not do it. He also railed against the numbered ballot, but clings to it until he had been shamed into doing something, and now he says its days are numbered.

The Hamilton Times complains that Toronto by catering to Whitney has won Hamilton's Normal College. Hamilton is to blame. It is not like Toronto, unreasoningly and perennially Tory. Hamilton sometimes has lucid political intervals and elects a Liberal to Parliament, and sometimes to the City Council and School Boards. Now Hamilton will be lucky if it gets one of the proposed Normal Schools in lieu of its Normal College.

It would appear that Peterborough is not the only place where it is proposed to provide school accommodation at a price and of quantity in excess of the requriements of the district affected. In Ottawa it is stated that 2,000 pupils more than at present attend school can be accommodated. Yet the Board of Education is proposing to spend $20,000 of the ratepayers' money to provide seating accommodation.

Big Demand For Telescope Hats Says F. Clarke

This Popular and Becoming Hat the Correct Thing for Spring Headwear

Mr. Fred Clarke, Peterborough's leading hatter, informed an Examiner reporter to-day, that the new telescope hat is wonderfully popular, and has the largest sale of any spring hat ever introduced. The close trade connection that Mr. Clarke has with the leading hat firms of New York, the fashion metropolis of America, enables him to offer a large range and better quality of telescope hat, than any competitor. Clarke is well known in Peterborough as the young man's hatter, and the telescope is the young man's hat. Not to wear a telescope this spring and summer is to be "behind the times" in the matter of headwear.

St. Paul's Guild Annual Pic-nic

Have Decided to Hold It on June 22nd.

At the meeting of the St. Paul's Young Men's Guild last night the question of the annual picnic and excursion was considered, and it was decided to hold it on June 22nd. The objective point has not been definitely decided on yet, but it will be either Buckborn or a point down the Trent River, probably Healey Falls.

Consideration was also given to the question of placing a baseball team in the Guild League, and a meeting will be called shortly to make arrangements. St. Paul's will be represented by a team.

THE WHITE HOUSE INCREASES RATES

The rates at another local hotel will be increased commencing May 1st. To-day notices were posted in the White House stating that on and after May 1st the rate for that hotel would be $1.50 per day, an increase of 50 cents.

Easter Holiday rates via Canadian Pacific Railway, single fare for round trip, good going April 12, 13, 14, 15 and 16, returning April 17. Commencing May 6th, 1906, a double daily express service will be resumed between Montreal and Vancouver. Further details later. Now is the time to book passages to Great Britain and Europe. Prepaid tickets to bring out your friends. For tickets and all information see W. McIlroy, City Passenger Agent, Canadian Pacific Railway, 343 George street. 3485

Presented With Meerschaum Pipe

Sergeant Major Brittain Honored Last Night.

Last night before the non-commissioned officers' class formed up for parade Sergeant-Major Brittain, W. O., was presented with a beautiful meerschaum pipe and case by the class members. The presentation was made by Col.-Sergeant W. Cavanah on behalf of the military class, as an indication of their regard of his valuable services.

The sergeant-major replied, thanking them for the kind consideration of his attempts at their advancement in the military drill. He hoped that all would meet with the best of success in the future and was much gratified to see the great interest they had taken in the classes since their commencement last October.

"DICKENS" WILL BE SUBJECT OF ADDRESS

The Epworth League of George street church will hold their regular Literary meeting on Monday evening next when Sheriff Hall will give an address on "Dickens." A short musical programme will be given and a cordial invitation is extended to all to be present.

Auction Sale of 25 Horses, Buggies and Harness at McCallum Bros. Stables, Water Street, on Saturday, the 14th day of April, sale at 1 o'clock No Reserve. John Haggard, Auct.

The First Good Friday

And as they came out, they found a man from Cyrene Simon by name: him they compelled to bear His cross. And when they were come unto a place called Golgotha, that is to say, a place of a skull, they gave Him vinegar to drink mingled with gall: and when He had tasted thereof, He would not drink. And they crucified Him, and parted His garments, casting lots: that it might be fulfilled which was spoken by the prophet, They parted My garments among them, and upon My vesture did they cast lots. And sitting down they watched him there; And set up over His head His accusation written, THIS IS JESUS THE KING OF THE JEWS. Then there were two thieves crucified with Him, one on the right hand, and another on the left. And they that passed by reviled Him, wagging their heads. Now from the sixth hour there was darkness over all the land unto the ninth hour. Jesus, when he had cried again with a loud voice, yielded up the ghost. And, behold, the veil of the temple was rent in twain from the top to the bottom; and the earth did quake, and the rocks rent; And the graves were opened; and many bodies of the saints which slept arose.

PLANTS FOR EASTER
In abundance at Mason's Floral Emporium. 406 1-2 George Street and Greenhouses Water Street.

The Old Reliable on Deck!
J. MERVIN'S
MAGNIFICENT DISPLAY OF
EASTER MEATS

Money couldn't buy better Beef than I have corralled for my customers for the Easter Festival. As I buy all my meats on the hoof, pay spot cash for them, and dress them at my up-to-date slaughter house in the most sanitary manner—you can bank on being served with the best in the land.

The Extra Fine Easter Beef—Spring Lamb, Veal, Mutton and Pork, came from farmers who know how to raise them. A cut from any of these will tickle the palate of the most critical epicure.

Kindly place your orders early and if you cannot come early, call up Phone 84.

Cressman's

Unfavourable Weather Affected The Receipts

But in Spite of This Drawback Directors of Peterborough Hockey Club, Limited, Presented Satisfactory Report —$500 Paid Off the Mortgage—Annual Meeting Was Held Last Night—The Old Officers Were Re-elected—Financial Statement for the Year Presented.

There was a small attendance of shareholders of the Peterborough Hockey Club, Limited, last night, at the annual meeting, which was held in the council chamber.

The usual business was transacted, the report of the directors received, and the new Board of Directors elected. With one exception, the personnel is the same as that of 1905. Mr. R. Denne replaces Mr. Jas. Ham-Hamilton, who voluntarily retired from the Board. The directors for this year are Messrs. A. H. Stratton, T. H. G. Denne, W. H. Hill, W. G. Morrow, R. Denne, H. R. H. Kenner and J. S. Knapman.

No Dividend.

In spite of the fact that the past season has been one in which the weather conditions have been unfavourable to making ice, the receipts were satisfactory, but the directors decided that it would be inadvisable to declare a dividend, and as a result it was passed, and $500 will be paid off the mortgage instead, which will reduce the amount standing against the club to $2000, during the last two years the debt having been reduced one-half.

Prior to the meeting of the shareholders, the directors met, and discussed the question of paying a dividend, the decision being that it would be inadvisable to do so. The president expressed himself as being in favour of continuing the policy adopted by the club, and declaring the

MR. A. H. STRATTON,
Re-elected President Peterborough Hockey Club, Limited.

usual dividend. The directors, however, decided to apply the surplus of this year to a reduction of the mortgage.

Shareholders' Meeting.

Those present at the meeting of the shareholders were Messrs. A. H. Stratton, W. G. Morrow, H. R. H. Kenner, T. H. G. Denne, R. Denne, W. H. Hill, J. S. Knapman, F. D. Kerr, A. Moore, J. E. A. Fitzgerald.

The minutes of the last annual meeting were taken as read, and the president presented the annual report of the directors, prefacing its presentation by his address, and reviewing the operations of the past season. His address was as follows:

President's Address.

Gentlemen, — It is my privilege for the second time to move the adoption of the directors' report and statement of the business of the Peterborough Hockey Club, Limited, for the year 1905.

I beg to state that the rink opened this year about a week later than last year, and closed about a week later than the preceding year; notwithstanding however this drawback, there were several weeks during the season, owing to the soft weather we were unable to do business, and, considering the season, I think the shareholders have every reason to be satisfied with the returns for the current year. If you will compare the statement submitted a year ago with the one now presented you will find that it compares very favourably with the previous season, considering the open winter, and the number of times that our rink has been opened.

Some Figures.

Last year our average receipts for every time the rink was opened were $9; this year our average receipts were $11.

The amount taken at the door during the year 1904 was...	$1253 50
The amount taken at the door during the year 1905 was...	1031 10
The amount received for tickets for 1904 was...	808 25
The amount received for tickets for 1905 was...	641 40
The amount received from hockey clubs during 1904...	1050 25
The amount received from hockey clubs during 1905...	562 75
The amount received from City League, 1904...	93 80
The amount received from City League, 1905...	111 70
Expenses and running of rink during 1904...	1609 09
Expenses and running of rink during 1905...	1471 20
Showing a saving of... ...	$ 137 89

You will notice from the statement that the balance of the credit of profit and loss account during 1904 was $4,470.75; this year the amount was $5,367.75, leaving a substantial balance on hand at this date. The management of the rink has been in very careful and painstaking hands, and very satisfactory to the directors, and, I am sure, also to the shareholders.

Our secretary treasurer has devoted considerable time to his duties, and has filled the office in a very satisfactory manner.

Praise for Champions.

The record of the hockey club, the Intermediate champions of the O. H. A., this year, is one of which I am sure the citizens generally are proud, and the shareholders will heartily join in the universal gratification at the success which they have met with this year.

I have much pleasure in moving the adoption of the following report of the directors.

The financial statement follows:—

Assets and Liabilities.

Assets.

Real estate...	$2663 30
Building...	9745 80
Prem. Endowment Policy	1327 00
Cash on hand...	664 65

Canada Life Int. Acct...	125 95
Operating expenses...	1471 02
Cash in bank this date	664 65
	$2593 37

The report was received, and referred to the auditor, Mr. J. Crane.

The election of directors was then proceeded with, and resulted as already indicated.

New Officers.

Subsequent to the meeting of the shareholders, the new Board of Directors met, when the following officers were elected for the year:

President—A. H. Stratton.
Vice-Pres.—W. H. Hill.
Sec.-Treas.—M. J. Hutchinson.

MR. W. H. HILL,
Re-elected Vice-President Peterboro' Hockey Club, Limited, Last Night.

GOOD FRIDAY IN THE CITY'S CHURCHES

In the majority of the city churches to-morrow services will be held in commemoration of the events which Good Friday celebrates.

ST. PETER'S CATHEDRAL.

There will be mass to-morrow morning at 9 o'clock. At 3 p.m. there will be the stations of the cross and in the evening the stations of the cross and sermon.

ALL SAINT' CHURCH.

To-morrow two services will be held, at 10.30 a.m. and at 8 p.m, at which the rector will officiate.

ST. JOHN'S.

The chief service at St. John's church to-morrow will be at 11 o'clock, when there will be Morning Prayer, Litany, sermon and special devotions. At 3 p.m. there will be a short children's service. In the evening the choir will rendor the oratorio, "The Crucifixion." All are welcome.

ST. LUKE'S.

11.30 a.m., Morning Prayer.
12 to 3, a service of devotion commemorating the three hours' agony of our Most Holy Redeemar upon the cross. Short addresses on the seven words from the cross. Those who are not able to remain for the entire service are requested to come and go while the Hymns are being sung. A collection will be taken at the door to help the missionary work among the Jews.
8 p.m., Illustrated lecture on the Holy Land and scenes of Christ's life and ministry.

GEORGE STREET.

There will be service to-morrow at 11 o'clock. Rev. Dr. Crothers will occupy the pulpit.

CHARLOTTE STREET.

There will be a public Easter service to-morrow morning in Charlotte street church at 11 o'clock. "A Temple of Fame" rehearsal will be held to-morrow night at 7.30 sharp.

ST. PAUL'S.

Services preparatory for Holy Communion will be conducted on Good Friday evening at 8 o'clock. Rev. J. G. Potter, of St. Andrew's, will be the preacher. The session will meet at 7.45.

MASS CELEBRATED AT ST. PETER'S

At St. Peter's cathedral this morning mass was celebrated by His Lordship Bishop O'Connor. The assistant priest was Rev. Father McColl; the deacon was Rev. Father Scanlon of Grafton, and the sub-deacon Rev. Father O'Leary of Galway. Rev. Dr. O'Brien was master of ceremonies, and the assistant priests present were Rev. Father Bretherton, Hastings; Rev. Father McGuire, of Downeyville; Rev. Father O'Sullivan, of Lindsay, Rev. Father Fitzpatrick, of Ennismore; Rev. Father Phelan, of Young's Point; and Rev. Father O'Sullivan, of Victoria Road.

EASTER TRAFFIC IS THE HEAVIEST ON RECORD

To-day, the first day of the excursion rates for Easter on the railways sees the exodus from the city on in earnest. Both the C.P.R. and G.T.R. report that the passenger traffic this Easter is considerably in excess of that of 1905. All the trains running from the city to-day were crowded, in some cases extra coaches had to be attached to accommodate the traffic.

A number of those travelling are taking a trip of some considerable length.

CAVAN DRAIN CONSTRUCTION NOW AN ASSURED THING

The ground having been cleared, so to speak, of legislation and legal obstacles, nothing more serious than weather and time, stands in the way of completing the long contemplated and hardly worked for Cavan Drain. Mr. Charles McNeil, the energetic reeve, was in the city to-day to consult with Mr. J. E. Belcher, C.E., engineer of the work.

Plans and specifications have been prepared and at the meeting of the Cavan Council last Monday a committee was appointed to arrange for inviting tenders for the work.

It is only a matter of a short time—its length depends on weather conditions, and the subsidence of the water—till the work is begun.

It is estimated that there are 60,000 cubic yards of earth to be removed. If, as probable, the contractor employs a steam shovel, the work, if conditions are friendly, should be well on the way to completion this season, and perhaps next winter the people of Cavan will have the more convenient, long desired access to the best market centre—Peterborough.

Peterborough and Cavan are mutually interested in the matter, whose successful completion will be for the benefit of both the township and the city.

EASTER FLOWERS

At Mason's Floral Emporium in abundance at reasonable prices. 406 1-2 George Street and Greenhouses Water Street.

MRS. HUBBARD, JR. TO LECTURE HERE

Mrs. Leonidas Hubbard, jr., who has become famous as the most daring of American women explorers, will lecture here on Monday, April 23. Her lecture will be illustrated with views. Mrs. Hubbard appears only in six places in Canada. This will be a rare opportunity of hearing a vivid account of the wonderful land of Labrador. In addition to its other world wide attractions the famous waterfall of the Hamilton River is the most wonderful in the world.

Try Our "ROSE BRAND SUGAR-CURED HAMS" Selected carefully for our Easter trade. A trial will convince you of the quality. The George Matthews Co., Limited. Retail Stores—358 George Street, Bell Phone 183; Corner Brock and George Sts., Bell Phone 381.

SATURDAY AT THE OPERA HOUSE

Indians signalling on distant mountain tops, a Montana sheriff who never fails to get what he goes after, his faithful horse, Montana, a stockade against an Indian outbreak, and a western romance with lots of comedy, help to make a season's winner of "Big hearted Jim," the new play George Klimt and company are to be seen here in on Saturday matinee and night. It is a great part for Klimt and he has a strong company. The prices for this great melodrame have been placed at night at 50, 35, 25c; gallery 15c. Matinee, children 15c; adults 25c.

New Picture Framery.

—136 Hunter street, two doors west the post office. Mouldings, mattings, British plate mirrors sold; show cases manufactured. Fine work at reasonable prices.

DRS. KENNEDY & KERGAN

Specialists in the Treatment of Nervous, Blood, Private and Sexual Diseases of Men and Women. 25 Years in Detroit.

No Names used without Written Consent. Cures Guaranteed.

Thousands of young and middle-aged men are annually swept to a premature grave through early abuse or later excesses. Chas. Anderson was one of the victims, but was rescued in time. He says: "I learned an evil habit. A change soon came over me. I could feel it; my friends noticed it. I became nervous, despondent, gloomy, had no ambition, easily tired, evil forebodings, poor circulation, pimples on face, back weak, dreams and drains at night, tired and weak mornings, burning sensation. To make matters worse, I became reckless and contracted a blood disease. I tried many doctors and medical firms—all failed till Drs. Kennedy & Kergan took my case. In one week I felt better, and in a few weeks was entirely cured. They are the only reliable and honest Specialists in the country."

READER—We guarantee to cure you or no pay. You run no risk. We have a reputation and business at stake. Beware of frauds and impostors. We will pay $1,000 for any case we take that our NEW METHOD TREATMENT will not cure.

We treat and cure Nervous Debility, Varicocele, Stricture, Weak Parts, Kidney and Bladder Diseases. Consultation free. Books free. Call or write for Question List for Home Treatment.

Hydro-Power Commissioner's Report Down

Transmission of Power At Cost of Distribution.

WHAT REPORT SUGGESTS

Purchase of Right of Way Over Niagara District—Five Separate Divisions With Centres at Hamilton, Toronto, Guelph, London and Windsor Proposed—Market at For 50,000 Horse-Power.

Toronto, April 12.—The first instalment of the report of the hydro-electric power commission of Ontario, dealing with the southwestern section of the province from Toronto to Sarnia, described as the Niagara district, has been made public. Yesterday the Provincial Secretary laid a copy on the table of the Legislature.

At the moment that it was tabled the chairman of the commission, Hon. Adam Beck, rose to say that it did not deal with points east of Toronto that may be supplied with power from Niagara Falls. A second report, dealing with these localities, would, Mr. Beck said, be submitted during the next week.

No recommendations are made; the commissioners were not asked to devise a scheme by which consumers may be supplied at the lowest possible cost. The presentation of the report lays the charge at the door of the Government, and it will be for Mr. Whitney and the assembled wisdom of his Cabinet to proceed with the data that is now before them.

50,000 Horse-Power.

The report is a mass of figures and data dealing with the Niagara district. It shows that the demand for electric power will be regulated by the prices as compared with steam, and that plants which use exhaust steam for purposes of heating could not be expected to use electricity for manufacture only. It shows that at least 50,000 horse-power could be obtained within a reasonable radius of Niagara Falls as soon as transmission lines can be laid, and this will be increased to 100,000 in five years. The reports says that the trend of private corporations has not been to compete for business and reduce prices, but to amalgamate or otherwise destroy competition, and then fix the price to suit the circumstances. This has led to many smaller concerns being forced to instal steam plants to make their own power, and "specific illustrations of this are found in Hamilton, Toronto and Montreal."

Savings For Toronto.

In order to show the savings that will accrue to the municipality, and to individual consumers from the distribution of Niagara Falls power at the lowest cost price, Toronto is taken as typical of the other cities affected, and as shown in an appendix to the report.

It is understood that the price which the Toronto-Niagara Power Co. is to receive from the Toronto Railway Co. is about $35 per horse-power per year for stepped-down power at the receiving station, compared with a cost, under some municipal arrangement, say, of $18.10 per h.p., $217,200 is the saving in the cost of power to the Toronto Railway Co. The city could save $63,000 annually on the pumping service, and the Toronto Electric Light Co. could save about $145,000 per year. This latter sum the taxpayers must pay in profits to the companies delivering the power. The total annual savings to be made by the distribution of electrical energy from Niagara Falls, on a cost basis, aggregates $515,000.

Prices For Power.

Based on the assumption of power at at $12 at the Falls, the total cost of power delivered at Hamilton for a full load of 16,000 horse-power at the substations would be $15.26. At Toronto, with a full load 50,250, it would be $16.53, or $16.91 for three-quarter load, and for half load $17.15. This is for twenty-four horse-power per annum. Comparative prices for full load of twenty-four hours would be: St. Mary's, $25.86; Stratford, $20.48; Tavistock, $23.50; Berlin and Waterloo, $17.36; Guelph, $18.39; Galt, $17.35; Brantford, $16.87; St. George, $17.14; Brampton, $26; St. Thomas, $21.89; London, $19.51; Tillsonburg, $24.30; Ingersoll, $18.81; Woodstock, $18.26; Paris, $18.12; Chatham, $24.62; Sarnia, $29.28; Petrolea, $25.52; Strathroy, $27.83; Windsor, $27.18.

Groups of Power Centres.

The report of the chief engineer, Mr. Smith, follows the outline given by the commissioners themselves. He has selected certain groups of power centres as being independent of other groups, the transmission being distinct through the entire route from Niagara except as regards right of way and telephone lines, provision, however, being made by interswitching stations at Hamilton and St. George for interchanging loads for night repairs between these points and Niagara Falls. The groups decided upon are as follows:

Division 1—Hamilton and Dundas.

Division 2—Toronto, Milton, Brampton, Georgetown and Orangeville.

Division 3—Brantford St. George, Galt, Preston, Hespeler, Guelph, Waterloo, Baden, New Hamburg, Tavistock, Startford and St. Mary's.

Division 4—Paris, Woodstock, Ingersoll, Tillsonburg, London and St. Thomas.

Division 5 — Windsor, Walkerville, Wallaceburg, Dresden, Chatham, Thamesville, Bothwell, Glencoe, Strathroy, Alvinston, Oil Springs, Petrolea and Sarnia.

Respecting the last division it is doubtful, the engineer says, whether electrical distribution would be fully justified commercially at present owing to the small amount of power required and the great distance of transmission

Sources of Hydro-Electrical Power.

In Southwestern Ontario there are a large number of small rivers possessing small water powers, most of which are already developed, but these are mostly suitable only for local purposes. These developments are found at Port Dover, Dunnville, York, Caledonia, Brantford, Paris, Galt, Ekora, Ayr, New Hamburg, Preston, Hespeler Guelph, Georgetown, Norval, Erindale, London and Springbank.

The only source of hydro-electric power considered in the report is the water of Lake Erie, utilized on the Niagara escarpment, which is feasible at various points extending 20 miles west of Niagara Falls.

The present Niagara companies, with their net effective development are as follows:

Cataract, 22,500 horse-power, 10-hour.

Canadian Niagara, 40,000 horse-power, 24-hour.

Ontario, 50,000 horse-power, 24-hour.

Electrical Development, 37,500 horse-power, 24-hour.

Cost of a Plant.

Mr. Smith deals with the purchase of power from one of the existing companies or as an alternative the construction of a new generating plant.

He estimates the cost of a generating plant at Niagara Falls as follows:

50,000 horse-power development, $5,786,560, or $116 per horse-power.

75,000 horse-power development, $7,019,584, or $94 per horse-power.

100,000 horse-power development, $8,631,168, or $86 per horse-power.

These figures are for 24-hour power. The operating charges on such a plant would be as follows:

50,000 horse-power $544,300
75,000 horse-power 661,700
100,000 horse-power 811,100

Allowing for transforming losses of 2 1-2 per cent., the net amount would be as follows:

50,000 horse-power, net power, 48,750; yearly cost, $11.16; percentage of capital cost, 9.62.

75,000 horse-power, net power, 73,125; yearly cost, $9.05; percentage of capital cost, 9.63.

100,000 horse-power, net power, 97,500; yearly cost, $8.32; percentage of capital cost, 9.67.

These figures are based upon setting aside a sinking fund for replacements, and for rate of rental similar to that already in force in contracts between the park commissioners and existing companies.

Transmission of Power.

The estimates on transmission are based upon the purchase of a right of way over the entire district 100 feet wide between Niagara and Hamilton; 66 feet wide, between Hamilton and Toronto, and, 33 feet wide, alongside of highways or railways for the remainder. Steel towers similar to those of the Toronto-Niagara Power Co. are provided for. Estimates are also given on the cost of construction of cedar poles.

The House Routine.

An interesting debate on Mr. Pratt's proprietary and patent medicine bill occurred in the Legislature yesterday afternoon, ushered in by a comprehensive speech by the mover. Mr. Graham opposed the bill. Much progress was made in the business of the House, including several Government bills. Hon. Mr. Cochrane amended his volunteer land grant bill to enable holders of certificates to purchase the odd forty acres where lots are divided into 100 acres, thus giving them the privilege of holding 200 acres, and also enabling the veteran actually located to take out his patent at once, instead of waiting ten years. He will have to pay taxes and submit to the usual settlers' regulations, however, from which he is exempt under the ten years' arrangement.

Mr. Hoyle's prospectus bill was again in committee. The Premier's bill to repeal the manhood suffrage act was given a second reading, with the understanding that it would be debated in committee. The House, it is understood, will adjourn this evening until Wednesday next.

Miners to Accept Commission.

New York, April 12.—After having the counter arbitration plan of the anthracite operators under consideration nearly all day the general scale committee of the hard coal miners completed the draft of their reply and will present it to the committee of mine owners to-day. It is believed the miners have decided to accept the operaters' offer that the anthracite strike commission take up the dispute, but will ask that the tribunal be permitted to consider the original demands with certain important modifications.

First Effects of the Reconciliation.

Buda-Pesth, April 12.—Count Andrassy's first acts as Minister of the Interior have been to rescind all the absolutist measures against the press and public meeting, to reinstate dismissed officials, and stop some eighty political trials, including one against Herr Polonyi, the present Minister of Justice, for alleged treasonable expressions against the monarch.

Gaynor-Greene to the Jury.

Savannah, Ga., April 12.—Judge Emory Speer, at 12 o'clock last night, concluded his charge to the Greene and Gaynor jury, and the fate of the contractors charged by the Government with frauds amounting to more than $1,500,000 now rests with the twelve jurors, who, for three months, have listened to evidence and arguments.

Circus Man Bailey Dead.

New York, April 12.—James A Bailey, 59 years of age, died at Mount Vernon late yesterday. Mr. Bailey's name is familiar as a showman, and in the later years of his life he was managing director of the Barnum & Bailey circus.

Seeding Acreage Increased.

Winnipeg, April 12.—The first report of seeding shows the average increase in acreage will be from 10 to 15 per cent., although many districts have 20 to 50 per cent. increase, and a number as high as 50 per cent. and over.

York Loan Assets.

Toronto, April 12.—Formal transfer of the property held by the City Realty Co. for the York County Loan Co., was made yesterday by Joseph Phillips at the instigation of the National Trust Co. According to the statement made by Phillip's counsel yesterday, it was nearly nine miles of frontage and is worth over a million dollars.

The National Trust got an order from Master-in-Chambers Cartwright stating that service of injunction on J. M. Jones, counsel for Phillips was sufficient, and this was carried out.

Boy Drowns At Clinton.

Clinton, April 12.—A drowning accident occurred here yesterday whereby a small boy named Henry Nelson, aged six years, lost his life. He was drowned in an unused mill dam

THAT STAB-LIKE PAIN IN THE SMALL OF THE BACK COMES FROM THE KIDNEYS

AND CAN BE CURED BY

DOAN'S KIDNEY PILLS

It is not the back that is aching, but the kidneys which are situated beneath the small of the back.

Therefore, dull pain in the back, or sharp, quick twinges, are warnings of sick kidneys—warnings of kidney trouble. Plasters and liniments will not cure a bad back, for they cannot reach the kidneys which cause it. Doan's Kidney Pills reach the kidneys. That is what they are for and that only. So, if you would be free from backache, swelling of the feet and ankles, frequent or suppressed urine, painful sensation when urinating, specks floating before the eyes, frequent thirst, brick-dust deposit in the urine, or anything wrong with the urinary organs or bladder, you must keep your kidneys well. Help them to work freely, and help them to flush off all the body's waste and impurities.

Doan's Kidney Pills are made from the purest roots and herbs, and have a remarkable healing and toning effect on the kidneys. Mrs. Barling, 28 Locomotive Street, Hamilton, Ont., writes: "I had been troubled considerably with my kidneys, using many remedies, but finding no relief. I tried Doan's Kidney Pills and found them to act directly on the kidneys, and making them strong again."

Price 50 cents per box, three boxes for $1.25, all dealers or The Doan Kidney Pill Co., Toronto, Ont.

Latest News Of Sports

FOOTBALL SEASON IN FULL SWING

The initial Peterborough Quakers football practice was held last night on the Central Park. Considering the short notice given a large number of the boys turned out and enjoyed a half-hour work-out. Although it was the first practise yet many of the players showed a remarkable knowledge of the game. The interest which has been aroused in fotoball this year to be greater than ever and there is every possibility of the Peterborough Quakers making a name for themselves in the Midland League. A number of new players were on the green last night some of whom have played in the Toronto City League for some years and these will no doubt be of considerable assistance in practise and other games during the season.

Among those who were after the pigskin last night were the following:—P. Fitzgerald, Miller, Jack Sullivan, R. Todd. Blewett, Evans, Herop, Skipper, and a number of others.

HOCKEY

A splendid picture of the Charlotte Street Hockey team, City League champions, is on exhibition at Roy's.

TURF.

Mr. Fred. Peake, of Campbellford, has written the Turf Club stating that a Campbellford gentleman is going to enter two fast horses at the Club's next meet.

BASEBALL

It is understood the baseball season will be opened in Peterborough on Good Friday when, weather permitting, the Charlotte Street Guild team and the Strathconas will cross bats.

FOOTBALL

The Peterborough Quakers will practise to-night at 6.30 and to-morrow afternoon at two o'clock on the Central Park.

BASKET-BALL.

The last game of the season will take place on Monday night between the Port Hope Seniors and the local Arrows. Both teams are in the very best of condition and the game is sure to be closely contested. Besides the game a very interesting programme will be provided consisting of tumbling, apparatus work, games, etc., also a preliminary basketball game between two boys' teams. Those who attend are sure of a good evening's enjoyment and as this is the last game this year, there should be a large crowd. Admission 15c or 2 for 25c.

LACROSSE

The Brantford Expositor says:—"E. M. Best, of Peterborough, a well-known former Brantford man, is a candidate for the C. L. A. council. He will receive solid support from this city and the best wishes of a host of friends.

* * * *

The Peterborough Turf Club, as has been before noted, have a splendid trophy in the shape of a handsome silver cup that they kindly offer to donate the winners of the City Lacrosse League should one be formed. There is positively no way of developing young players than by the organization of a junior league.

Organization is the secret of success and while exhibition games are all very well there is nothing like a league to awaken and hold interest in any branch of sport. The City Hockey League has done a whole lot for hockey in Peterborough and there's no reason why a city lacrosse league shouldn't produce just as good material in its line as the city hockey league has done in its. And its a shame to let such a good cup go to waste. And there's a tug-of-war cup this some body put up for competition. The Turf Club has shown its interest in sport by donating handsome trophies and without solicitation, too. There are a lot of clubs and people that talk loud and do little, but when an organization goes to the trouble the Turf Club has to promote sport there should be a more generous response from those who would be benefitted.

Don't Neglect a Cough or Cold

IT CAN HAVE BUT ONE RESULT. IT LEAVES THE THROAT or LUNGS, OR BOTH, AFFECTED.

DR. WOOD'S NORWAY PINE SYRUP IS THE MEDICINE YOU NEED. . . . . .

It is without an equal as a remedy for Coughs, Colds, Bronchitis, Sore Throat, Pain in the Chest, Asthma, Whooping Cough, Quinsy and all affections of the Throat and Lungs.

A single dose of Dr. Wood's Norway Pine Syrup will stop the cough, soothe the throat, and if the cough or cold has become settled on the lungs, the healing properties of the Norway Pine Tree will proclaim its great virtue by promptly eradicating the bad effects, and a persistent use of the remedy cannot fail to bring about a complete cure.

Do not be humbugged into buying so-called Norway Pine Syrups, but be sure and insist on having Dr. Wood's. It is put up in a yellow wrapper, three pine trees the trade mark, and price 25 cts.

Mrs. Henry Seabrook, Hepworth, Ont., writes: "I have used Dr. Wood's Norway Pine Syrup in our family for the past three years and I consider it the best remedy known for the cure of colds. It has cured all my children and myself."

"I was taken with a severe cough which lasted three months, and though I had tried all sorts of medicines, they failed to do me any good. A friend advised the use of Dr. Chase's Syrup of Linseed and Turpentine and I was completely cured by two bottles."—Miss Ada O'Brien, Cape Cove, Gaspe Co., Que.

To Start Work In Brantford

Machine Telephone Company Will Commence at Once.

The Brantford Expositor of yesterday said:—

Engineer Lytle of the Automatic Telephone comany was in the city yesterday. The chief object of his visit was to secure some vacant property near the central part of the city to serve as a storage place for the poles and other material, which it will be necessary to send before the work of installing the system here can be commenced.

It is understood that he located a suitable place along the canal, which will be utilized for the purpose. Mr. Lytle returned to Peterborough last night.

Start at Once.

The next two weeks will see a start made in the active operations. The poles, wire, etc., will be shipped immediately, and a gang of men will soon be sent to start the work. They are only waiting now for the frost to get out of the ground completely.

TWO HOTELS HAVE RAISED THEIR RATES TO TWO DOLLARS

The Hotel National and the Snowden House have raised their rates per day from $1.50 to $2.00, on account of the probability of the Hanna Bill becoming law. The proprietors of the dollar-a-day houses will meet next week, when Mr. R. J. Munro, proprietor of the Munro House, who is now undergoing a course of treatment at Clifton Springs, returns to the city. Mr. Munro is expected here the first part of next week. Nothing has been done yet in the matter of charging for shed room and yard accommodation. It is said there is no truth in the rumour that the price of liquor will be raised.

A CITIZEN'S EXPERIENCE WITH USE OF PAINT

A suggestion was made in a local paper to the effect that the citizens should beautify their residences by the use of some fresh paints. Last night a gentleman telephoned to this office in reference to this suggestion to give his experience with the use of paint. He spent $30 one year painting his house, and the next year the assessors increased the assessment $200, he says, because of the paint which he used.

Another year he doubled his expenditure on paint, making it $60, and the assessors also doubled the increase on assessment, to the tune of $200.

The suggestion to paint the residences, he thinks, is a good one, but its pretty discouraging to have to pay taxes on the paint, too.

Applicants For Hotel License For Year 1906-7

License Board Will Consider Applications for 22 Tavern and 5 Shop Licenses.

The License Commissioners at their meeting on Friday, April 20th, will be required to consider and deal with applications for tavern and shop licenses. The following is a list of the names of applicants for tavern licenses, together with the names of the hotels which the licenses are to cover; also the names of applicants for shop licenses:

Taverns.

Geo. N. Graham, Oriental Hotel.
Wm. Snowden, Snowden House.
Robt. J. Munro, Munro House.
J. B. Larocque, Montreal House.
Stephen Holland, American Hotel.
Geo. Lipsett, Maple Leaf Hotel.
Timothy Cavanagh, Cavanagh House.
Margaret O'Shea, Commercial House.
Austin Dunn, Southern Hotel.
Jas. Flynn, Royal Hotel.
Mary Bowman, Oxford Hotel.
M. C. Tooley, Queen's Hotel.
J. M. Brooks, Palace Hotel.
Jas. Head, Peterboourgh Hotel.
Jas. Allen, C. P. R. Hotel.
R. J. Jackson, Crown Inn.
P. Hogan, Albion Hotel.
Edward Cassidy, Windsor Hotel.
Gus' White, White House.
Jas. Dolan, City Hotel.
J. A. Lawless, National Hotel.
Executors Phelan Estate, Cavanagh House.

Shops.

F. R. J. Mitchell.
J. C. Sullivan.
Arthur Rountree.
Alex. Elliott.
C. A. Kelly.

The total number of tavern and shop licenses applied for this license year is 27, four less than the list of last year.

CERTIFICATES FOR N. C. OFFICERS

The examination of the class of N.C.O. of Sar.-Major Brittain, W. O., was held last night in the drill hall. Out of the class of 15 there were 14 on parade, one of the number ill and not able to attend the examination last night. The Regimental Board of Examiners were Major Hayes, Capt. Walker and Capt. Clegg and according to their statements all made an excellent showing and successfully passed their examinations.

Capt. Walker spoke a few words to the class commending them for their good attendance during the winter and the success they had attained. The following were awarded certificates by the Examination Board:—

Regimental Sergeants' certificates.—Colour-Sergeant, Cavanah, No. 8; Sergeant. Arnott, No. 4; Corporals, Blackwell, No. 4; Cole, No. 4; Lech, No. 1; Vaughan, No. 4; Privates.—Miller, No. 1; Moore, No. 4; Richardson, No. 8; Smith, Stone, No. 2; Watson, No. 5; Young, No. 8. Regimental Corporal's Certificate.—Corporal Leach, No. 1.

Sunlight Soap is better than other soaps but is best when used in the Sunlight way. Buy Sunlight Soap and follow directions.

The Auxiliary Elects Officers

Women's Missionary Society of Mark Street Church.

The Mark street W. M. S. Auxiliary held their election of officers yesterday, and the following will guide the destiny of the society for the next twelve months:—

President—Mrs. (Rev.) J. G. Lewis.
1st Vice-President—Mrs. W. Wand.
2nd Vice-President—Mrs. M. W. Matchett.
Recording Secretary—Mrs. Smylie.
Corresponding Secretary—Mrs. J. Speer.
Treasurer—Mrs. M. McIntyre.
Superintendent of Cradle Roll—Mrs. W. K. Payne.
Delegate to Branch Meeting at Port Hope—Mrs. M. W. Matchett.

A letter of sympathy will be sent to the family of the late Miss E. F. Smith, who took a deep interest in the work of the Missionary Society.

SPECIAL MEETINGS IN MISSION HALL

A holiness convention and district quarterly meeting will be held in the City Mission Hall, 356 1-2 Water street, beginning this evening, with an address by the district elder, R. Burnham. About 15 or 20 delegates are expected, principally from the Uxbridge District. There will be three meetings to-morrow, and among those taking part will be Albert Sims, E. Snyder, Lotta Babcock, Mary Snyder, Kate Clark, R. Burnham, district elder, and H. B. Luck, pastor.

PILES

Dr. Chase's Ointment is a certain and guaranteed cure for each and every form of itching, bleeding and protruding piles. See testimonials in the press and ask your neighbors about it. You can use it and get your money back if not satisfied. 60c, at all dealers or EDMANSON, BATES & Co., Toronto.

DR. CHASE'S OINTMENT.

IN THE HIGH COURT OF JUSTICE.

In the matter of the Peterborough Cold Storage and Provision Company (Limited).

To all whom it may concern:—

Take notice that a petition on behalf of Daniel Comstock and John W. Martyn, Shareholders of the above named Company for an Order that the proceedings for winding up the said Company be brought under the provisions of "The Winding Up Act" of the Dominion, and that the said Company be wound up under such last mentioned Act under the direction of the Local Master of this Court at Peterborough, and that the proceedings heretofore had and taken under "The Joint Stock Companies Winding Up Act", of Ontario, be confirmed as if the same had been had and taken under the said Dominion Act including the appointment of the present Liquidators. Inspectors and Solicitor, and the proceedings to settle the List of Contributories, to the date of the making of this order, and for such other Order as may seem just, will be presented to the Judge presiding in Chambers at Osgoode Hall in the City of Toronto on Tuesday the 17th day of April, 1906, at the hour of eleven o'clock in the forenoon.

Dated this 12th day of April, 1906.

DUMBLE & JOHNSTON,
Solicitors for Petitioners.

Famed for Purity "SALADA"

Ceylon GREEN Tea is not adulterated in any shape or form. This is one reason for its sale of 14,000,000 packets per year.

LEAD PACKETS ONLY. 25c, 30c, 40c, 50c and 60c per lb. At all Grocers.

HIGHEST AWARD ST. LOUIS 1904.

CARD OF THANKS

PETERBOROUGH, Mar. 26, 1906

Messrs Davis-Thompson Co., Limited,
Peterborough, Ontario.

GENTLEMEN,—

I beg to acknowledge receipt to-day of cheque for $130 00 from the "Imperial Guarantee & Accident Insurance Company," in full settlement of my claim during the time I was unable to carry on Evangelistic work, owing to an accident received in a Dentist's chair, which caused ulceration of tooth and swelling of jaw.

I must express my appreciation of, and thanks to your Company, for the exceedingly prompt and satisfactory settlement of this claim, the cheque having been returned by first mail, after completion of claim paper.

Notwithstanding all that is said in the Press about Insurance generally, yet personally, from your treatment in my case, I take pleasure in heartily commending your Company to the Public.

Yours truly,
(Sgd.) H. D. KENNEDY

THE IMPERIAL LIFE ASSURANCE COMPANY
OF CANADA

OFFICE—437 George Street, Peterborough.

Sealed tenders addressed to the undersigned, and endorsed "Tender for Armoury at Guelph, Ont.," will be received at this office until Tuesday, May 1, 1906, inclusively, for the construction of an Armoury at Guelph, Ont.

Plans and specifications can be seen and forms of tender obtained at this Department or on application to the caretaker of Public Building, Guelph, Ont.

Persons tendering are notified that tenders will not be considered unless made on the printed form supplied, and signed with their actual signatures.

Each tender must be accompanied by an accepted cheque on a chartered bank, made payable to the order of the Honourable the Minister of Public Works, equal to ten per cent. (10 p.c.) of the amount of the tender, which will be forfeited if the party tendering decline to enter into a contract when called upon to do so, or if he fail to complete the work contracted for. If the tender be not accepted the cheque will be returned.

The Department does not bind itself to accept the lowest or any tender.

By order,
FRED. GELINAS,
Secretary.

Department of Public Works,
Ottawa, April 7, 1906.

Synopsis Of Canadian North-West HOMESTEAD REGULATIONS

Any even numbered section of Dominion Lands in Manitoba or the North-west Provinces, excepting 8 and 26, not reserved, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section, of 160 acres, more or less.

Entry may be made personally at the local land office for the district in which the land to be taken is situated, or if the homesteader desires, he may, on application to the Minister of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, or the local agent for the district in which the land is situate, receive authority for some one to make entry for him.

Homestead Duties.—A settler who has been granted an entry for a homestead is required to perform the conditions connected therewith under one of the following plans:—

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

(2) If the father (or mother, if the father is deceased) of any person who is eligible to make a homestead entry under the provisions of this Act, resides upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon the said land.

Application for patent should be made at the end of three years, before the Local Agent, Sub-Agent or the Homestead Inspector.

Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands at Ottawa of his intention to do so.

W. W. CORY,
Deputy of the Minister of the Interior.

BEEF TO THE HEELS!

For EASTER SATURDAY at

Kennedy's

FRESH MEAT and PROVISION MARKET

20,000 lbs. Prime Beef

Choicest Butchers' Cattle Ontario Can Produce

100's of lbs. Spring Lamb

Specially Selected From The Flocks of The Midland District and Unequalled For Fine Flavour.

Veal, Calf, Mutton, Etc.

The Pick of the Country, Carefully Fed for the Easter Trade.

Regarding the quality of our stock, we stand ready to guarantee the primest meats offered anywhere in Canada this year. No city in the Dominion will enjoy more delicious beef than has been selected for Peterborough Citizens this Easter.

Twelve buyers have been busy during the past month picking up the best cattle in the County of Peterborough and district for the Easter trade. Also—One car of special fed cattle from the West, the pick of Ontario.

OUR NEW PROVISION DEPT.

Is stocked with absolutely fresh and reliable dainties, such as :

Mild Sugar Cured Hams, Breakfast Bacon, Poultry, Potted Meats, Cooked Meats, Sausages Dairy Butter, Creamery Cheese, New Laid Eggs, Canned Meats, Canned Fish, Canned Vegetables, Oranges, Lemons, Apples, Tender Vegetables from the Greenhouse.

Send in Orders in Advance

It will be a great convenience to order before Saturday. Already many advance orders have been received from thoughtful citizens and out-of-town friends and visitors who are expected in the city on Saturday to inspect our palatial new store.

FREE! ***1000 Souvenir Photographs of the interior of our store will be given away free on Saturday to our customers whose purchases at store amount to 50c or over.***

'Phones { Bell 275 Machine 175 **Kennedy's** 340 George Street.

Kts. of Pythias Will Organize

A Large Number Have Already Been Placed on List.

Mr. Hubert, of Brantford, the Provincial Organizer of the Knights of Pythias, who has been in the city for some time in the interests of the Order, has now between 25 and 30 members on the list. These are composed of the younger business men in the city and Mr. Hubert considers it as fine a list as he has ever obtained. The C.O.F. Hall has been sub-leased for two nights a week and the organization will take place during the first week in May. There will possibly be a team of from twenty-five to thirty of the Order from Toronto here at that time to put on the ranks.

Mr. Hubert believes the Order will flourish here as the city, he says, is one of the most thriving ones that he has visited.

GOOD FRIDAY AT THE GRAND

One of the most important attractions booked this season, will be seen here to-morrow afternoon and night—Louis James in his masterpiece, "Virginius." No actor has successfully portrayed "The Roman Father," who did not possess an inspiring stature, a tenderness of heart, and an impulsive disposition; all of these Mr. James is heir to by nature, hence the perfection of his characterization. He is "Virginius" in looks, temperament and mentality. At 2.30 Mr. James will present the Merchant of Venice and at night Virginius.

THE PREDATORY BUSY, BUSY BEE

Mr. Mason, the florist, has a swarm of honey-makers busily engaged stealfrom the flowers in his greenhouses. He would be glad if the owner of these bees would come and take them away. They seem to have come in through the ventilators of the greenhouses, and have been keeping up quite a hum.

Best Bananas, 10c and 20c per doz., at AUGUST LONGO'S, Hunter Street, Near Post Office.

YOUNG PEOPLE WILL HOLD MEETING

A special Young Peoples' Meeting will be held at Bethany Tabernacle to-morrow evening for the purpose of making arrangements for regular young peoples' meetings. The meeting will be addressed by the pastor. All interested are cordially invited.

A CROWN OF GLORY

As Well as a Mark of Beauty is Luxurious Hair.

It has been truly said that the crowning glory of our races is a luxuriant head of hair.

It used to be thought that this was one of the blessings which the gods bestow capriciously, and it is only recently that scientists have discovered that its beauty is dependent upon the absence of a minute germ which flourishes in the hair follicles, where it destroys the life of the hair.

To restore this life and kill the germs which cause the mischief is the mission of Newbro's Herpicide.

Herpicide surely kills the germs, and is the best hair dressing on the market.

It contains no grease or oil, neither will it stain or dye.

Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. Ormond & Walsh, Special Agents.

WATCH REPAIRING

Should only be done by experienced hands. Better leave your Watch unrepaired than have it improperly done.

Many Orders From Outside

H. P. Kennedy's Advertising Campaign Brings Results.

As a result of the extensive advertising campaign which Mr. H. P. Kennedy has been conducting in the Examiner, he has received orders from a large number of out-of-town customers, among them being:

Toronto — Queen's Hotel, Robert McCausland, J A Sutcliffe, G J Cuthbertson, manager Toronto Bank; E Maybee, W W Hodgson, manager Union Stock Yards; M J Kirkman, C D Clarke, Jos Wilson, A Y Hall, F J King, C D Gordon, manager Dominion Bank.

Bowmanville — Robt Baith, ex-M. P, W P McMurtry, W Bollins, S J Hall, W G Glover, M D Williams, Bennett House, Alex McClelland, manager Ontario Bank; John Foster, F. Simmons, R B Foster.

Madoc — John Muncey, P Thompson, Thos L Nickle, John McIlroy, R B McKee, John A McCoy, Arthur Coe, D K Stewart.

Agincourt — A J Walker, W. H Patterson.

Unionville — H C Thompson, C H Stiver, Abner Summerfeldt, J G List, F L Stiver, Wm Paget.

Frankford — Jas Muncey, W Gallagher, E S Taylor, Jas Forest, Allan Rogers, E McAllister, Jas Harrington, Sol Badley, A N Chapman, Wm Rogers, H Foster, John Chapman, G Wilson, W Bell, W Rose, A D Clarke, W Windover, Clarke Hotel, J Snyder, J Griffin,

Central Ontario Hotel, John Smith, Jas Quinlan, Brennan House; S H Reynolds, Bowmanville.

These orders will run into several hundred dollars.

Thank-Offering Service Held

Meeting of the Charlotte Street Women's Missionary Society.

The thankoffering service of the Women's Missionary Society of the Charlotte street Methodist church last night was largely attended and a pleasant and profitable time was spent. Mrs. Kilgour, the President, occupied the chair.

The address of the evening was given by Mrs. A. R. Campbell, who gave a review of the work accomplished by the society during the twenty-five years it has been in existence and also touched upon the prospects for the future. The address was an instructive and most interesting one. During the evening Mr. Clarke delighted the gathering with several solos, and a duet was effectively rendered by Miss Olive Howard and Miss Coe.

MUSIC AND DRAMA

THE OFFICE BOY.

Frank Deshon and his fifty-five merry associates amused a big house at the Grand last night, in Harry B. Smith's and Ludwig Englander's hilarious musical comedy "The Office Boy." Few better productions of its kind have been seen here this season. The music was tuneful and catchy, the plot afforded many ludicious situations, the chorus was pretty and could sing too, and the scenic effects and costumes were elaborate and effective. In fact the entire presentation left little to be desired and it was a thoroughly pleased audience that filed out of the opera house at the end of two hours and a half amusement.

The action of the play centres around the adventures of Noah Little, an office boy, at $4 per week, with Ketchem and Cheatam. Through a simple accident he is mistaken for his cousin Rider, a famous jockey, and in order to make good has to ride a particularly vicious horse. A very simple little plot and yet one that gave rise to numerous funny climaxes and kept the audience in a hilarious condition.

Frank Deshon in the title role, made a great hit. To him fell the greater part of the fun-making and he handled it well. The role lost nothing in his hands. Miss Katherine Nelson as Claire De Lune, heiress to the Livingston million, quickly danced and sang herself into favour and made a very lively little soubrette. Miss Marie Barry as Euphamie, was very successful in her solo numbers and has a good soprano voice used most effectively. The singing of the chorus was away above the average.

The musical numbers were very catchy especially "Plain Mamie O'Hooley," which has been whistled on the streets all day. Other effective numbers were "I'm on the Water-Waggon Now," "The Tale of the Crocodile," "My Hindoo Man" and "Silver Heels."

Wm. J. McQuinn. Has Big Houses

A Peterborough Boy in the Show Business and His Success.

The New York Clipper, the theatrical journal, has the following reference to Mr. Wm. J. McQuinn, a Peterborough boy, who has won success on the stage:—

We are in our twenty-third week in Ontario, and business is great. We are playing mostly return dates and working under the different societies of the province, which is the only way to work this dominion. Lent is on us, and it is surprising how the people turn out to see us, as small towns in Canada are the hardest to work during that particular period. We played Marlbank, Can., and turned people away for three nights, working in connection with the Ladies' Aid Society, and giving a percentage to the Japanese Relief Fund. At Odessa we played three nights in connection with the band, which was a financial success. We are to play a return date at Calebogie, March 17, under the auspices of the C.M.B.A. Manager Barrett, writes Mr. McQuinn that the house is sold out. Geo. A. Grant, slack wire and juggler, joined us at Egansville, Ont. The company now numbers twelve people, and is working its way into Quebec.

PORTER'S Easter Beef

Extra special preparations will enable us to offer the very choicest meats obtainable for Easter. Our cattle were not purchased in Toronto, but are the pick of our own county, selected by our own practical buyer, Mr. Robert Howden, and will compare with any in the Dominion:—

FOUR Thoroughbred Two Year Old Steers, from the herd of Mr. Herb. McKee, Smith. These extra prime cattle were specially fed for our customers, and weigh 1,235 pounds of Dressed Beef.

FOUR Carefully Raised Spring Lambs thoroughbred Oxford Downs, from the fold of Mr. Deyell, South Monaghan.

EIGHT FATTED CALVES, picked from the stock yards of the best Otonabee and Smith farmers.

DELICIOUS FEA-FED PORK, from the pens of Mr. J. Cox, of the Armour Farm, also

TOOTHSOME PROVISIONS

including Fowler's (of Hamilton) Mild Sugar and Cured Hams, Bacon and Rolls; Fatted Poultry (Plymouth Rock) Cooked Meats, Canned Meats, and Vegetables; Hot House Vegetables and Fruits, etc.

Let us have your orders for Easter early—the sooner the better, to ease off the Saturday rush.

Mr. Fleetwood, the well-known expert cutter, will be assisted by other skilful salesmen.

MEETINGS ARE ENTHUSIASTIC

The revival services at the Salvation Army barracks are nightly increasing in interest and enthusiasm. Last night a fine meeting was held and the barracks was crowded to the doors. Staff-Capt. Manton was in charge, the subject of his address being "Faith—What is it?"

Among the converts last night was an old drunkard.

To-night the subject will be, "Putting God to the Test."

J. SUTCLIFFE & SONS

Vesuvius Has Become Much Quieter To-day

Volcano Less Menacing Than For the Past Week Or So.

THE DESPATCH BROUGHT JOY

Fervent Thanksgiving For Danger Past Feature of the Good Friday Church Services—Everybody Busy in Naples and Now Danger Is Considered Over Forgetful of the Terror—Volcano's Deadly Work.

Naples, April 14.—No better evidence of the improved condition of affairs in the section affected by the eruption of Mount Vesuvius can be presented than the following telegram from Director Mattucci, sent last evening from the observatory on the mount:

"Last night and to-day the activity of Vesuvius and the agitation at the surface of the volcano sensibly diminished. Electric discharges ceased today, and the discharge was less abundant. From the presumed formation of the crater and other indications, and if the news coming to me is true of the cessation of lava at Boscotrecase, I predict with reserve that in two or three days volcanic calm will reign."

Brought Joy to People.

The publication of this assuring despatch has brought joy to the people, and last night's Good Friday services at the churches, which were attended by large congregations, took the form of fervent thanksgiving for danger past.

Conditions at Naples were so much better yesterday that the people were almost incredulous of the tales of terror told by those who had escaped from the towns, villages and country farther within the zone of devastation. The weather was fine, and the wind had shifted so that the clouds of ashes from the volcano, instead of enveloping Naples, were carried in the direction of Caserta. The apprehension of the populace gave place to a smiling confidence in which there was no reflection of the terror, which had prevailed for the past week.

Recovering the Dead.

But in other quarters there is no escaping from the awful evidences of the volcano's fury. At Boscotrecase, the exhumation of the dead is being carried on by soldiers, who, owing to the advanced state of decomposition of the corpses, are unable to work more than an hour at a time. The work is one of great cost of money, as well as of danger and arduousness to those engaged in it. Many of the bodies are merely shapeless unrecognizable masses of flesh and bones, while others are but little disfigured. As quickly as possible they are buried in quicklime to lessen as far as may be the danger of epidemic. None but those engaged in the work of recovering the corpses are permitted in the vicinity.

Tornado in Texas.

Dallas, Texas, April 14.—It was reported yesterday that six persons were killed and several injured in the tornado which swept over Briggs, Texas, Thursday afternoon. A number of buildings in the district were destroyed. At Cleburne, Texas, the storm blew down the grand stand in the ball park during the progress of a game. Several persons were injured.

Foul Play is Feared.

Winnipeg, April 14.—Lawrence Kennedy, who came here several days ago from Graceville, Minn., with several associates on a land purchasing expedition, has mysteriously disappeared and foul play is suspected. He had considerable money on him when last seen.

Summary Of The New Mining Law Has Been Published

Hon. Frank Cochrane Gives Gist of Aim In New Bill.

ONLY WAY TO TAKE LANDS

Framer Claims to Aim at Uniformity For the Whole Province and at Decentralization of Administration—Position of Prospector—Taxation and Bounties to Be Covered by Later Measure.

Toronto, April 14.—Hon. Frank Cochrane, Minister of Lands and Mines, has given to the press a summary of his new mines bill, which he formally presented a couple of weeks ago in the Legislature, but which was not then in complete shape.

The bill makes a complete revision of the existing legislation. The mining industry of Ontario is growing rapidly in importance. The aggregate output of minerals and mineral products, which for several years has been about $11,000,000 or $12,000,000, rose in 1905 to about $19,000,000, or if the refined values of nickel and copper are used as a basis of computation, instead of the value in the matte, the total would amount to $22,000,000 or $28,000,000. This large advance is due to the increased output of nickel, silver, copper and pig iron.

Anomalies of Old Act.

Many anomalies and weak places have been brought to light in the present mining laws. For instance, there are at least four methods of taking up mining lands from the Crown—(1) by purchase; (2) by lease; (3) by staking out in a mining division; (4) by staking out outside of a mining division. The amount of work to be done on purchased or leased lands is different from the amount require to be done on lands in mining divisions, and different again from the amount required to be done on lands outside mining divisions. The purchase price of land varies according to distance from a railway, and whether in surveyed or unsurveyed territory. So much variety is confusing, and prospectors are often at a loss to know how to proceed.

A second defect is the encouragement which the law holds out to the taking up of lands for speculation as against actual mining purposes. This is shown by the fact that from first to last about 1,300,000 acres of mining lands have been disposed of by the Crown in Ontario, while anyone acquainted with the mineral industry knows that a very small proportion indeed of this large area is being actually worked. Another proof is the fact that some thousands of mining leases are at present being canceled by the Department of Lands and Mines, covering some 300,000 acres, chiefly because of non-payment of rental. These lands were taken up during the time of boom for gold, silver, nickel, copper or iron, and the holders, instead of working them, have simply sat down and waited for someone to buy them out at a high price. They did not even pay the small annual rent due the Crown.

A third defect is the provision for issuing a title subject to working conditions. That is requiring the work to be done after the patent or lease has been granted. True, the Crown may resume the land if the work is not done, but there are many difficulties in the way of canceling titles once they are issued.

Aim of Framers.

A number of other disadvantages in the present law could be pointed out, and there has for some time past been a general demand that a simpler and more suitable act should be substituted. In framing the bill introduced by Mr. Cochrane, the following ends have been aimed at:

A uniform law for the whole province.

The decentralization of administration.

Protection to the prospector.

Security of titles, thus affording protection to the investor.

To some extent the bill has followed many of the provisions of the British Columbia mining laws, adapted to conditions in Ontario.

One Way Only.

It is proposed to have only one way of taking up mining lands. Every prospector and everyone who wishes to hold mining lands must procure a miner's license, which will be good throughout the whole of Ontario, and will cost $10 per annum.

The province will be divided into mining divisions, in each of which, where there is sufficient business to warrant it, a mining recorder's office will be opened. On making a discovery of mineral, the prospector will stake out his claim by planting post at the corners and erect a discovery post on the outcrop. A claim will be a square of twenty chains to a side, with boundary north and south and east and west.

On staking out his claim, the prospector will record it in the office of the mining division, and his discovery will be subject to inspection. If the inspector finds a discovery of valuable mineral, the prospector will then be required to do thirty days' work within ninety days of recording the claim; sixty days' work in each of the next two years, and ninety days' work during the third year, or he can complete the work in less time. He may then buy the land at $3 per acre, if in surveyed territory, or $2.50 if in unsurveyed territory. His patent is indefeasible, and not subject to any further working conditions.

Discovery Necessary.

Under the bill, actual discovery of valuable mineral is necessary in order to obtain title to mining lands, and valuable mineral is defined in these words: "A vein, lode or other deposit of mineral or minerals in place, containing such quantities of mineral or minerals other than limestone, marble, clay, marl, peat, or any building stone, as to make it probable that the said vein, lode or other deposit is capable of being developed into a working mine."

It thus affords a guarantee that lands will not be staked and recorded simply because of their proximity to known mines or deposits of value. The price required by the Crown to be paid is a mere bagatelle if the deposit is a valuable one. The chief consideration which the public receives for the small price of Crown lands is the actual discovery of a workable deposit, and in insisting upon this the law is requiring some return to be made for parting with the ownership of the deposit.

Special Conditions.

In the main, mineral deposits of value in Ontario outcrop at the surface, and on this theory the law proceeds in requiring actual discovery. There are, however, cases where, owing to the depth of soil or upper covering of barren rock the minerals do not actually outcrop, and consequently it is difficult, or impossible, to make a discovery in this way. In such cases it is necessary to dig trenches, sink a shaft, or use a diamond drill. The new act provides for such cases by permitting application to be made for what is called a working permit, to be issued by the mining recorder within sixty days after such application, provided in the meantime no bona fide discovery of valuable mineral is made on the land. A working permit gives the holder exclusive possession of the claim for six months on condition of his working on it five days per week during that time. If at the end of six months he has not made a discovery the permit may be renewed for another term, and when discovery is made the land may be bought and patented in the ordinary way. This provision will go a long way towards meeting the views of those mining men who hold that the Crown ought not to insist upon discovery, but that first come should be first served.

Prospecting Permits.

"Prospecting permits" are also provided for. In the regions north of the height of land there is reason to believe that such valuable substances as petroleum, natural gas and salt may be found, as well as lignite, and other minerals which do not come to the surface in the ordinary way.

A prospecting permit covering 640 acres may be granted on payment of a fee of $100. The holder must spend in actual work a sum equal to $5 per acre during the term of the permit, which is to be for a year. Upon discovering minerals the lands may be leased subject to a rental of $1 per acre and the expenditure of $5 per acre per annum in raising the substances found.

Mining Partnerships.

The bill also regulates mining partnerships. It is common for two or more prospectors to work as partners, or one may may "grub-stake" another. The bill requires the particulars of all partnerships to be filed in the recorder's office, and an agent must be named by the partnership who will have authority to deal with the claim. This will abolish the nuisance of "silent partners" who have already proved a troublesome feature in the Cobalt field.

It has long been felt a hardship by miners that they cannot enforce collection of their wages in the same way as mechanics, under the Lien Act. The bill places miners and laborers in a mine on the same level as mechanics in this respect.

Improved regulations are provided for securing the health and safety of working miners, and detailed rules as to the handling of explosives, ventilation, ladder ways, shafts, scaling, etc., are set out in the bill.

Finally, the bill repeals all previous legislation, except such as is expressly saved in the act, but any rights acquired, or liabilities or penalties incurred under previous legislation are not to be affected.

The bill concludes with a number of forms required to carry out its provisions, so that every prospector may draw up his own papers if he desires to do so.

The question of taxation and bounties to encourage the refining of certain metals is not dealt with in the bill, but is to form the subject of a separate measure.

COAL OPERATORS DECLINE.

To Take Up Latest Offer Made by the Mine Workers.

New York, April 14.—At the meeting of the sub-committees of the anthracite mine workers and operators here President Mitchell offered a re-submission of the miners' original demands, with two amendments, and in case they are not accepted he proposed that the controversy be placed before the strike commission.

Operators' Reply.

President Baer, as the chairman of the operators' committee, made this reply:

"We regret that you have not accepted our propositions. We do not feel that we can modify them. We will hereafter answer your communication of this date by letter, or if your desire a further meeting the time can be arranged or be hereafter fixed by the respective chairmen."

President Mitchel believes Mr. Baer's offer was written on the spur of the moment and that there will yet be a peaceful end to the controversy.

1,200 Men Ordered Out.

Pittsburg, April 14.—Twelve hundred miners employed at the Great Lakes Coal Co. at Kaylor, Pa., quit work yesterday by order of the district officials, because of the refusal of the company to agree to certain concessions asked for by the mine workers, and included in the 1903 scale.

Laid Off on Account of Coal Strike.

Chicago, April 14.—Many employes of various railroads entering Chicago were laid off Thursday on account of the decrease in business resulting from the coal strike.

The Chicago & North Western laid off 500 employes. It was announced that the Chicago & Alton had dropped nearly 200 employes from the pay-roll. Four hundred mechanics of the Chicago & Eastern Illinois are now idle.

Curtailments in the yard and train service are going on on all roads owing to the cessation of the demand of fuel hauling.

Building Strike at St. Louis.

St. Louis, Mo., April 14.—Two officers of the Bricklayers and Stone Masons International Union drove around St. Louis yesterday, calling off bricklayers from every building job on which the stonemasons employed were not affiliated with the International Union. Work was reported stopped on 100 buildings. It is estimated that 2,000 men stopped work.

Defy Labor Officer.

Hamilton, April 14.—A majority of the striking bricklayers and masons defy the international executive. Their international officer, Thomas Leland, ordered them to work at 45 cents an hour, pending a settlement of the trouble, but they hold out for 50 cents. It is intimated that if the men refuse to obey him he will take away the charter of the local union.

CASTRO STEPS DOWN.

Venezuela's Ruler Wends to Have His Health Restored.

Caracas, April 14, via Willemstad, April 14.—General Castro Thursday transferred the presidency of Venezuela to Vice-President Gomez. In an address which he made on that occasion, General Castro said that his retirement was due to ill health, but he did not say whether it was temporary or permanent. It is generally understood, however, that his retirement will last about three months.

As a result of General Castro's retirement, the Venezuela Cabinet has resigned.

No Significance.

Washington, April 14.—President Castro's temporary retirement from the head of the Venezuelan Government has no political significance, so far as is known, according to a despatch received by the American State Department to-day from W. W. Russell, the United States Minister to Venezuela.

Sir Robert Thorburn Dead.

St. John's, Nfld., April 14.—Sir Robert Thorburn, K. C. M. G., who was the Premier of Newfoundland from 1890 to 1890, died here Thursday night. He was born in Scotland, 1838, and married in 1865 Susan, daughter of Andrew Milley of Hamilton. He went to Newfoundland in 1862. In 1904 by royal permission, he was accorded the title of Honorable for life.

You cannot possibly match this Overcoat under $12 — Its $15

"Imperva" is a stylish, Semi-ready cloth that is absolutely waterproof

"IMPERVA" is not a waterproof cloth made into overcoats, but a process that makes a stylish overcoat cloth waterproof.

That is the difference that gives Semi-ready raincoats that swagger style.

You see we pick out handsome tweeds and worsteds and our special "Imperva" process makes them rain-proof.

Neither color nor fabric is changed—its feel is just the same—but no rain can get through it.

We make this cloth, treated by the "Imperva" process into the newest raincoat styles—single-breasted or surtouts.

We would like to show you how really stylish these raincoats are—will you call in and see them? 528

The Adventurers

By H. B. MARRIOTT WATSON

COPYRIGHT, 1903, BY HARPER & BROTHERS

Continued from last Saturday.

"I congratulate you, sir," said he, "upon an event I had always anticipated." Then again he was quiet, seeming absorbed in thought, but suddenly he sat up. "See here, Mr. Greatorex," he said, "I will be frank with you. This thing has not gone according to my notions, and that's flat. As for this folly of exploiting the castle from inside, I put no faith in it from the outset. A fair siege and a square siege is more to my taste. But you let up on us with that moat of yours and those sharp eyes. I will confess I never saw a position held more keenly. But that's no use to us, and I tell you that I'm sick of it. Look; I'll tell you how I stand. I have my men—they're mine, mind you, and not Hood's—and I've no stomach to give it all up for nothing. But, between you and me, it's no champagne supper to defend the castle and lose half your natural life in blows and strategies; therefore, what do you say to terms?"

"Terms!" I echoed. "To ransom Hood?"

He ejaculated an oath. "Let the beast rot," he declared. "I'm talking of ourselves."

"Captain Sercombe," said I gently, "I knew Mr. Hood in this business ere I knew you, and to my idea he was the prime mover in the conspiracy. Let us say that he is gone, and what have we to fear?"

Sercombe looked extremely blank, and I could see that my words had struck a vital spot.

"Hood," he said, "has done nothing but blunder, and besides"—

But he got no further, breaking off suddenly and as though with an effort.

"If that be so," said I, rising, "let us see how Captain Sercombe will manage matters."

"Hold hard," he interrupted. "Sit down awhile, sir. You have sprung this affair on me. I must take my counsel. Come, what do you say to going shares?"

I lifted my brows. "You are not serious?" I remarked.

He glanced furtively at Montgomery. "I will take one-third," he said, "and no questions asked."

"My dear sir," said I in amazement, "you embarrass me. Your terms are too liberal from a vanquished foe. I could not accept such generosity. And now, if you will allow me, as I have an appointment with Mr. Hood shortly, I must;"—

But this alarmed him, as I could perceive, for he changed color and put out a finger to catch my arm.

"I will stand in with all of you!" he cried.

I smiled, but before I could reply an interruption fell in the entrance of the police sergeant, Jones, whom we had met before. He saluted us, and I made an inquiry as to his investigations.

"I am on a track, sir," he declared. "I can say no more." And he eyed Sercombe attentively.

"You've not struck those gypsies, I hear," said Sercombe, who had resumed his cigar with an appearance of nonchalance.

"No, sir."

"They're here today and somewhere else tomorrow. I hardly expected you would find them. They nose a scent pretty soon."

"I'm on a track, sir," repeated Jones.

"Glad to hear it," nodded the captain.

I went ont with the sergeant, but Sercombe called to me.

"What is it?" I asked, standing in the doorway.

An anxious look troubled Sercombe's eye. "I have made you a proposition, Mr. Greatorex."

"That's true," said I gravely, "and I will ask you, captain, to better it. But, excuse me, my time is limited."

"You give me short shrift," exclaimed he, with a bitter laugh.

"Oh, no," I said; "but I dare say you will have time to think over it between now and 9 o'clock. If you can see your way to a more equitable adjustment, captain, perhaps you would be good enough to let me know by then?"

At that I left him and caught up with Montgomery, who had gone ahead with Jones.

"Excuse me, sir," said Jones politely, "but are you a very old friend of Captain Sercombe's?"

"Why, no," said I, "I have not known him long."

"Ah," said he, "an odd gentleman, sir. Mr. Hood of the Woodman, he knows some queer stories about him."

"He says so, does he?" said I.

Jones emphatically wagged his head. "Very queer," he added. From which it appeared to me that Mr. Jones might not be quite so smart as he seemed, and also that Mr. Hood was even smarter. What his object might have been in spreading an evil reputation for Sercombe I could not guess, but that he had an object, and a material one, I did not doubt for a moment.

Though I had introduced the idea to Sercombe's notice, and the introduction had had its effect, I had not yet given shape and substance to my plan of setting off the one scoundrel against the other. I foresaw that I could improve my own position very substantially by this system of balance, and I determined to go now forthright to Hood on the same errand. He had failed me in the morning, but perhaps he would have grown wiser in the course of the day's imprisonment. There is nothing like solitude and the opportunity of reflection to bring a man to prudence, and now, too, I had seen Sercombe and had a genuine offer to consider. I came to the conclusion that, after all, Hood would not prove obdurate and that the end of the warfare was almost in sight.

In some such mood as this I made the journey to the keep, flattering myself with the success of my diplomacy and complacently contemplating an honorable settlement which would rid us of our troubles, banish these wretched intruders and leave us to the comfortable enjoyment of our share in the treasure of the Vyvians.

Dinner was over. The clock in the hall had chimed half past 8. I expected Sercombe at 9 o'clock and must hurry to secure the interview before that. I entered the dungeon carefully and locked the door behind me, as was my custom. Then, turning, I cast the light toward the boxes upon which Hood had sat.

He was not there. Hastily I flashed the lantern round the walls. There was no sign of Hood. The dungeon was empty.

CHAPTER XV.

I stared at the blank stones, but they returned no sign from their unavailing grayness. The silence began to speak in that gloomy place. Recovering myself, I put down the lantern and considered. First I put the key in my pocket, a definite precaution which was to influence strangely the history of this narrative. It was not conceivable that any one could have opened the heavy door when it was locked, yet the prisoner was gone. "If he is gone," said I aloud in order to reassure myself, "he must needs have gone by some hole." That was incontrovertible. I decided, too, that the means of escape must lie within the dungeon. Once more I inspected the huge oaken door and shook my head. Was there any flaw in the wood? Perchance there was a secret spring in a panel. I went over the surface carefully, but found nothing.

"Very well," said I, "I will unriddle this or be hanged for a felon," and I set to work upon the walls. Inch by inch I passed the masonry under my scrutiny, but made no discovery. "I will go over it again," I declared desperately and resumed my work from the beginning. I had not reached a point very far from the door on this second round of investigation when my glance slid off at a venture and almost mechanically rested upon the treasure chests. Something unfamiliar in their appearance vaguely persisted in my thoughts. I left off fumbling with the wall and stood gazing at them. They took my eyes with interest, and, crossing the room, I shed the light upon the cases, fingering the gold pieces under the broken lid. One, two, three—they stood exactly as—no, that was the point. They had been moved!

With a new zest I examined the floor, and, sure enough, one of these chests had been pulled out from the wall as far as its own width. I peeped over it, illuminating the space beyond. The slab of stone which the box had covered was like the other flags that made the floor of the dungeon. I leaned lower, and, sitting crossways on the chest, pushed the slab with my foot. It clanked dully to the kick of my heel; but, what was even more amazing to me, it seemed to shudder and tremble beneath me. Fully aroused to action, I flung myself over and alighted with both feet hard upon the flooring. In another moment I was tipped forward and felt myself falling precipitately upon my face. Catching at the chest with one hand, I saved myself, but in the effort the lantern fell from my hand and went out.

Slowly I groped in the darkness and struck a match, relighting the candle. Then I turned to the slab of stone.

It lay open, displaced, one end protruding upward, and, as I saw, had twisted on some kind of axle. Below was disclosed a great mouth of darkness.

"Come," said I to myself, "I think I know where friend Hood is, and this begins to get interesting."

I felt in my pocket where my revolver lay safely, and, seizing the candle, plunged into the evil looking hole. A stairway of stone ran downward, but very steeply, and I had the utmost difficulty in preventing myself from pitching forward against the rough masonry of the opposite wall. The walls brushed me upon either side as I descended, so narrow was the funnel. Down, down I went, until presently I reached a sort of landing, which broadened into a little irregular chamber. Here a ray of light caught my eye, and I followed it till I happened upon a small door in the wall. A huge key was in the lock, but the bolt was not turned, and by wrenching hard I forced the door open. I now looked down upon the waters of the moat, in which my tiny flame danced in the growing darkness.

After a little consideration I saw where I was. This must be a sally port, giving access to the fosse. Indeed, the water lapped the lowermost step, upon which I stood. Was it by

The slab of stone lay open.

this way that Hood had escaped? It seemed certain, and, if so, there was nothing for it but to pocket my chagrin, go back and communicate my melancholy news to my friends. Retracing my steps, I shut the door and proceeded to reclimb the stairway, but in the act of doing so I paused, for the lantern flashing on the obscure corners revealed to me a second flight of steps leading still downward from this level. Without hesitation and moved by some excitement I abandoned my first intention and plunged down this new well.

The second flight led downward even farther than the first, and must, I reckoned, have brought me under the foundations of the castle. At the bottom I was in a square, damp hole, and before me stretched a tunnel the height of a tall man and very black and miry. The thought of entering upon that mysterious and horrid gallery gave me a momentary pause, but, dissipating my forebodings, I marched forward and was soon buried in the bowels of the earth.

The tunnel was barely six feet in height, and I was obliged to walk with a slight stoop. To add to my discomfort the roof, which was rudely put together of huge stones, was very wet, and water trickled at intervals on my head. Moreover, I was being gradually coated with filth from the sticky nature of the clay through which the gallery was driven and which had, in the course of time, percolated between the stones. But I was now resolved to see the end of the adventure, and so I pushed on, undeterred by the inconveniences and almost oblivious of my fears.

A sense of suffocation accompanied me, but soon that feeling wore off, and I strode along at a sharper pace, lighting my way as well as I could with the lantern and stumbling at intervals over the debris of earth and stone which cumbered the footway. I must have gone some 300 yards in this fashion when I began to find the passage growing lighter. Some time afterward I discovered ahead, but shining as it seemed from a great distance, a point of brightness that grew as I advanced. This was undoubtedly the mouth of the tunnel, and, assured now of reaching some goal and no longer oppressed by the terror of that dismal alley, I increased my pace, moving forward to the light with a cheerful alacrity.

Thus I drew near to the jaws of that exit and came presently from the gallery itself into a wider space of cavern facing the heavens and rained upon by stars. About me the hollow, shadowed and hidden under the thick autumn foliage, was very gently luminous.

I had now to determine my position, and I will confess that I could not make the least guess of my whereabouts. A noise of water ran in my ears, coming from my right hand, and toward this I pushed my way. The trees were close, and the undergrowth of bracken and bushes rendered my advance very gradual, but by degrees I arrived at my point and found, what I had lately begun to suspect, that the sound rose from the little brook, which here descended the face of a steep slope in a pleasant gushing waterfall. A great gout of water, flung from the stones, dashed in my face quite merrily, and, heated with the confinement of the gallery and my long and troublesome passage, I stooped and bathed my face and hands in the running stream. I now began to see where I was. This was a point in the Gwent below the castle where the brook left the park and where the hill fell suddenly away into the valley, clothed with a dense forest and traversed by few save charcoal burners.

I reflected that this was a valuable adit to the castle, and then upon that fell like a blow the second thought—that Hood might have chosen this mode of escape, in which case the gallery was a drawback to us rather than an advantage. And yet it appeared ridiculous to suppose that a fugitive would hunt about to follow the longer and more arduous route of flight. On the whole, I decided that Hood must have fled by the sally port and across the moat. Anyhow, he was gone, and it behooved us to renew our defenses and concert our plans afresh.

As I reached this conclusion in my reverie, with the sound of the waters pleasantly dulling my ears, I seemed to catch sight of a reflection flashing black among the tangled lights of the pool below me. The next moment I was hurled headlong, and when I was awake to my position ten seconds later the blood was drumming in my ears, my temples throbbed with pain, and two men were kneeling on my chest.

"Let him be, Charaxos! Loose his throat, you fool!" said a voice which had a familiar effect upon me. I staggered to a sitting position, the two ruffians holding me, and stared about me.

"Very sorry, sir," said Hood. "Hope they didn't choke you too much, sir. 'Twas a near go."

I gasped, considering him. "I came to bring your supper, Hood," I stammered, and to this day I am glad to think I took the reverse with so much coolness. For it was no mean feat, I can assure you, with the breath out of my body and my wits wandering and my head ringing from an ugly blow.

"Thank you, sir," said Hood, with his usual effrontery. "Thank you kindly, sir, I'm sure."

I could have sworn the man was more of a gentleman than a valet, and he was certainly more of a scoundrel than either. But, having discharged this civility, he turned his back and paid me no further attention, merely issuing an order to his cutthroats. The two dirty Greeks, one of whom was my squinting acquaintance, marched me along without more ado. And if I had considered the possibility of escape the fancy was dispelled by the presence of two more besides Hood himself, which I discovered when we began to move. I said nothing, keeping my eyes wide open and my brain as ready as might be, nor was any word spoken upon either side until we drew up at the Woodman, stopping before which Hood requested me to enter in his most conventionally hospitable manner.

I was much exercised in my mind as to the use these brigands could have for me, but as yet the situation was too novel to allow me consecutive thought. I was led into a large, barnlike building beyond the inn and reached by a flight of wooden steps outside. The room was large and airy and had evidently not been used for a granary these many years. Indeed, it bore the plain marks of recent habitation, and it came across me that maybe this had been the hiding place of the Greek sailors.

Into this cell the Greeks thrust me and, locking the door behind them, disappeared, leaving me to my own reflections. That these were not cheerful I need not assure you. Although I was but partially awakened to my misfortune, I had no difficulty in seeing whither it tended. Hood, as I now perceived, had discovered the secret gallery and had made his escape by that and not by the sally port. But why was he lingering about the entrance to the passage? And how came he in company with his allies? I had not contemplated this problem for five minutes ere the secret of my capture dawned on me and, I will confess, fairly turned my stomach. Through the gallery lay the one road to the treasure, and Hood and I were the only two people in the drama who knew that. My seizure meant, then, that the way was now clear for him and his enterprise. The treasure of the Vyvians was at his mercy.

In these desperate considerations I spun out the better part of an hour, at the end of which time the key creaked suddenly in the door, and Sercombe entered, bearing a heavy lamp. This he set down upon the rude bench table and turned to me, seating himself in a chair and disposing himself with comfort.

"I regret, Mr. Greatorex," said he suavely and pulling at his cigar, with his hat on the back of his head, "I regret that I am somewhat late to my appointment with you. It was to have been 9 o'clock, I fancy."

Now I recalled what, to say the truth, I had completely forgotten in the adventure which I had experienced—that I had myself named such an hour to receive the capitulation of the captain. It maddened me to remember the fact and my triumphant diplomacy of the afternoon in the face of my dismal failure and this bland and sprawling creature. But I was not to take a rebuff with my ears down, and so I spoke up as calmly and as politely as himself.

(Will be continued next Saturday.)

A Baker's Triumph

The Mooney Baker cannot produce anything better than

Mooney's Perfection Cream Sodas

The very best of flour, butter and cream—the most modern plant, the very best baker in Canada. A biscuit superior to any other you have ever tasted. Say "Mooney's" to your grocer.

That pain in the Back is Kidney Trouble

GIN PILLS WILL CURE IT

A strain or severe cold, or a dozen other causes may have started it—but the Kidneys are at the bottom of it. Backache (especially in the "small" of the back) means Kidney Disease. Plasters and liniments give some relief, but they never cure. Lots of people with swollen hands and feet, are treating themselves for rheumatism, when, in fact, their sick kidneys are causing the pain and swelling. GIN PILLS cure that pain in the Back every time, because they cure the Kidneys.

OTTAWA, March 17th, 1905.

I had the honor of being appointed assistant artist to the chief artist of London "Black and White" to accompany him three years ago to China to help him get pictures of the Boxer Uprising. That is a hard country on the kidneys. I came back very much troubled, and have been so ever since. My attention was called to Gin Pills. I have taken two boxes, and can positively say that I have never felt better in my life.

H. MANLEY.

If you have tried plasters, liniments and doctors, save your money and try GIN PILLS, FREE. Write us your name and address, and in what paper you saw this offer, and we will send you a free sample box of GIN PILLS. These famous Pills for Sick Kidneys are sold by all druggists at 50c a box, or 5 boxes for $2.50.

THE BOLE DRUG CO. - WINNIPEG, MAN.

There are Thousands of Run-down Women.

Are You One of Them?

There are thousands of women here, there and everywhere, who are suffering from a run-down condition.

The tendency is, to let matters go, till serious illness or some chronic female weakness results.

Isn't this a foolish thing to do?

Don't do it. Get well. Be your old self again.

Do you ask, how? Do as Miss Clark and Mrs. Thomas did when they got run-down. They took Health Tablets.

Dr. Hugo's Health Tablets Make Healthy Women.

I was suffering from a run-down condition. My doctor gave me some brown tablets. I improved so much in two weeks that I congratulated my physician. He then told me I had been taking Dr. Hugo's Health Tablets.—Flora Clark, Island Pond, Vt.

The benefit secured from one box of Dr. Hugo's Health Tablets has been so great that I am satisfied one box more will effect what you claim for them, and make me again a healthy woman.—Mrs. Jennie Thomas, Dixville, Que.

Notice, too, that there was no waiting for results. Improvement began at once. And it always does. The 72 tablets in 50c box will start you on the road to health.

SINFUL HABITS IN YOUTH

MAKE NERVOUS, WEAK, DISEASED MEN.

THE RESULT of ignorance and folly in youth, overexertion of mind and body induced by lust and exposure are constantly wrecking the lives and future happiness of thousands of promising young men. Some fade and wither at an early age, at the blossom of manhood, while others are forced to drag out a weary, fruitless and melancholy existence. Others reach matrimony but find no solace or comfort there. The victims are found in all stations of life—the farm, the office, the workshop, the pulpit, the trades and the professions. Nervous Debility and Sexual Weakness are guaranteed cured by our New Method Treatment or No Pay. You run no risk 25 years in Detroit. Bank security.

CURED WHEN ALL ELSE FAILED. No cases sent without written consent.

"I am 33 years of age and married. When young I led a gay life. Early indiscretions and later excesses made trouble for me. I became weak and nervous. My kidneys became affected and I feared Bright's Disease. Married life was unsatisfactory and my home unhappy. I tried everything—all failed till I took treatment from Drs. Kennedy & Kergan. Their New Method built me up mentally, physically and sexually. I feel and act like a man in every respect. They treated me six years ago. They are honest, skilful and responsible financially, so why patronize Quacks and Fakirs when you can be cured by reliable doctors."—W. A. Belton.

CURES GUARANTEED OR NO PAY. Consultation Free—Books Free—Question Blank Free for Home Treatment.

Drs. Kennedy & Kergan, 148 Shelby Street, Detroit, Mich.

CARD OF THANKS

PETERBOROUGH, Mar. 20, 1906

Messrs Davis-Thompson Co., Limited
Peterborough, Ontario.

GENTLEMEN,—

I beg to acknowledge receipt to-day of cheque for $130 00 from the "Imperial Guarantee & Accident Insurance Company," in full settlement of my claim during the time I was unable to carry on Evangelistic work, owing to an accident received in a Dentist's chair, which caused ulceration of tooth and swelling of jaw.

I must express my appreciation of, and thanks to your Company, for the exceedingly prompt and satisfactory settlement of this claim, the cheque having been returned by first mail, after completion of claim paper.

Notwithstanding all that is said in the Press about Insurance generally, yet personally, from your treatment in my case, I take pleasure in heartily commending your Company to the Public.

Yours truly,

(Sgd.) H. D. KENNEDY

Educational Contest Lists

Destroyed By Fire

CONTEST EXTENDED TO

July 31st, 1906

Messrs. Armour Limited, Toronto, regret to advise all who have so kindly forwarded lists of names as per the conditions of their Educational Contest, that their building, with its entire contents, was destroyed by fire on the evening of March 19th, and all records of lists they have received, as well as all lists, were destroyed, and we ask that all who had sent in lists previous to this time, mail us duplicates. No metal caps required with duplicate lists. To make up for time lost by the fire, and to give all competitors a fair and equal chance, we have consented to extend the Educational Contest until July 31st, 1906.

We offer $200.00 in gold to those sending in the largest lists of correct words made from the twelve different letters used in spelling the four words

Armour's Extract of Beef

$100.00 in gold will be given as the first prize.

$25.00 in gold will be given as the second prize.

$10.00 in gold will be given as the third prize.

$5.00 in gold will be given to each of the next five.

$2.00 will be given to each of the next twenty.

CONDITIONS

Use only the following 12 letters:—A-E-M-O-U-S-E-X-T-C-F-B. No letter to appear in the same word twice.

Only such words may be used as are found in Webster's International Dictionary.

No proper names, foreign words or names of persons, towns or places are to be used.

Words spelled the same, but having different meanings, may be used but once.

All contestants must attach to their lists a metal cap taken from a jar of "Armour's Extract of Beef." Failure to do this puts the list out of competition.

The names of the winners of these prizes will be determined by judges whom we shall appoint.

Write only on one side of the paper. After making out your list, state the number of words it contains, with your full name and address at the top of each piece of paper and mark on the outside of the envelope "Educational Contest Department," and mail to our address as below.

Armour's Extract of Beef is sold by all druggists and grocers. If yours cannot or will not supply you, a small jar will be mailed you, post paid, on receipt of 25 cents in cash or stamps.

THE CANDIDUM LILY.

HABITS OF THE PLANT WHICH BLOSSOMS FOR EASTER.

Easy of Culture When Once Established and a Wonderful Producer. Directions For Setting the Bulbs and Protecting Young Plants.

[Copyright, 1899, by the Author.]

After the candidum lily is once established it is more easily grown than the common Irish potato. That may seem a strong statement, but still it holds true. The potato needs planting each year, each year it needs cultivating, hoeing, and keeping from the depredations of insect pests, and finally in the fall it needs digging and storing. With the candidum lily at least more than half of this work is not required. In the first place, the bulbs may cost something. If bought of the florist, quite likely the price will be a quarter of a dollar for one large bulb of extra strength. Bulbs of this size and price are suitable for forcing, but it is not forcing for winter blooming of which I wish to speak. I want to urge our farmers' wives to make an outdoor setting of these lilies next fall. Any time now will do, from August until just before it freezes up, but the earlier the better. If one must buy the bulbs, it is not too early to order them, and any reliable florist will send them at the rate of three for 60 cents, or perhaps some might even send more.

What is the candidum lily? It is one of the purest and prettiest white lilies that the sun ever shone upon and is commonly known as the Easter lily, because it is forced in such large quantities for this holy day. It is not every one who makes a success of forcing this lily, but taking it in a section of country not too wet and not too cold it may be grown out of doors in great perfection.

A lady in New York state who has had these lilies growing for years says she does not know what to do with them when in blossom, she has so many of these pure, waxen blooms. One cluster, including buds, numbered over 32.

Now, in regard to cultural points, these lilies want a location that is not wet, well drained, but not so high as to be utterly devoid of moisture at all times, even after a rain. The bulbs should be set deep in the earth—from 8 to 12 inches will be none too deep. Then when the blossom stalks come they will not need supporting, as they would if set nearer the surface. Then, too, if the winter should prove a cold one they would be deep enough not to be injured if properly protected.

In setting the lilies have a hole or trench dug about 15 inches in depth, the length to depend upon the number to be set. In this hole or trench put about three or more inches of sharp sand, as the water will drain away from sand and nothing is more destructive than too much water at the base of these bulbs. Set the bulbs on the sand, cover them over first with sand and then with good garden soil—not heavy and cloddy, but good mellow soil. Press the earth firmly about them, and after all this is done, if nearly time for frost, put a good mulch of leaves or straw or coarse, strawy manure over them, something that the winds will not blow away and something that will afford a blanket to keep out the winter's cold. It is well to have the snow drift over the place in winter time, as this is one of the best of blankets to protect half hardy plants.

When spring comes, lift the mulch and let nature take its course. It may be that the lilies will not bloom much the first year, possibly not at all, but when they have become established, as they will do in time, the flowers will be lovely enough to compensate for waiting.

Candidum lilies do not flourish when disturbed, but do best if left to grow on from year to year in the same place, and if only a few bulbs are set to start with these will increase until a fine clump or mass of them will lift their snowy heads to the kiss of the summer wind.

It is not well to break off the main stalk to make them branch out, for it is upon this central stalk that the flower buds come.

To force the candidum lily for Easter blooming the bulbs should be set in August if possible. A deep pot or pail will be needed, as the bulbs should be set deep down in the earth, or else, when the flower stalk comes, it will not have strength to hold itself up. If this is likely to prove the case with bulbs which have been potted, the pot itself should be reset in a larger, deeper one or in a pail or whatever is convenient and the earth packed about the lily stalks.

The pot in which the bulbs are set should have a goodly amount of broken crockery for drainage, and upon this should be placed a layer of sand, filled up with good soil, then a bed of sand for the lily bulbs, which cover well and firm the earth. The earth should be moist, but not wet nor soggy. Put the potted bulbs away in the dark for some weeks, from six to eight, anyway, and when the green shoots have come up well above the surface of the soil bring to the light and give them a place where they will not freeze. A room adjoining one where a good fire is kept is a good place if the house is warm. A judicious amount of water will be required, but not much other attention.

Sometimes the aphis, or green louse, attacks bulbs which have been forced, and if this pest appears there is nothing quite so destructive to it as the tobacco remedy, either in smoke or used as a wash for the leaves. The cheapest kind of tobacco will do, and it should be steeped until it looks like weak tea. With this spray or wash the infested plants until the aphis is discouraged. It is absolutely effective. Try the candidum lily in the house if you wish, but do try it out of doors.

ROSE SEELYE MILLER.

No Decision Yet.

Ottawa, April 9.—The Cabinet had an all-day meeting Saturday and discussed tenders for the National Transcontinental Railway, but no decision was reported. At least that was the statement made by several Ministers.

A German Victory.

Berlin, April 9.—A despatch from Salaam, German East Africa, says that Col. Hassel has routed the rebellious natives near Lorembo. The rebels lost 196 killed and hundred wounded.

THROUGH THE HEART!

WHEN THE NERVES BECOME A WRECK AND VITALITY RUNS LOW BECAUSE THE HEART FAILS TO DO ITS WORK—THROUGH THE SELFSAME HEART—IF CURE COMES—MUST IT COME

Dr. Agnew's Cure for the Heart

Cures the nerves through the heart. Experience of the highest medical authorities has conclusively proven that the quickest way to cure diseases of the nerves is to fortify the heart with "food" that is natural to it, and that enriches the blood; and it has been proven also, beyond the shadow of a doubt, by this same high medical authority, that Dr. Agnew's Cure for the Heart is the most potent nerve nourisher and heart strengthener that has been "gathered in" from nature's lap to assuage sufferings, stop pain and heal the heartsick; and when you know that with the heart, the main spring, the balance wheel of life, out of order, the future looks out on nothing but darkness and suffering, why postpone applying the remedy? Why delay taking hold of the healing hand that will lift you back to health? Dr. Agnew's Cure for the Heart will relieve any and every form of heart disease in 30 minutes.

Margaret Smith, of Brussels, Ontario, says: "Many a time my suffering was so great that I would have hailed death with a welcome, but four bottles of Dr. Agnew's Cure for the heart wrought a wonderful cure in me."

AT THE CATHEDRAL.

Throng of Easter Worshipers and Impressive Scenes and Music.

TWELVE thousand worshipers assembled in the cathedral at the 11 o'clock services Easter Sunday. When this vast ocean of heads and shoulders moves upward at the "Gloria tibi, Domine," it strikes the onlooker as the awakening to life of a small world of people.

Only by comparison can one form a correct idea of the magnitude of a full cathedral congregation. An army of 12,000 soldiers will make a close line of battle 2¼ miles in length, standing two ranks deep, and a procession of 12,000 people marching in four files will extend along 50 blocks as they average on Broadway and the avenues in New York city.

But the 12,000 souls assembled at the 11 o'clock mass does not represent one-half nor one-quarter of the praise rendering throng who commemorate the rising of our Lord on Easter day within the cathedral's arches. There are eight services especially arranged for this festival, not more than two or three of which are attended by the individual worshiper. Yet at all of them this immense edifice is packed from chancel rail to vestibule. At least 80,000 different persons gather at the combined services; hence, counting those who attend two or more of them, it may be said that praises are offered up to follow the imaginary resurrection of the Saviour from 100,000 throats in this one temple alone. And then the music—the roll of more than 100 organ pipes, the chorals sung by 400 male voices, the solemn yet inspiring chants, the services read by 18 priests, all moving upon and thrilling this devout multitude! When the Credo is taken up by the soloist, accompanied by the harp and violin, one can almost feel the fervor of the confession breathed from every pair of lips. The atmosphere is charged with religious inspiration and the soul seems to soar forth in response to heavenly voices.

There is another cathedral scene typical of Easter, because this festival falls in the season of sunshine and clouds. A passing cloud will cast a dim, uncertain shadow over the assembly through the soft toned windows, then break away, letting a burst of sunshine spread its halo over the worshiping throng. If the congregation be kneeling, streams of sunlight, broken by lofty columns and window arches, rest like golden wings of cherubim and seraphim above the bowed worshipers. If standing, they circle about their reverential faces in the old time saintly fashion. No one who has witnessed it and felt its power can ever forget the soul melting splendor of the suddenly revealed sunlight illumining with varied hues the vast cathedral interior on the occasion of a crowded Easter service.

The culmination of chastened and consecrated reverence is reached at the "Domine, non sum dignus." With bowed heads and throbbing breasts that subdued throng breaths out full confession of subservient adoration.

ROSA O. EICHORN.

PAREPA ROSA'S SONG.

AN EASTER OF UNUSUAL INTEREST IN HER DISTINGUISHED CAREER.

The Grand Notes of Her Matchless Voice, In Its Richness and Pity and Beauty, Rose Triumphantly Over All Earthly Pain and Sorrow.

"Myra, this is perfect rest," exclaimed Parepa. "We shall be quite alone for four hours."

"Yes, four long hours. There will be no rehearsals; nobody else knows where you are."

Parepa laughed merrily at the idea, and well she might. At 11 that day she had sung at one of our large New York churches, and I had insisted upon her going home with me. We were friends in Italy, and so she readily consented. But by noon the sky was overcast and gray. Down came the snow, whitening streets and roofs. We hurried home and sat close to the fire for an afternoon's enjoyment.

There was a sharp rap at the door, and a note was thrust in. It read:

My Dear Friend—Can you come? Annie has gone. She said you would be sure to come to her funeral. She spoke of you to the last. She will be buried at 4.

"Oh, dear! I must go," said I, "but you sit by the fire and rest. I'll be at home in two hours. And so, poor Annie has gone!"

"Tell me about it, Myra," said Parepa, "for I am going with you;" and, after I had told the story she threw on her heavy cloak, wound her long, white woolen scarf about her throat, drew on her gloves, and we set out together in the wild Easter storm.

The driving storm made us late, and we found the hardworking friends sitting stiffly against the walls.

A minister came, brought as a mere matter of formality by the undertaker. Icier than the pitiless storm without, colder than the grave, were his words. He read a few verses from the Bible, warned the bereaved mother "against rebellion at the divine decrees," made a brief prayer and was gone.

The undertaker looked at the great singer and me, as if to say, "It's time to go."

Without a word Parepa rose and walked to the head of the coffin. She laid her white scarf on an empty chair, threw her cloak back from her shoulders, where it fell in long, soft black lines from her noble figure, like the drapery of mourning. She laid her soft, fair hand on the cold forehead, passed it tenderly over the wasted, delicate face, looked down at the dead girl a moment, removed some Easter lilies she had brought from the stained box to the thin fingers and, with illumined eyes sang the glorious melody:

Angels, ever bright and fair,
Take, oh, take her to thy care!

Her voice rose and fell in all its richness and power and beauty and pity. She looked above the dingy room and the tired faces of men and women, the hard hands and the struggling hearts. She threw back her head and sang till the choirs of paradise must have paused to listen to the Easter music of that day.

She passed her hands caressingly over the girl's soft, dark hair and sang on and on:

Take, oh, take her to thy care!

The mother's face grew rapt and white. Suddenly she threw my hand off and knelt at Parepa's feet, close to the wooden trestles. She locked her fingers together, tears and sobs breaking forth. She prayed aloud that God would bless the angel singing for Annie. I led her back to her seat as the last grand notes of Parepa's voice rose triumphant over all earthly pain and sorrow.

I thought that no queen ever went to her grave with greater ceremony than this young daughter of poverty and toil, committed to the care of the angels.

That night thousands listened to Parepa's matchless voice. Applause rose to the skies, and her own face was gloriously swept with emotion. I joined in the enthusiasm, but above the glitter and the shimmering of jewels and dress and the heavy odors of Easter flowers, the sea of smiling faces and the murmur of voices above, the sleet on the roof and the roar of the storm outside I could hear Parepa's voice singing up to heaven, "Take, oh, take her to thy care!"—New York Mail and Express.

A Formal Demand.

London, April 12.—The Daily Telegraph's correspondent at Tokio telegraphs that Japan has formally demanded that China open Mukden and Antung Province next month to foreign trade.

Railwaymen Feel Effects.

Meadville, Pa., April 12.—All departments of the Erie Railroad shops here were put on half-time yesterday on account of the coal strike.

Field Marshal Oyama Retires.

Tokio, April 9.—Field Marshal Oyama, chief of the general staff is retiring at his own request, and General Baron Kodama, Governor-General of the Island of Formosa, will be appointed chief of the general staff. Lieutenant General Sakuma will succeed General Kodama as Governor-General of Formosa.

The Red Rose Flavor and Strength

NO Ceylon tea nor Indian tea alone can have the "rich fruity flavor" of Red Rose Tea, because neither variety in itself possesses all the qualities of strength, richness, delicacy, and fragrance.

Each has its own peculiar qualities, but each has its weaknesses.

By combining the two in the Red Rose proportions, I produce a tea with the "rich fruity flavor" and strength of Red Rose Tea, a flavor and strength found in no brand of Ceylon alone.

Red Rose Tea is good Tea

Cheap Power Is Wanted By Municipalities

Emphatic Request Made to Hon. Mr. Whitney.

BY A MONSTER DELEGATION

Principal Place in Western Ontario Represented—Premier Replies That He Will Not Go Back on His Policy In Opposition—Resolution Asking For Appointment of a Government Commission Carried.

Toronto, April 12.—Fifteen hundred delegates, a crowd that filled Queen street for three blocks, marched on the City Hall and Parliament Building yesterday morning.

"Cheap Power" was their watchword. Five special trains brought them to the Union Station. The trains were decorated with streamers and bunting, and each delegate wore a badge indicating what town he represented.

Mr. G. H. Clark, chairman of the Fire, Light and Water Department of Orillia, who was a member of the power deputation, yesterday morning, in a letter to the mayor said: "Orillia has solved this problem for itself, and demonstrated the fact that they can sell power at $16 per horse-power, 24 hours' service, and make a profit."

Where They Were From.

Beside Mayor Coatsworth and prominent controllers and aldermen of the City of Toronto, cities and townships were represented by the following gentlemen and others from the various bodies and places appended:

Guelph, Mayor Sleeman; Woodstock, Mayor Butler; Stratford, Mayor W. J. Ferguson; Berlin, Mayor Bricker; Galt, Mayor A. Thompson; Paris, Mayor Patterson; Bolton, Reeve McFall; London, Mayor Judd; Norwich, Councillor Avey; Embro, D. R. Ross; Collingwood, Mayor Wilson; New Hamburg, Reeve Bigger; Elora, Reeve Clark; St. Catharines, Mayor Riddell; Simcoe, Mayor Gunton; Brantford, Mayor Waterous; Mitchell, Mayor W. R. Davis; Windsor, Mayor Wigle; Lucan, Reeve Hawkshaw; Weston, Reeve Bull; Orillia, Councillor Clark; Richmond Hill, Reeve Crorley; Barrie, Mayor Ross; Cayuga, Reeve McClury; Waterloo, A. Woldenhamer; Eglinton, Mayor Fisher; Sarnia, Mayor Barr; Newmarket, Mayor Roadhouse; Dunnville, Mr. Haynes; King, Reeve Legge; Oshawa, Mayor Fowke; St. Thomas, Mayor Lawrence; Acton, Reeve Swalkhamma; Glen Morris, S. C. Kitchen; Guelph Township Reeve Wright; Ayr, O. T. Falls; Grimsby, Reeve Nelles; Oakville, Mayor Kelly; Islington, Reeve Shaver; Southampton, Mayor Belcher; Drumbo, Chas. A. Munn; South Dumfries, Reeve Kitchen; Aurora, Mayor Daville; King Township, Councillor Norman; Oxford County, M T. Buchanan; Millbrook, Councillor Needhan; Preston, Mayor Clare; Pickering, Reeve Todd; St. Mary's, Mayor Meenie; Seaforth, Councillor Gregg; Ingersoll, Dr. Coleridge; West Oxford, Frank Folden; Waterloo County, Warden Cherry; Waterloo Township, Reeve Reist; Toronto Junction, Mayor Smith; Streetsville, C. H. Falconer; Tillsonburg, Mayor Hogarth; Kingston, Ald. Rigney; Hespeler, Ald. Jardine; Fergus, Reeve Moffat; Toronto Board of Trade, R. C. Steele, president; Manufacturers' Association, P. H. Burton; Beamsville, Reeve Davis; Thedford, Councillor Woodhall; Durham Township, Reeve Scott; Dufferin County, Reeve Ewing; Wilmott Township, Reeve Zeller; Acton Board of Trade, Secretary Goodeve; Vaughan Township, Reeve Boyle; Petrolea, J. A. Jackson; Forest, James Prout; Mount Forest Senator McMullen; District Trades and Labor Council, R. Hungerford; Builders' Exchange, Geo. Duthie; Retail Merchants' Association, E. M. Trowern; Strathroy, Mayor Fillinspee.

The Delegates' Resolution.

Prior to going to the Parliament buildings, the delegates assembled at the City Hall, where the following resolution of Mayor Judd of London and Mayor Ferguson, Stratford, was unanimously adopted:

"Resolved, whereas cheap and widely-distributed electric power will be of great benefit to the Province of Ontario, and the manufacturer, artisan and farmer will each benefit for such cheap power;

"And whereas electric power from coal will always be expensive, and the province is blessed with many water-powers from which electric power can be and is being obtained, the development of which have, to the present, been made chiefly by private companies;

"And whereas private companies will and do sell power at as high a rate as possible, with prices based on coal as a source of power;

"Resolved: that the municipalities now present and represented in the City Hall, Toronto, having an urban and rural population of over 1,000,000, respectfully urge upon the Governor-in-Council of the Province of Ontario the necessity of safeguarding the people's interests by originating as a Government measure, legislation enabling the Governor-in-Council to appoint a permanent provincial commission, with power to take, where considered by it advisable, the following action:

"The construction, purchase or expropriation of works for the generation, transmission and distribution of electric power, heat or light, arrange with any existing development company or companies for the acquisition or purchase by or from such company or companies of power at a reasonable price so as to be transmitted and sold by the Government to municipalities or others.

"Also to vest in it the powers necessary to enable it to regulate prices at which electricity shall be sold to all and every consumer, whether municipal, corporate or private."

History-Making Picture.

After the proceedings in the Council chamber were concluded the deputation assembled on the front steps of the City Hall, and had their photographs taken, after which they formed in procession, four abreast, and took their departure for the Parliament buildings at 11.40 a. m. The procession, which was headed by the Mayor and City Council and mayors and reeves of outside places, reached for three blocks along Queen street.

The Toronto Board of Trade, Manufacturers' Association, Builders' Exchange, Retail Merchants' Association, and Federated Council of Building Trades sent delegations to join with the Mayor and City Council as the Toronto deputation.

At the Parliament Buildings.

Preparations had been made for the reception of the big deputation on the steps of the main entrance of the Legislative Chamber. Tables had been placed on the landing and the deputation spread itself over the steps, along the corridors and over the railings of the floors above. In one solid jam were aldermen, reeves, mayors, members of Parliament, Senators and other representatives of the people. Hon. Adam Beck extended an invitation to the deputation to go into the place where they make Ontario's laws, where the Premier and the Cabinet would hear them. There was a rush for the door and a jam at once occurred at the entrance

The Cabinet in Force.

Amongst the members of the Cabinet present, besides the Premier, were Hon J. J. Foy, Hon. Col. Matheson, Hon. Dr Pyne, Hon. Dr. Reaume, Hon. Col. Hendrie, Hon. Mr. Hanna, Hon. Mr. Monteith, Hon. Mr. Cochrane and Hon. Dr Willoughby. Hon. Adam Beck stood by the side of the Premier all the time.

The Deputation's Demands.

Mayor Coatsworth briefly introduced the deputation, which he said was representative of nearly all the municipalities of Ontario within a radius of 150 miles of Niagara Falls. They desired that the Government should take hold and develop and transmit the power of Niagara Falls, so that the municipalities could run their own power at an average rate of $20 per horse-power. Mayor Coatsforth read the resolution of endorsation passed by the United Municipalities and added that immediate action was desired.

Mayor Coatsworth was followed by a small army of speakers, all of whom gave unswerving support to the municipal power commission's report. There was not one dissentient voice. Among these were Mayor Judd of London Senator McMullen of Mount Forest Mayor Sleeman of Guelph, Mayor Bart of Sarnia, Dr. Coleridge of Ingersoll, Mayor Thompson of Galt, Mayor Fowke of Oshawa, County Councillor Buchanan of Oxford, Fire and Light Chairman Thompson of Orillia, President of Guelph Board of Trade G. B. Ryan Mayor Belcher of Southampton, Reeve Wright of Guelph Township, Mayor Wayne of Dunnville, Mayor Butler of Woodstock, Mayor Ferguson of Stratford, James Simpson for Toronto labor organizations, President Woodstock Board of Trade John White, Mayor Lawrence of St. Thomas and Mayor Gunton of Simcoe.

Premier Whitney's Reply.

Received on rising with loud cheering, Premier Whitney began his speech by remarking that the prevailing sentiment he had noticed at this great gathering was that cheap power was very dear to their hearts. This prevailing sentiment represented, as he knew full well, a large proportion of that very desirable people, the people of the Province of Ontario. His colleagues and himself joined in thanking them very heartily for coming there in such large numbers, which, of itself, meant a tribute. They also thanked them because the Government of Ontario was composed of individuals, who, in their individual capacity, as well as in their collective capacity, were always in a receptive mood when the wants and interests of the people were concerned. They believed that the Government under our constitutional system was a sort of conduit pipe by which the desires and wishes of the people went forth and became known to the public, and were crystalized into methods of action. Hence they believed that it was the definite duty of the Government of the day, from the highest, and perhaps from the lower, motives, to be always on the look-out for manifestation of public opinion. In doing that they would best serve the interests of the country, actuated not only by the belief that it was their duty to do so, but also by the lower motive that the great majority of the people were right.

Difficulties to Overcome.

"Those reasons," Mr. Whitney proceeded, "make it delightful for my colleagues and myself to welcome you, gentlemen, here to-day. The subject you have in such high regard is surrounded with difficulties, but even they may be overcome. Somebody has said with a lot of concentrated wisdom that difficulties exist for the purpose of being surmounted.

"You may rely upon it that the Government will not be frightened by any difficulties which may seem to cross the path which, in their deficient wisdom, they may be obliged to follow.

"It would not be wise for me to take up your time in dilating on the details, going to show the immense importance of this wonderful question to the coming generations. It is to our Government to see that they do not lag behind the footsteps of the idea which the circumstances have changed at the present day.

"Whenever the Government shall feel that it is not within their power to deal properly with a question like this, it will be the duty of that Government to acknowledge quickly the impossibility which they find surrounding its power of carrying out the people's wishes, and to let other good and strong men take their places.

"His Sin Finds Him Out."

"We have heard biblical references to-day, and I may use one, which, if not distinctly biblical, has a distinct relationship to lots of things, even in biblical matters. It has often been expressed of individuals, and of groups of people, that in some instances their sin has found them out.

"Now, sir, my sin has found me out, and I am proud and glad, both as an individual, and as one occupying the position I do, that I am enabled to stand before an audience like this, not in humiliation, but with satisfaction and pride, with the knowledge that my sin has found me out. A distinguished member of the Legislature a few years ago put on the journals a resolution (which was voted down) a measure proposing to deal in a wise way with this magnificent question, regard it how you will, and I well recall the part which that hon. gentleman, and few with him, took in their earnest desire to anticipate and serve the interests of the people of Ontario. In regard to this great power question, I find here that in the Legislature I used these words, and recollect that that was before the days of deputations on this question:

"'Our position is that the Government should take up this question, consult experts upon it, decide whether or not the better plan would be for the Government to establish a plant at Niagara Falls and furnish electrical power to all the municipalities within 150 miles at cost, or whether the best plan would be to appoint commissioners and provide for a union of municipalities, but, whether one way or the other, it ought to be done, and in my opinion the Government which fails to take this matter up as a Government question, and deal with it from a Government standpoint, will be criminally negligent, and will be so considered and adjudicated upon by the people of Ontario. I have no hesitation in saying that the Government of this province should do what Mr. Miscampbell says—the Government should either produce the power itself or control the producers of it, so that the municipalities would receive it at cost or a very slight advance over cost.'

Humble Yet Satisfied.

"It is with proper humility and satisfaction, not often given to public men, that I find that the great majority of the people of this province are rallying round this very idea, expressed in practically the same words introduced several years before by myself.

"If what I have read here was wisdom when it was uttered, it is wisdom to-day. The circumstances and the various developments have changed, but I see very little, indeed nothing, to lead me to alter what I said, although there may be something which I desire to add. Naturally difficulties will be found in the way. We do not know what complications may arise between Great Britain and the United States, and the Dominion and the States, concerning the Falls. But the Government of Ontario will be day and night upon the watch in order to see that the interests of the people of this province are not sacrificed in reference to this question. There is a large section of the Province of Ontario outside the immediate influence of Niagara Falls, and we cannot forget these other sections. This question must not be dealt with from a geographical point of view."

Hydro Commission Report.

Mr. Whitney went on to announce that the report of the hydro commission would be laid upon the table that afternoon, and that would enable them to take up that portion of that subject as soon as they had the opportunity. It was hoped that the report dealing with the eastern district would shortly be to hand. What they would have to consider would be how, in the wisest, most reasonable and least expensive manner they could procure power for the people of this province. It would be their duty to compare methods, selecting that one which may seem to have the best application towards the realization of the object they had in view.

"We will have to consider," said the Premier, "whether it will be our duty to invest from $15,000,000 to $25,000,000 in expropriation, and that cannot and ought not to be done without careful investigation of the probable results. This is the manner in which this question must be approached, and this is the manner in which all the gentlemen listening to me desire that this question shall be approached. Having shown that despite the years that have gone on the position is to-day exactly as it was, I repeat that we have seen no reason to recede from that position.

Day of White Coal Coming.

"We are ready to believe that as soon as we get through with our educational legislation, we should consider by what methods this great power question can be settled, so that the people of Ontario can receive those rights to which they are entitled by the situation, and which will do away with the expenditure of from seventeen to twenty-five millions of dollars for coal from the United States, and which will also enable the workingmen to breath God's fresh air, free from the smoke nuisance. It is certainly the duty of the Government to step warily, so that the interests of the province may not be forfeited or injured in any way, and so that no mistakes may be made. Let our friends go away saturated with the idea that the Government of Ontario claims no patent. They are simply ordinary mortal men whom the people, in consequence of their own wishes, have given for a certain time power to act. We look to the generous forbearance of the people of the province."

Prolonged applause ensued at the close of the Premier's speech, and with Mayor Coatsworth's thanks to Mr. Whitney for receiving the deputation, the proceedings ended.

All Ready For Baby,

The young mother thinks, when she has completed the baby garments that are to clothe the little form. But she is not all ready for baby's coming, unless she has done something more for the baby than merely to prepare his clothes. Many a young mother who goes through hours of pain and suffering wonders why it was not possible to prepare in some way for the baby's advent, and to avoid the agony that seemed almost unendurable. Dr. Pierce's Favorite Prescription is the one medicine for women which prepares them perfectly, both for the burdens and pleasures of maternity. It prevents the morning sickness from which so many women suffer. It strengthens the whole body, so that there is no nervousness nor anxiety. It promotes a healthy appetite and causes refreshing sleep. It gives the mother strength for her trial and makes the baby's advent practically painless. Healthy mothers have healthy children, and it is the general testimony of those who have used Dr. Pierce's Favorite Prescription as a preparative for motherhood, that the children were healthier and happier than those born after months of mental misery and physical anguish on the part of the prospective mother.

Sick and ailing women are invited to consult Dr. Pierce by letter absolutely without fee or charge. As chief consulting physician to the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., Dr. R. V. Pierce, assisted by his staff of nearly a score of physicians, has in the past thirty years and over treated and cured more than half a million sick and suffering women. The testimonials of these cured women are on record. A large number of them were cured when doctors had pronounced a cure impossible and after enduring years of useless suffering.

Let no sick women hesitate to take advantage of Dr. Pierce's offer, but write at once and so secure the professional counsel of a specialist in the diseases of women, entirely *free*. All correspondence strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

Hoped for Death.

"For the sake of poor suffering women, I feel it my duty to inform you of the great benefit your medicine has given me," writes Mrs. Callie Bowles, of Watts, Iredell Co., N. C. "I was in a most miserable condition when I wrote to you. I had uterine disease so bad I could scarcely walk and suffered such dreadful misery I hoped to be relieved by death. You wrote to me to take your 'Favorite Prescription' and I have taken eleven bottles of it, and two of your 'Pleasant Pellets.' I am entirely well and feel like a new woman. I feel thankful to God and to Dr. Pierce for the blessings I now enjoy. I have a fine big boy, two months old and never got along so well in my life. I can't praise your medicines enough."

Very Thankful.

"I will be very glad to say a few words for Dr. Pierce's Favorite Prescription," writes Mrs. F. A. Douglas, of Manneville, Brome Co., Quebec. "During the first four months when I looked forward to becoming a mother I suffered very much from nausea and vomiting and I felt so terrible sick I could scarcely eat or drink anything. I hated all kinds of food. At this time I wrote to Dr. Pierce and he told me to get his 'Favorite Prescription' and a bottle of 'Golden Medical Discovery.' I got a bottle of each and when I had taken them a few days, I felt much better, and when I had taken hardly three parts of each bottle I felt well and could eat as well as any one, and could do my work without any trouble, (I could not do any thing before). I feel very thankful to Dr. Pierce for his medicine and I tell all who tell me they are sick to get these medicines or write to Dr. Pierce."

Dr. Pierce's Medical Adviser, sent free on receipt of stamps to pay expense of customs and mailing only. Send 31 one-cent stamps for book in paper cover, or 50 stamps in cloth binding.

DOMINION PARLIAMENT.

Wednesday Devoted to Private Bills and a Few Questions.

Ottawa, April 12.—The afternoon in the House was devoted to private bills and the House adjourned at 4 o'clock.

In answer to Mr. Worthington, the Minister of Militia stated that the entire cost for the first and second Canadian contingents to South Africa had been paid by the Dominion Government, and that it aggregated $1,175,000.

Mr. Blain was informed that American silver had been collected by the banks for the Government to the extent of $93,768.

Insurance Bills Pass.

Albany, N. Y., April 11.—The Senate yesterday passed unanimously and without debate, two of the insurance bills, which had not been amended. One amends the general corporation law as to acquisition of real property by life insurance companies; the other amends the penal code so as to prohibit the giving of rebates in life insurance business.

FAVORITE EASTER SALADS.

What Fashion Is Prescribing For Spring Luncheons.

Salads that are new and wonderful in their combinations are to be the gastronomic fad of this Eastertide. Nearly every popular hostess in New York is endeavoring to devise for her Sunday night suppers, luncheons and "high teas" some one dish that will be hailed with acclaim as delicious and original.

It is the fruit salad that is the latest and has most strongly taken the fancy of epicures. Apple salad, orange salad and grape fruit salad are the favorites. Apple salad is a curious dish. Large, round, red apples are selected, care being taken to choose those without flaws. The top of each is cut off and the apple's inside scraped out with a sharp knife. The "shell," thin as possible, is set aside. The scooped out inside is cut into small pieces, mixed with celery, likewise cut up, and the whole dressed with mayonnaise. Into the "shell," set on lettuce leaves upon an "individual" plate, the composition is now put, a little dressing being spread over the top and four or five Spanish peppers added. Each guest has one of these apples set before him.

Much the same general plan is followed in the making of orange salad. The salad itself is, of course, of a very different mixture, but the orange is scooped out as is the apple, its top first being cut off. What is taken from the orange is cut up fine, and to it are added well chopped bits of bananas, seedless raisins and brandied cherries. A very little lemon juice is poured in as these ingredients are being mixed together, and rum and sugar are poured over the mixture just before it is put into the orange "shell." The cut off top is cut into thin slices, and these are curled over the top of the now filled up orange, with a red cherry set in the center.

Grape fruit salad is of two sorts. In both cases the grape fruit is scooped out, the only difference being in the way the inside is treated. In one it is mixed thoroughly with oil and vinegar and then put back where it came from. In the other the fruit, after it is taken out, is cut exactly as it grows—in pieces like the eighths of an orange—the pulp is thrown away and what is retained is mixed with sugar and sherry. This, eaten with a spoon from the "shell" is an exceedingly delicious salad and will be much in vogue for Easter luncheons.—Selected.

The only nourishment that bread affords is that which the flour contains.

Bread baking is merely putting flour in appetising form.

Flour making is merely putting the nutritious part of wheat in shape for bread making.

Good milling is the kind that takes from the wheat all that is nutritious, nothing else.

Royal Household Flour

is made from carefully selected Manitoba Hard spring wheat.

Every pound is almost a pound of food; clean, white, pure and nutritious.

It goes farther, does better baking and is more satisfactory in every way than any other flour.

Your grocer knows he cannot keep store so well without Ogilvie's Royal Household.

Ogilvie Flour Mills Co., Limited, MONTREAL.

"Ogilvie's Book for a Cook," contains 130 pages of excellent recipes, some never before published. Your grocer can tell you how to get it FREE.

Note This, Bakers

Housekeepers who appreciate Good Flour will soon realise that

ROYAL HOUSEHOLD FLOUR

is the delight of baking day. It invariably gives delicious results, making good bread and light, wholesome cake.

An Enjoyable Evening Spent

"Old Time Social" Given at Gilmour Memorial Church.

Special to The Examiner.

Fowlers' Corners, April 10th.—The young ladies' class of the Gilmour Memorial Baptist church Sunday school held a very successful old-time social in the Sunday school apartments on the evening of April 6th, under the management of their leader, Mrs. Fred Scott, who spared neither time nor trouble in the preparation or carrying out of every detail.

The assembly room was suitably decorated in quaint style. At the front of the room an old time fireplace was arranged, and on the mantel above was all kinds of ancient articles, among which were several brass candlesticks with candles. Each window was draped in the old time lambrequin style. Strings of popcorn, dried apples, bunches of corn, etc., hung about the walls and from the pillars. Old fashioned chairs, rockers, spanning wheels, swifts, cradle rugs, etc., were on exhibition.

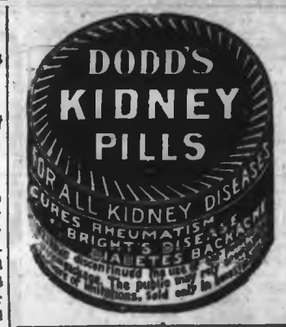
The darkness was dispelled by the old time tallow candles, which necessitated the use of the almost forgotten snuffers.

But perhaps that which caused the greatest amusement was antique costumes worn by the young ladies class and by those who took part in the programme. They looked very much like the old time persons whose names they assumed for the evening. Some of the dresses worn had been wedding dresses 50 years ago. Games or by-gone days formed the first part of the evening's amusement and about 8.30 o'clock the old-time "synge" began.

The programme was as follows:
1. A Good Olde Place, by two ,No Sir. Queene Anne and Jedekiah Hoop-l dup.
2. Speaking piece... ...Oliver Twist
3. Tune on organ, Guitar and Mouth-organ... ...Vanity Furbelow, Josiah Blowhard.
4. Thoughts of Olde Tymes..... Mr. G. W. Mann
5. Speaking piece...Harriet Beecher Stowe
6. Songe... ... ...Alice Carey
7. Spelling Bige Words, led by Penelope Penfeather. Captains Priscilla and Vanity Furbelow.
8. An Olde Tyme Picture Day..... Several young people and a goode olde souge by Queen Anne.
9. Speaking Piece... ... ... Phoebe Carey
10. Songe... ...Mehitable Sweetsinger
11. Scotch reading... ...Mr. W. Graham
12. Spinning scene... ... ...Mrs. Paul
13. Speaking piece ...Dorothy Standish
14. Indian story... ... ...Grandmother
15. A Goode Olde Singe...Queen Anne
16. Olde Tyme Remarks ..... Pastor
17. Tune on organ and auto.....Vanity Furbelow and Josiah Blowhard.
18. Songe... ... ...Alice Carey

Alle ye menne and womenne joined in ye next parte of ye programme and did heartily partake of ye olde tyme fare served by the younge menne and maydennes. The big synge was ended by all joining in the synging of Auide Lange Syne.

Although things were of so ancient a character this year it is hoped that they will "catchup" before long!—Com.



The Lakefield Ratepayers Defeat Purchase By-law

Proposal to Buy Electric Light Plant is Voted Down—Majority Against, 12—Monthly Council Meeting—School Board Met—Messrs. E. A. Tanner and Brother to Erect New Store—Business Expansion—Other Interesting Lakefield News.

Special to The Examiner

Lakefield, April 10th.—Regular monthly meeting of the council was held in the town hall last night.

Present, Reeve Moore in chair and Councillors Burgess, Carter, and Duff.

The minutes of previous meeting were read and confirmed.

The Finance Committee presented the following report:—

To the Reeve and Council of the Village of Lakefield:

Gentlemen,—We, your Finance Committee having examined the following accounts and finding them correct, recommend payment of same.

Lakefield Light and Power Co.. ...	$44 47
Times Printing Co.	3 00
News Printing Co.	16 75
Village Clerk, Election Expenses	17 00
Roland Carter, account	15 00
Wm. Sage, gravel	24 30
Jas. Pimmet, gravel	9 90
Chas. Graham, gravel	47 00
Roland Fairbairn, stone	10 00
Sidney Fairbairn stone	2 00
O. A. Langley account	31 67
H. G. Fitzgerald account	14 88
Wm. Dodge account postage...	1 00
Delegates expenses to Ottawa...	24 00

All of which is respectfully submitted.

ROBERT DUFF,
Chairman Pro tem Finance Committee.

Moved by Councillor Duff and seconded by Councillor Burgess that the report of the Finance Committee be received and adopted.—Carried.

It was moved by Councillor Burgess, seconded by Councillor Carter, that the request of the Lakefield Portland Cement Company, asking the council to close that portion of Dublin street lying between Concession street and to the Westerly limit of the Cement Company's property be granted and that the clerk be authorized to publish the notices at the expense of the Lakefield Cement Company and Cement Company to agree to indemnify and save harmless this village any loss costs or charges which they may be at or put to by reason of the closing of the part of the said street.—Carried.

Moved by Councillor Burgess, seconded by Councillor Carter, that the communication of John Robinson, of Niagara Falls and W. A. Littlejohn, of Toronto, be received.—Carried.

Electric Light By-Law Lost.

Clerk's report of the vote taken on April 4th was received and was as follows:—

To the Reeve and Council of the Village of Lakefield:—

Gentlemen,—I hereby report the result of vote taken re electric light purchase by-law on Wednesday, 4th April, 1906. At the summing up the result was found to be:—

For the By-law ... ... 39 votes.
Against the By-law ... ... 51 votes.

I therefore, at the day, place and hour appointed after the summing up, declare that the by-law was defeated by 12 votes.

All of which is respectfully submitted.

Moved by Councillor Rogers and seconded by Councillor Carter, that above report be received.—Carried.

Moved by Councillor Carter, seconded by Councillor Burgess, that the request of Mr. W. M. Graham, re use of hall for concert and practise be granted.—Carried.

Tenders for street watering for 1906 were received from Messrs. Northey, Hendren and Curtain.

Moved by Councillor Burgess, seconded by Councillor Carter, that the tender of Jas. Curtain to water street from bridge to the G. T. R. crossing at thirty dollars per month, be received and accepted.—Carried.

Moved by Councillor Burgess and seconded by Councillor Carter, that the clerk be authorized to forward a suitable resolution to the members of Parliament as per request of the Lord's Day Alliance of Canada.—Carried.

Stop Rifle Shooting.

Moved by Councillor Duff, seconded by Councillor Carter, that the village constable be instructed to strictly enforce the by-law regarding rifle shooting and that all offenders be severely dealt with.—Carried.

The Council then adjourned

School Board Met.

A regular monthly meeting of the Lakefield School Board was held in the town hall on Friday evening, April 6th.

Present, Mr Geo. Payne, in chair and Trustees Tanner, Clifford, and Dench.

The minutes of three previous meetings were read and approved.

The following accounts were passed for payment:—

Mail and Empire, advertising ...	$ 1 73
The Globe, advertising	1 65
Josiah Bullock, wood	66 63
W. H. Casement, telegram	25
The Steinberger Hendry Co., slate	16 99
C. L. Bickell, account	5 15
Spence & Son, account	90

The Inspector's report was read and on motion was received to be brought up for consideration at the next regular meeting.

The Board then adjourned.

Off to the West.

Mr. Jas. Sanderson left Monday for Davidson, Alberta, where he will join his son Walter, and together they will view the country with the intention of buying a farm where they will make their home.

Mr. Walter Strickland, of Toronto, is the guest of his daughter, Mrs. E. R. Tate.

Mr. J. C. Grylls has returned from Cuba, where he enjoyed the winter months. Mr. Grylls is much taken up with Cuba and intends returning in the fall to the land of sunshine.

Pretty Wedding.

A happy event took place at the residence of Mrs. Peter Baptie, Regent street on Wednesday evening last when her daughter, Miss Maud, was united in the holy bonds of matrimony, to Mr. Hugh Sutton. Rev. Mr. Campbell performed the ceremony. The contracting parties are well and favourably known in the village and have the good wishes of a host of friends.

Dr. M. Limbert, of Cambrook, has located in Lakefield, and has taken an office on Regent street. Dr. Limbert is a son of Rev. Mr. Limbert, who held charge of the Methodist Church here some years ago; and no doubt will enjoy a fair share of patronage in his profession.

Mr. A. S. Butchart has returned from his trip to Hudson, N. Y.

Miss Margaret Cox, of Peterborough, was in the village this week visiting friends.

Mr. Johns, of Cleveland, Ohio, was the guest of Miss Tanner on Tuesday, April 10th.

Ground has been broken and work begun for the erection of a new store for Messrs. E. A. Tanner & Bros.

Healthy Blood Best Germicide

YOU CAN PREVENT AS WELL AS CURE DISEASE BY KEEPING THE BLOOD PURE AND RICH WITH

Dr. Chase's Nerve Food

"Healthy blood is the most powerful germicide extant," said Sir William Collins recently, in a lecture on "The Man vs. The Microbe."

This well-known authority proceeds to show how much more successfully disease can be combatted by keeping the blood pure and rich than by inoculating into the system one set of poisonous germs to fight the other germs of disease.

And this is what we have been claiming for Dr. Chase's Nerve Food, and what we have been backing up by the testimony of worthy people in all parts of the country.

Dr. Chase's Nerve Food prevents disease as well as cures it because it contains in condensed form the very ingredients which go to form new, rich blood and nerve force.

Especially at this time of year when the system has become run down and the blood weakened the majority of people find it necessary to use some treatment in order to enrich and purify the blood and increase the vigour of the body.

Neglect to assist Nature at this trying time means that you leave yourself liable to attack by all sorts of disease germs. It also means that, instead of accomplishing your work with pleasure and success and enjoying life, you drag yourself about, feel miserable, and by your irritability bring unhappiness to all associated with you.

Some of the most common indications of a run-down system are headaches, sleeplessness, indigestion and a general lack of energy and vitality.

No treatment we know of so thoroughly overcomes these symptoms as Dr. Chase's Nerve Food, and you can prove its remarkable blood-forming, tissue-building qualities by noting your increase in weight while using it.

If you would feel strong and well and avoid all the ills and weakness so common at this season, enrich your blood and revitalize your nerves by the use of Dr. Chase's Nerve Food. 50 cents a box, 6 boxes for $2.50, at all dealers, or Edmanson, Bates & Co., Toronto.

Not Just as Good

When you go to your druggist to buy "Ozone" ask and demand "Solution of Ozone, the coupon kind". This will give you a twenty-five cent package of "Celery King". It will give you the best preparation of "Ozone" in the world and it gives you about twice as much for your money as other brands, sixteen ounces for fifty cents, over twice that much for a dollar and a package of the well known remedy "Celery King" free.

We put 'Celery King" coupons on our "Ozone" because the people know "Celery King", because it gives better results with "Celery King" and because no other firm can give "Celery King" with "Ozone". It cures, that's the reason we give you a package free and that's the reason you should never buy any other kind.

Ask for "Solution of Ozone, the coupon kind". Fifty cents and one dollar at your drug store and don't take any other kind, because if you do you won't get a package of "Celery King".

LA GRIPPE

This distressing and unfortunately very common malady easily takes rank among the very "meanest" of the diseases to which people living in this climate are liable.

La Grippe is no respector of persons; it attacks the young and the old, the rich and the poor with the utmost impartiality.

Except in the cases where Pneumonia develops, La Grippe is seldom directly fatal; the real danger lies in the after effects. Even when the patient has fairly well recovered from an attack (and it is very hard to tell just when he has fully recovered) the muscles are relaxed, the nerves unstrung, the heart and lungs weak, the throat and bronchial tubes irritable and tender and the whole system depressed, run-down and in no condition to resist the attack of any other disease to which it may be exposed.

This condition is fraught with danger and demands instant and intelligent attention, the system must be built up and restored to a normal and healthy condition—advice easy to give, often very hard to follow.

The appetite is liable to be poor and the digestion impaired so that it is almost impossible to consume and digest sufficient ordinary food to do the work quickly and effectively. What is required is a concentrated food, palatable, easy to digest and containing the elements necessary to repair the waste which La Grippe has committed.

Just such a food is found in

FERROL

a scientifically prepared emulsion of Cod Liver Oil, Iron and Phosphorus, palatable, digestible and effective. **FERROL** contains just what the run down system needs and all it requires. Cod Liver Oil to restore the lost flesh and make what is left firm and healthy, Iron to enrich the impoverished blood and restore elasticity and firmness to the relaxed muscles, Phosphorus to tone the nerve and brain as nothing else will.

Two or three bottles of **FERROL**, taken after the acute stage of La Grippe has passed, will do more to repair damages than can possibly be accomplished in any other way. Try it and see.

BABY'S TORTURING SKIN HUMOUR

Ears Looked as if They Would Drop Off—Body Entirely Covered—Face Mass of Sores—Three Doctors Could Not Cure—Child Grew Worse—Face and Body Now Clear

CURED BY CUTICURA IN TWO WEEKS

Mrs. George J. Steese, of 701 Coburn St., Akron, Ohio, tells in the following letter of another of those remarkable cures of torturing, disfiguring skin humours daily made by Cuticura Soap, assisted by Cuticura Ointment, after physicians, and all else had failed: "I feel it my duty to parents of other poor suffering babies to tell you what Cuticura has done for my little daughter. She broke out all over her body with a humour, and we used everything recommended, but without results. I called in three doctors, they all claimed they could help her, but she continued to grow worse. Her body was a mass of sores, and her little face was being eaten away; her ears looked as if they would drop off. Neighbors advised me to get Cuticura Soap and Ointment, and before I had used half of the cake of Soap and box of Ointment the sores had all healed, and my little one's face and body were as clear as a new-born babe's. I would not be without it again if it cost five dollars, instead of seventy-five cents, which is all it cost us to cure our baby, after spending many dollars on doctors and medicines without any benefit whatever."

Complete External and Internal Treatment for every Humour, from Pimples to Scrofula, from Infancy to Age, consisting of Cuticura Soap (Medicated), and Cuticura (also in form of Chocolate Coated Pills, in vial of 60), may be had of all druggists. A single set often cures the most distressing cases, when all other remedies and even the best physicians fail. Potter Drug & Chem. Corp., Sole Props., Boston, Mass., U. S. A.

Mailed Free, "All About the Skin, Scalp, and Hair."

Funeral Of The Late Robt. Wood

Buried on Tuesday—Standing of Classes in Keene School.

Special to The Examiner.

Keene, April 16.—The following is the standing of the pupils in the various classes in the senior department, Keene Public School, with the names in order of merit:

Fifth Form — Thomas Campbell, Katie Read and Susie Moore, equal; Katie Skinner, Nellie Read, Sadie Waters, Richard Wedlock.

Senior Fourth — Mary Graham, Katie Wallace, James Kempt, Edna Wedlock, Norman Taylor, Flora McLachlan, Fred. Pue, Louie Roach, Roy Kempt, Kathleen Powell, Harvey Speirs.

Junior Fourth—Maggie Wallace and Harry Taylor, equal; Eleanor Scriver, Lizzie McFarlane, Irene Doris, Roland Weir, Millie Wedlock, Harry Stewart, Fred. Moore, Archie Speirs, Lillie Wedlock.

Senior Third—Mary Moore, Etta Webb, George Read, Clara Hore, Lillie McFarlane, Anderson Graham.

Junior Third — Archie Davidson, Max. McNeil.

The school closed Tuesday and work will be commenced Monday morning, April 23. The principal sincerely hopes that all the pupils of the school may enjoy a pleasant Easter holiday and will return to school accompanied by those who have been kept away from school by sickness or by other causes.

The funeral of the late Robert W[illegible], whose death occurred Saturday, was held Tuesday. Services were conducted at his late residence, after which the remains were interred in Keene Cemetery. Rev. D. D. MacDonald conducted the services. The funeral was largely attended.

Mr. David Conroy, Jr., of Peterborough, was in Keene Tuesday.

Miss Lillian Bell, who has been visiting her sister, Mrs. M. Galvin, in Sudbury, returned home last week.

Mr. Albert Dredge left Monday for the West.

Mr. and Mrs. Waller, of Havelock, spent Sunday in Keene the guests of Dr. Harold Kindred.

Mr. Bull, of Toronto, is the guest of his uncle, Dr. W. T. Harrison.

Mrs. William Campbell, who has been in Calgary, left for home Friday.

Mrs. Rose of New York, is the guest of her sister, Mrs. James McNeil.

Mr. and Mrs. Malcolm McIntrye, of Peterborough spent Sunday in Otonabee, the guest of Mrs. McIntyre's parents.

Master Willie Brown, who has been suffering from a severe attack of pneumonia, is, from latest reports, somewhat better.

Mr. William Braden, of Chemong, was in Keene Monday.

Old Resident Passed Away

Mr. Wm. Armstrong Died Near Fraserville Recently.

Fraserville, April 11th.—Mrs. Jas. Walter, of Peterborough, spent a few days this week with her daughter, Mrs. M. E. Hutchison.

Mr. Jos. Reynolds of South Monaghan has moved into Mr. Henry Nethercut's house.

Mr. and Mrs. G. Jones, of Fenelon Falls, who have been spending a couple of weeks at the home of her brother, Mr. Richard Lattmere, left for home on Monday.

Mr. David Wood and family, moved into Peterborough last week.

Mrs. Arthur Carl returned home on Tuesday from Cobeconk where she has been spending a week with her parents, Mr. and Mrs. Moore.

Mr. Wm. Armstrong an old and highly respected resident of this vicinity passed away on Sunday at the home of his son, Mr. Rob. J. Armstrong, lot 18, concession 6, Cavan.

The funeral was conducted on Tuesday afternoon by Rev. Mr. McKenzie, of South Monaghan. The remains were interred in Fraserville Cemetery.

Mr. and Mrs. Wm. Cunningham, of Peterborough, spent Sunday with his parents Mr. and Mrs. Jas. Cunningham.

ANOTHER WONDERFUL CASE

Here is Something that will be Welcome News to Many a Discouraged One.

WILLIAM H. READ.

"For several years I have been troubled with gas around my heart, shortness of breath, in fact, if I walked my usual gait my breath would get so short I would be compelled to make several stops during my walk.

"Of late my food did not digest properly it turned sour in my stomach, causing me great distress; often, too, I had disagreeable attacks of belching gas and heartburn

"I was bothered with severe pains across the small of my back and the least bending or turning would cause me to almost cry out

"I was induced to try Dr Leonhardt's Anti-Pill, and from the very first found relief

"For the last three months I have had no recurrence of my former complaints, so I am bound to say 'Anti-Pill has indeed cured me'"

That is the voluntary statement of Wm H. Read, of 165 Queen street, Kingston, Ont

All druggists sell Anti-Pill The Wilson-Fyle Co, Limited, Niagara Falls, Ont

The remedy that cured such an extreme case is surely worth trying

Lays Eggs That Are Inside Out

Remarkable Easter Egg Story From Ohio.

Delaware, O., April 8.—Laying eggs which are turned inside out is the unusual accomplishment of a Plymouth rock owned by Dwight Maugans, of this city. She lays one each day and always on the inverted order.

The outside covering of the product of this extraordinary hen is the thin white skin usually found just under the shell. The white of the egg comes next, then comes the regulation shell surrounding the yolk. This shell is of exactly the same formation as the exterior covering of the ordinary hen fruit.

JAS. A. TULLY IS ACTIVE IN WEST

The Lethbridge, Alta., Herald has the following reference to the work of a former Peterborough man:—

Jas. A. Tully, representative of the Oddfellow's Relief Association, was in town for several days last week, and made a visit to the local lodge on Friday night. On Sunday night he went to Crowley, where he instituted a lodge this week, assisted by the Pincher Creek and Macleod degree teams. Mr. Tully belongs to Peterborough, Ont., and is greatly impressed with Alberta. He has covered the entire province, and thinks the climate down here is as near perfect as possible. He has visited all the lodges in existence in Alberta, some eighteen, and has organized lodges at Didsbury, Carstairs and Crowley, and will form new ones at High River, Nanton and Innisfail before returning east.

Temperance Workers OF DUMMER ARE STRONGLY Against New Liquor Bill

A Big Meeting Passes Strong Resolution Against Local Option Clauses and Other Features—Dummer Council Met--25th Anniversary of Wedding Was Celebrated--Interesting Budget of News From Warsaw.

Special to The Examiner.

Warsaw, April 10.—Mr. John Crane, of the city, was in town on Tuesday.

Mrs. Thos. Rose, of Peterborough, is visiting her parents, Mr. and Mrs. G. Tucker.

Miss Trotter, of Lakefield, is the guest of the Misses Tedford.

Mr. F. Woolcombe, of Norwood, was in town on business on Thursday.

Messrs. J. Squire and J. R. McKelvie, of Norwood, spent Thursday in town.

Miss Beattie Gow is spending a week visiting friends in the city.

Miss Brown, of Peterborough, who has been visiting Miss Gow, returned home on Wednesday.

Mrs. O. G. Williamson, of Omemee, is attending her mother, Mrs. Jas. Kidd, who is seriously ill.

Mr. Thomas Hawthorne, who has been attending school in Norwood, has secured a position on the bank staff here.

Misses L. and J. Fawcett, of Lakehurst, are the guests of the Misses Tedford.

Rev. W. L. Atkinson, Mrs. Atkinson and children leave on Wednesday for Inglewood, Ont., where they will spend Easter.

Mr. H. Rush, of Peterborough, was in town on Monday.

Mrs. W. J. Campbell, of Belleville, is attending her mother, Mrs. Jas. Kidd.

Her many friends will be pleased to learn that Mrs. Jacob White is able to be about again.

Mr. and Mrs. Isaac Garbutt moved to their new home in Lakefield last week. Many expressions of regret are heard since their departure, especially among the members of Bethel church with which they have long been connected.

Women's Institute.

The Women's Institute will hold their monthly meeting at the residence of Mrs. S. R. Payne on Thursday April 12th, at 2.30 p.m.

The Johnston-MacRae concert which was to have taken place on Tuesday evening, had to be postponed owing to the failure, by the performers to fulfill their contract.

At a meeting held for the purpose of re-organising the Sunday School at Bethel Methodist Church, Mr. W. F. Payne was re-elected superintendent. The school meets each Sunday at 2.30 p.m.

Ontario Bank Opens.

The Ontario Bank opened a branch here on Monday last. Temporary premises were secured in the Hotel sample rooms. Mr. H. Rush, of Peterborough, is acting manager, prior to the arrival of the manager, who is expected in a few days.

A team of riflemen from the local club will journey to Lakefield to compete with a team of that town on Friday next.

The announcement of the death last week in Colorado, of Mr. H. C. Hill, has been received with regret by the older residents of this neighbourhood, by whom he was well known and highly respected. His father, the late George A. Hill, was the first Warden of the Colbourne district, which included this township, and was also active in Municipal affairs here.

Interesting Sermon.

Rev. Mr. Coburn, of Toronto, occupied the pulpit of the Methodist church on Sunday evening last. Although he has been blind since early childhood and is now advanced in years, the reverend gentleman, by his eloquent and interesting sermon made manifest the advancement which may be attained even though the sight be gone. Rev. Mr. Coburn delivered a lecture at Bethel church on Monday evening; at Zion on Tuesday and will speak on "Our Homes" in the Methodist church here on Wednesday evening.

The Women's Missionary Society of the Methodist church will hold their annual At Home in the church on Easter Monday, April 16th.

Special music is being prepared by the choirs of Bethel and Warsaw Methodist churches for Easter.

A Pretty Wedding.

A pretty wedding took place at the residence of Mr. and Mrs. M. Barr on Wednesday, April 4, when their daughter, Miss Cora J. Darling, was united in the holy bonds of matrimony to Mr. W. George Bullock, son of Mr. Robt. Bullock. The ceremony which took place at 7 o'clock p.m., was performed by Rev. W. L. Atkinson in the presence of the immediate friends. The contracting parties were unattended, the bride being given away by her father. After the religious rites were performed the party partook of supper, which was followed by an enjoyable social evening. Mr. and Mrs. Bullock were the recipients of many beautiful presents, which gave evidence of the high esteem in which they are held by their many friends.

25th Anniversary.

A very pleasant event took place at the residence of Mr. and Mrs. Donald McIntosh on Friday evening, when the 25th anniversary of their marriage was celebrated. About 30 guests were present, among whom were Mrs. Wm. McIntosh, Mr. and Mrs. John Clements, Mrs. J. H. Brown, Mr. and Mrs. Geo. Clements, Mr. Marmion Clements, Mrs. John Doughty and Miss Ethel Doughty, of Peterborough; Mr. and Mrs. Wm. Davis, Mr. and Mrs. Jas. Clifford, Mr. and Mrs. John McIntosh, of Lakefield; Mr. and Mrs. W. H. Clements, Mr. and Mrs. Thos. Clements, Mr. and Mrs. Luke Cooper, Mr. and Mrs. F. Doughty, of Peterborough; Miss Sarah Smith, Mr. R. McIntosh, Rev. W. L. and Mrs. Atkinson. At 5.30 p.m. supper was served, which was followed by a social evening, several of the guests contributing music and speeches to the entertainment. Rev. W. L. Atkinson, in an address in behalf of the friends, extended hearty congratulations. Previous to the conclusion, flashlight views were taken of the company. Many beautiful tokens of respect and remembrance consisting of articles of silver were presented to Mr. and Mrs. McIntosh.

United Temperance Workers.

A meeting of the united temperance committees of this place was held in the Methodist church on Monday evening. The following resolutions were passed:

Moved by Rev. G. Nickle, seconded by Rev. W. L. Atkinson, that we, the members of the Temperance and Moral Reform Association, representing the Presbyterian, Methodist and Baptist churches in Dummer Township, in regular meeting assembled, having discussed the features of the Liquor Bill now before the Provincial Legislature, resolve that we heartily recognize that there are good features in the bill.

2. That there are other features which call for strong protest against their becoming law, especially,

(a) We emphatically protest against the unfair, unnecessary, and un-British proposal to so change the local option bylaw as to necessitate a three-fifths vote.

(b) We also protest against the shortening of the time of testing the value of the local option bylaw from three to two years.

(c) We emphatically declare that the sale of intoxicating liquor on steamboats and trains, instead of being provided for by license, should be prohibited, and such prohibition strictly enforced.

(d) We cannot too strongly protest against the legislating of the sale of intoxicating liquors in any form upon the Sabbath day.

(e) We believe the above four features are decidedly retrograde and wholly contrary to the policy of the Government as stated before election, which was one of progressive legislation curtailing the evils of the traffic.

(f) That a copy of this resolution be sent to our representative, Mr. Wm. Anderson, and Hon. W. J. Hanna, Provincial Secretary.—Carried unanimously.

The president and secretary were authorized to sign a petition to Mr. John Finlay, M.P., asking his support for the bill now before the House, viz., the preservation of the Sabbath as a holiday.

Dummer Council.

The third meeting of the Municipal council of the township of Dummer, was held in the town hall on Saturday, the 7th day of April, 1906.

Present C. J. Darling, reeve; W. Miles, J. A. Patterson, E. Martin and Nathan Payne, councillors. The minutes of the last meeting were read and signed by the reeve and clerk.

Mr. W. McConnel applied to the council to get a road from the north half of lot 6, con. 10, to the side road between lots 7 and 8.

Moved by Councillors Miles and Payne, that Councillor Martin be appointed to secure a right of way for Mr. McConnel.—Carried.

Moved by Councillor Patterson and Martin that the reeve be appointed to act jointly with the representatives from the Douro council to sell the timber opposite lots 19 and 20 on the boundary between the townships of Dummer and Douro.—Carried.

Moved by Councillors Martin and Miles that Mr. R. Hill be allowed to do his statute labour in sub. div. No. 49.—Carried.

Moved by Councillors Patterson and Payne that the clerk be authorized to give notice to Mr. Patrick Logan to remove his fence from the road allowance between the 11th and 12th concessions opposite lot I in the township of Dummer, for the reason that the township of Dummer did on the 10th day of May, 1854, consent to allow the then owner of lot I con. 11, to occupy the aforesaid road allowance in lieu of the forced road through the said east half of lot I in the 11th concession; and that this council is of the opinion that Mr S. Adams is entitled to the occupancy of the said road allowance until otherwise required by the council.—Carried.

Messrs. Baptie and Hubble applied to the council for a grant to be expended between lots 15 and 16, cons. 10 and 11.

Moved by Councillors Martin and Patterson that a special grant of $30 be made to be expended on the side road between lots 15 and 16 in the 10th and 11th concessions. — Carried.

Councillor Martin was appointed a commissioner to expend the aforesaid grant.

Moved by Councillors Miles and Payne that the reeve and Councillor Patterson be appointed to confer with the Douro council about opening the boundary between Dummer and Douro, opposite lots 7, 8 and 9, and then through 10 and 11 to Warsaw.—Carried.

Dr. Douglas addressed the council respecting the performance of statute labour in Warsaw village. Action was deferred until the next meeting of the council.

A complaint was made about the playing of football on the public streets of Warsaw. The constable was instructed to prevent any further occurrence, and if the practice is repeated further steps will be taken to put a stop to it.

Moved by Councillors Martin and Patterson that Mr. Robert McConnel be appointed pathmaster, instead of Mr. H. Elliott.—Carried.

Moved by Messrs. Patterson and Miles that the following accounts be paid and that orders be drawn on the treasurer for the same: Municipal World for one copy of clergyman's marriage register, $1.50; R. Deen; part salary as clerk, $30; Jos Edwards, gravel, $1.70; David Drain, timber fro canal bridge, $8; Mrs. D. Kelly, refund of statute labour tax, $1; H. A. Moore, expenses to Toronto on deputation, re Buck's bridge, $10; John A. Patterson expenses to Toronto deputation bridge, $8; C. J. Darling, expenses to Toronto deputation re Buck's bridge, $8; E. Martin, expenses to Ottawa on deputation re Trent canal, $7; Nathan Payne, expenses to Ottawa re Trent canal, $7; E. Martin, special grant on side road between lots 1 and 16, cons. 10 and 11, $30. — Carried.

Council adjourned to meet on Saturday, May 26th, at 10.30 a.m., as a Court of Revision on the assessment roll for the township of Dummer for the year 1906.

A Master Mechanic's Investigation Reveals Mechanical Perfection

W. Kennedy, Master Mechanic of The Midland and Southern Division of the G.T.R., writes an interesting letter

Who is a better judge of Mechanical Construction than a Master Mechanic, who has years of the most careful training and a lifetime of experience.

Mr. Kennedy, in a letter about the New Scale Williams Piano, declares the instrument to be vastly superior to any other make:

Dear Sirs,

When the necessity for selecting a Piano was brought to my attention, I rather preferred avoiding the task.

The selecting of a Piano for the home, however, is of such importance as to compel not only consideration, but a thorough investigation. With this idea, I made it a point to carefully investigate and consider the merits of the different Pianos from a mechanical and constructive point of view. After a most thorough investigation, I am pleased, owing to the satisfaction received, to advise you that I found your instrument vastly superior throughout as to be fairly called perfect.

The judging of tonal quality was left to a musical friend, who announced the instrument as all that you claimed for it as the best instrument in Canada. The full, rich tone and perfection of scale seems a marvel.

I can assure you of my entire satisfaction with the instrument I selected, and remain,

Sincerely yours,
W. KENNEDY,
Master Mechanic,
Midland & Southern Division G.T.R.

NO MISTAKE ABOUT THIS CASE

Dodd's Kidney Pills Cure a Young Man Who Had Reached a Very Critical Stage of Kidney Disease.

His Case was More Serious than he Thought, but Thanks to Dodd's Kidney Pills he is well and Strong Now.

St. Leolin, Glo. Co., N.B., April 13—Special.—Mr. Patrick Downing, of this place, is a young man only 20 years of age, but some time ago kidney disease had him firmly in its grip, and had it not been for Dodd's Kidney Pills he would probably not have been alive to-day.

"I think the cause of my trouble was overwork," says Mr. Downing, "anyway, it began with a heavy dragging pain in my back and across my loins. Then I was subject to headaches, cramp in the muscles, dizzy spells and weakness till I felt fit for nothing. But the worst symptom of my case was when I noticed my urine was streaked with blood, then I knew that my kidneys were affected. Hearing of Dodd's Kidney Pills, I sent for some, and I am pleased to say the pains are all gone since using them, and I am well and strong as ever I was."

A Happy Afterthought.

MISS MAUDE ADAMS tells a story of a negro couple once personally known to her. Pete was very bashful, and, having decided, firstly, that he desired Miss Johnson for his wife, and, secondly, that he dared not ask her in person, had recourse to the telephone to make known his passion. He rang her up at the house of her employment, and inquired:

"Is dat you, Miss Johnson?"

"Yaas," came the reply.

"Well, Miss Johnson, I'se got a mos' important question to ask you."

"Yaas."

"Will you marry me, Miss Johnson?" and the answer came:

"Yaas. Who is it, please?" — Philadelphia Ledger.

Cured of Drunkenness

How a Montreal lady cured her husband of drunkenness with a secret home remedy.

"I want to tell you that tasteless Samaria Prescription has positively cured my husband of drunkenness, quickly and simply that I am astonished. How glad I am that I continued to you to your free sample package. The sample tablets I got from you checked his drinking, and before I had used the full treatment he was permanently cured. I gave him this remedy in his tea, and as it had no taste or smell, he never knew he was taking it. I want others to know it so you can use this for your many friends for years."

Free Package and pamphlet giving full particulars, testimonials and price sent in plain sealed envelope. Correspondence strictly confidential. Address: THE SAMARIA REMEDY CO., 23 Jordan Chambers, Jordan St., Toronto, Canada.

Also for sale by H. S. Macdonald.

Cheese Box Veneers

I quote on cars, Lancaster or Alexandria, on G. T. Ry., or at Green Valley, on C. P. Ry. 12 inch Veneers, at $13.00 per 1000 sets. Any quantity—Prompt shipment.

PETERBOROUGH SATURDAY APRIL 14 1906 TWELVE PAGES

Peterboro' The Centre For Summer Traffic

C. P. R. Will Inaugurate a Series of Week-end Trips, of Which This City Will be One of the Objective Points —Connection With Lakefield by Radial Railway Company's Line.

The Toronto Globe of to-day says: "The Canadian Pacific Railway Company will for this summer arrange a round trip by rail from Toronto to Bobcaygeon, thence by steamer to Lakefield and other points, and back via Peterborough by rail to the city. In addition to the everyday trips, it is proposed to run week-end trips, good going Friday or Saturday and returning on Monday. Peterborough capitalists have, it is understood, undertaken to construct an electric road to Chemong, in which case the round trip would include that summer resort, and electric cars to Peterborough, and thence by rail to Toronto."

Mr. J. H. Larmonth, manager of the Peterborough Radial Railway Company, to-day was interviewed in reference to the above report, and stated that while his company had a charter which permitted them to extend the line to Chemong, there was no immediate intention to make the extension. Since it was not considered by the Company that it would be profitable to do so.

The Radial Railway Company line will probably be extended to Lakefield and Stony Lake this year, and the C.P.R. passengers will be conveyed to Peterborough by that company.

Mr. Larmonth stated that while no decision had been reached yet to extend the line this year, it was likely that the decision would be made within two weeks.

No definite agreement had been entered into between the Radial Railway and the C.P.R., but the matter had been discussed by the officers of the two roads, and the understanding is that in case the Radial Railway is extended to Lakefield, the the C.P.R. passengers will be carried over its line, and that connection will be made with trains.

MUSICAL SERVICES TO BE FEATURES OF EASTER DAY IN THE CHURCHES

In the churches to-morrow, as has been the custom in the past on Easter Sunday, special music will be one of the features of the services, which in all the places of worship will partake of the Easter spirit.

If the present fine weather continues, the prospects are that the attendance at the churches will break all previous Easter day records.

The choirs have spent considerable time during the last few weeks in preparation for the music which will be rendered, and, as the programmes given below will show, in the majority of cases the service of song will be elaborate.

ST. JOHN'S.

Morning.

Responses, Tallis, Te Deum, Dykes in F.

Hymn—No. 67, "Look Ye Saints, the Sight Is Glorious."
Organ—Triumphal March, Costa.

ST. PAUL'S.

The choir will render appropriate music at St. Paul's to-morrow.

Further Opposition To Lakefield Property

It Was Claimed That Lot Contained 96 Instead of 100 Acres—By-law Confirming Purchase Was, However, Passed—Other Business Transacted at Special Session

The County Council held a special session to-day, at which several important matters came up for discussion. At the morning session a bylaw was passed confirming the resolution passed by the Council in reference to the purchase of the Preston property at Lakefield as a site for the House of Refuge. Opposition was offered by Councillors Moloney, Buck and Andrews, on the ground that the site contained only 96 acres instead of 100. This was accounted for by the fact that Mr. Preston wanted to sell part of the roadway as his property. After considerable discussion the bylaw was passed.

At this afternoon's session the matter was again dealt with.

On motion of Mr. Shaw, seconded by Mr. Moloney, the warden and Councillor Garbutt, chairman of the Building Committee, were appointed a committee to have the property measured.

The question of letting the land for this year was brought up, and on motion of Mr. Shaw, seconded by Mr. Moloney, a committee, composed of the warden and Councillor Garbutt, was appointed to arrange for the renting of the farm, and buying seed for this year's seeding down.

Councillor Buck, chairman of the special committee appointed to deal with the matter of the late Mrs. Foley's will, reported that it would be necessary for the Council to appoint a committee to act with a committee from the City Council in reference to securing the money available for charitable purposes from the estate of the late Mrs. Foley. On motion of Councillor Shaw, seconded by Councillor Monogue, a committee, composed of Councillors Carey, Buck, Stinson, Webster and the warden, was appointed, the first two to act for two years.

On motion of Councillor Shaw, seconded by Councillor Stinson, Councillor Buck was added to the Building Committee.

The Council then went into committee to deal with these plans for the House of Refuge, and also for the two new steel bridges.

Our Mud Bad But Lindsay's Worse

An Interesting Story of Lady Montague Recalled.

The neglected condition of our streets, combined with a season of murky rainy weather, has made the past few days the age of mud par excellence. Never perhaps in the history of our city have our streets been in such a sticky, clammy condition of mud, and the same applies to the country roads, which are several degrees worse. But there are places that are worse. Here a story is suggested of Lady Wortley Montague who was noted for her untidy personal habits. A few remonstrated with her on the dirty condition of her hands — "Don't speak of my hands being dirty—you should see my feet!" When we complain of Peterborough streets being muddy, we should think of the fathomless mud that must fill Lindsay's streets.

A PROMINENT CITIZEN

To-day's picture is that of a gentleman who has been a resident of the city for a number of years, and is quite familiar to the majority of citizens.

THE NEWS OF CITY AND THE DISTRICT

Weather Predictions for To-morrow—Southerly to westerly winds, showery, but partly fair and comparatively mild.

St. Paul's.

The choir will render appropriate music at St. Paul's to-morrow.

A Carol Service.

—The evening service at St. John's to-morrow will be a musical service.

Mission to Men.

—The one-week mission to men in the Y.M.C.A. starts next Sunday at 4 p.m.

Piano Tuning.

—Piano tuning promptly attended to. Satisfaction guaranteed. A. F. Hoover, 223 McDonal street, 'Phone 369.

Boys' Meeting.

—At the last Y.M.C.A. boys' meeting, Messrs. Roper and Payne took the topic, which was "The Story of the Cross."

At St. John's.

—There will be a special practice of Easter music in the church to-night at 8 o'clock. A large attendance is requested.

Ladies' Aid Society.

—A special meeting of the Ladies' Society of Charlotte street church will be held this (Saturday) evening at 8 o'clock, at the parsonage.

Pay Your Taxes.

—Warrants will be issued by W. J. Green, city tax collector, for all those who are in arrears of taxes for 1905, unless paid by the 15th inst.

New Mouldings.

—The new designs in mouldings have arrived at "The Framery," 326 George street. Orders for picture framing can be executed promptly. A full stock of artists' materials.

Send For the Specialist.

—When the family physician and other doctors fail send for the specialist. It is the last hope, and can be relied on, namely, Dr. Roscoe's Rheumatic Remedy. 3eod

Soldiers' Council.

—Brigadier Turner, Provincial Officer of the Salvation Army, will be in Peterborough on Tuesday, April 24, to conduct a soldiers' council, at which matters of interest to the local corps will be discussed.

Salvation Army Wedding.

—On Monday, April 23, in the Salvation Army Barracks, a salvation wedding will take place. The principals are two local members of the army, and the ceremony will be performed by Staff Captain McAmmond.

Better Than Cobalt.

—Cobalt silver is all the rage now, but $5.00 a share is a poor proposition for great and immediate results as compared to $1.00 for a bottle of Dr. Roscoe's Rheumatic Remedy, which gives quick and sure results. All druggists. 3eod

Appointed Executor.

—Mr. James E. McKinlay, of Ridgetown, (who died last month, left a will appointing the Trusts and Guarantee Company, Limited, Toronto, as his executor. Mr. McKinlay was a very wealthy man, and leaves a widow, but no children.

Kicked by a Horse.

—On Friday of last week Mr. Jonh. Wallace, who has been employed with Mr. Fred. Boyce in Smith, met with a severe accident. He was engaged drawing sand, and in walking behind one of the horses, it kicked him on the left leg above the knee, badly cutting and bruising it.

Delicacies for Easter.

Come in and make your selections early for Easter. Following are some particularly choice goods which we are showing: Strawberries, pineapples, grapefruit, blood oranges, tomatoes, spinach, sweet potatoes, lettuce, radish, rhubarb and mint for your spring lamb; also some fancy Northern Spy apples. S. A. OKE, Bell Telephone 18; machine telephone 18, 376 George street.

Six Best Selling Books.

The following best selling books, as reported by Canadian booksellers, are for sale at the Peterborough Bookstore:

"The House of Mirth," by Edith Wharton.
"Karl Grier," by Louis Tracy.
"Barbara Winslow," by Elizabeth Ellis.
"The Conquest of Canaan," by Booth Tarkington.
"The Idlers," by Morley Roberts.
"The House of One Thousand Candles," by M. Nicholson.

A. H. Stratton & Co.

Robberies in Lindsay.

—Numerous robberies and a number of cases of sneak thieving have been occurring in Lindsay for several months past. George Walker was seen in the neighbourhood of Kennedy & Davis' office on the night of the robbery, and a warrant was issued to search his house. Yesterday morning Chief of Police Newson, accompanied by constables, made the search and found five pairs of blankets of Horn. Bros.' make, five pairs of mitts, and a quantity of sugar, eggs, etc.

WATER WASHED HOLE IN WALLS

The spring freshet and consequent higher water in the creek, caused some injury to the wall of one of the William Hamilton Manufacturing Company's buildings. Inquiry at the office of the company to-day gave the information that the damage could be easily repaired.

Fixed Assessment For

---SIX YEARS IN EXCHANGE FOR---

Street Extension Land

This is the Condition Imposed by Owners of Property Required for Extension of George Street—Board of Works to Recommend That Council Agree to the Proposal and Open the Street to Southern Boundary of the City.

At the next meeting of the council it is probable that steps will be taken to extend George street, at least the Board of Works, at its Thursday night meeting, decided to recommend the ratification of an agreement with the owners of property through which the proposed street will run, and, if this is done, the extension will be proceeded with.

This was one of the most important matters considered at the meeting, and a conference of the parties through whose lands the street will extend, and the Board was held, with the result that the following agreement was presented, and accepted:

"We, the undersigned, hereby agree to give a road allowance 66 feet wide through our properties gratis, for the above project, with the understanding that the assessment of the property shall not be increased from what they are now for the next six years, unless a sale or transfer of any part thereof shall take place; and in such case that part shall be assessed by the city in the usual way. Also as a roadway will necessitate the removal of a small frame dwelling on lot No. 1, that city at its own expense shall place it on the side of the street; this option not to remain open after the present year, 1906.

"Henry Best,
"H. Rush,
"John Crane, for Ontario Bank,
"W. J. Overend."

The motion accepting it, imposed further conditions, and is as follows:

"That the above offer be accepted, with the addition that any land built upon should be assessed in the usual way, and that the solicitor draw up a new agreement with this included, and also that the engineer prepare a plan showing the extension of the street, with the eastern line at the western line of the buildings on Park lot No. 3."

This motion was made by Ald. Adams and seconded by Ald. Tovey, and carried.

The extension is that the extension of the street shall commence from the present end of George street, but that the eastern side of the extension shall be 33 feet east of the present street, but there will be no perceptible jog, because the three-corned plot at the end of the street will be purchased, and included in the new street, which will take an angle to the east.

While the four parties who have subscribed to the agreement, have signified their intention of giving the land, free upon the conditions, as indicated in the agreement, i.e., fixed assessment for six years, there are other owners of property from whom land will have to be purchased, and it is probable that expropriation proceedings will be necessary in the case of at least one piece of land.

CITIZENS SPEND GOOD FRIDAY VERY QUIETLY

The usual Good Friday calm pervaded the city yesterday. A very large number of persons were away for the holiday, and those who remained at home were indoors during the greater part of the day. The weather was ideal, a pleasant change from the usual weather conditions which prevail on Good Friday, and which is generally cloudy and cold. It was ideal Easter weather yesterday. The number of persons who left the city, for the holiday was unusually large, the railways reporting the Easter business the best in their history.

Try Our
"ROSE BRAND SUGAR-CURED HAMS"
Selected carefully for our Easter trade. A trial will convince you of the quality. The George Matthews Co., Limited, Retail Stores—256 George Street, Bell Phone 163; Corner Brock and George Sts., Bell Phone 361.

VICTORIA MUSEUM WELL PATRONIZED

The Victoria Museum in Inverlea Park was thrown open to the public yesterday, and the caretaker, Mr. R. Howland, reports the biggest crowd that ever visited the interesting spot. From one to five o'clock there was a constant throng of people in the museum and the exhibits were examined with a great deal of interest. The museum is something which the citizens do not properly appreciate, but a few more crowds like that of yesterday will do much to open the eyes of the public to the fact that it is a very interesting place.

Yesterday Rev. Alfred Bright, B.A., who succeeds Rev. W. MacD MacKay as associate pastor of St. Paul's church, arrived in the city, and will preach to-morrow in St. Paul's and Knox churches.

A Theft Case In Hastings

George Carnrike, a Former Hastings Man, is Suspected.

On Friday last George Carnrike, of Campbellford, after a hearing before a magistrate, was committed to Cobourg to stand trial on a charge of theft. It appears that during the month of January last the cash receipts in the store of Messrs. Buck & Buck, Hastings, did not always balance and there was a suspicion that all was not right. A trap was laid, by marking some coins in one of the tills and as a consequence Carnrike, who was clerking in the store, was caught. He left the employ of this firm at once and went to Campbellford, where he secured employment. A few weeks afterwards a letter from Carnrike appeared in one of the Campbellford papers in which he denied that he had been guilty of any wrong doing and as much as challenged Mr. Buck to prove it. He could not leave well enough alone, and now he is liable to take a short holiday. Carnrike, we understand, is out on bail. — Hastings Star.

St. Andrew's Church Re-opening To-morrow

After Having Been Closed Seven Weeks for Improvements it Will Re-open To-morrow—New Carpet Purchased.

To-morrow St. Andrew's church will be re-opened, after having been closed for seven weeks, while extensive improvements have been in progress. The Ladies Aid of this church have had charge of the work of improvement and how well this work has been planned and carried out will be seen by those who visit the church to-morrow.

It seems very fitting that the church in its new dress should be opened for service on Easter Day.

During the seven weeks that the church has been closed a new carpet has been laid, the walls and ceiling kalsomined, and mottoes placed on the walls, and new electroliers purchased.

The church now presents a much improved appearance, and the elders are to be congratulated on their work.

The two new mottoes, one on each side of the pulpit, "Oh, bless our God, ye People," and "Make His Praise Glorious," will be the texts for the sermons, which will be preached by the pastor, Rev. J. G. Potter, to-morrow. These mottoes are beautifully executed, and are the work of Mr. Marsh, of J. J. Turner & Sons.

To-day the ladies are putting the finishing touches to the church, decorating it with flowers, etc.

On Monday night the re-opening services will be continued, when Rev. Dr. Mulligan of Toronto, will be present at a congregational meeting and give an address on "Lessons from the Sunbeams."

The Easter music will be repeated at this meeting.

The cost of the work done to the church is in the neighbourhood of $700.

The Benson Street People Want Sewer

And a New Trunk Sewer May be Laid Along the G. T. R. Tracks—Deputation Waits on Board of Works to Ask For It—Would be Great Convenience to Residents of That Section.

At the meeting of the Board of Works on Thursday night a deputation in connection with the Benson street sewer appeared, and Mr. R. J. Kidd presented the case of the petitioners. He pointed out that in order to secure the sewer connection it would be necessary to construct a trunk sewer along the G. T. R. track for a distance of 1080 feet, and the length of the sewer on Benson street would be 900 feet.

He pointed out that if the trunk sewer were constructed residents on portions of Edinburgh street, Antrim street, Smith street and Dublin street, would use it, and it would be a great convenience to a number of citizens.

Mr. Kidd pointed out, however, that in case the residents on the streets named did not use the trunk sewer the Benson street district should be given sewer connection as an act of justice.

Ald. Hicks explained that the policy of the committee was, as far as possible, to give everyone who wanted it, sewer connection. Ald. Adams was of the opinion that if the Benson street residents wanted the connection it should be given. Ald. Wilson and Ald. Elliott, thought it would be a pretty good proposition for the council to do the work by day labour and grant the request of the petitioners.

Ald. Adams moved, seconded by Ald. Wilson, that the city engineer be instructed to make an estimate of the cost of the trunk line from Smith to Aylmer street, and also on the area to be served by it.

Don't forget your Easter Roast. The 18 Cutters who served the public at Kennedy's all day will be at your service to-night. The last of the steak will be as delicious as the first cut was this morning.

WANT AND REAL ESTATE ADS.

Get In The Best And Be In It Always

Male And Female Help

Can be quickly supplied by using EXAMINER WANT ADS. They bring speedy answers and are dependable for first-class help.

HELP WANTED—MALE.

WANTED — SEVERAL BRIGHT RESpectable boys. Apply at Gate House Canadian General Electric Co. 3d33.

Slaves to Rheumatism

Freed by

"Fruit-a-tives"

"Fruit-a-tives" cure Rheumatism and Rheumatic pains by removing the poisons which cause the disease. Rheumatism means poisoned blood. Too much urea or tissue waste is retained in the blood, owing to defective action of the bowels, kidneys or skin. The retained urea becomes uric acid, which inflames nerves and joints and thus rheumatism is produced.

MRS. R. H. DENNIS, Sault Ste. Marie, Ont., writes as follows: "I think 'Fruit-a-tives' are fine. I am using them for rheumatism, and have not felt it since I started to take them."

Fruit-a-tives or Fruit Liver Tablets.

"Fruit-a-tives" cure Rheumatism by greatly stimulating the action of the liver, kidneys and skin. "Fruit-a-tives" make each of these vital organs do its share of nature's work properly. "Fruit-a-tives" rid the system of excessive urea and uric acid—and so purify and enrich the blood and build up the general health, that there can be no rheumatism.

"Fruit-a-tives" are fruit juices, concentrated and combined by our discovered process, which makes them much more powerful medicinally. Then tonics and internal antiseptics are added and the whole compressed into tablets.

If your druggist does not have them, don't take substitutes. Sent prepaid on receipt of price—50c. a box or 6 boxes for $2.50.

FRUIT-A-TIVES LIMITED, OTTAWA.

"Cruicifixion" Of Sir John Stainer

Devoutly Presented at St. John's Last Night.

"The Crucifixion" by Sir John Stainer, given in a very creditible manner by the choir in St. John's last night was a most fitting conclusion to the solemn services of the most solemn day of the Christian year. There was a good sized congregation which had its share in the service in the form of interjected hymns. "The Crucifixion" may be described as a meditation upon the sacred passion of the Divine Redeemer. The presentation last night was not by any means a concert or musical entertainment. The piece was given solely by the members of the choir of St. John's and no attempt was made in the way of musical display or mere performance. While the devotional character of the beautiful work was admirably maintained throughout, yet from a musical point of view the composition was given a presentation in every way creditable to both the leader and singers. The solemn character of the subject called for the introduction of a good deal of the minor mood and afforded no particular opportunity for musical display, yet there abounded many charming solos, duets, part choruses and grand choruses. One of the latter of particularly stirring and triumphant quality was "Fling Wide the Gates," which was sung by the choir in a spirited and well finished manner. The attack was excellent and effective attention was given to expression and accentuation—a feature of the chorus work throughout. The production altogether was most satisfactory especially considering the short time available for rehearsal, and no doubt much of the success is due to the fact of the choir meeting so readily the enthusiasm and skill of the choirmaster and organist Mr. R. J. Devey.

The contributors to the generally excellent solo work done, were—soprano, Mrs. Fred Clarke and Mrs. Seward; tenors, solo and duet, Mr. Morphet and Mr. Devey; bass, Mr. Halpany; baritone, Mr. Hague Sawers. The men's chorus work was very effectively given and was done by, in addition to those mentioned, Messrs. A. Kingscote, Chas Seymour, A. A. Hollingshead and George Browne. The soprano chorus was particularly satisfying and included Mrs. Devey, Mrs. Halpany, Miss Boucher, Miss Seward, the Misses Morris, Miss Birdie Dawson and Miss English. The contralto section's work was well sustained by Miss Hazel Dean, and Masters Frank Halpany and Cyril Devey. Indeed the boys were of important assistance throughout the choruses. In a word the entire production, which many think is one of the best ever given in St. John's, was highly creditible to both choir and conductor. Mr. Devey's accompaniment on the organ was unusually excellent.

The service was solemn and impressive throughout. It opened by the singing of "When I Survey the Wonderous Cross," and during the evening at intervals the choir and gregation sang hymns appropriate to the day.

WITHIN THE REACH OF ALL

No one Need Sufter Another Hour From the Agonies of Dyspepsia for it is Curable and the Remedy—Dodd's Dyspepsia Tablets—is Within the Reach of all.

Mr. Frances F. Jarry, P.M., of South River, Gloucester Co., N.B., comes forward to bear witness to the curative powers of Dodd's Dyspepsia Tablets. He says:

"I was a great sufferer from indigestion and soreness of the stomach. My food did not seem to agree with me, and after a meal I felt hot and drowsy, my head ached, and I felt as if I was suffocating. After trying different remedies I at last began on Dodd's Dyspepsia Tablets, and in a little while the pains disappeared, and now I am cured and can eat and enjoy my food, thanks to Dodd's Dyspepsia Tablets."

For weak and over-worked stomachs Dodd's Dyspepsia Tablets provide immediate relief and a permanent cure.

What Jesus' Death Proves

That Man Was One With the Father and Life is Eternal.

The Wednesday evening testimonial meeting, and the meeting held last night in First Church of Christ Scientist, were of great interest and also instructive. The thought set forth was that Jesus' death and resurrection proved that man was one with the Father and that life is eternal. Christ Jesus represented the indestructible man who cannot be separated from Christ, as Paul declares in Romans 8; 35—39. Christ, the true man, with the image and likeness of God, the true knowledge of the Father was and ever will be with Him. This true knowledge of God that has come in this age, healing the sick and redeeming the sinner, under the name of Christian Science, is the Holy Ghost, or second coming of Christ, as spoken of by Paul in Hebrews 9, verse 28. Thus Christian Scientists, above all others, rejoice in a risen Saviour, a present practical power, enabling them to daily overcome the temptation of the flesh, thus being regenerated and having their part in the resurrection from the material to the spiritual sense of existence. To Christ Jesus they owe endless homage.

The subject of the lesson for tomorrow is "Probation After Death."—Com.

DR. A. W. CHASE'S CATARRH CURE ... 25c.

Board Of Health

---WANTS A SEWER FOR---

East City Schools

And Chairman Asked Board of Works to Construct It—Sanitary Conditions at the School are Unsatisfactory—Many Requests for Walks and Sewers—The Sherbrooke Street Drain—Street to the Lift Lock.

A meeting of the Board of Works was held in the City Clerk's office on Thursday night, when a number of matters of interest and importance were discussed. Those present at the meeting were Ald. Hicks, chairman, Mayor Best and Ald. Tovey, Johnston, Adams, Wilson, Graham, Elliott, McIntyre, Mason and Duncan. A number of deputations in reference to various matters were heard, and during the course of the evening the following citizens attended the meeting: Messrs. R. J. Kidd, H. Rush, John O'Brien, W. J. Overend, J. B. Pantland, W. Eyres and H. Morgan.

Mr. John O'Brien appeared before the Committee to support the application for two catch basins to be placed on the Lake street sewer. Ald. Adams moved, seconded by Ald. Wilson, that the request of the petitioners be granted, which was carried, and the work will be proceeded with at once.

East City Sewer.

W. Eyres addressed the Committee, presenting a letter from Mr. H. Morgan to the Board of Health asking that body to order a sewer constructed on Mark street from Hunter to Robinson streets. Mr. Eyres stated that he had visited the locality and would recommend to the Board that it was necessary to construct the sewer, particularly since the East Ward School would be served by it.

Mr. Morgan said that all he could add was that he wanted the sewer, and was bound to have it. He had asked the Board of Health to help him out, and they had agreed to do so. It was now up to the Council to help the Board of Health out by pushing along the trunk sewer in order that the sewer asked for might be connected with it when constructed.

Ald. Adams moved that the Board of Works give notice of its intention to construct a sewer in East City as asked for by the deputation.—Carried.

Mr. G. Ruth asked that a new concrete sidewalk be built on Water street from Antrim to Dublin street. He was advised to present a petition, when the matter would be dealt with. Alex. Fitzgerald was appointed to act as Street Commissioner while Mr. H. Evans is engaged on special work.

Ald. Tovey asked that the sidewalk crossing the creek on Parnell street be repaired, and the request will be complied with.

Sidewalks and Crossings.

Ald. Elliott pointed out that residents on King street, from Hamilton's foundry to Aylmer street, are asking that their cotton sidewalk be replaced. This matter will be attedned to at an early date.

Several applications for crossings in outlying districts were granted.

Sherbrooke Street Drain.

Ald. McIntyre enquired why the engineer had not reported on the Sherbrooke street ditch. It appears that the engineer had reported that to divert this ditch or creek would be an extremely expensive job. Ald. McIntyre thought a pipe might be inserted, the ditch covered up, and thus converted into a sewer. The engineer said this water course could not be used both as a sewer and a drain; but piping might be laid to carry off the surface water.

The engineer will report as to cost of laying a 24 or 30-inch pipe here to carry off the spring freshets, and covering the creek where necessary. This work will probably be included in a bylaw to be submitted to the ratepayers to divert the west ward and north ward creeks; the same to be paid for by a general rate, and Park street ratepayers to be relieved of their present frontage tax for drainage improvements in their locality.

Road to Lift Lock.

The Board is in receipt of an offer from the Armour estate to sell the City a right of way to the lift lock, providing the estate is secured against any possible frontage tax charges in the future. This will be taken up later.

The Board then adjourned.

"ROB ROY" LAUNCHED IN EIGHT MINUTES THURSDAY

A record launching took place at the Peterborough Canoe Company's slip on Thursday, when, after her winter's rest the "Rob Roy," Mr. R. M. Roy's trim little steamer, took to the water, which will be her element for the next six or eight months.

Eight minutes was the space of time occupied in consigning the steamer to the water on Thursday, and she took to her native element as if she was glad to be once more "in the swim."

During the winter considerable work has been put on the "Rob," and a number of improvements made which will add to the efficiency of the steamer and to the comfort of her passengers.

The many persons who have enjoyed Mr. Roy's hospitality and who have taken trips on his steamer will be interested in the news of her launching.

Tuesdays and Fridays in the Hall at 8 o'clock. Everybody welcome. Any one who is not in the habit of attending any place of worship, will be gladly welcomed.

Annexation Scheme Meets With More Opposition

Monaghan Council and City Have Not Reached a Decision —Ratepayers Whose Land Borders on North of Sugar Property Want Same Terms as That Property— Committee of the Whole Will Meet Ratepayers.

A joint meeting between the North Monaghan Council and the Manufacturers' Committee was held in the city clerk's office on Thursday afternoon to consider the proposed annexation of the Sugar Company's property and the adjoining property on the north to the city.

Although considerable discussion took place, yet no agreement could be made suitable to both parties. The Manufacturers' Committee, in annexing the land, wanted the ratepayers in the intervening section, to pay the same rates as the city. The Monaghan Council asked that this property be annexed with the same terms as given the sugar property.

As no satisfactory conclusion could be reached between the parties in this, a compromise was suggested by the Manufacturers' Committee that the present ratepayers enjoy the same terms as they now do, but that any new buildings erected in future be taxed according to city rates. The representative ratepayers, however, were not inclined to agree to this proposition without consulting the others.

The whole matter was left over to be decided at a meeting between the interested ratepayers and a Committee of the Whole Council.

Those present at the meeting were the following:

North Monaghan Council — Reeve Madill; Councillors, Robert, Fowler, Jas. Morrow, John Brown, John Holmes, and Township Clerk G. W. Bennett.

Manufacturers' Committee — Chairman R. F. McWilliams, Ald. R. Hicks, Graham, G. Elliott, McIntyre, Duncan, and Mason, and City Solicitor E. H. D. Hall.

Property Owners—W. G. Morrow, representing the Toronto Savings & Loan Co.; John Bell, I. Payne, W. Collins, J. Smithson and Mr. Mahoney.

The Discussion.

In opening the meeting, Chairman McWilliams explained that the purpose of the annexation scheme was to encourage manufacturers to locate here on account of competition in other places. He considered it advisable to bring in the new territory under the same conditions as the city of Hamilton by placing a special rate of taxation on land intended for manufacturing establishments only. Hon. Mr. Hanna determines what favours property comes in so that no friction should occur between the city and township when the matter comes up before him. He therefore hoped that the Manufacturers' Committee would have the co operation of the owners of the sugar property and also the owners of the lots.

Mr. Holmes, who was also appointed one of the committee to interview the ratepayers concerned, said that they would not enter under any other terms than those given to the owners of the sugar property.

Ald. McWilliams pointed out that the property annexed to the city of Hamilton was for manufacturing purposes only. Ald. Hicks said that if the Monaghan Council would agree to any other terms the city had better take them in on those given.

Ald. Elliott said the City Council were anxious to take in the strip concerned, but he did not think it right to give the owners the same privileges as the property for manufacturing purposes. They would then be enjoying the same rights as city property owners, and still be paying less taxes.

A number of the ratepayers had signed a petition presented by Mr. Dumble to come in on the same terms that the owners of the sugar property were given, but the chairman said he had no communication with Mr. Dumble previous to this action. It was not official. He had since talked the situation over with Mr. Dumble, who agreed that there would be opposition in the matter.

Ald. Duncan was of the same opinion as the rest of the committee, and did not think the property owners should have the same terms as they have in North Monaghan.

Mr. Holmes remarked if they were not annexed they would have all these privileges in spite of the city, and if they come in, it must be under the original terms.

Mr. G. W. Morrow, who represented the Toronto Savings & Loan Co., said that all or none of the property should be annexed, and that all should have the same terms.

Mr. Wm. Smithson spoke on behalf of the property owners of the land in question. He had thought Mr. Dumble's petition was official and would prefer to stay in Monaghan than agree to any other terms. A number of other ratepayers present endorsed Mr. Smithson's statement.

Ald. Elliott said that if Mr. Dumble's petition, which was endorsed by the mayor, was the understanding arrived at he would agree to it, but he considered that these terms should only be granted to present ratepayers, and that any further buildings should come in under the city's terms.

Mr. Hall, City Solicitor, pointed out that the Legislature would not allow any exemption from school taxes. These must be paid according to city assessments if the property is in the city limits.

Ald. Hicks thought an arrangement might be made that the property be joined under the same terms given to the sugar property owners, but that new buildings erected in the future would come under city terms.

Mr. Smithson, however, opposed coming in at all, since the city repudiated the former position they had taken in the matter.

The discussion was then brought to a close by a motion by Ald. Hicks and Duncan, that the ratepayers concerned meet with a Committee of the Whole Council on Monday night next and then come to a decision in the whole matter.—Carried.

The meeting was then adjourned.

THE STREET WATERING CONTRACTS AWARDED

Tenders for the street watering for the present year were opened at the meeting of the Board of Works on Thursday night and contracts awarded. The cost of keeping the dust down this year will be $1,527, about $125 more than the same service cost the ratepayers last year.

The tenders submitted were as follows:—

H. Hamlin—N. district... ... ...$415 00	
G. McClennan—W. district 399 00	
Z Blodgett—N. district 379 00	
John Hoban—N. district...	424 00
A. Valois—E. district	349 00
W. Collins—S. district...	400 00

In three of the districts only one tender was submitted for each, and to the respective tenders the contracts will be awarded, while in the northern district where there were three after the work, the lowest tender was accepted. The southern and eastern districts may be extended and if such is the case extra money will be paid for watering service.

MISSION TO MEN OPENS TO-MORROW

The Mission to Men for one week in the Y.M.C.A. Hall, opens on Sunday at four o'clock. Rev. J. G. Potter will be the speaker; his subject, "A Glorious Achievement."

There will be special music by soloists and the male choir. Every man in the city is invited.

WEDDING BELLS

BROWN—EASTWOOD.

The Mail and Empire yesterday had the following item, which will be read with interest by many in this city:

The marriage of Mr. George A. Brown, of Port Hope, to Miss Margaret Eastwood of Hall's Bridge, was quietly celebrated in the Church of the Redeemer yesterday. Rev. C. J. James, M.A., officiated. The bridegroom is a son of Mr. J. A. Brown, of Port Hope, and the bride's father is Mr. Thomas Eastwood, of Hall's Bridge. The bridesmaid was Miss Eva Brown, and the groomsman Mr. Morgan Carry, Port Hope. The bride was becomingly attired in a gown of point d'esprit lace over white taffeta, with trimmings of satin and Arras lace. The happy couple left on a short wedding trip and they will reside at Port Hope.

PROBATIONERS TO BE EXAMINED

On Monday Rev. J. G. Lewis, B.A., secretary of the Board of Examiners for the Bay of Quinte Conference, will go to Brighton to preside at the annual examination for probationers for the ministry. It is expected that about a dozen young men will take the examination, which will be held on Tuesday, Wednday and Thursday.

Look out for Baby.

Remember that a few applications of poor soap may cause serious skin trouble to a delicate skin. Don't take chances, don't accept any "just as good" Soaps for the baby, but buy

Baby's Own Soap

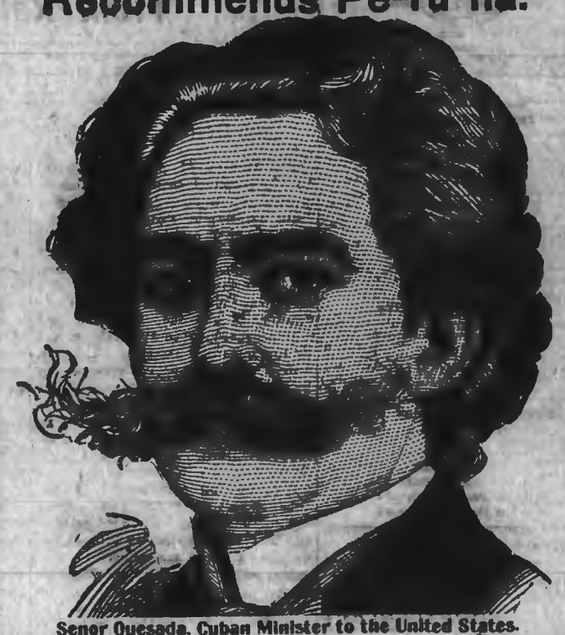
CUBAN MINISTER TO THE U. S.

Recommends Pe-ru-na.



Senor Quesada, Cuban Minister to the United States.

Senor Quesada, Cuban Minister to the United States, is an orator born. In an article in The Outlook for July, 1899, by George Kennan, who heard Quesada speak at the Esteban Theater, Mantanzas, Cuba, he said: "I have seen many audiences under the spell of eloquent speech and in the grip of strong emotional excitement; but I have rarely witnessed such a scene as at the close of Quesada's eulogy upon the dead patriot, Marti." In a letter to The Peruna Medicine Company, written from Washington, D. C., Senor Quesada says:

"Peruna I can recommend as a very good medicine. It is an excellent strengthening tonic, and it is also an efficacious cure for the almost universal complaint of catarrh."—Gonzalo De Quesada.

Congressman J. H. Bankhead, of Alabama, one of the most influential members of the House of Representatives, in a letter written from Washington, D. C., gives his endorsement to the great catarrh remedy, Peruna, in the following words:

"Your Peruna is one of the best medicines I ever tried, and no family should be without your remarkable remedy. As a tonic and catarrh cure I know of nothing better."—J. H. Bankhead.

There is but a single medicine which is a radical specific for catarrh. It is Peruna, which has stood a half century test and cured thousands of cases.

If you do not desire prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, O. All correspondence strictly confidential.

JUDICIAL NOTICE.

To the Creditors of the Peterborough Sugar Company, Limited.

Pursuant to the Winding-up Order made in The High Court of Justice in the matter of the Peterborough Sugar Company, Limited, and in the matter of the Winding-up Act, Chapter 129 of the Revised Statutes of Canada and Amending Acts and dated the 23rd day of February A. D., 1905. The creditors of the above named Company and all others having claims against the said Company, having its head office at the City of Peterborough are on or before the 7th day of May A. D., 1906, to send to R. E. Wood, Esq., Solicitor for the liquidator of the said Company, Peterborough, their Christian and surnames, addresses and descriptions and full particulars of their claims verified by oath and the nature and amount of the securities (if any) held by them and the specified value of such securities or in default thereof they will be peremptorily excluded from the benefits of the said winding-up order.

The undersigned will on the 14th day of May A. D., 1906, at eleven o'clock in the forenoon at his Chambers in the Court House in the City of Peterborough hear the report of the Liquidator on the said claims and let all parties then attend.

Dated this 9th day of April, 1906.

DRUG STORE—George Street

Thanks and Appreciation

It is due to the public that my hearty thanks be expressed for the gratifying success which attended the re-opening of my new Meat and Provision establishment on Saturday. The interest shown by the hundreds of callers who thronged the store day and night and the words of appreciation bestowed were compliments which I value highly.

The BILL OF FARE

PROF. D'ARVILLE'S COUNTERBLAST

Whether I am a student of psychology in all sincerity, or a target for critics to shoot at, is immaterial. In this age of new thought, with the freedom of the press and the open courts, man can be brought to justice. Not many years ago, in fact yet in the minds of the pioneers of Massachusetts, lives the scenes of butchered innocents. But with the advancement of Christianity came the enhancement of intellectual development. All the sciences are advancing; surgery, materia, medica, chemistry, jurisprudence, et cetera. Clairvoyance is now being used by many physicians for diagnosing disease. It will be well for the person who wrote the post-card correspondence in Thursday's Examiner to look up the term "clairvoyance," and if he is not satisfied that the derivation of it does not imply humbug fortune-telling I will be pleased to measure swords with him on this subject, and make manifest to the citizens of this city that I claim nothing but what I can substatiate before judges and juries. I do not prey upon credulous and untenable people, neither do I claim to perform miracles that are blasphemous and contrary to the ecumenical laws of the Creator. I possess the faculty of clairvoyance and clairaudience, which is a God-given inheritance. Let it be understood that people come to me of their own volition, generally to have questions answered that are exigeant; if they know the answers to their questions it is foolish extravagance to spend their money for something they already know.

J. H. D'ARVILLE.

THE STOLEN HORSE

An Old Proverb With a New Application.

The woods are full of "so-called" remedies for Baldness.

You may call anything in creation a remedy, but to use them is like locking the stable after the horse is stolen.

Baldness and Dandruff are caused by a germ—if you don't kill the germ the germ will kill the hair.

Scientists have laboured with the problem of a preventative for Baldness for many years.

Newbro's Herpicide is the product of a modern idea, and will cure Dandruff and prevent Baldness because germs cannot exist when you apply Herpicide.

Herpicide is a valuable hair dressing and scalp disinfectant, as well as a cure for Dandruff.

Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. Ormond & Walsh, Special Agents.

Expensive Extension
---OF GEORGE STREET---
From Ratepayers' View

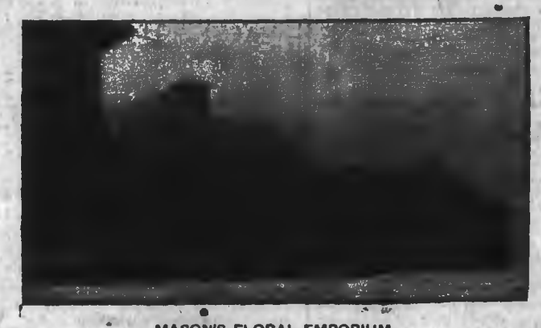
Proposal to Increase Value of Private Property at Public Expense—Running Fixed Assessment Principle Into the Ground.

The owners of property affected by the proposed extension of George street, are modest in demanding a fixed assessment of their property. Now, the chief argument in favour of the extension of George street, apart from considerations of convenience, the chief argument justifying the large expenditure that will be necessary, is the fact that the city will be recouped to a certain extent by the increased assessment that will come from the improved value — the increased assessible value — of the property thus brought into the market. Fixing the assessment may be defended in the case of industrial establishments which will be a benefit to the city by increasing population, making demand for houses, thus improving rents, and helping our merchants by the added patronage increased population brings. But to give a fixed assessment to property which is greatly increased in value, at public expense, seems to be, and is, utterly indefensible. The park lots to be greatly increased in value by the extension of George street, will remain park lots, and of park lot value, without the opening of the street. If the owners of these park lots had opened up the street at their own expense, and had then come with a demand for a fixed assessment, they would have then been able to present a case in the matter of fixed assessment — they would in that event have been able to pose to a certain extent as public benefactors, and, as such, entitled to some serious consideration. But, in this case they propose, they will, if their preposterous demand is met, be public beneficiaries — they will be gaining in a double sense, at the expense of the ratepayers. They will have their park lot property made valuable by increased accessibility, and being put into the market, and improved, by the addition of a $35,000 school in a park lot desert. If the property to be practically exempted from taxation is cut into building lots, and some sold, and houses erected, the lots still held by the present owners will be immensely increased in value by the expenditure on buildings, of other people. Again, why should the ratepayers of the city generally pay taxes on a top-notch assessment to provide money to extend George street to make private property valuable, and give it an increased additional value by practically exempting it from taxation, while other citizens are compelled to pay on the principle of value received? If a citizen paints his house, the assessor recognises his enterprise by raising his assessment. If the city did the painting he would not complain, but he would be set down as demented if, at the same time, he asked for a decreased assessment. The Board of Works took kindly to the proposal of the property owners to have the city open up George street, and refrain from assessing their lands at their true value, as other city property is assessed. Mayor Best would have no difficulty in acceding to his own request, to have money spent to improve his property, and have the people, whose interests he is supposed to protect, pay the shot. He should have looked after this matter last year, and then come before the people, and asked their opinion of it. What are we coming to? Simply this: that the people, and the interests of the people, are becoming of no account in the eyes of our petty tyrant rulers, the School Board and the City Council, who show a disposition to set the people at defiance. They may do it once, but will not likely have a second chance.

MASON'S FLOURISHING FLOWER BUSINESS

The large proportions—continually increasing—to which the business of Mr. Frank Mason, seedsman and florist, has grown indicate a similar growth of the popular taste for floriculture and flowers.

Mr. Mason is the pioneer florist of Peterborough, having entered into the business in 1873. Previous to that he had amateur tastes and experience in flower culture. He began on a modest scale, and his present large business is more than ten times as large as it was at the beginning.



MASON'S FLORAL EMPORIUM.

Since that time the popular demand for plants and flowers has grown immensely. In early years the demand was chiefly for flower plants—the cut flower branch of the business did not cut much figure— a 25-cent bouquet was considered a large order. Now the orders, in thousands, range from a 5-cent boutonniere to a 5-dollar bouquet.

Since beginning the business Mr. Mason has met the demands of his customers so satisfactorily that he has had all that he could do, and although three other large floral establishments have entered the field, Mr. Mason has been compelled to repeatedly enlarge his premises and productive capacity. Thirteen years ago he opened his conservatories at the corner of Water and Brock streets, and the increased demands for his choice flowers necessitated the opening three years ago of his fine down-town flower store, which, with its beautifully unique and and elegant show-window, with its overshot water wheel, has been a centre of attraction all through this Eastertide.

Still the business grows, like his flowers—"forced" by the warmth of public favour and patronage. Last autumn Mr. Mason greatly enlarged his Water street greenhouses. Externally, a great improvement was made. The long wall facing Water street was faced with cobble-stone work laid in cement, producing an unique and beautiful effect. Along and above the top of this wall in gilt letters runs the legend, "Wholesale, MASON'S FLORAL EMPORIUM, Retail," which indicates the extensive nature of his business within, for which the improvements provide first-class conveniences. A basement, concrete-floored, contains store-rooms, furnace rooms, potting rooms and office. In the latter, the floral designs for funeral and festive occasions, such as weddings, are produced. The demand for floral designs taxes the resources of these flower houses to the utmost, and some idea of the elaborate nature of the design demand is evidenced by the fact that one design, a floral chariot, drawn by real doves and dove-driven, costs $50.

Mr. Mason exports flower plants and cut flowers extensively to all points. This Easter he has been unable to fill orders, and even the celebrated Brampton Dale flower nurseries, with 14 acres of glass, could not fill the Easter orders that Mr. Mason's extensive trade brought him.

The Easter rush being over, Mr. Mason is better than ever equipped for meeting the demands for flower and other plants, bedding and potting, including vegetable seedlings—celery, tomato, etc., etc. At his down-town store will be found not only a full supply of blooming plants—the stock kept fresh by drafts on the greenhouses—but every variety of flower garden and field seed. So that in the line of flowers, cut flowers, seeds, etc., there is nothing that Mason cannot supply.

flower garden and bulk seed, so that

The satisfactory business relations, which Mr. Mason's first-class stock and fair-dealing methods have established with the public, necessitate increased expansion, and he has acquired a large area of land adjacent to his present premises, upon which he will at once erect extensive greenhouses.

$35,000 For School---
And $395,000 More

This is the Way "Elector" Sizes up the Present Situation —Board of Education's Disregard of Ratepayers and What it Reminds One Of—A Letter That Ratepayers Should Study.

To the Editor of the Examiner:

Sir,—

The School Board was put down and out on its second hold-up of fifty thousand dollars for the Collegiate Institute. By whom? By the ratepayers. When the so-called trustees determined again upon making free with the money of the ratepayers they decided to skip the poll. They did not want the opinion of the taxpayers. They were afraid of it. They might well be. When you come to sit down and look at the prospect it reminds me of looking at Rice Lake from the tower of St. John's. The lake is there all right and the guide will point it out to you so that any fool should be able to see it, but in the end you have to give it up with the idea that your sight is failing or the day is a little more cloudy than usual. The truth is the lake, like the future, is before us but the water is not only a beautiful prospect. It is a dangerous element. Even if you can swim you may get cramps. However, there is no good in getting in a sweat over it. If the people are anxious to let their representatives play with $430,000.00 (four hundred and thirty thousand dollars). It will be done. The bill in prospect is to my simple mind like this

1—Collegiate Institute...	$100,000 00
8—Little ward school...	25,000 00
3—New water works dam.....	100,000 00
4—Street extension, sewer, etc. at the south end of George street...	50,000 00
5—Ditto at north.....	15,000 00
6—Loss to the town in failure to secure water power (capitalized)...	20,000 0
7—Isolation Hospital	15,000 00
8—Capital required to run it	50,000 00
9—Increase in near future to teachers and for new teachers (capitalized)...	100,000 00
10—New high level bridge at Otonabee	35,000 00
11—Smith street bridge	10,000 00
	$430,000 00

This is our prospect in debt and liability. How do you like it? How does it compare with Rice Lake?

CHARLES DICKENS' MASTERPIECE

"Pickwick Illustrated," this entertaining lecture will be given by Mr. E. S. Williamson, of Toronto, on Monday night, at St. Peter's school hall, in aid of the school library fund. This lecture promises to be one of much interest, Mr. Williamson having given it to large and delighted audiences in other cities. One hundred stereopticon pictures will be used to illustrate the lecture, which portrays in word and scene the humorous masterpiece of Charles Dickens. The lecture illustrates the perambulations, perils, travels and adventures of the corresponding members of the Pickwick Club. 2d

BOYS WILL BE BOYS, AND GIRLS, GIRLS

Last night a party of three girls — young ladies — were passing west on Hunter street. When near the west end of the bill-boarding, opposite Noble's, suddenly a chorus of three shrieks rang out, and three pairs of daintily gloved hands closed three sets of skirts around three pairs of shapely ankles. The girls had seen a mouse slowly crawling the pavement to pass under the boards into the vacant lot. They would not continue their way westward, but went back to a crossing, and, like the Levite, passed by on the other side. They would not pass the mouse-infected spot, though two or three mischievous lads poked their heads out from behind the boarding —"It's only a dummy, ladies, it won't bite!"

A gentleman on his way home went to the rescue of the young ladies, and was seen vigorously punishing the small creature with a ponderous walking stick.

THE CHAMPION FAT CALF.

It hangs up in Mr. R. Dale's butcher shop, 476 Rubidge street, and there is nothing to equal it, or come near it, in the city. Only six months old and weighs 570 pounds of dressed veal. If there is anything to beat it, trot it out! This calf was raised by Mr. Ben Johnson, of Cavan, and is a credit to his feeding.

Mr. Dale has also a display of the finest Easter beef, lamb, mutton and pork that ever hung in shambles. Leave your order for a choice cut or 'phone 245. 2d

BIRTH.

MEIN—In Peterborough, April 13th, 1906, the wife of Geo. Mein, 331 Rubidge street, of a son.

MONDAY EVENING

Mrs. John Forestell and little son of Peterborough are spending Easter holidays with her parents, Mr. and Mrs. T. Doyle.—Marmora Herald.

Mr. Wm. Trout, of the Machine Telephone Co., returned from Hamilton last night, where he has been attending the burial of his father.

Captain Maurice Lane, of Bobcaygeon, is in the city for a few days. Capt. Lane was for three years master of the steamer City of Peterborough, and is renewing acquaintances here.

Mrs. (Rev.) Campbell, of Peterborough, will give an address in the Methodist church on Sunday evening under the auspices of the W. M. S. A song service will also be held during the evening.—Lakefield News.

Mr. Kennedy Gray of Winnipeg, is in the city spending a few days, at the home of his father, Dr. Gray. He has been transferred from the Winnipeg office of the Canadian Oil Co., to the head office at Toronto.

Mr. William Runnels, sr., and Mrs. Wm. Runnels, jr., are visiting in Peterborough this week.....Miss Agnes Carey spent a few days this week with her brother in Peterborough.....Mr. Edward Huff left today for Peterborough, where he has gone into business. — Campbellford Despatch.

Mr. R. M. Dennistoun Is Now A Bencher

Prominent Local Barrister Who is Elected to the Governing Body in Legal Profession—His Good Run.

Mr. R. M. Dennistoun has been elected as a Bencher of the Law Society of Upper Canada. The counting of the ballots was completed yesterday, and the standing of the candidates is very little changed from that of Thursday. Mr. Dennistoun polled 556 votes.

Mr. Dennistoun is also a new member, one of the five out of the 30 who were not Benchers last year.

The Benchers consitute the governing body of the profession. They have charge of reporting the cases at Osgoode Hall, and collect the annual fees. In a word, the Benchers occupy a position in the legal profession corresponding with that occupied by the College of Physicians and Surgeons in the medical profession, and election to it is considered an honour not to be lightly prized.

TO PREVENT LITTERING STONES ON CITY'S STREETS

To the Editor of the Examiner:

Dear Sir,—Now that the season of the year has arrived for teamsters drawing stones and gravel and other building materials should not out City Fathers see to it that the wagon boxes for carrying should be made so that during the whole distance there will not be a continuous stream pouring from the wagons.

It is not an uncommon thing to see half a dozen large stones drop from a wagon on a trip through the boxes not meeting requirements.

Look at the quantity of material being taken from the streets at the present time. Should there not be union boxes for the work.

Yours,
SPECTATOR.

Mission Band Gave Concert At George St. Church

An Enjoyable Evening Was Provided by Young People.

The annual concert given by the Mission Band in George street church Sunday School rooms last evening was a decided success. There was a large and appreciative gathering and the programme was cleverly rendered. All who took part deserve the highest praise. Rev. Dr. Crothers acted as chairman. During the evening Mrs. R. Mann, leader of the Band, briefly reviewed the work during the four years that it has been organized. The Band now has a membership of 50 and last year about $100 was raised. The sum of $5 was given to the Children's Aid Society and a box containing about $20 worth of supplies was sent to New Ontario. Mrs. R. Mann is the energetic leader of the Band, Miss Aggie Davis is president, Miss Iva Kirk, secretary and Miss Butcher, treasurer.

A good programme was contributed last evening, the choruses by the band being admirably sung, Miss Butcher playing the accompaniments, while the individual numbers were well rendered.

—The Nordheimer piano is the standard high grade piano of Canada. See one at H. H. Edmison's.

Forgot to order your Easter Beef? 'Phone in your order to Kennedy's if you can't come in person. Call up 275 (Bell) or 175 (Machine). Supplies of Prime Beef, Lamb, Veal, etc., are almost inexhaustible.

Entertainments Of Mr. Stubbs Gave Pleasure

In Central Ontario He Was Exceedingly Well Received

Mr. Jas. Stubbs has recently returned from a tour in Central Ontario, giving a number of entertainments, in which he has been singularly successful. The papers in the towns in which he gave his entertainments speak very highly of them.

At Newmarket he gave his entertainment in the Methodist church, and the crowd was so great that at 8 o'clock the doors had to be locked against a number of persons who could not gain admittance. The "Era" speaking of it, says :

"The entertainment throughout gave entire satisfaction. Mr. Stubbs has a splendid apparatus. The pictures were thrown on the canvas with the greatest brilliancy and explained in such a manner that they could not fail to interest everyone. The moving pictures were a delight to the children, who also enjoyed the selections on the phonograph."

The Richmond Hill "Liberal," in speaking of the entertainment given there says: "The entertainer gave a programme lasting nearly two hours but as the lecture was varied with stereopticon views, moving pictures, illustrated songs, recitations, anecdotes and phonograph selections, the interested audience did not perceive the hours gliding away. Mr. Stubbs' heart is in his work, and he does his best, and succeeds in giving everybody value for his money."

In Thornhill Mr. Stubbs achieved another success and a letter from there says:

"Mr. Stubbs gave his entertainment twice while stationed in Barrie and during our term here has given it at two appointments on this circuit; on each occasion those present were more than pleased. Twice he has given us his Sunday evening illustrated service, which is most interesting and impressive. On two occasions he has preached for us with great acceptance and profit to his hearers.

"George McKinley."

The High School at Aurora, also had Mr. Stubbs and, speaking of it, Mr. C. W. Mulloy, Chairman of the Committee, writes as follows:

"The entertainment given by Mr. Stubbs in behalf of our public library was a very agreeable surprise to the large audience present. Mr. Stubbs describes his travels in so entertaining a fashion, giving so many excellent views all along the way that one almost feels the he is himself taking the trip. I recommend the entertainment as one most interesting and instructive. We shall be glad to engage Mr. Stubbs again.

"C. W. Mulloy."

Basement Opening At Turnbull & Co's

Opening Event Inaugurates a Seven Days' Sale—Splendid Features in the New Linoleum Section—The New Curtain Room and the Carpet Department.

To-day Messrs. Turnbull & Company welcomed hundreds of visitors to the opening of their splendid new basement section. As much for the pardonable pride it gave, as to show what a big and useful store this has grown to be, the firm celebrated the opening event with a seven days' sale. The house-furnishing business of this firm has increased to such an extent that they are compelled to provide more accommodation, and have fitted up the entire basement under the carpet department on Simcoe street in modern style. This gives about twice the original floor space for housefurnishings, with improved facilities for buying.

The new basement section is well lighted by rough glass street windows and electric lights suspended from the ceiling. The walls are in a rich, white calsomine, and the ceiling laid with an ornamental metallic design, painted in a light colour.

The New Basement Addition.

The display of English and Scotch Linoleums is very extensive. It embraces a full range of qualities from the genuine inlaid Linoleum, worth from $1.25 per yard down to as low as 25 cents per yard. Over one hundred rolls are shown in 4 or two-yard widths, and nearly fifty huge rolls of 10-4 of four-yard widths. A labour-saving linoleum rack has been constructed near the best light from the windows. It is in the form of a sloping rack, with iron pinions to hold about twenty-five rolls. Any one of these twenty-five patterns may be easily unrolled and displayed without the usual cumbersome and tedious method of unrolling them on the floor.

Quality is the main thing in linoleums. A mistake in buying the wrong quality will be a daily worry as long as it is in use—the only compensation being the negative consolation that such linoleums do not last long. Turnbull's has earned the reputation of being a safe store to buy linoleums. The best source of supplies are open to this firm. The best makers send their best. Knowing this, and being assured that prices are right, is it any wonder that this firm is doing a rapidly increasing business in these goods?

Other allied lines shown are Oilcloths and stair widths, 3-4, 5-8 and 2-4 widths. These include the best pattern out for 1906, as well as medium and cheap.

For bedding requirements, just everything needed may be found at Turnbull's. A broad term, but it seemed that every known want in this line is here. Beds, springs, mattrasses, feather pillows, and, in the staple department upstairs, you'll find sheets, pillow slips, coverings, comforters, blankets, etc., almost ad infinitum.

Iron Beds are also an interesting feature of the basement displays. These beds are enamelled in white, green and blue, and finished with brass knobs and brass rails, and some all brass designs. Pretty styles they are, thoroughly sanitary and easily cared for. The price range is something phenomenal. For instance:

Here was an iron bed in white enamel with brass knobs and caps, ticketed $4.50, but reduced to $2.50 for this seven days' sale.

Here was another—a gold finished iron bed in two sizes—4 ft. and 4 ft. 6in., ticketed $7.50, but the figures changed to $5 for this sale.

A pretty green finished iron bed with brass knobs and top and centre, was tagged at $8.50, but $5.99 was the price asked.

Children's cots and cribs, so safe, clean-looking and neat at similarly reduced prices for the next seven days. The inducements in iron beds are certainly worth looking into if you are thinking of investing in iron beds.

Wire matrasses and springs, and hair, fibre and sea grass matrasses at irresistable prices, are also piled up for inspection.

The basement fairly glistens with newness from ceiling to floor. With an overflow of the choicest goods at inviting prices, and intelligent, well organized service, the basement opening sale started off to-day with shoppers' interest keyed up to a high pitch of enthusiasm.

Newly Re-modelled Curtain Room.

The Simcoe street branch of this expanding departmental store is growing more popular than ever. The shopper was agreeably surprised to-day by the changes that have taken place in the curtain room, at the rear of the Simcoe street entrance. The walls have been suitably recovered with a light shade of green ingrain paper and a Japanese combination border. The woodwork has been freshly painted, the display cases grained in oak; and the floor covered ed with new linoleum of a harmonious block design. New facilities have also been introduced for showing the curtains, which will be advantageous to buyers. Here are shown the racks for displaying the window shades, curtain poles, window trimmings, etc. The firm shows very strong stocks of upholsteries and decorative goods. The lace curtain demand is always strong at this season of the year, so that shoppers were at no loss to find what they wanted in Brussels, Irish point and Nottinghams, in high, medium and low grades. Robbinet and ruffled curtains that rank with the swell window displays, as well as printed muslins which enjoy a fair share of the housewife's demands. Chenille and Tapestry curtains and portiers are equally well represented.

Carpets, Rugs, Mats, Etc.

Of course it would be impossible for a department store like Turnbull's to be complete without a carpet department. Their spring importations show a very full range, having been planned on a still bigger scale than ever. The resources of the establishment enable Peterborough people to enjoy equal advantages with those living in the large cities. And so it is that the store is going ahead with rapid strides. Some of the savings which they claim during this seven days' sale in the carpet line were quoted as follows:—85c wool carpet for 59c, $1.25 Brussels carpets for 89c, beautiful velvet carpet of the $1.25 and $1.35 quality for 99c. They show full lines of art squares, Japanese rugs, pretty Japanese mattings, etc. These goods are making a revolution in Canadian homes, clean, sanitary and possessed of unique designs and colourings. Hundreds of a special very thick cocoa door mat were sold at 25c to-day.

J. H. D'ARVILLE

The Eminent Clarivoyant and Palmist

NO MAN IS BORN INTO THE WORLD WHOSE WORK IS NOT BORN WITH HIM.

The power of clairvoyance, or the science of cataphonics, must have been the dominant power within Columbus. Yet none the less the voice he imagined he once heard in a dream spoke truly; he had not found the Indies, but as the voice seemed to say he had opened those gates of the ocean which until then were shut with the chains of ignorance and fear. Columbus had the conviction that he was engaged in a providential work and that he was sure to accomplish it. There are occasions in life when such a faith is worth everything to its possessor.

Most every human being has experienced some sort of mental disturbances, either through noises or visions; the more sensitive the organism the more apparent are these vibrations.

The inventor is at a loss to explain the strange illumination of the brain which enables him to see visionarily. The artist is perplexed in wonderment at the iridescency of colours which continually appear to him. The musician is bewildered at the silent undulations of harmony; and so it is in every sphere of human activity, people are more or less sensitive to these phenomena.

HE TELLS YOUR FULL NAME, and what you called for; if not he makes no charge.

Everyone pleased; no one disappointed; a reading with Mr. D'Arville will add many successful and happy years to your life. He brings out points so plainly that all the dreams of alchemy would soon prove true. He tells business changes, travels, vocation, when and whom you will marry, full names, dates, facts and figures. Mr. D'Arville has many unsolicited testimonials from the most prominent people of this city. He is non-mercenary and always pleased to see his friends.

Mr. D'Arville will reduce his prices for the next week so that all who desire a clairvoyant reading may have a chance.

Readings private and confidential. Hours, 10 a.m., to 8.30 p.m.

Address: 29 Queen Street, Peterborough.

Latest News Of Sports

C. G. Graham Elected ---TO VICE-PRESIDENCY--- Of Midland League

Annual Meeting Was Held Yesterday in Cobourg—P. J. Reilly, of Oshawa, the New President—New Resident Rule Adopted—Players Must be Residents of Towns Before May 1st—A Double Schedule Arranged.

Special Wire to The Examiner

Cobourg, April 13th. — The annual meeting of the Midland Baseball League was held at Cobourg this afternoon.

In the absence of President Pethick, who was detained through illness, the chair was taken by Mr. A. Hambly of Oshawa.

The following delegates were present: T. Mulhall, A. Wilson, Cobourg; B. Crawford, W. Giddy, Port Hope; A. Hambly, H. Galbraith, Oshawa; J. Sheridan, Ed. Desautel, Peterborough; S. Lockington, secretary, Port Hope; Harry Maguire, treasurer, Cobourg.

The minutes of the last annual meeting were read and confirmed, and the secretary's report received.

There were three candidates in the field for the presidency—P. J. O'Reilly, Oshawa, H. Maguire, Cobourg, and J. W. Rosevear, Port Hope.

On the first ballot the vote resulted as follows: Rosevear, 4; O'Reilly, 2; Maguire, 2.

Cobourg objected to Mr. Rosevear holding the office of president and acting as umpire and to avoid any trouble he withdrew.

On the next ballot O'Reilly received 4 votes and Maguire 4.

To break the tie two names were placed in a hat, and Mr. O'Reilly was drawn first and was therefore declared president.

The officers elected are as follows:
Pres.—P. J. O'Reilly, Oshawa.
1st Vice-Pres.—C. G. Graham, Peterborough.
2nd Vice-Pres.—T. Mulhall, Cobourg.
Sec.—S. Lockington, Port Hope.
Treas.—H. Maguire, Cobourg.
Executive committee — M. Connors, Peterborough; J. Walters, Port Hope; T. Mulhall, Cobourg, J. S. Galbraith, Oshawa.

Last year's rules with a few exceptions was adopted. The deposit money was increased to $50.

The most important amendment was in reference to the residence clause. The resolution was carried that all players must be bona fide residents of the towns in which they play on or before the first of May. The managers of the different teams must furnish the secretary and the president with a list of their players and if they wish to make any additions to this list they must give 30 days notice of the same.

The double schedule was arranged as follows:

May 24—Port Hope at Cobourg.
Peterborough at Oshawa.
June 2—Cobourg at Peterborough.
Oshawa at Port Hope.
June 16—Peterborough at Cobourg.
Port Hope at Oshawa.
July 1—Oshawa at Peterborough.
Cobourg at Port Hope.
July 14—Peterborough at Pt. Hope.
Cobourg at Oshawa.
July 21—Oshawa at Cobourg.
Pt. Hope at Peterborough.
Aug 4—Peterborough at Cobourg.
Port Hope at Oshawa.
Aug. 11—Cobourg at Port Hope.
Oshawa at Peterborough.
Aug. 18.—Port Hope at Cobourg.
Peterborough at Oshawa.
Aug. 25—Pt. Hope at Peterborough.
Oshawa at Cobourg.
Sept. 1—Cobourg at Shawa.
Peterborough at Pt. Hope.
Sept. 8—Cobourg at Peterborough.
Oshawa at Port Hope.

J. C. MILLER IS ELECTED TO THE PRESIDENCY

At the annual meeting of the C.L.A., held yesterday in Toronto, a junior series with an age limit was decided on. The officers elected were:

President—John C. Miller, Orillia.
1st Vice-President—J. D. Bailey, Toronto.
2nd Vice-President—J. M. Kearns, Arthur.
Council—Thos. F. Doyle, Newmarket; H. M. Jackson, Seaforth; John McEachren, Toronto Junction; O. S. Eby, Hespler; Blaney McGuire, Orangeville; Harry Goodall, Dundalk; Woody Tegart, Toronto; G. G. Green, Bradford; J. K. Forsythe, Toronto; T. E. McKim, Collingwood.

The vote was:—Miller 156, Cameron, 128, Bailey 139, Irvine 136, Kearns 81, Ellis 81.

For the council the votes for the ten elected were:—Doyle 139, Jackson 128, MacEachren 114, Eby 104, McGuire 94, Tegart 91, Goodall 91, Green 90, Forsythe 89, McKim 86. Bert Krausman of Elora and E. M. Best of Peterborough, also had 86 votes each, making a three-cornered tie with Mr. McKim, and the winner was decided by lot.

Strathconas Won The First Game

Guild League Champions Lost 13-Innings Contest.

On a thirteen innings game with a driving finish the Strathconas trimmed the Charlotte street Guild team yesterday afternoon by 8 runs to 7. A big bunch of fans was out and saw an exciting game of ball. At the end of the ninth the score was 7—7, and neither side scored again until the thirteenth, when the Strathconas crossed the plate for a counter. Considering the fact that it was the first game of the season the teams played good ball, and although errors were made at times, the fielding was good. The twirlers worked in hot weather form and none of them were batted freely.

The Guild League champions were out in front during the first part of the game, and at one stage led by 5—0. The Strathconas, however, rallied and succeeded in tieing the score and eventually won out.

Quinlan pitched gilt-edged ball for the winners. Pilling's long drive to left was the batting feature.

The teams were:

Strathconas—Wilson, c; S. Quinlan, p; Wallis Parnell, 1b; W. Weatherston, 2b; Kendry, ss; A. Weatherston, 3b; Gilman, lf; Curtis, cf; McMillan, rf.

Charlotte Street—Long, c; Ryan, p,rf; Heaslip, 1b; Squires, 2b; T. Pilling, ss; Walker, 3b; Crowe, lf; Roddy, cf; J. Pilling, rf, p.

Umpire—Fred Whitcroft.

FOOTBALL

Yesterday's bright weather brought into prominence the summer sports and Central Park was the scene of a lively time during the afternoon. The Peterborough Quakers were out in uniform and a good work out was held. The game promises to flourish in Peterborough from the present indications, as the boys are very enthusiastic. Among those who were in the game yesterday were the following: J. Donks, L. Brooks, P. McFadden, Blewett, Evans, P. Gillespie, R. Todd, F. Roberts, Dr. Morgan, P. Fitzgerald, C. Fitzgerald, Deforge and Crough.

Come on in to-night and have a good look at Kennedy's Palatial Meat and Provision Market. You will be just as welcome if you don't buy as if you do.

Must You Buy a New Suit?

A Particularly Painful Case

Unfortunate Barnardo Home Girl in Court This Morning.

A sad case came up for consideration at the police court this morning. It was that of Sarah Burns, born in England, and who for the past couple of years or more has been a Barnardo Home inmate. The unfortunate girl is mentally deranged and has been subject to fits of lunacy for the last six months. While in these strange moods her imagination is grotesque in the extreme.

The girl is subject to epileptic fits which have caused her mental derangement. The authorities are taking care of her temporarily and she will probably be sent to an asylum.

PORTER'S Easter Beef

Extra special preparations will enable us to offer the very choicest meats obtainable for Easter. Our cattle were not purchased in Toronto, but are the pick of our own county, selected by our own practical buyer, Mr. Robert Howden, and will compare with any in the Dominion:—

FOUR Thoroughbred Two Year Old Steers, from the herd of Mr. Herb. McKee, Smith. These extra prime cattle were specially fed for our customers, and weigh 3,325 pounds of Dressed Beef.

FOUR Carefully Raised Spring Lambs thoroughbred Oxford Downs, from the fold of Mr. Deyell, South Monaghan.

EIGHT FATTED CALVES, picked from the stock yards of the best Otonabee and Smith farmers.

DELICIOUS PEA-FED PORK, from the pens of Mr. J. Cox, of the Armour Farm, also

TOOTHSOME PROVISIONS

including Fowler's (of Hamilton) Mild Sugar and Cured Hams, Bacon and Rolls; Fatted Poultry (Plymouth Rock) Cooked Meats, Canned Meats, and Vegetables; Hot House Vegetables and Fruits, etc.

Let us have your orders for Easter early—the sooner the better, to ease off the Saturday rush.

Mr. Fleetwood, the well-known expert cutter, will be assisted by other skilful salesmen.

J. SUTCLIFFE & SONS

Curlers Plan For A Three Story Structure

Meeting of Those Interested Will be Held To-night to Form Company—Palatial Quarters Will Probably be Provided on Charlotte Street—Stores on Ground Floor—Club Rooms Above—A Pretentious Structure.

To-night a meeting of the Peterborough Curling Club, Limited, will be held at the Charlotte street rink, when steps will be taken to form a joint stock company to purchase the rink from its present owners, the Curling and Skating Club, which will be wound up in the near future. In case the new company is formed, which now seems quite probable, some extensive changes will be effected at the rink. It is understood that a good sum of money has already been subscribed, enough, it is said to place the project on a sound financial basis, and the present plans are to erect a new structure on Charlotte street, on the site of the present rink. The new building will be three stories, the front of the first floor to be occupied as stores, with the curling space, as at present at the rear. On the second floor, club rooms will be fitted up for the use of the curlers, and a large reception room provided for use in public receptions, etc. It will also be used for dances.

The present intention in respect to the third floor is to lease it for club rooms, and it is understood that one of the local fraternal societies, which has been on the lookout for club rooms in the city, and has the money all ready to fit them up as soon as they can be procured, has been approached on the subject, and it is understood that a satisfactory proposition has been made.

If this plan is carried out, and there seems good reason to believe that it will be, Peterborough curlers will have a building which will be a credit to them as well as to the city, and with a building on Charlotte street, such as they intend to erect that section will soon be looked upon as one of the best business portions of the city.

No doubt the meeting to-night will be largely attended, as it is understood that the curlers, as well as a number of other gentlemen are taking a deep interest in the scheme, which is one of the most pretentious of its kind launched in Peterborough in some time.

THE SMART SHIRT STORE

Good Things FOR Men

The quality of goodness is found in our

Cressman's

County Council Accepted
---AT MEETING ON SATURDAY---
Hamilton Co's. Tender

Contracts for Steel Work on New Indian River Bridges Awarded to the Hamilton Bridge Works—Mr. P. Conroy's Tender for the Concrete Work was Accepted, the Tender Being $5000.

The Roads and Bridges Committee of the County Council met on Saturday afternoon, when the tenders were opened for the steel work and concrete abutments for the new bridges across the Indian River, at Keene, and Evans'.

Four tenders were received for the steel work, and three for the concrete work, the lowest tender in each case being accepted.

The following are the tenders received for the steel work:

Canada Foundry Co., Toronto.
Keene bridge..... $3425 00
Evans' bridge..... 2175 00
Canada Foundry Co., Walkerville.
Keene bridge..... $3250 000
Evans' bridge..... 2100 00
Hamilton Bridge Works.
Keene bridge..... 2887 00
Evans' bridge..... 1863 00
Port Huron-Sarnia Co.
Keene bridge..... $3350
Evans' bridge..... 1850

On motion the tender of the Hamilton Bridge Co., at $2887 for the Keene bridge, and $1863 for the Evans bridge was accepted.

For the concrete abutments the following tenders were received:

D. Conroy,
Both bridges..... $5000
M. A. McNamara.
Keene bridge..... $9000
Evans bridge..... 1550
James Bogue,
Keene bridge..... $5000
Evans bridge..... 1500

Mr. Conroy's tender was accepted, and at the meeting of the council afterwards the report of the committee was adopted.

Some Big Offers for Grand Opera House

Local Capitalists are Making Overtures for Purchase of This Place of Amusement—A Paying Proposition While It Will Take Some Big Money to Secure.

The Opera House business in Peterborough is getting to be looked upon as a paying proposition. This is evidenced by the fact that recently Mr. A. H. Bradburn, the proprietor of the Grand Opera House, here, has received several offers for the house.

Last week Messrs. J. J. Turner & Sons made an offer which was not considered high enough by Mr. Bradburn, and it was not accepted. At least another local capitalist has been in negotiation with him, but no deal has been closed yet, and unless he gets his price the present proprietor will not sell the property, which is one of the best money-makers in the city.

The exclusive franchise which the house has with the Canadian Eyrie, is in itself a most valuable asset, and makes another opera house in the city an impossible proposition.

Mr. Bradburn, when spoken to today in reference to the matter, made it clear that he was not anxious to sell his house, and if he does sell the buyer will have to put up the price.

HEAVY TRAFFIC IN PROSPECT TO COBALT

Mr. W. Buntom, the city passenger agent of the G.T.R. stated to the Examiner to-day that the prospects for a great summer's business to Cobalt were excellent. At present through Pullman trains are being run from Buffalo to Cobalt, and in the near future two extra trains a day will be put on the line to handle the traffic, making four trains each way daily. At the present time Cobalt is a mixture of snow and mud, and special effort will be made to clean the people there until it dries up some.

this morning for the season. The out of logs last winter was one the largest in the history of the company, and there is an abundant supply of material on hand to ensure long summer's work.

Alleged Horse Thieves Taken in Millbrook

R. C. Adams left for Millbrook to-day to bring to the city Will Donnelly and Geo. Raper, charged with the theft of Mr. Wm. Gillespie's horse and buggy that was stolen from the White House sheds on the 7th of this month. The prisoners were taken into custody by Constable Handley, of Millbrook, who acted under instructions from Chief Rorsel.

RECRUITS WILL BE ENROLLED

The farewell meeting of Staff Capt. Manton's series of special meetings in the Salvation Army Barracks, will be held to-night and in connection with it an enrolment of recruits will take place.

DICKSON CO'S MILL AT WORK

Mr. J. H. McClellan, was notified today that the Dickson Company's mill at Lakefield commenced operations

Ashburnham, Limited

WHO SHE WAS

SKETCH OF THE LIFE OF LYDIA E. PINKHAM

And a True Story of How the Vegetable Compound Had Its Birth and How the "Panic of '73" Caused it to be Offered for Public Sale in Drug Stores.

This remarkable woman, whose maiden name was Estes, was born in Lynn, Mass., February 9th, 1819, coming from a good old Quaker family. For some years she taught school, and became known as a woman of an alert

and investigating mind, an earnest seeker after knowledge, and above all, possessed of a wonderfully sympathetic nature.

In 1843 she married Isaac Pinkham, a builder and real estate operator, and their early married life was marked by prosperity and happiness. They had four children, three sons and a daughter.

In those good old fashioned days it was common for mothers to make their own home medicines from roots and herbs, nature's own remedies—calling in a physician only in specially urgent cases. By tradition and experience many of them gained a wonderful knowledge of the curative properties of the various roots and herbs.

Mrs. Pinkham took a great interest in the study of roots and herbs, their characteristics and power over disease. She maintained that just as nature so bountifully provides in the harvest-fields and orchards vegetable foods of all kinds; so, if we but take the pains to find them, in the roots and herbs of the field there are remedies expressly designed to cure the various ills and weaknesses of the body, and it was her pleasure to search these out, and prepare simple and effective medicines for her own family and friends.

Chief of these was a rare combination of the choicest medicinal roots and herbs found best adapted for the cure of the ills and weaknesses peculiar to the female sex, and Lydia E. Pinkham's friends and neighbors learned that her compound relieved and cured and it became quite popular among them.

All this so far was done freely, without money and without price as a labor of love.

But in 1873 the financial crisis struck Lynn. Its length and severity were too much for the large real estate interests of the Pinkham family, as this class of business suffered most from fearful depression, so when the Centennial year dawned it found their property swept away. Some other source of income had to be found.

At this point Lydia E. Pinkham's Vegetable Compound was made known to the world.

The three sons and the daughter, with their mother, combined forces to restore the family fortune. They argued that the medicine which was so good for their woman friends and neighbors was equally good for the women of the whole world.

The Pinkhams had no money, and little credit. Their first laboratory was the kitchen, where roots and herbs were steeped on the stove, gradually filling a gross of bottles. Then came the question of selling it, for always before they had given it away freely. They hired a job printer to run off some pamphlets setting forth the merits of the medicine, now called Lydia E. Pinkham's Vegetable Compound, and these were distributed by the Pinkham sons in Boston, New York, and Brooklyn.

The wonderful curative properties of the medicine were, to a great extent, self-advertising, for whoever used it recommended it to others, and the demand gradually increased.

In 1877, by combined efforts the family had saved enough money to commence newspaper advertising and from that time the growth and success of the enterprise were assured, until to-day Lydia E. Pinkham and her Vegetable Compound have become household words everywhere, and many tons of roots and herbs are used annually in its manufacture.

Lydia E. Pinkham herself did not live to see the great success of this work. She passed to her reward years ago, but not till she had provided means for continuing her work as effectively as she could have done it herself.

During her long and eventful experience she was ever methodical in her work and she was always careful to preserve a record of every case that came to her attention. The case of every sick woman who applied to her for advice—and there were thousands—received careful study and the details, including symptoms, treatment and results were recorded for future reference, and to-day these records, together with hundreds of thousands made since, are available to sick women the world over, and represent a vast collaboration of information regarding the treatment of woman's ills, which for authenticity and accuracy can hardly be equaled in any library in the world.

With Lydia E. Pinkham worked her daughter-in-law, the present Mrs. Pinkham. She was carefully instructed in all her hard-won knowledge, and for years she assisted her in her vast correspondence.

To her hands naturally fell the direction of the work when its originator passed away. For nearly twenty-five years she has continued it, and nothing in the work shows when the first Lydia E. Pinkham dropped her pen, and the present Mrs. Pinkham, now the mother of a large family, took it up. With woman assistants, some as capable as herself, the present Mrs. Pinkham continues this great work, and probably from the office of no other person have so many women been advised how to regain health. Sick women, this advice is "Yours for Health" freely given if you only write to ask for it.

Such is the history of Lydia E. Pinkham's Vegetable Compound: made from simple roots and herbs; the one great medicine for women's ailments, and the fitting monument to the noble woman whose name it bears.

The House Of Refuge

---AS SHOWN BY FIRST PLANS---

Will Be A Fine Building

Architect Belcher's Plans Were Approved of by County Council Building Committee—Building Will be 78 x 40 ft. and Will Accommodate 75 Inmates.

Mr. John E. Belcher, County Architect, presented his first plans for the House of Refuge to the Building Committee of the County Council on Saturday, and they, with a few modifications, were approved of by the committee. Mr. Belcher will complete the specifications at once and it is expected that the council will be in a position to advertise for tenders by April 20th.

Mr. Belcher's plans show the new building to be a fine structure, and one that ought to answer all demands made upon its accommodation.

The building will be 75 by 40 feet, and will be three stories in height, giving accommodation for seventy-five inmates. It will be of red brick, with a foundation of concrete and stone. The building will have a very handsome entrance. On the ground floor on the left side will be found the matron's room, and the day room. The men's ward will also be found on this side, and there will be seven beds, as well as clothes closets and a laundry. The other side of the ground floor will contain a large reception room, a day room, women's ward, laundry, clothes closet, etc., and a well-equipped pharmacy.

The second floor is reserved for bed rooms, the men sleeping on one side of the building and the women on the other. The rooms will be of comfortable size, and plenty of conveniences will be included for the use of the inmates. There will be baths, clothes closets, and a laundry also on this floor.

In the basement will be found the kitchen and dining room, as well as large wards for the men and women.

The building will be complete in every detail, and will be on the most modern lines possible.

A GUARANTEED CURE FOR PILES

Itching, Blind, Bleeding, Protruding Piles. Druggists are authorized to refund money if PAZO OINTMENT fails to cure in 6 to 14 days. 50c.

THIS IS AN EASTER SURPRISE "CHICK"

Mr. Jas. O'Shea, of the Commorical House, reports the hatching of a somewhat "confused" incubator chick. While taking off a hatch the other day of thoroughbred Wyandottes he noticed a monstrosity in the fowl line that startled him very much. One of the brood of the big mechanical hen was hatched with its feet coming out of its back instead of from the under part of its body. The chicken's face and what, under normal conditions, would be the lower part of its body, are turned skywards. Taken altogether the phenomenon is decidedly interesting, as well as bewildering.

Calls Halt For Lack Of Funds

Immigration Work of Salvation Army Temporarily Stopped.

Toronto, April 12. — Commissioner Coombs says that for lack of funds the Salvation Army has called a halt in its immigration work. He has a large batch of applications of good citizens in the Old Country who desire to come out, but the Army has not the money to help them. He has also cabled they can handle only 25 families for Foresters' lands in the Northwest.

CONVENTION IS NOW CLOSED

Since Thursday evening a convention has been in session in the Mission Hall on Water street, which has been well attended. Perhaps thirty-five or more have been present from outside points, and although the methods of conducting services, and the loud outbursts of "Amens" and "Hallelujahs," might seem a little peculiar to the ordinary church goer, yet no one could doubt the earnestness and zeal with which they were endowed. The gathering was a holiness convention and quarterly meeting of the Free Methodists, or Primitive Methodists, of the Uxbridge District, who profess to follow Wesley in his doctrinal points, and to enforce the discipline, etc., of the early church. The men all wore high vests, immaculate white collars, but no neckties; the women were dressed with the utmost simplicity — no Easter bonnets were to be seen, and in fact, there was an entire absence of the milliner's and dressmaker's fancy touches. All jewelry was conspicuous by its absence, even the orthodox gold wedding ring not being in evidence.

The meetings have been largely attended and thoroughly enjoyed by many Peterborough people. Addresses were given by Elder. R. Burnham, and Messrs. Sims, Babcock, Snyder, Goodrich, and a number of others. Last evening the speaker was Lotta Babcock, who gave a telling address on the leanness and lukewarmness of so many professing Christians.

Memories of other days were awakened by some of the almost now forgotten hymns sung, while manifestations of "power," and over-flowing joy, were accompaniments of several of the services.

Although the convention proper closed last evening, services will be continued in the same place for several weeks, the local pastor, H. B. Luck, being assisted by a number of friends from outside places.

MRS. HUBBARD AN ENGAGING SPEAKER

The most remarkable achievement in the line of exploration ever accomplished by a woman is doubtless that of Mrs. Leonidas Hubbard, jr., who intrepidly and successfully traversed the lonely and unknown wilds of the interior of Labrador, tracing and mapping the course of two of its largest rivers, the Nascaupee and the George, thus completing the great undertaking which cost her heroic husband his life.

Setting out from Northwest River Post at the head of Lake Melville, she explored the Nascaupee river to its source in the great Lake Michikamau. Traversing this lake to its northern extremity she then proceeded to the height of land, and the chain of lakes that are the headwaters of the George River, which she descended to Ungava.

For popular lectures she is in great demand. Her appearance on the platform is most winning, and she tells her thrilling story in a most vivid and dramatic manner, illustrating it with many stereopticon views of the grand and beautiful scenery through which she passed and of some of the most striking incidents of her heroic journey.

BRIGHT STUDENT AT KNOX COLLEGE

The Newmarket Era, speaking of Mr. J. A. Sharrard, brother of Mr. E. Sharrard of this city, says:—

"It is again our pleasure to be able to offer Mr. James A. Sharrard our hearty congratulations on his recent success and upward step in his career at Knox College. A plain ordinary pass in a professional or university course, is the lot of many, but to few indeed do the honours of scholarship come. Mr. Sharrard was not only successful in getting one of those coveted prizes last year, but duplicated his success by receiving last week in the second year exams., the first and most valued scholarship of the year — the R. H. Thornton, $100.00."

ADDRESSES ON MISSION WORK

On Friday night in St. Paul's church a meeting in which all who are interested in missionary work will derive pleasure from attending, Miss Bell, daughter of the late Alex. Bell, and Miss Robinson, will give addresses on the work of missions in which they are engaged, the former, in connection with the Toulon Hospital.

THE FISHERMAN WAS ALSO CAUGHT

An enthusiastic, if somewhat premature disciple of Isaac Walton drove into the city Saturday with four bags of fine fish. Mr. Dave Johnson, fishing inspector, was on the alert, however, and seized the entire catch. Further developments will probably follow.

ON SATURDAY

SEWER AND OTHER SPRING WORK ON

The presence of frost in the ground yet prevented the resumption of water works operations which in the matter of services will probably be taken up next week.

Work is now going on at sewer construction in four places—Simcoe street, Rubidge and Reid, city building, Simcoe street, west of Bethune, Mr. John Hayes, contractor; Boliver street, Mr. John Robson, contractor; Lake street, R. Sheehy, contractor.

A Simple Cure for Piles.

Pile sufferers know that Ointments and other local treatments sometimes relieve, but never cure. They don't remove the cause.

There is a little tablet that, taken internally, removes the cause of Piles and cures any case of any kind no matter how long standing.

A month's treatment costs $1.00. Ask for Dr. Leonhardt's Hem-Ro'd (a thousand dollar guarantee goes with every treatment).

Hem-Ro'd is the discovery of Dr. Leonhardt, of Lincoln, Neb., one of the most distinguished and successful physicians in the Western States.

FIRST STEAMER FOR THE SEASON

The first steamer up the Otonabee this year was Mr. Wedlock's yacht, which made the trip Saturday morning in safety. This is an early opening of navigation on the Otonabee, and beats by one day Mr. J. H. McClellan's prophecy that it would open on the 15th.

MOTHER AND CHILD.

Let the mother take Scott's Emulsion for the two; it never fails to benefit them both. One can eat for two, but nourishing two is a different thing. It calls for a degree of internal strength that the average woman lacks. People of luxury are not very strong by habit; overworked people are weak in some functions from exhaustion or their surroundings. Scott's Emulsion can be depended upon to overcome such conditions. It is a wonderful food for a mother and child.

SCOTT & BOWNE, Toronto, Ont.

The Principal Part of Zutoo

Is a vegetable ingredient imported from Japan. Another ingredient, is soda—just the old-fashioned soda. Yet Zutoo will cure headache as quickly as any drug and without injury to the system.

HOW CAN YOU?

How can you expect fine Photography—best work—if you don't go to the best Photographer? Our work has proved to be of such work; and that is the particular reason, why, you may expect the best Photos at the only Ground Floor Studio Charlotte Street.

LENDRUM

Our Finch Mounting resembles a spectacle without the unsightly temples, for which are substituted four discs, firmly, yet comfortably grasping the nose just at the right place. They form an eyeglass with the comfort and security of the spectacle.

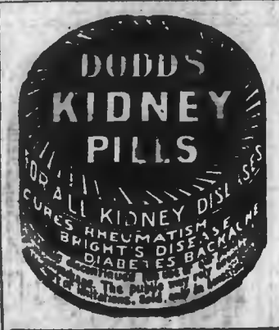
Mission Work In North West

Miss Bell, Formerly of This City, to Give Address.

About 40 miles west of Winnipeg, in the heart of the Galician country, the Women's Home Missionary Society of the Presbyterian church has established and is maintaining a medical hospital, known as the Teulon Hospital. Dr. A. J. Hunter has charge of this hospital, and is assisted by, Miss Bell, daughter of the late Alex. Bell, of Peterborough, as lady superintendent, and Miss Davidson, assistant nurse. This faithful trio are doing a magnificent work out there relieving the physical sufferings of these foreigners, and at the same time indirectly teaching them something of the higher and better things of life. While this mission is mainly for the Galicians and other foreign element, some of our own Canadians are greatly helped and benefitted by the kind treatment received there. The doctor and his staff have occasion to visit the Galicians in their homes, and can tell of perilous times driving through bogs and marshes and over logs and willow bushes. If there is any truth in the saying, "Variety is the spice of life," their daily routine does not become monotonous as they minister to the wants of the people. Miss Bell, the superintendent of this hospital, assisted by Miss Robinson, the travelling secretary of the Women's Home Missionary Society, is to address a meeting in St. Paul's schoolroom on Friday evening, April 20. This meeting promises to be not only interesting and instructive, but very entertaining as well, and we would urge both ladies and gentlemen who are interested in the home mission work of the church to be present and hear something of the work of valour, self-denial and sacrifice to which our home missionaries are giving their lives.



Will Unite With City

AS ORDERED BY COURT JUDGMENT

To Secure Foley Money

Report of Special Committee Presented at County Council Meeting and a Committee was Appointed to Act in Conjunction With a Similiar Committee From the City Council—Joint Meeting Will be Necessary.

At the special session of the County Council on Saturday the Special Committee appointed in regard to the will of the late Mrs. Foley presented it report. It will be seen that it is necessary for the City Council to appoint a committee to act in conjunction with the one appointed by the County Council on Saturday, which is composed of the Warden and Councillors Carey, Buck, Stinson and Webster. Following is the report:—

The Special Committee appointed to inquire into matters relating to the late Mrs. Foley's will beg to report as follows:

1. That there is now in the hands of the trustees of the will the sum of over seven hundred dollars of accumulated income not required for the purpose of paying the annuities chargeable by the said will upon the trust funds.

2. That the solicitor for the said trustees considers the said trustees would not be justified in applying such income to the charitable purposes of the will during the life time of any of the present annuitants without an order from the court.

3. That by a judgment fo the court it was directed that the funds available for distribution be paid from time to time into some chartered bank at the city of Peterborough, to the joint credit of the chairman and secretary-treasurer of a committee to be composed of the Mayor of the City of Peterborough for the time being, and two other persons, to be nominated by the town council, to hold office for two years, one being appointed annually, and also of the warden for the time being of the county of Peterborough, and four other persons to be nominated by the County Council holding office for two years, and two being elected every year.

4 That the solicitor for the said trustees requests that the said board be appointed by the county and the city of Peterborough as above before the proposed application to the court be made.

5. Your committee therefore recommend that such persons to be appointed by the county upon such board be now nominated by this council.

W. T. BUCK, Chairman.

County Council Chambers, Peterborough, April 14, 1906.

The report was adopted, and on motion of Councillor Shaw, seconded by Councillor Monogue, a committee, composed of the warden, Councillors Carey, Buck, Stinson and Webster, with the warden, was appointed, the first two to act for two years. The clerk was instructed to communicate with the city council in reference to holding a joint meeting and electing a chairman and secretary-treasurer, a step made necessary as shown by the report, by a judgment of the court.

What Colds Lead To.

NOT THE LUNGS ONLY, BUT EVERY ORGAN OF THE BODY IN DANGER FROM NEGLECTED COLDS.

DR. CHASE'S SYRUP OF LINSEED AND TURPENTINE

Most people know that such ailments as pneumonia and consumption have their beginning in a cold but all do not realise that other vital organs of the body are almost equally liable.

Not unfrequently colds settle on the liver or kidneys, causing serious disease of these organs.

In other cases colds run on until the system is run down and exhausted and so left in a fit state to fall a prey to contagious diseases.

The only safe way is to speedily get rid of all colds before they become fastened on the system.

This can best be accomplished by the use of Dr. Chase's Syrup of Linseed and Turpentine.

This medicine has come to be considered indispensable in the family as a cure for colds, bronchitis, croup, asthma and whooping cough.

Mr. John Clark, coachman, of Port Hope, Ont., writes: "Being exposed to all sorts of weather I frequently catch cold. Last winter I was so bad with a cold that I could not speak above a whisper, and had great pains in the chest. At last I feared that it would develop into consumption if I did not succeed in getting proper treatment. A friend advised me to try Dr. Chase's Syrup of Linseed and Turpentine and I began to improve before I had taken half a bottle. One bottle cured my cold, which I believe would have proven to be very serious, if I had not used this medicine."

Dr. Chase's Syrup of Linseed and Turpentine, 25 cents a bottle, at all dealers, or Edmanson, Bates & Co., Toronto. To protect you against imitations the portrait and signature of Dr. A. W. Chase, the famous receipt book author, are on every bottle.

HOGS MAY GO SOME HIGHER IN PRICE YET

According to Mr. W. A. Stabler the present price of hogs is higher than the circumstances warrant, and while he thinks they will go higher still, there is an element of danger in loading up with too many animals now.

The price for selects reached as high as eight cents in Ontario recently, and while the local price may go some higher, he is not inclined to think that the higher price will be permanent.

AUSPICIOUS OPENING OF MISSION TO MEN

A good attendance and a stirring address made a most encouraging beginning for the week's mission to men at the Y.M.C.A. yesterday.

Rev. J. G. Potter, who is conducting the mission, spoke yesterday on the text, "I write unto you, young men because you are strong." His His appeal was mainly to Christian men to take up the opportunities and responsibilities which the mission places upon them.

Mr. Potter sang by request, "The Pilot Song," which had a most impressive effect.

The mission will no doubt attract a large number of men. All men who are interested are asked to come and bring their associates with them. Mr. Brent is conducting the singing in connection with them.

ISSUES NEW MAP OF DOMINION

The Bank of Commerce has issued one of the first maps of Canada, in which the new provinces of Alberta and Saskatchewan are shown. Comparatively few persons in Ontario are familiar with the amount of territory included in the boundaries of these new provinces. They both extend north, taking in the territory of Athabaska, while Assiniboia is divided up between the two new provinces.

The map issued by the Bank of Commerce shows the branches of that bank in Canada and it is seen that it covers the Dominion remarkably well, branches located from the Maritime Provinces to Dawson City in the Yukon.

GIROUX BOYS TO BE BANKERS

To-day on the noon C. P. R. train Messrs. Charles Omer and Francis Leonard Giroux left to take positions in banks at Tweed and Arnprior. In connection with their departure a peculiar coincidence is recorded. They are twin brothers, 19 years old, and while one had his application in about a year ago, and the other only about a week, they both received word of their appointment on the same day, both leave on the same train, and in the same direction. Omer is going with the Ontario Bank, and Frances with the Bank of Ottawa, the former in Tweed and the latter in Arnprior.

VALUE OF "OZONE"

The value of Ozone (it is really liquid oxygen) is well known to medical science. It kills the germs of internal disorders. If taken in concentrated form (and that means "Solution of Ozone (the coupon kind" it insures a speedy cure for asthma, bronchitis, Bright's disease, kidney trouble, malaria and rheumatism. This stringent remedy needs with it a tonic laxative to secure the best results Your druggist will give you sixteen ounces of "Solution of Ozone" for fifty cents and if you insist on the coupon kind, will guarantee a free package of "Celery King." The Public Drug Co., Bridgeburg, Ont. Sold by W. B. Warne.

New Frontal Was Used For First Time Yesterday

The Altar Frontal at All Saints' Church Was Greatly Admired—It is of a Beautiful Design and Presents a Rich Appearance—Combination of Colours is New on This Side of the Atlantic and is Very Effective.

IS BEING PURCHASED BY THE CHAPEL GUILD

The new altar frontal, which is being purchased for All Saints' church by the Chancel Guild, was used yesterday for the first time, its beautiful design being greatly admired.

The frontal is made of cream silk brocade, with ecclesiastical designs and embroidered in colours. The central design is a maltese cross of blue silk velvet couched with gold, with radiations of the same colours, and ornamented with five jewels. The frontal has two orphreys of blue silk velvet, in which are embroidered in colours, "Alpha and Omega," also eight designs worked in silk and gold, resembling pomegranates. Across the bottom runs a silk edge of the same colours as are used in the embroidery. The super-frontal is of blue silk velvet ornamented with crosses and the sacred monogram, "I. H. S."

The combination of colours in this frontal is altogether new on this side of the Atlantic, but is quite largely used in England, and was brought out to Canada last summer. All Saints' church has one of a very few of these frontals. The work was done by the sisters of St. John's, Toronto, and presents a very rich and beautiful appearance. It was very much admired by the congregations yesterday. A new dossal of cream silk to match the frontal was used, and with the flowers that decorated the church, the whole effect was very striking.

The Chancel Guild, of which Mrs. J. H. McClellan is president, is purchasing the frontal, the funds being raised by means of subscriptions from members and their friends.

Hand Was Very Badly Crushed

Painful Accident to G. Gauthier on Friday.

George Gauthier, the well-known wrestler, met with a painful accident at the Oriental Friday, while unloading kegs of beer. His right hand was badly crushed between a keg and a post in the wine cellar. He was taken to St. Joseph's Hospital, where his injuries were dressed. It was found necessary to amputate part of one finger.

MUSIC

THE PETERBOROUGH CONSERVATORY OF MUSIC

The Conservatory of Music offers all the advantages to the pupils that are given by attending the leading institutions of the Province The Faculty includes teachers and instructor of international reputation.

The concerts, recitals and daily association which are open to the pupils, are, in themselves, worth more to the student than the cost of tuition.

Each Department is under the direction of a specialist. Pupils taken from the beginning to graduation, and prepared for any musical examination. Full particulars and syllabus will be sent on application.

DISHONEST PACKING.

The Toronto Globe has rendered good service in exposing and denouncing the frauds in trade which have seriously injured this country. For its warning to those engaged in fraudulant Canadian apple shipments it had to face an action for libel. In doing so, says the Montreal Shareholder, it brought to light the resources of the violators of the law and exposed them in a manner that left no doubt as to the justice of The Globe's allegations. It won, and now it takes up the question of what is required to be done in order to eliminate any destructive remnant of fraud in the fruit trade. Canada is a large exporter of apples, but the frauds that have been committed have created a distrust in other countries and until this is entirely removed honest exporters are exposed to loss. The discovery of frauds in the fruit or other trades are not confined to that special department, but extend to all others as well. The aim should be to make for Canadian products the reputation they so richly deserve and to punish severely those whose dishonesty overcomes them in regard for the Golden Rule. Canada's reputation must not be sullied, but must be pure. Under these circumstances we ask our readers to join The Globe as The Shareholder does, in its appeal on this policy.

EDITORIAL NOTES.

The Servians propose deposing King Peter and filling his place with his cousin, Arson. This would seem like jumping from the frying pan into the fire.

The Sarnia Observer says:—

"Peterborough wants to know why, if government is to go into power development, it should not get cheap electricity as well as London. Kicks of this kind come from places like Niagara Falls, Peterborough and Hamilton, in close proximity to water-powers capable of developing electricity. Their motives are purely selfish. Their desire is to prevent others from enjoying nature's gifts, so that they alone may reap the benefit."

Would Sarnia kick if the government proposed to spend the people's money to develop power at Ottawa, Kingston, Peterborough and elsewhere from purely local purposes, while Sarnia and other western points would be compelled to develop power at their own expense or go without it.

A Citizen Of Prominence

Ald. James Graham has not changed much during the past few years, in fact he looks almost as young as he did ten or fifteen years ago, but comparatively few readers of the Examiner recognized him, by his picture taken over twenty years ago, and published in the Examiner on Saturday. Only two persons telephoned in identifications on Saturday, Ald. McIntyre and George Pigson.

A couple of weeks more will finish this series of pictures, when the Examiner intends to inaugurate another feature, which, it is expected, will be equally popular.

THE YOUNG MEN'S GUILD DEBATE

At the regular monthly meeting of the Young Men's Guild of St. Andrew's church, to-morrow night, a debate will take place on the principle of "Municipal Ownership." This subject should be one of much interest, and there is little doubt that there will be a large number of young men present.

You have read the Sailor Boy's Plea—buy to-day for your dinner to-morrow, Sailor Boy Canned Goods. Tomatoes, Corn, Peas and Salmon Your money does not buy better goods. Do you get Sailor Boy or, Substitutes?

Why Extend George Street? Aylmer Street Preferable

Will Better Serve Convenience of New School, if One-sided Site is Adhered To.

The matter of the proposed extension of George street, apart from other considerations, suggests the question of what is to be gained from a public point of view by carrying it out at present. What are to be the particular advantages to the ratepayers who will have to provide the *money to meet the expense of extension?*

Its extension might have been defensible at one time, and some tenable arguments advanced in favour of its being opened, but now that the tracks of the street railway are laid and in use on Lock street, access to the south from this line does not seem to make necessary the opening of George street, at the cost to the ratepayers of a large expenditure of money.

Since there is no present urgent necessity for the expenditure of a large sum of money for the opening up of George street on general principles, it seems that the only justification is to give access to the proposed South Ward school building to be sequestered in a park lot in the vicinity of Mayor Beall's barn.

It also seems that if any street is to be extended to give access to the proposed new school building it should be Aylmer street.

If the new school is to be placed upon the site proposed, and there is necessity for the opening of any street, Aylmer street will best serve the convenience of the school population which this school is intended to accommodate. Otherwise the children will be forced to come from the extreme western and northern limits of the proposed new school district, over an out-of-the-way route to an out-of-the-way school building placed upon an out-of-the-way site.

To the great bulk of the children who will attend the new school at present and for years to come, Aylmer street will be far more convenient than George street.

Every school member of every family in the western and northern part of the school district will be required to travel a greater distance than necessary to reach an out-of-the-way school on an out-of-the-way site.

Every mother, especially in the remoter parts of the district, will have to get her children off to school earlier—especially in the winter, when the streets will be obstructed with snow—than if Aylmer street were available, or if the school were placed on a more accessible site north of Lake street.

If two or three cheap houses were erected upon some of the park lots south of Westcott street, is that any good reason why George street should be extended, when there are no valid reasons for its extension, apart from the necessity of giving access to the proposed school in a vacant lot, with no way convenient of getting at it at present?

There is abundance of vacant land north and west of the proposed site that will not require the expensive work of opening up new streets or extending existing streets.

The members of the School Board may be under the belief that they are taking the best course in the people's interests. They may be ever so honest in their intentions, but they are mistaken. Most of the people—the public generally — think they are wrong, as would be found if the matter were, as it should be, submitted to the people for their decision.

Why the School Board and the City Council should be so determined not to ask the people's consent for a large expenditure, which does not seem to be in any way defensible, is hard to determine without explaining it by ulterior motives, which may or may not exist.

It is a fact that there is abundance of suitable school sites in the district north of Lake street, without seeking a site extravagantly large and expensive, and in a secluded position, which can only be reached by an expense equal to nearly half the cost of a school building sufficiently large for the purposes of the southern part of the city for fifteen or twenty years to come.

Why not select a cheaper and more central school site, and not force children to make a long trip to reach an out-of-the-way school? There is nothing below the site selected to furnish school population.

By placing the school in some central site north of Lake street, a building could be erected at half and more than half of the certain large cost of the proposed new school.

Then, why waste the people's money on a fad?—why build a school out of convenient reach of the bulk of the population that will use it?

This proposed school cannot be reached without expensive street extension, and if the scheme is adhered to, and any street must be opened, it should be Aylmer street, which will serve the purposes of the school population available, instead of creating a positive inconvenience by compelling them to use George street.

Yesterday In City's Churches

ST. JOHN'S.

The Easter services at St. John's yesterday, apart from the joyous character of the great festival, were, if the expression be allowed, in other respects exceptionally successful, the best in every way of any held for years. The congregations at the services were large, and seemed to be marked by a deeply devotional spirit. The number of communicants was 390, nearly a hundred in excess of those of last year. As a result, both clergy and congregation go forward upon the coming year greatly heartened and encouraged.

During the day the rector was assisted in all the services by Rev. Francis Codd, of Toronto.

The musical features of the services throughout were special, and, of course, partook of the joyous character of the day and occasion, and showed the marked improvement in the choir of recent date.

In the morning, Marshall's "Benedictus" was used, and Barnby's, "This is the Day," was sung. The service was choral.

In the evening the service was choral and was beautiful in its devotional character. The responses were those of Tallis and the Psalms were the cathedral psalter service in E flat by Plummer.

At the evening service the music was especially effective. The opening organ voluntary was Batiste's offertoire in F, and the concluding voluntary was a spirited reading of Handel's "Hallelujah Chorus."

The offertory anthems were "Hosanna," by Granier, in which the solo was well taken by Miss Davey, and Simper's "King of Kings," in which Mr. R. Sheppard took the solo very effectively. The rendering of these anthems was given with admirable spirit and expression, and in a manner creditable to both choir and leader.

Sunday's Easter offering to the Vestry Extension Fund was over $350, a very gratifying nucleus.

ST. PAUL'S

There will be an entertainment in the Sunday School room to-night under the auspices of the Presbyterian Guild. The children will provide the programme which will include drills, marches, etc.

The usual weekly prayer meeting will be held on Wednesday night.

On Friday night the W. H. M. S. will hold a meeting at which addresses will be given by Miss Davinson, Travelling Secretary and Miss Bell, who is connected with the Teulon Hospital. A collection will be taken up.

MURRAY ST.

Rev. F. J. Scott conducted both services at the Murray Street Baptist Church yesterday. In the morning his discourse was based on the Resurrection and in the evening on "The Living Christ". Large congregations attended both services. On Wednesday night at the usual hour Prayer meeting will be held and in the evening at 8 o'clock the closing social evening of the Baraca Class.

ST. LUKE'S

There will be a Vestry meeting to-night. The usual weeknight service on Wednesday and the Women's Auxiliary will meet on Thursday at 2.30 o'clock.

ALL SAINTS

There will be a Vestry meeting to-night at 7.30 and the Girls' Guild will also meet to-night at the same hour.

CHARLOTTE STREET.

A Prayer Meeting and League meeting will be held on Tuesday night in the Church.

NUISANCE REWARD, $100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

CHARLES DICKENS' MASTERPIECE

"Pickwick Illustrated," this entertaining lecture will be given by Mr. E. S. Williamson, of Toronto, on Monday night, at St. Peter's school hall, in aid of the school library fund. This lecture promises to be one of much interest, Mr. Williamson having given it to large and delighted audiences in other cities. One hundred stereopticon pictures will be used to illustrate the lecture, which portrays in word and scene the humorous masterpiece of Charles Dickens. The lecture illustrates the perambulations, perils, travels and adventures of the corresponding members of the Pickwick Club. 2d

A little Coal goes a long way in a Happy Thought Range, because every unit of heat can be concentrated where you need it—the top, the reservoir or the oven. Who says so? Why everybody.

The Best Stove Co.

TEMPLE OF FAME PRACTICE TO-NIGHT

To-night at seven o'clock, a full practice for the Temple of Fame will be held in the Charlotte street Sunday school rooms. It is earnestly desired that every member taking part in the production shall be present to-night as it will be the last practice before the final rehearsal on Wednesday night.

THE CHAMPION FAT CALF.

It hangs up in Mr. R. Dale's butcher shop, 476 Rubidge street, and there is nothing to equal it, or come near it, in the city. Only six months old and weighs 570 pounds of dressed veal. If there is anything to beat it, trot it out! This calf was raised by Mr. Ben Johnson, of Cavan, and is a credit to his feeding.

Mr. Dale has also a display of the finest Easter beef, lamb, mutton and pork that ever hung in shambles. Leave your order for a choice cut or 'phone 245. 2d

WATER RATES RUN YET ANOTHER DAY

April 15th was the last day for paying water rates and securing the 25 per cent. discount. But Sunday being the 15th, Monday was included in the discount time, and Monday—to-day—being a bank holiday, consumers have to-morrow to pay their rates at discount terms.

CAUSE OF THEIR DEFEAT.

Slater Ladies' Shoe Forces Confession From Boston Shoe Makers.

The commercial war between countries dates back to the establishment of the first customs house. Business war between Canada and the United States looked like a victory for our neighbours twenty-five years ago. The first men on the other side to openly confess defeat at the hands of Canada were the shoe manufacturers. They admit that they cannot compete with the Slater shoe in Canada, and when anyone compares a $3.50 ladies' shoe made by the Slater Shoe Company with a $4.00 imported shoe, the cause of the American confession of weakness is apparent. The sterling make of the Slater women's shoe is emphasized by its finish, fashion and style.

SECOND ANNUAL

Exhibition Peterborough Branch W. A. A. to be held in the Y. M. C. A. Hall from Tuesday until Friday, April 17th to 20th, from 3 to 10 o'clock p.m. each day. Admission 10c. Members free.

Jack and Walter Killinbeck, of Peterborough, are the guests of Mr. and Mrs. Wm. Moore, Ward street.....Mrs. P. Moore is spending the holidays with her parents at Peterborough.—Port Hope Guide.

Hotel Men Will Meet Wednesday

Proprietors of the $1-a-day Houses May Raise Rates.

On Wednesday next, at 3 o'clock, in the Ontario Bank Chambers, there will be a meeting of the proprietors of the $1.00 a day houses of this city for the purpose of considering the advisability of raising the rates from $1 to $1.50. As is generally known, there is a probability of the Hanna Bill becoming law. The meeting would have been held some time ago had Mr. A. J. Munro, proprietor of the Munro House, been in the city.

SUPERINTENDENT HAS RESIGNED

At the children's service yesterday afternoon the resignation of Mr. D. Hughes Charles, superintendent of the Sunday school, was announced. Canon Davidson, in reference to the resignation, expressed his deep regrets in losing Mr. Charles, who has for the past two years been a most efficient leader in the school. He also spoke of his appreciation of the superintendent's untiring efforts in the advancement of the interests of the Sunday school.

Mr. Charles, in reply, remarked that he had always taken a deep interest in the welfare of the school, and hoped that in the future it would meet with greater success than in the past.

Memorial Tablet To Mrs. Greenwood

Erected in St. John's Church by Her Husband, Lt. Col. H. S. Greenwood.

The Easter-tide was a very fitting occasion for an interesting and pious ceremony which took place at St. John's Church on Saturday afternoon—the unveiling of a mural tablet in memory of the late Mrs. H. S. Greenwood, wife of Lieut.-Col. Greenwood. It served as a resurrection or freshening of the memory of the congregation of St. John's, of the splendid work given by Mrs. Greenwood in the promotion of the interest of the church during her association with the parish. It can hardly be designated either as a revival but rather emphasis of the memory of her work, for the place she filled in church work would have long remained as a green spot in the memory of all the congregation of St. John's, without the help of a commemoration tablet.

The tablet which is erected by Lieut.-Col. Greenwood, and is placed on the western wall of the church, is not only a beautiful souvenir of a beautiful character, but a beautiful work of art. It is conceived in gothic design of dark, rich bronze with the lettering in high relief on a lighter hued bronze, and bears the following legend:

In Loving Memory of
MATILDA FLORENCE
wife of Lieut.-Col. H. S. Greenwood, who served in His Name
In this Church
For Four Years and Who
Died in Johannesburg,
South Africa.
On July 15, 1903.
"With joy and gladness shall they . . . . enter into the King's palace."

At the Saturday afternoon service in St. John's church the tablet was unveiled. Special prayers were offered commemorating her and other past workers of the church, and an appropriate hymn was sung.

At the 11 o'clock Easter service yesterday Rev. Canon Davidson referred feelingly to Mrs. Greenwood's splendid service in the town and in the Parish and to her striking personality. Her bright, happy, sunny character was an inspiration to all who came into contact with her and this inspiration would continue long to be felt. Lieut.-Col. Greenwood felt that it was most appropriate that she should be commemorated in St. John's—the church and parish in which the chief religious work of her life was done and the clergy and congregation would warmly reciprocate this sentiment. Mrs. Greenwood in her five years' residence from 1897 to 1902, here, had thrown herself with great vigour into the work of the church and was a valuable member of the Chancel Guild and King's daughters. It was in the Mission Band, however, in which her chief work was done and there are few times in the history of that organization that more work was accomplished than in the history of her presidency.

Among other objects which the Band worked for at that time was the donation of a font to Young's Point Church and the handsome stage curtains given to St. John's Sunday School. She endeared herself by many acts to the children of the Mission Band. Rev. Canon Davidson remarked it was a singular coincidence that the lady who chiefly assisted her in getting up entertainments was Miss Alma McCollum the talented authoress whose death has lately been lately been mourned.

Besides her activity in church circles Mrs. Greenwood was active in social ways and it was at a meeting in her house that National Home Reading Circles were started in Peterborough, Lady Drummond having come from Montreal for that purpose. She took a very great interest in outdoor athletic recreations and was a woman of a very robust physical character and her enthusiasm in these respects will be long remembered. In South Africa she threw herself into patriotic movements for the unification of the country after the war, and was president of a society for that purpose.

She was the daughter of Henri Joli Lotbiniere, Lieut.-Governor of British Columbia. Col. Greenwood was one of the engineers in charge of work on Trent Valley Canal in Peterborough, and was Major in the 3rd Dragoons and served in South Africa during the war and afterwards received an important appointment, being directing engineer of Government Railways in the Transvaal.

Her deeply regretted death occurred when she and Col. Greenwood were about to leave on a furlough for Canada.

The tablet is entirely Canadian in workmanship — Pritchard Andrews Company, Ottawa. It is placed as near as possible to the pew occupied by Mrs. Greenwood.

There was present on the occasion of the unveiling a considerable gathering of the friends of Lieut.-Col. Greenwood, and the late Mrs. Greenwood.

Second Annual Art Exhibition Opens To-morrow

Some Beautiful Work Presented by Local and Other Artists

The second annual exhibition of the members' work of the different branches of the Women's Art Association of Canada, will open to-morrow afternoon in the Y.M.C.A. parlours. The excellent exhibit comprises art work in oils, water colours, pen and ink sketches, wood-carving, china painting, and moulding in bronze. Some very beautiful work has been presented by talented out-of-town as well as local artists, and the parlours this afternoon were decorated with many impressive designs. None of these have ever before been given to the public, so that the works of art on exhibition are entirely new.

Mrs. Dignam of Toronto, the president of the whole society, is well represented by three Dutch scenes, beautifully soft in volours, and showing strong characteristic work. Miss Heaven, of Toronto, has two impressionistic exhibits, one of which, A Scene in Sicily, is especially good. A few of the other out-of-town ladies represented, are Miss Lindsay, Miss Irving, Miss H. D. Drummond, Miss Gormley, of Toronto; Miss Palin, of Hamilton; and Miss Van Huskirk, St. Thomas. Miss Cameron, of Westwood has a water colour of a Canadian Homestead, which is worthy of more than a passing consideration.

Some excellent artistic work is also presented by local artists. That of Miss Hatton, who shows some beautiful scenes from Muskoka, is of a pleasing variety. Miss Bertram presents some water colour studies of flowers, Chrysanthemums and Apples Blossoms, being especially good. She has also a collection of china and conventional designs, which are very pretty. Miss Bennett shows an interesting piece of work in a corner of the old Burnham property, and also a scene from Front street, Toronto.

Pen and ink sketches by Miss M. L. Woodford, England, are among the collection, and are exceptionally good. A panel wood carving model from life is excellent. Miss Cameron Edwards, Toronto, also shows a bronze candle stick of beautiful sign.

The exhibition will no doubt be of a most interesting character, and the president, Miss Bertram, of the Peterborough branch, as well as the other officers, are worthy of congratulations on presenting such an excellent exhibition of art.

Six Best Selling Books.

The following best selling books, as reported by Canadian booksellers, are for sale at the Peterborough Bookstore:

"The House of Mirth," by Edith Wharton.
"Karl Grier," by Louis Tracy.
"Barbara Winslow," by Elisabeth Ellis.
"The Conquest of Canaan," by Booth Tarkington.
"The Idlers," by Morley Roberts.
"The House of One Thousand Candles," by M. Nicholson.

Are You Strong?

Do You Eat and Sleep Well? —Or Are You Pale, Weak and Miserable?

Has your nerve given out? Have you lost confidence in yourself? Has work become such an awful burden that you look upon it with horror?

There's just one thing left to do, and that is to take Ferrozone and put your system into good shape again.

It's quite impossible for anyone to be weak or nervous that uses Ferrozone. It contains so many strength-giving properties benefit is bound to result from its use.

Ferrozone possesses the power to kindle new vitality and vigor where almost a dying condition of weakness exists.

It is an extraordinary and magical tonic, containing more actual nourishment and strengthening elements than you can get at in any other way. As a blood purifier, nerve strengthener and appetizing tonic there is simply no equal to Ferrozone. Of this we are positively sure.

It is crowned with the success of splendid cures; will restore anyone to health who uses it. The following letters from people who have actually experienced what Ferrozone can do will clearly show you just how beneficially it acts:—

No Medicine Ever Did So Much Lasting Good as Ferrozone.

"It would be difficult to express my thanks for the benefit I have received from Ferrozone," writes Miss Eva Wight, of Florenceville. "I was so weak and miserable that I could scarcely go around the house. My head ached, there was a dragging weakness in my limbs, and I felt as if every spark of life had left me. Ferrozone improved my appetite, toned up my blood, and soon made me well. Nothing I ever used did me half the good I got from Ferrozone."

The Great Tonic, Ferrozone, Brought Back Life.

"I am anxious to speak a good word for such a magnificent tonic as Ferrozone," says E. P. Gerow, of Yorktown. "I was wretchedly worn out. I was apprehensive, and lacked confidence. It was simply due to my very weak state. The only remedy that really did me lasting good was Ferrozone. It rebuilt my strength, has made me as vigorous and happy as a man could be. In the whole range of medicines I never used anything with half the merit I found in Ferrozone."

Though you spend a thousand dollars on doctors, you can't get a more vitalizing, strengthening tonic than Ferrozone. It is the best that money, combined with scientific research, can produce. If anything in this world will make you strong it must be Ferrozone. Others have proved its worth. You can easily do so for yourself. It will send new vital energy and renewed youth singing through your veins. It's nature's own remedy—a true food tonic.

FERROZONE FOR BRACING HEALTH!

Price 50c per box of fifty chocolate-coated tablets, or six boxes for $2.50, at all dealers, or by mail from N. C. Polson & Co., Hartford, Conn., U.S.A., and Kingston, Ont.

The Officials Preparing For The Suspension

Extended Suspension of Mining Now Almost Certain.

PLACE NON-UNION LABORERS

Peaceful Settlement of Differences Between Operators and Coal Miners Now Very Problematical — 11,000 Strike in West Virginia—Refuse to Arbitrate on Plan Proposed by the Operators.

Philadelphia, April 16.—Miners and business men generally throughout the anthracite field express little hope of a peaceful settlement of the differences between operators and miners. Officials of many coal companies recently have been making obvious preparations for an extended suspension of mining operations. Imported laborers are said to have been placed in the collieries of the Hillside Coal & Iron Co., the Pennsylvania Co. and the Deleware & Hudson Co. about Wilkes-Barre.

Eleven Thousand Miners Go Out.

Wheeling, W. Va., April 16.—The United Mine Workers' convention of sub-district No 6 met here Saturday to receive the answer of the operators to the demand for the 1903 scale made upon them Friday. The answer was a flat refusal to grant the demands, and instead an offer to arbitrate on the lines proposed by John H. Winder was presented. This the miners would not accede to. The operators then withdrew, and a strike was declared. Eleven thousand are affected.

Strike's Over.

Greensville, April 16.—The miners and operators of the Mercer and Butler County fields of the Pittsburg district reached an agreement on the wage scale which will be effective for two years. The miners were granted an advance, but it is a compromise on the scale demanded. About 1,500 miners who have been on strike will return to work immediately.

Operators Break Ranks.

Massillon, Ohio, April 16.—The first break in the ranks of the operators in the Massillon district came Saturday night, when five operators signed the 1903 scale. The three largest operators in the district are still holding out against the demands of the miners. The five operators who signed employ about 4,000 miners.

BRITISH ROYALTY IN ITALY.

Peasants' Cart Strikes King Edward's Carriage in Corfu Street.

Corfu, April 16.—A cart filled with drunken peasants collided with the royal equipage in which King Edward and Queen Alexandra were driving here Saturday.

One of the rowdies fell from the seat, and the rearing horses backed the cart over him. His leg was broken, but he was sobered to a realization of what had happened.

He begged for mercy, and would have kissed His Majesty's feet, but the King backed away. The peasant then crawled toward the Queen, but she also evaded him.

Before leaving the scene King Edward ordered a doctor from the British flagship in the harbor to attend the man.

Hamilton Gets Orders.

Hamilton, April 16.—Saturday Mayor Biggar received the following letter from Hon. Frank Cochrane: "I hereby notify you not to make any further contracts with radial or steam railways or transmission lines without the consent of the Government until further notice." Though the Minister's letter does not say so, it is supposed that he refers only to the Beach, and it is taken as an indication that the Government has decided to end all disputes about the Beach by taking it over.

Fell Twenty-Five Feet.

Winnipeg, Man., April 16.—William Beech, a young man, Saturday morning fell from a window of the first floor of the new postoffice to the ground, a distance of about 25 feet, alighting on his head in a pile of stone. He got up unassisted, but was later taken to the hospital, where it was found that one arm was broken and his head badly cut.

Went Through The Past Winter And Looks Well

Fall Wheat Got Through Comparatively Snowless Winter.

CLOVER CROP IS ALSO GOOD

Some Western Counties, However, Have Gone Into Cattle Raising Instead and Results Are Twofold Fruit Situation in Niagara Peninsula Sends Cheering Reports—Roads Are Especially Bad.

Toronto, April 16.—Contrary to the generally accepted idea that lack of snow is injurious to fall wheat, comes the announcement that the crop appears to have wintered remarkably well, according to reports received at the Parliament buildings. While the top is for the most part well browned up, the roots are said to be uninjured and though delayed in the early growth the outlook is on the whole favorable.

Clover is Good.

The clover crop conditions are said to be even better, particularly through the border counties of Peel, York, Ontario and Durham.

In the western counties of Huron, Grey and Bruce whole districts formerly sown to wheat are now devoted to grazing land, the revenue derived from the sale of cattle yielding more satisfactory returns than does grain growing. This has been brought about largely through the higher prices of farm labor. The result is clearly shown in the neglect which in many cases characterizes the care of the farms, in striking contrast to the thrifty appearance which formerly prevailed.

Fruit Unharmed.

Over in the Niagara Peninsula the reports concerning the fruit situation are more than ordinarily cheering. On every hand from the Niagara frontier around the head of the lake and down to Oakville little or no damage is reported from the frosts of winter. In many sections the greatest anxiety was felt by nurserymen as to the damage likely to be wrought by the exceptionally warm week in the latter part of January. Happily these fears are not likely to be realized. A. W. Peart, Burlington, discussing the situation, stated that some slight damage would in all probability result to the more tender varieties through forcing of the buds, but the prospects generally were all that could be desired. The Dawson Commission Co. were of a like opinion. Little or no damage is reported from the barking of the trees from mice.

$500 to $1,000 an Acre.

The fruit industry of the Province of Ontario has assumed enormous proportions. This is evidenced by the fact that the value of the land in the fruit-growing districts of the Niagara Peninsula ranges all the way from $500 to $1,000 an acre.

Whether it is that the inauguration of the commuted statute of labor system is working injuriously to the roadways, or that spring of 1906 is especially unfavorable, from every part of the province come reports of the almost impassable condition of the public roads.

PRINCE ARTHUR AT OTTAWA.

Large Concourse at Depot to Greet the Royal Visitor in Rain.

Ottawa, April 16.—King's weather did not welcome Prince Arthur of Connaught. He arrived at 5 o'clock Saturday afternoon amid a violent downpour of rain and after briefly inspecting the guard was rapidly driven along Wellington street, down Rideau to King Edward and via the Driveway to Government House, where he was welcomed by the Governor-General.

In spite of the rain, a large concourse of people filled all the approaches to the Union Station which was gaily festooned with innumerable Union Jacks.

The Cabinet was represented by Sir Wilfrid Laurier and Hon. Messieurs Scott, Paterson, Oliver, Hyman, Aylesworth, Fitzpatrick and Brodeur.

The guard of honor, 100 strong, was furnished by the Forty-Third Regiment, with Capt. Bolland in command. At Government House the guard to receive the Prince was a detachment from the Governor-General's Foot Guards, in command of Capt. Cunningham.

When the Prince arrived at Dufferin Bridge on his way from the depot to Government House, a salute was fired by the Forty-Third Field Battery from Nepean Point.

Contract For Statue.

Hamilton, April 16.—Saturday afternoon the Queen Victoria memorial statue committee agreed to award the contract of making the statue to Philippe Hebert, C. M. G. The only other competitor was Hamilton McCarthy. The statue will cost $10,000, and will be placed in the west end of Gore Park.

S. A. Immigrants Arrive.

Halifax, N. S., April 16.—With the Salvation Army flag flying at the masthead, the Kensington, at 8 o'clock yesterday, with the second contingent of Salvation Army immigrants to arrive during the past two months. There were 1,130 persons, including many young married couples.

Mutineers Imprisoned.

Lisbon, April 16.—The mutinous spirit has spread to the crew of the Portuguese ironclad Vasco Da Gama. The authorities have taken precautions to prevent a further outbreak. A number of the crew of the cruiser Don Carlos I, who mutinied April 11, have been imprisoned.

Rolling Mills to Resume.

Belleville, April 16.—The Belleville rolling mills, which have lain idle for many years, were Saturday sold to J. Wardrope of Ottawa. It is said machinery will be installed and the plant operated. There is $30,000 of the city's money in the bank here, waiting to be earned as a bonus by whoever operates the mills.

Ice is Moving.

Quebec, April 16.—The signal service of the Quebec agency of the Marine and Fisheries Department received a despatch Saturday reporting that the Lake St. Peter ice was commencing to break up. The whole body can be expected to move down by Monday or Tuesday next.

USED UP AND TIRED OUT

MEN AT THE OFFICE WOMEN IN THE HOME CHILDREN AT SCHOOL

Every day in the week and every week in the year men, women and children feel all used up and tired out.

The strain of business, the cares of home and social life and the task of study cause terrible suffering from heart and nerve troubles. The efforts put forth to keep up to the modern "high pressure" mode of life in this age soon wears out the strongest system, shatters the nerves and weakens the heart.

Thousands find life a burden and others an early grave. The strain on the system causes nervousness, palpitation of the heart, nervous prostration, sleeplessness, faint and dizzy spells, skip beats, weak and irregular pulse, smothering and sinking spells, etc. The blood becomes weak and watery and eventually causes decline.

Milburn's Heart and Nerve Pills

are indicated for all diseases arising from a weak and debilitated condition of the heart or of the nerve centres. Mrs. Thos. Hall, Kaldon, Ont., writes: "For the past two or three years I have been troubled with nervousness and heart failure, and the doctors failed to give me any relief. I decided at last to give Milburn's Heart and Nerve Pills a trial, and I would not now be without them if they cost twice as much. I have recommended them to my neighbors and friends."

Milburn's Heart and Nerve Pills 50 cts. per box or 3 for $1.25, all dealers, or The T. Milburn Co., Limited, Toronto, Ont.

Peterborough, Ontario.

GENTLEMEN,—

I beg to acknowledge receipt to-day of cheque for $130 00 from the "Imperial Guarantee & Accident Insurance Company," in full settlement of my claim during the time I was unable to carry on Evangelistic work, owing to an accident received in a Dentist's chair, which caused ulceration of tooth and swelling of jaw.

I must express my appreciation of, and thanks to your Company, for the exceedingly prompt and satisfactory settlement of this claim, the cheque having been returned by first mail, after completion of claim paper.

Notwithstanding all that is said in the Press about Insurance generally, yet personally, from your treatment in my case, I take pleasure in heartily commending your Company to the Public.

Yours truly,
(Sgd.) H. D. KENNEDY

Re-Opening Services Largely Attended

St. Andrew's Church Yesterday Re-Opened After Improvements Have Been Made—Special Services Held Yesterday in Connection With Renovated Church—Pastor Preaches Two Special Sermons.

After having been closed for seven weeks during repairs, and improvements, St. Andrew's church was re-opened yesterday, when special services, which partook of an Easter character, were held. Large congregations gathered at both the morning and evening services, and special sermons, appropriate to the occasion, were preached by the pastor.

ST. ANDREW'S CHURCH.
Re-opened Yesterday After Improvements Have Been Effected.

During the seven weeks in which services have been held in the Sunday school, the church auditorium has undergone a transformation under the direction of the ladies, who have undertaken a programme of improvement in connection with the church, which has not ended with the work already accomplished.

The church now presents a bright pleasing appearance, the walls and ceilings having been kalsomined, a new carpet laid and other improvements effected. A new electrolier has been purchased but, unfortunately, it did not arrive in time to be placed in position and connected up.

The choir under the direction of Mr. Carl Forsythe, rendered a special programme of music at both services, and its work was highly appreciated by the congregation.

At the evening service the pastor took for his text the words, "Make His Praise Glorious," one of the two new mottoes which has been painted on the left of the pulpit. The preacher said that there was a special significance in these words, on an Easter day, when all the world was singing songs of rejoicing, and praise. Over the world there was a great outburst of glad song. Friday was a day of mourning, but in a few hours a great change had been wrought, and now the songs were of gladness. The speaker called attention to the text which, he said, they would see before them for a number of years, in all probability. God calls us, he said, to recognize his praise, as the greatest object of our lives.

This is a positive duty. We receive God's blessings, and do not always consider it our duty to acknowledge them, as we should. There is something here, the speaker remarked, which called forth power and energy. He said that the world to-day did not want figureheads. It shuns the unreal and hypocritical, and we must recognize that the world demands of us real life.

This text was a call to all to confess Christ, and a consecration of our powers to Him. It is also a call for an open avowal of Christ. This is our everyday business, and every day counts.

There are only two ways of making God's praise glorious, by His living servants here on earth, and by His reigning saints in heaven.

The speaker pleaded for an open confession of Christ, and said that the great trouble in the world to-day was that the people were ashamed to acknowledge Christ to their fellowmen.

The services will be continued to-night when Rev. Dr. Milligan will give an address, and a musical programme will be rendered.

LOST PAPERS AMOUNT TO SEVERAL HUNDRED DOLLARS

On Friday morning last Mr. Courtland Agott, of the Agott and Stalker implement firm, Charlotte street, lost a purse containing papers totalling between $800 and $900. Mr. Agott supposes that the papers were lost while he was on his way from his store to the Grand Trunk station. He was somewhat delayed and had to hurry to catch the train and in this way he thinks that the card case contained the valuable papers worked out of his waist coat pocket. Two of them were cheques from the International Company, drawn in favour of the firm to which he belongs, with receipt forms attached to be filled out. There was also a cheque payable to Mr. Agott from Mr. Robt. Deyell of Otonabee, for a large amount. These cheques, however, were not endorsed. A number of notes from different persons were in the purse amounting in all to about $100; also it contained memoranda of various descriptions.

Mr. Agott has notified the banks concerning the matter and they are watching for any who might attempt to misrepresent themselves.

FORMER PETERBOROUGH BOY ACHIEVES SUCCESS

The Lethbridge, Alta., News, recently issued a souvenir number, in celebration of its coming of age. In the issue, which is profusely illustrated, and which is a credit to the publishers, and to one of the most prosperous little cities in the west, a half tone cut of Mr. G. H. Johnston, a native of Peterborough, and a brother of Mr. A. J. Johnston, of this city, is published, with the following reference:

"G. H. Johnston is a Peterborough boy, and came west in 1882. A few months were spent in Brandon, and the following nine years in Stonewall, near Winnipeg. In 1891 he came to Lethbridge and for six years was associated with the late J. H. Cavanah. After a year spent in California, he returned to sunny Alberta, and was engaged successively by A. Macdonald and Co., the Co-Op. and E. N. Higgenbottom. In October, 1902 he opened business for himself, and is now found supplying the public with a fine class of dry goods, gentlemen's furnishings, etc. Mr. Johnston has always taken a keen interest in everything connected with the welfare of the town, is an enthusiastic curler and a supporter of all athletic games, and for many years has been choir master of Knox church, of which he is an active and willing worker."

ABSOLUTE SECURITY.

S. S. Association Elects Officers

Executive Council Met in This City To-day.

The Executive Council of the Sunday School Association of the County of Peterborough, met in the Y.M.C.A. this forenoon. The president, Rev. J. G. Potter, was in the chair.

Rev. G. A. McLennan, of Norwood, presented the report of the committee on organization in the back townships recommending that no action be taken at present. The report was received, the committee continuing in office with the name of Mr. R. Lees added.

The following officers were elected for the ensuing year:—

President—John Lancaster, Westwood.

Vice-President—J. C. Heard, Bridgenorth.

Field Secretary—Rev. G. A. McLennan, Norwood.

Recording Secretary — Richard Lees, M. A., Peterborough.

Primary Superintendent for the city.—Miss Williamson.

Primary Superintendent for the County—Miss Waters, Norwood.

Superintendent of Home Department—Miss Pauline Udy, Bridgenorth.

Teacher Training Superintendent. — Richard Lees, Peterborough.

Treasurer—A. J. Johnston, Peterborough.

A Warning.

YOUNG MAN, beware of the saucy girl—she will make a sassy wife.

THE LATEST SPORTS

Prospects For Winning Ball Team Are Bright

New Players, Including Well Known Battery are Expected To Play Here.

The local fans will be glad to learn that the control of the baseball team has been secured by a new management and that the prospects for the team this year are of the brightest character. Several new players are expected and he team will be one of the strongest that has ever represented Peterborough. The new management has been working quietly, but successfully. The boys will commence practice this week and it is probable that there will be a practise game on Saturday afternoon with the Strathconas who defeated Charlotte Street last week.

The new players include a battery Both members are well known in Peterborough and a third baseman with an excellent reputation.

• • • •

Lindsay is ahead of Peterborough this year. They have already organized a Town Baseball League.

LITTLE PETES WON FROM THE DAISES

The Little Pets defeated the Daisies in a friendly game of ball in Morrow's field Saturday morning. The score was 19-17 in favour of the winners. Following were the teams:—

Petes.—Phelan, c; Hatwick, p; Donaghue, 1 b.; Maher, 2 b.; White, 3 b.

Daisies.—Harper, c.; Dean, p.; Stratton, 1 b.; Patterson, 2 b.; Hunton, 3 b.

Umpire—Geo. Minorgan.

THE EXPULSION WAS CONTINUED

At the first meeting of the new C.L.A. Council held Saturday, in Toronto, W. Robinson, goalkeeper of the Chippewas, who was expelled for playing with Midland against Peterborough, last year, under an assumed name, applied for a reinstatement. He admitted having played, but said he stayed in his goal when referee Pennock called the names on the field, and it was the Midland Club and not he who was to blame. The council refused to consider the application.

TURF CLUB BILL FOR MAY 24TH

The following is the race programme of the Peterborough Turf Club for May 24th, the races to be held at the Driving Park:—

Named race, 1-2 mile heats, best 2 out of 3, $50.

Free for all, 1-2 mile heats, best 2 out of 3, $100.

It is probable that a number of good athletic events will also be pulled off a full account of which will be given later.

TURF.

Those who propose entering horses in the named race, under the auspices of the Turf Club, on the 24th, are reminded that entries close on May 1st.

LAWN BOWLING

The annual meeting of the Peterborough Lawn Bowling Club will be held on Wednesday the 18th, inst., at 8.00 p. m. in the Ontario Bank Chambers.

2489.

BASKET-BALL.

The basketball game on Monday night has been cancelled on account of Mission to men.

FOOTBALL.

The Peterborough Quakers will practise to-night on Central Park at 6.30 As many as possible are requested to turn out in uniform.

Does Your FOOD Digest Well?

When the food is imperfectly digested the full benefit is not derived from it by the body and the purpose of eating is defeated; no matter how good the food or how carefully adapted to the wants of the body it may be. Thus the dyspeptic often becomes thin, weak and debilitated, energy is lacking, brightness, snap and vim are lost, and in their place come dullness, lost appetite, depression and languor. It takes no great knowledge to know when one has indigestion, some of the following symptoms generally exist, viz.: constipation, sour stomach, variable appetite, headache, heartburn, gas in the stomach, etc.

The great point is to cure it, to get back bounding health and vigor.

BURDOCK BLOOD BITTERS

is constantly effecting cures of dyspepsia because it acts in a natural yet effective way upon all the organs involved in the process of digestion, removing all clogging impurities and making easy the work of digestion and assimilation.

Mr. R. G. Harvey, Amelissburg, Ont., writes: "I have been troubled with dyspepsia for several years and after using three bottles of Burdock Blood Bitters I was completely cured. I cannot praise B.B.B. enough for what it has done for me. I have not had a sign of dyspepsia since."

Do not accept a substitute for B.B.B. There is nothing "just as good."

CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of *Chas. H. Fletcher* and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is Pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. It cures Diarrhœa and Wind Colic. It relieves Teething Troubles, cures Constipation and Flatulency. It assimilates the Food, regulates the Stomach and Bowels, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

The Boys Were All Discharged

Four Boys Accussed of Disorderly Conduct Allowed to go.

George Fowler, A. Rose, Jas. McNorn and Leonard Johnson, four youths, appeared before His Worship Police Magistrate Dumble at the police court this morning charged with being disorderly in a public place in the city of Peterborough, on Thursday, the 12th of April. The place where the defendants were said to have been disorderly was on the corner of Smithand Reid streets.

Mr. Jas. Chatten was the first witness examined. He said he knew all of the accused with the exception of Rose, but saw him in company with the others on the night in question. This clique of boys had been creating a nuisance near his place, which was near the corner, for some time past, he said, and he had seen their fathers and mothers about them and asked them to persuade the boys to desist from their obnoxious behaviour.

Mr. Geo. Collins, of Monaghan, had his attention attracted to the boys by the profane language they were using. He saw Mr. Chatten arguing with Fowler and hit him over the head with a whip. Fowler struck Mr. Chatten with a stone and threatened to split his head open if he hit him again.

Ed. Allen corroborated the testimony of the previous witness.

"Did the boys threaten to do anything to you if you came here and told the truth?" asked the Chief.

"No, sir," replied Allen.

There were some witnesses called by the defence, including all the defendants, and they all denied that any bad language was used, and that their conduct was in any way disorderly.

His Worship, in summing up the case, said that there was not enough evidence offered to secure a conviction, and warned the boys that, while they were discharged, should they on any others be proven guilty of such an offence as they were charged with he would inflict a severe punishment.

MR. R. J. MUNRO IS HOME AGAIN

Mr. R. J. Munro, the popular proprietor of the Munro House, has returned from Clifton Springs, where he has been undergoing treatment for nervous trouble for the past seven weeks. Mr. Munro has thoroughly recovered his wonted health.

REPAIR DEPT.

Now Opera House Bldg. Peterboro'

MUSIC AND DRAMA

The attendance at the Grand Opera House on Good Friday, when Louis James presented "The Merchant of Venice" and "Virginus" was disappointingly small, and the conviction is forced that the people of Peterborough as a whole do not want high class drama. Perhaps no actor on the Canadian circuit gives shows superior to those presented by Mr. James, and it is poor encouragement of the Opera House to try to secure good attractions when he is supported so meagerly as he was on Friday. Those who attended the performances speak in the highest terms of them; and that the general public failed to appreciate their worth is not a very flattering commentatory on their discriminatory powers.

It is to be hoped, for the reputation of the city, if for nothing else that the next time an attraction of a similar kind is produced here it will be more liberally patronized.

Behind the window pictures of Nana Bryant, who plays the part of Lois in "Sweet Clover," a romance which tends to give special interest to them, is concealed. The story, is told as follows:

Before Miss Bryant's debut on the stage she was courted by a young and ambitious artist whom she had known for years. Their courtship was known by the neighbours in the little town in which she lived, and where Miss Bryant and the young artist were favourites.

Time brought changes, and the world of make believe opened its doors to the young woman's ambition, and those of other women who have attained success in the profession. She played small parts for a while, and looked with longing eyes upon the gaily coloured pictures of the star which looked out from the windows. The time was rapid, though, and, in time, her lithographs were sent out over the country, for she had become a star.

During this time the young artist, who had kept the image of his little girl sweetheart of his boyhood days enshrined in his heart, had grown in favour, and was signing some of the best paintings of the salon. He saw a performance of "Sweet Clover," and realizing that the story of the play was like his own, went to his studio and painted a picture of his old love from memory.

The picture was hung on the wall of his den, and attracted so much attention that Miss Bryant heard of it, and mentioned the matter to her manager. The manager, always looking for something good in the way of advertising, called upon the young artist and induced him to lend the painting, from which the lithographs hanging in the down-town windows were made.

A RARE MUSICAL TREAT

One of the most enjoyable musical events of the season will be the recital given by Miss Alice Roger in the Y.M.C.A. hall on Friday evening, April 27. Miss Roger will be assisted by Mr. H. M. Field, the celebrated piano virtuoso, and also by Mr. Harold Jarvis, who is a great favourite with Peterborough audiences. The admission fee will be 50 cents, and tickets may be had at the Y.W.C.A., Y.M.C.A., Peterborough Conservatory of Music and McDonald's drug store.

A SCENE FROM "SWEET CLOVER"

which comes to the Grand to-morrow night April 17th, and which is one of the prettiest comedy dramas on the road, a play that will linger lovingly in the memory of the theatre goers, a play that awakens human sympathies, arouses heart interest and appeals to all emotions.

she adopted the profession for her career. Being a young woman of practical ideas, she saw at once that the courtship which had meant so much to her, must either cease or stand in the light of her aspirations. It ceased. She made her entrance into the new life, and, as far as she knew, the young artist had forgotten her.

Her experiences were similar to those of other women who have attained success in the profession. She played small parts for a while, and looked with longing eyes upon the gaily coloured pictures of the star which looked out from the windows. The time was rapid, though, and, in time, her lithographs were sent out over the country, for she had become a star.

During this time the young artist, who had kept the image of his little girl sweetheart of his boyhood days enshrined in his heart, had grown in favour, and was signing some of the best paintings of the salon. He saw a performance of "Sweet Clover," and realizing that the story of the play was like his own, went to his studio and painted a picture of his old love from memory.

The picture was hung on the wall of his den, and attracted so much attention that Miss Bryant heard of it, and mentioned the matter to her manager. The manager, always looking for something good in the way of advertising, called upon the young artist and induced him to lend the painting, from which the lithographs hanging in the down-town windows were made.

MADAME ALBANI

Madame Albani, the greatest of Canadian singers, and one of the foremost prima donnas the world has ever known, and who will be here shortly to say good-bye, was long a favourite singer of Her Majesty, Queen Victoria, who in bygone years, charmed Mendelssohn by her own excellent singing. At Old Mar Lodge, she was, for twelve years, a near neighbour of Her Majesty. The great singer was a frequent guest at Balmoral. On these occasions she would sing her solos from the new festival works she was at that time preparing. Thus the Queen, ever interested in all that was happening, heard the soprano solos in these oratories and cantatas before they were heard by the general public. In addition to the many verbal expressions of her appreciation of the renowned singer's exceptional gifts, the Queen has presented Madame Albani with numerous tangible tokens of her regard. The following is a list of the gifts she has received from Her Majesty:—

Necklace and cross of pearls and diamonds; photograph of the Queen and Princess Beatrice in velvet and gold frame; enamel and pearl brooch; gold inkstand set, with precious stones; goldmounted scent bottle with Royal monogram in enamel; emerald and diamond bracelet; sapphire and diamond porte-bonheur; First Jubilee brooch, diamond, etc.; Second Jubilee brooch, diamond, etc.; Victoria Badge in solid gold and precious stones; umbrella, enamel and diamonds in the handle; the Queen's book, "Leaves from our Journal in the Highlands," with autograph inscription; Boehm's bust in bronze of the Queen; several photographs and Jubilee portraits, all signed.

The appearance of Madam Albani is announced for Saturday, April 21, and the box office opens Tuesday, April 17th, at 10 a.m. This is certainly a great treat for Peterborough.

With plenty of that dash, vim and gun-play, characteristic of western life in the early '60's, "Big Hearted Jim," as presented at the Grand Opera House Saturday afternoon and evening, pleased fair-sized audiences to whom melodrama appeals. The company was a very good one. George Klimt in the title role, John Abbott as John Houlette, Harry Garrity, as Lin; Belle Barr, as Dora, and Jesse Stevens, as Liddy, handled their characters to an excellent degree. The staging was as well carried out as in any performance this season, the wild canyons and forests of the western states being magnificently shown.

—A meeting of the Fire, Water and Light Committee will be held to-morrow night.

Furniture For Sale.

—Read the condensed ad. on page two for the sale of household furniture at 189 King street.

Spectacles Found

—The Chief of Police wants an owner for a pair of spectacles that he has at the police station.

Illustrated Lecture.

—Mr. E. S. Williamson gives his illustrated lecture on Pickwick to-night in St. Peter's School Hall.

Sweet Clover

—Is a play that will linger lovingly in the memory of theatre-goers. See it to-morrow night at the Grand.

Piano Tuning.

—Piano tuning promptly attended to. Satisfaction guaranteed. A. F. Hoover, 223 McDonel street, 'Phone 198.

Sweet Clover

—A play that awakens humour, sympathy, arouses heart interest and appeals to all emotions. See it to-morrow night.

Ladies' Aid Society.

—A special meeting of the Ladies' Aid of St. Andrew's church, will be held to-morrow at the residence of Mrs. Matheson, Brock street.

Entertainment in St. John's.

—On Friday evening, May 11th, the Junior Women's Auxiliary of St. John's will hold a Mother Goose entertainment in the school room.

Mission to Men.

—The Mission to Men in the Y.M.C.A. will be continued to-night at 8 o'clock, and every night this week. Every man in the city is invited.

Bachelors' Dance

—Tickets for the Bachelors' Dance at the National Hotel on Thursday evening may be procured from Mr. R. M. Saunders at the Bank of Commerce.

Literary Evening.

—An interesting literary programme will be given to-night at the meeting of the George street Epworth League. It will be well worth attending.

New Picture Framery.

—126 Hunter street, two doors west the post office. Mouldings, mattings, British plate mirrors sold; show cases manufactured. Fine work at reasonable prices.

Purity Guaranteed

—Have received another small lot of that delicious maple syrup and maple sugar, which are so much liked by our customers. S. A. OKE, 370 George street. Telephone 18.

New Mouldings.

—The new designs in mouldings have arrived at "The Framery," 326 George street. Orders for picture frames can be executed promptly. A full stock of artists' materials.

Send For the Specialist.

—When the family physician and other doctors fail send for the specialist. It is the last hope, and can be relied on, namely, Dr. Ramboe's Rheumatic Remedy. 3cod

Social Event.

—The Not-Outs dance to-night in the Foresters' Hall, Simcoe street, promises to be one of the most interesting society functions of the season. The young ladies always give enjoyable dances.

Quarantine Lifted.

—After having been deprived for some weeks of the pleasures of home life, on account of the house being quarantined, Mr. Geo. Giroux has again been permitted to return to his family.

Rev. Dr. Milligan.

—The re-opening services in connection with St. Andrew's church will be continued to-night, when Rev. Dr. Milligan, of Toronto, will give an address, and a musical programme will be rendered.

Gifts Appreciated

—At the evening service in All Saints' the rector, Rev. Wm. Major, took occasion to heartily thank those who had contributed towards the new altar fontal, and especially those outside the city.

Better Than Cobalt.

—Cobalt silver is all the rage now, but $1.00 a share is a poor proposition for great and immediate results as compared to $1.00 for a bottle of Dr. Ramboe's Rheumatic Remedy, which gives quick and sure results. All druggists. 3cod

Young People's Society.

—On account of the special service to-night in St. Andrew's the Young People's Society meeting has been cancelled, and the members will meet on Wednesday night, when, in the prayer meeting, the young people's topic will be taken up.

"Does It Pay?"

—This will be the subject of the address at the Mission to Men to-night at the Y. M. C. A. Mr. Potter will not be present to-night on account of the anniversary in his church. The speaker will be Mr. J. F. Thornton. Mr. Radolfe Freund will sing. Every man in the city is invited.

Express Business Growing.

—Another new rig has been added to Mr. Elrick White's express line. The outfit is a smart looking vehicle, compactly built and a likely trap to bring business. The painter has made a good job of the finishing, striping and lettering, and Peter White, the obliging driver, thinks it is the "whole tip."

Delicacies for Easter.

Come in and make your selections early for Easter. Following are some particularly choice goods which we are showing: Strawberries, pineapples, grapefruit, blood oranges, tomatoes, spinach, sweet potatoes, lettuce, radish, rhubarb and mint for your spring lamb; also some fancy Northern Spy apples. S. A. OKE, Bell Telephone 18; machine telephone 18. 376 George street.

Joins Dickson Co. Staff.

—The Marmora Herald says Tuesday was settling day for the lumber companies and brought a large number to town. Some years ago settling day was a big event, but in late years there has been a dropping off in the lumber business. Mr. J. F. Linton has severed his connection with Rathbun Company, and will go to Peterborough for the Dixon Company.

MADAME ALBANI

Plan opens to-morrow at 10 a.m. for Madam Albani and her excellent Concert Company, which appears at the Grand Saturday night, April 21.

BUSINESS MEETING EPWORTH LEAGUE

The regular monthly business meeting of the Mark street Epworth League, will be held this evening, and each convenor will be expected to present a report. The monthly collection will also be taken.

Mr. Arscott will conduct the topic, "Lessons from the Life of Christ, and His Resurrection Miracles," and Miss Carton will have charge of the meeting. A cordial invitation to attend is given to young and old, whether members or not.

J. H. D'ARVILLE

The Eminent Clairvoyant and Palmist

NO MAN IS BORN INTO THE WORLD WHOSE WORK IS NOT BORN WITH HIM.

HE TELLS YOUR FULL NAME, and what you called for; if not he makes no charge.

Everyone pleased; no one disappointed; a reading with Mr. D'Arville will add many successful and happy years to your life. He brings out points so plainly that all the dreams of alchemy would soon prove true. He tells business changes, travels, vocation, when and whom you will marry, full names, dates, facts and figures. Mr. D'Arville has many unsolicited testimonials from the most prominent people of this city. He is non-mercenary and always pleased to see his friends.

Mr. D'Arville will reduce his prices for the next week so that all who desire a clairvoyant reading may have a chance.

Readings private and confidential. Hours, 10 a.m., to 8.30 p.m.

Address: 29 Queen Street, Peterborough.

Commission Favours Canal Completion

Royal Commission on Transportation Report Laid on Table at House of Commons To-day—Says Government Has Made, by its Expenditure, Completion of the Canal a Settled Policy--Recommends the Trenton Route as Southern Outlet.

Special Wire to The Examiner

Ottawa, April 17.—In the House of Commons to-day the supplement to the report of the Minister of Public Works, constituting the report of the Royal Commission on Transportation, was laid on the table by Hon. C. S. Hyman. *It is of special interest* to the section contiguous to the Trent Canal, because it recommends the completion of that work, the clause dealing with it being as follows:—

"The Port of Midland should also serve as the Port for the Trent Valley Waterway on which the Government of Canada has already expended between five and six million dollars, thus having made its construction a settled policy and your Commission would recommend that this waterway be pressed to an early completion, and that it be by way of the Severn at the Georgian Bay end, and the Trent on the Bay of Quinte, so that its terminals will be in protected waters whereby greater safety will be given to the somewhat smaller boats and barges which will have to be used on this route."

It will be remembered that the Commission held a sitting in Peterborough during the life-time of the late John Bertram, who was at that time chairman of the Commission, when arguments were presented in favour of the completion of the Canal.

The report, which is a voluminous one, is signed by Robt. Reford, chairman, and J. H. Ashdown.

Roman Catholics Not To Build This Year

Rev. Fr. McColl Intimates, However, That it Will Not be Long Before Peterborough Will Have Another Church in the City.

A statement was made on the streets yesterday to the effect that the plans had been prepared for the erection of a new Roman Catholic church in the southern part of the city.

Rev. Father McColl, rector of St. Peter's cathedral, was interviewed by the Examiner last night on the matter, and he stated that while the advisability of erecting a new church in that section of the city had been under consideration, it had been decided that it would not be built this year. Plans had not yet been prepared, and, while it was a fact that in the near future a new church would be required to relieve St. Peter's, which was becoming too small for the increasing congregations, none would be erected in 1906, but, he intimated, that it would not be long before Peterborough would see another Roman Catholic church, the new structure to be erected in the south end.

Commence Work On Repairs To The Canal

A Large Staff of Men Will be Employed, Commencing To-morrow--Will Take Four Weeks to Repair Break in the Bank.

To-morrow morning work on repairing the break which occurred in the banks of the Trent Canal, above the Lift Lock, will be commenced. A large force of men will be employed on the work, which will be under the direction of the superintendent generally and Mr. Clem. Gordon, overseer, directly. It is expected that it will require about four weeks to complete the work, the cost of which has not yet been determined. An effort will be made to push the work as rapidly as possible in order that the delay in opening that section of the canal will not be any longer than is absolutely necessary.

City May Have Street Sweeper

Otonabee Has Purchased New Rock Crusher.

Mr. W. R. Scott, general agent for the Good Roads Machinery Co., of Hamilton, is in the city to-day interviewing City Engineer T. A. S. [illegible] with regard to a street sweeper. This machine, Mr. Scott claims, will keep a perfect balance of broom to sweep the uneven surfaces of the roadway, and is adaptable to any class of road. The broom is constructed in cylindrical form and is made of steel fibres.

Mr. Scott was in Keene yesterday and disposed of a rock crusher to the Township Council of Otonabee.

Second Load Of Immigrants Has Arrived

Steamer Kensington Lands at Halifax With Army Settlers.

Late this afternoon or this evening the special train carrying immigrants who arrived in Canada on the "Kensington," the steamer specially chartered by the Salvation Army, will pass through Peterborough, and a number will remain in the city, and be distributed to farmers in this vicinity. A despatch from Halifax telling of the arrival of the steamer there says:—

The steamer Kensington arrived yesterday afternoon from Liverpool with 1,200 English Salvationists, all bound for the west. An employment bureau was established aboard the Kensington, and when the steamer reached port every one of the immigrants had selected a situation, except those who propose taking up homesteads, and this is nearly half the number. The Kensington came up with the Salvation Army flag at her mast-head and the band of the Halifax corps was on the pier to welcome the newcomers, who sang "The Maple Leaf" with enthusiasm. Trains with the Salvationists left last night for the west. This is the second lot, the previous contingent having arrived a month ago. They are a fine looking crowd of people.

THIRD MEETING OF THE SERIES

Deep interest was shown by the men who attended the mission at the Y.M.C.A. last night. Mr. Bunt conducted the live song service, and Mr. Williamson took charge of the meeting and read the lesson.

Mr. J. F. Thornton gave a telling address on "Does It Pay?" and from the standpoint of a layman, presented the truth in a very convincing way.

He urged young men to seek the Kingdom first.

In the after meeting four young men took their stand for Christ.

The whole meeting was very encouraging to the workers, and great results are expected as the outcome of the mission.

ONE THING AND ANOTHER

Age and Weight.
Philadelphia Ledger.

NELL—May doesn't seem so quick to deny her age now as she used to be.

Bell—No; she's gotten very stout lately.

Nell—What has that got to do with it?

Bell—It takes all her time now to deny her weight.

Better Ballot for It.

Kissed a girl who didn't cry.
Asked if honesty he meant it.
Andy said he'd never repent it.
Andy's having twice the fun he
Ever had with all his money.
Fame is sure for dainty miss or
Matron who lets Andy kiss her.

Hard on McCurdy.
Montreal Herald.

IF McCURDY has to pay that $1,000,000 they are suing him for, he may have to live in one house and do with one steam yacht and only a few automobiles. For a man at his time of life this privation is indeed appalling, and is a terrible warning to all young men not to be found out.

Satan Has It.
Belleville Intelligencer.

WHAT'S COMING over this good old county of Hastings? Now we have a stabbing case—in which a son and his father are the chief actors—reported from a northern township. What next?

Sea Story, See?

A GLASGOW steamer was labouring in a heavy sea, the waves sometimes sweeping her decks, but the officers had assured the passengers that there was no danger, and all seemed reasonably calm with the exception of one meek-appearing little man, who, every few minutes, would approach an officer, and anxiously inquire if he thought the ship would founder.

"No, I tell you!" one of them finally exclaimed, with impatience. "What is the matter with you? Look at those other people—they are not scared to death."

"Oh, I'm not scared," the man replied; "but if the ship was going to founder, I wanted to know a little ahead of time."

"Oh, wanted to tell your friends good-by, and all that?"

"Well, not exactly," the man said hesitatingly; "the fact is, my mother-in-law is along with me, and if the ship was quite sure to sink, I wished to say a few things to her."—Harper's Weekly.

Ananias' Match.

LLOYD GEORGE was addressing a meeting in Wales, and his chairman said: "I half to introduce you to a member of the Carnarvon Borough. He has come here to reply to what the Bishop of St. Asaph said the other night about Welsh Disestablishment. In my opinion, gentlemen, the Bishop of St. Asaph is one of the biggest liars in creation; but he has his match in Lloyd George."

Plans For New School

AT LAST NIGHT'S MEETING WERE

Adopted By School Board

Board Will Advertise for Tenders at Once--Description of the New Building Which Will be 74x94 Feet, and Will Contain Eight Finished Rooms--Wide Corridors Will be a Feature.

At the special meeting of the Board of Education last night, Architect Blackwell's plans for the new school in the South Ward were approved of and adopted and the Board will advertise for tenders at once. The Board discussed the plans in committee, and then held a brief session at which a formal motion accepting the plans was passed. The motion was made by Mr. Dumble, seconded by Mr. Ackerman and gave the Committee on Public School Accommodation authority to advertise for tenders. This will be done in the Toronto as well as the local papers as the Board considered that outside competition might have a good effect. The members present last night were Messrs. W. G. Ferguson, chairman; John Crane, Wm. Pringle, B. F. Ackerman, W. H. Hill and D. W. Dumble.

Eight Rooms Finished.

The plans adopted by the Board were prepared by Architect Blackwell, who said last night that economy would be observed in the construction of the building, which would be built as cheaply as possible. The new school is 94 by 74 ft., and will be three storeys in height. It will contain eight rooms, the third floor being left unfinished, but in such shape that four more rooms can be provided when needed. The structure is rectangular with a flat gravel roof. It will be of red brick with a foundation of cement and Longford stone. The main entrance, which is 9 feet wide, will face the east.

The windows are a special feature of the building and will be 17 feet in width, affording very commodious halls. The dimensions of the class rooms are 26 by 32 feet, the standard size for public school, and each room will accommodate 50 pupils.

The Kindergarten.

On the south-west corner of the building is situated the kindergarten. This room is enlarged by an addition of a large bay window facing the west. On the west side also are found a waiting room and the principal's room. These are directly across the hall from the main entrance. There will be separate side entrances on the north and south for boys and girls. Two class rooms complete the first floor.

Upstairs there are four class rooms similar in every respect to those on the first floor. Here too, are the ladies' lavatory and the library. Cloak rooms are features. A feature of the class rooms is that the cloak rooms are situated at the end of the room and are always under the eye of the teacher. The class rooms have been so arranged that the light falls over the left shoulder of the pupil and comes from only one side of the room. The floors are made of hardwood and the ceilings of metal.

The basement is divided into apartments, one for the use of the girls and the other for the boys. In each there is a lunch room and also a lavatory. Between them is situated the boiler room and storeroom for bicycles.

The top storey will be left unfinished, being merely floored. The building as shown by the plans will give plenty of room and will be a most commodious structure. It will be heated by the blast system.

Grand Trunk Will Lower Lakefield Line

Plans Submitted at the Meeting of the Board of Works Last Night--Roadbed Will be 5 Feet 6 Inches Lower at Smith Street--Made Desirable by Abandonment of Chemong Line--Cement Contract is Ratified.

At the Board of Works meeting last night, a number of important matters were considered, one of which was the proposal of the G.T.R. to lower the tracks on the Lakefield line. It was pointed out that the grade was raised at the time the Chemong road was operated, but since it had been abandoned it was thought advisable to lower the roadbed to it's original level.

Those present at the meeting were: Ald. Hicks, chairman; Mayor Best Ald. Wilson, Graham, Johnston, Mason and Duncan.

To Lower Grade.

The G.T.R. submitted a profile plan of the proposed lowering of the grade on the Lakefield line. The plan showed the roadbed from Antrim to Argyle street, and the deepest cut would be at Smith street, where the new road would be 5 ft. 6 in. lower than it is at present.

Accompanying the plan was a report of the City Engineer on the proposed change of grade, which he reported as being satisfactory with one or two minor exceptions, one of which was that the city be given the right to run its trunk sewer either on the east or west side of the track.

It was decided to adopt the report of the Engineer, and that the agreement with the G.T.R. be amended to this effect.

Ald. Mason suggested that this would be a favourable opportunity to have the G.T.R. arrange to divert the stream near Argyle street to the north, and empty into the river near the Auburn bridge. It was finally decided that the chairman and Ald. Mason take the matter up with Mr. Cheer, the roadmaster, to see if this suggestion could be carried out.

Cement Contract.

The agreement between the Corporation and the Peterborough Hardware Company, by which the latter Company agrees to sell to the city 4,000 barrels of Monarch or Star cement at $1.90 per barrel of 350 lbs. net capacity, was read to the Committee, by the chairman and approved by the Committee, after an amendment had been made to the effect that the Company should supply sacks in good condition.

The chairman stated that he understood stones were being removed from Downie street, and asked that the City Engineer and Street Commissioner look into the matter.

The Committee instructed the Engineer to prepare and submit a plan for lowering the grade of the road on Dickson and Murray streets.

Sewer Connections.

The chairman referring to the new sewer on Simcoe street from Stewart to Bethune streets, stated that he was of the opinion that all the connections to the houses along the street should be made while the the sewer was being constructed. The cost of these connections will be $17 each, and may be spread over the period for which the debentures are issued.

Packed at the Oven's Mouth

We do things right at the Mooney bakery. Crackers are packed piping hot from the ovens. The moisture-proof paper and air-tight tins retain all the freshness and crispness, no matter where or when you buy them.

They come to your table just as inviting and delicious as though you ate them at the ovens in the bakery. At all grocers in 1 and 3 lb. packages.

Prize Winners Received Reward

Interesting Presentation at Park Street Baptist Sunday School.

At the Park Street Baptist Sunday School on Sunday, a collection was taken up for the Japanese Famine Fund, the amount raised being $16.22.

Just before the close of the service the prizes given for the largest sums of money collected on March 16th, for the building fund were presented. Lilian Meadows won the first prize, a handsome illustrated book of poems and Maxie Shoan was awarded the second, a beautifully bound Bible.

Rev. Mr. Brace, of Newtonville, son of the pastor made the presentation and gave a very interesting address to the school.

WORK COMMENCED ON FOXBORO TRACKS

Five box cars of Italians and their properties left Ranzetti's boarding houses, Bethune street, yesterday morning, bound for Foxboro, where the siding will be raised to the same elevation as the main track. It was thought the work would have commenced a little sooner than it did, but owing to the fact that the frost was in the ground the operations had to be postponed until the present time.

Air Gun Accident.

—On Monday of last week a very serious accident happened at the home of Mr. John Kelly, Campbellford. His two sons, Harry and Arthur, aged 12 and 9 years, were shooting with an air gun, and, in some accidental way, the gun discharged while in the hands of Harry, and the ball struck Arthur in the eye. Two doctors were summoned at once, and it was found to be so serious that the eye had to be taken out. It is not likely that any more air guns will be found around Mr. Kelly's home.

Easter Concert By Children Was Decided Success

Novel and Interesting Entertainment by Children of St. Paul's Sunday School—Affair Was Under Auspices of Presbyterian Guild--Programme Was Presented Entirely by the Children and Was Much Appreciated.

THE ATTENDANCE WAS QUITE LARGE

Bright and interesting, and in many ways symbolical of the joyous Easter season, was the entertainment under the auspices of the Presbyterian Guild of St. Paul's church last night. The programme was contributed entirely by the children under the direction of Miss Williamson, and was refreshing in uniqueness and charm. The attendance was quite large, and the entertainment from all points of view must be pronounced a decided success. Rev. Dr. Torrance made a most acceptable chairman.

The programme opened with a chorus, "Forget-Me-Not," by the children. This was most effectively rendered, as, indeed, were all the choruses given during the evening, which included "Easter Dawn," and "Spring Once Said." "The Glory Song" was effectively sung by Donald Carmichael, the children joining in the chorus. A pleasant feature of the programme was a recitation by Master Hugh Carmichael. Miss Mabel Pringle recited "Easter Lilies" in a clever manner, which was warmly applauded, as was the solo "Bird's Nest," by Clifton Carruthers. The solo, "Robin Song," by Georgie Long, with whistling by J. M. Garvin, was much appreciated. A novel feature was the pantomimic sketches by 12 boys and eight girls. A presentation of "Mother Goose" ended the programme, which was thoroughly enjoyable throughout.

Miss Etta Nelson presided at the piano, and her playing of the accompaniments greatly added to the effect.

During the evening Rev. Alfred Bright, the new assistant pastor, gave a short address.

At the conclusion of the programme refreshments were served to the children and were greatly appreciated.

Dreaded Insomnia.

"I was afflicted with nervousness and dread insomnia, so that I never knew for three years what a full hour's sleep was. Heart pains and headaches almost drove me wild. I had spells of weakness and had bad cramps in stomach and limbs. Finally Dr. Chase's Nerve Food was brought to my attention, and eight boxes cured me." — Mr. Jas. Wesley Weaver, a veteran of the Fenian Raid, Port Dalhousie, Ont.

Brisk Trade In Live Stock

The Dickson Bridge Will Be Re-opened

Board of Works Decides to Render it Safe for for Vehicular Traffic--Ex-Ald. Edgcumbe Asks Board to Provide a Crossing Over the River for Convenience of Citizens and Business Men.

The question of providing a crossing over the Otonabee River, above Hunter street, was discussed last night by the Board of Works, and a decision was reached, since the Smith street bridge was unsafe, and was to be closed, to repair the old Dickson dam bridge, and replank it, at a cost of $175 to $195, making it safe for vehicular traffic.

The matter was introduced by ex-Ald. Edgcumbe, who addressed the Board in reference to the Smith street bridge, in which he said he was very much interested. He said that he understood that the engineer reported that it would cost $500 to repair the bridge, and it would then be in condition for only one year. He would not advise spending one dollar on the old bridge but if the old Dickson dam bridge could be repaired at a cost of $200, it should be done. The people of the north end of the city needed a bridge, and it was a serious matter to him, as well as other business men in the city.

The chairman replied to Mr. Edgcumbe that he had spoken to Mr. Larmonth in reference to using the Dickson Dam bridge, and he had stated that so far as he was concerned, he had no objection to the city using it in case they repaired it and maintained it.

Ald. Johnston moved that the City Engineer be instructed to arrange with Mr. Larmonth for the use of the Dickson dam bridge. The motion was seconded by Ald. Wilson, and carried.

The motion also provides that immediate steps be taken to have the work done, and that arrangements be made to make a roadway over the tracks.

MUCH ACTIVITY IN LOCAL ODDFELLOW CIRCLES

The week beginning August 6 will be a busy one in the circles of Odd Fellowship in Peterborough. The annual meeting of the Daughters of Rebekah will be held; the Grand Encampment will begin on Tuesday, August 7, and the Grand Lodge of Ontario on August 8. The day preceding will be devoted to Grand Lodge Committee work.

The Peterborough Grand Lodge Committee will hold a general meeting next Thursday evening, April 19, to make further arrangements, and each member is asked to be present.

The annual church parade will be held on Sunday evening, April 29, to Murray street Baptist church, when the sermon will be delivered by Rev F. J. Scott, B.A., pastor of the church The brethren will assemble at the I.O.O.F. hall at 6.15 sharp, and march to the church. In addition to all members of Peterborough and Otonabee lodges, a warm welcome will be extended to visiting members.

The Hill-Dewart Case

WILL BE HEARD BEFORE JUDGE M'GEE

At The Spring Assizes

Robert Hill Brings Action Against John Dewart for Defamation of Character--Suit Against Charles Gow to Recover Damages for Loss of His Son--Two Interesting Cases.

At the spring Assizes, which open on Monday next with Mr. Justice Magee presiding, two cases arising from the now famous Dummer shooting affray will come up. Robert Hill, father of the boy who was killed last August, has entered a suit against John Dewart, of Dummer, for defamation of character, and has also entered an action against Charles Gow to recover $1,000 damages for the loss of his son. Hill is represented in both cases by Mr. E. B. Edwards, while the defendants' solicitors are Messrs. Donnistoun, Peck and Kerr.

Hill versus Dewart.

Hill, in his statement of claim against Dewart, alleges that John Dewart said, in the presence of Thomas Begley and William O'Brien (two Review reporters), "The Hills are a set of blackguards." "The Hills have been accused of poisoning cattle," and that the defendant, on another occasion, said that "Hills did all the poisoning of the cattle in the neighbourhood." The statement of claim also claims that the defendant, on the sixth day of September, falsely and maliciously published in The Evening Examiner a letter in which the plaintiff says he was accused of the crime of poisoning cattle and dogs of the Murphys, and feloniously shooting a beast of the Dewarts. It also alleges that defendant made similar statements on other occasions. Hill claims $1,000 damages and the cost of the action.

The defendant, in his statement of defence, admits the first statement, but denies the rest. The defendant says that the plaintiff has sustained no damage by reason of the slanders and libel charged in his statement of claim, and that no special damage is alleged.

Hill versus Gow.

The plaintiff brings the action under the act respecting compensation to the families of persons killed by accident or in duels, as parent of the deceased for the benefit of himself and Ada Hill, the mother of deceased, who have suffered damage from the wrongful act of the defendant, whereby the said Thomas Edward Hill was killed on or about the 24th day of August, 1905.

The plaintiff claims that the said Thomas Edward Hill was in the dwelling house of the plaintiff on the night of the said 24th day of August, 1905, and the defendant, passing along the highway opposite said dwelling, wrongfully fired three shots from a Winchester rifle in the direction of such dwelling house, and the bullet from one of such shots struck and killed the said Thomas Edward Hill. The plaintiff claims $1,000 damages and his costs of action.

The defendant denies that he fired a shot which struck and killed Thomas Edward Hill.

These cases are arousing great interest in Dummer, and a large number of people from that township will be on hand for the hearings.

Healthy Blood Best Germicide

YOU CAN PREVENT AS WELL AS CURE DISEASE BY KEEPING THE BLOOD PURE AND RICH WITH

Dr. Chase's Nerve Food

"Healthy blood is the most powerful germicide extant," said Sir William Collins recently, in a lecture on "The Man vs. The Microbe."

This well-known authority proceeds to show how much more successfully disease can be combatted by keeping the blood pure and rich than by inoculating into the system one set of poisonous germs to fight the other germs of disease.

And this is what we have been claiming for Dr. Chase's Nerve Food, and what we have been backing up by the testimony of worthy people in all parts of the country.

Dr. Chase's Nerve Food prevents disease as well as cures it because it contains in condensed form the very ingredients which go to form new, rich blood and nerve force.

Especially at this time of year when the system has become run down and the blood weakened the majority of people find it necessary to use some treatment in order to enrich and purify the blood and increase the vigour of the body.

Neglect to assist Nature at this trying time means that you leave yourself liable to attack by all sorts of disease germs. It also means that, instead of accomplishing your work with pleasure and success and enjoying life, you drag yourself about, feel miserable, and by your irritability bring unhappiness to all associated with you.

Some of the most common indications of a run-down system are headaches, sleeplessness, indigestion and a general lack of energy and vitality.

No treatment we know of so thoroughly overcomes these symptoms as Dr. Chase's Nerve Food, and you can prove its remarkable blood-forming, tissue-building qualities by noting your increase in weight while using it.

If you would feel strong and well and avoid all the ills and weakness so common at this season, enrich your blood and revitalize your nerves by the use of Dr. Chase's Nerve Food. 50 cents a box, 6 boxes for $2.50, at all dealers, or Edmanson, Bates & Co., Toronto.

OBITUARY.

ALFRED WEBSTER.

The death occurred at Toronto Friday last of Mr. Alfred Webster, a former resident of Peterborough and well known to many citizens. He was an employee of Peter Simons and Company for a number of years. He was sixty-seven years of age and leaves one son, Edward, and a daughter, Mrs. Bert Craig.

The funeral took place yesterday afternoon at Toronto.

JOHN STEWART GRAFTON.

Mr. John Stewart Grafton, one of the members of the firm of Grafton and Co., passed away at his home in Dundas on Friday. Mr. Grafton was well known in Peterborough and at one time conducted a general store business at Ainwick. He went to Dundas in 1887 and started into partnership with his brother James B. Grafton.

The Hamilton Spectator says of Mr. Grafton:—"He was a great lover of nature and in earlier days nearly every fall would spend a short time in the woods and on the water in the company of some of his many Indian friends in the Rice Lake district.

Rev. Dr. Milligan Spoke On Lessons From Sunbeams

Public Re-opening of St. Andrew's Church Celebrated—Good Sized Congregation Present—Address Was of a Most Profitable and Interesting Character—Study of Ordinary Things Produce Best Results—Grade of Excellence Marked by Complexion.

PLEASING SOLOS WERE RENDERED

The public re-opening of St. Andrew's church, which has for the past seven weeks been closed during improvements, took place last night. A large congregation was present to hear Rev. Dr. Milligan, of St. Andrew's Presbyterian church, Toronto, who had been secured by Rev. Mr. Potter as the speaker of the evening.

Dr. Milligan's address was based on "Lessons from Sunbeams," and was not only interesting, but also of a very educative and profitable character.

Rev. Mr. Potter, before introducing the speaker, referred to the grateful feeling he possessed in getting back into the church again with the congregation, after holding the services in the Sunday school hall. He considered it a duty as well as a privilege to have a place of worship beautified. He exhorted all in Christian sincerity to close their eyes to everything which does not assist in the advancement of the work of God. He was delighted to have Dr. Milligan present to address the congregation, and he felt assured his talk would be inspiring and helpful.

In opening, Dr. Milligan referred to the various views entertained regarding education. Among the important of these is that imparting the education of recognizing acts of wrong. Education trains us to see and hear the complexity of ordinary things and to bring us into true relation with them, and to discover the wonders they contain. Is is a false view, he explained, of thinking that wonders exist in things extraordinary. There are books in brooks, tongues in trees, and good in the simplest things.

In the study of sunbeams, he remarked that the education derived from them is wonderful. The first great truth they teach is that the mark of excellence of anything is its complexion. Man is distinguished from all life by his great differentiation and complexity, and the more advanced the civilization the greater the complexion. The same is true geographically. People in the complex, moderate climate are generally speaking, the more marked in civilization. Wherever there is a complexity of race much better intellectual results are obtained.

In order to succeed in life a man must have variety and complexity like the sunbeams; a faddist will never be a progressive man. Another indispensable condition in the success of life, as taught by the sunbeams, is unswerving perseverance. Just as the red ray in the spectrum is the least unbendable, so in all history it has been the unbendable character that produces the brightest and most triumphant results. The world will give just what we are able to take out of it, and determination to accomplish the best results should be the dominant thought of each.

During the service two solos were beautifully rendered, one by Mrs. Templeman and the other by Miss Mary Rush, and as usual, with these talented artists, received with much appreciation.

LAYING RAILS ON THE C. P. R.

This morning the work of laying the heavy steel rails was commenced on the C. P. R. about one and one-half or two miles east of the city. It is said that six miles of rails will be laid altogether in this vicinity. In a short time the siding will be probably laid to the yard of the Sandstone Brick Company.

A Problem Solved

Ozone is ozone and in buying it the problem is to get the purest form. "Solution of Ozone (the coupon kind)" is the purest form in which Ozone is put up In addition each bottle contains a coupon entitling you to a package of "Celery King" free, and it is well known that you should take "Celery King' along with Ozone.

We put "Celery King" coupons in our Ozone bottles because no other firm can give "Celery King" with Ozone. By buying "Solution of Ozone (the coupon kind)" you get the purest and most concentrated form of Ozone, and in addition, you save the expense of buying "Celery King" to use with it.

No other kind of Ozone offers this advantage. Ask your druggist for it, and if he hasn't it, write to the Public Drug Company, Bridgeburg, Ont. Sold by W. B. WARNE, 4

FOOD IRON

You need Iron. Everybody does. The harder you work, the more you worry, the more Iron you require. But Crude Iron won't do. Iron Pills, Iron Tinctures, Iron Tonics are useless in nineteen cases out of twenty. You must have pre-digested Iron or your blood will not assimilate it.

FERROL

furnishes the Iron you need in combination with Cod Liver Oil, and so intimately incorporated with the oil that the most delicate digestive organs cannot fail to assimilate it.

The value of the combination cannot be overestimated. It builds up and fortifies the system against Coughs, Colds, Bronchial Affections and kindred troubles. If any of these diseases have already been contracted, or if the lungs are affected or threatened, FERROL cures by enabling nature to throw off the disease, not by "killing the germs," which is a physical impossibility.

FERROL is an absolute specific for Croup and Bronchitis, and no household where there are children can afford to be without it.

FERROL is not a patent mystery. The formula is freely published. It is prescribed by the best Physicians. It is endorsed by the most eminent Medical Journals. It is used in the prominent Hospitals, Sanatoriums, etc.

For Sale by W. B. WARNE, 345 George St.

SHREDDED WHEAT BISCUIT

is the best food for little folks because it makes sound teeth, good bones and sturdy bodies. They like it toasted, with milk or cream.

Send for the "Vital Question Cook Book," postpaid.
CANADIAN SHREDDED WHEAT CO., Limited, Niagara Falls, Ont.
Toronto Office, 53 Church St.

BLOOD DISEASED MEN

If you ever contracted any blood disease you are never safe unless the virus or poison has been eradicated from the system. Have you any of the following symptoms? Sore throat, ulcers on the tongue or in the mouth, hair falling out, aching pains, itchiness of the skin, sores or blotches on the body eyes red and smart, dyspeptic stomach, sexual weakness—indications of the secondary stage. Don't ruin your system with the old fogy treatment—mercury and potash—which only suppresses the symptoms for a time only to break out again when happy in domestic life. Don't let quacks experiment on you. Our New Method Treatment is guaranteed to cure you. Our guarantees are backed by bank bonds, that the disease will never return. Thousands of patients have been already cured by our New Method Treatment for over 20 years. No names used without written consent.

Mr. R. A. C. writes: "Your remedies have done me more good than Hot Springs and all the doctors and medicines I had previously tried. I have not felt any of those pains or seen any ulcers or blotches for over seven years and the outward symptoms of the loathsome disease have entirely disappeared. My hair has grown in fully again and I am married and happy."

HIGH LICENSES.

High license is not always regarded as a panacea for the evils of intemperance. Speaking of high license in Chicago, The Christian Observer says: "We are unalterably opposed to high license as any kind of temperance measure. But there is one thing to be said, we suppose on the other side. It is this: If we are going to allow the saloon to fatten on our homes, on our youth, our fathers and brothers; if we are going to nail up behind the bar our 'license' — that is to say, our permission — for it to project its turgid sewer of misery and crime into our streets and across our thresholds and family altars, making added police courts, prisons, and asylums necessary, it is possibly an allowable economic doctrine that the saloons should be made to help pay their own bills." Though this language is a little hysterical in its intensity, it does not conceal the fact that high high licenses are not altogether in the interests of greater sobriety. In the first place it creates an unsettled condition of the trade, which, though it is so severely condemned by many enthusiastic, and well-intentioned temperance advocates, is a strictly legalized business, and entitled to the protection, in a business sense, which its sanction by Parliament makes fair. Many persons doubt the efficiency of high license. It naturally creates a monopoly, which is an acknowledged evil in any sphere and tempts unscrupulous holders of licenses to make an effort to get even with a high license by improper means, adulteration of drinks, selling at all hours, etc. Advocates of the suppression of drink find their pathway of reform beset, like the pathway of any great moral movement, by serious obstacles, and it needs a great deal of wisdom to decide which is the best course to pursue. But so long as the liquor traffic is legalized, it should be subjected to strict control and supervision, should not, in the interests of temperance, or of those interested in a business way, be subjected to unnecessary harrying, and from a business point of view, hardship. The Christian Observer had doubtless good warrant for its objection to high license as a measure of temperance reform. High license has evidently been used by the present Government as a political expedient. Temperance interests were struck a body blow by imposing almost impossible conditions on local option, which was an apparent effort to placate the liquor interests, and to square themselves with the temperance element of the electorate, a high license enactment was proposed.

EDITORIAL NOTES.

If the better class, well-to-do British immigrants, the Ottawa Free Press suggests, purchased farms in Ontario, their families would grow up acclimated and thoroughly prepared later on to throw in their lot with the sons of other Ontario farmers in the Northwest. The soil of Ontario is not worked out, its richness is pronounced, and some of it is only being opened up.

It is less than two years ago, says the Winnipeg Free Press, that many of the heavyweights of Parliament took up pages of Hansard in establishing that with the C. P. R. and the C.N.R., the Canadian West was amply supplied with railways. Since then the construction of the G.T.P. has been begun; the Hill interests have declared their intention to build a fourth main line from Winnipeg to the Coast; and the Dominion Government is talking about rushing a railway to Hudson's Bay. There is business in plenty for them all; and by the time these roads are built there will be need for more, and the Free Press might have well added, for the Trent Canal also. With the present mighty inrush of settlement into the Northwest continued, and all the facilities of transportation now existing, and in sight, the grain carrying business will not be overdone.

Give People Who Pay A Chance By Vote To Say

Whether or Not They Are Willing to Have $35,000 of the Peoples' Money Spent to Build a Too-Big School on an Out-of-the-Way Site--It's the Peoples' Money the School Board is so Lavishly Proposing to Spend.

The Board of Education still persists in defying the will of the people in regard to expending $35,000 of the people's money for the erection of an unnecessarily large and expensive school building, in an out-of-the-way situation — without giving the people, who pay, an opportunity of expressing an opinion on the subject.

Last night the School Board gave authority to call for tenders for the erection of a $35,000 school, without a thought of asking the consent of the people, who pay.

The members of the Board do not put up the money; they only propose spending it. Every taxpayer in the city will be forced to contribute, and without saying whether he is willing, or unwilling.

This seems to be an outrageous disregard of the first principle of responsible government. The people who pay should have a say. But the Board has arbitrarily set itself above the people — has expressed — if not in so many words — by its actions, a determination to force the $35,000 through in defiance of the will of the people.

If the Board and the City Council had reason to know that the project of spending $35,000 for an unreasonably large school building, in an out-of-the-way and presently inaccessible situation, met with the general approval of the people, their course would be intelligible. But when they have reason to know that the great bulk of the taxpayers are strongly opposed to their extravagant ideas, their course becomes outrageous.

The Board has evidently set itself to the work of forcing through this $35,000 expenditure, which, under the conditions involves the spending of $10,000 or $12,000 more. According to law they cannot do this without the co-operation of the city council.

The City Council therefore stands between the Board and the high-handed action the latter contemplates and have it in their power to have the people, who pay, given an opportunity for an expression of opinion on the subject.

Mayor Best, as head of the City Council, has been a great stickler for consulting the people, upon even comparatively trifling expenditures. He has set his face resolutely against spending even a few thousand dollars for defensible, and desirable, purposes, by resolution or by-law of the council — "Submit it to the people," has always been his cry.

He now has a chance of leading the council in carrying out this principle. He and the council have it in their power to decline to authorize the $35,000 expenditure, without submitting it to the people. The Board will then be compelled, according to law, to come to the council, and demand, as they can do, that a grant of $35,000 be submitted to the ratepayers for their decision.

It is thus seen that the City Council has the proper and popular solution of the question in their hands. It will be only by the connivance and consent of the City Council that the Board can be successful in carrying to a finish their outrageous disregard of the people's right to express their wills.

Here is a chance for Mayor Best to bring into play his favourite, and often-expressed principle, of consulting the people in regard to expenditures of considerable sums of the people's money.

Will he be equal to the occasion, or will he take the council with him and unite with the Board in defiance of the will of the people who pay?

But the $35,000 is not all. If the South Ward School building which is a needed convenience, if built in a suitable place, and of a reasonable cost and size—if this building is placed on the announced site, there will be required an additional expenditure of $6,000 to $10,000 to open up George street which will only be necessary to give access to this school.

To give access to the new school and incidentally bring into the market and add value to park lots.

Will the Mayor and Council regard the latter advantage as a sufficient reason for spending from six to ten thousand dollars—to open up a street, to give added value to private property?

And at the expense of the ratepayers generally and at the double expense of every holder of vacant property in other parts of the city.

The saleability of these vacant lots will be decreased by throwing open park lots which will be in demand for residence sites by those who may desire to be within reasonable reach of a one-sided school.

In this way the holders of vacant property in other parts of the city, will be bled twice—by paying their share to the cost of a $35,000 school and to the cost of opening up George street to reach the school, and incidentally bring park lots into the market as building lots; they will have to pay again by having their holdings of vacant lots made unsalable by the opening up of park lots.

And all this is to be done without allowing those who will be the most affected—the people who pay — a chance to say a word in a matter which affects both their purses and the interests of their children, who who will be dragged long distances to attend a school situated in an out-of-the-way place.

A situation, which apart from its one-sided nature, can only be got at by spending, on top of $35,000, from $6,000 to $10,000.

And all this is to be done without asking the consent of the people who pay.

This is certainly a high-handed action on the part of the Board, which might be regarded as all right in tyrannical Russia, but not in a country where the people have a right to think for themselves, and where they have the constitutional right to refuse to be taxed without their consent.

Not only this but the Board has—by some of its members—hinted if not openly expressed its determination that, if the Council refuses to help the Board push through its $35,000 demand, without reference to the people, then the Board will proceed to abuse its power by placing the sum of $35,000 on the current rate, that is, our taxrate would be increased by $35,000 at one stroke.

Such a situation is inconceivable, but it only shows to what lengths the Board is prepared to go in forcing their ideas upon the people who pay—without the grace or decency of consulting the people who pay.

Give the people who pay a chance to pronounce upon the proposal to spend $35,000, with six or ten thousand additional. If they give their consent there is nothing more to be said, the money is theirs, and they have a right to say how it shall be expended. Give them the privilege of exercising that right.

Combine the bylaw—for opening up George street—with the $35,000 school building bylaw. Submit both to the people. Give the people who pay a say.

WEEKLY DRILL OF RANGERS TO-NIGHT

The weekly drill of the 57th Regiment will take place this evening, at the drill hall. It is expected there will be the largest turn out of the season to-night. The first parade will take place at the first drill in May, and in the meantime squad drill will be taken up.

A POPULAR LAMENT

Where Would Society Be if One Was Judged for the Sins of Others?

"O! I tried one of those hair tonics some time ago, and it never did me a bit of good."

That's what many people are saying to-day when they refuse Herpicide a trial.

It would be as sensible to say "I never travel on a railroad because I often see collisions mentioned in the papers."

Newbro's Herpicide is specially made to destroy the germ that is living on the roots of your hair.

That is why it is so exceedingly efficacious—it is there for the sole purpose of ridding the hair of this parasitic growth, after which the hair grows as nature intended.

Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. Ormond & Walsh, Special Agents.

Spring Trouserings

Any time you call now you can see our latest importations of New Trouserings. Special care has been used in selecting West of England Patterns.

April is the month most men don Spring attire. Come and make your selections and leave your measure in good season.

Our Spring Suitings contain just enough material for a Suit length, which means that your Suit will not be duplicated.

Cressman's

Tags Should Be More Expensive

Views of a Prominent Citizen on This Matter.

Mr. D. W. Dumble expressed the opinion this morning that dogs should be taxed $2 and bitches $4.

"The city is overrun with dogs," he said, "and they do a great deal of harm scratching up citizens' gardens and doing other damage."

There are many others in Peterborough who have suffered from the actions of unbridled canines that would be pleased to see the dog licenses doubled in price, and thus probably cause the owners of many practically uncared-for and valueless dogs to do away with them.

A little Coal goes a long way in a Happy Thought Range, because every unit of heat can be concentrated where you need it—the top, the reservoir or the oven. Who says so? Why everybody.

The Best Stove Co.

THE NEWS OF CITY AND THE DISTRICT

Weather Predictions for To-day and To-morrow—Fine and Mild

Vestry Meeting.

—The vestry meeting of St. Mark's church, Otonabee, will be held to-night.

Fire, Water and Light To-night

—The Fire, Water and Light Committee will meet to-night in the City Clerk's office.

Court of Revision.

—A meeting of the Court of Revision will be held to-night at the Council Chamber.

Furniture For Sale.

—Read the condensed ad. on page two for the sale of household furniture at 189 King street.

Meeting Postponed.

—The regular meeting of the local lodge of Elks has been postponed from to-night to next Monday night.

Piano Tuning.

—Piano tuning promptly attended to. Satisfaction guaranteed. A. E. Hoover, 222 McDonel street. 'Phone 198.

Drill To-night.

—The 57th Regiment of Peterborough Rangers will muster to-night in the drill hall for squad and company drill.

Temple of Fame.

—In the Charlotte street Sunday School Room, on Thursday and Friday, April 19th and 20th; doors opens at 7.15. Admission 25 cents. A great treat. 3d90

Appeal to Men.

—Men! Help along the Mission for Men at the Y.M.C.A. to-night by being present yourself and bringing some other fellows.

Real Estate Purchase.

—Mr. J. McCabe of Lindsay has purchased Mr. Chapman's residence on Gilmour street, and will move there with his family on the first of May.

Navigation Far Off.

—There is yet no sign of the opening of navigation, but the steamers Kathleen and Manita are scheduled to commence double trips on May 1.—Lindsay Post.

New Picture Framery.

—186 Hunter street, two doors west the post office. Mouldings, mattings, British plate mirrors sold; show cases manufactured. Fine work at reasonable prices.

Purity Guaranteed

—Have received another small lot of that delicious maple syrup and maple sugar, which are so much liked by our customers. S. A. OKE, 376 George street. Telephone 18.

New Mouldings.

—The new designs in mouldings have arrived at "The Framery," 326 George street. Orders for picture frames can be executed promptly. A full stock of artists' materials.

Idyl Wyld to be Re-opened.

—Mr. J. W. Hutchison, lessee of Idyl Wyld summer resort, for the past three years, was in town on Saturday, making arrangements for re-opening the island for another season. Mr. Hutchison expects to open the house about the first of May.

St. Andrew's Ladies' Aid.

—There will be a special meeting of St. Andrew's Ladies' Aid this, (Tuesday) evening, at 8 o'clock, at the residence of Mrs. Mathieson, 308 Brock street, and all the members are asked to be present, as matters pertaining to the anniversary tea will be brought before the meeting.

Better Than the Money.

—Are the good reports we receive of our medicines every day. Confirmed cripples are now working, and recent cases of rheumatism are cured in two or three days. DR. ROSCOE'S RHEUMATIC REMEDY is working wonderful cures in this district. Ask your druggist for it. eod

Play Ball.

Another evidence of the value of advertising in the Examiner is furnished. A few days ago a gold watch was lost; an advertisement was inserted in this paper, and inside of two hours after the paper was off the press, the watch was returned to this office. Saturday a man lost a number of notes and cheques amounting to about $900 and an advertisement in the Examiner of that day brought the missing property to the police station yesterday.

PRIVATE SALE

Of Bed Room Suites, Carpets, Chairs and several other useful household utensils. Call any time at 343 McDonel Street. 3d 90

DELAIRE GOES TO DESERONTO

Officer Gunyon of Deseronto, arrived in the city to-day and took back to Deseronto with him Claude Delaire of that town, who is wanted on a charge of abusing a horse. Delaire was arrested here a few days ago.

Why Tea Quality Varies

YOU know how the quality of strawberries from the same patch will sometimes vary from one day to another.

One day sweet, compact, well ripened, well colored, richly flavored—next day it rains, is cloudy,—following picking is soggy, sour, green, coarsely-flavored, poor.

Tea, also, on account of its volatility of flavor, after picking and during the curing process is very susceptible to weather changes. A few hours of sunshine or bad weather after picking may make the difference between good and poor tea.

So that while one picking may be first class, the next from the same garden may be very poor.

I select only the pickings which come up to the Red Rose standards of richness and strength in Indian, and delicacy and fragrance in Ceylon teas, and thus that "rich, fruity flavour" of Red Rose Tea is produced and maintained.

Red Rose Tea is good Tea

Mining Towns In a State Of Wild Terror

Striking Miners Shot By Deputies Near Johnstown, Pa.

DEAD BODIES LIE IN STREETS

Eugene Delaney, a Mining Engineer, Was Seriously and a Boy Fatally Wounded—Three Foreigners Are Dead—State Constabulary Summoned From Greensburg, and Trouble Is Expected.

Johnstown, Pa., April 17.—In a riot at the Windber mines, near here, last night three foreigners were shot dead by deputies, a boy was fatally wounded, and Eugene Delaney, a mining engineer was taken to the hospital seriously injured.

The riot was the result of an attempt on the part of striking miners to rescue some of their comrades who had been placed under arrest. A state of terror prevails. Sheriff Begley has made a demand to Governor Pennypacker for troops.

Shortly before midnight the town quieted down and the crowds began to disappear from the streets. The state constabulary was summoned from Greensburg, but a freight wreck delayed the train, and it is expected that the constabulary will not reach Windber before early morning. Trouble is anticipated, however, when the constabulary arrives at the mines, as the foreign element are very antagonistic to state officers.

The bodies were lying in the street last night where they fell, the strikers refusing to allow the undertakers to remove them.

The foreign element celebrated Easter Monday in the mining section, and much liquor has been used. The streets were thronged all day with boisterous crowds.

How it Began.

The trouble started at 5 o'clock, when Deputy Sheriff McMullen went to the mass meeting held by the striking miners in a wood at the edge of the town. Many of the miners had been drinking, and the sight of the deputy made them furious. The officer was quickly surrounded by maddened miners, who threatened to kill him. McMullen fled for his life, finding refuge in the house of Councilman Charles Davis. Practically every man who had gone to the mass meeting joined in the chase, and soon after the latter had entered the Davis' house it was surrounded by a mob of 2,000 shouting, cursing miners, who challenged McMullen to come out. The mob attacked the house and literally wrecked it. The deputy sheriff was roughly handled, but again managed to escape. The members of the Davis family fled to neighbors. Other deputies guarding coal property, had been notified of the trouble and twenty of the rioters were landed in the lock-up at Windber.

Fire Department to Protect Jail.

Strikers, with Sills at their head, prepared to storm the jail. Deputy sheriffs fixed bayonets, surrounded the jail and the fire department was called out. The foreigners refused to listen to efforts to pacify them, and, shouting to the deputies to throw away their guns and give up the prisoners, closed in on the jail.

When it became certain that the little band of deputies and firemen could not stand before the howling mob, they opened fire. Those of the foreigners who were closest to the jail had already begun using knives in the attempt to disarm the deputies, while others flourished revolvers. The deputies fired but only one volley and the foreigners broke and fled, leaving three dead in front of the jail.

At the mass meeting yesterday afternoon the men had decided to return to work on the operators' terms, when Deputy McMullen appeared. It is said that an intoxicated striker made an insulting remark to the deputy and when the latter warned the miner to keep quiet the trouble began.

400,000 Miners Out on Strike.

Indianapolis, Ind., April 17.—At this time about 400,000 men are idle and on strike. None of the men have yet drawn on the national treasurer for support.

"One would scarcely know that a great strike is on," said Mr. Mitchell. "The operators and the public have all the coal they want, the miners would not have had any work anyway since April 1, and if the public is paying more than formerly for coal, some one is taking advantage of the situation."

Police Fight With Miners.

Wilkes-Barre, Pa., April 17.—A detail of the state constabulary was called to Wilkes-Barre Township yesterday to do police duty. In a fight among foreigners Sunday night local constables were worsted after they had shot three men and one woman.

Mines Filling With Water.

Columbus, O., April 17.—According to reports received here from Illinois and Indiana, some of the mines in those states are filling with water because pumpmen and engineers have quit work.

Operators' Last Word.

New York, April 17.—The Tribune says the coal operators' reply to the workers will declare that their last proposition to President Mitchell is final.

Strike For Union Recognition.

Atlanta, Ga., April 17.—The strike of the Southern Bell Telephone linemen became effective yesterday.

Col. W. T. Gentry, vice-president of the company, says: "It is a demand for a recognition of the union and the employment of union men." Probably 400 men are out.

Go to Work Again.

Hamilton, April 17.—The striking bricklayers and masons will resume work in the morning at 45c. an hour, pending a final settlement.

EASTER MUSIC AT ST. PETER'S

The musical service in St. Peters' on Easter Sunday was of a special nature. Pontifical High Mass was celebrated at 10 a.m., the choir under leadership of Miss N. Lewis, rendering in an excellent manner Mass in Honour of St. Joseph by J. Wiegand, solos being taken and very sweetly sung in the morning by Misses. M. Clancy, A. Simms, E. Primeau, J. Delarc, A. Primeau and N. Simons, and Messrs. G. Hill, J. Hanrahan, J. Wyer, J. Picord, and F. Pope.

In the evening Grand Musical Vespers the Benediction deserves special mention O Salutans, male quartette, composed of Messrs. G. Hill, C. Milner, W. Mackie, and J. Wyer, Vautarn Ergo duet by Mr. Hill, and Miss May Clancy. Chorus by choir. Miss M. Doherty presided at the organ.

GUARDED THE BANK AGAINST CROOKS

During the past week three suspected crooks have been hanging out between here and Norwood in their old rendezvous—the station house in front of Mr. Knox's farm just beyond Indian River Station.

Mr. Knox discovered the suspects on Saturday afternoon and immediately informed Constable Scott, of Norwood. It was thought that they had dark designs on the Union Bank there and Mr. Scott was placed on guard during the night and was prepared to give the bandits a warm reception if their supposed plans were attempted. However, the bank was unmolested and apparently the three men have vacated the community after learning of the opposition aroused.

They were young man and neatly dressed, but nevertheless the people in that district are breathing more freely since their disappearance.

EASTER SERVICES AT ST. LUKE'S.

The Easter services were attended by large congregations on Sunday. The number of communicants Sunday was larger than at any other time in the history of St. Luke's. The choir, under the able leadership of Mr. Walter Wesley, had prepared special music which was rendered in very creditable style. The service itself was thoroughly congregational, no attempts being made of making the liturgical part of the service exclusively for the choir to render. At the evening service Miss Ruth Dawson sang "Hosanna" by Granier, in a very acceptable manner. Her voice was heard to great advantage and many favourable comments were passed on her singing and the fulness of her voice by those who heard her. The offerings were very generous, amounting to nearly $400.00. The result of the special self-denying offerings for Lent and the Easter offerings. The children of the Sunday School contributed $26.00 for missions.

Mr. Williamson's Fine Discourse "On Pickwick"

Splendid Lecture on Charles Dickens' Famous Novel at St. Peter's Hall Last Night—An Able Treatise on This Humourous Work—The Audience Was Very Much Smaller Than it Should Have Been.

LOCAL VOCALISTS LENT ASSISTANCE

Mr. E. S. Williamson, the well known Dickensonian of Toronto, gave a scholarly and finished discourse on "Pickwick Papers" last night at St. Peter's new school. The audience while discouragingly small in the matter of mere numbers, was "large" in appreciation and enthusiasm and the brilliant efforts of the lecturer were heartily recognized by any who had any knowledge whatever of probably the greatest comedy of England, and its characters in the time of the masterpiece, "Pickwick Papers." The lecture was beautifully illustrated by a large number of splendid views.

In commencing his address Mr. Williamson remarked that no other writer had ever attained such dazzling popularity as Dickens at so early an age. Dickens wrote "Pickwick" when only 24 years old. The England at the time of the Pickwickians, said the speaker, is widely different from the England of to-day. It has been said that Chas. Dickens and Sam Weller came to life to-gether. To go back to the time of Pickwick was to see England and its people an almost different country and race from what they are to-day.

The masterly discourse was so complete in every feature, so comprehensive in every detail that it is almost impossible to sum up its most important points after the manner of an ordinary lecture or talk. The many and very humourous adventures of the Pickwickians, consisting of Mr. Pickwick, the Wellers, Snodgrass, Winkle, the fat boy, Tupman, Jingle and scores of other celebrated characters in this wonderful book were described in a very lucid and laughable manner, and the many strage, and to him uncomfortable, situations Mr. Pickwick was found in were the acme of humour and absurdity. The visit to the Manor Farm was told of, the famous Hardell case in which Mr. Pickwick, after refusing to pay the damages awarded the poor widow in the breach of promise action was dealt with in a most comprehensive manner. Mr. Pickwick's predicament in getting into the wrong bedroom was absolutely ludicrous and his premptory ejection by the offended lady amid his profuse exposulations and apologies was laughable in the extreme; and Mr. Pickwick's experience on the ice was not the least humourous feature of the address. The happy ending of the book and the avowed fidelity of Sam Weller and Mr. Pickwick's soliloquy brought an interesting, amusing and realistic evening with the immortal Pickwickians to a happy conclusion. It may be mentioned that those who take and interest in Dickens' works missed a rare treat when they failed to hear Mr. Williamson on the Pickwickians. Dickens, as is universally conceded, is the truest depicter of character that ever wrote in the English language, and Mr. Williamson is one of the ablest and most enthusiastic exponents of the celebrated author, in the Dominion. The seating capacity of the hall should have been taxed to its utmost capacity.

During the evening Mr. John King and Miss Lavina Hallihan rendered some vocal solos in excellent voice and were generously applauded. Mrs. Morrow acted as accompanists.

Charles Dickens Was Subject Of A Fine Address

Literary Meeting of George St. League Last Night Was Most Enjoyable.

The regular literary meeting of the George street Epworth League, held last night, was largely attended, and all present enjoyed a delightful treat at the hands of Sheriff Hall, who had charge of the subject for the evening, "Charles Dickens."

The duties of chairman were ably performed by Mr. Jeffries in his usual graceful and pleasing manner, and, after opening exercises, in a few brief and appropriate remarks with regard to the subject of the address, "Dickens," and an eulogistic reference to the ability and highly esteemed character of the speaker of the evening, Mr. Jeffries introduced Sheriff Hall.

The latter treated his subject in a most pleasing manner, dealing with the characteristics of Dickens' works, his style, the humour and pathos displayed in his characters, the great influence which his writings have had in the reformation of undesirable conditions existing in England at the time his works were first published, and the wholesome effects his books produce on his readers of the present day.

At the conclusion of the address, the hearty thanks of the audience were conveyed to Sheriff Hall in a few appreciative remarks, by Mr. Geo. Robertson, seconded by Mr. G. Galley, which were duly acknowledged by Sheriff Hall, who stated that it was a pleasure to him to have been present and in any way stimulated their desire to know more of "Dickens."

His Hunting and Fishing Days Past

Widely Known American Visitor to Kawartha Lakes is Dead.

The sad news of the death of Mr. Henry Smith of Rochester, was received last night by Mr. George German, proprietor of the Windsor Hotel at Campbellford. Mr. Smith was for many years a conductor on the New York Central, and has a host of friends in this city and vicinity. For the past twenty-five or more years he has been a regular visitor in Peterborough and at the Kawartha Lakes during the fishing season. He was also a widely known hunter in the northern woods, and was always recognised as one of the most genial of sportsmen. His death has come as a shock to all who knew him here, and his robust figure will be greatly missed in Canadian hunting and fishing grounds in the future. The funeral will take place to-morrow afternoon in Rochester.

POLICE COURT.

Geo. Raper and Will Donnelly who were brought from Millbrook yesterday by P. C. Adams came up in the police court this morning charged with stealing a horse, buggy and harness on April 7th, contrary to the criminal code. Both pleaded not guilty and elected to be tried, summarily. Mr. G. W. Hatton appeared for the defence and objected that an enlargement which the chief asked for should be granted. Arguing, in effect, that the prosecution had plenty of time to inform the witnesses without keeping the young men in gaol an unnecessary length of time. His Worship granted the remand, however, and the case will come up again next Monday. Bail was fixed at $500 in two sureties of $250 each.

The facts in connection with the charge preferred against the prisoners are familiar to the majority of the citizens of Peterborough. Mr. Gillespie left his horse and buggy in the sheds of White's Hotel, on the night of Sunday, April 7th, and when he went to look for the outfit it had disappeared. He has recovered both the horse and buggy since.

TO CURE A COLD IN ONE DAY
Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature is on each box. 25c.

Miss Christie Was Honoured

At Annual Meeting of Olive Mission Band Yesterday.

The annual Easter meeting of the Olive Mission Band, a junior organization in connection with the Charlotte street Methodist church, was held yesterday afternoon, and was very satisfactory. A large attendance of the children and their parents was present, and the collection amounted to about $8.00. A good programme was excellently rendered by the juveniles.

The feature of the occasion was the presentation of a pearl pin by the Ladies' Aid Society to Miss Annie Christie, the gifted child elocutionist, who has on many occasions assisted at the entertainments given under the auspices of the various societies in connection with the church. Miss Christie's parents have decided to leave for the Northwest in a short time.

WM. PHILIPS.

The death occurred in the House of Providence yesterday of William Philips. The deceased was 83 years of age, and was born in Ireland. He had been an inmate of the institution for the past three months. Death was due to old age. The funeral took place to-day.

A Knighthood For Mr. Charles' Brother

Is Honoured in Recognition of His Services for Prince and Princess of Wales--Sir Havelock Charles Was at One Time on Staff of Canadian Bank of Commerce in Guelph Under Mr. D. Hughes Charles--Brief Sketch of His Life.

A recent copy of the "Mid-Ulster Mail" of Cookstown, chronicles the fact that a brother of Mr. D. Hughes Charles, of this city, has been knighted in recognition of his services in connection with the visit of the Prince and Princess of Wales to England, when he was the medical advisor to the party.

A half-tone picture of Lieut.-Col. Sir H. H. R. Charles, K. C. V. O., M.D., is published in the same issue issue of the Mail in which the following article appears:—

We have much pleasure in announcing that Professor Havelock Charles, of Calcutta (whose portrait we give on page 3,) who was in charge of the Royal visitors to India, has received the honour of Knighthood in the Victorian Order. Sir Havelock Charles is the youngest of the four professor sons of the late Dr. D. H. Charles, J. P., Cookstown. The others are Professor John Charles, of Cork; the late Professor Thomas Charles, of London; and Rev. Robert Charles, of Oxford, now Professor of Hebrew in Dublin, and a well known student of Biblical research! Sir Havelock was educated at the Academy under the late Mr. MacKenzie, to whose Memorial he was a prompt and liberal subscriber. He then entered the service of the Canadian Bank of Commerce, under his brother, David, but gravitated to medicine and returning to Ireland he entered the Royal University, and after a brilliant course, took his degree in 1881. He then entered the Indian Medical Service and rapidly rose in his profession and was appointed to a chair in Calcutta University. He was recently deputed by the Government of India to visit other medical schools and report and when the Prince and Princess of Wales announced their intention to visit India, Dr. Charles was selected to accompany the Royal party as medical advisor, and, as stated above, his services were marked by his being created K.C.V.O. He has also the rank of Lieutenant-Colonel.

Organization Of New Curling Club Effected

Mr. T. Brightman Was Elected President of New Joint Stock Company—The Meeting of Shareholders Last Night Well Attended—Capital Stock is $11,000--Is Being Subscribed for Well — An Interesting Meeting Held.

BECOME OWNERS OF CHARLOTTE ST. RINK

Last night at the Charlotte street rink a meeting of the shareholders of the Peterborough Curling Club, Limited, was held to effect an organization. The meeting was well attended and the outcome satisfactory.

The first business was the election of directors, which resulted in the following being elected: Dr. Greer, R. Noil, W. G. Morrow, R. M. Waddell, T. Brightman, J. S. Knapman, J. E. A. Fitzgerald, R. Hicks, W. H. Denham and Jas. Hogue.

The usual bylaws incidental to the organization of a new company were passed, including that transfering the property from the trustees, who have held it since the old company was wound up, to the new company.

The capital stock of the new company is $10,000 in 1,000 shares of $10 each, and it is understood that a large proportion of that has already been subscribed. Informally, the plans for the future were discussed, but nothing definite was accomplished.

At a subsequent meeting of the directors the following officers were elected:

President, T. Brightman.
Vice-President, R. Noil.
Secretary-Treasurer, R. M. Waddell.

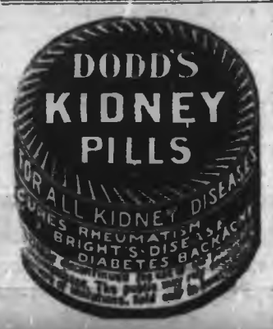
It is understood that the directors will take steps at once to secure the necessary amount of stock to carry out the plans which the members of the club have in mind.

Connections At Time of Laying

Chairman of Board of Works Advocates His Policy.

Ald. Hicks is anxious to preserve the streets of the city in as good condition as possible, and with this in view advocated at the meeting of the Board of Works last night the proposal to make all sewer connections to the street line where sewers are being laid, on streets fairly well built up. He pointed out that in the majority of cases, where a sewer was laid along a street, it was only a short time until the residents applied for connections, the result being that the roadway was torn up, and this was repeated until all the connections were made, and it was impossible to keep the streets in good repair.

In the sewers which will be laid this year he was strongly of the opinion that wherever possible, the connections should be made, at the time of the construction of the sewer.



THE LATEST SPORTS

Annual Meeting Of Football Men

Peterborough Has Two Representatives Among the Officers.

The fifth annual meeting of the Ontario Association Football League was held yesterday at the Walker House, Toronto. The Midland League sent as its representative Mr. J. E. Sullivan, of Peterborough, who, together with Mr. Cheswright and Brigden, was on the Nominating Committee. Dr. Morgan, the President of the Peterborough Quaker Club, was elected Vice-President of O. A. F. L. and J. E. Sullivan is one of the committee on professionalism. Dr. Devitt, of Bowmanville, was elected on the Match Committee.

The Ontario League were very enthusiastic over the future of the Midland League and expect great things from it during the coming season.

During the session David Forsyth, who has been secretary of the League for the past 25 years was presented with a gold headed cane as a memento of his valuable services during that time.

The President, Thos. Brownlee, in his address referred to Locust Hill, the winners of the O. A. F. L. as follows:—

"The intermediate series, with four entries, was long drawn out, and this was due to ties in two of the affiliated associations. Dundas and Little York played home and home games on July 12th and 14th, the first game being played at the grounds of the Little York team. Dundas was returned a winner on the two games by the scores of 2 to 0 and 2 to 1 respectively. Locust Hill and Euclid Avenue played a sudden death game at Markham on July 24th, Locust Hill winning by a score of 2 to 0. This brought Dundas and Locust Hill into the finals. The first game at Dundas on July 28th resulted in a victory for Locust Hill by 2 goals to 0. The return game was played at Markham on July 31st, and resulted in a draw, one goal to one goal. The Locust Hill team captured the intermediate championship by a score of 3 goals to 1 goal.

Discussion on the proposed amendments to the rules took up a considerable time and resulted practically in all the amendments being agreed upon.

MIDLAND FOOTBALL LEAGUE TO MEET

On Saturday, April 28th, the Midland Football League will meet at the Y. M.C.A. for the purpose of drawing up the schedule for the season's games.

FOOTBALL

The Peterborough Quakers have had two propositions to play an exhibition game on the 24th of May. One was from St. James' Church team, Toronto, which was very successful in the Church League last season. The other was from the Toronto Teachers' Association team. It has not yet been decided whether a match will be arranged, but if at all possible one of these teams will be given a game.

* * * *

The Peterborough Quakers will practise to-night at 6.30 on Central Park. It is desirable that as many as possible be present at these practices so that a team may at once be gotten together, which will compete for the honours in the Midland League.

"EASY ONE" MUST SEND HIS NAME

The Examiner has received a letter signed "One of the Easy Ones," in which the writer makes some references to the opera house. "One of the Easy Ones" must be reminded of the invariable rule of the Examiner that only communications to which the writer's names are attached will be considered, and this letter cannot be used unless this is supplied, not necessarily for publication, but as evidence of the writer's good faith.

Product In Good Demand

American Cereal Company Mills are Running Overtime.

It is understood that the American Cereal Company's mills here are experiencing about the busiest time in their history, at the present time. Night work is being given to all who want it, and the utmost difficulty is being experienced in keeping up with the orders, which are fairly pouring in.

Since the company's flour mill commenced operations and the travellers were put on the road, there has been no let up to the demand for that product, and now, with the puffed rice plant in operation, the aggregate business of the company has again taken a jump.

The output of the mill has been steadily increasing, and still the demand is almost beyond the possibilities of the mills to supply. The prospects are said to be of the very brightest.

CARD OF THANKS

PETERBOROUGH, Mar. 26, 1906

Messrs Davis Thompson Co., Limited,
Peterborough, Ontario.

GENTLEMEN,—

I beg to acknowledge receipt to-day of cheque for $130 00 from the "Imperial Guarantee & Accident Insurance Company," in full settlement of my claim during the time I was unable to carry on Evangelistic work, owing to an accident received in a Dentist's chair, which caused ulceration of tooth and swelling of jaw.

I must express my appreciation of, and thanks to your Company, for the exceedingly prompt and satisfactory settlement of this claim, the cheque having been returned by first mail, after completion of claim paper.

Notwithstanding all that is said in the Press about Insurance generally, yet personally, from your treatment in my case, I take pleasure in heartily commending your Company to the Public.

Yours truly,
(Sgd.) H. D. KENNEDY

GEMS IN SPRING SUITS

It's dressing up time again.

Old Winter has received his death blow and Easter is past.

Welcome Spring with a smile and a New Suit. Fashion demands many changes with the new season.

Last Spring's Clothes are now out of date.

The wider and larger lapel, the clinging back, with the slightest suggestion of the "Corset Fit", and a full skirt are some of the distinctions between the new and old.

EVERY KINK AND TURN OF FASHION

has been honored in the making of our Spring Suits. Beautiful Suits, single and double breasted cuts,

$10, $12, $15 and $18.

We'll give you your minds worth and your money's worth. Come in.

Tenders Received For Charlotte Street Bridge

Lowest Offer for Steel Work is $1,344, Submitted by A. Hall & Co., Mitchell---Concrete Tenders Not Considered Yet.

At the meeting of the Board of Works last night seven tenders for the concrete work on the Charlotte street bridge were received by the Board, and, after being opened were referred to the City Engineer to examine the figures, and to report to the Board later on.

The tenders for the metal work were:

Hamilton Bridge Works, $1534.
Jas. Bogue, $1395.
Wm. Hamilton Mfg. Co., $1525.
A. Hill & Co., Mitchell, $1344.
C. R. S. Dimmick, $1500.
Jenks & Dresser, $1589.

The Mayor moved that the tenders be referred to the Engineer to report on the lowest tenders for the whole work, at a meeting of the Board on Friday, which was carried.

Easter Vestries Met Last Night In The City

Last Night, Easter Monday, the Annual Vestry Meetings Were Held in the Three Anglican Churches of the City--Officers Elected and Other Business Done.

The following are brief reports of the three Easter vestry meetings held last night:—

ST. JOHN'S.

The Easter vestry meeting of St. John's church was held in the school house last night with a good attendance. The rector presided. After routine, Mr. H. Cluxton, the people's warden, presented the financial statement of the Church Wardens, which gave a very satisfactroy showing. It was received and referred to the auditors.

On motion, the sum of $300 was transferred from the year's surplus to the vestry extension fund.

The wardens retiring by the efflux-ion of time, the rector paid a warm tribute to the fidelity and effectiveness of service of the wardens, who have occupied the positions the past year, and in recognition of the services thus given, the rector presented to the warden, Mr. K. Eardley-Wilmot, a handsome, bronze clock, and to the people's warden, Mr. H. Cluxton, a writing set.

The rector then appointed Mr. Charles H. J. Mitchell as his warden for the ensuing year, with the warm applause of the meeting.

A committee of four was appointed to nominate a candidate for people's church warden, and report at the adjourned vestry meeting.

Notice of motion was given for the appointment of two assistant church wardens, to be considered at the adjourned vestry meeting.

A motion was adopted, increasing the salary of Mr. John Butcher, sexton, to $500, with two weeks' holidays.

A committee was appointed to nominate a building committee, their report to be considered at the adjourned vestry meeting.

On motion, the vestry clerk was re-appointed at a salary of $150 a year.

The meeting then adjourned for two weeks, and at a subsequent meeting of the congregation, Messrs. R. Fair, Peter Campbell and H. Rush were appointed lay delegates to the Synod.

ALL SAINT,S CHURCH.

The annual vestry meeting of All Saints' church took place last night, and was largely attended. The rector, Rev. Wm. Major, occupied the chair. The reports presented were of a most encouraging nature, and apparently the past year has been one of progress and advancement.

The report of the church wardens, Messrs. F. Wise and W. H. Dayman, was received and referred to the Audit Committee.

The various church organizations reported through their officers as follows:

Woman's Auxiliary, Mrs. Gilbert.
Girls' Guild, Miss Cairns.
Junior W. A., Mrs. Blois.
Chancel Guild, Mrs. Gilbert.
Sunday School, Mr. J. D. Manley.
P. M. C., Mrs. Buller.
Poor Fund and Lecture Fund, Rev. Wm. Major.

The reports, which were all adopted, indicated a very flourishing state of affairs.

Messrs. Buller and Green, the church's representatives on the Charity and Hospital Boards, respectively, gave verbal reports of those committees.

The election of officers then took place, resulting as follows:

Auditors, Messrs. W. A. Brundrette and Jas. Edgar.
People's Warden, Mr. F. Wise.
Rector's Warden, Mr. W. H. Dayman.
Lay Delegates to Synod, Messrs. Bell, Bullen and Edgar.
The Advisory Board was re-elected with the addition of Messrs. Adam Davidson and R. N. Jones.
Finance Committee—The wardens and Messrs. Buller, Hooper and Edgar.
Representative on Charity Board, Mr. W. Buller.
Vestry Clerk, Mr. W. A. Brundrette.
Executive Committee — Messrs. Annaby, Roberts, Cheverell, S. Rush, Jones, C. Lacheur and E. Poole.

The meeting was adjourned for two weeks.

ST. LUKE'S.

St. Luke's congregation has just closed one of the best years in its history, since the founding of the parish, 30 years ago. As the church warden expressed it, the financial report is the best yet. The Sunday collections were in excess of $2.79 per Sunday over those of the previous year. The attendance at the services shows a marked increase, more earnestness and devotion to the church and her activities, many members added to her roll, in fact, progress all along the line. It is therefore no wonder that the vestry meeting last night was most harmonious and pleasant.

The Rector was in the chair, and opened the meeting with prayer.

The warden, Ald. Frank Adams, presented his financial report, which showed the revenue of the church, (including money raised by the various societies) to be $2600. The new financial year will be commenced with a balance on the right side. Messrs. F. J. Jameson and G. G. Pratley were appointed auditors.

Ald. Adams was re-elected People's Warden and the Rector appointed Mr. G. F. Warde his warden.

Mr. T. H. Adams was appointed Vestry Clerk, with a generous increase in his salary.

Messrs. H. Nesbitt and G. G. Pratley were elected Assistant Wardens.

The Advisory Board elected consists of the Wardens, Assistant Wardens and Messrs. E. A. Peck, R. B. Rogers and F. J. Jameson.

It was also decided to have the rectory connected with the sewer, when completed, and other repairs made as the Wardens see fit. The vestry adjourned until May 2nd.

A congregational meeting was held, at which Messrs. T. H. Adams, R. B. Rogers, C. E., and G. F. Warde, were elected lay delegates to the diocesan synod.

Wednesday (to-morrow) 23rd BARGAIN ANNEX DAY—this week's offerings will crowd the Annex at 8 o'clock—forenoon best time to do shopping in this Dept.

Cressman's

DRUNKS CAUSED SOME EXCITEMENT

Two individuals very much under the influence of liquor, succeeded in raising considerable excitement on Douro street, East City, last night. Several girls were frightened by their actions. One man had a desire to follow Andrew Carnegie's latest fad and wanted to kiss all the weaker sex he encountered. He offered to buy a kiss for 10c. from one girl, but she either scorned the offer or "Elsie" had not the money.

Cough Lasted 3 Months.

"I was taken with a severe cough which lasted three months, and though I had tried all sorts of medicines, they failed to do me any good. A friend advised the use of Dr. Chase's Syrup of Linseed and Turpentine and I was completely cured by two bottles."—Miss Ada O'Brien, Cape Cove, Gaspe Co., Que.

Charming Post Lenten Event

Last evening the Foresters' Hall, prettily draped with bunting and flags, was thrown open to a merry company bidden to enjoy the post-Lenten dance given by the "Not Outs" Club. The ball, to which a large contingent of the young people had been looking forward with great anticipation, came off with much eclat, and those who had worked so hard for its success certainly have good reason to be satisfied with their labours. It was an event which will long be remembered with that reminiscent smile that recalls such a jolly, sociable time as that spent last night by the elite of social circles in the city. After the programme was concluded the guests found the dining-room tables plenished for their enjoyment by a charming supper, and around it the hearty laughter which indicates the untroubled mind was greatly in evidence.

Mr. Musgrave, of Toronto, presided at the piano, and performed the important role of supplying the music.

The guests present last evening included the following: Miss F. Cameron, Miss G. McLennan, Misses Ola and M. Cavanah, Miss Helen Davidson, Miss Lilian Cox, Miss Alta Bradd, Miss Vieva Hunter, Miss Maud Rush, Miss Eleanor Collins, Misses Muriel and Frankie Burritt, Miss L. Irwin, Miss Geraldine King, Miss M. Pearce, Miss Lilian Orr, Miss A. Hamilton, Miss Mollie Meldrum, Miss Jobbit, Miss Taylor, Miss A. Baldwin, Miss Baldwin, Miss Marie Harmour, Miss Morley Hall, Miss Henderson (Chicago), Miss McMillan, Miss R. Clegg, Miss Pearl Carton; Messrs. Ald. Cox, Fred. Roy, Fred. Orr, Wm. Cox, Keith Lech, Gordon Cox, John Main, Norman Stewart, Cyril Lech, Dr. King, G. Easton, K. S. Shook, Ross Cameron, Harry Rush, Geo. Rogers, Hague Sawers, Byron M. Green, W. H. Walkey, L. G. McClennan, B. Carmichael, Geo. Lundy, A. H. Mulhern, Jas. Jundy, Milne Hamilton, — Allaston, A. Baldwin, Oscar Dumble, C. Ackerman, W. Shaw, Dickson Hall, Harry Hall, Basil Hall, Gerald Hall, — MacPherson, Garnet Greer, Walter Robinson, R. Hall, F. G. Sawers, — Starr, Fred. Collins, Douglas Hammond, A. Weeks.

MUSIC AND DRAMA

The following appears in the Globe, in reference to Miss Bradley, who is well known in Peterborough, where she has managed several first-class concerts:—

"Miss Maude C. Bradley of Brockville, who has made for herself a reputation as a successful manager of high-class attractions, and who has had on tour such artists as Mrs. Alder-Leonard, soprano, of Detroit; Mrs. Grace Merry, elocutionist, of Toronto; Mr. Watkin Mills, and his concert party; Miss Marietta LaDell, entertainer; Mr. Harold Jarvis, tenor; Mr. Owen A. Smily, entertainer, and others, is bringing to this country Miss Alys Bateman, soprano, of London, Eng., who will tour Ontario and the United States during the months of April and May. Miss Bateman has appeared several times before royalty and was a personal friend of the late Empress of Austria. Accompanying Miss Bateman will be Mons. Edouard Parlovitz, pianist, and Mrs. Grace Merry, of Toronto, elocutionist. The entire tour will be under Miss Bradley's direction.

Mr. R. Norman Jolliffe sang last week in Galt, assisting at a recital by Miss Ada Bretz, a pupil of Herr August Wilhelmj. The Galt Reformer, speaking of his singing, says:

"Mr. Jolliffe is a singer whom we would like to hear oftener. He has a grand voice of the true baritone colour, yet yielding to treatment that called it to wider range. His manner and expression are good, his notes clear and true, and there is infinite attractiveness in the mellowness and sustained force of his vocalism. The prologue to 'Pagliacci' was capitally treated, and his lighter numbers, especially 'Dearie,' were very effectually given. His singing was all that could be desired."

MADAME ALBANI'S CONCERT.
